NOTICE TO SHIPPERS OF HORSES, ETC., TO INDIA.

THE attention of shippers of horses to India, and all other persons interested therein, is called to the fact that, an Act (28 Vic. of 1871) has been passed by the Governor-General of India in Council, which provides that—“When any person of European extraction lands in India, being or having been in charge of, or in attendance upon, any animal, and becomes chargeable to the State as a vagrant within one year after his arrival in India, then the consignee of such animal, or the agents in India for the sale of such animal, or if such consignee or agent cannot be found, the agent to whom the ship in which such animal arrived in India was consigned, shall be liable to pay to the Government the cost of such person's removal and all other charges incurred by the State in consequence of his becoming a vagrant.”

It further appears from a communication addressed to this Government from India, that two men named Charles Duncan and Charles Sherley have been lately charged as vagrants, when it transpired that they had been engaged by a Mr. John Learmonth as grooms in charge of horses from Australia, subsequently Mr. Learmonth was compelled to provide return passages for the men by the first opportunity, and also for their maintenance in the meantime.

Copies of the proceedings in the above case as well as the Act of the Governor-General in Council, can be seen at this office.
