BEECHWORTH MINING DISTRICT.

BYE-LAWS.—[19th November, 1867.]

AT a Meeting of the Mining Board of the Mining District of Beechworth, in said district, on the 19th November, in the year of our Lord One thousand eight hundred and sixty-seven, it is ordained by the said board, as follows, that is to say:—

BYE-LAW No. 1.—REPEAL OF EXISTING BYE-LAWS.

That all and singular the bye-laws hitherto framed and adopted by the mining board of Beechworth, and numbered from one to sixty-five (1 to 65), shall be and the same are hereby annulled and repealed so far as the same may be in force in the mining district of Beechworth or any part thereof; nevertheless, no existing right, interest, privilege, liability, or obligation shall be affected by the repeal of the bye-law under which such right, interest, privilege, liability, or obligation is occupied or enjoyed, or shall have been incurred.

BYE-LAW No. 2.—STANDING ORDERS OF THE BEECHWORTH MINING BOARD.

1. On the assembling of the board after every election, the clerk shall read the returning officer's intimation setting forth the names of the persons who have been elected as members of the board, and the divisions for which they have been returned.

2. Every member on first taking his seat at the board shall enter his name and address in a book to be kept for that purpose.

3. The board having been constituted, the minutes of the previous meeting shall be read by the clerk. No discussion shall be allowed on such minutes, except as to their accuracy as a correct record of the proceedings of the board.

4. The reading of the correspondence received shall then be taken as the next order of the day.

5. All motions and notices of motion shall be given in writing to the chairman, and shall be read, signed, and dated by the mover.

6. Any motion or amendment not seconded shall not be debated, but shall lapse; and no discussion shall be allowed on a motion for adjournment.

7. Any member having proposed a motion or amendment may withdraw the same; but should it be seconded, it can only be withdrawn by consent of the board.

8. All motions which, if carried, would have the effect of introducing new regulations into this district shall be first affirmed by the board, then considered in committee of the whole, and if necessary amended, and shall again be affirmed by the board before it shall be deemed to be finally adopted. No such motion shall be read a third time, except at the time appointed for the third reading of all which have been agreed to at the same sitting of the board.

9. The mover of any motion or amendment, or any member speaking thereto, or any member asking a question or bringing any subject before the board, shall rise and address the chairman, and shall not be interrupted unless called to order, when he shall resume his seat until the question of order shall have been disposed of by the chairman, whose decision shall be final.

10. All members shall stand while addressing the board.

11. If two or more members rise at the same time to speak, the chairman shall decide who is entitled to priority.

12. One amendment only shall be discussed at one time, but if lost, one other can be moved before the original motion is put to the vote. In the event, however, of an amendment being carried, the original motion shall be deemed rejected, and the amendment so carried shall take the place of such original motion; and on it one amendment may be moved, but no more.

13. No member shall speak twice to any question or motion before the board, except (with the sanction of the chairman) in explanation or reply, or in committee of the whole; notwithstanding, a member making a substantive motion shall have the right of reply; any member merely seconding a motion shall not be held to have spoken to it.

14. All questions before the board shall be determined by the chairman putting the question to each individual member, who shall vote by replying "Aye" or "No."

15. In every division, the votes of both ayes and noes shall be recorded, and every member present shall be required to vote.

16. Any member may require the clerk to take down any particular words used by another member, immediately upon their being spoken.

17. The business of the board shall be conducted, on all ordinary occasions, with open doors; but any two members may require the exclusion of strangers, until it shall be decided by the board whether any particular question proposed to be introduced shall be discussed with open doors.

18. Any or each of the following acts, words, or omissions, shall constitute and be a breach of order, punishable as a breach of bye-law, unless the offending member, upon being called to order, do make a satisfactory apology to the board, viz.:—

Addressing the board in any other than a standing posture, without permission of the chairman.

Interrupting another member while addressing the board, except upon a point of order.

Presenting to the board an application disrespectfully worded.

Refusing to cease speaking when interrupted by a call to order.

Disorderly conduct in the board-room, using offensive language, imputing improper motives, or making personal reflections on a member.

Disobeying the lawful orders of the chairman.

Any member, after taking his seat, who shall wilfully absent himself, without permission of the board.

19. It shall be competent, by a vote of two-thirds of the members present, for the board to suspend any standing order herein contained, provided the effect of such suspension shall not be the rescinding of any resolution previously adopted by the board at the same sitting.

BYE-LAW No. 3.—DISPUTED ELECTIONS.

1. It shall be competent for any duly qualified elector, or any member of this board, to dispute the validity of the election of any member thereof, within three months from the date of such member having been officially declared elected, by forwarding to the chairman a statement, in writing, of the objections made against the validity of such member's election.

2. Upon the receipt by the chairman of any such statement, he shall give to the person who shall have forwarded the same, and the member whose election is alleged to be invalid, not less than fourteen days' notice of the time when such objections will be investigated by the board.

3. At the time appointed for the hearing of the dispute, the objectors, and also the member objected to, shall produce their miners' rights; and the board shall then proceed to investigate the matter, and shall hear statements in evidence from either party. The hearing of the dispute may be adjourned for any period which may in the opinion of the board be deemed necessary.

4. At the close of the investigation the votes of the members of the board shall be taken in the usual manner, "Aye" or "No," and the majority of either finding shall be the decision of the board, which shall be final and conclusive in the matter of such disputed election.

5. Should the decision of the board be, that the member objected to has not been duly elected, the chairman shall forward to the returning officer a copy of the resolution to that effect.

BYE-LAW No. 4.—INTERPRETATION BYE-LAW.

In the construction for the purposes of these bye-laws the following terms shall, if not inconsistent with the context or subject-matter, have the respective meanings hereby assigned to them.

The words "surveyor" and "registrar," shall mean respectively the mining surveyor and mining registrar for the time being of the division in which the events in connection with which they are mentioned shall happen.

The word "lead" shall mean any stratum of auriferous earth at a depth exceeding forty feet.

The words "constantly employed" shall mean employment during ordinary working hours.

The word "race" shall mean a channel made for the purpose of conveying water.

The words "tail-race" shall mean a race cut or constructed for the purpose of draining any claim or claims, or for carrying off water or water and tailings from any sluice or other gold washing apparatus used on or in connection with any claim.

The words "worked and abandoned ground" shall mean all alluvial ground (if of a depth of more than 40 feet) within one hundred yards from any one shaft which shall have been bottomed, partially worked, and abandoned for a period of two months; (if of a less depth than 40 feet) all alluvial ground within a radius of twenty-five yards from any shaft which shall have been bottomed, partially worked, and abandoned.

The words "mining tenement" shall be held to mean any claim race, tail-race, drain, tunnel, dam, reservoir, water, road, tramway, or easement in connection with any claim, or share or interest therein.

Words importing the singular number shall include the plural number, and words importing the masculine gender shall include the feminine gender.

The words "water-right" shall mean the privilege of diverting and using water.

The words "creek water-rights" shall mean a supply of water for gold washing purposes within the boundaries of a creek claim equal to that allowed to bank water-rights in the division or portion of a division in which such creek is situated, except in the Yackandandah division.

BYE-LAW No. 5.—POSSESSION OF CLAIMS.

Any person, or any two or more persons in conjunction, may take possession of and occupy any number of parcels of Crown lands for gold mining purposes, in such manner, of such quantities and dimensions, and with such boundaries as is prescribed in these bye-laws, each of which parcels shall be deemed to be a claim, or one man's ground; provided such person or persons hold a miner's right for each such parcel and (except in special cases otherwise allowed under the provisions of these bye-laws) keep constantly employed on or in connection therewith, one man for each and every parcel he or they occupy; and when a number of parcels adjoin each other and are amalgamated they shall be deemed to be one amalgamated claim, on or in connection with which the owner thereof shall (except in special cases as aforesaid) keep constantly employed a number of men equal to the number of parcels comprised therein.

BYE-LAW No. 6.—MODE OF TAKING POSSESSION.

Any person or persons taking possession of a parcel of Crown land for gold mining purposes, or any number of such parcels adjoining each other, and which may be amalgamated, shall do so by erecting or causing to be erected, a post at each angle of the boundary-lines which shall bound such parcel or parcels; such posts shall be not less than three inches in diameter, be firmly fixed in the ground, and extend not less than three feet above it; and shall within forty-eight hours after taking such possession register the same with the registrar, and define the angles of such boundary-lines by trenches not less than six feet in length by nine inches in depth.

BYE-LAW No. 7.—REGISTRATIONS, HOW EFFECTED.

Any person having taken possession of any claim or other mining tenement in accordance with these bye-laws, shall within forty-eight hours after taking such possession register the same with the registrar, and shall at the same time produce his miner's right, and in the case of a claim containing more than one parcel a miner's right for each parcel comprised therein, and shall allow the registrar to endorse the number and date of registration thereon, and shall receive from the registrar a certificate of registration in the form of Schedule A. All registrations of claims shall be made in the form of Schedule B.

After a claim or other mining tenement shall have been registered in which there are more shareholders than one, the owners thereof may divide the interest in such claim or other mining tenement into any number of shares that may be agreed upon. The shares to be consecutively numbered 1, 2, 3, &c., with the names of the shareholders opposite their respective shares; and shall make application to the registrar for registration thereof in the form of Schedule C. Each shareholder shall receive from the registrar a certificate in the form of Schedule D. The number of shares in any claim or company may be increased from time to time in like manner.

Any person wishing to transfer his interest in any mining tenement, business or residence site or lien thereon, shall do so in the form Schedule E, and shall register the same with the registrar. No transfer shall be valid unless registered.

Claimholders wishing to have their respective claims amalgamated or united as provided for in these bye-laws, shall have such amalgamation or union registered by making application to the registrar in the form of Schedule F; and shall receive from the registrar a certificate of such registration in the form of Schedule G.

Holders of shares in incorporated mining companies shall be exempt from the necessity of registering their shares or interests, or transfers of such, with the registrar; provided the claim and other mining tenements of such companies have been duly registered in accordance with the provisions of these bye-laws.

BYE-LAW No. 8.—CONDITIONS UNDER WHICH CLAIMS SHALL BE HELD.

If any claimholder shall not within seven days from the date of the registration of his claim (except otherwise specially provided under the provisions of these bye-laws), employ and continue to keep employed, on or in connection therewith, a number of men equal to the number of parcels comprised therein, then so many of such parcels as are unrepresented shall be forfeited; such forfeited parcels shall form one area and be taken from such and of the claim as the person forfeiting the same may determine.

BYE-LAW No. 9.—MAINTENANCE OF POSTS AND NOTICES.

It shall be the duty of every claimholder to maintain in good order the boundary-posts and land-marks of his claim and other mining tenements held in connection therewith, and all notices required to be posted on any part of such claim or other mining tenement by any of these bye-laws.

BYE-LAW No. 10.—EXEMPTION FROM FORFEITURE.

No claim or parcel therein shall be liable to forfeiture during the time the owner is incapacitated from work by illness, or has to attend any court of law, or upon any urgent business; but should any dispute arise as to the claim not being represented in accordance with these bye-laws, the onus of proof of the cause of absence shall rest with such owner.

BYE-LAW No. 11.—BANK SLUICING-CLAIMS.

Bank sluicing-claims, i.e. alluvial claims which do not include the bed of a creek or river, shall be a parcel of ground not exceeding 25 yards in width by 130 yards in length for each man. All such claims when amalgamated shall adjoin each other for a distance of not less than 100 yards.

BYE-LAW No. 12.—CREEK CLAIMS.

Creek claims, i.e. claims which include the bed of a creek or river, shall be a parcel of ground not exceeding 25 yards in the direction of the course of the stream by 100 yards in width for each man, excepting in the following places, viz.: In the Mittamitta and Goulburn divisions the claims shall not exceed 50 yards in the direction of the course of the stream, by a width of 100 yards for each man; in that portion of the Yackandandah division situate between the lower part of Allan's Flat and the junction of the Yackandandah Creek with the Little River, the claim shall not exceed 50 yards in the direction of the course of the stream, by a width not exceeding 400 yards for each man. But in the aforesaid portion of the Yackandandah Creek, where ten or more claims have been amalgamated so as to form one claim, it shall only be necessary during the sinking of the pump-shaft to employ one-half the number of men required to represent such amalgamated claim, without rendering any portion thereof liable to forfeiture.

BYE-LAW No. 13.—QUARTZ CLAIMS.

Quartz claims shall not exceed 40 yards in length on the supposed course of the reef, by a width not exceeding 150 yards across such course for each man.

The measurements of all quartz claims shall be horizontal.

BYE-LAW No. 14.—ORDINARY FRONTAGE CLAIMS.

Dry frontage claims, i.e. alluvial claims exceeding forty feet in depth, the drainage of which (if any) does not amount to twelve hundred gallons of water per twenty-four hours.

Wet frontage claims, i.e. alluvial claims exceeding forty feet in depth, the drainage of which is at least twelve hundred gallons of water per twenty-four hours.

A frontage claim occupied on a supposed lead shall not exceed sixty-five feet in length, by a width not exceeding one mile. The holder of any such claim may defer the working thereof until the lead is discovered, without rendering the claim liable to forfeiture, provided he allows the registrar to mark on his miner's right the progressive number of the claim and date of registration; and shall on the same day post a notice on some conspicuous place of the claim, stating the progressive number of the claim, the name of the person registered therefor, and the date of registration; and shall within forty-eight hours after the lead is discovered and the claims laid off by the surveyor, commence and carry on work upon the claim laid off for him, in the usual manner of proper and efficient mining.

Upon the discovery of the lead, all claims previously occupied shall be deemed to be forfeited, and the holders thereof shall be entitled to occupy in lieu thereof, claims as laid off by the surveyor according to their priority of registration, excepting where any claimholder on such undiscovered lead has sunk a shaft at least two-thirds of the depth of the prospecting-shaft previous to the discovery of the lead, in which case such claimholder shall be entitled to hold the parcel in which the shaft is situated, together with the number of adjoining parcels equal to the number of men constantly employed in sinking the shaft.

The extent of ground which one miner's right shall entitle the holder thereof to take possession of and occupy on a discovered frontage lead shall be determined by the depth of the lead below the surface of the ground in the nearest shaft being worked on such lead, and in the event of none being worked, from the most reliable data obtainable, and shall be in accordance with the following scale:—On dry frontage leads where the depth of sinking exceeds—

40 feet and does not exceed 100 feet, 35 feet on the course of the lead by a width of one mile.

100 feet and does not exceed 150 feet, 45 feet on the course of the lead by a width of one mile.

150 feet and does not exceed 200 feet, 55 feet on the course of the lead by a width of one mile.

200 feet and does not exceed 250 feet, 65 feet on the course of the lead by a width of one mile.

250 feet and does not exceed 300 feet, 75 feet on the course of the lead by a width of one mile.

300 feet, 85 feet on the course of the lead by a width of one mile.

until gold in payable quantities has been found in the claim, after which the width shall not exceed 200 yards.

On wet frontage leads where the depth of sinking exceeds 40 feet and does not exceed 100 feet, 70 feet on course of the lead by a width of one mile; 100 feet and not exceeding 150 feet, 90 feet on the course of the lead by a width not exceeding one mile; and so on, 20 feet being added to the length of the claim for every 50 feet additional in depth of sinking (excepting on the El Dorado, where the width shall not exceed two miles), until gold in payable quantities has been found in the claim, thereupon the owners of such claim shall cease to be entitled to occupy a greater width than 600 yards on the course of the lead, for a distance of 100 yards above and below the point where gold in payable quantities shall have been found in such claim, and shall within 48 hours from the time of the application of any person, being the holder of a miner's right, requiring them to define the boundary-lines of the reduced width of each portion of such claim, do so, in the same manner as is prescribed in Bye-law No. 6, as the mode of taking possession of claims.

On dry frontage leads no more than thirty men's ground shall under any circumstances be amalgamated and held as one claim.

On wet frontage leads no more than eighty men's ground shall under any circumstances be amalgamated and held as one claim.

BYE-LAW No. 15.—EXTENDED AREAS WHICH MAY BE OCCUPIED BY THE PROJECTORS OF MINING COMPANIES UNDER THE FRONTAGE BYE-LAWS.

On wet frontage leads where any united or amalgamated claim situate thereon has been in possession of its owners six months after the lead has been discovered by them, and where machinery equal to 12 horse-power is erected on such claim—

One man may take possession of 10 men's ground

Two men " " 20 "

Three men " " 30 "

Four men " " 40 "

and so on up to 80 men's ground, without commencing work for a period of four months, such period being allowed for the formation of a company to work the ground. If at the expiration of the said period a company has been formed and registered under any Act of Parliament (excepting Act 291), and a deed of partnership executed, the required officers of such company having been appointed and one-half of the proposed capital subscribed for, and the deposit on said subscribed for shares duly paid up, amounting in the aggregate to not less than two hundred and fifty pounds sterling, the manager, on making a statutory declaration setting forth that the aforesaid requirements have been complied with, shall be entitled on behalf of the company to hold the ground for a further period of six months, by keeping constantly employed on the claim one man for every five men's ground comprised in such united or amalgamated claim. Provided that such statutory declaration be published in two consecutive issues of a local newspaper, and also registered with the registrar. On the expiry of the aforesaid period of six months, if the requisite number of men have been constantly employed on such claim, the manager shall, on behalf of the company, be entitled to hold the ground

for a further period of twelve months, by keeping constantly employed on the claim one man for every two men's ground contained in such claim; always provided that, should the holders of such claim fail to form a company within the first-mentioned period of four months, or if formed, fail otherwise to comply with the provisions of this bye-law, on proof that the before-mentioned provisions and conditions have not been complied with, within 21 days from the receipt of any of them, of a written notice, or complaint to that effect from any person or persons who may desire to obtain possession of any portion of such claim, then all such holder's right and title to such claim shall be absolutely forfeited, and the person or persons who served such notice on the said holders shall be entitled to obtain possession of any portion of such forfeited claim, subject to the provisions and conditions imposed under these bye-laws.

It shall be imperative that, within 14 days after registration, the occupation of such extended areas shall be advertised in a local newspaper, in at least two consecutive issues, and a copy of the mining registrar's certificate posted on a conspicuous place on the claim.

No occupation under this bye-law shall be valid, unless within 14 days of registration the claim has been surveyed by the mining surveyor and a copy of the plan of survey deposited with the mining registrar, except in such case as is provided for in Bye-law No. 35.

Should any dispute arise as to the provisions of this bye-law not having been complied with, the onus of proof shall rest with the holders of such claim.

BYE-LAW No. 16.—WORKED AND ABANDONED GROUND.

All alluvial claims irrespective of depth, on worked and abandoned ground, shall not exceed the following areas, viz. :—

Bank sluicing-claims, 50 yards by 180 yards.

Creek or river claims, 50 yards in the direction of the course of the stream, by a width of 100 yards.

Frontage claims shall not exceed an area of twice the size of that allowed in the new ground on the lead in which the claim is situated.

Any person purposing to construct a tail-race, or to erect machinery for the purpose of mining such ground, may (in addition to the claims which he may be entitled to hold under the provisions of this bye-law) temporarily occupy two extra claims of the same class for every £250, up to £1000, proposed to be invested in the construction of such tail-race, or the erection of such machinery. The temporary occupation of all such extra claims must be registered with the registrar, and also the sum proposed to be invested. Where the holder of any extra claim has not, within one month from the date of occupation of such claim, *bona fide* commenced the construction of such tail-race or erection of such machinery, his title to such extra claim shall be deemed to be forfeited.

If at the expiration of six months from the date of occupation, two hundred and fifty pounds (£250) has not been expended in the construction of such tail-race, or the erection of such machinery, all title to the temporary occupation of such extra claim shall be deemed to be forfeited; and if at the expiration of twelve months from the date of occupation of any such extra claims, five hundred pounds (£500) has not been expended, or if at the expiration of eighteen months seven hundred and fifty pounds (£750) has not been expended, or if at the expiration of two years one thousand pounds (£1000) has not been expended in the construction of such tail-race, then all title to temporary occupy claims in excess of two (2) for every two hundred and fifty pounds (£250) expended on the construction of such tail-race shall be forfeited.

When mining operations shall have been commenced on any of such claims by the using of such tail-race or machinery, the construction of such tail-race or the erection of such machinery shall be deemed to be completed, and the owner thereof shall be entitled permanently to occupy two (2) extra claims for every two hundred and fifty pounds (£250), up to one thousand pounds invested in the construction of such tail-race or erection of such machinery without employing men to represent such extra claims.

Any person who shall have expended two hundred and fifty (£250), five hundred (£500), seven hundred and fifty (£750), or one thousand pounds (£1000) in constructing a tail-race or in erecting machinery for mining such ground shall be entitled to hold (in addition to the area allowed for a claim by the bye-law under which he occupies) extra claims as provided for by this bye-law; provided that such extra claims adjoin his original claim, and with it form one area or claim.

When any dispute shall arise under this bye-law, in reference to the title to any extra claim held, the onus of proof of the cost of the tail-race or machinery shall lie with the owner thereof.

BYE-LAW No. 17.—EXTRA CLAIMS.—MITTA-MITTA DIVISION.

Any person proposing to construct a race for the purpose of conveying water to his claim may, in addition to the ground he is entitled to occupy by virtue of his miner's right, temporarily occupy thereunder until the completion of such race (but subject as in this bye-law after mentioned) three extra claims of the same class for every £100 up to £500 proposed to be expended on such race. The temporary occupation of all such extra claims must be registered with the registrar, together with the sum proposed to be invested.

When the holder of any such extra claims has not, within one month from the date of occupation of such, *bona fide* commenced the construction of such race, his title to such extra claims shall be forfeited. If at the expiration of three months from the date of occupation, £100 has not been invested in the construction of such race, his title to the temporary occupation

of such extra claims shall be forfeited; and if at the expiration of twelve months from the date of occupation, £500 has not been invested in the construction of such race, then he shall only be entitled to permanently occupy three extra claims for every £100 so invested; and the remaining temporarily occupied claims shall be forfeited.

When mining operations shall have been commenced on any such claims by the using of such race, the construction of such race shall be deemed to be completed, and the owner thereof shall be entitled to permanently occupy three extra claims for every £100 expended (up to £500) on the construction of such race.

When any dispute shall arise under this bye-law in reference to the title to any extra claims held, the onus of proof of cost of construction of the race shall rest with the owner thereof.

This bye-law to apply to the Mitta-mitta division only.

BYE-LAW No. 18.—PROSPECTING CLAIMS.

Any person prospecting for new alluvial gold workings at a distance of not less than five miles from the nearest gold workings, shall be entitled to hold a prospecting area not exceeding 1000 yards square.

Upon the discovery of gold in payable quantities within such prospecting area such area shall be forfeited, and the discoverer shall be entitled to occupy in lieu thereof 10 men's ground of same class, in addition to the number of men's ground that the number of men registered for, and constantly employed on such prospecting area, would entitle him to occupy.

Quartz prospecting claim.—Any person prospecting for a quartz reef may occupy an area not exceeding 250 yards by 500 yards, if such area be situate not less than 500 yards from the nearest occupied quartz claim. Upon the discovery of the reef such area shall be forfeited, and the discoverer shall be entitled to occupy for a claim, in lieu thereof, a parcel of ground not exceeding 160 yards in length by 150 yards in width.

Any holder of a prospecting area shall post, or cause to be posted, on some conspicuous place near the shaft or workings, a copy of the certificate of registration of such area.

BYE-LAW No. 19.—SURVEY OF MINING TENEMENTS.

The owner or owners of any of the undermentioned mining tenements shall make application to the mining surveyor of the division in which the same shall be situate, for the survey thereof, within such time as is hereunder specified, viz. :—

If a quartz claim, within fourteen days after the discovery of the reef in such claim :

If a prospecting frontage claim, within fourteen days after the lead has been discovered therein :

If a wet or dry frontage claim, within fourteen days after the discovery of lead; and if registered subsequent to the discovery of the lead, then within fourteen days after registration :

If a creek claim, bank-sluicing claim, or extended area, within twenty-eight days after registration :

If an alluvial prospecting claim, within fourteen days after gold has been discovered therein :

If a site for machinery, within fourteen days after registration :

And shall pay to the surveyor fees for the same as per scale made by Order in Council gazetted 29th October, 1867, or any subsequent Order in Council made in lieu thereof.

Notwithstanding anything herein contained it shall not be imperative on any holder of a claim situate at a greater distance than ten miles from the office or temporary office of the surveyor to comply with the provisions of this bye-law.

BYE-LAW No. 20.—UNION OR AMALGAMATION OF CLAIMS.

Any number of claims which shall adjoin each other in at least half their length or width may be amalgamated or united and occupied as one claim, except where otherwise ordained by any bye-law of this board; provided always that the number of men ordained to be employed on or in connection with the claims if occupied singly shall be employed on or in connection with the united or amalgamated claim.

Where a creek claim is united to one or more claims of any other class, the water privileges of such creek claim shall not extend further than if such creek claim had not been united or amalgamated to any other. All such amalgamations shall be effected by registration.

BYE-LAW No. 21.—RACES.

Any person intending to cut or construct a race for mining purposes shall register the same with the registrar, stating the proposed extremities thereof, and shall mark the proposed course thereof with pegs at intervals not exceeding 100 yards. He shall then be deemed to be in possession of such proposed course; but if he shall not within one month from the date of registration begin to form such race, or having begun shall not continue the formation thereof, he shall forfeit his title to any portion of the proposed course of the race which has not been cut or constructed.

The owner of any race used for mining purposes shall be entitled to hold, in addition to the site of such race, five feet on each side thereof.

The head of any race cut for the purpose of diverting water from any creek or river shall not be shifted to the prejudice of any existing race.

The owner of any race shall build and maintain efficient bridges where any road in ordinary use crosses such race.

BYE-LAW No. 22.—TAIL-RACES.

The holder of any claim using a tail-race in connection with such claim shall be entitled to occupy an area for the site of such tail-race not exceeding 1 mile in length by a width of 27 feet for a distance of 20 yards from the upper end of such tail-race, and a width of 12 feet for the remaining portion thereof. Nevertheless, no person shall be entitled to occupy any greater length of tail-race than is necessary for his requirements.

BYE-LAW No. 23.—WATER FOR DOMESTIC USE.

Any spring, water-hole, or other depository of water may be reserved for domestic purposes on the following conditions, viz.:—Application shall be made to the mining registrar for the registration thereof, in the form of Schedule K, by not less than five holders of miners' rights or business licenses; and a copy of the certificate of such registration to be kept posted on a conspicuous place within 12 feet of such water. Nevertheless, any surplus water that may overflow from such reserved spring, water-hole, or other depository of water, or any water that may be in excess of the requirements of those for whose use such water is reserved, may be registered, diverted, and used for mining or other purposes.

BYE-LAW No. 24.—WATER-RIGHTS.

Rights to divert water shall be divided into three classes, viz., creek water-rights, bank water-rights, and motive-power water-rights.

Creek water-rights shall in all cases be superior to others.

Bank water-rights shall be superior to motive-power water-rights, except in the Yackandandah division, in which motive-power water-rights used in connection with a creek claim shall be superior to bank water-rights.

Creek and motive-power water-rights taken up in connection with a creek claim shall be deemed to belong to the claim or area with which they were first occupied, and shall not be used in or extended to any other claim.

The superiority of water-rights of the same class shall be determined by priority of registration.

If a bank water-right be not used for a period of one month, at a time when water is available for it, such water-right shall be deemed to be forfeited.

The alteration of the course of a race at any time shall not in any way affect any water-right or privilege attached to such race.

If the water flowing in any creek or river is insufficient to supply all the water-rights derived from such creek or river, the owner of any water-right shall, on the receipt of a written notice from the owner of any superior water-right (in form of Schedule H), cease to divert, or make available to the superior water-right, his supply of water, or such portion thereof as shall be necessary to make up the supply of the superior water-right, and shall not resume such diversion until a supply in excess of the quantity allowed to such superior right shall be available.

The holder of any creek or motive-power water-right shall not be entitled to demand a supply of water at a higher level than is sufficient for his purposes. In the Yackandandah division no motive-power water-right shall be held as superior to a bank water-right, unless such motive-power be used for drainage purposes only.

Any person registering a water-right shall be deemed to be in the use and occupation of such water-right during the time he may be cutting or constructing the race through which the water is to flow.

BYE-LAW No. 25.—HOW AND WHERE WATER TO BE GAUGED.

The holder of any water-right in the Beechworth district shall, subject to the following exceptions, be limited to a supply of water to be gauged by a box 12 feet long, 12 inches wide, and 6 inches deep in the inner measurement, with an opening of a uniform depth of 1 inch and $\frac{1}{4}$ of an inch across the bottom. In the Buckland, Goulburn, and Mitta-mitta divisions, and that portion of the Beechworth division formerly known as the Woolshed division, the gauge shall be a box of the same length, width, and depth as before mentioned, with an opening of a uniform depth of 3 inches across the bottom. In the Yackandandah division bank water-rights shall be gauged by a box the same length and width as before mentioned, but only $3\frac{1}{4}$ inches deep in the inner measurement, with an opening of a uniform depth of 3 inches across the bottom. Creek water-rights in the Yackandandah division shall be limited to a supply of water gauged by a box of the same length and width as before mentioned, but $7\frac{1}{2}$ inches deep in the inner measurement, with a uniform opening of 7 inches across the bottom. In races carrying more than one head of water, the box shall be increased in width 12 inches for every additional head of water the race may be permitted to carry. All gauges shall be placed level in the race, by the owners of the race, at a distance not exceeding 20 yards from the point where such race heads, within 24 hours after receiving a written notice (in the form of Schedule I) from any person entitled to receive a supply of water from the same source, and shall thereafter continue to run such water through such gauge.

BYE-LAW No. 26.—PROTECTION TO SPRINGS.

No person shall be allowed to open a drain or tunnel into any spring in the Beechworth and Mitta-mitta divisions unless at a distance of not less than 100 yards from any drain or tunnel which shall have been previously opened, and from which any occupied-race derives a supply of water, unless with the consent of the owner of such last-mentioned race, drain, or tunnel.

BYE-LAW No. 27.—RESERVOIRS.

Any person desirous of constructing a reservoir shall take possession of the site or area thereof by erecting a post at each angle, and shall register the same with the registrar within forty-eight hours after taking such possession.

The embankments of all reservoirs, having a storage capacity of more than 500,000 gallons, constructed for the purpose of storing water, shall be formed of earth, with or without a facing of any other material, and shall be of the following dimensions, and according to the following scale, namely: The base of the embankment shall be 4 feet wide in addition to 5 feet for every foot it is in height. The front of the embankment shall have a slope of not less than 3 feet for every foot in height, and the back shall have a slope not less than 2 feet for every foot in height. The top of the embankment, when finished, shall not be less than 4 feet in width. There shall also be a bye-wash formed at least 3 feet below the level of the top of the embankment, which shall not be less than 4 feet wide; and if the storage capacity of the reservoir exceed 1,000,000 gallons, then the width of the bye-wash shall not be less than 6 feet.

No person shall be held to be in legal occupation of any dam or reservoir on a frontage lead, in the Indigo division, unless registered as an easement in connection with a specified claim, or originally constructed for other than mining purposes, and all legal title to such dam or reservoir shall cease, together with the title to the claim as an easement to which it had been registered.

No person shall construct a reservoir, for the purpose of storing water, across the bed of any creek or stream.

BYE-LAW No. 28.—DAMS.

Any person intending to construct a dam for the purpose of changing the course of any creek or river may do so, provided he shall have first marked off a site for such dam, not exceeding 20 yards in width, defined by posts, and shall have registered the same with the registrar within 48 hours of the time of occupation.

BYE-LAW No. 29.—TAILING-DAMS IN THE YACKANDANDAH DIVISION.

The holder of any bank sluicing-claim in the Yackandandah division shall be entitled to occupy, for the purposes of a tailing-dam, an area of ground not exceeding 1 acre, into which the tailings from such claim shall be run; always provided that, should any other claimholder wish to use such dam for the same purpose, he may do so by paying the owners thereof a fair share of the cost of construction, and also by contributing a fair share of the cost of keeping said dam in repair.

BYE-LAW No. 30.—REDEMPTION OF TITLES.

When the owner of any claim or other mining tenement forfeits his title to such claim or mining tenement, or any portion thereof, through the non-fulfilment of any of the provisions of these bye-laws, his subsequent fulfilment of the aforesaid provisions shall redeem his title to any portion of such claim or mining tenement which may have been forfeited as aforesaid, provided no legal process has been commenced to obtain possession of such forfeited portion during the existence of the cause of forfeiture.

BYE-LAW No. 31.—TUNNELS.

All levels or tunnels used or required outside the boundary of any quartz claim, to an extent not exceeding 1000 yards in length by a width of 16 feet, as also an area of 100 yards in length by a width of 40 yards at the entrance of all such levels or tunnels, may be held as an easement to the claim with which they are connected, provided they be registered.

BYE-LAW No. 32.—MACHINERY SITES.

Any person desirous of erecting quartz or cement crushing machinery may occupy for such purpose an area not exceeding two acres, the length of which shall not exceed twice the width thereof.

On frontage leads where a claim has been blocked off, the owners of such claim may occupy as an easement for the erection of machinery, outbuildings, &c., an area not exceeding 5 acres in extent.

All such areas must be defined by posts, and registered with the registrar, and a copy of such registration kept posted in a conspicuous part of the area, until the erection of such machinery; but no person shall be entitled to occupy any such area on the supposed course of, or within 75 yards of, any known quartz reef, or any known auriferous land.

Any person having occupied any such area, and who shall fail to erect any such machinery thereon within six months from the date of occupation shall forfeit all title to such area.

BYE-LAW No. 33.—ROADS.

Any claimholder requiring to construct a road or tramway out and beyond the limits of his claim, may occupy a site for such road or tramway not exceeding two miles in length by 20 feet in width, subject to the following conditions, namely:—He shall define the area so occupied by posts, not more than 200 yards apart, and shall register the same within forty-eight hours of the time of occupation. When any such area shall not have been used for the purpose for which it has been registered for a period of four consecutive weeks, it shall be deemed to be abandoned: Provided always that such area shall not be liable to forfeiture during the working of the claim held in connection therewith, or during the period for which a suspension from the working of such claim may have been lawfully obtained.

BYE-LAW No. 34.—PROTECTION TO MINING PROPERTY.

No person shall, under any pretence whatever, injure or destroy, whether by design or culpable negligence, any machines, races, drains, dams, &c., reservoirs, or the water therein, or any pegs, posts, fences, and notices, or any plant or appliances used for or in connection with mining.

No person shall back the water of any creek, race, or water-course into or upon any claim, or otherwise cause any claim to be flooded, either wilfully or by neglect.

No person shall permit any water used on or in connection with his claim or race to flow upon or into any other claim, race, or tail-race.

Claimholders shall keep all tailings or sludge from their claims clear of any other claim, race, or tail-race.

BYE-LAW No. 35.—SURVEYOR MAY ENTER UPON CLAIMS.

It shall be imperative upon any claimholder to permit the mining surveyor, his agents or assistants, to enter upon his claim, descend the shaft, and examine the underground workings; and when required by the surveyor, to render him all reasonable assistance in doing so.

Where any surveyor or registrar shall neglect or refuse to perform the duties attached to his office by these bye-laws, and thereby prevent the fulfilment of the conditions imposed by any bye-law on any claimholder, such non-fulfilment shall not be deemed a breach of a bye-law, and shall not invalidate the title to any interest or privilege held or enjoyed by such claimholder.

BYE-LAW No. 36.—CLAIMHOLDERS TO BENEFIT BY BYE-LAWS PASSED SUBSEQUENTLY.

Any claimholder, by re-registering his claim, shall be entitled to all the advantages resulting from any bye-law passed subsequently to that under which he originally held his claim.

BYE-LAW No. 37.—SUSPENSIONS.

When any person or company requires time for the purpose of procuring or erecting machinery, or to repair his or their machinery, or when any person or company requires to suspend or partially suspend operations at any time, such person or company, or the manager or secretary duly authorized on his or their behalf, shall make a statutory declaration, setting forth the reasons for which he or they require to suspend operations; and such declaration shall be in the form in Schedule K hereunto appended; and on receipt of such declaration, the registrar shall, upon ascertaining and satisfying himself that such reasons are good and sufficient, register such person or company for permission to suspend or partially suspend operations for any term not exceeding three months, in the form set forth in Schedule L hereunto appended; and may, upon the like grounds, renew such registration from time to time; and no statutory declaration shall be required for any renewal of suspension, but the manager or secretary of a company, or the person or persons holding such claim or area, shall sign and deliver to the registrar a written document affirming that the same reasons as those for which they were originally registered exist at the time of the renewal. Provided always that such registration shall afford no protection to the parties obtaining the same in any case where the same has been obtained through any wilful misrepresentation of facts; and in case the owner or owners of any claim or area shall not, within seven days after the expiration of the period of such suspension, cause work to be renewed according to the usual course of proper and efficient mining, such claim or portion thereof as shall be unrepresented shall be deemed to be forfeited.

No prospecting area or claim shall be suspended unless gold in payable quantities has been previously found therein by the persons applying for suspension, and no claim of any class shall be suspended, except frontage claims, unless such have been previously worked, in accordance with the provisions of these bye-laws, for a period of not less than eight weeks, and a plan of survey produced to the registrar.

When any person has registered the suspension or partial suspension of operations on any claim, he shall post a copy of the certificate of suspension on some conspicuous part of such claim, together with the name and address of its owner and the extent of ground held.

The protection afforded to a claim lawfully suspended shall extend to and include all the mining tenements, rights, and privileges lawfully held and enjoyed in connection with such claim.

BYE-LAW No. 38.—RESIDENCE AND BUSINESS SITES.

Any person being the holder of a miner's right or business license may occupy a parcel of Crown lands not exceeding one quarter of an acre as a residence or business site. Provided no portion of such land shall be within 35 feet of the centre of any road, street, or thoroughfare, or within 15 feet of any residence or business site, race, or claim.

Any person taking possession of a residence or business site, shall do so by erecting posts at each angle of its boundaries, and shall, within 48 hours after taking such possession, register the same with the registrar.

When any residence or business site is taken possession of contiguous to any road, street, or thoroughfare, its frontage to such road, street or thoroughfare, shall not exceed 66 feet and its depth 165 feet.

If the holder of any residence or business site fails to put up a building or other erection thereon, and to occupy it for the aforesaid purposes within 21 days from the date of his taking possession thereof, his title thereto shall be deemed to be absolutely forfeited and abandoned.

The lawful holder of any residence or business site who shall have thereon a dwelling house or place of business, may absent himself for thirty consecutive days without rendering such site

liable to forfeiture, and for a further period, not exceeding three months, provided he shall register such absence with the registrar, and shall post a copy of the certificate of such registration on some conspicuous part of the building; such certificate shall be in the form of Schedule M.

BYE-LAW No. 39.—LIENS.

The holder or holders of any registered claim, race, tail-race, dam, reservoir, or other easement or share, or interest therein, may grant a lien upon the same to any other person or persons, as security for the due payment of any debt or liability which such holder or holders may have contracted, either before or at the time of such lien being granted; and upon production to the registrar of the register or transfer ticket, or certificate by virtue by which the intending lienor holds the claim, race, tail-race, dam, reservoir, or other easement, or share or interest therein, intended to be made the subject of lien, and of the miner's right of the intending licensee, and upon the execution of a lien-ticket by the lienor or licensee, in the form prescribed in Schedule N hereto appended, duly signed by the said lienor and licensee, and attested by a witness, the registrar shall register a lien upon the said claim, race, tail-race, dam, reservoir, or other easement, or share or interest therein, in the form prescribed in Schedule O hereunto appended; and after having made such registration, the registrar shall issue to the licensee a duplicate of the lien-ticket, in the form prescribed in Schedule N hereunto appended as aforesaid; and shall inscribe on the registry or transfer ticket, or certificate of the lienor, the date and the amount of the lien, and the name of the licensee, and when payable; and every such lien, granted and duly registered as aforesaid, shall be a specific charge upon the claim, race, tail-race, dam, reservoir, or other easement, or share or interest therein which shall have been so made the subject of a lien, until the debt or liability shall have been discharged in full, and shall take precedence according to the dates of their respective registrations by the registrar; and every transfer of any claim, race, tail-race, dam, reservoir, or other easement or share or interest therein held under lien shall be made subject to every registered lien thereon; provided that upon the delivery to the registrar, by the lienor, of a certificate duly signed by the licensee, that the debt or liability for which such was held has been duly discharged, the registrar shall forthwith cancel such lien; and further provided, that the registrar shall not register a lien upon any claim, race, tail-race, dam, reservoir, or other easement, or share or interest therein, or transfer, or release the same, without the consent of the lienor and licensee respectively; and further, that it shall be necessary for the registrar to have the authority of the manager of any registered company, or their agent or agents, previous to effecting any such registration or transfer of any share, or portion of a share, or interest of any mining company.

Notwithstanding anything herein contained, a licensee shall not be held to be a co-partner or co-adventurer in any mining company in which he may hold a lien or liens.

BYE-LAW No. 40.—COMMONS.

The annual election by the mining board of three managers for each gold-field common in the mining district of Beechworth, shall take place on the third Wednesday in November in each year.

The holders of miners' rights or business licenses may recommend to the board, by memorial addressed to the chairman, three persons for election, as managers of the common on which they are entitled to depasture cattle. All such recommendations to be endorsed with the consent of the person recommended.

All candidates shall be nominated by members of the board. If not more than the required number be nominated they shall be declared elected; should more than the required number be nominated, the election shall be determined by ballot, and those three who obtain the greatest number of votes shall be declared elected.

The mining board may, at any meeting, fill up vacancies that may occur in the management of any common in the same manner as at annual elections.

Ordinary and special licenses to depasture cattle on commons shall be granted under the hands of the managers, who shall not be entitled to demand fees for cattle depasturing until such cattle shall have been branded with the common brand, or a registry made of their other brands or distinguishing marks. All cattle depasturing on any common for which the fees due are not paid, may be dealt with as illegally depasturing.

No person shall be allowed to depasture cattle on any common, unless such cattle shall be his or her own property.

No animal affected with any contagious disease shall be allowed to depasture on the commons.

No entire horse or boar shall be allowed to depasture on the common, and no bull shall be allowed to depasture on the common, except with the special permission of the managers.

The managers shall keep proper books of account, and for all fees received by them for cattle depasturing on the commons shall give a printed receipt in the form of the schedule hereto annexed, consecutively numbered, the butts of which must be kept for inspection by auditors.

All books of account, plans, or other documents relating to the management of the commons shall be the property of and be at the disposal of the mining board, except in cases where a gold field is united to a town or farmers' common, the books, &c., shall be the joint property of the bodies appointing the managers.

The following shall be the public purposes to which the residue of fees paid in respect of depasture on any gold-field common, after paying necessary incidental expenses, shall be applied, viz.:—To making improvements on the respective commons; aiding public schools, libraries, or charitable institutions, as the mining board shall direct.

The following shall be the scale of fees for depasturing cattle on the commons, and shall be payable half-yearly in advance, except for goats, the fees for which shall be payable yearly in advance:—

Horses, mules, asses, foals, 6s. per head per annum.

Bullocks, cows, heifers, steers, calves, 3s. per head up to 20 head, and for all in excess of 20 head, 4s. per head per annum.

Goats, 8d. per head per annum.

Foals, calves, and kids under nine months old whose dams are legally depasturing on the commons to run free. All foals, calves, and kids otherwise depasturing shall be charged for.

Special licenses may be granted to butchers and others engaged in slaughtering on the following terms, viz.:—horned cattle, 3d. per head per week; sheep and swine, 1d. per head per week.

No goat shall be allowed to depasture on the Beechworth United Common, Yackandandah Gold-fields Common, or Sandy Creek Gold-fields Common, unless it wear on its neck a triangle formed of three pieces of wood, each piece to be not less than thirty inches in length and one inch in breadth; and all goats found upon said common without such triangle may be dealt with as illegally depasturing.

The managers shall appoint and from the fees collected pay a herdsman. They shall also get their accounts for each year, ending 31st October, audited by two competent persons to be named by the board, and shall publish the same in some local newspaper; and, on or before the 10th day of November following, shall transmit to the clerk of the board a certified balance-sheet, together with the amount of all unexpended fees.

BYE-LAW No. 41.—COMPENSATION, HOW AND WHEN MADE.

When any person shall desire to occupy any Crown lands for a mining purpose which is lawfully and *bona fide* used as a yard, garden, cultivated field, or orchard, or upon which any house, outhouse, shed, or other building, or any artificial dam or reservoir shall be standing, upon payment of compensation as hereinafter provided, and subject to the following conditions, he may do so in accordance with the provisions of these bye-laws.

Any person desiring to occupy for a mining purpose any such Crown land as herebefore mentioned, shall do so provisionally by fixing posts defining the area he desires to occupy as aforesaid, in the same manner as is prescribed for occupying claims or easements. If such person shall be prevented from fixing such posts by the person using such land as aforesaid, in such case it shall be sufficient if such person shall define the area aforesaid as near to the manner aforesaid as the circumstances will permit, and register the provisional occupation of such land with the registrar within forty-eight hours of the time of fixing such posts.

For the purpose of determining the amount of such compensation, the person or his agent using such land as aforesaid, and the person or his agent desiring to occupy such land for a mining purpose, shall each, upon the receipt of a written request from either, requesting him to appoint some person to act in his behalf as a valuator, appoint some person accordingly. If at the expiration of fourteen days from the date of the receipt of such written request either party shall have failed to appoint some person who will act in their behalf as a valuator, and who will determine the amount of compensation as aforesaid, within the seven days next ensuing, then a valuator who may have been appointed by either party shall be deemed to have been appointed by, and may act alone on behalf of both parties. When both parties appoint a valuator, and such valuator is unable to agree to the amount of compensation to be paid, it shall be competent for such valuator to appoint a third party whom they shall mutually agree to. The decision of any valuator acting alone for both parties, or the decision of a majority of three valutors appointed as herein ordained, as regards the amount of compensation to be paid to the person or his agent using such land as aforesaid by the person occupying it for a mining purpose, shall in either case be final and conclusive to all intents and purposes whatsoever. When such valuator or valutors shall have ascertained the amount of compensation to be paid as aforesaid, they shall deliver their decision, in writing, in the following form:—

I [or we], the undersigned, having been duly appointed to ascertain and decide upon the amount of compensation to be paid by _____, prior to his occupying for a mining purpose that piece of Crown land lawfully used by _____, situated at _____, marked by posts, and measuring _____ more or less, do hereby, in pursuance of the provisions of bye-law _____, decide and award the amount of such compensation to be £ _____ s. d. (_____ pounds shillings and pence).

No. 38.—MARCH 31, 1863.—2.

Upon production to the registrar of a receipt certifying that the due amount of compensation has been paid to the person or his agent lawfully using such land by the person or his agent provisionally occupying it, the registrar shall register such receipt. Thereupon such person's provisional occupation of such land shall entitle him to occupy it, in accordance with and subject to the provisions of these bye-laws.

BYE-LAW No. 42.—DRAINAGE.

1. The owner of any machine, drain, or other appliance which drains water from any claims, gold mining or mineral leases, shall be entitled to hold, subject to the provisions of this bye-law, a drainage area, not exceeding one thousand yards square, for the purpose hereinafter provided.

2. When the owner of any efficient drainage appliance erected or constructed before or after the passing of this bye-law, is desirous of holding any such drainage area, he shall define such area by erecting posts painted white, not less than three inches in diameter, extending not less than three feet above the ground, such posts to be not more than 200 yards apart on the boundary-line; and shall register the same with the registrar within 48 hours of the time of occupation, and shall employ the mining surveyor to survey such area, who shall show by a plan thereof all claims or leases, with their respective numbers and names, included within such area; together with the position and character of the drainage appliance and datum water-level; such survey to be connected with some fixed survey or permanent landmark.

3. When the holder of any drainage area, by efficient drainage appliances, drains such area, he shall be entitled to drainage rates, as hereinafter provided, from every claimholder or leaseholder occupying within such area.

4. The principle on which drainage rates shall be charged to each claimholder or leaseholder within such area shall be by equitably proportioning (according to the areas held by each of the said claimholders or leaseholders whose workings are on or below the datum water-level) the ascertained monthly expenditure incurred in working and maintaining such drainage appliance, together with interest not exceeding 25 per centum per annum on the amount of capital expended on the purchase, erection, or construction of any such drainage appliance.

5. The datum water-level shall be the level at which the water is or has been reached during the sinking of any shaft within the drainage area, such level to be ascertained and fixed by the mining surveyor.

6. The holder of a drainage area shall keep his drainage appliance continuously at work, if necessary, and shall at all times maintain such in an efficient state, so as to prevent the water from rising in the works of the claims or leases within said area; but no holder of such drainage area shall be held liable for any damage caused to any claim or lease through the sudden stoppage of his drainage appliance, if it can be proved that such stoppage was necessary or caused by an accident to such appliance, and that the necessary repairs were made and drainage resumed with the utmost despatch by the said holder.

7. The holder of any such drainage area refusing or neglecting to comply with any of the conditions herein stated shall be deemed to have committed a breach of this bye-law, and shall be liable to a penalty not exceeding £10, nor less than £5; and if within 14 days after the imposition of the said penalty he shall not have resumed efficient drainage of such area, he shall be deemed to have forfeited all right and title to such drainage area and rates from the claimholders or leaseholders occupying within such drainage area.

8. All rates imposed under this bye-law shall become due once a month, and shall be payable to the clerk of the Beechworth mining board, who shall deposit the same in the Bank of New South Wales, Beechworth, and shall pay the same by cheques (after deducting expenses of collection) to the holder of the drainage area; such cheques to be issued by two members of the board, one of whom shall be the chairman or acting chairman, and by such clerk, as provided for in 76th section *Mining Statute 1865*.

9. The owner of any claim or lease within any drainage area who is necessitated in order to effect the efficient drainage of his claim or lease to erect or construct and maintain a separate drainage appliance to drain such claim or lease, shall be held to be exempt from the payment of any drainage rates on account of such claim or lease.

10. The holder of any drainage area shall notify his occupation of the same to the clerk of the Beechworth mining board, accompanied by a copy of the plan of survey and a voucher of the monthly expenditure incurred in maintaining such drainage appliance, together with a statement of the locality, the extent of area held, the number of claims or leases contained therein, the area of such claims or leases, the names and addresses of the registered owners from whom he claims drainage rates under this bye-law; and the said clerk shall thereupon serve or cause to be served upon the respective owners thereof a notice setting forth the amount of drainage rate awarded on the principle herebefore named, to be paid by them; and the rate so notified shall be the rate levied and claimed on account of the drainage of any such claim or lease, unless the same be varied or set aside on appeal, as provided for in sec. 75 of *The Mining Statute 1865*.

11. Any holder of a drainage area who desires to relinquish such may do so, provided he obtain the written consent of the manager of each claim or lease within the said area, otherwise he shall give notice of his desire to the manager of each claim or lease within said area at least two months before stopping his drainage appliance; and any holder of a drainage area neglecting to give such notice may be proceeded against for all damage or injury that such claimholders or leaseholders may have sustained in consequence of such stoppage.

12. In the event of any of the owners of claims or leases situate within any drainage area transferring their interest to any other persons, notice of such transfer, with the name of the transferee, shall be given to the clerk of the mining board, Beechworth.

• 1868	357	64.7°	29.937 "
Mean of nine years	360	65.4°	29.858 "

The mortality which prevailed during the month of February was nearly the same as the average of that month in nine years, including the present year. The month was slightly cooler than usual.

Males contributed 51 per cent. and females 46 per cent., to the mortality in February. Fifty-seven per cent. of the deaths were of children under 5 years of age, against 74 per cent. in February, 1867; 58 per cent. in February, 1865; 64 per cent. in February, 1865; 62 per cent. in February, 1864; 65 per cent. in February, 1863; 68 per cent. in February, 1862; 66 per cent. in February, 1861; and 64 per cent. in February, 1860.

Seventeen deaths occurred on the 14th, which is the highest number recorded for any one day, only 8 occurred on the 23th, which is the lowest number reported.

Eight deaths of persons aged 75 years or upwards took place during the month, namely, those of a male aged 75 of old age, of a female aged 75 of leucy, of a female aged 76 of disease of the heart, of a male aged 78 of old age, of a male aged 79 of carbuncle, of a male also aged 79 of phthisis, of a male aged 80 of fatty degeneration of the heart, and of a female aged 84 of anasarca.

The large number of twenty-three violent deaths are reported to have occurred during the month. The following are the particulars:—A boy aged 5 died in consequence of the wheel of a dray passing over him, another boy aged 5 of rupture of the liver by an accident, a male aged 16 by the branch of a tree falling upon him, a cutter aged 33 of erysipelas resulting from an injury to the thigh, a female aged 38 from the effects of a cart falling on her, a seaman aged 43 from falling down a ship's hold, a publican aged 43 from the effects of a dray-wheel accident, a contractor aged 49 from being passed over by a dray, a laborer aged 50 of an injury from a thrashing-machine, a laborer aged 60 of a fall into a quarry whilst drunk, a female child aged 2 and another aged 8 of burns, a boy aged 9 of sunstroke, a male child aged 2 was drowned in a water-hole, two female children aged 6 were drowned in the Yarra, a boy aged 10 was drowned in Hobson's Bay, a boy aged 12 was drowned in the Stockade Quarries, North Melbourne; a man aged 19 was drowned in the Yarra, a gardener aged 32 was drowned in Hobson's Bay through bathing whilst in a state of intoxication, an infant aged 26 days was suffocated in bed, a publican aged 35 died from the effects of a stab, self-inflicted whilst drunk; a lime-sick man aged 42 poisoned himself with arsenic.

The deaths in public institutions numbered fifty-eight, or 16 per cent. of the whole mortality. Of these 41 occurred in the Melbourne Hospital, 2 in the Lying-in Hospital, 5 in the Benevolent Asylum, 2 in the Immigrants' Home, 3 in the Industrial Schools, 1 in the Military Barracks, 1 in the Immigration Hospital, 1 in the Yarra Bend Lunatic Asylum, and 2 in the Melbourne Gaol.

The following table shows the number of persons of all ages according to the last census; the number of deaths of persons under and over five years of age, the total at all ages, and the number of deaths to every 1000 of the population during the month of February, in the Statistical District of Melbourne and suburbs, and in each of the sub-districts of which it is composed:—

NOTE.—The Melbourne Hospital is in Melbourne Proper, the Benevolent Asylum in North Melbourne and Carlton, and the Yarra Bend Lunatic Asylum in Jika-jika parish (remainder of), and the Industrial Schools in South Yarra and Prahran.

* This calculation is made upon the population at the last census, instead of the present population, as there are no means of estimating the changes which have taken place in the different sub-districts since the census was taken. It is believed that the present population of the whole district of Melbourne and suburbs amounts to 165,000. If this be correct, the mortality of the month under review would indicate a proportion of 2.16 deaths to every 1000 persons living.

The deaths of children under five years of age numbered 205, of which 105, or about 51 per cent., were of males, and 100, or nearly 49 per cent., were of females. Of those dying, 135 were under one year of age, 43 were between one and two years, 9 were between two and three, 12 were between three and four, and 6 were between four and five.

The persons dying at a more advanced age than five years numbered 152, of which 88, or nearly 58 per cent., were males, and 64, or nearly 42 per cent., were females; 21 were between five and ten, 6 were between ten and fifteen, 4 were between fifteen and twenty, 8 were between twenty and twenty-five, 16 were between twenty-five and thirty, 14 were between thirty and thirty-five, 17 were between thirty-five and forty, 11 were between forty and forty-five, 14 were between forty-five and fifty, 8 were between fifty and fifty-five, 10 were between fifty-five and sixty, 7 were between sixty and sixty-five, 4 were between sixty-five and seventy, 4 were between seventy and seventy-five, 6 were between seventy-five and eighty, and 2 were eighty and upwards.

The following table shows the causes of the deaths of persons of both sexes under and over five years of age, and the proportions per cent. of deaths from each cause, in Melbourne and suburbs, during the month of February, 1868:—

Classes.	Causes of Death.	Under five years.	Over five years.	Total.	Proportions per cent.
I.	Zymotic diseases	104	30	134	37.53
II.	Constitutional diseases	12	43	55	15.41
III.	Local diseases	40	55	95	26.61
IV.	Developmental diseases	46	4	50	14.01
V.	Violent deaths	3	20	23	6.44

4. *Suicide*.—Stabs, 1; poison, 1.

Deaths from zymotic diseases increased from 124 in January to 134 in February. Under this head 59 deaths were set down to diarrhoea and dysentery in the latter month against 53 in the former, 13 to scarlatina and diphtheria against 12, 7 to croup against 4, and 2 to measles against nil. On the other hand deaths from whooping-cough fell from 25 in January to 14 in February. Phthisis, a constitutional disease, caused 29 deaths in both January and February. Violent deaths were more numerous in February than in any other month during the last two years.

JOHN MACGREGOR,
Minister of Mines.

Office of Mines,
Melbourne, 31st March, 1868.

The following leases have been detained in this office for execution, viz:—Nos. 495, Ballarat; 976, 998, and 1007, Beechworth; 713, Maryborough; and 1187, Sandhurst. No. 730, Maryborough, has been sent to the Warden's Office at Dunolly for execution.

Corrigendum.

In the particulars of lease No. 697, Maryborough, published in the *Government Gazette* of the 4th February, 1868, page 317, the area and rent were wrongly stated—the correct area is 3a. 1r. 19p., and the rent is £3 7s. 6d.

Printed forms of tender and conditions of contract, with storage capacity, may be obtained from the Inspector of Stores, Melbourne, or from the officer in charge of police at each station, by whom also any information or explanation will be afforded to persons tendering.

The tenders for each station will be accepted or rejected separately.

Tenders will be received for either oats, bran, hay, or straw; but if all be included in one tender, it may be accepted for one article only, if advisable.

Tenders must express the prices in words as well as in figures, and without alterations or erasures.

As much forage as the storage will accommodate will be ordered at a time for the convenience of contractors.

The price must be per ton for hay and straw, and per bushel of 40 lbs. for oats and 20 lbs. for bran (net weight), including delivery at the stations and all charges; bags to be returned on application when empty.

Tenders not complying with the terms of advertisement will not be entertained.

The successful tenderer will be required to enter into a bond for one-third of the estimated amount of the contract, within ten days after the acceptance is notified. Two approved securities are required for contracts amounting to £150 and upwards, and one surety for contracts under £150.

Tenderers failing to take up their accepted tenders, or failing to carry out their contracts satisfactorily, will be ineligible to again hold contracts for Government supplies.

All tenders must be enclosed in a separate envelope, marked "Tender for Forage," and deposited in the box at the Government Stores, King street; or, if sent by post, they must be addressed to the Chairman of the Tender Board, Stores and Transport Office, Melbourne.

The Government will not necessarily accept the lowest or any tender.

The decision of the Government will be made known by *Gazette* notice, and by letter to accepted tenderers.
