THE SHIRE OF KARA KARA WATERWORKS TRUST.

At the Executive Council Chamber, Melbourne, the second day of February 1886.

PRESENT:

His Excellency the Governor.

Mr. Gillies | Mr. Deakin
Mr. Tucker | Mr. Sargood.

WHEREAS by *The Victorian Water Conservation Act 1881* it was amongst other things enacted that, at the expiration of two months after the notice of application should have been first advertised in the *Government Gazette*, the Minister, if satisfied that the provisions of the now in part recited Act have been substantially complied with, should submit such application, and the general plan and description therein referred to, and all petitions which have been received in respect of such application to the Governor in Council, together with any recommendations as to the granting of the application or as to any alterations or additions he might think desirable in the proposed waterworks; and the Governor in Council might thereupon approve of the construction of such proposed waterworks, with or without any alterations or additions in the general plan and description thereof, or might disapprove of the construction of such waterworks, and should make an Order in Council accordingly; And it was further enacted that, if the Governor in Council should approve of the construction of such waterworks, with or without alterations, or additions, or restrictions of any such general plan and description, a Waterworks Trust should be constituted to construct, maintain, and continue the whole or any part of the waterworks therein described, in accordance with the provisions of such Order and of the now in part recited Act: And every Order approving the construction of any proposed waterworks, and of the constituting of a Waterworks Trust for the purpose, should state:—

(a.) The amount of money which the Governor in Council would grant as a loan for the purpose of carrying out the same, and paying the cost and expense of the plans and application for the same; and also the rate of interest which would be charged for such loan, such rate being at least One-half per centum more than the rate payable by the Government on the Public Loan out of which such loan might be granted.

And it was further enacted by section 79 of *The Victorian Water Conservation Act 1883*, No. 778, that, whenever a waterworks district was either wholly or with the exception of the waterworks or proposed waterworks thereof within one municipal district, the Governor in Council might appoint the municipal council for the time being of such municipal district, together with one or more persons not being members of such municipal council, to be the Waterworks Trust of such waterworks district: Now therefore His Excellency the Governor, with the advice of the Executive Council, and in pursuance of the said Acts, has approved of a general plan and description, as set forth in a certain application of the president and rate-payers of the Shire of Kara Kara for a loan of Nine thousand pounds sterling to carry out certain waterworks for the supply of a waterworks district under the said Acts, embracing such portions of the Shire of Kara Kara as are shown on the plan accompanying the said application, together with general plan and description therein referred to, deposited in the Department of Mines and Water Supply, Melbourne, and doth hereby order and appoint as follows:—

(1.) The construction of the said waterworks.

(2.) The Municipal Council of the Shire of Kara Kara for the time being, and one other Commissioner, to be the Waterworks Trust of such waterworks district.

(3.) For the Clerk of the Executive Council.

THE WIMMERA UNITED WATERWORKS TRUST.— EXTENSION OF DISTRICT.

At the Executive Council Chamber, Melbourne, the second day of February 1886.

PRESENT:

His Excellency the Governor.

Mr. Gillies	Mr. Deakin
Mr. Tucker	Mr. Sargood.

WHEREAS by section 90 of *The Victorian Water Conservation Act 1884*, No. 778, it is enacted that the Governor in Council may from time to time after any Trust has by Order in Council been duly constituted make additional Orders relating to such Waterworks or Irrigation Trust not inconsistent with the provisions of the now in part recited Act, and that the Governor in Council may in such additional Orders in Council—

- Make any Order which might have been made in the Order in Council originally constituting such Waterworks or Irrigation Trust;
- Increase or diminish the extent of the waterworks district of such Waterworks Trust; and
- Repeal any of the provisions of any previous Order in Council relating to such Waterworks or Irrigation Trust.

And whereas by section 19 of *The Victorian Water Conservation Act 1884*, No. 829, it is enacted that when the waterworks district of any Waterworks Trust has been or is about to be increased or diminished, the Governor in Council may make such Order as appears just for (amongst other things) determining what persons shall cease or continue to be commissioners of the Waterworks Trust thereof, and for how long the same shall so continue, and for determining all other matters and things which it appears desirable or proper so to determine:

And whereas by an Order in Council bearing date the fourth day of October 1882 a certain Waterworks Trust known as the Wimmera United Waterworks Trust was duly constituted, having authority as such Waterworks Trust within certain lands

the limits whereof were in and by the said Order in Council bearing date as aforesaid duly proclaimed and defined:

And whereas it was in and by the said Order in Council bearing date as aforesaid provided and ordered that the Waterworks Trust for the waterworks district thereby constituted and defined as aforesaid should consist of two members from each of the councils of the municipal districts interested and one other commissioner:

And whereas it was therein further ordered that the area of the waterworks district within which the said Trust should have authority should consist of lands included within the boundaries therein described, being portions of the shires of Wimmera, Dunnmunkle, St. Arnaud, and Stawell (each of the said shires or municipal districts being thereafter to be directly benefited by the waterworks then proposed to be carried out by the said Waterworks Trust); Excepting, however, from the lands limited and defined in and by "Portion No. 1" of the said Order in Council the territory indicated as Portion No. 2 of the St. Arnaud waterworks district as described in the *Government Gazette* of the seventh day of July One thousand eight hundred and eighty-two, page 1665:

Now, therefore, His Excellency the Governor, acting by and with the advice of the Executive Council, and in pursuance of the provisions of the said Acts hereinbefore recited, doth order—

- That the extent of the waterworks district of the said Wimmera United Waterworks Trust as proclaimed and limited by the Order in Council bearing date as aforesaid shall be and the same is hereby increased by the addition thereto of the lands bounded as follows (which said lands shall hereafter be taken to be and the same are hereby included within the waterworks district of the said Wimmera United Waterworks Trust), namely—

(a) Commencing at the south-west angle of the parish of Dimboola on the east side of the Wimmera River; thence easterly to the south-east angle of the said parish; thence northerly to the north-east angle of the parish of Tarranyuk; thence easterly to the intersection of the west side of the Yarraumbiac Creek and the southern boundary of the parish of Warracknabeal; thence northerly along the west bank of the said creek to the intersection of the northern boundary of the parish of Batchica with the same creek; thence westerly twenty-seven miles fifteen chains to the east side of Lake Hindmarsh; thence southerly along east side of the said lake and Wimmera River to the south-west angle of the parish of Dimboola, the commencing point aforesaid.

Printed forms of tender and conditions of contract may be obtained from the Secretary, Tender Board, Treasury, Melbourne, or from the officer in charge of police at any station, by whom also information or explanation will be afforded to persons tendering.

As much forage as can be stored at any station where the storage is small will, for the convenience of the contractor, be ordered at one time.

The price, which must be expressed in words as well as in figures, and without alterations, erasures, or discrepancies, must be per cental of 100 lbs. (net weight), including delivery at the stations, and all charges except the bags, which will remain the property of the contractor. At stations where the bags can be at once emptied the contractor will be required to remove them when delivery is taken. At other stations, notice will be sent to the contractor when the bags are empty. Bags to be removed at contractor's expense.

Tenders, which should be upon the printed form, will be received for either oats, bran, hay, or straw (the particular kind of hay or straw offered to be stated); but if all be included in one tender it may be accepted for one article only, if advisable. Telegrams will not be entertained.

Tenders not complying with the terms of advertisement will not be entertained.

The successful tenderer will be required to enter into a bond for one-third of the estimated amount of the contract within ten days after the acceptance is notified. Two approved sureties are required for contracts amounting to £150 and upwards, and one surety for contracts under £150.

Tenderers failing to take up their accepted tenders, or failing to carry out their contract satisfactorily, will be ineligible to again hold contracts for Government supplies.

Tenders must be enclosed in an envelope, marked "Tender for Forage," and deposited in the Tender-Box, Pay Office, Treasury, Melbourne; or, if sent by post, they must be addressed to the Chairman of the Tender Board, Treasury, Melbourne.

The Government will not necessarily accept the lowest or any tender.

The decision of the Government will be made known by *Gazette* notice, and by letter to accepted tenderers.

CONDITIONS OF CONTRACT.

1. The hay to be good, sound, and sweet, and properly trussed, except when otherwise directed by the police; the straw to be wheaten or oaten, and both to be in all respects of the best quality; oats (Victorian grown) and bran to be sound and sweet, and of the best description; chaff to be made from oaten hay of the best quality; the maize to be of the best quality. The hay tenders must specify whether they are for oaten or wheaten hay.

2. The supplies are for police, telegraph, and other horses, and are to be delivered on the order of the officer in charge of the district or station. The quantities stated in the schedule being only approximate, it must be understood that the Government may draw either more or less than those mentioned; and should new telegraph stations be formed, or additional horses required to be stationed at any of the stations, the contractor will be required to supply the additional forage. Should the additional number of horses, however, exceed two, the contractor may, if he desires it, terminate the contract by supplying at once the whole quantity due at the station under the contract according to the foregoing schedule.

3. The forage, when delivered, must be accompanied by the particulars of quantity, showing the net weight, to be endorsed on the back of the order, which, when signed by the officer in charge of the station, for the net quantity received, will be returned to the contractor, and by him rendered in support of his account.

4. Each contractor will be required to prepare his own account in the prescribed form, and, on presentation thereof to the officer in charge of the station or district, it will be forwarded for payment at the Treasury, Melbourne, or the Pay Office of the district, as may be indicated by the contractor on the account.

5. Should forage duly ordered under these contracts not be delivered within forty-eight hours of the time specified in the order for delivery, it will be competent for the department (should circumstances require it) to purchase the same at the risk of the contractor, from whose account any expense over and above the contract price is to be deducted.

6. In the event of a difference of opinion between the contractor and the officer receiving the forage as to the quality of the same, it is to be decided by a board of survey, composed of persons named by the head of the department ordering the supply, and the decision of the Board is to be considered final.

7. If the Board shall decide that the forage is not of proper quality, it must be immediately replaced by the contractor, failing which it will be procured elsewhere, and the extra cost, if any, will be charged as in clause 5.

8. When a board of survey cannot be conveniently assembled, or when, from some other cause, injury would accrue either to the public service or to the contractor by waiting for a board of survey, the officer in charge will have the power to reject such supplies as are obviously of inferior quality, it being understood that he will be responsible to the Government for so doing; and

the contractor must take back the rejected forage, and supply good in its stead, failing which it will be obtained by the officer requiring it, and the expense will be charged as in clause 5.

9. A repetition of irregularity in the quantity or quality of the forage, or of the delay in delivering or replacing it when required, or refusal to execute orders, will subject the contractor, upon report from the Tender Board, to such mulct, not exceeding £20, as the Treasurer of the colony for the time being may direct. It will also be in the power of the said Treasurer, upon such repetition, to terminate the contract forthwith.

10. Contractors are not at liberty to transfer their contracts under cover of power-of-attorney, coupled with an interest or otherwise; and no such transfer will be recognized by the Government.

11. It will be competent for the Secretary of the Tender Board, on behalf of the Government, or for the contractor on his own behalf, to terminate the contract, by giving, in writing, a notice of three full calendar months to that effect, it being understood that such notice can only be given from the 1st day of a month, and provided that no such notice can be given before the 30th September 1886, and in the event of a station being discontinued or any change in the supplies required, the contractor will receive the earliest possible intimation.

NOTE.—The fee for the period from 15th February 1886 to 31st December 1886, and fee of Five shillings for license, must accompany each tender.

TENDERS will be received by the Board of Land and Works up to Noon of Tuesday, 15th February 1886, for the occupation for Grazing purposes only of the following unappropriated portions of land, subject to the Regulations approved by the Governor in Council and also the subjoined special conditions.

Every license granted under section 119 of *The Land Act 1884* shall be subject to the conditions set forth in the schedule hereto, and to such special conditions and payment in advance of such fee as the Minister may determine, and shall be issued by an officer of the Department of Lands and Survey duly authorized in that behalf.

Under sections 3 and 4 of *The Rabbit Suppression Act Amendment Act 1884*, all licenses under the section for which these licenses will issue are liable for the destruction of rabbits within the boundaries of their licenses.

Conditions:

1. The issue of this license shall not prevent the land comprised therein, or any part or parts thereof, being sold, leased, licensed, alienated, or dealt with under any of the provisions of *The Land Act 1884*, except under the 119th section thereof, under which the license is issued, or being resumed by order of the Governor or Administrator of the Government of Victoria, with the advice of the Executive Council, for any of the purposes for which land may be reserved under section 10 of *The Land Act 1884*, or for mining purposes.

2. No licensee shall, in case of any resumption, be entitled to any compensation other than the return of such portion of the fee paid by him as the responsible Minister of the Crown for the time being administering Part XI. of *The Land Act 1884* may think fit. This license is also subject to the rights of the holders of miners' rights or of mining leases now issued or hereafter to be issued to enter upon the allotment hereby licensed, and to search for gold, and to mine therein, and to erect and occupy mining plant and machinery, without making any compensation for surface or other damage.

3. No land comprised in roads from time to time surveyed and marked out within the boundaries of the land comprised in this license shall be deemed within its operation.

4. This license entitles the holder thereof, during the period for which it is granted, to use the land therein comprised for depas-

turing purposes only, but does not confer any right to build thereon, or to cultivate, or to fence any portion thereof.

5. If the licensee desire a renewal of this license, notice to that effect must be given to the responsible Minister aforesaid one month prior to the expiration thereof, but nothing herein contained shall be deemed to confer the right to any renewal.

6. The interest in this license may not be transferred without the consent of the Minister aforesaid and the payment of a fee of £1.

7. No claim whatever shall be made or entertained by reason of this license not being renewed or transferred.

8. This license is to be used under and in accordance with the regulations made or to be made under the provisions of the said Act and for the time being in force.

9. This license may be forfeited if the licensee commit a breach of or neglect to comply with any of these conditions.

10. The publication of a notice in the *Government Gazette* purporting to declare that the Governor or Administrator, with the advice aforesaid, has forfeited this license, shall be conclusive evidence that the license is forfeited.

Special Conditions:

1. The period of occupation will be from 15th February 1886 to 31st December 1886.

2. The license fee must be paid in advance. The fee for the period from 15th February 1886 to 31st December 1886—for which the license will be issued—must accompany the tender, or be paid by the successful tenderer or his agent immediately on the declaration of the acceptance of the tender, otherwise the offer of the next highest tenderer who may be prepared to comply with this condition may be accepted.

1. *Interpretation of terms.*—In the construction and for the purposes of this bye-law the following terms shall, if not inconsistent with the context or subject-matter, have the respective meanings hereby assigned to them:—

"House" shall mean and include dwellings of any kind, schools, hotels, licensed public-houses, factories, work-rooms, common or other lodging-houses, or other buildings or premises.

"Cesspool" shall mean any receptacle for night-soil or for noxious or offensive matter below or above the ground.
