In caso si debba procedere contro di lui o sia egli detenuto nello stesso paese per obbligazioni contratte con privati o per ogni altra azione civile, la sua consegna, ciò non ostante, avverrà, salvo alla parte di far valere i suoi diritti contro di lui innanzi all'autorità competente.

#### ARTICOLO IX.

Le domande di estradizione saranno fatte rispettivamente per mezzo degli Agenti Diplomatici delle Alte Parti Contraenti.

The demand for the extradition of an accused person must be accompanied by a warrant of arrest issued by the competent authority of the State applying for the extradition, and by such proof as, according to the law of the place where the fugitive is found, would justify his arrest if the crime had been committed there.

If the requisition relates to a person convicted, it must be accompanied by the sentence of condemnation of the competent Court of the State applying for the extradition.

The demand for extradition must not be founded upon a sentence in contumacia.

#### ARTICLE X.

If the demand for extradition be made according to the foregoing stipulations, the competent authorities of the State to which the requisition is made shall proceed to arrest the fugitive.

The prisoner shall be taken before the competent magistrate, who shall examine him, and make the preliminary investigations of the affair, in the same manner as if the arrest had taken place for a crime committed in the same country.

#### ARTICLE XI.

In the examinations to be made in conformity with the preceding stipulations, the authorities of the State to which the demand is addressed shall admit, as entirely valid evidence, the documents and depositions taken on oath in the other State, or copies of them, and likewise the warrants and sentences issued there; provided that such documents are signed, or certified by a Judge, Magistrate, or Officer of such State, and are authenticated by the oath of some witness, or stamped with the official seal of the Department of Justice or some other Department of State.

#### ARTICLE XII.

If, within two months from the arrest of the accused, sufficient evidence be not produced for his extradition, he shall be liberated.

#### ARTICLE XIII.

The extradition shall not take place until the expiration of fifteen days after the arrest, and then only if the evidence has been found sufficient, according to the laws of the State to which the demand is addressed, to justify the committal of the prisoner for trial in case the crime had been committed in the territory of that State; or to show that the prisoner is the identical person condemned by the Tribunals of the State which demands him.

#### ARTICLE XIV.

If the prisoner be not given up and taken away within two months from his apprehension or from the decision of the Court upon the demand for a writ of *habeas corpus* in the United Kingdom, he shall be set at liberty, unless sufficient cause be shown for the delay.

#### ARTICLE XV.

If the individual claimed by one of the two Contracting Parties, in conformity with the present Treaty, should be also claimed by another or by other States on account of crimes committed in their territories, his surrender shall, in preference, be granted according to priority of demand, unless an agreement be made between the Governments which make the requisition, either on account of the gravity of the crimes committed, or for any other reason.

#### ARTICLE XVI.

Every article found in the possession of the prisoner at the time of his arrest shall be seized, in order to be delivered up with him. Such delivery shall not be limited to the property or articles obtained by the robbery or fraudulent bankruptcy, but shall include everything that may serve as evidence of the crime; and it shall take place even when the extradition, after having been ordered, cannot take effect, either on account of the escape or the death of the delinquent.

#### ARTICLE XVII.

The High Contracting Parties renounce all claim for repayment of the expenses incurred for the arrest and maintenance of the person to be given up, and for his conveyance on board a ship; such expenses shall be borne by themselves respectively.

#### ARTICLE XVIII.

The stipulations of the present Treaty shall be applicable to the Colonies and foreign possessions of the two High Contracting Parties.

The requisition for the surrender of a person accused or condemned, who has taken refuge in any such Colony or possession of either party, shall be made to the Governor or chief authority of such Colony or possession by the Chief Consular officer of the other residing in such Colony or possession; or, if the accused or condemned person has escaped from a Colony or foreign possession of the party on whose behalf the requisition is made, the requisition shall be made by the Governor or chief authority of such Colony or possession.

Such requisitions may be disposed of, in accordance, as far as possible, with the stipulations of this Treaty, by the respective Governors or chief authorities, who, however, shall be at liberty either to grant the extradition or to refer the matter to their own Government.

Her Britannic Majesty shall nevertheless be at liberty to make special arrangements in the British Colonies and foreign possessions for the surrender to His Italian Majesty of criminals who may have taken refuge in such Colonies or possessions, always in conformity, so far as possible, with the provisions of the present Treaty.

La domanda per la estradizione di un imputato dev' essere accompagnata da un mandato di cattura, rilasciato dalla competente autorità dello Stato che richiede la estradizione, e con tale prova che, secondo la legge del luogo dove il fuggitivo è trovato giustificerebbe il suo arresto, se il reato fosse stato quivi commesso.

Se la domanda riguarda un condannato, dev' essere accompagnata dalla sentenza di condanna della Corte competente dello Stato che fa la domanda di estradizione.

La domanda di estradizione non può fondarsi sopra una sentenza in contumacia.

#### ARTICOLO X.

Se la domanda di estradizione è fatta secondo gli anzidetti patti, le autorità competenti dello Stato richiesto procederanno alla cattura del fuggitivo.

Il catturato sarà condotto innanzi al Magistrato competente, il quale lo interrogherà, e farà le preliminari indagini sul fatto nel modo stesso che se la cattura fosse avvenuta per un reato commesso in quel paese.

#### ARTICOLO XI.

Le autorità dello Stato richiesto, negli esami che debbono fare, giusta le precedenti stipulazioni, ammetteranno, come prova interamente valida, i documenti e le deposizioni testimoniali raccolte con giuramento nell' altro Stato, o copie di esse, e similmente i mandati e le sentenze ivi emanate, purchè tali documenti siano firmati o certificati da un giudice o Magistrato o Ufficiale dello Stato medesimo, e siano autenticati col giuramento di qualche testimone, o contrassegnati col sigillo ufficiale del Ministero di Giustizia, o di qualche altro Ministero di Stato.

#### ARTICOLO XII.

Se nel termine di due mesi dalla data della cattura del imputato, non sarà esibita sufficiente prova per la estradizione, egli sarà liberato.

#### ARTICOLO XIII.

Non sarà eseguita la estradizione prima che siano decorsi quindici giorni dal dì della cattura, e solamente quando la prova sia stata trovata sufficiente, secondo le leggi dello Stato richiesto, a giustificare il rinvio del detenuto al giudizio nel caso che il reato fosse stato commesso nel territorio del suddetto Stato, od a dimostrare che il catturato è l'identica persona condannata dai Tribunali dello Stato che lo richiede.

#### ARTICOLO XIV.

Se l'arrestato non sia consegnato e condotto via fra due mesi dall' arresto, o dalla decisione della Corte sopra la domanda di un ordinanza di *habeas corpus* nel Regno Unito, sarà liberato, tranne il caso che sia sufficientemente dimostrata la cagione del ritardo.

#### ARTICOLO XV.

Se l'individuo domandato da una delle due Parti Contraenti in conformità del presente Trattato, sia anche chiesto da un altro o da altri Stati, per reati commessi nei loro territori, la consegna di lui sarà di preferenza accordata secondo l'antiorità della domanda tranne che fra i Governi richiedenti non si sia stabilito un accordo o per riguardo alla gravità dei reati commessi o per qualunque altra ragione.

#### ARTICOLO XVI.

Ogni oggetto di cui l'arrestato sarà trovato possessore al momento dell' arresto sarà sequestrato, per essere poi con lui consegnato. La consegna non si restringerà alle cose od oggetti provenienti dal furto o dalla bancarotta dolosa, ma comprenderà qualunque cosa che può servire di prova del reato, e sarà eseguita anche quando, dopo ordinata la estradizione, non potrà questa avere effetto, o per la fuga o per la morte del delinquente.

#### ARTICOLO XVII.

Le Alte Parti Contraenti rinunziano ad ogni domanda per rimborso delle spese occorse per la cattura e sostentamento della persona da consegnare, e per la sua traduzione sino sul bordo di una nave; le quali spese rimarranno a rispettivo loro carico.

#### ARTICOLO XVIII.

Le disposizioni del presente Trattato si applicheranno alle colonie e possedimenti stranieri (*foreign possessions*) delle due Alte Parti Contraenti.

La domanda di estradizione per la consegna di un imputato o condannato, il quale sia fuggito in una delle dette colonie o possedimenti di una delle due parti, sarà fatta al Governatore, o all' autorità suprema di detta colonia o possedimento, dal principale ufficiale Consolare dell' altra residente nella colonia o possedimento; o se l'imputato o il condannato sia fuggito da una colonia o possedimento straniero della parte nell' interesse della quale è fatta la domanda, essa sarà fatta dal Governatore o dall' autorità suprema di tale colonia o possedimento.

Su tali domande potrà essere provveduto in conformità, per quanto è possibile, dei patti di questo Trattato dai rispettivi Governatori o dalle autorità supreme, le quali tuttavia avranno la facoltà o di accordare la estradizione o di riferirne al proprio Governo.

Sua Maestà Britannica nondimeno potrà dare speciali provvedimenti nelle Colonie Britanniche e possedimenti stranieri, per la consegna dei delinquenti rifugiati in dette colonie o possedimenti, a Sua Maestà Italiana, sempre in conformità, per quanto sia possibile, alle disposizioni del presente Trattato.

Finally it is agreed that this stipulation does not apply to the Island of Malta, the Ordinance of the Maltese Government of May 8, 1863 (No. 1230), remaining in full force.

## ARTICLE XIX.

The High Contracting Parties declare that the present stipulations apply as well to persons accused or convicted, whose crimes, on account of which the extradition is demanded, may have been committed previously, as to those whose crimes may be committed subsequently to the date of this Treaty.

## ARTICLE XX.

The present Treaty shall come into operation ten days after its publication according to the forms prescribed by the laws of the High Contracting Parties.

Either party may at any time put an end to this Treaty, which, however, shall remain in force for six months after the notice for its termination.

This Treaty shall be ratified, and the ratifications shall be exchanged at Rome within six weeks, or sooner if possible.

In witness whereof the respective Plenipotentiaries have signed in duplicate, in English and Italian, the present Treaty, and have affixed thereto their respective seals.

Done at Rome, the 5th day of February, in the year of our Lord One thousand eight hundred and seventy-three.

Resta infine convenuto che questo patto non si applica all'Isola di Malta, rimanendo in pieno vigore l'Ordinanza del Governo Maltese del 3 Maggio, 1863, No. 1,230.

## ARTICOLO XIX.

Le Alte Parti Contraenti dichiarano che le presenti stipulazioni si applicano tanto agli imputati o condannati, il cui reato, pel quale è chiesta l'estradizione, sia stato commesso prima quanto a quelli che l'abbiano commesso posteriormente alla data di questo Trattato.

## ARTICOLO XX.

Il presente Trattato andrà in vigore dieci giorni dopo la sua pubblicazione, secondo le forme prescritte dalle leggi delle Alte Parti Contraenti.

Ciascuna delle Alte Parti potrà in ogni tempo por fine a questo Trattato, il quale però rimarrà in vigore sei mesi dopo la denuncia.

## ELECTRIC TELEGRAPH.

AMENDED REGULATIONS AND CONDITIONS UNDER WHICH TELEGRAPHIC MESSAGES ARE AUTHORIZED TO BE TRANSMITTED IN VICTORIA.

HIS Excellency the Administrator of the Government in Council has approved of the following amended Regulations under which Telegraphic Messages may be transmitted in Victoria.

1. A full and correct address must be given to every message, which must also bear the signature of the sender. Messages must be written with ink. All amounts must be written in words at length, with figures in parentheses.

2. Messages must be transmitted in the order of their reception, and no precedence will be allowed, except for special despatches on the service of the Government, the arrest of criminals, and in cases of pressing emergency, sickness, or death.

3. Payment of charges in advance is required, except for replies to interrogatory messages on which the sender may have written the words "Reply will be paid for;" but special arrangements may be made for the receipt of messages payable by the receiver, either by depositing security at the receiving office, or by furnishing written guarantee to the satisfaction of the manager, covering the cost of transmission.

4. Messages will be delivered free of charge within one mile of the office at which they are received by telegraph; over that distance cab or omnibus fare will be charged, when incurred; and for messages to be delivered on shipboard an extra charge to cover the disbursement for boat hire will be made.

5. Messages may be transmitted in cypher in Roman letters or figures, on payment of an additional charge of fifty per cent. A group of five cypher letters or five cypher figures will count as one word.

6. On special occasions, when the communication may be kept open during the night, the minimum charge will be 5s. for 50 words or under upon all messages received for transmission later than 8 p.m.

7. No pecuniary responsibility is assumed for any errors or delays in the transmission or non-transmission, delivery or non-delivery of any message, from whatever cause the same may arise. In order, however, to afford the fullest security for the correctness of a transmitted message, the sender may obtain a copy of the message as repeated back from the receiving office, upon payment of one-half the original charge upon such message.

8. In the event of serious delay occurring to prevent the transmission of a message within a reasonable time, or sufficient to destroy the value of the despatch, notice will be conveyed to the sender, should his address be known, and the message, together with the amount paid thereon, be returned, if desired.

9. All messages, whether written upon the usual printed forms or upon plain paper, will be considered as tendered for transmission to their destination under the several conditions and stipulations above detailed.

10. The offices will be kept open for the transmission of messages by the public generally between the hours of 8.30 a.m. and 8 p.m. (Sundays excepted.)

11. In case of any dispute arising as to the number of words chargeable on any message, the same shall be decided in accordance with the rules adopted at the latest European Telegraph Convention.

**NOTICES TO MARINERS.—FIJIS AND QUEENSLAND.**

THE accompanying Notices to Mariners, which have been extracted from the *Government Gazette* of New South Wales and Queensland, are published for general information.

EDWARD COHEN,

Commissioner of Trade and Customs.

Department of Trade and Customs,  
Melbourne, 4th July 1873.

**ISLAND OF TAVUNI, FIJI.**

THE anchorage marked on the chart, to the southward of Goat Island, is by no means good, the ground being coral and very uneven (4 fms. to 10 fms.).

The town of Somu Somu is about two miles north of its charted position.

Wairiki, the town abreast the anchorage, is about three miles south of Goat Island.

A vessel intending to anchor off Somu Somu should pass west of Goat Island, taking care to avoid the patches which here extend from both sides of the strait, and haul in for the town when well north of the island.

Supplies, other than fruit and yams, are scarce here; fresh water cannot be obtained without considerable difficulty.

**LOMA LOMA, ISLAND OF VANUA BALAVU, FIJI.**

THE following directions may be of assistance to vessels proceeding thither, H.M.S. *Dido* having been navigated by them without a pilot:—

Having made the south extreme of the Sea Reef, steer close along it to the north for the entrance; this will be easily distinguished, and a detached shoal near the centre of the channel, which constantly breaks, will prevent its being mistaken. Having made the entrance, steer N.W. for the opening between Aria Island and Vanua Balavu to clear a line of sunken patches running to the northward, about ½-mile from the west side of the entrance. These patches will under favorable circumstances be seen. Having cleared them, a N.W. by W. ½ W. course for the lowest part of Vanua Balavu will lead close past the north end of a line of patches to the north of Munia Island.

These patches having but little water over them are easily seen if care be taken to have the sun behind. Having passed these reefs, a W. ½ S. course for the east extreme of Manuano Island (which shows as a small light-colored bluff), will lead between several reefs with very little water over them, and with but little deviation to avoid them right up to the island.

The anchorage to the southward of the island in 9 fathoms is much the best, that to the north being foul and bad holding ground.

Supplies are scarce, and there is no water.

**FROST REEF.**

THE following position of Frost Reef was ascertained when passing near it:—

The rock of which the bearings are given is always above water, and is in the north extreme of the reef. Its breadth appears to be about 2° E. and W.; N. extreme, Mango, N. 75° E.; W. extreme, Chinchin, S. 1° E. From a position, with W. extreme, Chinchin rock, on reef S. 1° E.; and N. extreme, Mango, N. 86° E.; the E. extreme of the reef bore S. 34° E.; W. extreme of the reef bore S. 29° W.

All courses and bearings are magnetic.

WM. TODKER,  
Act. Navig. Instructor.

Approved—  
J. H. CHAPMAN, Captain.

**SHOAL NEAR CARTIER'S ISLAND.**

CAPTAIN EDMONDS, of the barque *Woodbine*, reports that when about eight miles north-west of Cartier's Island, in latitude 12° 22' S., and longitude 23° 55' E., he found shoal water and got one cast of ten fathoms.

From the mast head the shoal appeared to extend to the northward and north-westward, as far as the eye could reach, and in places to have very little water on it.

## AUSTRALIAN TIMBER.

**TENDERS** are invited for supplying the Colonial Store Department at Colombo with the following descriptions and quantities of Australian timber, on the conditions named below:—

200 logs Red Gum (*Eucalyptus Rostrata*), 12 in. by 12 in.:—50 logs of 20, 50 logs of 30, 50 logs of 40, and 50 logs of 45 feet long.

3000 planks do., 6 by 4:—2000 of 18 feet long, and 1000 of 15 feet long.

25 logs Cedar, of the various lengths and dimensions ordinarily procurable.

1000 Red Gum Railway Sleepers, 9 feet by 10 in. by 5 in. The timber is to be delivered duty paid and free from all expenses to Government, beyond the contract price, within the Colonial Store Timber Yard, on the Galle Buck, at Colombo.

The delivery should be completed before April 1874. The timber is to be measured and paid for by girth measurement, excluding defects, and by the scales of Hoppus' Measure Book, nothing under a quarter of an inch being included; allowance to be made in length for split or defective ends; Queen's caliper or freight measurement is not admitted.

As only straight square timber of the best quality; free from sap and defect, is required, it is clearly to be understood that not under any deduction of measurement, however large, will inferior timber be accepted.

Measurement is to be made in the timber yard in the presence of such person as may be deputed by the contractor to superintend and agree upon the measurement, which is to take place as soon as circumstances will allow, no avoidable delay taking place.

Payment will be made for each delivery as soon as possible not exceeding 15 days from the completion of measurement.

Tenders for the above stated timber or a portion thereof, which must express the price per cubic foot in rupees and cents, local currency, under the above conditions, will be received by the Colonial Secretary, marked "Tender for Australian Timber," until 31st August 1873.
