**OCCUPATION OF LAND (UNDER SECTION 47, "LAND ACT 1869") FOR GRAZING PURPOSES TO BE SOLD BY AUCTION.**

**T**HE Board of Land and Works will sell by public auction, on Friday the 23rd March instant, at Two p.m., at the rooms of Messrs. John Buchan and Co., Queen street, Melbourne, the occupation for Grazing purposes only of the following unappropriated portions of land, subject to the subjoined conditions.

Every license granted under subdivision VII. of section 47 of *The Land Act 1869* shall be subject to the conditions set forth in the schedule hereto, and to such special conditions and payment in advance of such rent as may be accepted at time of sale, and shall be issued by an officer of the Department of Lands and Survey duly authorized on that behalf.

**SCHEDULE.**

1. The license granted to the purchaser shall not be deemed to prevent the land comprised therein or any part or parts thereof from being sold, leased, or licensed under any of the provisions of parts I., II., or III. of *The Land Act 1869*, except subdivision VII. of the 47th section thereof, or proclaimed a common, or occupied by virtue of any miner's right or business license, or alienated or dealt with under the authority of *The Land Act 1869*, or any other Act now or hereafter to be in force, otherwise than for pastoral or depasturing purposes, or resumed by order of the Governor, acting by and with the advice of the Executive Council, for railways, roads, telegraph lines, dams, reservoirs, races, catchwater drains, pipe tracks, quarries or other public purposes; and no licensee shall in any such case be entitled to compensation other than the return of such portion of the fee paid by him as the Minister may think fit.

2. If the licensee, or any person claiming an interest through or under the licensee in the land comprised in this license shall, at any time during the period for which the license has been issued, employ any person to apply for a license of an allotment under *The Land Act 1869*, contrary to the true intent of the provisions thereof, or shall make or cause to be made any agreement or contract, or shall give or take, or cause to be given or taken, any negotiable security for the purpose of defeating or evading the provisions of, or shall in any way whatsoever, directly or indirectly, commit or be privy to a fraud upon the said Act, this license shall be void.

3. No land comprised in roads from time to time surveyed and marked out within the boundaries of the land comprised in this license shall be deemed within the operations of this license.

4. This license entitles the holder thereof during the period therein specified to use the land in respect of which the same is granted for depasturing purposes only, and does not confer any right to build thereon, or to cultivate or fence any portion thereof; but if the holder thereof desire such use of the land beyond such period, notice to that effect must be given by him to the Minister one month prior to expiry thereof.

5. The interest in this license may not be transferred without the consent of the Minister and payment of a fee of One pound (£1), and upon sanction of transfer thereof a new license will issue to the transferee.

**SPECIAL CONDITIONS.**

1. The period of occupation will, in the first instance, be from the day of purchase to 31st December 1877; and will be renewed every year (under license) at the same annual fee, until 31st December 1880.

2. The fee must be paid every year in advance; and the proportion of fee for this year must be paid on the fall of the hammer together with the bonus by the purchaser or his agent.

3. Each lot will be offered at an annual fee; and the highest bidder of any sum, by way of bonus, will be declared the licensee at the annual fee fixed.

4. Each purchaser will sign his name in the book in which the lot is described, the occupation of which shall have been so purchased by him, thereby binding himself to the observance of the conditions under which the occupation shall have been sold.

5. The areas of the lots will be given as more or less, and all alienated or appropriated, land (if any) within the boundaries will be excluded.

Printed forms of tender and conditions of contract may be obtained from the Secretary, Tender Board, Treasury, Melbourne, or from the officer in charge of police at any station, by whom also information or explanation will be afforded to persons tendering.

As much forage as can be stored at any station where the storage is small will, for the convenience of the contractor, be ordered at one time.

The price, which must be expressed in words as well as in figures, and without alterations, erasures, or discrepancies must be per cental of 100 lbs. (net weight), including delivery at the stations, and all charges except the bags, which will remain the property of the contractor. At stations where the bags can be at once emptied, the contractor will be required to remove them when delivery is taken. At other stations notice will be sent to the contractor when the bags are empty. Bags to be removed at contractor's expense.

Tenders, which should be upon the printed form, will be received for either oats, bran, hay, or straw (the particular kind of hay or straw offered to be stated); but if all be included in one tender, it may be accepted for one article only, if advisable. Telegrams will not be entertained.

Tenders not complying with the terms of advertisement will not be entertained.

The successful tenderer will be required to enter into a bond for one-third of the estimated amount of the contract, within ten days after the acceptance is notified. Two approved sureties are required for contracts amounting to £150 and upwards, and one surety for contracts under £150.

Tenderers failing to take up their accepted tenders, or failing to carry out their contract satisfactorily, will be ineligible to again hold contracts for Government supplies.

Tenders must be enclosed in an envelope, must have the words "Tender for Forage" written thereon, and deposited in the Tender-box, Pay Office, Treasury, Melbourne; or, if sent by post, they must be addressed to the Chairman of the Tender Board, Treasury, Melbourne.

The Government will not necessarily accept the lowest or any tender.

The decision of the Government will be made known by Gazette notice, and by letter to accepted tenderers.

## CONDITIONS OF CONTRACT.

1. The hay to be good, sound, and sweet, and properly trussed; the straw to be wheaten, and both to be in all respects of the best quality; oats (Victorian grown) and bran to be sound and sweet and of the best description; chaff to be made from oaten hay of the best quality.

2. The supplies are for police, telegraph, and other horses, and are to be delivered on the order of the officer in charge of the district or station. The quantities stated in the schedule being only approximate, it must be understood that the Government may draw either more or less than those mentioned; and should new telegraph stations be formed, or additional horses be required to be stationed at any of the stations, the contractor will be required to supply the additional forage. Should the additional number of horses, however, exceed two, the contractor may, if he desire it, terminate the contract by supplying at once the whole quantity due at the station under the contract according to the foregoing schedule.

3. The forage, when delivered, must be accompanied by the particulars of quantity, showing the net weight, to be endorsed on the back of the order, which, when signed by the officer in charge of the station for the net quantity received, will be returned to the contractor, and by him rendered in support of his account.

4. Each contractor will be required to prepare his own account in the prescribed form, and on presentation thereof to the officer in charge of the station or district, it will be forwarded for payment at the Treasury, Melbourne, or the Pay Office of the district, as may be indicated by the contractor on the account.

5. Should forage duly ordered under these contracts not be delivered within forty-eight hours of the time specified in the order for delivery, it will be competent for the department (should circumstances require it) to purchase the same at the risk of the contractor, from whose account any expense over and above the contract price is to be deducted.

6. In the event of a difference of opinion between the contractor and the officer receiving the forage as to the quality of the same, it is to be decided by a board of survey, composed of persons named by the head of the department ordering the supply, and the decision of the board is to be considered final.

7. If the board shall decide that the forage is not of proper quality, it must be immediately replaced by the contractor, failing which it will be procured elsewhere, and the extra cost, if any, will be charged as in clause 5.

8. When a board of survey cannot be conveniently assembled, or when, from some other cause, injury would accrue either to the public service or to the contractor by waiting for a board of survey, the officer in charge will have the power to reject such supplies as are obviously of inferior quality, it being understood that he will be responsible to the Government for so doing; and the contractor must take back the rejected forage, and supply good in its stead, failing which it will be obtained by the officer requiring it, and the expense will be charged as in clause 5.

9. A repetition of irregularity in the quantity or quality of the forage, or of the delay in delivering or replacing it when required, or refusal to execute orders, will subject the contractor, upon report from the Tender Board, to such mulct, not exceeding £20, as the Government may direct. It will also be in the power of the Government, upon such repetition, to terminate the contract forthwith.

10. Contractors are not at liberty to transfer their contracts under cover of power-of-attorney, coupled with an interest or otherwise; and no such transfer will be recognized by the Government.

11. It will be competent for the Secretary to the Tender Board, on behalf of the Government, or for the contractor on his own behalf, to terminate the contract, by giving, in writing, a notice of three full calendar months to that effect, it being understood that such notice can only be given from the 1st day of a month, and provided that no such notice can be given before the 30th September 1877; and in the event of a station being discontinued or any change in the supplies required, the contractor will receive the earliest possible intimation.

JAMES McCULLOCH,  
Treasurer.

Treasury,  
Melbourne, 5th March 1877.

The value of packages necessary for transport, whether bulk be broken or not, must be included in the prices demanded; the weights and measures mentioned in the schedule are to be those of the new "British Pharmacopœia."

The tender must include the whole of the articles mentioned in the schedule, one price being stated for each article.

The prices must be expressed in words as well as in figures, and total amount of tender stated.

Tenders must be enclosed in a separate envelope, must have the words "Tender for Medicines, &c." written thereon, and be deposited in the Tender-box, at the Pay Office, Treasury, Melbourne.

The Government will not necessarily accept the lowest or any tender.

#### CONDITIONS OF CONTRACT.

1. The Government will not be bound to issue orders upon the contractors for all the articles enumerated in the schedules, but only for such articles, and such quantities of those articles, as the Government may order from time to time; neither will the Government be bound to take from the contractors any larger supply of any of the articles than may be shown upon the orders which have been issued during the year, nor will they be bound to take any of the articles enumerated in the schedules for which orders have not been issued. Should the Government require a larger supply of any article than the quantity stated in the schedules, the contractor will be bound to supply the same at the contract rate.

2. All articles must be of the best quality of their several kinds, and all preparations and compounds are to be those of the new "British Pharmacopœia," unless otherwise specially ordered.

All orders for supplies under this contract will emanate from the Chief Medical Officer, or from the departments requiring the supplies, and the articles must be delivered at such place in Melbourne or Williamstown districts as may be stated in the order; and for the purposes of this contract all Government offices within a radius of six miles from the General Post Office will be deemed to be within Melbourne; and Williamstown district will include the town of Williamstown and Hobson's Bay. The goods are to be delivered free of all charges for packing, freight, cartage, &c.

4. All supplies, when delivered, must be accompanied by the order, which, when received, is to be rendered with the contractor's account. No supplies can be received unless accompanied by the order, and net weight or quantity only will be paid for.

5. The contractor shall, at the time of delivering the supplies, furnish his account in the prescribed form, and present it in a complete state to the Chief Medical Officer, or to the officer taking delivery of the supplies, for payment at the Treasury.

6. In the event of a difference of opinion between the contractor and the officer receiving the supply as to the quality, the same is to be decided by a board of survey, composed of persons named by the Government, and the decision of the board is to be considered final.

7. If the board shall decide that the article is not of a proper quality, it must be immediately replaced by the contractor, failing which it will be procured elsewhere, and the extra expense and survey fees (if any) will be deducted from the contractor's account.

8. If, from any cause, injury would accrue to the public service by waiting for a board of survey, the Chief Medical Officer, the Inspector of Stores, or the head of the department ordering the supplies (as the case may be), will have the power to reject such article or articles as are obviously of inferior quality; it being understood that they will be responsible to the Government for so doing, and the contractor must take back the rejected article, and supply good in its stead, failing which it will be procured elsewhere, and the extra expense (if any) will be charged as in condition 7.

9. A repetition of irregularity in quantity or quality of the supplies, or of delay in delivering or replacing them when required, will subject the contractor, upon report from the Tender Board, to such mulct, not exceeding the sum of Fifty pounds, as the Government may direct, and the amount may be deducted as in condition 7. It will also be in the power of the Government, upon such repetition, to terminate the contract forthwith.

10. Contractors are not at liberty to transfer their contracts under cover of power of attorney, coupled with an interest or otherwise, and no such transfer will be recognized by the Government.

11. In the event of the contractor failing to carry on the contract, the contract security money will in that case be absolutely forfeited.

12. In the event of any alteration in the tariff affecting any of the items included in this contract, the Government or the contractor (as may be the case) will make a proportionate allowance by way of deduction from, or increase of, the price of the item so affected.

13. It will be competent for the Secretary of the Tender Board on behalf of the Government, or the contractor on his own behalf, to terminate the contract, by giving notice in writing of three full calendar months; it being understood that such notice can be given only from the first day of a month and within the period for which the contract is made.

Tenders must be enclosed in a separate envelope, must have the words "Tender for —" (as the case may be) written thereon, and be deposited in the Tender-box, at the Pay Office, Treasury, Melbourne.

## CONDITIONS OF CONTRACT.

1. The Government will not be bound to issue orders upon the contractors for all the articles enumerated in the schedules, but only for such articles, and such quantities of those articles, as the Government may order from time to time; neither will the Government be bound to take from the contractors any larger supply of any of the articles than may be shown upon the orders which have been issued during the year, nor will they be bound to take any of the articles enumerated in the schedules for which orders have not been issued. Should the Government require a larger supply of any article than the quantity stated in the schedules, the contractor will be bound to supply the same at the contract rate.

2. The supplies are to be according to sample and of the particular manufacture indicated in the schedule of tenders. In the case of different makers' goods, the contractor will be required to supply the kind ordered. In other cases the supplies are to be the best quality of their several kinds or manu-

facture. A preference will, however, be given to goods of Victorian manufacture, provided the quality is equal to the particular manufacture indicated in the schedule.

3. All orders for supplies will emanate from the departments requiring the goods, and be transmitted through the Stores and Transport Department, except in the case of supplies for the Local Military Department, the *Cerberus*, the Harbor Department, and for works and buildings. From these departments the order will be sent direct to the contractor. All orders must accompany the goods on delivery, otherwise the goods will not be received. Delivery as a rule is to be of the full quantity ordered.

4. Supplies ordered for delivery in Melbourne and Williamstown districts are to be delivered free of all charges (whether cartage, freight, &c.), and for the purposes of these contracts Melbourne district will include a radius of six miles from the General Post Office; and Williamstown district will include the town of Williamstown, Hobson's Bay, and the River Yarra.

5. Arrangements as to time of delivery and inspection of goods will be made by the following officers:—

For materials for Works and Buildings	} The Inspector-General of Public Works.
For supplies for Ports and Harbors	
For supplies for the Local Military Department	} The Commandant.
For supplies for the ironclad <i>Cerberus</i>	
For all other supplies	The Inspector of Stores.

6. Orders must receive prompt execution; and in the event of the goods not being delivered within forty-eight hours after the contractor shall have received the order, or within such other time as the order may specify for delivery, it will be competent for the officers named in condition 5, or the head of the department to whom the goods are to be supplied, on giving the contractor twenty-four hours' notice, to purchase the supplies at the contractor's risk, and the extra expense incurred over and above the contract price (if any) will be deducted from the contractor's account.

7. The contractor will be required to furnish his account in the prescribed form simultaneously with delivery of the full quantities of goods ordered, the account being rendered with the order to which it relates. The prices quoted in the orders cannot be increased.

8. The acceptance of the supplies shall be subject to the approval of the officers named in condition 5. The contractor may, however, claim a survey on any goods objected to; but in that case he must, within twenty-four hours after objection is made, give notice thereof in writing to the officer rejecting the goods.

9. Delivery will not be deemed to have been made until the goods have been approved of. All articles rejected must be immediately replaced by the contractors, otherwise purchases will be effected at the contractor's risk, and the extra expense deducted as in condition 6.

10. The members of boards of survey will be appointed by the Government, and the decision of the board is to be considered as final. If the board shall decide that the article is not of proper quality, it must be immediately replaced by the contractor, failing which it will be procured elsewhere, and the survey fees and extra expense (if any) will be charged as in condition 6.

11. A repetition of irregularity in the quantity or quality of the supplies, or of delay in delivering or replacing them when required, will subject the contractor, upon report from the Tender Board, to such mulct, not exceeding Fifty pounds, as the Government may direct, and the amount may be deducted as in condition 6, or from the contractor's security. It will also be in the power of the Government, upon such repetition, to terminate the contract forthwith.

12. In the event of the contractor failing to carry on the contract, the contract security money will in that case be absolutely forfeited.

13. Contractors are not at liberty to transfer their contracts under cover of power-of-attorney, coupled with an interest or otherwise, and no such transfer will be recognized by the Government.

14. It will be competent either for the contractor on his own behalf, or for the Secretary of the Tender Board on behalf of the Government, to terminate the contract, by giving notice in writing of three full calendar months to the opposite party, it being understood that such notice can only be given from the first day of the month, and within the period for which the contract is made.

15. In the event of any alteration in the Tariff affecting any of the items included in these contracts, the Government, or the contractor, as the case may be, will make a proportionate allowance by way of deduction from, or increase of, the price of the item so affected.

16. The contracts entered into under this notice are not to be considered as being broken, infringed, or vitiated by the importation of stores for the Government service, or by any contracts made by the Imperial Commissariat or the Agent-General for Victoria, or by any contracts or agreements made for any works or supplies by the Department of Public Works, or on account of other Governments; or by any article being made at and supplied for the use of any Government establishment; or by the consumption of the surplus stock of any Government establishment.
