ARARAT MINING DISTRICT.

BYE-LAW NO. 1 OF THE ARARAT MINING BOARD FOR THE DIVISIONS OF ARARAT, PLRASANT CREEK, AND BARKLY, AND FOR THE DIVISION OF RAGLAN SO FAR AS IT RELATES TO QUARTZ MINING ONLY.

At a meeting of the mining board of the Mining District of Ararat, begun and holden at the mining board room, Ararat, in the said district, on the sixth day of June, One thousand eight hundred and seventy-one, it is ordained by the said board as follows, that is to say:—

SECTION I.—ALLUVIAL BYE-LAW.

1. *Interpretation of words and terms.*—In the interpretation of, and for the purposes of the provisions of this bye-law, the following words and terms, if not inconsistent with the context, shall have the respective meanings hereby assigned to them (that is to say):—The term "lead" shall mean the alluvial deposit or washdirt containing gold running in a continuous course or occurring successively in patches; the word "miner," "person," "claimholder," "shareholder," "party," shall be construed to imply any mining party or copartnership for mining purposes; and all words and terms used in the singular number shall include the plural number.

PROSPECTING.

2. *Interpretation clause.*—The term "prospector" shall mean any person engaged in searching for or discovering any new, lost, or abandoned lead or deposit of gold.

3. *Prospecting claims shall be registered.*—All prospecting claims shall be registered in form of schedule A, and any miner discovering payable gold in a prospecting claim shall without delay give notice of the same to the mining registrar, and such notice shall be in the following form:—

"I [or we], the undersigned, hereby give notice of our discovery of payable gold, and I [or we] do hereby declare that the particulars hereunder set forth are true—

Name of applicant.	Situation of claim.	Depth and nature of sinking.	Prospect obtained.

"Dated this day of 187 .
[Signature of applicant.]"

And the registrar shall, upon receipt of such notice, immediately post a copy of the same in front of his office. Prospectors not complying with the conditions of this clause shall only be entitled to an ordinary claim.

4. *Marking out claims.*—Claims must be marked out by a conspicuous peg at each end (the upper and the lower), on the supposed course of the lead, and may be of any width not exceeding four hundred (400) yards, until the prospectors obtain gold in payable quantities, when the width must be reduced in accordance with clause 5, and a peg projecting not less than three (3) feet above the surface must be placed at each corner of the claim, and in such manner that the boundary lines which meet at each peg shall form right angles with each other. Such pegs shall be kept visible during the working of the claim: Provided always, that after the boundaries have been adjusted in accordance with clause 5, they shall not be varied by reason of the course of the lead being subsequently found to be different from the course determined on at the time of fixing the boundaries.

5. *Size of claims.*—Prospectors shall be entitled to an extent of claim as specified in the following table:—

WET SINKING.	
For discovering a new lead— Not exceeding two (2) miles from any gold workings, one hundred (100) feet along the course of the lead by a width of four hundred (400) feet for each man. Exceeding two (2) miles, one hundred and forty (140) feet along the course of the lead by a width of four hundred (400) feet for each man. No claim shall exceed in extent the area allowed for twelve (12) men.	For discovering a lost lead— Eighty (80) feet along the course of the lead by a width of four hundred (400) feet for each man. No claim shall exceed in extent the area allowed for twelve (12) men.

DRY SINKING.	
For discovering a new lead— Not exceeding one (1) mile distant from any gold workings, the extent of claim shall be two hundred (200) feet by two hundred (200) feet. Exceeding one (1) mile and not exceeding three (3) miles, three hundred (300) feet by three hundred (300) feet. Exceeding three (3) miles, five hundred (500) feet by five hundred (500) feet. No prospecting claim shall be marked out within five hundred (500) yards of the nearest boundary line in wet sinking, and two hundred and fifty (250) yards of the nearest boundary line in dry sinking, of any other prospecting claim on any supposed same lead.	For discovering a lost lead— One hundred and fifty (150) feet by one hundred and fifty (150) feet.

6. *Conditions.*—Prospecting claims shall be worked in accordance with the clauses regulating the class of mining under which they occur.

ORDINARY CLAIMS.

DRY SINKING.

7. *Size of claims.*—The size of claims shall be forty (40) feet along the supposed course of the lead for each man by eighty (80) feet in width. No ordinary claim shall exceed in extent the area allowed for four (4) men.

8. *Spare ground and over-sized claims.*—Any miner or miners may measure the surface area of any claim, and should there be too much ground therein, he or they shall be entitled to the excess on whichever side of such claim he or they may prefer: provided the superficial area of such excess does not exceed the quantity allowed for the number of miners so taking possession.

9. *Marking off and shepherding claims.*—On the day on which any claim shall be taken possession of by one of the shareholders must remain thereon for two consecutive hours between Nine a.m. and Noon, and on every succeeding day each shareholder in such claim must be present thereon during the time above mentioned, until work is commenced and continued in a *bona fide* manner; but where a claim has been marked out at such an hour as to render it impossible to shepherd during the hours named, then the person shall, if marking out before Twelve o'clock at noon, shepherd the proportion of time that is practicable, and if subsequent to the hour of noon he shall not be compelled to shepherd on that day: provided always that in the case of any such shareholder being a female, or male under fourteen years of age, the same must be represented by a competent miner. No share or interest in any claim being shepherded shall under any circumstances become liable to forfeiture unless through absence from such claim during the hours specified above. But no person holding a share or interest in a claim under this clause can hold any other share or interest at the same time, unless such share or interest be represented by a miner other than himself, and in all respects in accordance with the provisions of this bye-law.

WET SINKING.

10. *Interpretation clause.*—The term "wet sinking" shall mean where water occurs below the surface-drift or gravel in such quantity as to render slabbing and baling necessary.

11. *Size of claims.*—The size of claims shall be fifty (50) feet along the course of the lead for each man, by a width of one hundred (100) feet. No ordinary claim shall exceed in extent the area allowed for twelve (12) men.

12. *Commencement of work.*—Claimholders within three claims of the last claim bottomed, and at work, in which water has been struck, shall commence to sink their shaft, and shall continue to do so during the usual working hours of every day until the "well" shall be completed or the claim abandoned, unless the water shall prove too heavy, and work shall be suspended with the consent of the adjoining claimholders. Non-compliance with this clause shall render the claim liable to forfeiture.

13. *Shepherding.*—Any party beyond the three claims above-mentioned may hold their claims unworked by fulfilling the conditions specified in clause 9.

14. *Water baling.*—The owners of any claim neglecting to bale their fair proportion of water during the day, and night if necessary, shall render their claim liable to forfeiture.

15. *Other clauses applicable.*—Clause 9 shall apply to wet sinking.

OLD WORKINGS.

16. *Interpretation clause.*—The term "old workings" shall mean ground that has for the greater part been undermined.

17. *Size of claims.*—The size of claims shall be one hundred (100) feet by one hundred (100) feet for each man.

18. *Tunnel claims, &c.*—In any tunnel, tramway, or horse-wheel claim, two (2) men may hold six (6) men's ground until washdirt is struck, after which the claim shall be fully represented.

EXTENDED BLOCK CLAIMS.

19. *Extended block claims.*—Claims on alluvial leads in which the amount of water is so great as to render necessary the employment of horse-power or steam machinery may be worked as extended block claims.

20. *Extent of claims.*—The extent of claims shall be as follows—

Depth of sinking.	Length of claim.
Not exceeding one hundred (100) feet	Sixty (60) feet
Exceeding one hundred (100) feet and not exceeding two hundred (200) feet	Seventy (70) feet
Exceeding two hundred (200) feet, and not exceeding three hundred (300) feet	Eighty (80) feet
Exceeding three hundred (300) feet	Ninety (90) feet

For each miner on the supposed course of the lead, but no claim shall exceed in extent the area allowed for sixty (60) men in claims worked by steam machinery, and twenty (20) men in claims worked by horse-power. Such extended block claims may be of any width not exceeding half its entire length.

21. *Mode of taking possession.*—Any person taking possession of a claim shall define its area by firmly fixing in the ground at each corner of the claim a post which shall project at least four (4) feet above the surface, such posts to be kept visible whilst the claim is held in possession, and in no case shall the extent of a claim after the boundaries thereof have been so marked be altered by reason of the depth of the lead being subsequently found to be greater or less than was computed at the time of marking off the extent and boundaries of such claim.

22. *Registration.*—All claims shall be registered in form of schedule C within eight (8) days after possession of the same has been taken.

All applicants for sites surveyed by the mining surveyor shall draw lots for the priority of choice, unless the applicants or any of them have previously erected buildings thereon, in which case such applicants shall be left in possession of the sites they occupy, or unless the applicants can agree mutually without such drawing of lots; previous to the drawing of the lots a plan shall be prepared and the allotments numbered. After obtaining any site by ballot or selection the occupant thereof must within ten (10) days commence to erect a building thereon or the site will be forfeited.

A holder of a business license may take up and occupy any site outside surveyed streets, the area of which does not exceed sixty-six (66) feet frontage by a depth of one hundred and sixty-five (165) feet, on any Crown lands within the Ararat Mining District; provided the same are not reserved for roads or other public purposes.

100. No site shall be occupied in any surveyed street by any other than a holder of a business license, or person privileged under *The Mining Statute 1865*, except in the case of a holder of a miner's right located in such street previous to such survey, or when a business site has ceased to be occupied for business purposes for at least three (3) months, in which case a registry of the business site must be made with the registrar on payment of the sum of One (1) shilling.

101. Any holder of a miner's right shall be entitled to hold, for the purposes of residence, an area of ground not exceeding a quarter (¼) of an acre in extent, to be in the form of a parallelogram where practicable, whose length shall in no case exceed three (3) times its width; such area may be occupied on any Crown lands within the Ararat Mining District not reserved for roads or other public purposes.

102. In the event of a street being surveyed contiguous to a miner's unimproved residence area, his area shall be reduced to a frontage to the said street of thirty-six (36) feet by a depth of one hundred and fifty (150) feet.

103. Any miner may be absent from his residence area for any period not exceeding twelve (12) months without forfeiting the same, by registering it with the mining registrar in form of schedule C, part 3, and paying a fee of One (1) shilling.

105. *Boundary posts.*—The corner posts of all claims shall be at least three (3) feet above the surface; they must be firmly fixed in the ground, and kept visible during the working of a claim or while it is held in possession. In places where it is impossible to keep wooden posts standing to define boundaries, in consequence of the same being situated on public roads, an iron peg firmly driven into the ground shall be a sufficient definition of boundaries; where iron pegs are placed instead of wooden posts to define boundaries, their position must be shown at once to any person wishing to know the same, and all corner posts, if made of wood, must be painted white within twenty-four (24) hours after marking out such claim.

110. *Claims to be worked in a bonâ fide manner.*—Within six (6) days after taking possession of any claim, the owners thereof, or as many of them as can from time to time be properly employed thereon, shall *bonâ fide* proceed to work and continue to work upon such claim by themselves or their agents or servants according to the usual course and practice of efficient mining, and any such holder neglecting to work and to continue to work as aforesaid, either personally or by substitute, shall be deemed to have forfeited his share or interest in and to such claim; nevertheless the title to any claim, share, or interest, shall not be invalidated by reason of such claim being worked by a smaller number of men than are registered in respect of such claim, or by reason of the work being done by contract, hired labor, or otherwise, provided such claim be worked efficiently.

111. *Efficient mining.*—For the purposes of this bye-law, efficient mining shall be the employment of such appliances and such a number of men as shall be necessary to carry on the work at its various stages with reasonable expedition; nevertheless, within three (3) months after the discovery of a payable reef, every share shall be fully represented, or the share or shares unrepresented shall be deemed liable to forfeiture.

112. *Liability of shareholders.*—If any shareholder should neglect to have his interest represented as required by the provisions of this bye-law, a majority of the other shareholders may have his place supplied by a competent miner, and such shareholder shall be responsible for any reasonable wages to the person so employed. Any shareholder who fails to contribute the proportion of working expenses, or of his share of labor due on any claim in which such shareholder is interested, within one week after receiving written notice from the rest of the shareholders, or some agent appointed by them, shall render his interest liable to forfeiture, but no claim or part of a claim shall be taken possession of by any claimant for the same until an order by a competent court has been issued authorizing such possession.

113. *Amalgamation of claims.*—Any number of adjoining claims on the same line of reef may, provided the length of such claims taken together do not exceed four hundred (400) yards, be amalgamated by the holders thereof posting near the centre of the claims so amalgamated a notice stating the registered numbers and extent of such claims, provided that not less than one miner for every two hundred (200) feet be employed thereon; claims so amalgamated must be worked *bonâ fide*; the amalgamation of such claims must be registered in form of schedule G. This clause does not apply to extended prospecting claims.

114. *Suspension of work.*—Any miners who have done three (3) consecutive months' *bonâ fide* work in a claim may obtain from the registrar a certificate (in the form of the schedule B hereto appended) authorizing suspension of work in said claim for any period not exceeding three (3) months; previous to a subsequent suspension being allowed, three (3) additional consecutive months' *bonâ fide* work must be done on the claim. **MINING ON THE RAILWAY RESERVE, SAND-
HURST DISTRICT, AUTHORIZED.**

THE Governor in Council has authorized George Houston, hereinafter styled George Houston and party, subject to the conditions, restrictions, and regulations hereby imposed and made by the Governor in Council, and subject to conditions, restrictions, and regulations imposed and made by the Board of Land and Works in an instrument of even date herewith, to occupy for mining purposes the pieces of land described in the schedule hereto, which forms a part of the lands reserved or set apart or used for railway purposes.

1. The said George Houston and party shall not nor will sink shafts upon or otherwise break the surface of the said land, or use or occupy the surface thereof in any way, unless and until they shall have obtained the permission in writing of the Commissioner of Railways and Roads.

2. The said George Houston and party shall not nor will mine, or make any drive, gallery, or work under the said land at a depth less than one hundred feet from the natural surface thereof.

3. It shall be lawful at any time for any officer authorized by the Commissioner of Railways and Roads or by the Minister of Mines, together with such person or persons as such officer may require for assistance, to visit and examine the shafts, galleries, drives, airways, and waterways on, under, or in connection with any workings within the said land, and to use any machinery therewith connected, whether the shafts, galleries, drives, airways, and waterways be within the said land or not, so that they be connected with any workings on or within the said land; and all persons employed in connection with such workings shall afford all necessary facilities to such officer and his assistants as may be required for the purposes of and with a view to such inspection.

4. The Engineer-in-Chief of Railways, or other officer authorized as aforesaid, may order that the galleries, drives, ways, passages, &c., be stowed, if necessary, or may order that such masonry or other works of art be made and erected at the cost of the said George Houston and party as in his opinion may be required for the support of the surface or as a precaution against any contingent damage to the railway; and thereupon the said George Houston and party shall cause the work so ordered to be well and truly done with all reasonable speed.

5. Previous to occupying any portion of the said land the said George Houston and party shall deposit in the hands of the Receiver and Paymaster at Sandhurst the sum of Fifty pounds sterling, as a guarantee that they will observe and fulfil these conditions, such deposit to be retained until the said persons shall relinquish the land described in the schedule and discontinue mining operations; and if the said conditions, restrictions, and regulations shall then have been observed and fulfilled, the said deposit shall be returned to the depositors, but if any of them shall not then have been observed or fulfilled, then the whole, or such part of the sum so deposited as aforesaid as the Governor in Council shall think fit, shall by an Order of the Governor in Council be declared forfeited, and shall thereupon become public money, and be applied accordingly.

6. In case any person or persons employed in the mining operations hereby authorized shall in any way violate any of the above conditions, it shall not be lawful for him or them any longer to mine under, upon, or within the said land, or to continue in any way to occupy the same; and the Governor in Council shall be the sole judge whether or not any condition has been violated.

7. The Commissioner of Railways and Roads, or any person authorized by him in writing, shall have at any time power to order the immediate discontinuance of any mining operations within or under any part of the said land, whether the above conditions shall have been observed or not, and the mining operations shall thereupon be immediately discontinued; and an order in writing served on any one of the miners, or a written order posted on any part of the land described in the schedule, shall be sufficient notice.

8. The Governor in Council may at any time revoke the Order.

The net weight or quantity only will be paid for. The security will be calculated at ten per cent. upon contracts not exceeding £1000, and at five per cent. over that sum; but the amount will in no case exceed that above stated.

The security must be completed within ten days of acceptance of the tender, failing which the contract may be again advertised, or another tender accepted.

The Government will not necessarily accept the lowest or any tender.

Persons failing to take up their contracts will be disqualified from tendering for Government supplies for a period of twelve months.

All tenders must be enclosed in a separate envelope, marked "Tenders for —" (as the case may be), and be deposited in the Tender-box at the Tender Board Offices, Treasury; or (if sent by post) must be addressed to the Chairman of the Tender Board, Tender Board Offices, Treasury, Melbourne.

CONDITIONS.

1. The supplies are to be according to sample and of the particular manufacture indicated in the schedule of tenders. In the case of different makers' goods, the contractor will be required to supply the kind ordered. In other cases the supplies are to be the best quality of their several kinds or manufacture. A preference will, however, be given to goods of Victorian manufacture, provided the quality is equal to the particular manufacture indicated in the schedule.

2. All orders for supplies will emanate from the departments requiring the goods, and be transmitted through the Stores and Transport Department, except in the case of supplies for the local Military Department, the *Cerberus*, the Harbor Department, and for works and buildings. From these departments the order will be sent direct to the contractor. All orders must accompany the goods on delivery, otherwise the goods will not be received. Delivery as a rule is to be of the full quantity ordered.

3. Supplies ordered for delivery in Melbourne and Williamstown districts are to be delivered free of all charges (whether cartage, freight, &c.), and for the purposes of these contracts Melbourne district will include a radius of six miles from the General Post Office; and Williamstown district will include the town of Williamstown, Hobson's Bay, and the River Yarra.

4. Arrangements as to time of delivery and inspection of goods will be made by the following officers:—

For materials for Works and Buildings	} The Inspector-General of Public Works.
For supplies for Ports and Harbors	} The Chief Harbor Master.
For supplies for the local Military Department	} The Commandant.
For supplies for the ironclad <i>Cerberus</i>	} The Captain.
For all other supplies	} The Inspector of Stores.

5. Orders must receive prompt execution; and in the event of the goods not being delivered within forty-eight hours after the contractor shall have received the order, or within such other time as the order may specify for delivery, it will be competent for the officers named in condition 4, or the head of the department to whom the goods are to be supplied, on giving the contractor twenty-four hours' notice, to purchase the supplies at the contractor's risk, and the extra expense incurred over and above the contract price (if any) will be deducted from the contractor's account.

6. The contractor will be required to furnish his account in the prescribed form simultaneously with delivery of the full quantities of goods ordered, the account being rendered with the order to which it relates. The prices quoted in the orders cannot be increased.

7. The acceptance of the supplies shall be subject to the approval of the officers named in condition 4. The contractor may, however, claim a survey on any goods objected to; but in that case he must, within twenty-four hours after objection is made, give notice thereof in writing to the officer rejecting the goods.

8. Delivery will not be deemed to have been made until the goods have been approved of. All articles rejected must be immediately replaced by the contractor, otherwise purchases will be effected at the contractor's risk, and the extra expense deducted as in condition 5.

9. The members of boards of survey will be appointed by the Government, and the decision of the board is to be considered as final. If the board shall decide that the article is not of proper quality, it must be immediately replaced by the contractor, failing which it will be procured elsewhere, and the survey fees and extra expense (if any) will be charged as in condition 5.

10. A repetition of irregularity in the quantity or quality of the supplies, or of delay in delivering or replacing them when required, will subject the contractor, upon report from the Tender Board, to such mulct, not exceeding Fifty Pounds, as the Government may direct, and the amount may be deducted as in condition 5, or from the contractor's security. It will also be in the power of the Government, upon such repetition, to terminate the contract forthwith.

11. Contractors are not at liberty to transfer their contracts under cover of power-of-attorney, coupled with an interest or otherwise, and no such transfer will be recognized by the Government.

12. It will be competent either for the contractor, on his own behalf, or for the Secretary of the Tender Board, on behalf of the Government, to terminate the contract by giving notice in writing of three full calendar months to the opposite party; it being understood that such notice can only be given from the first day of a month, and within the period for which the contract is made.

13. In the event of any alteration in the Tariff affecting any of the items included in these contracts, the Government, or the contractor, as the case may be, will make a proportionate allowance by way of deduction from, or increase of, the price of the item so affected.

14. The contracts entered into under this notice are not to be considered as being broken, infringed, or vitiated by the importation of stores for the Government service, or by any contracts made by the Imperial Commissariat or the Agent-General for Victoria, or by any contracts or agreements made for any works or supplies by the Department of Public Works, or on account of other Governments; or by any article being made at and supplied for the use of any Government establishment; or by the consumption of the surplus stock of any Government establishment.

GRAHAM BERRY,
Treasurer.

Treasury,
Melbourne, 13th October 1871.

Tenderers can have the option of tendering for six months only, i.e., from 1st January to 30th June 1872, or for the whole period of eighteen months.

Schedules of articles required, printed forms of tender, and conditions of contract may be obtained from the Secretary to the Tender Board, by whom also any information or explanation will be afforded to persons tendering.

The tenders must include the whole of the articles mentioned in the schedule, one price being stated for each article.

The prices must be expressed in words as well as in figures, and total amount of tender stated.

Tenders having alterations or erasures therein will not be entertained.

Oils, tinctures, decoctions, infusions, and liquid preparations generally must be delivered in oval glass bottles. Fuming and other acids, spirits of ammonia, and deliquescent salts must be delivered in bottles having ground glass stoppers when so ordered.

In cases where special manufactures are mentioned in the schedule the contractor will be bound to supply the goods in the original packages, having thereon the maker's label or other trade-mark, as a guarantee of the genuineness of the goods so supplied.

The value of all packages necessary for transport, whether bulk be broken or not, must be included in the prices demanded; the weights and measures mentioned in the schedule are to be those of the new "British Pharmacopœia."

Security will be required in the sum of £100, in cash, Government debentures, or bank deposit-receipt, in favor of Secretary of Tender Board.

Tenderers must state the security proposed, whether in debentures, bank deposit-receipt, or cash deposit.

Tenders must be accompanied by bank notes or a bank draft in favor of the Secretary to the Tender Board, for Ten pounds (cheques will in no case be received), which will be returned within ten days to unsuccessful tenderers on their application.

The security must be completed within ten days of acceptance of the tender, failing which the deposit will be forfeited, and the contract may be again advertised or another tender accepted.

Tenderers failing to take up their accepted tenders will be disqualified from tendering for Government supplies for a period of twelve months.

All tenders must be endorsed, "Tender for Medicines, &c.," and deposited in the Tender-box at the Tender Board Offices, Treasury; or (if sent by post) must be addressed to the Chairman of the Tender Board, Tender Board Offices, Treasury, Melbourne.

The Government will not necessarily accept the lowest or any tender.

CONDITIONS.

1. All articles must be of the best quality of their several kinds, and all preparations or compounds are to be those of the

new "British Pharmacopœia," unless otherwise specially ordered.

2. All orders for supplies under this contract will emanate from the Chief Medical Officer, or from the departments requiring the supplies, and the articles must be delivered at such place in Melbourne or Williamstown districts as may be stated in the order; and for the purposes of this contract all Government offices within a radius of six miles from the General Post Office will be deemed to be within Melbourne; and Williamstown district will include the town of Williamstown and Hobson's Bay. The goods are to be delivered free of all charges for packing, freight, cartage, &c.

3. All supplies, when delivered, must be accompanied by the order, which, when receipted, is to be rendered with the contractor's account. No supplies can be received unless accompanied by the order, and net weight or quantity only will be paid for.

4. The contractor shall, at the time of delivering the supplies, furnish his account in the prescribed form, and present it in a complete state to the Chief Medical Officer, or to the officer taking delivery of the supplies, for payment at the Treasury.

5. In the event of a difference of opinion between the contractor and the officer receiving the supply, as to the quality, the same is to be decided by a board of survey, composed of persons named by the Government, and the decision of the board is to be considered final.

6. If the board shall decide that the article is not of a proper quality, it must be immediately replaced by the contractor, failing which it will be procured elsewhere, and the extra expense and survey fees (if any) will be deducted from the contractor's account.

7. If, from any cause, injury would accrue to the public service by waiting for a board of survey, the Chief Medical Officer, the Inspector of Stores, or the head of the department ordering the supplies (as the case may be), will have the power to reject such article or articles as are obviously of inferior quality; it being understood that they will be responsible to the Government for so doing, and the contractor must take back the rejected article, and supply good in its stead, failing which it will be procured elsewhere, and the extra expense (if any) will be charged as in condition 6.

8. A repetition of irregularity in quantity or quality of the supplies, or of delay in delivering or replacing them when required, will subject the contractor, upon report from the Tender Board, to such mulct, not exceeding the sum of £50, as the Government may direct, and the amount may be deducted as in condition 6. It will also be in the power of the Government, upon such repetition, to terminate the contract forthwith.

9. Contractors are not at liberty to transfer their contracts under cover of power-of-attorney, coupled with an interest, or otherwise, and no such transfer will be recognized by the Government.

10. In the event of any alteration in the Tariff affecting any of the items included in this contract, the Government, or the contractor, as may be the case, will make a proportionate allowance by way of deduction from, or increase of, the price of the item so affected.

11. It will be competent for the Secretary of the Tender Board, on behalf of the Government, or the contractor on his own behalf, to terminate the contract, by giving notice in writing of three full calendar months; it being understood that such notice can be given only from the first day of a month, and within the period for which the contract is made.
