At the Executive Council Chamber, Melbourne, the twenty-third day of January 1871.

### PRESENT.

His Excellency the Governor

|                     |                |
|---------------------|----------------|
| Sir James McCulloch | Mr. MacPherson |
| Mr. Michie          | Mr. Wrixon     |

| Mr. a'Beckett       | Mr. Mackay.    |
| Mr. Wilson          |                |

HIS Excellency the Governor in Council, in exercise of the powers conferred upon him by *The Mining Statute 1865*, doth hereby rescind all regulations now in force relating to gold mining leases, and in lieu thereof doth hereby make the following regulations, save that the regulations hereby rescinded shall continue to apply to all applications for gold mining leases commenced when these regulations come into operation.

### INTERPRETATION CLAUSE.

1. In construing these regulations the following words and expressions shall have the meanings hereafter assigned to them, except where inconsistent with the context:—

"The Governor" shall mean the Governor of the Colony for the time being, or other person for the time being administering the Government of the colony.

"The Minister of Mines" shall mean the minister of mines for the time being in the said colony.

"The Secretary" shall mean the secretary for mines for the colony.

"The Warden" shall mean one of Her Majesty's wardens of the gold fields in and for the colony or in and for any district thereof who shall have jurisdiction over the land applied for on lease or the greater part thereof.

"The lease" shall mean the gold mining lease applied for under these regulations.

"The land" shall mean the land proposed to be leased in the application for the lease.

"The application" shall mean the application for a gold mining lease left with the warden under these regulations, and the expression "previous to" and "after" and "before" the application and similar ones, shall mean "previous to," "after," and "before" the time when the application for a lease is left with a warden.

"The applicant" shall mean any person or persons, copartnership, corporation, corporate company or corporate companies, or other legally constituted association of persons applying or entitled to apply for a gold mining lease under these regulations.

The singular number shall include the plural and the plural the singular.

The calculation of "days" for doing any act shall be exclusive of Sundays, Good Friday, and Christmas Day. A month shall mean a calendar month.

2. The extent of the area in the lease shall not be less than one acre nor exceed thirty acres, and in the case of a lode shall not be less than one hundred yards or exceed six hundred yards along the lode, and the width not less than fifty yards nor more than two hundred yards across the lode.

3. If a larger or less area than the above is applied for in any case, the warden shall not proceed to take the steps prescribed under these regulations before he shall receive the direction of the Minister of Mines to that effect. Such direction shall be applied for by the applicant to the Minister of Mines previous to the application, who shall be at liberty to refuse or grant such direction as he shall see proper, and if he shall refuse to grant such direction, the application shall be deemed to be abandoned, but if he shall grant the same, he shall direct the warden to proceed, and the application shall thereupon be proceeded with as by these regulations directed.

### REQUIREMENTS PRELIMINARY TO THE APPLICATION.

4. Every applicant shall apply for a lease in manner prescribed by these regulations; but within seven days previous to leaving the application with the warden he must do the following things:—

(a) Erect posts not less than two feet six inches above the ground, painted white, as far as circumstances and occupiers will permit, to define the boundaries and angles of the land, with a metal plate thereon having the words "Applied for lease" and the name of the applicant, or (if more than two) the first two applicants legibly painted thereon; such posts to be kept so erected and painted until the termination of the proceedings under these regulations.

(b) Insert in a newspaper published in the district where the land is situated, or if no such newspaper, then in one published nearest the district, an advertisement or notice in the form marked "A" in the schedule hereto.

(c) Post similar notices on the day of the publication of such advertisement at the office of the warden and at the post office or police court, whichever shall be the nearest to the land.

(d) Give to every person occupying or having any rights on or under the land, or any part thereof, a similar notice.

(e) Deposit with the clerk of the warden, or if no such clerk, with the clerk of the petty sessions holden nearest the land, for any area under ten acres, the sum of £2; above ten acres and under thirty acres, the sum of £5; and for any area above thirty acres, a sum equal to five shillings sterling for every acre; together with the costs of survey, in accordance with the scale of fees marked "B" in the schedule hereto, to be dealt with as hereinafter provided. The clerk shall give the receipt set out in Schedule C for such deposit.

5. The applicant shall previously to the application obtain from every person occupying or having rights on or under the land, or any part thereof, and willing to give the same, a consent in writing, duly witnessed, to such application being granted. But if any such person should not be willing to give such consent, he shall be at liberty to object to the lease being granted in manner hereinafter provided for.

### APPLICATION FOR LEASE.

6. Within six days after the advertisement aforesaid has appeared in the newspaper, the applicant shall address to the Minister of Mines, and leave with the warden, the application in duplicate for a lease in the form set out in Schedule D, together with the receipt for the deposit and the said consent of occupiers (if any). Thereupon, or as soon as practicable, the warden shall enter or cause to be entered in a book kept for the purpose a note of such application, numbered in order, and the day and hour when the same was left with him, and shall endorse a similar note on both such duplicate applications, one of which shall be filed in the office of the warden.

7. Leases shall be granted according to priority of application (unless there are reasons to the contrary, of which the Governor shall be the sole judge), and the priority of application shall be determined according to the time at which each application shall have been received as endorsed on the applications. And in case of two or more applications for the same land, or any part thereof, at or about the same time, it shall be in the discretion of the Governor which application (if any) shall be granted.

### OFFICIAL SURVEY.

8. On the receipt by the warden of the application, receipt for deposit and survey-fee, and consents (if any), he shall direct a mining surveyor to survey and make a plan of the land, and to report, in writing, on all matters on which the warden shall by written instructions require him to report, among which shall be included an inquiry as to whether the posts have been erected and the notices have been duly served on occupiers and persons having rights in the land, in compliance with rule 4, or in any and what respect not complied with, and under what circumstances.

9. Immediately after such survey is completed, the surveyor shall post in a conspicuous place on the land, and also on his own office, and at the Post Office or Police Court nearest to the land, a notice in the form set out in Schedule E.

### OBJECTIONS.

10. Any person objecting to such application being granted shall, within the time appointed by the last mentioned notice, lodge with the warden and leave for the applicant, or if more than two, for any two named in the application, at his or their address stated in the said notice, a statement, in writing, of the grounds of his objections. No particular form of objection shall be necessary, so that it clearly appears whose application is objected to, and the grounds thereof, and the address of the objector, which shall be his address for all the purposes of these regulations. Each objector must at the same time deposit with the clerk of the warden, or (if no such clerk) with the clerk of the petty sessions holden nearest the land, the sum of £5 to be dealt with as hereinafter provided. The clerk receiving such deposit shall give a receipt in the form set out in Schedule C.

### DUTIES OF WARDEN.

11. Within four days after the expiration of the seven days for lodging objections, whether any objections shall have been lodged or not, the warden shall give to the applicant and objectors (if any) two clear days' notice of the first court to be holden to inquire into such application and the objections (if any); and he shall accordingly hold such court at the time and place appointed in such notice. If there are more than two applicants in any one application, notice to any two named in the application shall be sufficient.

12. The warden shall at such first court, which shall be continued from day to day until the adjournment hereinafter mentioned—

1st. Require evidence (to be reduced into writing by him) from the applicant, that the requirements of Rule 4 have been complied with by the applicant, and if not complied with, in what respects and under what circumstances, and as to any other matter or thing connected with such application as he shall think proper. And if objections have been lodged he shall (2ndly) proceed to inquire into the matters of such objections, and shall take down in writing all oral testimony given by and on behalf of the applicant and objectors with reference to such objections, and all matters and things connected therewith, and mark in the usual way all documentary evidence produced, and shall take possession thereof, or of a certified copy thereof. After the applicant and objectors have concluded the evidence aforesaid, the warden shall then adjourn the court.

13. The mode of conducting the business of such court shall be entirely in the discretion of the warden, and the court shall be open to the public.

14. On the expiration of three clear days after the adjournment of the court the warden shall transmit to the Minister of Mines the application, plan, report of mining surveyor, objections (if any), evidence written and documentary, and all other writings relating to the application, with his observations and opinion thereon.

15. The applicant and objectors (if any) shall be entitled to take copies of, or make extracts from, any of the particulars mentioned in the preceding rule before the same are transmitted to the Minister of Mines.

16. The Minister of Mines shall, as soon as practicable after receiving the particulars aforesaid, notify to the warden whether or not the particulars so transmitted are sufficient, and whenever the Minister of Mines shall notify that the same are sufficient, the warden shall, immediately on the receipt of such notification, post at the place where the first court was held a notice to the effect that the court in the matter of such application is closed.

17. In case the Minister of Mines shall be of opinion that the particulars transmitted to him are not sufficient, he may take all or any of the following courses, one before the other, or in any order, and as often as he shall think fit, before the court is closed, as hereinafter directed:—

(a.) State to the warden on what subjects the particulars aforesaid or anything connected therewith are not sufficient, and may require further observations from the warden respecting such subjects, with his opinion thereon and the reasons therefor.

(b.) Require the Mining Surveyor who made the first plan and report, or any other mining surveyor instructed by him for that purpose, to make a further plan or report, or both, as to the land or any part thereof, and as to any other matters or things the Minister of Mines may think proper connected with the application.

(c.) Direct the warden to hold an adjourned court for inquiry as to the application and objections (if any) and as to any matters and things connected therewith; such matters and things to be specified in the direction to hold the court.

18. The warden shall, immediately on the receipt of such last-mentioned direction, and as often as such direction shall be received, give the same notices of an adjourned court as hereinbefore required for the first court, and in addition thereto he shall notify to the applicant and the objectors (if any, whom it may in his opinion concern), the matters and things respecting which such adjourned court is to be held.

19. At and after such adjourned court, and every adjourned court directed by the Minister of Mines, the duties of the warden shall be the same as at and after the first court, except that the matters and things for inquiry at each adjourned court respectively shall be the matters and things specified in the direction of the Minister of Mines to hold each adjourned court.

20. After every such adjourned court, and within three days thereof, the applicant and objectors (if any) shall be entitled to take copies and make extracts, as specified in Rule 15.

21. After the Minister of Mines is satisfied, by all or any of the courses aforesaid, that the particulars transmitted to him are sufficient, he shall notify such fact to the warden, who shall on receipt thereof, or as soon thereafter as practicable, post the notice hereinbefore directed in that event by Rule 16.

22. The applicant, or if there shall be two or more, such two or any two named in the application, shall be bound to attend the first court and all adjournments thereof (if any), either by himself or themselves, and may be heard by his or their counsel or agents; but in case of more than two applicants, any two of them attending (whether the same or not) who attended at the first or any adjourned court) shall be sufficient. The warden shall note in the evidence the absence of any party hereby bound to appear, and shall inquire into the truth of any excuse offered for such absence, which shall likewise be entered in the evidence. Any objector, whether served with notice of any adjourned court or not, may adduce evidence on the matters or things directed to be inquired into thereat.

23. The Minister of Mines will as soon as practicable after the particulars and matters aforesaid are sufficient, submit the application with all the particulars and materials aforesaid to the Governor, who will, on consideration thereof and of all circumstances connected therewith, refuse such application or grant the same as he shall see fit: Provided that in granting such application it shall be lawful for the Governor to determine whether the whole or what part of the land shall be included in such lease and to define the same accordingly, and also to alter as he sees fit any of the other terms proposed in the application. The lease to be granted in pursuance of the Governor's determination shall not be issued until after the expiration of one month from the time of a notice of the intention to issue the same appearing in the *Government Gazette*, and in some newspaper circulating in the district within which the land is situate.

24. If the Governor shall refuse to grant a lease, the application shall be deemed to be abandoned, and such abandonment shall take effect from the date of the notice of such refusal appearing in the *Gazette*, as provided in that event by these regulations.

25. If the Governor shall determine to grant a lease of the land or any part thereof, such lease will, after the expiration of the last-mentioned month be forwarded to the warden, who on the receipt thereof shall notify such fact to the applicant.

26. Before executing the said lease the applicant shall pay to the Receiver of Crown Revenue for the district in which the land is situate the sum of £1, as a fee for the preparation of the lease, and shall also pay the half-year's rent then due as reserved in the said lease, and shall produce receipts for such payments to the warden before executing the lease, and unless so produced, and also unless Rule 36 has been complied with, the warden shall not allow such lease to be executed, but the applicant shall after complying with the requirements aforesaid be permitted by the warden to execute the lease.

27. Every successful applicant for a lease shall execute the same, and such lease shall, after it has been registered as hereinafter provided, be delivered to the applicant, or if more than one applicant, to such of them who shall execute the lease as the warden shall think fit.

28. The applicant shall execute the lease within twenty-one days after the receipt from the warden of the above-mentioned notification that he has received the same, and after that time the applicant shall not be allowed to execute the lease, unless by the permission of the Minister of Mines, but in no case shall the applicant execute the lease after the expiration of sixty days after the day of the date of the *Government Gazette* in which a notice that the lease is ready for execution by the lessee shall have been published; and if not executed within the time last aforesaid the lease shall be deemed void.

29. The lease to be issued by the Governor to the applicant shall be in the form and to the effect and shall contain the reservations, covenants, and provisos set out in Schedule I hereto, or with such modifications and additions as the circumstances of the case may require or as the Governor may think proper.

30. The Governor shall have power at any time during the progress of the application, and before the lease shall be executed by him, to declare by writing under his hand that the application is abandoned, and after the lease has been executed by him, and before its execution by the applicant, that such lease is void, and thereupon the secretary shall publish in the *Government Gazette* a notice to the effect that the application of [naming him], dated \_\_\_\_\_ day of \_\_\_\_\_, 18\_\_\_\_, for a gold mining lease of the land (describing it as in the application) was abandoned, or the lease executed by the Governor, dated the \_\_\_\_\_ day of \_\_\_\_\_, 18\_\_\_\_, between Her Majesty the Queen and [the applicant], of the land (describing it as in the lease) is void, as the case may be, and such notice in the *Gazette* shall be conclusive evidence in all courts of law and other judicature of such declaration having been made, and that such application was abandoned or such lease void, as the case may be, as from the date of such notice, and thereupon the land shall be open as if no application for a lease or the lease so declared void had ever been made.

31. The secretary shall publish in the *Gazette* a similar notice to that mentioned in the preceding rule, in every case where by these regulations the applicant is stated to have abandoned, or to be deemed to have abandoned his application, or the lease is stated to be void, or to be deemed void; and such notice shall be conclusive evidence in all courts of law and other judicature that the application was abandoned or the lease void (as the case may be), from the date of such notice in the *Gazette*, and the land shall thereupon be open as if no application for a lease, or the lease so declared void, had been made.

32. The first half-year's rent reserved on the lease shall be deemed to have accrued on the day of the date of the lease, and shall be paid before the lease is executed by the applicant.

33. The duplicate application, and all the plans, reports, objections (if any), evidence, and all other papers and writings relating to the application, shall be deposited with the Minister of Mines, or in such other place or places as he shall direct; but, after the application shall have been dealt with, all written documents and certified copies received by the warden in evidence from any person or persons at the first court or any adjourned courts under these regulations shall be returned by the warden to the person or persons from whose custody the same were produced and delivered to him, and for that purpose, the warden shall enter in a book to be kept by him for that purpose, the name and address of the person or persons from whose custody each of such documents or certified copies was produced and delivered; but the warden shall not be liable for the loss of any such document or certified copy accidentally lost or destroyed. Any person may, with the sanction of the Minister of Mines, obtain copies of, or extracts from the particulars aforesaid, on paying eight pence a folio for any copy or extract, and what may be deemed right by him for any plan or map.

#### PERSONS OCCUPYING THE LAND UNDER "THE MINING STATUTE 1865" CLAIMING COMPENSATION (CALLED CLAIMANTS).

34. Every person occupying the land, or any part thereof, under any license or right derived under *The Mining Statute 1865* (hereafter called the claimant), whether he shall or not lodge an objection under Rule 10, shall be entitled to be compensated by the applicant for any buildings or improvements, or both, made by him, or some one under whom he claims on the land previous to the application; and unless the applicant and such claimant shall agree on the amount of such compensation, the claimant shall send in a claim to the warden, who shall determine the same, and also as to whether the claimant is in lawful occupation of the land, or any part thereof, under the said statute, at such time and place as he shall appoint, of which one clear day's notice shall be given to the applicant and claimant. Notice of any such agreement shall be given by the claimant to the warden, and in case he shall not give such notice, he shall not be entitled to the benefit of Rule 36.

35. The warden shall at such time and place (whether or not the applicant and claimant, or one or neither of them attend), proceed to inquire into the matter of the claim, and shall as soon as practicable thereafter, make his award in respect of such claimants as shall appear to him to be entitled to compensation. Such award shall be in the form marked G in the schedule hereto, and shall be delivered by him to the claimant. If the warden shall be of opinion that the claimant is not entitled to compensation, he shall post a notice to that effect on some conspicuous part of his court.

36. The warden shall not allow the applicant, and the applicant shall not be entitled to execute the lease as provided by these regulations, unless and until the warden has been satisfied that the applicant has paid, or satisfied, or tendered the compensations agreed or awarded (as the case may be) to be paid to such

claimants as shall occupy the land, or any part thereof, contained in the proposed lease.

#### AS TO THE DEPOSITS.

37. The applicant's deposit shall be subject to any orders which the Minister of Mines or the warden may at any time or from time to time after the same is deposited make for the payment thereof of any costs to the Crown, the objectors or any other person; and the clerk with whom the same is deposited shall pay thereout such sums as shall by written order be directed to the persons named in any such order, and if any balance remains, the same, or if no costs are so ordered to be paid thereout, the whole thereof shall be paid to the applicant, or if more than one, to such one or more of them as shall apply to the warden for the same after the execution of the lease or after the notice of the refusal or abandonment of the application appearing in the *Government Gazette* as by these regulations directed, but not before. The whole deposit or any balance remaining after the payment of expenses shall be forfeited and paid into the revenue if the application is abandoned by the applicant, or if the lease applied for is refused because the applicant has applied for land lawfully held by other persons who have not consented to the issue of a lease, or if the applicant refuses or neglects to execute the lease within the time specified in these rules.

38. The deposit of £5 made by the objector shall in like manner be subject to the orders of the Minister of Mines or of the warden for the payment of any costs thereout either to the Crown, the applicant, or any other person, to be made at any time after the same is deposited and before the expiration of thirty days from the court being closed as by these regulations provided, and the balance (if any) or the whole thereof (if no costs ordered to be paid thereout within the time aforesaid) shall, upon application to the warden, be returned to the objector who deposited the same.

#### MISCELLANEOUS RULES.

39. Any applicant may at any time withdraw his application by giving notice to the warden that he so withdraws, and thereupon the application shall be deemed to be abandoned.

40. If the applicant is out of the colony, he may comply with these regulations or any part of them by his attorney, and if by attorney, such attorney shall be constituted by the execution of a power-of-attorney for that purpose in the form or to the effect set out in Schedule I hereto annexed, or in such other form as shall in the opinion of the Minister of Mines be sufficient for the purpose, and such attorney shall be bound to comply with these regulations in all respects as the applicant would have been if personally present. Such power shall be filed as hereinafter provided, and a certified copy thereof, together with the Registrar-General's receipt for the original power-of-attorney, shall be left with the warden.

41. Any person or persons being the lawful holder or holders of the lease granted by the Governor, except any person or persons who by operation of law shall be entitled to sell or dispose of such lease for the benefit of creditors or a creditor, in which case no license shall be necessary, shall (if desirous of so doing) apply to the Minister of Mines for a license, under the hand and seal of the Governor, to transfer, underlet, mortgage, or otherwise dispose of, or incur such lease or the premises comprised therein, or any part or parts thereof, and it shall be lawful for the Governor to grant or refuse such application. Every such application must be accompanied with a remittance of £1, which will be returned if the application be refused. Unless the person or persons so applying is or are the legal holder or holders of the lease, such license if granted shall have no effect. Such license if granted shall be in the form set out in Schedule I hereto annexed, or as near thereto as practicable.

42. These regulations are subject to the special powers vested in the Governor in Council by the 45th section of *The Mining Statute 1865* on the occasion of granting any particular lease.

#### REGISTRATION OF LEASE.

43. The lease and every transfer, sub-lease, mortgage, or incumbrance thereof, or any part or parts of the premises comprised therein shall be registered, and every power-of-attorney authorized by Rule 40 shall be filed in manner provided by law for the registration and filing of similar instruments in the colony; and the fees to be paid on such registration and filing, and the duties of persons conducting the same, shall be the same as in ordinary cases of a similar nature. (Printed copies of the forms (except the form of lease) in the schedules will be issued at the office of the warden free of expense.)

#### HOLDERS OF MINERS' RIGHTS MAY APPLY FOR LEASED LAND UPON A BREACH OF THE COVENANTS OR CONDITIONS OF LEASE.

44. If the lessee or lessees of any lease issued under these regulations, his or their or its successors, executors, administrators or transferees, shall commit a breach of any of the covenants of such lease, it shall be lawful for the holder or holders of a miners' right or rights to apply to the Minister of Mines in the form set out in Schedule J hereto, and if such application shall be made, and the person or persons so applying shall lodge with the clerk of the warden, or if no such clerk, with the clerk of petty sessions holden nearest the land so leased, the sum of £10 sterling for costs, the Minister of Mines may if he think fit refer the said application to the warden, with directions to hold a public inquiry concerning the alleged breach.

45. The warden shall give such notice to the parties as he shall think necessary, and on failure of either party to attend him he may proceed *ex parte*, and on such inquiry shall hear and examine the parties and their witnesses, and make a report thereon to the Minister of Mines; and on any such hearing the warden may allow, in his discretion, to the lessees or lessee, their, his, or its successors, executors, administrators or trans-

ferees costs not exceeding £10, to be taken out of the deposit made by the person or persons so applying as aforesaid.

46. If the Minister of Mines, after perusing such report, shall be of opinion that any breach of any of the covenants or conditions of the lease has been committed, and that the lease should be forfeited, he shall submit the matter for the judgment and determination of the Governor in Council.

47. If the Governor in Council shall declare the lease to be void, it shall be lawful for the Governor, in the name and on behalf of Her Majesty, but subject to section 41 of *The Mining Statute 1865*, to grant to the person or persons so applying a lease of the whole or any portion of the land held under the determined lease, for such term, not exceeding fifteen years, as the Governor shall think fit.

48. In the event of the lease being declared void, the former lessees may, at any time within forty days after the publication of the declaration of same in the *Government Gazette*, remove any plant, machinery, engines, or tools on the land so held under the determined lease, but not timber used in and for supporting the shafts, drives, galleries, or adits in the mine.

Provided always and it is hereby agreed that if the said half-yearly rent shall be in arrear for twenty-one days after the same shall have become payable, or if any other sum of money hereby covenanted to be paid shall be in arrear twenty-one days after the time appointed for payment thereof, whether such rent or sum of money shall have been legally demanded or not, any Bailiff of Crown Lands may, by himself or his agents, enter upon the said land, and seize and distrain all gold, and rock or earth containing gold, actually gotten, and all machinery, apparatus, tools, wagons, carts, carriages, engines, plant, live and dead stock, and all other goods, chattels, and effects whatsoever in, upon, and about the said land and premises; and every distress then made may take away, sell, and dispose of, as in cases of distress for rent reserved in common leases, and out of the moneys arising thereby retain so much as shall be sufficient to satisfy the said arrears and other payments, and which shall at the time of such sale be unpaid, and all expenses incurred by him or them; and if any surplus, the same to be paid to the said lessee, h. executors, administrators or transferees.

And the said lessee do hereby for himself, h. heirs, executors, administrators and transferees covenant with Her Majesty, Her heirs and successors, in manner following, that is to say:

1. That the said lessee, h. executors, administrators, and transferees shall and will during the said term pay unto Her Majesty, Her heirs and successors, the rent hereby reserved, at the times and in manner hereinbefore appointed for payment thereof clear of all deductions.

2. And also shall and will, except when prevented by inevitable accident or during the execution of repairs, make, construct, and work the said land, mine, and premises in the best and most effectual manner and without interruption. And shall and will diligently explore and search for gold, and work the said land, mine, and premises to the best advantage.

3. And also shall and will employ in the construction of the works, or in mining operations on or under the said land, during

the first month of the said term and during the usual hours of labor, able and competent workmen and miners at the least, and during the remainder of the said term not less than such miners and workmen; unless prevented by inevitable accident or during the execution of repairs.

4. And also shall and will, during the said term, effectually drain the said mine, and pump out all water likely to cause injury thereto, or which would prevent or interfere with the working thereof, and if the said mine shall be affected, or liable to be affected, by the same flow or body of water as any other mine or mines contiguous thereto, shall and will contribute with the lessee or lessees, or owner or owners of such other mine or mines, a reasonable proportion of the machinery and labor necessary to free and keep free such mine or mines from water to a workable extent; or if the said mine shall be kept free from water to a workable extent, whether wholly or partially by means of the machinery and labor of a contiguous mine or mines, then shall and will pay for and on behalf of the lessee or lessees, owner or owners of such contiguous mine or mines, a reasonable proportion of the expenses of such machinery and labor; the Minister of Mines for the time being to depute some efficient person who shall have access to, and inspection of, all such mines to determine when the said mine is so freed or kept free wholly or partially from water, and what are the reasonable proportions of the expenses aforesaid, and to whom and when the same are to be paid; such decision to be final and conclusive on all parties.

5. And shall and will make such provision for the disposal of the detritus, dirt, waste, workings, or refuse of the said mine, so that the same shall not be an inconvenience, nuisance, or obstruction to any roads, ways, rivers, creeks, or private or Crown lands, or in any manner occasion any public or private damage or inconvenience.

6. And also shall and will make such provisions for decency, and the observance of sanitary regulations, as the Minister of Mines for the time being shall approve of or direct.

7. And also shall and will erect and keep erected, during the said term, posts not less than two feet six inches high above the ground, and painted white, so as accurately to define the boundary-line and angles of the said land, and so that each post shall be visible from those nearest to it on each side.

8. And also shall and will, if required by the Minister of Mines, erect and keep in repair a substantial wall or fence round each of the shafts, at any time during the said term, open on any part of the said land or used for the purpose of the said mine so as effectually to prevent all accidental access thereto; and when the Minister of Mines for the time being, or other person authorized in that behalf shall consider any such shaft unnecessary, and shall by certificate under his hand notify the same, then shall and will effectually fill up and substantially enclose the same.

9. And also shall and will, as often as required so to do during the said term, make and deliver to the Secretary for Mines for the time being, or other officer appointed for that purpose, all such true and proper plans and sections, returns, statistics, and particulars made up to the last day of the preceding month of the workings and operations of the said mine, as shall be in accordance with the rules and directions from time to time issued by the Minister of Mines, or other officer authorized so to do, the same to be accompanied with a statutory declaration of the truth and correctness thereof by the lessee of the said mine, his executors, administrators or transferees, or such other person as the said minister shall direct.

10. And shall not nor will use or occupy, or permit to be used or occupied, the said land for other than mining purposes, or for pasturage, or as garden ground for the persons employed in, on, or about the said mine.

11. And shall not nor will cut any timber on the said land, except for the mining operations hereby authorized and for the domestic purposes of those residing on the said land.

12. And also shall not nor will transfer, underlet, or part with the possession of the said land, mine, and premises, or any part thereof, or mortgage, charge or encumber the same without the license of the person for the time being authorized to grant leases of Crown lands for mining purposes: Provided that no such license shall be necessary in cases where by operation of law or otherwise a sale of the said land, mine, and premises, or any part or parts thereof is made by any person or persons entitled to sell the same for the benefit of the creditors, or a creditor, of the lessee or his transferees.

13. And also shall and will permit the Chief Mining Surveyor, or his deputy, or other duly authorized person, with all proper assistants, at all reasonable times during the said term, quietly to enter into and upon the said land, mine, and premises, to survey and examine the state and condition thereof, and for the purposes aforesaid, to descend all pits and shafts, and to use all roads, ways, engines, ropes, machinery, gear, labor, and other things in or on the said land and mine which shall be deemed necessary by him, without making any compensation for the same, so nevertheless that in so doing no unnecessary interference is caused with the carrying on of the said mining works.

14. And also shall not nor will close up or obstruct any adit or adits to or from any contiguous mine or mines whereby fresh air is admitted or ventilation promoted.

15. And shall and will, during the said term, make proper and reasonable compensation to the occupier or occupiers or lessee or lessees from the Crown of any adjoining land in respect of any damage which may be sustained by him or them by the working of the said mine, or the carrying on the works thereof, or by any other works connected therewith, such compensation to be determined by the Minister of Mines, or other person authorized by him so to do.

16. And further, shall and will at all times during the said term, keep and preserve the said mine and premises from all unnecessary injury or damage, and also the levels, drifts, shafts, watercourses, roads, ways, works, buildings, erections, and fixtures therein and thereon in good repair and condition, except

such of the matters and things last aforesaid as shall from time to time be considered by a mining surveyor, or other proper officer, to be unnecessary for the working of the said mine or any contiguous mine, and in such state and condition shall and will at the end, or other sooner determination of the said term, deliver peaceable possession thereof and of all and singular the premises hereby demised to Her Majesty, Her heirs and successors, or to the warden, or other officer authorized to receive possession thereof.

17. And lastly shall and will observe, perform, and fulfil the stipulations, covenants, and provisos which may be contained in the Second Schedule hereto:

Provided always, and it is hereby agreed and declared in manner following:

18. That it shall be lawful for Her Majesty, Her heirs, successors, and assigns to make and use in, on, or under the said land any levels, drifts, leads, shafts, watercourses, adits, roads, ways, and passages for freeing and keeping free any other lands or mines from water, or for conveying water to any other lands or mines for mining purposes, or for supplying any other mines with fresh air, or for effectually working any other mines, or for any public purpose whatsoever, causing as little damage, obstruction, or interference as possible to or with the said mine and the works thereof.

19. And it shall be lawful for Her Majesty, Her heirs, successors, and assigns to take, carry away, and use any sand, stone, gravel, clay, or timber, in, on, or under the said land for any public purpose whatsoever; and all proper facilities for the purposes aforesaid shall be given by the lessee, his executors, administrators, or transferees: And that if at any time during the said term any part or parts of the said land shall be required for sale or any railway, road, canal, aqueduct, watercourse, reservoir, or any public purpose, it shall be lawful for the Governor for the time being, on giving three months' notice of his intention so to do, to cause to be set out the part or parts of the said land which shall be so required; and so soon as the same shall be so set out, such part or parts of the said land shall cease to be included in the lands hereby granted, and the lessee, his executors, administrators, or transferees shall not be entitled to any abatement of rent or any compensation whatever in respect thereof.

20. ## CONTRACT SURVEYS, 1871.

SEPARATE Tenders for the performance of the several surveys enumerated below will be received at the Department of Lands and Survey, Melbourne, up to Twelve o'clock on Friday the 3rd day of February 1871, under the conditions notified to tenderers for contract surveys in the *Government Gazette* of 14th May 1861.

1. Survey of detached single allotments under twenty acres in extent.

2. Survey of connected Township allotments ranging up to half an acre.

3. Survey of connected Suburban allotments ranging from half an acre to twenty acres in extent.

4. Survey of Country lands in allotments ranging from twenty acres to six hundred and forty acres in extent.

5. Survey of Topographic features of country.

6. Survey of main, secondary, and occupation roads.

Such surveys to be made at the instance of and under the specific directions of the District Surveyor, and will embrace only such surveys as may not be let by the Department by tender in the usual way. The successful tenderer under this advertisement will therefore have no monopoly of the surveys required in the district.

Tenderers will state separately for each district:—

1st. Rate of survey *per lot* for detached single allotments under twenty acres in extent. *A detached single allotment meaning one allotment standing by itself apart from any other allotments surveyed at the same time.*

2nd. Rate of survey *per lineal mile, chained and trenched* as directed in specification for Township surveys.

3rd. Rate of survey *per lineal mile, chained and marked* as directed for Suburban surveys, in allotments ranging from half an acre to twenty acres in extent.

4th. Rate of survey *per lineal mile, chained and marked* as directed for Country lands, in allotments ranging from twenty to six hundred and forty acres in extent.

*In cases where improvements have been effected on any allotment so surveyed, the surveyor will value the same and transmit a memo. of valuation with the plan of survey.*

5th. Rate *per lineal mile, chained*, in Topographic and feature survey and connection lines.

6th. Rate *per lineal mile, chained and marked*, for main, secondary, and occupation roads unconnected with the survey of allotments (both sides of the road to be marked, but payment made by single measurement).

The requisite plans of these surveys to be finished in accordance with the specifications for contract surveying and preparation of plans for photo-lithographic purposes.

The rates accepted for these surveys to be in operation up to the 30th June 1871.

The surveys to be executed personally by the contractor, unless under very special circumstances, which are to be reported to the Surveyor-General, when permission is requested to employ an assistant.

The surveys are to be proceeded with in the following order:— Lists of the applications for surveys in each district received in any one calendar month by the District Surveyor will be handed to the contractor on or about the first day of the month following, and such surveys are to be proceeded with at once, and completed before any further applications of a more recent date can be commenced.

District for which tenders are invited:—

The Board of Land and Works will not necessarily accept the lowest or any tender.

TENDERS will be received until One o'clock p.m. on Tuesday the 14th February next, for the supply of Forage in such quantities as may be required for the service of the Government at the Police and other Stations, from the 1st March 1871 to the 29th February 1872.

Printed forms of tender and conditions of contract may be obtained from the Secretary, Tender Board, Treasury, Melbourne, or from the officer in charge of police at each station, by whom also any information or explanation will be afforded to persons tendering.

Each station to be tendered for on a separate form of tender, and tenders must be upon the printed form.

Tenders will be received for either oats, bran, hay, or straw; but if all be included in one tender, it may be accepted for one article only, if advisable. The tender must show the particular kind of hay or straw offered.

Tenders must express the prices in words as well as in figures, and without alterations, erasures, or discrepancies.

As much forage as can be stored at any station where the storage is small, will, for the convenience of the contractor, be ordered at one time.

The price must be per cental for hay, straw, oats, and bran (net weight), including delivery at the stations and all charges; bags to be returned when empty.

Tenders not complying with the terms of advertisement will not be entertained.

The successful tenderer will be required to enter into a bond for one-third of the estimated amount of the contract, within ten days after the acceptance is notified. Two approved securities are required for contracts amounting to £150 and upwards, and one surety for contracts under £150.
