VICTORIAN RAILWAYS.

BYE-LAW No. 29.

THE VICTORIAN RAILWAYS COMMISSIONERS, in pursuance of the powers conferred by *The Victorian Railways Commissioners Act 1883*, do hereby make the following Bye-law; and all previous Bye-laws conflicting therewith are hereby repealed:—

REGULATIONS FOR THE CARRIAGE OF GUNPOWDER OR OTHER DANGEROUS
AND EXPLOSIVE COMPOUNDS.

1. Gunpowder or other dangerous and explosive compounds will not be received for carriage by Railway unless packed in kegs or barrels closely bound or hooped without any iron about them, of quarter, half-quarter, or whole barrel sizes, the staves to be of half-inch minimum thickness; or in canisters made of tin, copper, zinc, or other suitable metal; or in cardboard boxes, strong and impervious to leakage, enclosed in wooden cases of half-inch thickness at the sides, and one inch thickness at the ends; or in metallic cylinders of pattern similar in construction and security to those used by the Imperial Government for the conveyance of small quantities of powder by Railway; or in packages made otherwise so strong and secure that no part of the contents can become scattered in the handling or removal thereof.
2. The contents of each keg or package must be specified on the outside thereof in letters not less than one inch in length; and the package must be fully and plainly addressed. A written or printed label must also be affixed describing how the contents are packed.
3. In the event of senders neglecting to mark each package according to these regulations, the Commissioners may decline to carry the same, and direct the removal and storage of the packages at the cost of the owner.
4. Any person bringing to a Railway Station, or leaving thereat, any packages containing gunpowder or other dangerous and explosive compounds not labelled and addressed as aforesaid, or without having given written notice thereof to the porter or other servant of the Commissioners, by delivery therewith of a consignment note of the said packages, filled up and signed according to the form and effect hereinafter mentioned, shall be liable to a penalty of Twenty pounds.
5. Consignors at any Railway Station may ascertain, by inquiry of the Station-master, at about what time their consignments will be despatched, and if they neglect to make such inquiry, or to advise the consignee, the Commissioners will not be liable for any loss or damage arising from such omission.
6. Consignments will be carried by powder van only, and, if practicable, in the same van throughout, and they will not be received at Footscray or any Railway Station save on certain days.
7. The days appointed for receiving Gunpowder and other dangerous and explosive compounds at Railway Stations will be subject from time to time to such alterations as the current Time Table may render necessary, and may be ascertained on application to the various Station-masters.
8. The Commissioners will not guarantee to despatch gunpowder and other dangerous and explosive compounds at any particular time or by any particular train, nor will they allow consignments, whether carried or to be carried, to remain on the Railway premises longer than is absolutely necessary. And if a package carried by Railway be not accepted and removed by the consignee it will be *immediately sent to the nearest Powder Magazine at the owner's risk and expense, or returned to the sender, who will be required to remove it at once from the premises and to pay the whole charges incurred for carriage, back carriage, and demurrage.*
9. The Commissioners may at any time during the carriage of such goods, or while they are on the premises of the Commissioners, detain, and stop the further handling and delivery of packages which appear defective. And the Commissioners may remove, repair, repack, and store such packages at the cost and risk of the owner.
10. Consignments will be carried at Fourth Class rates, minimum 3 cwt., provided the rate casts out Seven shillings and sixpence, but in no case shall the charge be less than Seven shillings and sixpence for each consignment.
11. Consignments from different consignors, or from one consignor to different consignees, though all to care of one carrier, will be charged for separately.
12. A powder van will be run to any station, beyond the regular circuit of Powder Trains, by the first available Goods or Special Train, subject to 24 hours' notice, and provided that the Railway freight from Footscray of the consignment amounts to or exceeds £2 10s. for every 25 miles or part thereof so run.
13. The duties of common carriers in respect of goods carried under this agreement are not undertaken by the Commissioners; nor are the Commissioners to be subject to any risk of loading, stowage, or unloading; nor are they to be answerable for loss or damage, actual or consequential; nor for discrepancy in the delivery as to either quantity, number, or weight; nor for the condition of articles so carried; nor for any consequences arising from overcarriage, detention, or delay in, or in relation to, the carriage or delivery thereof.

August 21, 1885.

2332

14. No servant of the Commissioners is authorized to receive or undertake the carriage of gunpowder or other dangerous or explosive compounds, or to give any receipt or acknowledgment for such goods, unless the sender or person bringing them to a Railway Station has required from the Department and signed a special consignment note, setting forth, in form as follows, that such goods are carried solely upon the conditions hereinbefore mentioned, which are printed on the back thereof :—

WHEREAS by *The Victorian Water Conservation Act 1881* it was amongst other things enacted that, at the expiration of two months after the notice of any application should have been first advertised in the *Government Gazette*, the Minister, if satisfied that the provisions of the now in part recited Act have been substantially complied with, should submit such application and the general plan and description therein referred to, and all petitions which have been received in respect of such application, to the Governor in Council, together with any recommendations as to the granting of the application, or as to any alterations or additions he might think desirable in the proposed waterworks. And the Governor in Council might thereupon approve of the construction of such proposed waterworks, with or without any alterations or additions in the general plan and description thereof, or might disapprove of the construction of such waterworks, and should make an Order in Council accordingly: And it was further enacted that, if the Governor in Council should approve of the construction of such waterworks, with or without alterations or additions or restrictions of any such general plan and description, a Waterworks Trust should be constituted to construct, maintain, and continue the whole or any part of the waterworks therein described in accordance with the provisions of such Order and of the now in part recited Act; and every Order approving the construction of any proposed waterworks and of the constituting of a Waterworks Trust for the purpose should state:—

(a) The amount of money which the Governor in Council would grant as a loan for the purpose of carrying out the same, and paying the cost and expense of the plans and application for the same, and also the rate of interest which would be charged for such loan, such rate being at least one-half per centum more than the rate payable by the Government on the Public Loan out of which such loan might be granted;

(b) Should proclaim the limits of the lands, whether within or without the municipal districts of the council or councils applying for the proposed waterworks, within which such Trust should have authority to be called a Waterworks District;

(c) Should state what are the principal works proposed to be constructed; and

(d) Should contain such provisions (not inconsistent with the now in part recited Act) as according to the nature of the application and the facts and circumstances of each case the Governor in Council should think fit.

And it was further enacted by the said Act that whenever any Waterworks District was comprised wholly within one municipal district, although portion of the works might be outside same, the Governor in Council might appoint the municipal council thereof for the time being, together with one other Commissioner, to be the Waterworks Trust of such Waterworks District.

Now therefore His Excellency the Governor, with the advice of the Executive Council, in pursuance of the provisions of the said Act, has approved of a general plan and description, as set forth in a certain application of the Shire Council of Seymour for a loan of One thousand pounds sterling to carry out certain waterworks for the domestic supply of a Waterworks District under the said Act, embracing certain land within the Shire of Seymour, as shown on the general plan and description accompanying the said application deposited in the Department of Mines and Water Supply, Melbourne, and doth hereby order and appoint as follows:—

(1) The construction of the said waterworks as hereinafter described.

(2) The Municipal Council of the Shire of Seymour for the time being, and one other Commissioner, to be the Waterworks Trust of such Waterworks District.

(3) That the amount of the loan hereby granted shall be One thousand pounds sterling, for the purpose of carrying out approved works and paying the cost and expense of the plans and application for the same; and that the interest to be charged for such loan shall be at the rate of Four pounds ten shillings per centum per annum, payment of which interest shall be made half-yearly.

(4) That the limits of the land within which the said Waterworks Trust shall have authority shall be the lands included within the Shire of Seymour hereinafter described, that is to say:—Commencing at the south-east angle of the boundary of the township of Avenel, parish of Avenel; thence north eighty-one degrees twenty-seven minutes west one hundred and thirty-three chains fifty-two links; thence north eight degrees thirty-three minutes east two hundred and twenty chains; thence south eighty-one degrees twenty-seven minutes east one hundred and thirty-three chains fifty-two links; thence south eight degrees thirty-three minutes west two hundred and twenty chains to the point of commencement.

(5) That the principal works to be constructed shall consist of the following, viz:—

1. An excavated tank situated about two miles east of the township of Avenel.
2. Pipe thence two miles and thirty-nine chains conveying water into the said township.
3. Erection of stand pipes.

And the Honorable Frederick Thomas Sargood, Her Majesty's Minister of Water Supply for Victoria, shall give the necessary directions herein accordingly.

ROB. WADSWORTH,
 Clerk of the Executive Council.

Every license granted under section 119 of *The Land Act 1884* shall be subject to the conditions set forth in the schedule hereto, and to such special conditions and payment in advance of such fees as the Minister may determine, and shall be issued by an officer of the Department of Lands and Survey duly authorized in that behalf.

Under sections 3 and 4 of *The Rabbit Suppression Act Amendment Act 1884*, all licenses under the section for which these licenses will issue are liable for the destruction of rabbits within the boundaries of their licenses.

Conditions:

1. The issue of this license shall not prevent the land comprised therein or any part or parts thereof being sold, leased, licensed, alienated, or dealt with under any of the provisions of *The Land Act 1884*, except under the 119th section thereof, under which the license is issued, or being resumed by order of the Governor or Administrator of the Government of Victoria, with the advice of the Executive Council, for any of the purposes for which land may be reserved under section 10 of *The Land Act 1884*, or for mining purposes.

5. If the licensee desire a renewal of this license, notice to that effect must be given to the responsible Minister aforesaid one month prior to the expiration thereof, but nothing herein contained shall be deemed to confer the right to any renewal.

7. No claim whatever shall be made or entertained by reason of the license not being renewed or transferred.

8. This license is to be used under and in accordance with the regulations made or to be made under the provisions of the said Act and for the time being in force.

9. This license may be forfeited if the licensee commit a breach of or neglect to comply with any of these conditions.

10. The publication of a notice in the *Government Gazette* purporting to declare that the Governor or Administrator, with the advice aforesaid, has forfeited this license shall be conclusive evidence that the license is forfeited.
