IN accordance with the terms of the vote—

"To assist in the development of the mining industry by loan or otherwise, in accordance with regulations previously framed and published in the *Government Gazette*. £20,000"

it is hereby notified that sums of money from such vote will be advanced only on loan, and for the undermentioned purposes, viz. :—

(a.) The development of mines in which the proprietors are engaged in advance of other mines in prospecting for the continuation of auriferous leads or quartz lodes that have proven to be of great value.

(b.) The opening up of alluvial or quartz mines situated on known auriferous leads or lodes in which unusual difficulties have to be overcome, by reason of the great inflow of water, depth of sinking, or from any other cause.

No loan will be granted in aid of any mine unless the proprietors thereof shall be in a position to give a substantial and sufficient guarantee to the Government for the return of such loan from the first profits of the mine, after the payment of working expenses, and also an undertaking for an equal expenditure of money in approved mining operations in addition to the sums advanced.

Monies will be advanced in such instalments as may be agreed upon, and vouchers must be forwarded to the Mining Department representing the expenditure of an amount equal to the next preceding instalment, and of a similar sum on the part of the proprietary, before a further instalment shall be paid.

All applications for assistance from the vote will be submitted for the consideration and recommendation of a Board appointed for that purpose.

THE Governor in Council has approved of the subjoined Regulations for a Common.

F. LONGMORE,
Commissioner of Crown Lands and Survey.
Lands and Survey Office,
Melbourne, 29th April 1878.

SHIRE OF WINCHELSEA.

RULES AND REGULATIONS FOR THE MANAGEMENT OF THE BIRREGURRA COMMON WITHIN THE SHIRE OF WINCHELSEA.

WHEREAS by *The Land Act 1869* power is given to the Governor in Council to frame regulations for the management of commons, and in pursuance of the provisions of chapter XIII. of the regulations made under the said Act by the Governor in Council, on the 26th day of May 1873, the Council of the Shire of Winchelsea, as managers of the Birregurra Common within the said shire, submit to the Board of Land and Works for approval the following Regulations for the management of the said common:—

1. The managers shall appoint a secretary to keep the books and accounts relating to the common, and to make entries of the proceedings of the managers in such books under their superintendence; and shall appoint a herdsman to the common, who shall be responsible for the efficient carrying out of the regulations for the management of such common, and shall conform to any special instructions issued to him by the managers relative to the registration, custody, and delivery to the owners of the cattle thereon, and to the prevention of trespass thereon of animals for which no commonage fees have been paid or which are not allowed to depasture as hereinafter provided. Such herdsman shall be remunerated for his services out of the fund derived from the commonage fees.
2. The managers shall at any time, if they deem fit, have power to cancel the appointment of the secretary or herdsman and remove him from such his office. If a herdsman desires to resign his office he must give at least one month's notice in writing thereof to the managers.

3. The managers shall from time to time make rules for the time and manner of reception of cattle on the common, for their removal, and for periodical mustering and branding; they shall also issue such orders and instructions to the herdsman as they think fit and necessary for the proper management and care of the cattle depastured on the common; every such order and instruction shall be given in writing and shall be signed by the secretary.

4. All ratepayers within the shire, holders of miners' rights, business or carriers' licenses, and farmers, shall be respectively entitled to depasture on the said common, if the same be within five miles of their places of residence, four (4) head of large cattle (two horses or three head of small cattle to be equivalent to four head of horned cattle). In addition to the above any ratepayer in the shire having under cultivation not less than one-tenth portion of the land occupied by him, will be allowed to depasture one additional head of large cattle or the equivalent in small cattle for every ten acres of such land cultivated by him. In no case shall any person be allowed to depasture more than six (6) head of large cattle on the common, and every person entitled to commonage must be the *bona fide* owner of every animal depastured by him; and no person will be allowed to transfer any animal during the currency of each half-year.

5. All fees must be paid half-yearly in advance to the herdsman of the common; licenses to date from the first day of April and the first day of October in each year.

The depasturing fee shall be as follows, per each half year:—

For every horse or mare ...	Five (5) shillings.
For every head of horned cattle ...	Three (3) shillings.
For every goat or sheep ...	Two (2) shillings.

No fee will be charged for foals or calves under three months old if running with their mothers.

6. No bulls or entire horses over the age of nine months will be allowed on the common without the written sanction of the managers; and sheep shall be allowed to depasture on such portions only of the said common as may be set apart for that purpose by the managers.

7. The managers shall cause their books to be kept in the form prescribed by the Governor in Council on the 26th day of May 1873, and in each book shall be recorded the descriptions and brands of the cattle depastured on the common, the moneys received for depasturing fees, the payments made from the common's funds, and the date of such payments; and the managers shall, by their herdsman, give receipts in proper form for the fees paid for all cattle depastured or intended to be depastured on the common under the charge of such herdsman.

8. Before the herdsman of the common enters upon his duties, he shall furnish security to the satisfaction of the managers in the sum of Twenty pounds (£20) sterling.

9. The herdsman on receipt of any cattle into his charge, and after payment to him of the proper amount of depasturing fees thereon, shall, with the assistance of the owner or other person in charge, immediately pitch-brand such cattle in a plain and conspicuous manner with the common brand; and such brand shall be renewed whenever necessary, so as to become plainly legible during the whole period that such cattle are depasturing on the common.

10. The herdsman shall impound all cattle trespassing on the common whose owners are not known, travelling cattle excepted, provided that notice has been given in accordance with the Act No. 370 (Diseases of Animals).

11. No cattle duly registered in the books of the managers shall be removed from the common without and unless notice be first given to the herdsman, who shall obtain a receipt for the same from the owner.

12. The herdsman shall, on any cattle straying or being otherwise removed without the owner's consent, notify such owner thereof within ten days; and in default of giving notice within that time, if the cattle should be lost, the herdsman shall be held responsible for the loss, to be computed at a rate not exceeding Two pounds sterling per head for horses, and Two pounds sterling per head for horned cattle; such amount, when determined, shall be deducted from the herdsman's salary.

13. The herdsman of the common shall be in attendance, at a place to be named, on the seven days immediately preceding the first day of each half-year, for the purpose of registering cattle intended to be depastured, and to receive the fees thereon; due notice of such attendance, and of time and place thereof, shall be given by the managers.

14. Every person offending against any regulation for the management of the common, shall, on conviction before any justice, forfeit and pay a penalty not exceeding Twenty pounds for each offence.

15. The managers of the common may sue for and recover any fees for depasturing stock on such common, or any penalty for breach of regulation, for management of such common.

16. The herdsman of the common shall take the necessary steps for the effectual destruction of all thistles growing upon the common, the expenses in such work to be defrayed out of the common's fund; provided that express authority of such expenditure be first obtained from the managers.

17. The herdsman shall pay over all moneys received by him in respect of depasturing fees to the treasurer of the shire, and deliver therewith a statement of the particulars of such moneys so received.

18. The managers shall, within one month after the termination of each year publish, in a newspaper circulating in

the district where the common is situated, a certified account of the receipts and expenditure for the year, and forward copy thereof to the Board of Land and Works.

19. The herdsman shall report immediately on the indication of any contagious disease in any cattle on the common under his charge to the manager or the secretary, and shall give notice to the owner of such cattle. The managers shall at once take precautionary measures to remove such cattle from the common, but they shall not be responsible for any loss the owners of such diseased cattle may sustain.

The above Rules and Regulations were made and approved by the Council of the Shire of Winchelsea this first day of June 1877.

F. MURRELL, President,
VICTOR ELKINGTON, Shire Secretary.
