12. At any stage of a measure in committee, the chairman may be instructed to report progress and ask leave to sit again at a future day.

13. When matters referred to a committee of the whole have been considered, the chairman of committees shall report the same to the board.

14. Resolutions agreed to by a committee of the whole may be affirmed or negatived by the board; if negatived, they must be re-committed for further consideration.

15. Special committees may be appointed by resolution to consider and report on such questions as may be referred to them by the board for that purpose.

16. All motions and notices of motion shall be given in writing to the chairman, and shall be read, signed, and dated by the mover.

17. Any motion or amendment not seconded shall not be further debated, but shall lapse; and no discussion shall be allowed on a motion for adjournment.

18. Any member having proposed a motion or amendment may withdraw the same; but should it be seconded, it can only be withdrawn by consent of the board.

19. Any member having a new bye-law to introduce shall furnish to the clerk of the board a copy of such bye-law at least one month before the next sitting of the board, and the clerk shall furnish a copy of such proposed bye-law to each member of the board at least fourteen days before the next sitting of the board.

20. All motions which, if carried, would have the effect of introducing new regulations into the district, shall be first affirmed by the board, then considered in committee of the whole, and, if necessary, amended, and shall again be affirmed by the board before it shall be deemed to be finally adopted by the board. No such motion shall be read a third time except at the time appointed for the third reading of all which have been agreed to at the same sitting of the board.

21. The mover of any motion or amendment, or any member speaking thereto, shall rise and address the chairman, and shall not be interrupted unless called to order, when he shall resume his seat until the member raising the point of order shall have been heard, and the question of order disposed of by the chairman, whose decision shall be final, when he (the said original speaker) shall proceed with the subject.

22. All members, including the chairman, shall stand while addressing the board.

23. If two or more members rise at the same time to speak, the chairman shall decide who is entitled to priority.

24. One amendment shall only be discussed at one time, but, if lost, one other can be moved before the original motion is put to the vote. In the event, however, of an amendment being carried, the original motion shall be deemed rejected, and the amendment so carried shall take the place of such original motion; and on it one amendment can be moved, but no more.

25. No member shall speak twice to any question or motion before the board, except (with the sanction of the chairman) in explanation or reply, or in committee of the whole; notwithstanding, a member making a substantive motion shall have the right of reply; any member merely seconding a motion shall not be held to have spoken to it.

26. All questions before the board shall be determined by the chairman putting the question to each individual member, who shall vote by replying "Aye" or "No."

27. In every division the votes of both "Ayes" and "Noes" shall be recorded, and every member present shall be required to vote.

28. Any member may require the clerk to take down any particular words used by another member immediately upon their being spoken.

29. The business of the board shall be conducted on all ordinary occasions with open doors, but any two members may require the exclusion of strangers until it shall be decided by the board whether any particular question proposed to be introduced shall be discussed with open doors.

30. Any or each of the following acts, words, or omissions shall constitute and be a breach of order, unless the offending member, upon being called to order, do make a satisfactory apology to the board, viz.:—

Addressing the board in any other than a standing posture, without permission of the chairman.

Interrupting another member while addressing the board, except upon a point of order.

Presenting to the board any application disrespectfully worded.

Refusing to cease speaking when interrupted by a call to order.

Disorderly conduct in the board room, using offensive or objectionable language, imputing improper motives, or making personal reflections on a member.

Disobeying the lawful orders of the chairman.

Any member, after taking his seat, who wilfully absents himself without permission of the board.

Any member committing a breach of order and refusing to make a satisfactory apology to the Board shall be considered not present, and, by a resolution of the Board, his name shall be erased from the attendance-book until such apology shall be made.

31. It shall be competent, by a vote of two-thirds of the members present, for the board to suspend any standing order herein contained; provided the effect of such suspension shall not be the rescinding of any resolution previously adopted by the board at the same sitting.

32. Whenever the board shall adjourn during the proceedings of any meeting, a record of such adjournment shall be made in the minutes of the proceedings of the board; and when the business of any meeting shall have been concluded, an entry shall be made in the minutes of such meeting, stating the time at which such meeting terminated.

BYE-LAW No. 4.—DEFINITION OF CLAIMS.

A claim shall be such a parcel of land as may, in accordance with the provisions of these bye-laws, be taken possession of by or for any holder of a miner's right, or by or for any number of persons not exceeding four, each being the holder of a miner's right, acting in conjunction, or any number of such parcels as shall be lawfully amalgamated; and for the purpose of this bye-law claims shall be divided into two classes, namely, alluvial and quartz.

BYE-LAW No. 5.—MODE OF TAKING POSSESSION AND OF OBTAINING REGISTRATION.

Any person or persons taking possession of a parcel of Crown land for gold mining purposes, or any number of such parcels adjoining each other, and which may be amalgamated, shall do so by erecting or causing to be erected a post at each angle of the boundary-lines which shall bound such parcel or parcels; such posts shall be not less than three inches in diameter, be firmly fixed in the ground, and extend not less than three feet above it, and trenches not less than five feet in length and six inches in depth shall be cut at each post, showing the direction of the boundary-lines, except as is otherwise provided for in these bye-laws. Registration of claims shall be obtained in the following manner, viz., by making application to the mining registrar of the division in which such claim is situated in the form of Schedule A, and the Registrar shall thereupon issue a certificate of registration in the form of Schedule B.

BYE-LAW No. 6.—QUARTZ PROSPECTING AREAS.

1. Any person or persons being the holder or holders of a miner's right or miners' rights purposing to prospect or search for auriferous quartz reefs at a distance of not less than four hundred yards from the nearest occupied quartz claim shall be entitled to take possession of a parcel of Crown lands not exceeding five hundred yards square, and provisionally occupy the same as a quartz prospecting area until the discovery of an auriferous lode or quartz reef therein, provided that one or more men are constantly employed thereon, and that such prospecting area does not contain within its boundaries any ground in which payable alluvial gold is known to exist.

2. Upon the discovery of gold in payable quantities the title to provisional occupation shall be forfeited, and in lieu thereof the prospectors shall be entitled to occupy a claim on the course of the reef as provided in Bye-law No. 7.

3. Persons provisionally taking possession of a quartz prospecting area shall register the same with the mining registrar of the division in which such prospecting area is situated within fourteen days from the time of taking possession thereof, and shall keep posted on some conspicuous place near to their prospecting bore, trench, shaft, drive, or cutting a copy of the certificate of such registration in the form of Schedule B.

BYE-LAW No. 7.—PROSPECTING QUARTZ CLAIMS.

Any person on the discovery of a quartz reef not less than four hundred yards from the nearest occupied quartz claim may occupy as a prospecting claim an area not exceeding two hundred yards in length by two hundred and fifty yards in width. He shall, within fourteen days from the date of such discovery, register the same with the mining registrar, and shall within seven days after date of registration proceed and continue to work with two men on such claim, except as hereinafter provided for in Bye-laws Nos. 12, 21, and 22. Any person or persons taking possession of any such claim or claims shall do so by erecting or causing to be erected a post at each corner of the claim with a written notice thereon, setting forth that it is a prospecting claim, and stating the name of the men registered for the claim; such posts to be at least three inches in diameter and showing four feet above the surface, and firmly fixed in the ground, and to be kept erected and kept in proper repair during the occupation of such claim.

BYE-LAW No. 8.—ORDINARY QUARTZ CLAIMS.

Ordinary quartz claims shall not exceed the following dimensions, viz.:—Fifty yards along the course of the reef by two hundred and fifty yards across such course for one man; one hundred yards by two hundred and fifty yards for two men; one hundred and fifty yards by two hundred and fifty yards for three men; two hundred yards by two hundred and fifty yards for four men.

The measurement of all quartz claims shall be horizontal. The holder of any such claim shall be responsible for the due performance of the following duties, that is to say:—

He shall register the occupation of the claim with the registrar in the form of Schedule A within seven days after such occupation, and within seven days after such registration shall proceed and continue to work the said claim.

There shall be kept constantly employed on or in connection with such claim at least one man for every fifty yards or fraction of fifty yards, except as provided for in Bye-laws Nos. 12, 21, and 22.

BYE-LAW No. 9.—AMALGAMATION OF QUARTZ CLAIMS.

Any number of quartz claims which shall adjoin each other may be amalgamated and occupied as one claim; provided always that the number of men necessary to be employed on or in connection with the claims, if occupied singly, shall be employed on or in connection with the amalgamated claim; all such amalgamations shall be registered with the mining registrar within seven days after such amalgamation in the forms of Schedules D and E.

BYE-LAW No. 10.—LEVEL, TUNNEL, AND ADIT RIGHTS.

All levels, tunnels, or adits used or required outside the boundary of any quartz or cement claim to extend to a distance not exceeding one thousand yards in length by a width of sixteen feet, as also an area of one hundred yards in length by forty yards at the entrance of all such levels, tunnels, or adits, shall be allowed and held as part of the claim with which they

are connected: And the holder of any such level, tunnel, or adit right, shall register the same with the mining registrar within seven days after taking possession: Provided always that such area shall not obstruct any watercourse, road, or thoroughfare in general use, or interfere with any existing right held under these bye-laws: Provided also that said area be open to alluvial mining.

BYE-LAW No. 11.—CEMENT CLAIMS (ALLUVIAL).

Cement claims, that is claims containing cement requiring to be crushed for the purpose of obtaining gold therefrom, shall be classed as an alluvial claim, and shall not exceed one hundred and fifty yards in length by one hundred and fifty yards in width. The holder of any such claim shall be responsible for the due performance of the following duties, that is to say:—He shall register the occupation of the claim with the registrar within seven days after such occupation, and within seven days of such registration shall proceed and continue to work the said claim. There shall be constantly employed on or in connection with such claim at least two men, except as hereinafter provided for in Bye-laws Nos. 21 and 22.

BYE-LAW No. 12.—FORFEITURE OF QUARTZ CLAIMS.

Any right, title, or interest of any miner in and to any quartz claim or portion thereof shall be liable to forfeiture, on the ground that the same has not been fairly worked during the time of occupancy, or that the same has been left unworked for a longer period than fourteen consecutive days, or that less than the minimum number of men required by these bye-laws have been employed thereon, or for non-registration, and any miner may make application to the warden to have the same declared forfeited: Provided that when such application is opposed and a quartz claim is forfeited, it shall be lawful to have any road, timber, mining plant, or other materials absolutely valuable to the applicant, valued by two valuers.

For the purpose of determining the amount of such compensation, the person or his agent using such land as aforesaid, and the person or his agent desiring to occupy such land for a mining purpose, shall each, upon the receipt of a written request from either, requesting him to appoint some person to act in his behalf as a valuator, appoint some person accordingly. If at the expiration of fourteen days from the date of the receipt of such written request either party shall have failed to appoint some person who will act in their behalf as a valuator, and who will determine the amount of compensation as aforesaid, within the seven days next ensuing, then a valuator who may have been appointed by either party shall be deemed to have been appointed and may act alone on behalf of both parties. When both parties appoint a valuator, and such valuers are unable to agree to the amount of compensation to be paid, it shall be competent for such valuers to appoint a third party whom they shall mutually agree to. The decision of any valuator acting alone for both parties, or the decision of a majority of three valuers appointed as herein ordained, as regards the amount of compensation to be paid to the person or his agent using such land as aforesaid by the person occupying it for a mining purpose, shall, in either case, be final and conclusive to all intents and purposes whatsoever. When such valuator or valuers have ascertained the amount of compensation to be paid as aforesaid, they shall deliver their decision, in writing, in the following form:—

I (or we), the undersigned, having been duly appointed to ascertain and decide upon the amount of compensation to be paid by _____, prior to his occupying _____ for a mining purpose that piece of Crown land lawfully used by _____, situated at _____

marked by posts, and measuring _____, more or less, do hereby, in pursuance of the provisions of bye-law _____, decide and award the amount of such compensation to be £ _____ s. d. (_____ pounds _____ shillings and _____ pence).

And the amount of such valuation, if any, together with the cost of estimating such value, shall, within seven days from the date of the award, be paid to the original owner, or lodged with the mining registrar; and such payment or lodgment shall be a condition precedent to putting the applicant in possession of such claim.

BYE-LAW No. 13.—DESERTED AND ABANDONED ALLUVIAL AND QUARTZ GROUND.

Ground which having been occupied or held under miners' rights on which there is no plant or machinery, and which shall have been unworked and unoccupied (except as provided in Bye-laws Nos. 21 and 22) for a period of thirty-one days, shall be deemed to be and shall be treated as ground absolutely deserted and abandoned; and may, without any adjudication of forfeiture or abandonment, be taken up and registered as a claim, in accordance with the Bye-laws, by any holder of a miner's right, but subject, nevertheless, to the rights (if any still subsisting) of any previous occupant of such ground.

BYE-LAW No. 14.—ALLUVIAL ORDINARY CLAIMS.

Ordinary claims, that is alluvial claims, not exceeding forty feet in depth, shall be an area not exceeding the following dimensions, viz.:—

For 1 man, 75 feet by 75 feet.
For 2 men, 150 feet by 75 feet.
For 3 men, 225 feet by 75 feet, or 150 feet by 112 feet.
For 4 men, 300 feet by 75 feet, or 150 feet by 150 feet.

When the sinking exceeds forty feet in depth, then the dimensions shall be as follows, viz.:—

For 1 man, 60 feet by 250 feet.
For 2 men, 125 feet by 250 feet.
For 3 men, 185 feet by 250 feet.
For 4 men, 250 feet by 250 feet.

BYE-LAW No. 15.—ORDINARY RIVER AND CREEK CLAIMS.

Ordinary river and creek claims, which shall include the bed of a river or creek, shall not exceed the following dimensions, viz.:—

- 50 yards in the direction of the course of the stream by 100 yards in width, for 1 man.
- 100 yards in the direction of the course of the stream by 100 yards in width, for 2 men.
- 150 yards in the direction of the course of the stream by 100 yards in width, for 3 men.
- 200 yards in the direction of the course of the stream by 100 yards in width, for 4 men.

Except in the registrars' divisions of Omeo and Jericho, in which they shall not exceed—

- 70 yards in the direction of the course of the stream by 100 yards in width, for 1 man.
- 140 yards in the direction of the course of the stream by 100 yards in width, for 2 men.
- 210 yards in the direction of the course of the stream by 100 yards in width, for 3 men.

The width to be taken from the centre of the river or creek equally on each side, and in case of any dispute arising, the warden shall have the power of deciding what is the centre of the river or creek, as the case may be.

In the two last-mentioned divisions no claim shall exceed 210 yards in length by 100 yards in width.

BYE-LAW No. 16.—SLUICING CLAIMS.

Sluicing claims, that is alluvial claims which are worked by any sluicing process, either box sluicing, ground sluicing, or other sluicing process, shall not exceed the following dimensions, viz.:—

- 50 yards by 100 yards for 1 man.
- 100 yards by 100 yards for 2 men.
- 150 yards by 100 yards for 3 men.
- 200 yards by 100 yards for 4 men.

Except in the divisions of Omeo and Jericho, in which districts they shall not exceed—

- 70 yards by 100 yards for 1 man.
- 140 yards by 100 yards for 2 men.
- 210 yards by 100 yards for 3 men.
- 280 yards by 100 yards for 4 men.

BYE-LAW No. 17.—PROSPECTING, ALLUVIAL, RIVER, CREEK OR SLUICING CLAIMS.

Any person prospecting for new alluvial gold-workings (elsewhere than in the bed of a river or creek, or within one mile of any place where gold has been obtained in payable quantities, or where any prospecting claim is at the time occupied) shall be allowed an area not exceeding 1000 yards square, provided that there shall be constantly employed on or in connection therewith at least two men.

Upon the discovery of gold in payable quantities within such prospecting claim, the claim shall be forfeited, and the discoverer shall be entitled to select and occupy in addition to the area that the number of men registered and constantly employed on or in connection with such prospecting claim will entitle him to an extended area equal to two entire claims of the said class, with an additional ordinary claim for every five miles that the said prospecting claim is distant from the nearest gold-workings. If in the bed of a river or creek, the discoverer or discoverers shall be entitled to occupy 400 yards along the course of the stream, by a width of 100 yards across the course of the stream, as a prospecting claim, with an additional length of 50 yards for each man for every ten miles that the said prospecting claim is distant from the nearest recognized gold-workings, provided that there be employed on or in connection with such claim at least two men.

Upon the discovery of payable gold, the prospector or prospectors shall (within twenty-one days, should the distance not exceed ten miles from the nearest recognized gold-workings, and thirty days should it exceed that distance) register a prospecting claim with the mining registrar of the division, and shall at the same time leave with him, in writing, a full description of the locality in which the discovery has been made, the nature of the workings and its distance from the nearest recognized gold-workings. Any person failing to comply with this regulation shall forfeit all benefit arising from this bye-law.

BYE-LAW No. 18.—AMALGAMATION OF ALLUVIAL, RIVER, CREEK, OR SLUICING CLAIMS.

Any number of alluvial claims which shall adjoin each other in at least half their length or width may be amalgamated and occupied as one claim; provided always that the number of men necessary to be employed on or in connection with the claims, if occupied singly, shall be employed on or in connection with the amalgamated claim, as in accordance with Bye-laws Nos. 14 and 15; and where a river or creek claim is amalgamated to one or more alluvial claims of any other class, the water privileges of such river or creek claim shall not extend further than if such river or creek claim had not been amalgamated with any other. All such amalgamations shall be registered with the mining registrar within seven days after such amalgamation, in the form of Schedules D and E.

BYE-LAW No. 19.—ALLUVIAL ORDINARY RIVER, CREEK, AND SLUICING CLAIMS.

Duties.—The holder of any alluvial ordinary river, creek, and sluicing claims shall be held responsible for the following duties, that is to say:—That the occupation of such claim shall be registered with the mining registrar within seven days after

such occupation; and within seven days of such registration there shall be constantly employed on or in connection with such claim the requisite number of men as provided for in Bye-laws Nos. 14 and 15.

BYE-LAW No. 20.—FORFEITURE OF ALLUVIAL, RIVER, CREEK, OR SLUICING CLAIMS.

On application being made to the warden by any miner to have the right, title, or interest of any other miner to or in an alluvial, river, creek, or sluicing claim forfeited on the ground that the same has not been fairly worked during the time of occupancy, or that the same has been left unworked for a longer period than seven days, or that less than the minimum number of men required by these bye-laws has been employed thereon, or for non-registration, should the same be declared forfeited by the warden, the applicant shall then be entitled to full possession: Provided that when such application is opposed and a claim is declared forfeited, it shall be lawful to have any road, timber, mining plant or other materials absolutely beneficial to the applicant valued by two valuers.

For the purpose of determining the amount of such compensation, the person or his agent using such land as aforesaid, and the person or his agent desiring to occupy such land for a mining purpose, shall each, upon the receipt of a written request from either, requesting him to appoint some person to act in his behalf as a valuator, appoint some person accordingly. If at the expiration of fourteen days from the date of the receipt of such written request either party shall have failed to appoint some person who will act in their behalf as a valuator and who will determine the amount of compensation as aforesaid, within the seven days next ensuing, then a valuator who may have been appointed by either party shall be deemed to have been appointed and may act alone on behalf of both parties. When both parties appoint a valuator, and such valuers are unable to agree to the amount of compensation to be paid, it shall be competent for such valuers to appoint a third party whom they shall mutually agree to. The decision of any valuator acting alone for both parties, or the decision of a majority of three valuers appointed as herein ordained, as regards the amount of compensation to be paid to the person or his agent using such land as aforesaid by the person occupying it for a mining purpose, shall in either case be final and conclusive to all intents and purposes whatsoever. When such valuator or valuers have ascertained the amount of compensation to be paid as aforesaid, they shall deliver their decision, in writing, in the following form:—

I [or we], the undersigned, having been duly appointed to ascertain and decide upon the amount of compensation to be paid by _____, prior to his occupying for a mining purpose that piece of Crown land lawfully used by _____ situated at _____, marked by posts, and measuring _____ more or less, do hereby, in pursuance of the provisions of Bye-law _____, decide and award the amount of such compensation to be £ _____ s. _____ d. _____ (shillings and pence).

And the amount of such valuation, if any, together with the cost of estimating such value, shall, within seven days from the date of the award, be paid to the original owner, or lodged with the mining registrar; and such payment or lodgment shall be a condition precedent to putting the applicant in possession of such claim.

BYE-LAW No. 21.—GENERAL SUSPENSION.

When any person or company requires, after three months work has been performed on or in connection with any claim with the requisite number of men, to suspend or partly suspend operations at any time through want of funds, overflow of water, want of water, breakage of machinery, or for any other sufficient cause, which, in case of dispute, shall be settled by the warden, such person or company, or the manager or secretary of such company, duly authorized on his or their behalf, shall make a statutory declaration, setting forth the reasons for which he or they require registration of suspension; and such declaration shall be in the form in Schedule I hereto appended; and on receipt of such declaration the registrar shall register such person or company for permission to suspend or partially suspend operations for any term not exceeding three calendar months, in the form set forth in Schedule K hereto appended; and at the expiration of such term such protection may be renewed for any time not exceeding three months: Provided that before any subsequent renewal of suspension shall be granted, a statutory declaration shall be produced by the applicants, and filed by the mining registrar, stating the reasons for desiring such renewal of suspension; and after the expiration of such suspension, work with the necessary number of hands shall be immediately resumed, and no subsequent suspension shall be allowed until six months' work with the full complement of men shall have been done on the claim from the date of the last suspension: Provided always that such registration shall afford no protection to the parties obtaining the same in any case where the same has been obtained through any wilful misrepresentation of facts; and should work not be resumed as hereinbefore provided, then such ground shall be deemed to be forfeited, and may be taken possession of in the manner provided for in Bye-law No. 12, except in the case of river, creek, or sluicing claims, which may be suspended during the continuance of floods or want of water.

Any person or persons having a claim or claims suspended under this bye-law shall post or cause to be posted a board not less than ten inches square with the word "Suspended" distinctly printed thereon, and the registered number of such suspension.

BYE-LAW No. 22.—EXEMPTION FROM FORFEITURE OF CLAIMS.

1. Notwithstanding the provisions made in these bye-laws, the lawful occupant of a claim shall not be liable to any penalty, or his claim liable to forfeiture, during the time he is incapacitated from work by illness, or has to attend any court of law, or upon any urgent business; and he may further absent himself from his claim during public holidays, and during fourteen days commencing on the 22nd December in each year, without forfeiting his interest; should, however, any dispute arise as to the claim not being represented in accordance with these bye-laws, the onus of proof of the cause of absence shall lie with the claimholder.

2. *Claims not forfeited by neglect of hired workmen or tributors.*—No miner holding a claim or portion thereof, or share or interest therein, who employs hired labor to work the same, shall be deemed to have forfeited or abandoned his right, title, or interest in the same through any neglect, absence, or omission on the part of any workmen thereon employed by him; and further, no claim or portion of a claim shall be declared forfeited or be deemed to be abandoned where the same is *bond fide* worked by the number of miners required by the bye-laws now in force on tribute, that is to say, where a portion of the gross or net proceeds of the claim, as the case may be, is agreed upon to be returned by the tributator or tributors to the owner or owners of the claim, by way of tribute, rent, or royalty. And the owner or owners of such claim shall be deemed to be working the same in a *bond fide* manner as much as if they employed hired workmen for that purpose, and shall enjoy all the rights, privileges, and exemptions contained in the bye-laws now in force: Provided always, that if after seven days' notice, in writing, of such neglect, absence, or omission being given to such miner, either personally or by leaving the same at his last known place of residence, or in the event of the owner or owners being absent or not to be found, and such notice having been advertised in one or more newspapers circulating in the division in which the claim is situated, such neglect, absence, or omission, if continued, said miner shall be deemed to have abandoned his claim or portion of claim, or share or interest therein, as the case may be.

BYE-LAW No. 23.—WATER-RACES.

1. Any person intending to divert water and to cut or construct a race for mining purposes shall mark the proposed course thereof with pegs firmly fixed in the ground, three inches in diameter, and showing at least three feet above the surface, and at intervals not exceeding one hundred yards. He shall then be deemed to be in possession of such proposed course; and shall register the same within fourteen days with the mining registrar, in the form of Schedule M; but if he shall not within fourteen days from the date of such registration begin to form such race, or, having begun, shall not continue the formation thereof, he shall forfeit his title to any portion of the proposed course of the race which has not been cut or constructed; and on application being made to the warden, and the same being declared forfeited by him, the applicant may be put in possession thereof.

2. The owner of any race used for mining purposes shall be entitled to hold, in addition to the site of such race, five feet on each side thereof.

3. The head of any race cut for the purposes of diverting water from any river or creek shall not be shifted to the prejudice of any existing race.

4. The owner of any race shall build and maintain efficient bridges where any road, path, or track in ordinary use crosses such race.

BYE-LAW No. 24.—TAIL-RACES.

The holder of any claim using a tail-race in connection with such claim shall be entitled to occupy an area, for the site of such tail-race, not exceeding one mile in length by a width of twenty-seven feet for a distance of twenty yards from the upper end of such tail-race, and a width of twelve feet for the remaining portion thereof. Nevertheless, no person shall be entitled to occupy any greater length of tail-race than is necessary for his requirements; always provided that should any other claimholder wish to use such tail-race for the same purpose, he may do so by paying the owners thereof a fair share of the cost of construction, and also by contributing a fair share of the cost of keeping said tail-race in repair.

BYE-LAW No. 25.—GENERAL PROVISIONS FOR RACES, DRAINS, AND TAIL-RACES.

Any person or persons shall be entitled to cut and construct any race, tail-race, or drain for mining purposes through any claim or claims held by any other person or persons, or under, over, or across any other race, tail-race, or drain. Should, however, the holder of any claim through which it is proposed to construct a race, tail-race, or drain object, then the party proposing to cut such race, tail-race, or drain may do so by having the damage caused to the owner or owners of such claim by the cutting of such race, tail-race, or drain valued by two valuers; such valuers to be appointed and decide as to the amount of compensation to be paid as provided in Bye-law No. 47. Provided also that, if any race, tail-race, or drain should at any time prove an obstruction to the proper working or mining of any ground (occupied at the time of the construction of such race, tail-race, or drain, or subsequently thereto), the owner or owners of such race, tail-race, or drain may be required to move such race, tail-race, or drain, on payment of compensation, as provided aforesaid; or, at the option of either party, the dispute in respect of such race, tail-race, or drain may be brought before the Warden, or any court of competent jurisdiction for adjudication.

BYE-LAW No. 26.—RIGHTS TO DIVERT WATER.

1. Rights to divert water shall be divided into three classes, viz.:—River and creek water-rights, bank water-rights, and motive-power water-rights.

2. River and creek water-rights shall in all cases be superior to the others.

3. Bank water-rights shall be superior to motive-power rights, except in the Omeo division, where motive-power rights shall be superior to bank water-rights if used for drainage purposes only and in connection with a river or creek claim. River and creek and motive-power water-rights, taken up in connection with a river or creek claim or machine site, shall be deemed to belong to the claim or area with which they were first occupied, and shall not be used in or extended to any other claim or machine site.

4. The superiority of water-rights of the same class shall be by priority of registration.

5. If the use of a water-right, race, tail-race, or drain be abandoned for any period exceeding one month at a time, when water is available, or during the occupation of the claim or machine site taken up for mining purposes in connection with said water-right, race, tail-race, or drain, the right shall be deemed to be forfeited, any miner may, on application to the warden, be placed in possession thereof.

6. The alteration of the course of a race at any time shall not in any way affect any water-right or any privilege attached to such race.

7. If the water flowing in any river or creek is insufficient to supply all the water-rights derived from such river or creek, the owner of any water-right shall, on receipt of a water notice from the owner of any superior water-right (in form of Schedule I.), cease to divert and shall make available to the superior water-right his supply of water, or such portion thereof as shall be necessary to make up the supply of the superior water-right, and shall not resume such diversion until a supply in excess of the quantity allowed to such superior right shall be available.

8. The holder of any water-right shall not be entitled to demand a supply of water at a higher level than is sufficient for his purposes.

Any spring, water-hole, or other depository of water may be reserved for domestic purposes on the following conditions, viz:

Application shall be made to the mining registrar for the registration thereof (in the form of Schedule G) by not less than five holders of miners' rights or business licenses; and a copy of the certificate of such registration shall be posted in a conspicuous place near such water; nevertheless, any surplus water that may overflow from such reserved spring, waterhole, or other depository of water, or any water that may be in excess of the requirements of those for whose use such water is reserved, may be registered, diverted, and used for mining and other purposes.

Provided further that a notification of the fact of the registration of any residence area shall be endorsed by the Mining Registrar (or other officer) on the miner's right or business license by virtue of which such area is held, and a similar endorsement shall be made by the Mining Registrar (or other officer) upon any renewal of such right or license, in accordance with the provisions of The Mining Statute 1865 and The Residence Areas Act 1881, No. 709.

BYE-LAW No. 38.—REGISTRATION AND TRANSFER OF SHARES.

After a claim, or other mining tenement, shall have been registered, in which there are more shareholders than one, the owners thereof may divide their interest in such claim, or other mining tenement, into any number of shares that may be agreed upon. The shares to be consecutively numbered 1, 2, 3, &c., with the names of the shareholders opposite their respective shares; and may make application to the mining registrar for registration thereof in the form of Schedule O. Each shareholder, upon making application, shall receive from the registrar a certificate in the form of Schedule P. The number of shares in any company may be increased from time to time in like manner.

BYE-LAW No. 39.—LIENS.

The holder or holders of any registered claim, or of any share or interest therein, may grant a lien upon the same to any person or persons as security for the payment of any debt or liability which he or they may have contracted; and upon the production to the registrar of the register, or transfer, or certificate, by which the intending lienor holds such share, claim, or interest intended to be made subject to such lien, and of the lienor's miner's right, and upon the execution of a lien-ticket

by a lienor and licensee, in the form of Schedule B, the said registrar shall register the said lien in the form of Schedule S; and after making such registration, he (the registrar) shall issue to the licensee a duplicate of the lien-ticket, and shall inscribe on the register, or transfer, or transfer-ticket, or certificate of lienor, the date and amount of the lien, and name of the licensee; and every such lien so effected shall be a specific charge upon such subject or lien; and when more than one lien shall be effected on the same subject, each lien shall take precedence according to their respective dates; and in the event of the sum of money named in the lien-ticket not being paid within the time named in the lien-ticket for the payment thereof, the licensee may, after making a demand in writing for payment of the sum of money aforesaid, and after advertising in three consecutive issues of some newspaper published at or circulating in the locality in which the subject of the lien is situated, cause to be sold by public auction the claim, share, or interest the subject of the lien, and may, as agent for the lienor, transfer and assign such claim, share, or interest, and may, for the purpose of effecting such transfer or assignment, sign the name of the lienor to any form or document required by the mining registrar. Provided that the registrar shall cancel any lien on any claim, share, or interest upon the lienor delivering to said registrar a certificate from the licensee to the effect that such debt or liability for which such lien was granted has been discharged.

BYE-LAW No. 40.—SITES FOR MACHINERY.

Any person desirous of erecting a quartz mill driven by steam or water power, may occupy for such purpose an area not exceeding two acres, the length of which shall not exceed twice the width thereof. All such areas must be marked by a post at each angle three inches in diameter, showing at least three feet above the surface, and firmly fixed in the ground, and shall be registered with the mining registrar within seven days after taking possession, and a copy of such registration kept posted in a conspicuous part of the area until the erection of such machinery; but no person shall be entitled to occupy any such area on the supposed course of any known quartz reef. Any person having occupied any such area, and shall fail to erect any such machinery thereon within six months from the date of occupation, shall forfeit all title to such area, and on application being made to the warden, and the same being declared forfeited by him, the applicant may be put in possession thereof.

BYE-LAW No. 41.—PROVIDING FOR NON-APPOINTMENT OF SURVEYORS OR REGISTRARS.

In any division for which there is no registrar duly appointed, non-registration shall not be deemed a breach of these bye-laws, nor shall bar the exercise of any privilege under these bye-laws.

In a division in which there is no surveyor duly appointed, the non-fulfilment of the surveyor's duties shall not invalidate the title to any claim.

BYE-LAW No. 42.—FORFEITURE OF RESIDENCE AREAS AND BUSINESS SITES.

That it shall be incumbent upon the occupier or owner of any residence area or business site to be continuously the holder of a miner's right or business license for each area or site so owned or occupied, and that if at any time after four (4) calendar months from the registration of such area or site it shall be proved, to the satisfaction of any warden, that there is no habitable dwelling thereon erected, and that there has not been a habitable dwelling erected thereon for a period of at least three consecutive calendar months, such warden shall make an order that the registration of such residence area or business site be cancelled, and such registration shall thereupon be cancelled by the Mining Registrar (or other proper officer), and the land so registered shall, on such cancellation, cease to be a residence area, and no second registration shall be effected by the same person of the whole or any part of a residence area within a period of six calendar months; and, further, the holding, owning, or occupying of residence areas as aforesaid shall be dependent on the observance and compliance with the conditions of these bye-laws and sections 7 and 8 and other sections of *The Residence Areas Act 1881*, No. 709, thereunto applying.

BYE-LAW No. 43.—THE FRONTAGE SYSTEM.—PROSPECTING CLAIMS.

Any person discovering a lead of gold at a greater depth than forty feet below the surface, shall be entitled to hold for a prospecting claim an area not exceeding 800 yards along the course of such lead by a width of 200 yards.

BYE-LAW No. 44.—ORDINARY FRONTAGE CLAIMS.

Dry frontage claims shall mean alluvial claims exceeding forty feet in depth, the drainage of which (if any) does not amount to twelve hundred gallons of water per twenty-four hours.

Wet frontage claims shall mean alluvial claims exceeding forty feet in depth, the drainage of which is at least twelve hundred gallons of water per twenty-four hours.

A frontage claim occupied on a supposed lead shall not exceed 100 feet in length, by a width not exceeding one mile. The holder of any such claim may defer the working thereof until the lead is discovered without rendering the claim liable to forfeiture, provided he allows the registrar to mark on his miner's right the progressive number of the claim and date of registration; and shall within two days post a notice on some conspicuous part of the claim, stating the progressive number of the claim, the name of the person registered therefor, and the date of registration; and shall, within forty-eight hours after the lead is discovered and the claims laid off by the surveyor, commence and carry on work upon the claim laid off for him in the usual manner of proper and efficient mining.

Upon the discovery of the lead, all claims previously occupied shall be deemed to be forfeited, and the holders thereof shall be

entitled to occupy, in lieu thereof, claims as laid off by the surveyor according to their priority of registration, excepting where any claimholder on such undiscovered lead has sunk a shaft at least two-thirds of the depth of the prospecting shaft previous to the discovery of the lead, in which case such claimholder shall be entitled to hold the parcel in which the shaft is situated, together with the number of adjoining parcels equal to the number of men constantly employed in sinking the shaft.

The extent of ground which one miner's right shall entitle the holder thereof to take possession of and occupy on a discovered frontage lead shall be determined by the depth of the lead below the surface of the ground in the nearest shaft being worked on such lead, and in the event of none being worked, from the most reliable data obtainable, shall be in accordance with the following scale:—

On dry frontage leads where the depth of sinking exceeds—
40 feet and does not exceed 100 feet, 50 feet on the course of the lead by a width of one mile;
100 feet and does not exceed 150 feet, 65 feet on the course of the lead by a width of one mile;
150 feet and does not exceed 200 feet, 75 feet on the course of the lead by a width of one mile;
200 feet and does not exceed 250 feet, 85 feet on the course of the lead by a width of one mile;
250 feet and does not exceed 300 feet, 95 feet on the course of the lead by a width of one mile;
300 feet and does not exceed 350 feet, 105 feet on the course of the lead by a width of one mile;
until gold in payable quantities has been found in the claim, after which the width shall not exceed 200 yards.

On wet frontage leads, where the depth of sinking exceeds 40 feet and does not exceed 100 feet, 90 feet on the course of the lead by a width of one mile; 100 feet and not exceeding 150 feet, 110 feet on the course of the lead by a width not exceeding one mile; and so on; 50 feet being added to the length of the claim for every 50 feet additional in depth of sinking until gold in payable quantities has been found in the claim; thereupon the owners of such claim shall cease to be entitled to occupy a greater width than 600 yards on the course of the lead, for a distance of 100 yards above and below the point where gold in payable quantities shall have been found in such claim, and shall within forty-eight hours from the time of the application of any person, being the holder of a miner's right, requiring them to define the boundary-lines of the reduced width of each portion of such claim, do so, in the same manner as is prescribed in Bye-law No. 5 as the mode of taking possession of claims.

On dry frontage leads no more than thirty men's ground shall under any circumstances be amalgamated and held as one claim.

On wet frontage leads no more than eighty men's ground shall under any circumstances be amalgamated and held as one claim.

BYE-LAW No. 45.—REDEMPTION OF TITLES.

When the owner of any claim or other mining tenement renders his title to such claim or mining tenement, or any portion thereof, liable to forfeiture through the non-fulfilment of any of the provisions of these bye-laws, his subsequent fulfilment of the aforesaid provisions shall redeem his title to any portion of such claim or mining tenement which may have been liable to forfeiture as aforesaid, provided no legal process has been commenced to obtain possession of such claim during the existence of the cause of forfeiture.

BYE-LAW No. 46.—ABANDONMENT OF SHARES.

Any person or persons holding a share or shares in a registered claim, or other mining tenement, may abandon the same, provided that previous to such abandonment the same shareholder shall pay all liabilities due in respect of such share or shares, give to his partner or partners, and also to the registrar, a notice, in writing, of his intention, and shall publish in four consecutive issues of any newspaper circulating in the district a copy of said notice in which such claim or other mining tenement is situated; and the registrar, after having been satisfied that notice has been given in each of the ways aforesaid, shall forthwith cancel the registration by which such share has been held, and the said shareholder shall thereupon be released from all future liability in respect of such share: Provided always that such abandonment shall not be deemed or taken to interfere with, set aside, or cancel any debt, agreement, engagement, or contract which may at the date of such abandonment exist between the said shareholder and his co-partner or co-partners, or any debt or liability the subject of a lien upon such share or shares.

BYE-LAW No. 47.—COMPENSATION, HOW AND WHEN MADE.

When any person shall desire to occupy any Crown lands for a mining purpose which is lawfully and *bona fide* used as a yard, garden, cultivated field, or orchard, or upon which any house, outhouse, shed, or other building, or any artificial dam or reservoir shall be standing, upon payment of compensation as hereinafter provided, and subject to the following conditions, he may do so in accordance with the provisions of these bye-laws.

Any person desiring to occupy for a mining purpose any such Crown lands as hereinbefore mentioned, shall do so provisionally by fixing posts defining the area he desires to occupy as aforesaid, in the same manner as is prescribed for occupying claims or easements. If such person shall be prevented from fixing such posts by a person using such land as aforesaid, in such case it shall be sufficient if such person shall define the area aforesaid as near to the manner aforesaid as the circumstances will permit, and register the provisional occupation of such land with the registrar within forty-eight hours of the time of fixing such posts.

For the purpose of determining the amount of such compensation, the person or his agent using such land as aforesaid,

and the person or his agent desiring to occupy such land for a mining purpose, shall each upon the receipt of a written request from either, requesting him to appoint some person to act in his behalf as a valuator, appoint some person accordingly. If at the expiration of fourteen days from the date of the receipt of such written request either party shall have failed to appoint some person who will act in their behalf as a valuator, and who will determine the amount of compensation as aforesaid, within the seven days next ensuing, then a valuator who may have been appointed by either party shall be deemed to have been appointed and may act alone on behalf of both parties. When both parties appoint a valuator, and such valutors are unable to agree to the amount of compensation to be paid, it shall be competent for such valutors to appoint a third party whom they shall mutually agree to. The decision of any valuator acting alone, or of two valutors acting for both parties, or the decision of a majority of three valutors appointed as herein ordained, as regards the amount of compensation to be paid to the person or his agent using such land as aforesaid by the person occupying it for a mining purpose, shall in either case be final and conclusive to all intents and purposes whatsoever. When such valuator or valutors have ascertained the amount of compensation to be paid as aforesaid, they shall deliver their decision, in writing, in the following form:—

I [or we], the undersigned, having been duly appointed to ascertain and decide upon the amount of compensation to be paid by _____, prior to his occupying for a mining purpose that piece of Crown land lawfully used by _____ situated at _____, marked by posts, and measuring _____ more or less, do hereby, in pursuance of the provisions of bye-law _____, decide and award the amount of such compensation to be £ _____ s. _____ d. (_____ pounds _____ shilling and _____ pence).

Viaduct, London, England, tobacco and cigar manufacturers, apply that the said firm may be registered as proprietors of the following trade-marks, numbered from 1 to 3.

The trade-marks are described as follows, that is to say:—
No. 1 is an oblong label with lined border, within which, at the bottom, is our name and address—"W. D. & H. O. WILLS, Bristol"; above on a background composed of the representation

of brickwork is an oval band enclosing the representation of the head and bust of a negro smoking a pipe, on the band are the words "Best Bird's Eye Tobacco," the word "Tobacco" being between two stars. On either side of the band at the bottom is a flower, proceeding from which, extending round the sides and top of the band, is fanciful ornamentation; on the left of the oblong outside the border are the obverse and reverse of the London Exhibition Medal of 1862, placed vertically, having between them the words and figures "Prize Medal 1862." On the right of the oblong outside the border, placed vertically, are the words "Every packet of our Best Bird's Eye bears our signature thus," under which is the facsimile signature "W. D. & H. O. Wills," followed by the words "To imitate which is Forgery," and the representation of a compound star with ornamental centre. On the left of the star is the word "Trade" and on the right the word "Mark"—the said mark being printed in red, blue, black, and white, but we claim the right to use the same in any color or combination of colors, and is represented in the following engraving—

W. D. & H. O. Wills
TO IMITATE WHICH IS FORGERY.

No. 2 is a label divided into four portions—each portion forming an oblong—three of which being placed side by side, and the fourth portion being under the middle portion. The middle portion has a lined border, and on a floral groundwork has at top and bottom a riband; on the riband, at the top, are the words "The Three Castles"—the space following being reserved for the insertion of words descriptive of the particular goods sold; the riband, at the bottom, bears the words and cipher "There's no sweeter Tobacco comes from Virginia & no better brand than the 'Three Castles.'" "The Virginians—Thackeray." In the centre of the oblong, between the ribands, is a shield divided by a fess, above which are the representations of two castles, and below is another castle. On the left of the shield is our name "W. D. & H. O. Wills," and on the right the words and cipher "Bristol and London." The portion on the left has a lined double border—the inner border (which is bulged at top and bottom) being arranged so as to form a square in each corner. Within the squares and between the borders are floral ornaments. Within the borders are the obverse and reverse of an exhibition medal overlapping each other, on the left of which is the word "Prize" and on the right the word "Medal." The portion on the right is similar in all respects except that it has a compound star with ornamental centre and the words "Trade Mark" instead of the obverse and reverse of an exhibition medal and the words "Prize Medal." The fourth portion, which has a lined and ornamental border, is divided into three portions. The border has in the four corners, as have also the ends of the portions forming the divisions, a star-shaped ornament. The border at top and bottom is bulged in the centre in each division. The left and right hand divisions contain respectively the obverse and reverse of the London Exhibition Medal of 1862, on the left sides of which respectively is the word "Prize" and on the respective right sides the word "Medal." The middle division contains the representation of a compound star with ornamental centre enclosed within a circle, on the left of which is the word "Trade" and on the right the word "Mark"—the said mark being printed in black, gold, and green, but the said firm claim the right to use

the same in any color or combination of colors, and is represented in the following engraving—

No. 3 is a label divided into four portions—three of which are placed side by side, and the fourth portion being placed under the middle portion, each portion being a rectangle. The middle portion has a rustic frame. Within the frame, on the left, is a circle enclosing the heads and busts of Sir Amynas Leigh and Salvation Yeo—the latter smoking a cigar, and holding in one hand tobacco leaves, and pointing with the other hand to the same. Within the circle, over their heads, are their respective names; over the circle extending two-thirds across the label, immediately within the border, is a band bearing the words "Westward Ho!" followed by the representation of three ships in sail. Partly under the above-mentioned band and under the ships, is another band, the space upon which is reserved for the insertion of words descriptive of the goods sold; on the right of the circle is the representation of an anchor supporting a shield bearing the representation of a lion rampant; on the right of the anchor and shield is the following quotation from "Kingsley's Westward Ho!"—"When all things were made, none was made better than Tobacco; to be a lone man's Companion, a bachelor's Friend, a hungry man's Food, a sad man's Cordial, a wakeful man's Sleep, and a chilly man's Fire. There's no Herb like it under the canopy of Heaven," followed by the words "Kingsley's Westward Ho!" Under the quotation, extending from and partly overlapping the circle to the frame, on the right, is a band bearing the name "W. D. & H. O. Wills." Around the circle at intervals are sprigs of the tobacco plant. The left hand portion of the label has around it a lined frame, within which is rustic work bent so as to touch each side of the outer frame, and secured at the top and bottom at the centre of the outer frame by a diamond-shaped rustic figure. The spaces between the outer and inner frame at the four corners are occupied by leaves and flowers of the tobacco plant. Within are the obverse and reverse of an exhibition medal overlapping each other, on the

left of which is the word "Prize" and on the right the word "Medal." The portion on the right is similar to that on the left, except that within the framework is a compound star with ornamental centre and the words "Trade Mark" instead of the obverse and reverse of an exhibition medal and the words "Prize Medal." The portion below the first-described portion has a rustic border. Within the border are three oval-shaped spaces each other at intervals so as to form three oval-shaped spaces extending from end to end of the border, and touching at each end. At the crossing points of the wavy lines on either side are half-diamond shaped ornamentations. Superposed on the wavy lines are leaves and flowers of the tobacco plant. Within the oval-shaped spaces are ribands. Superposed on the centre of those on the left and right oval-shaped spaces are the obverse and reverse of an exhibition medal; on the ends of the ribands on the respective left sides of the medal is the word "Prize," and on the ends of the ribands on the respective right sides of the medal is the word "Medal." Superposed on the riband in the centre oval-shaped space is a compound star, with ornamental centre. On the riband on the left of the star is the word "Trade," and on the right the word "Mark"—the said mark being printed in red, black, gold, and yellow, but we claim the right to use the same in any color or combination of colors, and is represented in the following engraving—

I desire that the said trade-marks may be registered in respect of the descriptions of goods following, contained in class 45, that is to say, Tobacco, whether manufactured or unmanufactured.
