Dickason, Henry Lee, Hugh McCoil, and James Trevarrow, hereinunder styled Piper and party, subject to the conditions, restrictions, and regulations hereby imposed and made by the Governor in Council, and subject to conditions, restrictions, and regulations imposed and made by the Board of Land and Works in an instrument of even date herewith, to occupy for mining purposes the piece of land described in the schedule hereto, which forms a part of the lands reserved or set apart or used for railway purposes.

1. The said Denovan and party and Piper and party shall not nor will sink shafts upon or otherwise break the surface of the said land, or use or occupy the surface thereof in any way, unless and until they shall have obtained the permission in writing of the Commissioner of Railways and Roads.

2. The said Denovan and party and Piper and party shall not nor will mine, or make any drive, gallery, or work under the said land at a depth less than one hundred feet from the natural surface thereof.

3. It shall be lawful at any time for any officer authorized by the Commissioner of Railways and Roads or by the Minister of Mines, together with such person or persons as such officer may require for assistance, to visit and examine the shafts, galleries, drives, airways, and waterways on, under, or in connection with any workings within the said land, and to use any machinery therewith connected, whether the shafts, galleries, drives, airways, and waterways be within the said land or not, so that they be connected with any workings on or within the said land; and all persons employed in connection with such workings shall afford all necessary facilities to such officer and his assistants as may be required for the purposes of and with a view to such inspection.

4. The Engineer-in-Chief of Railways, or other officer authorized as aforesaid, may order that the galleries, drives, ways, passages, &c., be stowed if necessary, or may order that such masonry or other works of art be made and erected at the cost of the said Denovan and party and Piper and party as in his opinion may be required for the support of the surface or as a precaution against any contingent damage to the railway; and thereupon the said Denovan and party and Piper and party shall cause the work so ordered to be well and truly done with all reasonable speed.

5. 6. Before commencing to mine on, or under, or within the land described in the schedule, Denovan and party and Piper and party shall enter into an agreement as to the mode in which the operations shall be conducted, the terms of which shall first be submitted to and approved of by the Minister of Mines, and in the event of any dispute subsequently arising the Minister of Mines shall finally judge and determine the matter.

General Post Office,
Melbourne, 8th September 1871.

CONVEYANCE OF MAILS, 1872.

FOURTH CALL.

TENDERS are hereby invited, and will be received until Noon of Tuesday the 14th November 1871, for the Conveyance of Post Office Mails as undermentioned, for one year, from the 1st January 1872 to 31st December 1872.

Tenders are required to be written on a form, printed copies of which may be had gratuitously on application at any post office in the colony, and may be forwarded (if by post, prepaid), addressed to the Honorable the Postmaster-General, with the words "Tender for the Conveyance of Mails" endorsed on the cover, or placed in the tender-box at the General Post Office.

Tenderers are requested to describe by their numbers, as below, the mail services for which they tender, and every tender will be taken to include the entire service as called for. The amount of the tender must be stated in words as well as figures.

Every tender must bear the *bona fide* signatures and addresses of the tenderer, and of two responsible persons willing to become bound for the fulfilment of the same in such sum as the Government may direct, not exceeding the gross amount of the contract.

Every tender must be accompanied by a bank deposit-receipt for a sum equal to TEN PER CENT. of the amount for which the tenderer is willing to undertake the service; the money to be lodged to the credit of the Deputy Postmaster-General, and to be absolutely forfeited to the Government in case the person whose tender may be accepted shall fail to complete, within ten days of the date of notice being given of the acceptance of his tender, the usual bond and contract to the satisfaction of the Government. The notice of acceptance, if delivered at the address named in the tender, shall be deemed sufficient.

The money deposited by successful tenderers will be returned to them upon application, on the bond and contract being completed.

The money deposited by unsuccessful tenderers will be returned to them on application, and on their signing receipts for the respective amounts, but not otherwise.

Persons tendering are requested to state the description of the vehicle they intend to use, and the number of horses by which it is to be drawn.

A separate tender must be sent in for each service; but notwithstanding this condition, any offer will be entertained for the performance of any number of services for a lump sum. The number of the service or services tendered for must be plainly endorsed on the outside of the cover.

The tender of any person failing to comply with the foregoing conditions will not be entertained.

The general conditions referred to in the printed form of tender, and upon which the tender is to be made, can be inspected by persons proposing to tender, either at the General Post Office or at any post office in the colony.

The attention of tenderers is drawn to the condition which requires that in cases where vehicles are used Members of Parliament shall be conveyed free of charge between the districts they represent and the districts in which they reside and Melbourne.

The Government will not necessarily accept the lowest or any tender.
