The births registered in Melbourne and suburbs during the month of June numbered 714, and the deaths which occurred numbered 331. The excess of the former over the latter was thus 383.

The mortality of Melbourne and suburbs, together with the mean temperature in the shade and the mean atmospheric pressure, during the month of June for the ten years 1864-1873, were as follow:—

	Number of Deaths.	Mean Temperature.	Mean Height of Barometer.
June 1864 ...	240	49.1°	30.046 inches.
" 1865 ...	287	48.2°	30.105 "
" 1866 ...	341	49.3°	30.123 "
" 1867 ...	250	52.2°	30.033 "
" 1868 ...	315	49.2°	29.932 "
" 1869 ...	265	49.9°	30.081 "
" 1870 ...	323	50.3°	29.916 "
" 1871 ...	330	50.4°	29.960 "
" 1872 ...	303	51.6°	29.808 "
" 1873 ...	351	52.2°	30.045 "
Mean of ten years ...	301	50.2	30.005 "

The deaths in June were fewer than those in May by 68. They exceeded the average of June in the previous ten years by 80; but if allowance be made for the increase of population they will be found to have been 39 less than that average.

The highest temperature in the shade recorded at the Melbourne Observatory during the month was 62.5° on the 6th. The lowest was 31.8° on the 27th. The mean temperature of the month (48.9°) was 1.3° below the average. The greatest range of the thermometer in any one day (24.2°) took place on the 27th, viz., from a maximum of 56° to a minimum of 31.8°. The least range (6.1°) was on the 7th, viz., from a maximum of 55.5° to a minimum of 49.4°. The mean daily range was 13.1°. The mean atmospheric pressure (29.962 inches) was slightly below the average.

Fifty-five per cent. of the deaths which occurred during the month were of males and 45 per cent. were of females. Thirty-two per cent. were of children who had not attained their fifth year as against 33 per cent. in June 1873, 42 per cent. in June 1872, 37 per cent. in June 1871 and 1872, 40 per cent. in June 1869, 45 per cent. in June 1868, 51 per cent. in June 1867, 41 per cent. in June 1866; 48 per cent. in June 1865, and 45 per cent. in June 1864.

The remaining four deaths were set down to ship's steward aged 60 who died of jaundice the result of injuries received at sea. The remaining four deaths were set down as suicidal, viz.:—That of a pensioner aged 81 who cut his throat with a razor; of a female aged 22 who drowned herself; of a fireman aged 34 who strangled himself with a saddle-strap; and of a female aged 65 who hanged herself. In the case of the first three of these deaths the person committing suicide was proved to be of unsound mind.

Eighty-nine deaths, or 27 per cent. of the whole, took place in public institutions, viz.:—47 in the Melbourne Hospital; 6 in the Immigrants' Home; 2 in the Industrial Schools; 1 in the Children's Hospital; 5 in the Alfred Hospital; 2 in the

Lying-in Hospital; 6 in the Benevolent Asylum; 3 in the Gaol; 7 in the Yarra Bend Lunatic Asylum; and 10 in the Metropolitan Lunatic Asylum.

The following table shows the cause of death of persons of both sexes under and over five years of age, and the proportions per cent. of deaths from each cause in Melbourne and Suburbs during the month of June 1874:—

Classes.	Causes of Death.	Number of Deaths.					Proportions per cent.

Such deposit to be forfeited in the event of the successful tenderer failing to complete the security within the prescribed period.

The security must be completed within ten days of acceptance of tender, failing which the contract may be again advertised, or another tender accepted.

The Government will not necessarily accept the lowest or any tender.

Persons failing to take up their contracts will be disqualified from tendering for Government supplies for a period of twelve months.

All tenders must be enclosed in a separate envelope, marked "Tender for Railway Lamps," and be deposited in the Stores Tender-box at the Pay Office, Treasury, Melbourne.

CONDITIONS.

The whole of the above-named articles required for the service of the Victorian Railways are to be in accordance with the samples and specifications, and in every respect to be of the very best description, quality, and manufacture, subject to the approval of the Engineer-in-Chief, the Traffic Manager, and the General Overseer of Locomotives. The goods will be subject to the examination and test of an Inspecting Officer appointed by any of the above.

The order for supply under this contract must issue from the Secretary for Railways, and all the lamps must be delivered free of charge to the Railway Stores, Williamstown, on or before the 1st day of October 1874.

Delivery, as a rule, is to be of the full quantity ordered; but all deliveries must be accompanied with detailed invoices or bills of parcels in duplicate, showing quantity, rate, and value, also the number of the order for the goods, otherwise the goods will not be received. Delivery will not be deemed to have been made until the goods have been approved of.

In the event of supplies ordered under this contract not being delivered within the specified time, it will be competent for the Railway Storekeeper, on the order of the Secretary, to cancel the order and purchase the same, or such articles as may be suitable for the service, at the risk of the contractor, from whose account any expense over and above the contract price will be deducted.

The Railway Storekeeper will have power to reject such article or articles as are obviously of inferior character, or not in accordance with the specification, it being understood that he will be responsible to the Government for so doing; and the contractor must take back the rejected article and supply good in its stead, failing which it will be procured elsewhere, and the extra expense, if any, will be charged to him.

All rejected goods must be removed by the contractor within twenty-four hours after notice has been given of such rejection, and, if not so removed, the Railway Storekeeper is hereby empowered to send the same to Melbourne, there to be stored at the contractor's risk and expense.

In the event of a difference of opinion between the contractor and the head of the branch requiring the supply, as to the quality, the same is to be decided by a board of survey composed of persons named by the Commissioner of Railways, and the decision of the board is to be considered final. Any expense incurred on account of the rejection of supplies by a board of survey will be charged to the contractor.

If the board shall decide that the article is not of proper quality, it must be immediately replaced by the contractor, failing which it will be procured elsewhere, and the extra expense, if any, will be charged to the contractor.

Contractors are not at liberty to transfer their contract under cover of power-of-attorney, coupled with an interest or otherwise, and no such transfer will be recognized by the Government.
