The security must be completed within ten days of acceptance of the tender, failing which the contract may be again advertised, or another tender accepted.

Tenderers failing to take up their accepted tenders will be disqualified from tendering for Government supplies for a period of twelve months.

The Government will not necessarily accept the lowest or any tender.

All tenders must be enclosed in a separate envelope, marked "Tenders for _____" (as the case may be), and be deposited in the Tender-box at the Government Stores, King street; or (if sent by post) must be addressed to the Chairman of the Tender Board, Stores and Transport Office, Melbourne.

CONDITIONS.

1. The supplies are to be according to sample, and of the particular manufacture indicated in the schedule of tenders. In the case of different makers' goods, the contractor will be required to supply the kind ordered. In other cases the supplies are to be the best quality of their several kinds or manufacture.

2. All orders for supplies will emanate through the Inspector of Stores, except in the case of supplies for the local Military Store Department, the Harbor Department, and for works and buildings. From these departments the order will be sent direct to the contractor. All orders must accompany the goods on delivery, otherwise the goods will not be received. Delivery as a rule is to be of the full quantity ordered.

3. Supplies for ports and harbors are to be delivered at the Marine Yard, Williamstown; or at the Transport Office, Melbourne, as may be stated in the orders. All other supplies are to be delivered at the department requiring the goods; or at the Transport Office, Melbourne, as may be directed in the order; and for the purposes of these contracts all Government establishments within a radius of three miles from the General Post Office will be deemed to be within Melbourne.

4. Arrangements as to time of delivery and inspection of goods will be made by the following officers:—

For materials for Works and Buildings	} The Inspector-General of Public Works.
For supplies for Ports and Harbors	
For supplies for the local Military Store	} The Superintendent.
For all other supplies	
	} The Inspector of Stores.

5. Orders must receive prompt execution; and in the event of the goods not being delivered within forty-eight hours after the contractor shall have received the order, or within such other time as the order may specify for delivery, it will be competent for the officers named in condition 4, or the head of the department to whom the goods are to be supplied, on giving the contractor twenty-four hours' notice, to purchase the supplies at the contractor's risk, and the extra expense incurred over and above the contract price (if any) will be deducted from the contractor's account.

6. The contractor will be required to furnish his account in the prescribed form simultaneously with delivery of the full quantities of goods ordered, the account being rendered with the order to which it relates. The prices quoted in the orders cannot be increased.

7. The acceptance of the supplies shall be subject to the approval of the officers named in condition 4. The contractor may, however, claim a survey on any goods objected to; but in that case he must, within twenty-four hours after objection is made, give notice thereof in writing to the officer rejecting the goods.

8. Delivery will not be deemed to have been made until the goods have been approved of. All articles rejected must be immediately replaced by the contractor, otherwise purchases will be effected at contractor's risk, and the extra expense deducted as in condition 5.

9. The members of boards of survey will be appointed by the Government, and the decision of the board is to be considered as final. If the board shall decide that the article is not of proper quality, it must be immediately replaced by the contractor, failing which it will be procured elsewhere, and the extra expense (if any) will be charged as in condition 5.

10. A repetition of irregularity in the quantity or quality of the supplies, or of delay in delivering or replacing them when required, will subject the contractor, upon report from the Tender Board, to such mulct, not exceeding Fifty Pounds, as the Government may direct. It will also be in the power of the Government, upon such repetition to terminate the contract forthwith.

11. Contractors are not at liberty to transfer their contracts under cover of power-of-attorney, coupled with an interest or otherwise, and no such transfer will be recognised by the Government.

12. It will be competent either for the contractor, on his own behalf, or for the Inspector of Stores on behalf of the Government, to terminate the contract by giving a notice in writing of

three full calendar months to the opposite party; it being understood that such notice can only be given from the first day of a month, and within the period for which the contract is made.

13. In the event of any alteration in the Tariff affecting any of the items included in these Contracts, the Government, or the Contractor, as the case may be, will make a proportionate allowance by way of deduction from, or increase of, the price of the item so affected.

14. The contracts entered into under this notice are not to be considered as being infringed or vitiated by the importation of stores for the Government service, or by any contracts made by the Imperial Commissariat, or by any contracts or agreements made for any works by the Department of Public Works, or on account of other Governments; or by any article being made at or for the use of any Government establishment.

4. The contractor shall, at the time of delivering the supplies, furnish his account in the prescribed form, and present it in a complete state to the Chief Medical Officer, or to the officer taking delivery of the supplies, for payment at the Treasury.

5. In the event of a difference of opinion between the contractor and the officer receiving the supply, as to the quality, the same is to be decided by a board of survey, composed of persons named by the Government, and the decision of the board is to be considered final.

6. If the board shall decide that the article is not of proper quality, it must be immediately replaced by the contractor, failing which it will be procured elsewhere, and the extra expense (if any) will be deducted from the contractor's account.

7. If from any cause injury would accrue to the public service by waiting for a board of survey, the Chief Medical Officer, the Inspector of Stores, or the head of the department ordering the supplies (as the case may be), will have the power to reject such article or articles as are obviously of inferior quality; it being understood that they will be responsible to the Government for so doing, and the contractor must take back the rejected article, and supply good in its stead, failing which it will be procured elsewhere, and the extra expense (if any) will be charged as in condition 6.

8. A repetition of irregularity in quantity or quality of the supplies, or of delay in delivering or replacing them when required, will subject the contractor, upon report from the Tender Board, to such mulct, not exceeding the sum of £50 as the Government may direct. It will also be in the power of the

Government upon such repetition, to terminate the contract forthwith.
