Mr. Casey
Mr. Stephen
Mr. Gillies

Mr. Kerferd
Mr. Cohen
Mr. Mackay
Mr. Fraser
Mr. Ramsay.

WHEREAS by the *The Land Act 1869* power is given to the Governor in Council from time to time to make, alter, and rescind rules, regulations, and orders for the various purposes therein specified: Now, therefore, His Excellency the Governor, acting by and with the advice of the Executive Council, doth hereby rescind to the extent hereinafter mentioned the rules, regulations, and orders hereinafter expressed to be rescinded, and doth make the Regulations following:—

CHAPTER I.—PRELIMINARY.

1. These Regulations shall commence and come into force on the 2nd day of June 1873.
2. Except as to all matters done, rights acquired, and obligations incurred thereunder, and except as hereinafter provided, all rules, regulations, and orders made prior to the commencement of these Regulations under *The Land Act 1869*, except Schedule J of the Regulations dated 26th September 1870, shall from such commencement be rescinded.
3. Where before the commencement of these Regulations any application has been made for the resumption for mining purposes of any land alienated under *The Land Act*, all matters relating thereto shall continue and proceed as if these Regulations had not been made.
4. The Schedules hereto shall be taken to form part of these Regulations.

5. For the purposes of these Regulations, unless the context be inconsistent therewith, the words "Governor," "Board," "Minister," "occupy," "allotment," "cultivation," "substantial and permanent improvements," "traveller," shall have the respective meanings assigned to them in the third section of *The Land Act 1869*; the word "cattle," shall have the meaning assigned to it as used in Part IV. of the said Act, by the said section; the words "large cattle" shall mean cows, heifers, oxen, steers, mares, geldings, colts, fillies, asses, and mules; the words "small cattle" shall mean sheep and goats; the word "farmer" shall mean a person who resides on and uses for the purpose of agriculture or dairying land held by that person, either in fee or under lease or license issued under *The Land Act 1862*, *The Amending Land Act 1865*, or under *The Land Act 1869*; the words "State Forest" shall include all lands reserved under the 53rd section of *The Land Act 1869*.

CHAPTER II.—OF SURVEY.

1. Of Authorized Surveyors.

1. No person shall make any survey upon Crown lands unless he have passed the examination in surveying now or hereafter ordered by the Board, and unless he be thereto authorized by the Board; and persons so qualified and authorized are hereinafter called Authorized Surveyors.

2. Every Authorized Surveyor, when making surveys under these Regulations, shall comply with the following requirements, that is to say:—

- (a.) He shall use a theodolite in correct adjustment, and a chain maintained at the true standard length of sixty-six feet, by daily comparison, when in use, with a standard kept exclusively for such purpose.
- (b.) He shall conspicuously mark on the ground by stakes and trenches the boundary lines of each allotment surveyed by him, and shall distinctly blaze all trees within three feet of such lines.
- (c.) Such stakes shall not be less than three inches square and eighteen inches long when placed at the corners of the allotment, and when placed as intermediate stakes shall be of similar length, and not less than two inches square.
- (d.) Intermediate stakes shall be placed at regular intervals of ten chains along the lines.
- (e.) All such stakes shall be driven into the ground, so that six inches only shall appear above the surface.
- (f.) Corner trenches shall be fifteen links long from the corner stake, cut exactly in the direction of the several boundary lines, and the trenches at the intermediate stakes shall be ten links in length cut in the direction of the line.
- (g.) All such trenches shall be not less than ten inches wide and six inches deep.
- (h.) In places where on account of rock such trenches cannot be cut, the corner stakes and intermediate stakes shall be protected by piles of stones placed around them.

3. Every Authorized Surveyor shall certify under his hand on the plan of each allotment surveyed by him the following matters, that is to say:—

That he in person surveyed the allotment, and in so doing used a theodolite and a chain in accurate adjustment; that the boundary lines of such allotment were marked out on the ground in accordance with the requirements of these Regulations; and that (when magnetic bearings of the boundary lines are specified on plan) the variation from true north of the magnetic meridian is that denoted on the plan.

In all cases where a divergence from or disagreement with any previous survey is ascertained or shown he shall make a special report on the whole case.

4. On receipt of the instruction to survey any allotment, the Authorized Surveyor shall, without delay, make a survey of the land, and insert in the form of application a correct technical description of the allotment applied for, showing its connection with a fixed point in a Government survey, if such a point can be referred to within a distance of six miles from the allotment. Every allotment shall, where it is practicable, contain at least two right-angles, and be quadrilateral. If a narrow strip of land be left between any such allotment and a water-course or lake, the shortest side of the allotment shall front that strip of land. The boundary lines shall conform to the true meridian or as nearly thereto as circumstances admit. If no Government survey

has been made within the distance aforesaid, the allotment shall be connected by traverse with some durably constructed signal station erected on or near the most remarkable topographical feature near the allotment. The surveyor shall supply a plan of the allotment, showing the position within its boundaries of any water-course, water-hole, dam, race, road, track, hut, fence, garden, old gold-workings, and any topographical information that may be necessary to be known by the Local Land Boards when investigating the application. He shall also state on the plan whether the bearings of the boundary lines have reference to the true or to the magnetic meridian; whether there are any adverse claimants to the land; or whether there are any public or local objections to granting the application. The scale of the plan shall, where the area of the allotment is 100 acres or less, be eight chains to one inch; where the area is over 100 acres, twenty chains to one inch, unless a larger scale be required to show distinctly the matters hereinbefore directed to be shown.

5. Every Authorized Surveyor shall, upon completing any survey, forthwith send to the District Surveyor a certified copy of his field notes of such survey.

6. Every Authorized Surveyor may, from time to time and at any time, be required, with his own men and instruments, to run in presence of the District Surveyor or other inspecting officer check lines over work by him performed. If the work be found correct, such check lines shall be paid for by the department, according to the rates of survey per mile gazetted for the district; and if the work be found incorrect, the expense incurred in correction shall be borne by the surveyor.

7. Every Authorized Surveyor shall keep posted up in his office a locality plan or plans, whereon shall be shown all surveys effected by him under these Regulations. Such plan shall be drawn to a scale of four inches to one mile, and shall show all angular and chain measurements of each survey. On being required so to do, he shall forward such locality plans or a tracing thereof to the Surveyor-General for inspection.

8. A list of Authorized Surveyors, with their respective addresses, shall be, from time to time, published in the *Government Gazette*, and shall be kept posted up in the offices of every Land Officer and of every District Surveyor.

9. The fees chargeable by Authorized Surveyors for surveys under these Regulations shall be as follow:—

For a race not exceeding half a mile in length	4 0 0
For a race exceeding half a mile in length, per mile	7 0 0

10. No Authorized Surveyor shall undertake any survey for persons ineligible under *The Land Act* 1869 or these Regulations to obtain a license, or for more than one applicant for the same land, or of land which is not available for occupation under license, unless he first inform such person of the objection, and obtain from him a written order to survey notwithstanding such objection.

11. Every Authorized Surveyor shall keep a record of any orders received by him to survey allotments, and shall personally execute the surveys, and, so far as practicable, consecutively in accordance with the relative priority of the dates of those orders, and shall keep a record of the date of completion of every such survey.

12. If, in the opinion of the Minister, any Authorized Surveyor wilfully or carelessly disregard these Regulations, or any departmental instructions he may from time to time receive, or knowingly mark out any allotment in such a manner as to overlap part of any other allotment previously marked out, or be guilty of undue delay in making survey for any applicant under these Regulations from whom he has received survey fees, or of carelessness in the execution of such survey, the Minister may disqualify such offending surveyor from making surveys under the Board and from tendering for any public surveys.

2. Of District Surveyors.

1. Upon the receipt by him of any application for a license as hereinafter mentioned every District Surveyor shall, with the least possible delay, do the following things (that is to say):—

(a.) He shall endorse on the application a memorandum stating whether the land therein specified, or any part thereof, is included in any mining lease or claim, or in any area exempted from selection in the interest of miners; and whether such land, or any part thereof, has been previously alienated, selected, reserved, exempted from selection, or included in any list of lands published in the *Government Gazette* for sale by auction.

(b.) He shall plot, or cause to be plotted, upon a plan kept in his office, and called the "locality plan," the boundaries of the allotment applied for.

(c.) He shall record the application in a schedule for the consideration of the Local Land Board.

2. Every District Surveyor shall carefully examine the copies of the field books of the Authorized Surveyors, and shall, from time to time, inspect their surveys on the ground and check their computations, and he shall be responsible for the detection of all palpable errors in their surveys.

CHAPTER III.—OF LOCAL LAND BOARDS.

1. For the purposes hereinafter specified there shall be Local Land Boards, and every such Board shall consist of the District Surveyor and of such other persons as the Minister thinks fit.
2. It shall be the duty of every Local Land Board to investigate publicly all applications that are brought before it, as herein provided, for licenses for the occupation, except for pastoral purposes, of Crown lands, and all other matters referred to it by the Minister, and to report to the Minister its opinion thereon.
3. At least seven days before the sitting of any Local Land Board the District Surveyor shall insert in some newspaper published in the town where such application will be heard, or in the town nearest to the bulk of the land for which application is made, a list of the applications to be heard at such sitting by such Local Land Board.
4. No Local Land Board shall hear the application of any applicant unless and until such applicant has paid his share of the cost of such publication to the District Surveyor.
5. No Local Land Board shall, unless by the authority of the Minister, adjourn, except from day to day, until it has disposed of all matters that are brought before it.
6. Within five days after the sitting of any Local Land Board the District Surveyor shall send to the Minister the report of such Board upon all such applications, and upon the objections (if any) to such applications, and shall also send the minutes of evidence (if any) taken before it, and any objections that may be received too late for the consideration of such Board.

CHAPTER IV.—OF SELECTION.

1. Every applicant under the 19th section of *The Land Act 1869* for a license to occupy any allotment shall, between the hours of Nine a.m. and Four p.m., place a conspicuous post or a cairn of stones at each corner of such allotment, or if the allotment consist of more than one parcel of land, at each corner of each parcel, and shall affix to each of such posts or cairns, and maintain thereon until the license be granted or refused, a notice in writing setting forth that he applies for such allotment, the approximate area thereof, and his name and address.
2. If the allotment be the whole of a surveyed allotment the applicant shall, within five days from the time of marking it out as aforesaid, deliver his application to the District Land Officer.
3. If the allotment be unsurveyed, or be or include part of a surveyed allotment, the applicant shall, within five days from the time of marking it out as aforesaid, give instructions for the survey thereof to some Authorized Surveyor, and within twenty-one days from the said time shall deliver to the District Land Officer his application and the surveyor's plan, description, and report.
4. Every such application shall be in the form and shall be accompanied by the declaration on oath prescribed in Schedule I.
5. Every such application shall be delivered to the District Land Officer between the hours of Eleven a.m. and Two p.m. on every week day except Saturday, and upon Saturday between the hours of Eleven a.m. and Twelve noon.
6. The District Land Officer shall, in the form prescribed in Schedule II., record in a book the particulars of every such application, and shall every week, in such form as the Minister may from time to time direct, report the same to the Minister.
7. After recording the application as aforesaid the District Land Officer shall forthwith send to the District Surveyor the application, and the plan, description, and report (if any) relating thereto, and shall also send any other papers connected with such application that before the hearing thereof he may receive.
8. If any person object to any such application he may send to the District Surveyor a statement, in writing, containing full particulars of his objections, not less than three days before the meeting of the Local Land Board at which such application is set down for hearing, and the District Surveyor shall record all such objections, and shall attach the statement thereof to the application to which it relates, and shall submit the same to the Local Land Board.
9. The District Surveyor shall notify by post to every applicant and to every person who in his opinion is interested for or against the application the time and the place of the meeting of the Local Land Board at which such application and the objections (if any) thereto will be heard; but no person shall be deemed to have any right to receive any such notice, and any objection to any such application may be taken by any person at the hearing although no notice thereof has been given.
10. At the hearing of such application the failure to comply with the provisions of these Regulations respecting the time of delivering the application and of giving instructions for survey shall not be deemed to be a fatal objection where the applicant can prove the existence of some reasonable ground of excuse.
11. When, after consideration of the report of the Local Land Board, the Minister approves of the issue of any license, he shall cause such approval to be notified to the applicant, and the applicant shall thereupon within one month from the date of such notification pay during office hours to the proper officer appointed to receive license fees, who shall be named in such notification, the fees for one half-year's or (as the case may be) for one year's occupation, and for the preparation of the license and for the cost of survey as hereinafter mentioned; and the receipt of such officer, which shall be in the form prescribed in Schedule II., shall be sufficient authority for the applicant to occupy the allotment therein mentioned pending the issue of the license.
12. Where the allotment, in respect of which such application has been approved, is the whole of a surveyed allotment, the successful applicant shall pay during office hours to the Receiver and Paymaster, or other officer as aforesaid, the sum of One pound to cover the original cost of survey, and the cost of the report upon his application.
13. When the application of one applicant is approved, upon a survey furnished by and at the expense of another applicant, the successful applicant shall pay to such unsuccessful applicant the cost of such survey, or such sum by way thereof as the Minister may direct; and no license shall issue to such successful applicant until the same be paid.
14. If any person whose application for a license has been approved fail to pay the fees as hereinbefore directed within one month from the date of the notification to him as aforesaid of such approval, his application shall be deemed to be abandoned, and the allotment in respect of which such application was

made shall be available for other applicants, and the proper officer as aforesaid shall forthwith inform the District Surveyor of every such failure.

15. Every officer appointed to receive license fees shall make to the Minister in such form as he from time to time may direct monthly returns showing the persons who have paid and the persons who have not paid the fees hereinbefore mentioned.

16. Every license so issued shall bear date as of the day of the notification of the approval by the Minister, and shall be subject to the conditions specified in Schedule III.

17. Unless by the express direction of the Minister, all subsequent payments of license fees shall be made to the same officer who received payment of the first instalment and at the same office, and not otherwise.

18. Every application under the 20th section of *The Land Act 1869* by a licensee for a lease or for a Crown grant of the land held by him under license shall be in the form prescribed in Schedule IV., and in the case of application for a lease shall be accompanied by a declaration upon oath in the form prescribed in the said Schedule.

CHAPTER V.—OF PRIVILEGES OF TENANTS UNDER "THE AMENDING LAND ACT 1865."

1. Applications for the exclusive right of purchasing the allotment on which buildings or improvements have been made by holders of licenses under the 42nd section of *The Amending Land Act 1865*, or by holders of any license, other than pastoral, granted under that Act or under *The Land Act 1862*, shall be made in the form prescribed in Schedule V.

2. Applications for leases of an allotment of Crown lands whereon buildings or other improvements have been erected or made, under any license, other than pastoral, granted under *The Land Act 1862* or under *The Amending Land Act 1865*, shall be made in the form prescribed in Schedule VI.

3. Applications to purchase or to obtain new leases of Crown lands previously leased under section 12 of *The Amending Land Act 1865* shall be made in the form prescribed in Schedule VII.

4. The Board shall have power from time to time and at any time to reduce the fees payable by any licensee under the 42nd section of *The Amending Land Act 1865*, when the application under the 31st section of *The Land Act 1869* of such licensee to purchase the land so held by him cannot be granted on the ground of such land being auriferous or other reasons of a public nature.

5. Licenses issued under section 42 of *The Amending Land Act 1865* and subsisting thereunder, or under any renewal under section 2 of *The Land Act 1869*, may be renewed upon payment of the same license fee as formerly payable, and on payment of the following fees for the issue of the renewed license:—

	£	s.	d.
For license for an area not exceeding 20 acres	0	2	6
For every additional 20 acres, or other smaller area over the first 20 acres included in the license	0	2	6
For a license for two or more contiguous areas consolidated in one license	1	0	0

But when the fees shall have altogether reached a sum equivalent to the purchase-money, the further payment of license fees shall cease, upon an application made to and allowed by the Board, and in lieu thereof there shall be paid such less sum by way of formal rental as the Board may direct.

CHAPTER VI.—OF SALES BY AUCTION.

1. All sales of Crown lands by public auction shall be subject to the conditions specified in Schedule VIII., and to such other conditions as the Governor in any particular case may direct.

2. Where any lands have been put up to auction and remain unsold thereat, such lands shall be deemed to have been withdrawn from sale until the Governor otherwise directs.

CHAPTER VII.—OF MISCELLANEOUS LICENSES.

1. Licenses under the 47th section of *The Land Act 1869* shall be classed in two divisions:—

The first division shall comprise those licenses which confer the exclusive right to enter upon any Crown lands not under lease or licensed under Part II. of *The Land Act 1869*, and shall be for the purposes and subject to the fees and conditions specified in Schedule IX., with the exception of those appertaining to the cutting and procuring of timber.

The second division shall comprise those licenses which do not confer any exclusive right, and shall be for the purposes and subject to the fees and conditions specified in Schedule X., with the exception of those appertaining to the felling and taking away of timber.

2. No license in the first division shall be issued unless and until the application for it has been approved by the Minister.

3. Every license in the second division may be issued at the discretion of the person authorized to issue such license.

4. All such licenses may be issued by any person thereto authorized by the Governor.

5. Applications for licenses to occupy sites for any of the purposes specified in Schedule IX. shall be accompanied by a plan on a scale of eight chains to one inch, prepared by an Authorized Surveyor, showing the lengths and bearings of the boundary lines of the sites applied for and their connection with some fixed point of a Government survey, and will be refused in all cases in which the applicant takes possession of land before he has obtained authority so to do under one or other of such licenses.

6. The interest in a license issued for any of the purposes specified in Schedule IX. may be transferred, with the consent of the Board, upon payment of a fee of One pound, and a new license shall thereupon issue to the transferee.

7. The Board may invite and accept tenders for licenses to enter upon Crown lands for any of the purposes specified under sections 47 and 53 of *The Land Act 1869*.

CHAPTER VIII.—OF TIMBER LICENSES.

1. *Licenses on Crown Lands.*

1. There may be issued licenses to cut and take away from such Crown lands as are specified therein, gum, stringybark, box, messmate, ironbark, and other kinds of eucalyptus.
2. Every such license shall be subject to the conditions specified in Schedule XI., and to a yearly fee of £2.
3. There may be issued licenses to cut and take away from such Crown lands, not being State forests, as are specified therein blackwood, pine, sassafras, beech, oak, or other valuable timber; and every such license shall be subject to such annual fee as the Board thinks fit, but not less than £10.
4. There may be issued licenses to cut, on such Crown lands as are specified therein, wattle trees for the purpose of obtaining bark.
5. Every such license shall be subject to an annual fee of £5.
6. No such licensee shall remove the bark from any tree until such tree has been felled, and if any person offend herein he shall be punished according to law.
7. There may be issued licenses to cut and take away live or dead wood from Crown lands in cities, towns, or boroughs; and every such license shall be subject to such conditions and such fee as the Board in each case thinks fit.
8. There may be issued licenses to occupy sites not exceeding three acres for sawmills on Crown lands, not being State forests, at such annual fee as the Board thinks fit; but not less than £10.
9. There may be issued licenses to transport to sawmills on public or private lands, in jinkers or log-carriages, eucalyptus timber, cut as hereinbefore mentioned upon Crown lands.
10. The annual fee for each such jinker or log-carriage, if it be engaged in the transport of timber to a licensed sawmill on Crown lands, shall be £10; and if it be engaged in the transport of timber from Crown lands to a sawmill on private land, £14.
11. All licenses mentioned in this division of this chapter of these Regulations may be issued by any person authorized by the Governor in that behalf; but no such license shall be issued unless and until the application for it has been approved by the Minister.

2. *Licenses in State Forests.*

1. The Board may issue licenses to occupy sites for sawmills in State forests, at such annual fee, not being less than £10, as it thinks fit. The area of each site shall not exceed three acres, and the boundaries thereof shall be fixed by the Board. Every such license shall be subject to the conditions specified in Schedule XII.
2. Persons duly authorized by the Board may issue licenses to fell eucalyptus timber for sawmill purposes on land reserved for State forests, subject to the conditions specified in Schedule XIII.
3. Persons duly authorized by the Board may issue licenses to transport by jinkers or log-carriages, to sawmills on public or private lands, timber cut within the boundaries of State forests.
4. The annual fee for each such jinker or log-carriage, if it be engaged in transport of timber to a licensed sawmill on Crown lands, shall be £12; and if it be engaged in transport of timber to a sawmill on private land not within a distance of two miles from any licensed sawmill erected on Crown lands, £16; but the Board, if it think fit, may dispense with the above condition with regard to distance.
5. Persons duly authorized by the Board may issue to wood-splitters licenses to cut, split, and take away when split, gum, stringybark, box, messmate, ironbark, or other kinds of eucalyptus, from State forests. The annual fee for every such license shall be £4, and the license shall be subject to the conditions specified in Schedule XIV.
6. The Board may issue special licenses to cut and take away offshoots or suckers from stumps and roots of felled trees in State forests, subject to such terms and conditions as, in the case of each State forest, the Board may from time to time adopt.

3. *Licenses for Exclusive use of State Forests.*

1. The Board may issue, subject to the conditions specified in Schedule XV, licenses conferring the exclusive right to cut timber in specified portions of State forests, not exceeding in any instance 1000 acres.
2. Every such license shall be for the term of one year, and no longer.
3. The amount of license fee shall be fixed in each case by the Board, and shall be paid in advance, in respect of the whole period for which the license is issued.
4. It shall not be necessary for the licensee, or any person employed by him in or about such land, to hold any other license mentioned in this chapter.
5. The non-compliance with, or the non-performance of any of the obligations specified in the license, shall render such license null and void; and the Board may thereupon re-enter the land in respect to which such license has been granted, and deal therewith as if it were unoccupied Crown lands.

4. *General Provisions.*

1. Every license fee mentioned in this chapter shall, except where it is otherwise expressly provided, be payable quarterly in advance.
2. Every license mentioned in this chapter shall be personal.
3. Every license mentioned in this chapter shall be produced by the licensee upon the request of any bailiff of Crown lands or police constable.
4. The interest of the Crown in any timber cut under a license to cut eucalyptus timber, or to cut valuable timber upon Crown lands as hereinbefore provided, shall not cease until such timber has been transported to the nearest main road, and if any timber cut by the licensee be transported by any other person, such other person also shall hold a license.
5. Every licensed jinker or log-carriage shall have painted thereon the number of the license and the name of the owner of the mill to which the timber is to be transported.

6. Where the holder of any license does any act which if it were done without license would be punishable as trespass, if he fail to produce his license when asked so to do by any bailiff of Crown lands or any police constable, he shall be conclusively deemed to be a person not licensed or otherwise authorized to do such act within the meaning of the 94th section of *The Land Act 1869*.

7. In all proceedings for any alleged breach of this chapter of these Regulations, the burthen of proof of compliance therewith shall rest with the licensee.

CHAPTER IX.—OF LEASES FOR OTHER THAN AGRICULTURAL AND PASTORAL PURPOSES.

1. Every application for a lease under the Third Part of *The Land Act 1869* shall be transmitted to the Minister in the form prescribed in Schedule XVI.

2. Every application for a lease under section 45 of *The Land Act 1869* shall be accompanied by a plan, showing the lengths and bearings of the boundary lines of the sites applied for and their connection with some fixed point of a Government survey.

3. Every application for a lease under section 48 of *The Land Act 1869* shall be accompanied by plans and sections. The plans shall show the land proposed to be leased, and every proposed diversion of existing roads. Where a projected line of tramway would cross an existing surveyed road, transverse and longitudinal sections drawn to scale shall be given, whether such crossing be level or otherwise, showing the manner in which it is proposed to obviate obstruction or interruption of traffic on the said road, and the provision for the prevention of accident at such crossing.

4. Notice of every such last mentioned application shall, at the cost of the applicant, be published in a newspaper circulating in the district where the land for which application is made is situated, and in the *Government Gazette*.

5. Every plan and every section accompanying any application under this chapter shall be drawn on a scale of eight chains to one inch by an Authorized Surveyor, and shall be signed by him.

6. Every lease under Part III. of *The Land Act 1869* shall, subject to the provisions of the said part, be in such form and shall be subject to such covenants and conditions and to the payment of such rent or royalty as the Governor may prescribe.

CHAPTER X.—OF GOLDFIELDS LICENSES.

1. Residence and Cultivation Licenses.

1. All the provisions of the fourth chapter of these Regulations, except so far as they relate to the form of application and to a declaration on oath, and except the last two sections thereof, shall apply to applications for licenses under the 49th section of *The Land Act 1869*, and such application shall be in the form prescribed in Schedule XVII.

2. Licenses shall not be granted for occupation of the following lands :—

Lands comprised within proclaimed reserves, cities, or boroughs, or within a distance of twenty chains from sold building lots in townships, or within a distance of twelve miles from the Post Office, Melbourne.

Lands so situated that the occupation thereof would obstruct the holders of miners' rights, sawmill licenses, wood or other licenses, in their access to timber or water.

Lands comprising a greater extent of frontage to a river or creek than eight chains, measured in a straight line from point to point.

Lands situated on both banks of a river or creek containing permanent water.

Lands required for mining purposes, or if included in any mining claim or held under mining lease, unless with the consent in writing of the claimholders or lessees first had and obtained.

3. When an application has been formally made for any land under Part II. of *The Land Act 1869*, and the Minister, after consideration of such application, considers it expedient that, owing to mining objections or other objections, the land applied for should only be held under the 49th section of *The Land Act 1869*, the person who made such application under Part II. of *The Land Act 1869* may, if the Minister approve, receive under the 49th section thereof, and without further application, a license to occupy the whole or any part of the land specified in such application, provided the same shall not exceed 20 acres.

4. No person under the age of eighteen years shall hold a license under the 49th section of *The Land Act 1869*; and, if a license be obtained improperly by any person so disqualified, it shall be rescinded, without any compensation for improvements that may be placed or made on the land by such person.

5. The Minister, upon being satisfied that no valid objection exists to the occupation of the land applied for, may recommend the issue by the Governor of a license to occupy the same and subject to the conditions specified in Schedule XVIII.

6. The fees to be paid for licenses to occupy land under 49th section for residence or cultivation shall be as follow :—

For occupation of an allotment situated within a township containing not more than one hundred and fifty inhabitants, or at a greater distance from the Post Office, Melbourne, than twelve miles, the fees shall be at the rate of Two shillings per acre, per annum; unless the area of such allotment be less than ten acres, in which case the fee shall be One pound per annum.

For occupation of an allotment situated within a township containing more than one hundred and fifty inhabitants, the fees shall be as follow :—

For sites comprising any area not exceeding five acres, Two pounds per annum.

For sites comprising any area exceeding five acres and not exceeding ten acres, Two pounds ten shillings per annum.

For sites comprising any area exceeding ten acres and not exceeding twenty acres, Four pounds per annum.

7. If any person to whom a license is granted fail to take out the same within one month after the date of the notification to him from the Crown Lands Office in Melbourne of the granting of the license, and the transmission thereof to the Receiver and Paymaster, or other officer authorized to deliver the same, such license shall thereupon become null and void, and the land described therein shall be available for other applicants.

8. If the holder of a license, within fourteen days before the expiry of the term of such license, notify to the Minister that he desires to continue his right of occupation under such license, and if he adduce evidence (on being required so to do) sufficient to show that he has complied with the conditions of the license then in force, the Minister may recommend the Governor to renew the license accordingly, subject to the terms and conditions of the original license.

9. No assignment of the licensee's interest, either by operation of law or otherwise, shall have any effect until the same has been registered by the Minister.

10. The Minister may, on the application of the licensee, at any time after the expiration of one year from the date of the first license, and on being satisfied that the land occupied under such license is not auriferous, and that the conditions of the license have been fulfilled, cause the land held under such license to be sold by public auction, subject to valuation for the improvements of the licensee thereon.

2. Residence Area Licenses.

1. Every person who occupies under a miner's right any Crown land on any goldfield for the purpose of residence may make application in the form contained in Schedule XIX, for a license to occupy such land under the 49th section of *The Land Act 1869*.

2. Every such application shall be accompanied by a plan, description, and report of the land in respect of which the license is sought, made and signed by some Authorized Surveyor.

3. Every such application shall be delivered to the District Surveyor, and shall be forwarded by him, with his report thereon, to the Minister.

4. When the applicant occupies not more than two such residence areas, a license for one site will, unless there be some special objection, be issued to him as of course.

5. No such license shall be issued for more than one-quarter of an acre of land.

6. The fee for each such license shall be Five shillings for each year.

7. Every such license shall be subject to the conditions specified in Schedule XIX.

8. The licensee may during the currency of his license allow any other person to occupy any part of the land in respect of which such license has been issued.

9. The eighth and ninth sections of the preceding division of this chapter of these Regulations shall apply to licenses under this division thereof.

CHAPTER XI.—OF WATER EASEMENTS ON PRIVATE LAND.

1. Every application for a license to enter under the provisions of the 55th section of *The Land Act 1869* upon lands other than Crown lands shall be addressed to the Minister, and shall be in the form prescribed in Schedule XX.

2. The applicant shall at the time of making such application send a copy thereof to every person registered as proprietor within the meaning of *The Transfer of Land Statute* in respect of the land concerning which the application is made and to every person in occupation thereof.

3. The applicant shall send to the Minister along with every such application a plan, description, and report relating thereto by an Authorized Surveyor, and the sum of £15 as a deposit to defray the costs (if any) of the enquiry.

4. The report of the Authorized Surveyor shall contain definite information as to the direction, dimensions, or capacity of the proposed race, drain, dam, or reservoir, or as to the nature and extent of the proposed improvements therein, or as to the discharge or the contents at different seasons of the source of supply whenever it is proposed to divert the water, and the maximum quantity of water which it is proposed to divert at a given time.

5. If the Minister think that such an application ought to be entertained he shall send it to the District Surveyor for consideration by a Local Land Board.

6. The District Surveyor shall publish, in the same manner as if it were an application for a license within the meaning of the fourth chapter of these Regulations, a notice of such application, and the cost of such publication shall be taken to be part of the costs of the enquiry.

7. The District Surveyor shall notify to the applicant the time and place of the meeting of the Local Land Board at which his application will be heard.

8. The applicant shall notify to every registered proprietor and occupier as aforesaid that his application will be heard at the time and place as aforesaid by the Local Land Board, and shall require him or them if they object to such application to be then and there present in support of their objections.

9. The Local Land Board shall not consider any such application unless the parties to whom such notice ought to be given are before them, or unless they are satisfied that such notice has been given, and if they are so satisfied they may proceed with the case notwithstanding the absence of all or any such parties.

10. The Local Land Board shall state in its report the amount of money (if any) that the objectors to the application ought to receive by way of costs, and the Minister may direct such amount or such other amount as he thinks reasonable to be paid to such objectors out of the deposit before mentioned.

11. The balance (if any) of such deposit, after defraying all costs of the enquiry as the Minister may direct, shall be returned to the applicant.

12. If upon considering the report of the Local Land Board the Minister be of opinion that the license ought to issue, he shall direct the amount of compensation to be ascertained; and such amount shall

be determined by arbitration in the manner provided by the first division of the Second Part of *The Land Act* 1869, substituting for the Board or for the licensee therein, as the case may require, the parties to whom and by whom compensation is due.

13. When the amount of the compensation has been determined, the Minister may direct that the money be paid to the registered proprietor in fee-simple, or if other parties appear to be interested therein, into the Supreme Court, to abide the direction of the court as to its distribution.

14. When the money has been so paid the Board may grant a license in accordance with the provisions of the section before mentioned.

CHAPTER XII.—OF RACE AND MILL LICENSES.

1. Every applicant for a license to cut a race and to take or divert water for mill purposes under the 56th section of *The Land Act* 1869 upon any Crown lands that are not under demise or license shall mark out the proposed line of race by posts not less than three inches square, at intervals of not less than five chains, and standing at least three feet out of the ground.

2. Every applicant shall affix a notice, in the form prescribed in Schedule XXI., on the post at the commencing point of the proposed race, and a similar notice on the post at the end thereof, and shall also publish such notice in three consecutive issues of a newspaper circulating in the locality wherein the line of the proposed race is situated.

3. Within five days from the time of such marking out as aforesaid the applicant shall give instructions to some Authorized Surveyor to survey the proposed line of race and to prepare a plan, description, and report thereon.

4. The report of the Authorized Surveyor shall contain definite information relative to the discharge, at different seasons, of the stream or other source of supply whence water is proposed to be diverted, and the maximum quantity of water proposed to be so diverted in a given time.

5. Within twenty-one days from the time of such marking out as aforesaid the applicant shall send to the District Surveyor his application, in the form prescribed in Schedule XX., and the plan, description, and report of the Authorized Surveyor.

6. The District Surveyor shall deal with all such applications as if they were applications within the meaning of the fourth chapter of these Regulations and shall submit them to the consideration of a Local Land Board.

7. In cases where compensation is payable under the 56th section of *The Land Act* 1869 the amount of compensation shall be determined by arbitration in the manner prescribed in the first division of the Second Part of the said Act, substituting for the Board or for the licensee therein, as the case may require, the parties to whom and from whom compensation is due.

CHAPTER XIII.—OF COMMONS.

1. Every farmers' common and every town common proclaimed previously to the passing of *The Land Act* 1869, or hereafter to be proclaimed, and every temporary and farmers' common proclaimed under the 66th section of *The Land Act* 1862, shall be managed by the members for the time being of the council of the shire or the members for the time being of the road board of the road district within the boundaries of which any such commons is included.

2. Every goldfield common proclaimed as above shall be managed by the members for the time being of the mining board of the mining district within the boundaries of which such common is included, unless, owing to the distance of any goldfield common from the office or place of meeting of any mining board, such common can be more conveniently or efficiently managed by other persons whom the Minister may appoint.

3. Every borough common proclaimed previously to *The Land Act* 1869, or hereafter to be proclaimed, shall be managed by the members for the time being of the council of the borough in connection with which such common was proclaimed.

4. All commons amalgamated previously to the passing of *The Land Act* 1869, or to be hereafter amalgamated, may be managed by the members for the time being of two or more of the before-mentioned councils or boards. The Governor may, however, place an amalgamated common under the management of one only of the before-mentioned councils or boards or under management of delegates from each council or board.

5. The managers of commons wholly or partially comprised within cities, towns, boroughs, or townships, and of goldfields commons proclaimed under the Act No. 117 or No. 145, may grant to butchers or to slaughtermen special licenses to depasture, for such periods of time as may be agreed on, cattle intended for slaughter, subject to the condition that the fees shall not be at a proportionately less rate than Four shillings per head per annum for large cattle, and One shilling and four pence per head per annum for small cattle.

6. The Minister shall nominate, for appointment by the Governor, the persons who shall be managers of all farmers' commons, temporary commons, and town commons proclaimed previously to the passing of *The Land Act* 1869, or to be hereafter proclaimed, outside the boundaries of any shire, road district, city, or borough.

7. Applications for the proclamation of a common under *The Land Act* 1869 shall be made in the form prescribed in Schedule XXII.

8. Application for the increase of any existing common shall be made in the form prescribed in Schedule XXIII., and shall contain full particulars relative to the area of the common to be increased, the number of cattle depastured thereon during the year preceding the date of the application, the number of persons whose cattle have been depastured on the common during such year, the amount of commonage fees received during that year, and the mode in which such fees have been disposed of.

9. Ratepayers in shires, road districts, and boroughs, holders of miners' rights, business licenses, or carriers' licenses, and farmers, may respectively depasture on a common proclaimed under *The Land Act 1869*, within a distance of five miles from their places of residence, four head of large cattle, or the equivalent of the whole or a portion thereof in small cattle, on the basis that one head of large cattle be deemed equivalent to three head of small cattle. A farmer having under cultivation not less than one-tenth portion of the land occupied by him may depasture on such common one additional head of large cattle, or the equivalent in small cattle, for every ten acres of such land cultivated by him.

10. The fees for depasturing cattle on a common shall be paid in advance, and shall not be less than at the rate of Four shillings per annum for every head of large cattle, and One shilling and four pence per annum for every head of small cattle. The managers of any common may, from time to time and at any time, make alterations in the scale of fees, but not below the prescribed limits, which alteration shall be subject to the approval of the Board, and be published in the *Government Gazette* and in a newspaper circulating in the district wherein the common is situated.

11. The managers of a common shall have power to appoint a herdsman to take charge of the cattle depastured on such common, and be responsible for the efficient carrying out of the regulations framed for the management of that common. The herdsman shall also conform to any special instructions issued to him by the managers of the common relative to the registration, custody, and delivery to owners of the cattle thereon, and to the prevention of trespass thereon of cattle other than travelling cattle for which no commonage fees have been paid. Such herdsman shall be remunerated for his services out of the fund derived from the commonage fees, and he shall provide security for the honest and faithful discharge of his duties in such amount as the managers of the common may deem adequate.

12. The money derived from the fees received for the agistment of cattle on a common may, in addition to the defraying of the remuneration of the herdsman, be expended by the managers of such common in the publication of the regulations for its management, including the cost of publication in the *Government Gazette*, the purchase of books, stationery, branding-irons and tar, and on the eradication of thistles on the common. The surplus over such expenditure may be applied, with the concurrence of the Board, under its seal, to any public purpose, and to the formation of dams for storage of water on the common, the improvement of natural water-holes, the construction and repair of stockyards, and the improvement of the approaches to the common.

13. The managers of commons shall keep books in the forms prescribed in Schedule XXIV., in which books shall be recorded the description and brands of the cattle depastured on the commons, the money received as commonage fees, the payments made from the funds derived therefrom, the dates of such payments, and the authority for making them; and the managers shall give, in the form prescribed in said schedule, printed receipts consecutively numbered, the butts of which receipts shall be retained for inspection.

14. The managers of every common shall, within one month after the termination of each year, publish in a newspaper circulating in the district wherein the common is situated a certified account of their receipts and expenditure for the year, in the form prescribed in Schedule XXV.

15. No animal affected with any contagious disease shall be allowed to depasture on any common.

16. Every person offending against any regulation for the management of a common shall, on conviction before any justice, forfeit and pay a penalty not exceeding Twenty pounds for each offence.

17. The managers of every common may sue for and recover any fees for depasturing stock on such common, or any penalty for breach of any regulation for management of such common.

18. The managers of any common may submit to the Board draft regulations for the management of such common, provided that they be not inconsistent with the provisions of the foregoing general regulations for the management of commons, and such draft regulations, after revision by the Board and approval by the Governor, shall be published in the *Government Gazette* and by such managers in the newspapers circulating in the district wherein the commons are situated.

19. The Board may at any time direct a special audit by such persons as it thinks fit of the accounts of the managers of any common.

CHAPTER XIV.—OF PASTORAL OCCUPATION.

1. Every license under section 63 and section 69 of *The Land Act 1869* shall be subject to the conditions contained in Schedule XXVI.

2. In case the value of any run occupied for pastoral purposes be diminished by reason of any portion thereof being sold, leased, licensed, or proclaimed a common, application in writing to the Board to determine the amount of rent to be paid in future in respect of such run, and payment of the prescribed fee of Five pounds, shall be made by or on behalf of the occupier thereof, not later than the 31st May and the 30th November, in respect of the rent payable on the 30th June and 31st December next following in any year.

3. Every pastoral licensee whose claim for exemption from selection of a portion of land under the 110th section of *The Land Act 1869*, for improvements of the nature specified in such section, has been admitted by the Board, shall forthwith deposit with the District Surveyor a sum sufficient to cover the cost of surveying such land in accordance with the rates hereinbefore specified. After the Board has determined, as nearly as may be, the locality of such exemption, the District Surveyor shall instruct an Authorized Surveyor to survey the land, and to place at corners thereof conspicuous posts not less than four feet high above the surface of the ground and four inches square, on each of which shall be affixed and maintained by the pastoral licensee a notice painted on a slip of zinc that such post is at one of the corners of a block of land exempted from selection under the 110th section of *The Land Act 1869*. A tracing of such survey shall be forthwith forwarded to the Surveyor-General and by him plotted on the general map, and when such survey is so plotted, and not before, the said lands shall be exempted.

CHAPTER XV.—OF THE RESUMPTION OF LAND FOR MINING PURPOSES.

1. Any person may, in the form prescribed in Schedule XXVII., apply to the Minister for the resumption, under the provisions of the 99th section of *The Land Act 1869*, of any land alienated from the Crown, and not hereinafter excepted from such application, and shall send with every such application the sum of Ten Pounds, to be dealt with as hereinafter provided.

2. No application shall be entertained for any land used as a garden, orchard, vineyard, nursery, plantation, or ornamental pleasure-grounds, or for any land of less extent in area than quarter of an acre within any city, town, or borough, or for any land which is the site, or is within 100 feet of the site, of any house, manufactory, hospital, asylum, church, public building, or any cemetery, dam, reservoir, or water-works, unless by the special direction of the Minister, or unless the consent in writing of the owners or trustees of such land accompany such application.

3. The Minister may refer any such application to a Warden, and shall inform the applicant thereof.

4. Upon such reference, the applicant may obtain from the Warden a summons to the licensee, lessee, or purchaser of the land to which the application refers to appear before him on a day and at a place therein specified to show cause why such land should not be resumed.

5. The Warden shall give notice in some newspaper circulating in the district that on some day not less than fourteen days from the date thereof he will proceed to hear such application; and every applicant, if there be more than one, shall on the day appointed appear before the Warden, and in default of such appearance, or of sufficient excuse for such default, the application shall be dismissed as against that applicant.

6. Upon the hearing of the summons the applicant shall, unless the parties summoned appear, prove the service thereof, and shall also prove that there is reasonable cause for belief that the land is auriferous or argentiferous, and may be mined with a reasonable profit; and shall also produce evidence as to the market value of the land and the improvements thereon, at the date of the issue of the summons.

7. The Warden, whether all the parties be present or not, shall hear, receive, and examine evidence, whether it be tendered to him or called for by him, and may obtain the assistance of engineers, surveyors, valuers, or other scientific persons, the expense whereof shall be deemed to be part of the costs of the hearing, and may adjourn the hearing from time to time as he thinks fit.

8. The Warden shall report to the Minister the evidence he has received and his opinion thereon, and the amount of costs (if any) which the applicant ought to pay.

9. Upon the report of the Warden and the recommendation of the Minister, the Governor shall determine whether the land shall or shall not be resumed.

10. The costs of the enquiry shall be paid out of the sum deposited by the applicant, or, if there be more than one applicant, in equal proportions, unless the Governor otherwise order, by the several applicants, and the balance (if any) shall be returned to the depositor or depositors.

11. If it be determined that the land be not resumed, no further application in respect of the same land shall, unless by the special direction of the Minister, be entertained within twelve months from the date of the refusal of the application.

12. If it be determined that the land be resumed, the Minister shall cause notices thereof to be sent to the licensee, lessee, or purchaser, and shall, subject to the approval of the Governor, agree with him as to the value other than auriferous of such land and improvements as existed at the date of the issue of the summons as aforesaid.

13. In default of such agreement, such value as it then existed shall be determined by arbitration in the manner prescribed in the first division of the Second Part of *The Land Act 1869*, substituting the person entitled for the licensee therein.

14. When such value has been ascertained, the Governor may direct that the money be paid either to the licensee, lessee, or purchaser, as the case may be, or, if other parties appear to be interested therein, into the Supreme Court, to abide the direction of the court as to its distribution.

15. The amount of all unpaid license fees, rent, or purchase-money which, if the land had not been resumed before grant, would have been payable to the Crown before the issue of a grant in fee, shall be deducted from the sum agreed upon or awarded as the value as aforesaid.

16. Upon the payment of the value as aforesaid, the Governor may, by a notice in the *Government Gazette*, declare that the land in such application described has been resumed for mining purposes by Her Majesty, and thereupon the whole estate and interest of the licensee, lessee, or purchaser, and of every person claiming through or under him, shall cease and determine, and the land shall be deemed to be Crown land as if the same had never been alienated, and the Registrar of Titles shall make in his register the proper entries accordingly.

17. The names of the successful applicants, in the order of their application, shall be published in the notice of resumption, and such order shall determine their priorities *inter se*; and until thirty days after the date of such publication, no act of any person other than such applicants, or some person by them authorized in that behalf, done upon or in relation to such land shall be of any force or effect in creating or initiating any right or title, or determining the priority of any application for permission to mine in or upon the said land or any part thereof, or to occupy the same or any part thereof, for any purpose in relation to mining.

18. The Minister for the purposes of this chapter shall include the Minister of Mines.
