GRAIN TO THE AUSTRALIAN WHARF.

Grain consigned direct from country stations to vessels alongside the wharf adjoining the new siding will be run down without extra charge. If consigned to Melbourne only, and then re-consigned to the wharf without being unloaded or entailing extra shunting, a charge of 1s. per truck will be made. If unloaded in the sheds and afterwards re-consigned, a charge of 2s. per ton will be made. Demurrage, as per Goods Tariff, will be enforced on all grain not taken on board within eight working hours after being placed on the wharf.

GRAIN TRAFFIC.

Wheat having been stacked in very large quantities at all the principal up-country grain stations, presumably in anticipation of a better market later on, this Department gives notice that it will be impossible to meet sudden and simultaneous demands for trucks at all, or even the principal grain depôts, should such a contingency arise. A large supply of trucks is now kept fairly distributed at the various stations, but they would of course prove inadequate in the event of the large accumulations of grain being rushed into the market at one time.

PANNOOMILLOO STATION.

On and after 4th February, Pannoomiloo station on the Kerang line between Dingee and Mitiamo, will be open for passengers and light goods not requiring crane power or shed accommodation. 7. The money or other security deposited by unsuccessful tenderers will be returned to them upon application, and on their signing receipts for the respective amounts, but not otherwise.

8. In the event of a new line of railway, or a new railway station on an existing line being opened for traffic, and it being decided that the mails shall be conveyed by rail, the Postmaster-General shall have the power of cancelling the contract for any mail service running in the vicinity of the railway, or shall have power to alter the points of arrival and departure of the mails; and in the event of the travelling distance on any mail line being in such manner increased or diminished, all payments for the service subsequent to the alteration shall be computed on the basis of the average mileage-rate of the contract.

9. Persons tendering are requested to state the description of the vehicle they intend to use, and the number of horses by which it is to be drawn, or if by saddle or pack horse.

10. A separate *bona fide* tender must be sent in for each service. No. 14 of "general conditions" of contract, relating to assigning or sub-letting, will be strictly enforced.

11. The tender of any person failing to comply with the foregoing conditions will not be entertained.

12. The general conditions referred to in the printed form of tender, and upon which the tender is to be made, can be inspected by persons proposing to tender, either at the General Post Office or at any post office in the colony.

13. The attention of tenderers is drawn to the condition which requires that in cases where vehicles are used, Members of Parliament shall be conveyed free of charge between the districts they represent and the districts in which they reside and Melbourne.

14. The contractor shall not be entitled to claim any extra payment on account of the removal of any post office during the term of his contract, unless such removal shall increase the distance to be travelled by such contractor on any one day to the extent of one mile.

15. Tenderers for services in connection with any Railway Stations are to state a sum for the number of trips specified in the call and a rate per trip for additional trips, or as a basis for reduction in the number of trips as above.

A "trip" must be understood to mean a journey from the Post Office to the Railway Station, and from the Railway Station to the Post Office, carrying Mails each way.

All contracts for such services are liable to be discontinued at one month's notice.
