By His Excellency SIR GEORGE FERGUSON BOWEN, Knight Grand Cross of the Most Distinguished Order of Saint Michael and Saint George, Governor and Commander-in-Chief in and over the Colony of Victoria and its Dependencies, and Vice-Admiral of the same, &c., &c., &c.

WHEREAS by *The Passengers, Harbors, and Navigation Statute 1865* it is amongst other things enacted, that the Governor in Council, by Proclamation published in the *Government Gazette*, may, from time to time, define the limits and boundaries of ports in Victoria, and frame rules and regulations for the governance and preservation of the said ports respectively, and for the regulation of shipping in the same; and also for the due protection and preservation and good government and management of all public wharfs, and may appoint officers to carry out and enforce such rules and regulations; and from time to time, in like manner, may alter, amend, or repeal any such limits, boundaries, rules, and regulations, and substitute others in their stead: Now therefore I, the Governor of Victoria, with the advice of the Executive Council, do hereby proclaim the following to be amended Port and Harbor Regulations, and to be observed accordingly, in lieu of those published in the *Government Gazette* of 21st May 1867, No. 54, which are hereby repealed:—

5. The Health Officer boards all ships arriving at any port in Victoria, from any port beyond Australasia, between sunrise and sunset.

Should any ship arrive at Port Phillip Heads after sunset, and not anchor off Shortland's Bluff, but proceed to Melbourne, she will be inspected and cleared by the Health and Immigration officers on anchoring in Hobson's Bay. The person in charge of any ship not cleared by the Health Officer at the Heads shall hoist and keep her ensign, with a blue flag under, flying until cleared by the Health and Immigration officers in Hobson's Bay.

NOTE.—Vessels merely calling at Australasian ports on their way to Victoria, and bringing passengers from other than Australasian ports, and all vessels from affected Australasian ports, or having infectious diseases on board, shall come under rules 1 and 5.

16. No vessel (except steamers plying with passengers only) shall be unmoored on Sunday from her anchorage, or from her berth alongside any quay; and no work shall be done on any ship in harbor on Sundays, except such as may be necessary for the cleanliness or safety of the ship, or for the navigation of steamers aforesaid, unless by the express permission in writing of the Harbor Master.

98. A copy of these regulations, together with the Health Officer's report, shall be delivered to the master of every ship or vessel required to take a pilot on her entering any port by the pilot, who must take a receipt for the same.

Given under my Hand and the Seal of the Colony, at Melbourne, this tenth day of August in the year of our Lord One thousand eight hundred and seventy-four, and in the thirty-eighth year of Her Majesty's reign.

He shall, within fourteen days from the date of such discovery, register the same with the mining registrar in the form of Schedule A, and shall within seven days after date of registration proceed and continue to work with two men on such claim, except as hereinafter provided for in Bye-laws No. 20 and 21. Any person or persons taking possession of any such claim or claims shall do so by erecting or causing to be erected a post at each corner of the claim, with a written notice thereon, setting forth that it is a prospecting claim, and stating the name of the men registered for the claim; such posts to be at least four inches square and showing four feet above the surface, and firmly fixed in the ground, and to be kept erected and kept in proper repair during the occupation of such claim.

BYE-LAW No. 8.—UNION OF QUARTZ CLAIMS.

Any number of quartz claims which shall adjoin each other may be united and occupied as one claim; provided always that the number of men necessary to be employed on or in connection with the claims, if occupied singly, shall be employed on or in connection with the united claim; all such unions shall be registered with the mining registrar within seven days after such union in the forms of Schedule D and E.

And the holder of any such level, tunnel, or adit right, shall register the same with the Mining Registrar within (7) seven days after taking possession: Provided always that such area shall not obstruct any watercourse, road, or thoroughfare in general use, or interfere with any existing right held under these bye-laws: Provided also that said area be open to alluvial mining.

BYE-LAW No. 10.—CEMENT CLAIMS (ALLUVIAL).

Cement claims, that is claims containing cement requiring to be crushed for the purpose of obtaining gold therefrom, shall be classed as an alluvial claim and shall not exceed (150) one hundred and fifty yards in length by (150) one hundred and fifty yards in width. BYE-LAW No. 11.—FORFEITURE OF QUARTZ CLAIMS.

Any right, title, or interest of any miner in and to any quartz claim or portion thereof, shall be liable to forfeiture, on the ground that the same has not been fairly worked during the time of occupancy, or that the same has been left unworked for a longer period than fourteen consecutive days, or that less than the minimum number of men required by these bye-laws have been employed thereon, or for non-registration, and any miner may make application to the warden to have the same declared forfeited: Provided that when such application is opposed and a quartz claim is forfeited, it shall be lawful to have any road, timber, mining plant, or other materials absolutely valuable to the applicant, valued by two valuers.

For the purpose of determining the amount of such compensation, the person or his agent using such land as aforesaid, and the person or his agent desiring to occupy such land for a mining purpose, shall each, upon the receipt of a written request from either, requesting him to appoint some person to act in his behalf as a valuator, appoint some person accordingly. If at the expiration of fourteen days from the date of the receipt

of such written request either party shall have failed to appoint some person who will act in their behalf as a valuator, and who will determine the amount of compensation as aforesaid, within the seven days next ensuing, then a valuator who may have been appointed by either party shall be deemed to have been appointed and may act alone on behalf of both parties. When both parties appoint a valuator, and such valuers are unable to agree to the amount of compensation to be paid, it shall be competent for such valuers to appoint a third party whom they shall mutually agree to. The decision of any valuator acting alone for both parties, or the decision of a majority of three valuers appointed as herein ordained, as regards the amount of compensation to be paid to the person or his agent using such land as aforesaid by the person occupying it for a mining purpose, shall, in either case, be final and conclusive to all intents and purposes whatsoever. When such valuator or valuers have ascertained the amount of compensation to be paid as aforesaid, they shall deliver their decision, in writing, in the following form:—

I [or we], the undersigned, having been duly appointed to ascertain and decide upon the amount of compensation to be paid by _____ prior to his occupying _____ for a mining purpose that piece of Crown land lawfully used by _____ situated at _____

Ground which, having been occupied or held under miners' rights, on which there is no plant or machinery, and which shall have been unworked and unoccupied (except as provided in Bye-laws No. 20 and 21) for a period of thirty-one days, shall be deemed to be and shall be treated as ground absolutely deserted and abandoned.

BYE-LAW No. 16.—PROSPECTING, ALLUVIAL, RIVER, CREEK OR SLUICING CLAIMS.

Any person prospecting for now alluvial gold-workings (elsewhere than in the bed of a river or creek, or within one mile of any place where gold has been obtained in payable quantities, or where any prospecting claim is at the time occupied) shall be allowed an area not exceeding 1000 yards square, provided that there shall be constantly employed on or in connection therewith at least two men.

Upon the discovery of gold in payable quantities within such prospecting claim, the claim shall be forfeited, and the discoverer shall be entitled to select and occupy in addition to the area that the number of men registered and constantly employed on or in connection with such prospecting claim will entitle him to an extended area equal to two entire claims of the said class, with an additional ordinary claim for every five miles that the said prospecting claim is distant from the nearest gold-workings. If in the bed of a river or creek, the discoverer or discoverers shall be entitled to occupy 400 yards along the course of the stream, by a width of 100 yards across the course of the stream, as a prospecting claim, with an additional length of 50 yards for each man for every five miles that the said prospecting claim is distant from the nearest recognised gold-workings, provided that there be employed on or in connection with such claim at least two men.

Upon the discovery of payable gold, the prospector or prospectors shall (within twenty-one days, should the distance not exceed ten miles from the nearest recognised gold-workings, and thirty days should it exceed that distance) register a prospecting claim with the mining registrar of the division in the form of Schedule A, and shall at the same time leave with him in writing a full description of the locality in which the discovery has been made, the nature of the workings and its distance from the nearest recognised gold-workings. Any person failing to comply with this regulation shall forfeit all benefit arising from this bye-law.

BYE-LAW No. 17.—UNION OF ALLUVIAL, RIVER, CREEK, OR SLUICING CLAIMS.

Any number of alluvial claims which shall adjoin each other in at least half their length or width may be united and occupied as one claim; provided always that the number of men necessary to be employed on or in connection with the claims, if occupied singly, shall be employed on or in connection with the united claim, as in accordance with Bye-laws No. 14 and 15; and where a river or creek claim is united to one or more alluvial claims of any other class, the water privileges of such river or creek claim shall not extend further than if such river or creek claim had not been united to any other. All such unions shall be registered with the mining registrar within seven days after such union, in the form of Schedules D and E.

BYE-LAW No. 18.—ALLUVIAL ORDINARY RIVER, CREEK, AND SLUICING CLAIMS.

Duties.—The holder of any alluvial ordinary river, creek, and sluicing claims shall be held responsible for the following duties, that is to say:—That the occupation of such claim shall be registered with the mining registrar within seven days after such occupation, in the form of Schedule A; and within seven days of such registration there shall be constantly employed on or in connection with such claim the requisite number of men as provided for in Bye-laws No. 14 and 15.

BYE-LAW No. 19.—FORFEITURE OF ALLUVIAL, RIVER, CREEK, OR SLUICING CLAIMS.

On application being made to the warden by any miner to have the right, title, or interest of any other miner to or in an alluvial, river, creek, or sluicing claim forfeited on the ground that the same has not been fairly worked during the time of occupancy, or that the same has been left unworked for a longer period than seven days, or that less than the minimum number of men required by these bye-laws has been employed thereon, or for non-registration, should the same be declared forfeited by the warden, the applicant shall then be entitled to full possession: Provided that when such application is opposed and a claim is declared forfeited, it shall be lawful to have any road, timber, mining plant or other materials absolutely beneficial to the applicant valued by two valuers.

For the purpose of determining the amount of such compensation the person or his agent using such land as aforesaid, and the person or his agent desiring to occupy such land for a mining purpose, shall each, upon the receipt of a written request from either, requesting him to appoint some person to act in his behalf as a valuator, appoint some person accordingly. If at the expiration of fourteen days from the date of the receipt of such written request either party shall have failed to appoint some person who will act in their behalf as a valuator, and who will determine the amount of compensation as aforesaid, within the seven days next ensuing, then a valuator who may have been appointed by either party shall be deemed to have been appointed and may act alone on behalf of both parties. When both parties appoint a valuator, and such valuers are unable to agree to the amount of compensation to be paid, it shall be competent for such valuers to appoint a third party whom they shall mutually agree to. The decision of any valuator acting alone for both parties, or the decision of a majority of three valuers appointed as herein ordained, as regards the amount of compensation to be paid to the person or his agent using such land as aforesaid by the person occupying it for a mining purpose, shall in either case be final and conclusive to all intents and purposes whatsoever. When such valuator or valuers have ascertained the amount of compensation to be

paid as aforesaid, they shall deliver their decision in writing, in the following form:—

I, [for we], the undersigned, having been duly appointed to ascertain and decide upon the amount of compensation to be paid by _____ prior to his occupying for a mining purpose that piece of Crown land lawfully used by _____ situated at _____, more or less, do hereby, in pursuance of the provisions of Bye-law _____, decide and award the amount of such compensation to be £ _____ s. _____ d. (_____ pounds shillings and _____ pence).

BYE-LAW No. 21.—EXEMPTION FROM FORFEITURE OF CLAIMS.

1. Notwithstanding the provision made in these bye-laws, the lawful occupant of a claim shall not be liable to any penalty, or his claim liable to forfeiture, during the time he is incapacitated from work by illness, or has to attend any court of law, or upon any urgent business; and he may further absent himself from his claim during public holidays, and during (14) fourteen days commencing on the 22nd. December in each year, without forfeiting his interest; should, however, any dispute arise as to the claim not being represented in accordance with these bye-laws, the onus of proof of the cause of absence shall lie with the claimholder.

2. *Claims not forfeited by neglect of hired workmen or tributors.*—No miner holding a claim or portion thereof, or share or interest therein, who employs hired labor to work the same, shall be deemed to have forfeited or abandoned his right, title, or interest in the same through any neglect, absence, or omission on the part of any workmen thereon employed by him; and further, no claim or portion of a claim shall be declared forfeited or be deemed to be abandoned where the same is *bond fide* worked by the number of miners required by the bye-laws now in force on tribute, that is to say, where a portion of the gross or net proceeds of the claim, as the case may be, is agreed upon to be returned by the tributor or tributors to the owner or owners of the claim, by way of tribute, rent, or royalty. And the owner or owners of such claim shall be deemed to be working the same in a *bond fide* manner as much as if they employed hired workmen for that purpose, and shall enjoy all the rights, privileges, and exemptions contained in the bye-laws now in force: Provided always that if after seven (7) days' notice, in writing, of such neglect, absence, or omission being given to such miner, either personally or by leaving the same at his last known place of residence, or in the event of the owner or owners being absent or not to be found, and such notice having been advertised in one or more newspapers circulating in the division in which the claim is situated, such neglect, absence, or omission, if continued, said miner shall be deemed to have abandoned his claim or portion of claim, or share or interest therein, as the case may be.

BYE-LAW No. 22.—WATER-RACES.

1. Any person intending to divert water, and to cut or construct a race for mining purposes in the form of Schedule M shall mark the proposed course thereof with pegs firmly fixed in the ground, four inches square, and showing at least three feet above the surface, and at intervals not exceeding 100 yards. He shall then be deemed to be in possession of such proposed course; and shall register the same within fourteen days with the mining registrar, in the form of Schedule M; but if he shall not within fourteen days from the date of such registra-

tion begin to form such race, or, having begun, shall not continue the formation thereof, he shall forfeit his title to any portion of the proposed course of the race which has not been cut or constructed; and on application being made to the warden, and the same being declared forfeited by him, the applicant may be put in possession thereof.

2. The owner of any race used for mining purposes shall be entitled to hold, in addition to the site of such race, five feet on each side thereof.

3. The head of any race cut for the purposes of diverting water from any river or creek shall not be shifted to the prejudice of any existing race.

4. The owner of any race shall build and maintain efficient bridges where any road, path, or track in ordinary use crosses such race.

BYE-LAW No. 23.—TAIL-RACES.

The holder of any claim using a tail-race in connection with such claim shall be entitled to occupy an area, for the site of such tail-race, not exceeding one (1) mile in length by a width of 27 feet, for a distance of 20 yards from the upper end of such tail-race, and a width of 12 feet for the remaining portion thereof. Nevertheless, no person shall be entitled to occupy any greater length of tail-race than is necessary for his requirements; always provided that should any other claimholder wish to use such tail-race for the same purpose, he may do so by paying the owners thereof a fair share of the cost of construction, and also by contributing a fair share of the cost of keeping said tail-race in repair.

BYE-LAW No. 24.—GENERAL PROVISIONS FOR RACES, DRAINS, AND TAIL-RACES.

Any person or persons shall be entitled to cut and construct any race, tail-race, or drain for mining purposes through any claim or claims held by any other person or persons, or under, over, or across any other race, tail-race, or drain. Should, however, the holder of any claim through which it is proposed to construct a race, tail-race, or drain, object, then the party proposing to cut such race, tail-race, or drain may do so by having the damage caused to the owner or owners of such claim by the cutting of such race, tail-race, or drain valued by two valuers, and the amount of such valuation, if any, together with the cost of estimating, such value shall within seven days be paid to the holder or holders of the claim through which it is proposed to construct such race, tail-race, or drain, or lodged with the mining registrar, before proceeding to cut, or construct, or form such race, tail-race, or drain.

BYE-LAW No. 25.—RIGHTS TO DIVERT WATER.

1. Rights to divert water shall be divided into three classes, viz., river and creek water-rights, bank water-rights, and motive-power water-rights.

2. River and creek water-rights shall in all cases be superior to the others.

3. Bank water-rights shall be superior to motive-power rights, except in the Omeo division, where motive-power rights shall be superior to bank water-rights if used for drainage purposes only and in connection with a river or creek claim. River and creek and motive-power water-rights, taken up in connection with a river or creek claim, or machine site, shall be deemed to belong to the claim or area with which they were first occupied, and shall not be used in or extended to any other claim or machine site.

4. The superiority of water-rights of the same class shall be by priority of registration.

5. If the use of a water-right race, tail-race, or drain, be abandoned for any period exceeding one month at a time, when water is available, or during the occupation of the claim or machine site taken up for mining purposes in connection with said water-right, race, tail-race, or drain, the right shall be deemed to be forfeited, any minor may, on application to the warden, be placed in possession thereof.

6. The alteration of the course of a race at any time shall not in any way affect any water-right or any privilege attached to such race.

7. If the water flowing in any river or creek is insufficient to supply all the water-rights derived from such river or creek, the owner of any water-right shall, on receipt of a water notice from the owner of any superior water-right (in form of Schedule L), cease to divert or make available to the superior water-right his supply of water, or such portion thereof as shall be necessary to make up the supply of the superior water-right, and shall not resume such diversion until a supply in excess of the quantity allowed to such superior right shall be available.

8. The holder of any water-right shall not be entitled to demand a supply of water at a higher level than is sufficient for his purposes.

9. Any person registering a water-right shall be deemed to be in the use and occupation of such water-right during the time he may be cutting or constructing the race through which the water is to flow.

BYE-LAW No. 26.—HOW AND WHERE WATER TO BE GAUGED.

Any person or persons diverting or using water for mining purposes shall use a gauge or measurement to be called a "sluiceway," which sluiceway shall be such a quantity of water as shall pass through an aperture sixteen inches wide and one inch deep, except in the mining registrar's division of Omeo, in which the depth shall be 24 inches, with a pressure not exceeding six inches; and every person diverting and using

No. 54.—August 14, 1874.—2.

such water as aforesaid shall cause a gate or hatch to be placed at the head of the race or at the source from which the water used by him or them is taken: Provided always that in case where water is obtained from several sources, the gate or hatch shall be placed in the race as near as possible to the head, but below the point of confluence from all the sources from which the water conveyed in the race is obtained. Within twenty-four hours after receiving a written notice (in the form of Schedule H) from any person entitled to receive a supply of water from the same source, the person or persons receiving such notice shall thereafter run such water through the above-mentioned gauge.

BYE-LAW No. 27.—PROTECTION TO SPRINGS.

No person shall be allowed to open a drain or tunnel into any spring in the Gippsland Mining District, unless at a distance of not less than 100 yards from any drain or tunnel which may have been previously opened, and from which any occupied race derives a supply of water, unless with the consent of the owner of such last-mentioned race, drain, or tunnel.

Any spring, waterhole, or other depository of water may be reserved for domestic purposes on the following conditions, viz.: Application shall be made to the mining registrar for the registration thereof (in the form of Schedule G) by not less than five holders of miners' rights or business licenses, and a copy of the certificate of such registration shall be posted in a conspicuous place near such water; nevertheless, any surplus water that may overflow from such reserved spring, waterhole, or other depository of water, or any water that may be in excess of the requirements of those for whose use such water is reserved, may be registered, diverted, and used for mining and other purposes.

BYE-LAW No. 28.—CAUSING CLAIMS TO BE FLOODED PROHIBITED.

BYE-LAW No. 29.—PROTECTION TO RACES AND CLAIMS.

No person shall permit any water used on or in connection with any claim or race to flow upon or into any other claim, race, or tail-race. All claimholders shall keep all tailings or sludge from their claim clear of any other claim, race, or tail-race, unless with the consent of the owner thereof.

BYE-LAW No. 30.—SURVEYOR TO ENTER UPON CLAIMS.

Any claimholder requiring to construct a road, tramway, timber shoot, or furnace flue out and beyond the limits of his claim, may occupy a site for such road or tramway not exceeding two miles in length by 20 feet in width, subject to the following conditions, viz.:-He shall define the area so occupied by posts firmly fixed in the ground, four inches square, and showing at least three feet above the surface, and not more than 200 yards apart, and shall register the same within forty-eight hours from the time of occupation. When any such area shall not have been used for the purposes for which it has been registered for a period of four (4) consecutive weeks, it shall be deemed to be abandoned: Provided always that such area shall not be liable to forfeiture during the working of the claim held in connection therewith, or during the period for which a suspension from the working of such claim may have been lawfully obtained.

1. Any person desirous of constructing a reservoir shall take possession of the site or area thereof by erecting a post firmly fixed in the ground, four inches square, and showing at least three feet above the surface at each angle, and shall register the same with the mining registrar within seven days after taking possession.

BYE-LAW NO. 34.—RESIDENCE AND BUSINESS SITES.

When any residence or business site is occupied within fifty yards of any road, street, or thoroughfare existing at the time of occupation, the frontage of such site towards such road, street, or thoroughfare shall not exceed 66 feet by a depth of 165 feet. No person shall occupy a residence or business site any portion of which is within 33 feet of the centre of any road, street, or thoroughfare, or within 10 feet of any site previously occupied.

No person shall take up and occupy, for residence or business purposes, any ground within (12) twelve feet of any race, unless with the consent of the owner of such race.

Any person taking up land under this bye-law shall do so by erecting, or causing to be erected, a post at each corner of the ground; such post to be (4) four inches square, and showing (3) three feet above the surface, and firmly fixed in the ground, and shall not be deemed to be in legal possession thereof unless the same shall have been registered within (7) seven days after taking possession; and such person shall be compelled to occupy the same within (21) twenty-one days after such registration, or in default thereof the same shall be deemed to be forfeited, and any miner may, on application to the warden, be placed in possession thereof.

BYE-LAW NO. 35.—REGISTRATION AND TRANSFER OF SHARES.

After a claim, or other mining tenement, shall have been registered, in which there are more shareholders than one, the owners thereof may divide their interest in such claim, or other mining tenement, into any number of shares that may be agreed upon. The shares to be consecutively numbered 1, 2, 3, &c., with the names of the shareholders opposite their respective shares; and may make application to the mining registrar for registration thereof, in the form of Schedule O. Each shareholder, upon making application, shall receive from the registrar a certificate in the form of Schedule P. The number of shares in any company may be increased from time to time in like manner.

BYE-LAW NO. 36.—LIENS.

The holder or holders of any registered claim (whether quartz or alluvial), or of any share or interest therein, may grant a lien upon the same to any person or persons as security for the payment of any debt or liability which he or they may have contracted, and upon the production to the registrar of the register, or transfer, or certificate, by which the intending lienor holds such share, claim, or interest intended to be made subject to such lien, and of the lienor's miner's right, and upon the execution of a lien-ticket by a lienor and lienee, in the form

of Schedule R, the said registrar shall register the said lien in the form of Schedule S, and after making such registration, he (the registrar) shall issue to the lienee a duplicate of the lien-ticket, and shall inscribe on the register, or transfer, or transfer-ticket, or certificate of lienor, the date and amount of the lien, and name of the lienee; and every such lien so effected shall be a specific charge upon such subject or lien; and when more than one lien shall be effected on the same subject, each lien shall take precedence according to their respective dates: Provided that the registrar shall cancel any lien on any claim, share, or interest, upon the lienor delivering to said registrar a certificate from the lienee to the effect that such debt or liability for which such lien was granted has been discharged.

BYE-LAW NO. 37.—SITES FOR MACHINERY.

Any person desirous of erecting a quartz mill driven by steam or water power, may occupy for such purpose an area not exceeding two acres, the length of which shall not exceed twice the width thereof. All such areas must be marked by a post at each angle (4) four inches square, showing at least (3) three feet above the surface, and firmly fixed in the ground, and shall be registered with the mining registrar within seven days after taking possession, and a copy of such registration kept posted in a conspicuous part of the area until the erection of such machinery; but no person shall be entitled to occupy any such area on the supposed course of any known quartz reef. Any person having occupied any such area, and shall fail to erect any such machinery thereon within six months from the date of occupation, shall forfeit all title to such area, and on application being made to the warden, and the same being declared forfeited by him, the applicant may be put in possession thereof.

BYE-LAW NO. 38.—PROVIDING FOR NON-APPOINTMENT OF SURVEYORS OR REGISTRARS.

In any division for which there is no registrar duly appointed, non-registration shall not be deemed a breach of these bye-laws, nor shall bar the exercise of any privilege under these bye-laws.

In a division in which there is no surveyor duly appointed, the non-fulfilment of the surveyor's duties shall not invalidate the title to any claim.

BYE-LAW NO. 39.—ABSENCE FROM RESIDENCE OR BUSINESS SITES.

Any person being in lawful occupation of a registered business or residence site, and having erected thereon a dwelling-house or place of business, may absent himself for thirty (30) consecutive days without rendering such site liable to forfeiture, and for a further period not exceeding three (3) calendar months, provided he shall register such absence with the mining registrar, and shall post a copy of the certificate of such registration on some conspicuous part of the building; such certificate shall be in the form of Schedule F.

BYE-LAW NO. 40.—THE FRONTAGE SYSTEM.—PROSPECTING CLAIMS.

Any person discovering a lead of gold at a greater depth than 40 feet below the surface, shall be entitled to hold for a prospecting claim an area not exceeding 800 yards along the course of such lead by a width of 200 yards.

BYE-LAW NO. 41.—ORDINARY FRONTAGE CLAIMS.

Dry frontage claims, *i.e.*, alluvial claims exceeding forty feet in depth, the drainage of which (if any) does not amount to twelve hundred gallons of water per twenty-four hours.

Wet frontage claims, *i.e.*, alluvial claims exceeding forty feet in depth, the drainage of which is at least twelve hundred gallons of water per twenty-four hours.

A frontage claim occupied on a supposed lead shall not exceed 100 feet in length, by a width not exceeding one mile. The holder of any such claim may defer the working thereof until the lead is discovered without rendering the claim liable to forfeiture, provided he allows the registrar to mark on his miner's right the progressive number of the claim and date of registration; and shall within two days post a notice on some conspicuous part of the claim, stating the progressive number of the claim, the name of the person registered therefor, and the date of registration; and shall, within forty-eight hours after the lead is discovered and the claims laid off by the surveyor, commence and carry on work upon the claim laid off for him in the usual manner of proper and efficient mining.

Upon the discovery of the lead, all claims previously occupied shall be deemed to be forfeited, and the holders thereof shall be entitled to occupy, in lieu thereof, claims as laid off by the surveyor according to their priority of registration, excepting where any claimholder on such undiscovered lead has sunk a shaft at least two-thirds of the depth of the prospecting claim previous to the discovery of the lead, in which case such claimholder shall be entitled to hold the parcel in which the shaft is situated, together with the number of adjoining parcels equal to the number of men constantly employed in sinking the shaft.

The extent of ground which one miner's right shall entitle the holder thereof to take possession of and occupy on a discovered frontage lead shall be determined by the depth of the lead below the surface of the ground in the nearest shaft being worked on such lead, and in the event of none being worked, from the most

reliable data obtainable, shall be in accordance with the following scale:—

On dry frontage leads where the depth of sinking exceeds—
40 feet and does not exceed 100 feet, 50 feet on the course of the lead by a width of one mile;
100 feet and does not exceed 150 feet, 65 feet on the course of the lead by a width of one mile;
150 feet and does not exceed 200 feet, 75 feet on the course of the lead by a width of one mile;
200 feet and does not exceed 250 feet, 85 feet on the course of the lead by a width of one mile;
250 feet and does not exceed 300 feet, 95 feet on the course of the lead by a width of one mile;
300 feet and does not exceed 350 feet, 105 feet on the course of the lead by a width of one mile;

until gold in payable quantities has been found in the claim after which the width shall not exceed 200 yards.

On wet frontage leads, where the depth of sinking exceeds 40 feet and does not exceed 100 feet, 90 feet on the course of the lead by a width of one mile; 100 feet and not exceeding 150 feet, 110 feet on the course of the lead by a width not exceeding one mile; and so on; 30 feet being added to the length of the claim for every 50 feet additional in depth of sinking until gold in payable quantities has been found in the claim: thereupon the owners of such claim shall cease to be entitled to occupy a greater width than 600 yards on the course of the lead, for a distance of 100 yards above and below the point where gold in payable quantities shall have been found in such claim, and shall within 48 hours from the time of the application of any person, being the holder of a miner's right, requiring them to define the boundary lines of the reduced width of each portion of such claim, do so, in the same manner as is prescribed in Bye-law No. 5 as the mode of taking possession of claims.

On dry frontage leads no more than thirty men's ground shall under any circumstances be amalgamated and held as one claim.

On wet frontage leads no more than eighty men's ground shall under any circumstances be amalgamated and held as one claim.

BYE-LAW No. 42.—REDEMPTION OF TITLES.

When the owner of any claim or other mining tenement forfeits his title to such claim or mining tenement, or any portion thereof, through the non-fulfilment of any of the provisions of these bye-laws, his subsequent fulfilment of the aforesaid provisions shall redeem his title to any portion of such claim or mining tenement which may have been forfeited as aforesaid, provided no legal process has been commenced to obtain possession of such forfeited portion during the existence of the cause of forfeiture.

BYE-LAW No. 43.—ABANDONMENT OF SHARES.

Any person or persons holding a share or shares in a registered claim, or other mining tenement, may abandon the same, provided that previous to such abandonment the same shareholder shall pay all liabilities due in respect of such share or shares, give to his partner or partners, and also to the registrar, a notice in writing of his intention, and shall publish in four consecutive issues of any newspaper circulating in the district, a copy of said notice in which such claim or other mining tenement is situated; and the registrar, after having been satisfied that notice has been given in each of the ways aforesaid, shall forthwith cancel the registration by which such share has been held, and the said shareholder shall thereupon be released from all future liability in respect of such share: Provided always that such abandonment shall not be deemed or taken to interfere with, set aside, or cancel any debt, agreement, engagement, or contract which may at the date of such abandonment exist between the said shareholder and his copartner or copartners, or any debt or liability the subject of a lien upon such share or shares.

BYE-LAW No. 41.—COMPENSATION, HOW AND WHEN MADE.

When any person shall desire to occupy any Crown lands for a mining purpose which is lawfully and *bona fide* used as a yard, garden, cultivated field, or orchard, or upon which any house, outhouse, shed, or other building, or any artificial dam or reservoir shall be standing, upon payment of compensation as hereinafter provided, and subject to the following conditions, he may do so in accordance with the provisions of these bye-laws.

Any person desiring to occupy for a mining purpose any such Crown lands as hereinbefore mentioned, shall do so provisionally by fixing posts defining the area he desires to occupy as aforesaid, in the same manner as is prescribed for occupying claims or easements. If such person shall be prevented from fixing such posts by a person using such land as aforesaid, in such case it shall be sufficient if such person shall define the area aforesaid as near to the manner aforesaid as the circumstances will permit, and register the provisional occupation of such land with the registrar within forty-eight hours of the time of fixing such posts.

For the purpose of determining the amount of such compensation, the person or his agent using such land as aforesaid, and the person or his agent desiring to occupy such land for a mining purpose, shall each upon the receipt of a written request from either, requesting him to appoint some person to act in his behalf as a valuator, appoint some person accordingly. If at the expiration of fourteen days from the date of the receipt of such written request either party shall have failed to appoint some person who will act in their behalf as a valuator, and who will determine the amount of compensation as aforesaid, within the

seven days next ensuing, then a valuator who may have been appointed by either party shall be deemed to have been appointed and may act alone on behalf of both parties. When both parties appoint a valuator, and such valutors are unable to agree to the amount of compensation to be paid, it shall be competent for such valutors to appoint a third party whom they shall mutually agree to. The decision of any valuator acting alone for both parties, or the decision of a majority of three valutors appointed as herein ordained, as regards the amount of compensation to be paid to the person or his agent using such land as aforesaid by the person occupying it for a mining purpose, shall in either case be final and conclusive to all intents and purposes whatsoever. When such valuator or valutors have ascertained the amount of compensation to be paid as aforesaid, they shall deliver their decision in writing, in the following form:—

I [or we], the undersigned, having been duly appointed to ascertain and decide upon the amount of compensation to be paid by _____, prior to his occupying for a mining purpose that piece of Crown land lawfully used by _____ situated at _____, marked by posts, and measuring more or less, do hereby, in pursuance of the provisions of bye-law _____, decide and award the amount of such compensation to be £ s. d. (pounds shilling and pence.

NOTICE is hereby given, that on and after the 1st September next, a Fixed White Light, of the third order dioptric, will be exhibited from sunset to sunrise from a tower erected on brow of the Bluff forming the south side of the entrance to Manukau Harbor, bearing from Paratutai E. 11° 15' S., distant 1½ of a mile, and in lat. 37° 3' 30" S., and long. 174° 33' 30" E., as measured on the Admiralty Chart.

The tower is 20 feet high, and the light will be 385 feet above the sea level; and allowing 15 feet for the height of the observer's eye, it will be visible from seaward in clear weather at a distance of 26½ nautic miles between the bearings of N. 18° W. or N. by W. ½ W. nearly, and S. 74° E. or E. by S. ½ S. A very narrow arc of light will be, however, obscured by top of Paratutai when the light bears E.S.E.

NOTE.—Masters of vessels should be cautious in approaching the Manukau in thick or foggy weather, for although the light, from its power and altitude, should be seen in clear weather at a distance of 26 miles, it will only be visible in thick weather at a considerably less distance. Bearings are magnetic and from seaward.
