Upon the discovery of gold in payable quantities within such prospecting claim, the claim shall be forfeited, and the discoverer shall be entitled to select and occupy in addition to the area that the number of men registered and constantly employed on or in connexion with such prospecting claim will entitle him to an extended area equal to two entire claims of the said class, with an additional ordinary claim for every five miles that the said prospecting claim is distant from the nearest gold-workings. If in the bed of a river or creek the discoverer or discoverers shall be entitled to occupy 400 yards along the course of the stream, by a width of 100 yards across the course of the stream, as a prospecting claim, with an additional length of 50 yards for each man for every five miles that the said prospecting claim is distant from the nearest recognised gold-workings.

Upon the discovery of payable gold the prospector or prospectors shall (within twenty-one days, should the distance not exceed ten miles from the nearest recognised gold-workings, and thirty days should it exceed that distance) register a prospecting claim with the nearest mining registrar, and shall at the same time leave with him in writing a full description of the locality in which the discovery has been made, the nature of the workings and its distance from the nearest recognised gold workings. Any person failing to comply with this regulation shall forfeit all benefit arising from this bye-law.

**BYE-LAW No. 17.—UNION OF ALLUVIAL, RIVER, CREEK, OR BANK SLICING CLAIMS.**

Any number of claims which shall adjoin each other in at least half their length or width may be united and occupied as one claim; provided always, that the number of men necessary

to be employed on, or in connection with the claims, if occupied singly, shall be employed on, or in connection with the united claim; and where a river or creek claim is united to one or more alluvial claims of any other class, the water, privileges of such river or creek claim shall not extend further than if such river or creek claim had not been united to any other. All such unions shall be registered with the mining registrar within seven days after such union.

**BYE-LAW No. 18.—ALLUVIAL ORDINARY RIVER, CREEK, AND BANK SLUICING CLAIMS.**

*Duties.*—The holder of any alluvial ordinary river, creek, and bank sluicing claims shall be held responsible for the following duties, that is to say:—He shall register the occupation of the claim with the mining registrar within (7) seven days after such occupation, and shall within (7) seven days after registration proceed and continue to work the said claim with the requisite number of men.

**BYE-LAW No. 19.—FORFEITURE OF ALLUVIAL, RIVER, CREEK, OR BANK SLUICING CLAIMS.**

On application being made to the warden by any miner to have the right, title, or interest of any other miner to or in an alluvial, river, creek, or bank sluicing claim forfeited on the ground that the same has not been fairly worked during the time of occupancy; or that the same has been left unworked for a longer period than seven days, or that less than the minimum number of men required by these bye-laws has been employed thereon, or for non-registration, should the same be declared forfeited by the warden the applicant shall then be entitled to full possession: Provided that when such application is opposed and a claim is declared forfeited, it shall be lawful to have any road, timber, mining plant or other materials absolutely beneficial to the applicant valued by the mining surveyor or arbitrators, such valuation to be subject to the approval of the warden, and the amount of such valuation (if any) together with the cost of estimating such value, shall within (7) seven days be paid to the original owner, or lodged with the mining registrar, and such payment or lodgment shall be a condition precedent to putting the applicant in possession of such claim.

**BYE-LAW No. 20.—DESERTED AND ABANDONED ALLUVIAL GROUND.**

Ground which, having been occupied or held under miners' rights, shall have been unworked and unoccupied (except as provided in Bye-law No. 21) for a period of thirty days, shall be deemed to be and shall be treated as ground absolutely deserted and abandoned, and may, by the holders of miners' rights, be taken possession of for mining purposes or for purposes in connection with mining, in the same manner as ground which had not previously been held or occupied under miners' rights.

**BYE-LAW No. 21.—GENERAL SUSPENSION.**

When any person or company requires, after three months' work has been performed on or in connexion with any claim with the requisite number of men, to suspend or partly suspend operations at any time through want of funds, overflow of water, want of water, breakage of machinery, or for any other sufficient cause, which, in case of dispute, shall be settled by the warden, such person or company, or the manager or secretary of such company, duly authorized on his or their behalf, shall make a statutory declaration, setting forth the reasons for which he or they require registration of suspension, and such declaration shall be in the form (in Schedule I) hereunto appended, and on receipt of such declaration the registrar shall, upon ascertaining and satisfying himself that such reasons are good and sufficient, register such person or company for permission to suspend or partly suspend operations for any term not exceeding three calendar months, in the form set forth in Schedule K hereunto appended; and after the expiration of such suspension, work with the necessary number of hands shall be immediately resumed, and no second or subsequent suspension shall be allowed until six months' work with the full complement of men shall have been done on the claim from the date of the last suspension: Provided always that such registration shall afford no protection to the parties obtaining the same in any case where the same has been obtained through any wilful misrepresentation of facts; and should work not be resumed as hereinbefore provided, then such ground shall be deemed to be forfeited, and may be taken possession of in the manner provided for in Bye-law No. 11, except in the case of river, creek, or bank sluicing claims, which may be suspended during the continuance of floods or want of water.

**BYE-LAW No. 22.—EXEMPTION FROM FORFEITURE OF CLAIMS.**

1. Notwithstanding the provision made in these bye-laws, the lawful occupant of a claim shall not be liable to any penalty, or his claim liable to forfeiture during the time he is incapacitated from work by illness, or has to attend any court of law, or upon any urgent business; and he may further absent himself from his claim during public holidays, and during (14) fourteen days commencing on the 22nd December in each year, without forfeiting his interest; should, however, any dispute arise as to the claim not being represented in accordance with these bye-laws, the onus of proof of the cause of absence shall lie with the claimholder.

2. *Claims not forfeited by neglect of hired workmen or tributors.*—No miner holding a claim or portion thereof, or share or interest therein, who employs hired labor to work the same, shall be deemed to have forfeited or abandoned his right, title, or interest in the same through any neglect, absence, or omission on the part of any workman thereon employed by him; and further, no claim or portion of a claim shall be declared

forfeited or be deemed to be abandoned where the same is *bond fide* worked by the number of miners required by the bye-laws now in force on tribute, that is to say, where a portion of the gross or net proceeds of the claim, as the case may be, is agreed upon to be returned by the tributor or tributors to the owner or owners of the claim, by way of tribute, rent, or royalty. And the owner or owners of such claim shall be deemed to be working the same in a *bond fide* manner as much as if they employed hired workmen for that purpose, and shall enjoy all the rights, privileges, and exemptions contained in the bye-laws now in force: Provided always, that if after seven (7) days' notice, in writing, of such neglect, absence, or omission being given to such miner, either personally or by leaving the same at his last known place of residence, or in the event of the owner or owners being absent or not to be found, and such notice having been advertised in one or more newspapers circulating in the division in which the claim is situated, such neglect, absence, or omission, if continued, said miner shall be deemed to have abandoned his claim or portion of claim, or share or interest therein, as the case may be.

**BYE-LAW No. 23.—WATER-RACES.**

1. Any person intending to cut or construct a race for mining purposes shall register the same with the mining registrar, stating the proposed extremities thereof, and shall mark the proposed course thereof with pegs firmly fixed in the ground, four inches square, and showing at least three feet above the surface, and at intervals not exceeding 100 yards. He shall then be deemed to be in possession of such proposed course; but if he shall not, within one month, begin to form such race, or having begun, shall not continue the formation thereof, he shall forfeit his title to any portion of the proposed course of the race which has not been cut or constructed, and on application being made to the warden, and the same being declared forfeited by him, the applicant may be put in possession thereof.

2. The owner of any race used for mining purposes shall be entitled to hold, in addition to the site of such race, five feet on each side thereof.

3. The head of any race cut for the purposes of diverting water from any river or creek shall not be shifted to the prejudice of any existing race.

4. The owner of any race shall build and maintain efficient bridges where any road, path, or track in ordinary use crosses such race.

**BYE-LAW No. 24.—TAIL-RACES.**

The holder of any claim using a tail-race in connection with such claim shall be entitled to occupy an area, for the site of such tail-race, not exceeding one (1) mile in length by a width of 27 feet, for a distance of 20 yards from the upper end of such tail-race, and a width of 12 feet for the remaining portion thereof. Nevertheless, no person shall be entitled to occupy any greater length of tail-race than is necessary for his requirements, always provided that should any other claimholder wish to use such tail-race for the same purpose, he may do so by paying the owners thereof a fair share of the cost of construction, and also by contributing a fair share of the cost of keeping said tail-race in repair.

**BYE-LAW No. 25.—GENERAL PROVISIONS FOR RACES, DRAINS AND TAIL-RACES.**

Any person or persons shall be entitled to cut and construct any race, tail-race, or drain for mining purposes through any claim or claims held by any other person or persons, or under, over, or across any other race, tail-race or drain: Provided always that such first-mentioned race, tail-race, or drain be cut, constructed, timbered, framed, and formed in such a manner as not to injure the claim, race, tail-race, or drain through or across which it may be cut or constructed.

**BYE-LAW No. 26.—RIGHTS TO DIVERT WATER.**

1. Rights to divert water shall be divided into three classes, viz, river and creek water-rights, bank water-rights, and motive-power water-rights.

2. River and creek water-rights shall in all cases be superior to the others.

3. Bank water-rights shall be superior to motive-power rights, except in the Ormeo division, where motive-power rights shall be superior to bank water-rights if used for drainage purposes only and in connexion with a river or creek claim. River and creek and motive-power water-rights, taken up in connexion with a river or creek claim, shall be deemed to belong to the claim or area with which they were first occupied, and shall not be used in or extended to any other claim.

4. The superiority of water-rights of the same class shall be by priority of registration.

5. If the use of a water-right race, tail-race, or drain, be abandoned for any period exceeding six months at a time, when water is available, or during the occupation of the claim in connexion with said water-right race, tail-race, or drain, the right shall be deemed abandoned, and any miner may take possession of said water-right, race, tail-race, or drain, at the expiration of said six (6) months, by posting a notice on each end of the water-right, race, tail-race, or drain, for fourteen (14) days, stating his intention of occupying such water-right, race, tail-race, or drain.

6. The alteration of the course of a race at any time shall not in any way affect any water-right or any privilege attached to such race.

7. If the water flowing in any river or creek is insufficient to supply all the water-rights derived from such river or creek, the owner of any water-right shall, on receipt of a water notice from the owner of any superior water-right (in form of Schedule L) cease to divert or make available to the superior water-right his

supply of water, or such portion thereof as shall be necessary to make up the supply of the superior water-right, and shall not resume such diversion until a supply in excess of the quantity allowed to such superior right shall be available.

8. The holder of any water-right shall not be entitled to demand a supply of water at a higher level than is sufficient for his purposes.

9. Any person registering a water-right shall be deemed to be in the use and occupation of such water-right during the time he may be cutting or constructing the race through which the water is to flow.

#### BYE-LAW No. 27.—HOW AND WHERE WATER TO BE GAUGED.

Within twenty-four hours after receiving a written notice (in the form of Schedule H) from any person entitled to receive a supply of water from the same source, the person or persons receiving such notice shall thereafter run such water through the above-mentioned gauge.

Any spring, waterhole, or other depository of water may be reserved for domestic purposes on the following conditions, viz.:

Application shall be made to the mining registrar for the registration thereof (in the form of Schedule G) by not less than five holders of miners' rights or business licenses, and a copy of the certificate of such registration shall be posted in a conspicuous place near such water; nevertheless, any surplus water that may overflow from such reserved spring, waterhole, or other depository of water, or any water that may be in excess of the requirements of those for whose use such water is reserved may be registered, diverted, and used for mining and other purposes.

The managers shall appoint, and from the fees collected pay a herdsman. They shall also get their accounts for each year, ending the 20th day of February, audited by two competent persons to be approved of by the board, and shall publish the same in some local newspaper; and on or before the 2nd day of March following, shall transmit to the clerk of the board a certified balance-sheet, together with the amount of all unexpended fees.

Wet frontage claims, *i.e.*, alluvial claims, exceeding forty feet in depth, the drainage of which is at least twelve hundred gallons of water per twenty-four hours.

A frontage claim occupied on a supposed lead shall not exceed 100 feet in length, by a width not exceeding one mile. (The holder of any such claim may defer the working thereof until the lead is discovered, without rendering the claim liable to forfeiture, provided he allows the registrar to mark on his miner's right the progressive number of the claim and date of registration; and shall within two days post a notice on some conspicuous part of the claim, stating the progressive number of the claim, the name of the person registered therefore, and the date of registration; and shall, within forty-eight hours after the lead is discovered and the claims laid off by the surveyor, commence and carry on work upon the claim laid off for him, in the usual manner of proper and efficient mining.

Upon the discovery of the lead, all claims previously occupied shall be deemed to be forfeited, and the holders thereof shall be entitled to occupy in lieu thereof, claims as laid off by the surveyor according to their priority of registration, excepting where any claimholder on such undiscovered lead has sunk a shaft at least two-thirds of the depth of the prospecting shaft previous to the discovery of the lead, in which case such claimholder shall be entitled to hold the parcel in which the shaft is situated, together with the number of adjoining parcels equal to the number of men constantly employed in sinking the shaft.

The extent of ground which one miner's right shall entitle the holder thereof to take possession of and occupy on a discovered frontage lead shall be determined by the depth of the lead below the surface of the ground in the nearest shaft being worked on such lead, and in the event of none being worked, from the most

reliable data obtainable, shall be in accordance with the following scale:—

- On dry frontage leads where the depth of sinking exceeds—
- 40 feet and does not exceed 100 feet, 50 feet on the course of the lead by a width of one mile;
- 100 feet and does not exceed 150 feet, 65 feet on the course of the lead by a width of one mile;

**BYE-LAW No. 46.—ABANDONMENT OF SHARES.**

Any person or persons holding a share or shares in a registered claim or other mining tenement, may abandon the same, provided that previous to such abandonment the said shareholder shall pay all liabilities due in respect of such share or shares, give to his partner or partners, and also to the registrar, a notice in writing of his intention, and shall publish four days consecutively a copy of said notice in a newspaper published in the district in which such claim or other mining tenement is situated; and the registrar, after having been satisfied that notice has been given in each of the ways aforesaid, shall forthwith cancel the registration by which such share has been held, and the said shareholder shall thereupon be released from all future liability in respect of such share. Provided always that such abandonment shall not be deemed or taken to interfere with, set aside, or cancel any debt, agreement, engagement, or contract which may at the date of such abandonment exist between the said shareholder and his copartner or copartners, or any debt or liability, the subject of a lien upon such share or shares.

**BYE-LAW No. 47.—COMPENSATION, HOW AND WHEN MADE.**

When any person shall desire to occupy any Crown lands for a mining purpose which is lawfully and *bona fide* used as a yard, garden, cultivated field, or orchard, or upon which any house, outhouse, shed, or other building, or any artificial dam or reservoir shall be standing, upon payment of compensation as hereinafter provided, and subject to the following conditions, he may do so in accordance with the provisions of these bye-laws.

Any person desiring to occupy for a mining purpose any such Crown lands as hereinbefore mentioned, shall do so provisionally by fixing posts defining the area he desires to occupy as aforesaid, in the same manner as is prescribed for occupying claims or easements. If such person shall be prevented from fixing such posts by a person using such land as aforesaid, in such case it shall be sufficient if such person shall define the area aforesaid as near to the manner aforesaid as the circumstances will permit, and register the provisional occupation of such land with the registrar within forty-eight hours of the time of fixing such posts.

For the purpose of determining the amount of such compensation, the person or his agent using such land as aforesaid, and the person or his agent desiring to occupy such land for a mining purpose, shall each, upon the receipt of a written request from either, requesting him to appoint some person to act in his behalf as a valuator, appoint some person accordingly. If at the expiration of fourteen days from the date of the receipt of such written request either party shall have failed to appoint some person who will act in their behalf as a valuator, and who will determine the amount of compensation as aforesaid, within the seven days next ensuing, then a valuator who may have been appointed by either party shall be deemed to have been appointed by, and may act alone on behalf of both parties. When both parties appoint a valuator, and such valuator is unable to agree to the amount of compensation to be paid, it

shall be competent for such valuator to appoint a third party whom they shall mutually agree to. The decision of any valuator acting alone for both parties, or the decision of a majority of three valutors appointed as herein ordained, as regards the amount of compensation to be paid to the person or his agent using such land as aforesaid by the person occupying it for a mining purpose, shall in either case be final and conclusive to all intents and purposes whatsoever. For all other supplies	The Inspector of Stores.

5. Orders must receive prompt execution; and in the event of the goods not being delivered within forty-eight hours after

the contractor shall have received the order, or within such other time as the order may specify for delivery, it will be competent for the officers named in condition 4, or the head of the department to whom the goods are to be supplied, on giving the contractor twenty-four hours' notice, to purchase the supplies at the contractor's risk, and the extra expense incurred over and above the contract price (if any) will be deducted from the contractor's account.

6. The contractor will be required to furnish his account in the prescribed form simultaneously with delivery of the full quantities of goods ordered, the account being rendered with the order to which it relates. The prices quoted in the orders cannot be increased.

7. The acceptance of the supplies shall be subject to the approval of the officers named in condition 4. The contractor may, however, claim a survey on any goods objected to; but in that case he must, within twenty-four hours after objection is made, give notice thereof in writing to the officer rejecting the goods.

8. Delivery will not be deemed to have been made until the goods have been approved of. All articles rejected must be immediately replaced by the contractor, otherwise purchases will be effected at the contractor's risk, and the extra expense deducted as in condition 5.

9. The members of boards of survey will be appointed by the Government, and the decision of the board is to be considered as final. If the board shall decide that the article is not of proper quality, it must be immediately replaced by the contractor, failing which it will be procured elsewhere, and the survey fees and extra expense (if any) will be charged as in condition 6.

10. A repetition of irregularity in the quantity or quality of the supplies, or of delay in delivering or replacing them when required, will subject the contractor, upon report from the Tender Board, to such mulct, not exceeding Fifty Pounds, as the Government may direct, and the amount may be deducted as in condition 5, or from the contractor's secretary. It will also be in the power of the Government, upon such repetition, to terminate the contract forthwith.

11. Contractors are not at liberty to transfer their contracts under cover of power-of-attorney, coupled with an interest or otherwise, and no such transfer will be recognised by the Government.

12. It will be competent either for the contractor, on his own behalf, or for the secretary of the Tender Board, on behalf of the Government, to terminate the contract by giving notice in writing of three full calendar months to the opposite party; it being understood that such notice can only be given from the first day of a month, and within the period for which the contract is made.

13. In the event of any alteration in the Tariff affecting any of the items included in these Contracts, the Government, or the Contractor, as the case may be, will make a proportionate allowance by way of deduction from, or increase of, the price of the item so affected.

14. The contracts entered into under this notice are not to be considered as being infringed or vitiated by the importation of stores for the Government service, or by any contracts made by the Imperial Commissariat, or by any contracts or agreements made for any works by the Department of Public Works, or on account of other Governments; or by any article being made at or for the use of any Government establishment.

6. If the board shall decide that the article is not of a proper quality, it must be immediately replaced by the contractor, failing which it will be procured elsewhere, and the extra expense and survey fees (if any) will be deducted from the contractor's account.

7. If from any cause, injury would accrue to the public service by waiting for a board of survey, the Chief Medical Officer, the Inspector of Stores, or the head of the department ordering the supplies (as the case may be), will have the power to reject such article or articles as are obviously of inferior quality; it being understood that they will be responsible to the Government for so doing, and the contractor must take back the rejected article, and supply good in its stead, failing which it will be procured elsewhere, and the extra expense (if any) will be charged as in condition 6.

11. It will be competent for the Secretary of the Tender Board, on behalf of the Government, or the contractor on his own behalf, to terminate the contract, by giving a notice in writing of three full calendar months; it being understood that such notice can be given only from the first day of a month, and within the period of which the contract is made.

A Meeting of the Borough Council of Clunes, held at the Council Chamber of the said borough on the eighteenth day of January, One thousand eight hundred and sixty-nine, and of which meeting special notice was duly given, it was by virtue of and under the powers contained in *An Act to consolidate and amend the Laws relating to Municipal Institutions*, made and passed in the twenty-seventh year of the reign of Her present Majesty Queen Victoria, No. 184, specially ordered by the said council as follows:—

GENERAL CONDUCT OF BUSINESS.

1. In all cases not herein provided for, resort shall be had to the rules, forms and usages of Parliament, which shall be followed so far as the same are applicable to the proceedings of the council.

2. At every meeting of the council the first business thereof shall be the reading and putting a question for the confirmation of the minutes of the proceedings of the preceding meeting, and the reading of the minutes of the proceedings of any committee presented at any such preceding meeting, and no discussion shall be permitted thereon, except as to their accuracy as a record of the proceedings, and the said minutes of the proceedings at the preceding meeting shall then be signed.

3. After the signing of the minutes, as aforesaid, the order of business of an ordinary meeting shall be as follows, or as near thereto as may be practicable; but for the greater convenience of the council at any particular meeting thereof, it may be altered by resolution to that effect:—

- I.—Reading of copies, of letters sent by the authority of the council.
- II.—Reading letters received, and considering and ordering thereon.
- III.—Reception and reading of petitions and memorials.
- IV.—Presentation of reports of committees.
- V.—Payments.
- VI.—Ordinary business.
- VII.—Orders of the day, including subjects continued from proceedings of former meetings.
- VIII.—Extraordinary business, and new rules, and regulations.
- IX.—Other motions, of which previous notice has been given.
- X.—Notices of motion.

And the order of business at a special meeting shall be the order in which such business stands in the notice thereof.

4. Whenever a division shall be demanded by any councillor, the councillors voting in the affirmative shall first hold up their hands, and then those voting in the negative shall hold up their hands, and the result be declared by the chairman.

5. All addresses to the Governor shall be presented by the mayor and the town clerk, unless otherwise ordered by the council.

MOTIONS:

6. All notices of motion shall be dated and numbered, and given by the intending mover to the town clerk at the close of the meeting of the council, or, if not required by law to be given at a meeting, then three clear days prior to the next meeting of council; and the town clerk shall enter the same in the notice of motion book in the order in which they may be received.

7. No member shall make any motion initiating a subject for discussion but in pursuance of notice given as prescribed in the preceding clause.

8. No motion, except that for receiving the same, shall, unless under the most urgent circumstances, be made on any petition, memorial, or other like application, until the next ordinary meeting of council after that at which it has been presented.

9. Except by leave of the council, motions shall be moved in the order in which they have been received and recorded by the town clerk in the notice of motion book, and, if not so moved, or postponed, shall be struck out.

10. No motion entered in the notice of motion book shall be proceeded with in the absence of the councillor who gave notice

of the same, unless by some other councillor producing written authority from him to that effect.

11. No motion for an address or petition shall be entertained unless the mover shall at some previous meeting have submitted a draft of the same.

#### ORDER, ETC., OF DEBATE.

12. Any councillor desirous of making a motion, or amendment, or taking part in discussion thereof, shall rise and address the chairman, and shall not be interrupted unless called to order, when he shall sit down until the councillor (if any) calling to order, shall have been heard thereon, and the question of order disposed of, when the councillor in possession of the chair may proceed with the subject.

13. Any councillor desirous of proposing an original motion, or amendment, must state the nature of the same before he addresses the council thereon.

14. No motion or amendment shall be withdrawn without the leave of the council.

15. No motion or amendment shall be discussed, or put to the vote of the council, unless it be seconded; but a councillor may, however, require the enforcement of any standing order of the council, by directing the mayor or chairman's attention to the infraction thereof.

16. A councillor moving a motion shall be held to have spoken thereon; but a councillor merely seconding a motion shall not be held to have spoken upon it.

17. The councillors, in meeting of council, shall designate each other by their official titles, namely, that of mayor, chairman, or councillor, as the case may be.

18. If two or more councillors rise to speak at the same time, the mayor, or chairman, shall decide which is entitled to priority.

19. The mayor, or chairman, shall rise in addressing the council to discuss any question, and shall not leave the chair on such occasions.

20. No councillor shall speak a second time on the same question, unless entitled to reply, or in explanation when he has been misrepresented or misunderstood.

21. The mayor or chairman, when called upon to decide on points of order or practice, shall state the provision, rule, or practice which he deems applicable to the case, without discussing or commenting on the same, and his decision as to order or explanation in each case shall be final.

22. No councillor shall digress from the subject-matter of the question under discussion, or comment upon the words used by any other councillor in a previous debate; and all imputations of improper motives, and all personal reflections on councillors, shall be deemed highly disorderly.

23. Whenever any councillor shall make use of any expression disorderly, or capable of being applied offensively to any other councillor, the councillor so offending shall be required by the mayor or chairman to withdraw the expression, and to make a satisfactory apology to the council.

24. A councillor called to order shall sit down unless permitted to explain.

25. Any councillor using offensive or disorderly language, and having been twice called to order, or to withdraw, or to apologise for such conduct, and refusing so to do shall be guilty of an offence.

26. Any person, not being a councillor, who shall, having been admitted to any meeting of the council, be guilty thereof of any improper or disorderly conduct, or who shall not leave when lawfully requested by the mayor or chairman so to do, shall be deemed guilty of an offence.

27. Any councillor may of right demand the production of any of the documents of the council applying to the question under discussion.

28. The mayor or chairman shall, in taking the sense of the council, put the question first in the affirmative, then in the negative, and the result thereof shall be recorded in the minutes.

29. At every meeting of the council all motions, whether original motions or amendments, shall be reduced into writing, signed by the mover, and delivered to the chairman immediately on their being moved and seconded.

30. No second or subsequent amendment, whether upon an original proposition or on an amendment, shall be taken into consideration until the previous amendment is disposed of.

31. If an amendment be carried, the question or amendment as amended shall become itself the question or amendment, whereupon any further amendment upon any portion of the question or amendment coming after such first-mentioned amendment may be moved.

32. If an amendment be negatived, then a second may be moved to the question to which the first-mentioned amendment was moved, but only one amendment shall be submitted to the council for discussion at a time.

33. The mover of every original proposition, but not of any amendment, shall have a right to reply, immediately after which the question shall be put from the chair; but no councillor shall be allowed to speak more than once on the same question unless permission be given to explain, or the attention of the chair be called to a point of order.

34. No discussion shall be allowed on any motion for adjournment of the council; but if, on the question being put, the motion be negatived, the subject then under consideration, or the next on the notice-paper shall be discussed, or any other that may be allowed precedence before any subsequent motion for adjournment be made.

35. Any councillor may protest against any resolution of the council, and notice of intention to protest shall in every case be given forthwith on the adoption of the resolution protested against; and the protest shall specify the reasons for protesting, and shall be entered three days at least before the next ordinary meeting of council by the protesting councillor, in a book to be kept for that purpose in the town clerk's office, and signed by such councillor, and shall be also entered in the minutes of the meeting at which notice of the intention to protest shall have been given, previously to the confirmation thereof; but such

protest may be expunged from the minutes, if declared by a majority of the council to be not in accordance with truth, or in its terms disrespectful to the council.

#### LAPSED QUESTIONS.

36. If a debate on any motion moved and seconded be interrupted by the number of the councillors present becoming insufficient for the transaction of business, such debate may be resumed at the point where it was so interrupted on motion upon notice.

37. If a debate or any order of the day be interrupted by such insufficiency of number as aforesaid happening, such order may be restored to the notice-book for a future day, on motion upon notice, and then such debate shall be resumed at the point where it was so interrupted.

#### COMMITTEES.

38. Minutes of all proceedings of committee, as well as of their reports, numbered in consecutive order, shall be entered in the committee's minute-book, and being signed by the chairman of the committee, shall be presented to the council; and the town clerk, when practicable, shall attend all meetings of committees.

39. The town clerk shall convene every committee within ten days of its first appointment, or at any other time thereafter, by order of the council, or on the written order of the chairman of the committee, or of any two members of the committee.

#### PETITIONS.

40. No petition shall be presented after the council shall have proceeded to the orders of the day.

41. It shall be incumbent on every councillor presenting a petition to acquaint himself with the contents thereof, and to ascertain that it does not contain language disrespectful to the council, and that the contents do not violate any bye-law, or any provisions hereof.

42. Every councillor presenting a petition to the council shall write his name at the beginning thereof.

43. Every petition shall be in writing, and not printed or lithographed, and shall contain the prayer of the petitioner at the end thereof, and be signed by at least one person for every skin or sheet on which it is written.

44. Every petition shall be signed by the persons whose names are appended thereto by their names or marks, and by no one else, except in cases of incapacity by sickness.

45. No letters, affidavits, or other documents, shall be attached to any petition.

46. Every councillor presenting a petition to the council shall confine himself to a statement of the persons from whom it comes, of the number of signatures attached to it, of the material allegations contained in it, and to the reading of the prayer thereof.

#### APPOINTMENT, ETC., OF OFFICERS.

47. No appointment to any permanent office at the disposal of the council shall take place until seven clear days' public notice shall have been given by advertisement in one or more newspapers circulating in the borough, inviting applications from qualified candidates for the same.

48. The salary or allowance attached to all offices and places at the disposal of the council shall in all cases be fixed before they proceed to appoint any person to fill the same, and before the advertisement inviting applications as aforesaid, and shall be specified in such advertisement.

49. No councillor or officer of the council, and no assessor or auditor of the borough, shall be received as a surety for any officer appointed by the council, or for any work to be done for the council.

#### MISCELLANEOUS.

50. All the plans and specifications for any public work shall be laid before the council at least six days prior to the same being considered and ordered upon, and be open for inspection by any ratepayer during that time.

51. It shall be lawful for the treasurer of the borough from time to time, on the written order of the town clerk, to disburse such moneys as shall have been appropriated by the council for the purpose of this clause, and as shall be required for any necessary occasion, not exceeding in the whole in any interval between two ordinary meetings of the council, the sum of Five pounds.

52. The common seal of the borough shall be kept in a box having two keys, one of which keys the mayor shall keep in his possession, and the other key shall be kept by the town clerk; and the corporate seal shall not be affixed to any document affecting the corporation, unless the mayor and one other member of the council, or in the absence of the mayor, unless two councillors be present.

53. Any one or more of the rules or regulations contained herein may be suspended for a special purpose, on motion, upon notice duly given; and shall not otherwise be suspended, except by a unanimous vote of the council.

54. If any person shall be guilty of any offence against or violating any of the provisions contained in this Bye-law, such person shall, on conviction thereof before one or more Justices of the Peace, forfeit and pay a sum not exceeding Five pounds.

The "Special Order" making the foregoing Bye-law, was passed at a special meeting of the Borough Council of Clunes, held on the eighteenth day of January, 1869, and confirmed at a subsequent special meeting held on the seventeenth day of February, 1869.
