CONDITIONS OF CONTRACT.

1. All the articles are to be of the best quality of the several kinds, in the best condition, and to be delivered in sound packages, free from all charges for cartage, freight, &c.

2. Bread.—A sample of the best ordinarily retailed to the public will be considered as a test loaf for first quality. The bread for Kew and Yarra Bend Asylums will be required in two-pound turned over loaves, baked on the bricks. Second quality to be made of flour known in the trade as "best seconds," and the third quality (that issued to prisoners of the Crown) to be made of flour, fine sharps, the produce of prime, strong, thin skinned, good colored wheat, to be perfectly free from coarse pollard or other offal.

3. Milk.—The milk must be fresh, pure, and of the best quality, and subject to test when required by the department. Should the supply prove to be not of contract quality, any expense incurred will be charged to the contractor.

4. Fresh meat is to be supplied in such proportions as may be required, and, when the quantity admits, to be delivered in fore and hind quarters alternately, also buttocks only when ordered. When shins of beef form a portion of the supply, a fair proportion of the bone, not less than ten inches, must have been cut off. The sticking pieces must be removed from the fore quarters of beef.

5. Potatoes to be dry and free from dirt. Contractors to supply 105 lbs. of potatoes for each cental credited to them, and, in addition, to take back all rejected before being cooked.

6. The supplies coming under the head of Rations and Medical Comforts are to be delivered direct to the establishment entitled thereto on the written order of the officer in charge. All other supplies will be ordered by the head of department concerned.

7. The order issued by the head of department must accompany the goods, and the account is to be rendered simultaneously with the delivery of the supplies. For the supplies coming under the head of Rations and Medical Comforts, the account is to be rendered monthly for such quantities only as are issued, the difference between the supply and issue to be kept at the contractor's credit. Supplies not issued at the termination of the contract to be removed by the contractor. The rates or quantities quoted in the orders cannot be exceeded.

8. Should the contractor fail to supply any articles at the time mentioned in the order, they will be otherwise procured, and the expense over and above the contract price will be deducted from his account.

9. In the event of a difference of opinion between the contractor and the officer receiving the supplies as to the quality, the same to be decided, in cases where the article is not of a perishable nature, by a board of survey composed of persons named by the head of the department, and the decision of the board is to be considered final. In the event of the decision being against the contractor, the survey fees and expenses (if any) will be deducted as in clause 8.

10. If the board shall decide that the article is not of proper quality, it must be immediately replaced by the contractor; failing which it will be procured by the officer requiring it, and the expense charged as in clause 8.

11. In the case of supplies for lunatic asylums, it will also be competent for two or more of the official visitors, in conjunction with the medical superintendent, to reject any supplies that they may consider not in accordance with contract; and in such cases the reference to a Board of Survey will not be deemed to be necessary on the part of the contractor.

12. In cases where the article is of a perishable nature, or when from some other cause injury would be sustained either by the persons to whom the rations are due or to the contractor in waiting for a board of survey, the head of the department, or officer in charge of the station, will have power to reject such article or articles as are obviously of inferior quality, it being understood that he will be responsible to the Government for so doing, and that the contractor must take back the rejected article and supply good in its stead; failing which it will be obtained by the officer requiring it, and the expense charged as in clause 8.

13. A repetition of irregularity in the quantity or quality of the supplies, or of delay in delivery or replacing them when required, or refusal to execute orders, will subject the contractor, upon report from the Tender Board, to such mulct, not exceeding £50, as the Government may direct. It will also be in the power of the Government to terminate the contract forthwith.

14. Contractors are not at liberty to transfer their contracts under cover of power-of-attorney, coupled with an interest or otherwise, and no such transfer will be recognized by the Government.

15. It will be competent for the Secretary to the Tender Board on behalf of the Government, or the contractor on his own behalf, to terminate the contract, by giving, in writing, a notice of three full calendar months; it being understood that such notice can be given only from the first day of a month, and within the period for which the contract is made. It will also be competent for the Secretary to the Tender Board to terminate the contract, without notice, on infringement of condition No. 14, or should there be reason to know that the contractor takes advantage of his contract to communicate improperly with a prisoner.

16. The contracts entered into under this notice are not to be considered as being broken, infringed, or vitiated by the importation of stores for the Government service, or by any contracts made by the Imperial Commissariat, or on account of other Governments; or by the consumption of the produce or surplus stock of any Government establishment; or by any article being made at and supplied for the use of any Government establishment.

17. In the event of any alteration in the tariff affecting any of the items included in these contracts, the Government, or the contractor, as may be the case, will make a proportionate allowance by way of deduction from or increase of the price of the item so affected.

The wood is to be split out of large forest timber of either red or white gum, box or she-oak (no other kind will be received), perfectly sound, and cut into billets not exceeding nor less than two feet in length, and not less than four inches by four inches in thickness. Neither burnt wood, heart wood, nor outside pieces of bark will be received.

Melbourne district will include a radius of six miles from the General Post Office.

Tenders will be accepted or rejected separately.
Tenderers are to specify the kind or kinds of wood, and the proportions of each kind tendered for.

The firewood for Yarra Bend is to be tendered for at per ton weight, as well as at per ton measurement.

Printed forms of tender may be obtained from the Secretary to the Tender Board, Melbourne, the Sheriff at Geelong, and the Medical Superintendent, Sunbury Asylum, by whom also any information or explanation will be afforded to persons tendering. Security will be required in cash, Government debentures, or bank deposit-receipt. Such receipt to be in favor of the Secretary, Tender Board.

The security will be calculated at Ten per cent. upon contracts not exceeding £1000, and at Five per cent. over that sum, but the amount will in no case exceed that above stated.

Tenderers must state the security proposed, whether in debentures, bank deposit-receipt, or cash deposit.

Tenders must be accompanied by a bank draft payable to the order of the Secretary of the Tender Board, or by bank notes, for Ten per cent. of the amount of security required (cheques will in no case be received), which will be returned within ten days to unsuccessful tenderers. Such deposit to be forfeited in the event of the successful tenderer failing to complete the security within the prescribed period.

In the event of the contractor failing to carry on the contract, the contract security money will in that case be absolutely forfeited.

The security must be completed within ten days of acceptance of the tender, failing which the contract may be again advertised, or another tender accepted.

Tenders must express the prices in words as well as in figures, and without alterations or erasures.

Tenders failing to take up their accepted tenders will be disqualified from tendering for Government supplies for a period of twelve months.

The Government will not necessarily accept the lowest or any tender.

Tenders must be enclosed in a separate envelope, must have the words "Tender for Charcoal or Firewood" (as the case may be) written thereon, and be deposited in the Tender-box at the Pay Office, Treasury, Melbourne.

CONDITIONS OF CONTRACT.

1. The firewood to consist of either box, she-oak, red or white gum, and must be dry, perfectly sound, and of good burning quality. The charcoal must be made from redgum and be of the best quality, free from dirt or other impurities.

2. The orders will be issued by the departments requiring the supplies; and, should an order not be complied with within forty-eight hours, it will be competent for the department concerned to purchase at the contractor's risk, and to deduct from the contractor's account the extra expense (if any) over and above the contract price.

3. The contractor for wood will be bound to place it in stacks for measurement on such ground as may be pointed out. The stacks are to be two feet wide by five feet high, with space between each stack for measuring; and the billets are all to lie the same way, viz., crossways of the stacks in the form of a cord, and are to be laid as closely and solidly as possible in the stack, and to the satisfaction of the officer receiving the supply. In case the firewood for Yarra Bend is required to be supplied at per ton weight, the contractor will be bound to weigh the wood upon the Asylum weigh-bridge. Each load to be tared separately. The weigh-bridge ticket to be rendered in support of the account. Firewood, when ordered by weight, is not to be stacked by the contractor, but it must be deposited on such ground as may be pointed out.

4. As soon as the orders shall have been completed, the contractor will be required to furnish his account in the prescribed form, with the order attached thereto, to the department supplied. Accounts will be payable at the Treasury, Melbourne, Ballarat, or Geelong, as the contractor may require.

5. In the event of a difference of opinion between the contractor and the officer receiving the supply as to the quality, the same is to be decided by a board of survey, composed of persons named by the head of the department, and the decision of the board is to be considered as final.

6. If the board shall decide that the article is not of proper quality, it must be immediately replaced by the contractor, failing which it will be procured elsewhere, and the extra expense (if any) will be deducted from the contractor's account.

7. If from any cause injury would accrue to the public service by waiting for a board of survey, the head of the department, or officer in charge of station, will have the power to reject such articles as are obviously of inferior quality, it being understood that he will be responsible to the Government for so doing; and the contractor must take back the rejected article, and supply good in its stead, failing which it will be procured elsewhere, and the extra expense, if any, will be charged, as in condition 6.

8. A repetition of irregularity in the quality or quantity of the supplies, or of delay in delivering or replacing them when required, or of refusal to execute orders, will subject the contractor to such mulct not exceeding £50 as the Government may direct. It will also be in the power of the Government, upon such repetition, to terminate the contract forthwith.

9. Contractors are not at liberty to transfer their contracts under cover of power-of-attorney, coupled with an interest or otherwise; and no such transfer will be recognised by the Government.

10. It will be competent for the Secretary to the Tender Board on behalf of the Government, or the contractor for charcoal or firewood on his own behalf, to terminate the contract, by giving, in writing, notice of three full calendar months; it being understood that such notice can be given only from the first day of a month, and within the period for which the contract is made.

The Government will not necessarily accept the lowest or any tender.

Tenders must be enclosed in a separate envelope, must have the words "Tender for Steam-Coal" written thereon, and be deposited in the Tender-box at the Pay Office, Treasury, Melbourne.

CONDITIONS OF CONTRACT.

1. The coal to be supplied must have been screened at the pit's mouth, and must be A.A. Co.'s. No other company's coal will be received except with special permission.

2. The orders will be issued by the departments requiring the coal.

3. Coal to be delivered in such quantity as may be stated in the order.

In other cases the contractor will be bound to satisfy the officer receiving that the weight or quantity is correct.

7. Coal to be put on board at a rate of not less than 10 (ten) tons per hour.

8. In the event of the officer ordering the coal not requiring the same to be put into the ship's bunkers, as required by condition No. 5, a rebate of 1s. per ton to be made by the contractor.

9. In the event of a difference of opinion between the contractor and the officer receiving the supply as to the quality, the same is to be decided by a board of survey, composed of persons named by the head of the department, and the decision of the board is to be considered as final.

10. If the board of survey shall decide that the coal is of inferior quality, the delay in delivering the quality specified in condition No. 1 will subject the contractor to a mulct assessed according to the actual loss sustained by such delay, and it will also be in the power of the Government to terminate the contract forthwith.

11. Steam vessels are to be supplied with coal on demand. No more delay will be allowed than is sufficient to give the necessary orders and get the hulk or vessel alongside. Bad weather to be the only excuse. When there is not a necessity for an immediate supply, a day's notice will be given.

12. As soon as the orders shall have been completed, the contractor will be required to furnish his accounts in the prescribed form, with the order attached thereto, to the department supplied.

13. A repetition of irregularity in the quality or quantity of the supplies, or of delay in delivering or replacing them when required, or of refusal to execute orders, will subject the contractor to such mulct, not exceeding £50, as the Government may direct. It will also be in the power of the Government, upon such repetition, to terminate the contract forthwith.

14. Contractors are not at liberty to transfer their contracts under cover of power-of-attorney, coupled with an interest or otherwise; and no such transfer will be recognised by the Government.

15. It will be also competent for the Secretary to the Tender Board on behalf of the Government, or the contractor on his own behalf, to terminate the contract, by giving, in writing, a notice of one month within the period for which the contract is made.

16. In the event of any alteration in the tariff affecting any of the items included in these contracts, the Government or the contractor, as may be the case, will make a proportionate allowance by way of deduction from or increase of the price of the item so affected.

GRAHAM BERRY,
Postmaster-General.

Post Office and Telegraph Department,
General Post Office,
Melbourne, 3rd April 1884.

CONVEYANCE OF MAILS.—1884-85-86-87.

FOURTH DIVISION—158 SERVICES.

TENDERS are hereby invited, and will be received until Noon on Tuesday the 22nd day of April 1884, for the Conveyance of Post Office Mails, as undermentioned, FOR THREE YEARS from the 1st July 1884 to 30th June 1887.

1. Tenders are required to be written on a form, printed copies of which may be had gratuitously on application at any post office in the colony, and are to be forwarded (if by post, PREPAID AND REGISTERED) for receipt at the General Post Office by the hour and date first above mentioned, addressed to the Honorable the Postmaster-General, with the words "Tender for Mail Service No. ..." endorsed on the cover, or placed in the tender-box at the General Post Office.

2. Tenderers are requested to describe by their numbers, as below, the mail services for which they tender.

3. Every tender will be taken to include the entire service as called for. The amount of the tender must be stated AT RATE PER ANNUM in words as well as figures.

4. Every tender must bear the *bona fide* signatures and addresses of the tenderer, and of two responsible persons willing to become bound for the fulfilment of the same in such sum as the Government may direct, not exceeding the gross amount of the contract.

5. Every tender must be accompanied by cash, bank draft, or a bank deposit receipt to the credit of the Deputy Postmaster-General for a sum equal to TEN PER CENT. of the annual amount for which the tenderer is willing to undertake the service; and to be absolutely forfeited to the Government in case the person whose tender may be accepted shall fail to complete the usual bond and contract to the satisfaction of the Government within ten days of being notified that the documents are ready for

execution. The notice of acceptance, if delivered at the address named in the tender, shall be deemed sufficient. **CHEQUES ON ACCOUNT OF DEPOSITS WILL NOT BE ACCEPTED.**

6. The money or other security deposited by successful tenderers will be returned to them upon application, on the bond and contract being completed.

7. The money or other security deposited by unsuccessful tenderers will be returned to them upon application, and on their signing receipts for the respective amounts, but not otherwise.

8. In the event of a new line of railway, or a new railway station on an existing line being opened for traffic, and it being decided that the mails shall be conveyed by rail, the Postmaster-General shall have the power of cancelling the contract for any mail service running in the vicinity of the railway, or shall have power to alter the points of arrival and departure of the mails; and in the event of the travelling distance on any mail line being in such manner increased or diminished, all payments for the service subsequent to the alteration shall be computed on the basis of the average mileage-rate of the contract.

9. Persons tendering are requested to state the description of the vehicle they intend to use, and the number of horses by which it is to be drawn, or if by saddle or pack horse.

10. A separate *bona fide* tender must be sent in for each service. No. 14 of "general conditions" of contract, relating to assigning or sub-letting, will be strictly enforced.

11. The tender of any person failing to comply with the foregoing conditions will not be entertained.

12. The general conditions referred to in the printed form of tender, and upon which the tender is to be made, can be inspected by persons proposing to tender, either at the General Post Office or at any post office in the colony.

13. The attention of tenderers is drawn to the condition which requires that in cases where vehicles are used, Members of Parliament shall be conveyed free of charge between the districts they represent and the districts in which they reside and Melbourne.

14. The contractor shall not be entitled to claim any extra payment on account of the removal of any post office during the term of his contract, unless such removal shall increase the distance to be travelled by such contractor on any one day to the extent of one mile.

15. Tenderers for services in connection with any Railway Stations are to state a sum for the number of trips specified in the call and a rate per trip for additional trips, or as a basis for reduction in the number of trips as above.

A "trip" must be understood to mean a journey from the Post Office to the Railway Station, and from the Railway Station to the Post Office, carrying Mails each way.

All contracts for such services are liable to be discontinued at one month's notice.

16. The Government will not necessarily accept the lowest or any tender.

NOTE.—The fee for eight months must accompany the tender.

TENDERS will be received by the Board of Land and Works up to Noon of Wednesday, 16th April 1884, for the occupation for Grazing purposes only of the following unappropriated portions of land, subject to the Regulations approved by the Governor in Council, and published in the *Government Gazette* of 11th February 1876, as under, and also the subjoined special conditions.

Every license granted under subdivision VII. of section 47 of *The Land Act 1869* shall be subject to the conditions set forth in the schedule hereto, and to such special conditions and payment in advance of such fee as the Minister may determine, and shall be issued by an officer of the Department of Lands and Survey duly authorized in that behalf.

Schedule.

1. This license shall not be deemed to prevent the land comprised therein or any part or parts thereof from being sold, leased, or licensed under any of the provisions of parts I., II., or III. of *The Land Act 1869*, except subdivision VII. of the 47th section thereof, or proclaimed a common, or occupied by virtue of any miner's right or business license, or alienated or dealt with under the authority of *The Land Act 1869*, or any other Act now or hereafter to be in force, otherwise than for pastoral or depasturing purposes, or resumed by order of the Governor, acting by and with the advice of the Executive Council, for railways, roads, telegraph lines, dams, reservoirs, races, catchwater drains, pipe-tracks, quarries, or other public purposes; and no licensee shall in any such case be entitled to compensation other than the return of such portion of the fee paid by him as the Minister may think fit.

2. If the licensee, or any person claiming an interest through or under the licensee in the land comprised in this license, shall at any time during the period for which the license has been issued employ any person to apply for a license of an allotment under *The Land Act 1869*, contrary to the true intent of the provisions thereof, or shall make or cause to be made any agreement or contract, or shall give or take, or cause to be given or taken, any negotiable security for the purpose of defeating or evading the provisions of, or shall in any way whatsoever, directly or indirectly, commit or be privy to a fraud upon the said Act this license shall be void.

3. No land comprised in roads from time to time surveyed and marked out within the boundaries of the land comprised in this license shall be deemed within the operations of this license.

4. This license entitles the holder thereof, during the period therein specified, to use the land in respect of which the same is granted for depasturing purposes only, and does not confer any right to build thereon or to cultivate or fence any portion thereof; but if the holder thereof desires such use of the land beyond such period, notice to that effect must be given by him to the Minister one month prior to expiry thereof.

5. The interest in this license may not be transferred without the consent of the Minister and payment of a fee of One pound (£1), and upon sanction of transfer thereof a new license will issue to the transferee.

6. No claim whatsoever shall be made or entertained by reason of this license not being renewed or transferred.

Special Conditions.

1. The period of occupation will be from 1st May 1884 to 31st December 1884.

2. The license fee must be paid in advance. The fee for eight months—for which the license will be issued—must accompany the tender, or be paid by the successful tenderer or his agent immediately on the declaration of the acceptance of the tender, otherwise the offer of the next highest tenderer who may be prepared to comply with this condition may be accepted.
