15. Any Officer who does not qualify as an effective shall not be allowed to retain his commission, unless it be represented by the Commandant that there are special reasons for a relaxation of this Regulation.

16. Non-commissioned Officers will be appointed by the Officer commanding the Battalion.

17. Any Non-commissioned Officer who does not qualify as an effective shall be reduced to the ranks, unless it shall appear to the Commandant that there are special reasons for the relaxation of this Regulation.

18. After any portion of the Battalion has been called out for actual military service, it shall be released from such service only by order of the Governor in Council; and, before such portion of the Battalion is released from actual military service, it shall be returned to the locality to which it belongs.

19. The Battalion, or any portion of it, is not to quit, as a military body, the district to which it belongs unless the sanction of the Commandant be previously obtained; and no member is to quit for a period of more than one month the neighbourhood of his Detachment without returning his complete free kit to the Officer commanding the Detachment to which he belongs.

20. The Queen's Regulations and the customs of the Imperial Military Service shall be taken generally as a guide in all matters not specifically dealt with in these Regulations, so far as the same may not be inconsistent with *The Discipline Act 1870* and the Acts amending the same.

SECTION II.—DISCIPLINE.

1. As it is desirable to keep up in all ranks a proper feeling and high sense of honour, by which the correct and willing discharge of duty will best be insured, Officers of every rank should be impressed with the advantage which they individually, their own Corps, and the service at large will derive from the adoption towards the Non-commissioned Officers and privates of a system of command and treatment which shall insure respect towards superiors.

2. Officers are to adopt such a system themselves, and are to require it to be adopted by the Non-commissioned Officers; and the example of Officers will have the effect of checking the use of improper and offensive terms on the part of the Non-commissioned Officers towards the privates. If acts of intentional neglect or of insubordination should take place, and the means of correction and punishment authorized by the Regulations of the Service have to be resorted to, these measures will have double effect if not preceded by intemperate language.

3. Officers are to avoid reproving Non-commissioned Officers for any irregularity, neglect of duty, or awkwardness, in the presence or hearing of the privates—unless it shall be necessary for the benefit of example that the reproof be public, lest their authority should be weakened or their self-respect lessened.

4. Officers are at all times accountable for the maintenance of good order and the rules and discipline of the Service, and they are to afford in these respects the utmost aid and support to the Commanding Officer. It is their duty to take notice of, repress, and instantly report any negligence or impropriety of conduct in Non-commissioned Officers and privates, whether on duty or off duty, although the offenders may not belong to their particular Company or Detachment.

5. Deliberations or discussions, having the object of conveying praise, censure, or any mark of approbation towards superiors or any others in Her Majesty's Service, are strictly prohibited, as being subversive of discipline, and an assumption of power which belongs to the Sovereign alone, or to those Officers to whom the command and discipline of the troops may be entrusted. Every Officer will therefore be held responsible who shall allow himself to be complimented by Officers, Non-commissioned Officers, or men, who are serving, or who have served under his command, by means of presents of plate, swords, &c., or by any collective expression of their opinion.

6. The Battalion, or any part of it, is not to assemble for any purpose unconnected with military parade, drill, or rifle practice except with the approval of the Commandant.

7. Members of the Battalion are not individually or collectively to attend political meetings or join in public political discussions or demonstrations in uniform. Bands are not to appear in uniform, except at parade or drill, without the consent of Commanding Officers.

8. Commanding Officers of Companies and Detachments are to use their utmost vigilance to prevent members of the Battalion publishing information relative to the numbers, movements, or operations of troops or any military details; and any member of the Battalion will be held personally responsible for reports of this kind which he may make without special permission, or for placing the information beyond his control, so that it finds its way into unauthorized hands. Furthermore, members of the Battalion are forbidden to give publicity to their individual opinions in any manner tending to prejudice questions that may

at the time be undergoing official investigation by the Military Authorities. Anonymous complaints, and the publication through the medium of the press of anything calculated to act injuriously to the interests of the Service or to excite discontent in the Battalion, are also strictly prohibited.

9. Commanding Officers of Companies and Detachments shall be responsible for the discipline, drill, and instruction of the various Companies or Detachments under their command, and they shall notice any infraction of the provisions of the law, or of the orders of the Commandant, relating to the use of arms, the Regulations about clothing, distinctive marks of rank, discipline, and the like.

10. When members of the Force belonging to one or more Corps are brought together under arms, at rifle matches, or on other occasions, either in or out of uniform, the Senior Officer present is to be considered as in command; and although his position in this respect does not involve any authority for his interference in the arrangements of the meeting, yet he is held responsible for the due maintenance of order and discipline among the members of the Force present.

11. Disobedience of orders, or disrespect shown to higher authority shall be instantly reported to the Commanding Officer, and it is impressed upon all ranks that discipline depends entirely upon instant obedience; so that not only must all Commissioned Officers see that it is always duly enforced, but Non-commissioned Officers failing to report any contempt or neglect of their authority will be liable to be summarily reduced. Obedience must be rendered even when it may be considered justifiable subsequently to prefer a complaint.

12. Any member of the Battalion may, for any offence against good order and discipline, be placed under arrest by his Superior Officer.

13. Arrest shall signify suspension from all military duty and participation in rifle shooting; and any member placed under arrest shall deliver up his arms and accoutrements to such person as his Commanding Officer may direct.

14. If any member of the Battalion, while under arms or on duty with the Company to which he belongs or any portion of the Battalion, or while engaged in any military exercise or drill—either in uniform or plain clothes, or while going to or returning from any place of exercise or assembly—disobeys any lawful order of the Officer under whose command he then is, or is guilty of misconduct, any Superior Officer may order the offender, if an Officer, into arrest, and, if not an Officer, into the custody of any Non-commissioned Officer or private; but so that the offender be not kept in such custody longer than during the time such portion of the Battalion as aforesaid remains under arms or on duty. After which his case will either be disposed of by the Officer Commanding on the spot, or he will be suspended from duty under clause 13, and reported to higher authority.

15. Duty with a Company or any portion of the Battalion is held to mean not only presence under arms on parade, but the performance of all administrative duties of a military nature in or out of uniform.

16. Officers commanding shall, immediately after parade, receive the reports of Officers as to any members of the Battalion who have misconducted themselves, and shall either deal summarily with the case or report it to a higher authority.

17. If any member of the Battalion has cause to think himself aggrieved, he may represent his case through his Captain, or other Officer commanding his Company, or Detachment, to the Commanding Officer; any appeal against the decision of the Commanding Officer will be made through the proper channel to the Commandant, and any further appeal will be made through these Officers for transmission to higher authority.

18. Any member of the Battalion who fails to produce, for inspection, when required, any arms, accoutrements, or other property entrusted to his care may be proceeded against under the Act, and steps taken for his summary discharge from the Battalion, for disobedience of orders. Every member failing to become effective shall, on demand, immediately return to the head-quarters of his Corps all arms, accoutrements, clothing, stores, &c., which may have been issued to him.

19. Any member of the Battalion whose services are dispensed with shall deliver up in good order, fair wear and tear only excepted, all arms, ammunition, accoutrements, clothing, or appointments, or any public stores or property issued to him; and if he refuse or neglect to comply with this Regulation, he may be proceeded against under the Act.

20. When a member of the Battalion has been dismissed for misconduct, a notification of the fact, with the cause of dismissal, will be inserted in Regimental Orders, in addition to the *Government Gazette*.

21. Members of the Battalion must not, under any circumstances, alter or tamper with their rifles, or use other than the authorized ammunition; and any rifle which, on inspection, may be found to have had its lock or any other part altered or damaged, will be at once returned into store, and repaired at the expense of the member to whom such rifle was issued.

22. Any loss, damage, or destruction of arms, accoutrements, uniform, or stores which may be traced to any member, unless caused by circumstances beyond his control, will be required to be made good by him; or, in default thereof, proceedings against him will be instituted under the Act.

23. The Commandant may summarily reduce in rank any Non-commissioned Officer, or may dismiss any Warrant Officer, Non-commissioned Officer, or private, for misconduct. Such dismissal shall entail dismissal from the Rifle Club to which the dismissed member belongs, and the Commanding Officer may discharge any Non-commissioned Officer or private.

24. Any member of the Battalion absent without leave for a period of three months shall be dismissed, unless in the opinion of the Commandant there be extenuating circumstances.

25. Any member of the Battalion contravening the Regulations under the Railway Act, with reference to the free conveyance of members of the Military Forces, thereby renders himself liable to dismissal.

SECTION III.—INTERIOR ECONOMY.

Officers.

1. A Commanding Officer is invested with authority which renders him responsible to his Sovereign and his country for the maintenance of discipline, order, and a proper system of economy in the Corps, or portion of a Corps, under his command. He is to exact from officers and men the most implicit obedience to Regulations, and he is not only to enforce by command, but to encourage by example, the energetic discharge of duty.

2. He is to see that the Officers are practically instructed in their duties. He will, at his discretion, direct the Captains and other Officers to take the command of the Parade, and in his presence to exercise the Battalion. The instruction of his men also forms a most essential part of the supervision of a Commanding Officer.

3. It is the duty of a Commanding Officer to bring specially to the notice of the Commandant, without favour or partiality, any Officers who may be distinguished for attention to and proficiency in their duties, as well as those who, from incapacity or habitual inattention, are deficient in a knowledge of their duties, or show an indisposition to afford the Commanding Officer that support which he has a right to expect from them, or conduct themselves in a manner injurious to the efficiency and the credit of the Corps.

4. An Officer in temporary command is not to give out any Standing Orders, or to alter those issued by the Commanding Officer, without a reference to him or to the Commandant. On the other hand, a Commanding Officer, when absent from his Corps, is not justified in issuing Regimental Orders.

5. Commanding Officers are to cause every Order and Circular issued for general information and guidance to be made known throughout the Corps; and they are to afford all Officers under their command every facility for becoming acquainted with current changes in Regulations and Orders. Ignorance of published Orders will never be admitted as an excuse for their non-observance. All Orders relating to the Corps are to be read and explained immediately after such Orders are received, and those of an important nature are to be read on three successive parades.

6. Nothing more essentially tends to the maintenance of regularity and good order than that system or chain of responsibility which should extend from the highest to the lowest grade. With this view the Battalion is divided into Companies and Detachments, the whole being under the command of a Lieutenant-Colonel, who exercises the powers of Commanding Officer.

7. Officers commanding Companies should make themselves thoroughly acquainted with the ability and acquirements of their subalterns, who ought at all times to look to them for information and advice.

8. Great attention is required from the Officers commanding Companies and Detachments to the cleanliness of the clothing, arms, and accoutrements. The dress and appearance, as well as the demeanour, of members of the Battalion should on all occasions and in all situations be such as to create a respect for the Service. Members of the Battalion must be properly dressed when going to and returning from parade.

9. For purposes of interior economy, each Company is to be permanently designated by a letter of the alphabet.

For the convenience of inspection and general supervision, each Company is to be divided into Detachments; the Officers to whose supervision and command each Detachment is entrusted are responsible to the Officer commanding the Company, who is answerable for the whole of his Company to the Commanding Officer. Each Detachment Officer is to keep a nominal roll of his Detachment, and is to make himself acquainted with the character, age, place of residence, and service of each man in it. The Officer commanding the Company will keep a nominal roll of the whole Company, showing date of enlistment of each man in it and name of his Detachment.

10. Non-commissioned Officers and men will address Warrant Officers in the same manner as they do Officers, but will not salute them.

11. Non-commissioned Officers, after having served as such for five years, may be retired on the recommendation of Commanding Officers.

12. Every Sergeant will be provided with a copy of the Regulations of the Field Exercise and Movements of the branch of the Service to which he belongs.

13. When additional Non-commissioned Officers are required, Corporals may be appointed to act as Sergeants (to be styled Lance-sergeants), and privates as Corporals (to be styled Lance-corporals), who, if they prove themselves efficient, are to be promoted as vacancies occur.

14. The number of these acting Non-commissioned Officers is not to exceed one Lance-sergeant and three Lance-corporals to each Company, unless the effective strength of the Company exceeds 75 privates, in which case one additional Lance-corporal is allowed.

15. All funds, effective allowances, and other moneys shall be paid to and administered by the Commanding Officers of Companies under the supervision of the Officer commanding Battalion.

16. At the commencement of each year, Commanding Officers of Companies will be credited for each effective member the sum of 20s.* The amount so credited shall be vested in a committee

* Subject to the amount being passed by Parliament in the Estimates of Expenditure for the Year.

composed of the Officers commanding Detachments. The Company committees shall be under the control of the Commanding Officer.

17. The committee shall establish a fund in each Company, and shall apply it primarily to the maintenance of clothing (great-coats exclusive), keeping of saddlery in thorough order, and expenses incidental to quarterly musketry practice.

18. Commanding Officers of Companies shall be responsible to the Commanding Officer for the due custody and expenditure of the Government allowances, no portion of which shall pass from their control or be expended except by their direction. The Government allowances shall be kept in a special bank account, and all books and accounts connected with the expenditure thereof shall be produced when required at Inspections.

19. On or before the 10th of July in each year a balance-sheet of the past year's receipts and expenditure, signed by the Commanding Officer of the Company and two other officers, and countersigned by Officer commanding, must be forwarded, through the Commanding Officer to the Minister of Defence. No portion of the annual allowance shall be issued to any Corps until such balance-sheet shall have been received by the Minister.

20. The Council of Defence shall from time to time appoint and authorize some person or persons to examine all books and accounts of any Commanding Officer, and report thereon.

21. Every Commanding Officer of a Company shall furnish such guarantee as may be decided by the Governor in Council.

SECTION IV.—MEDICAL BRANCH.

The appointment of Surgeons and Veterinary Surgeons to the Victorian Mounted Rifles is sanctioned.

These Officers will wear the uniform of their Corps, and will perform duty with their Corps only; but whenever the Mounted Rifles may be brigaded with other troops, the Surgeons will be under the general direction of the P.M.O. and will take rank with Officers of the Victorian Medical Staff in accordance with dates of commissions.

No emolument is attached to these appointments.

SECTION V.—LEAVE OF ABSENCE.

1. Leave of absence, not exceeding three months, may be granted by the Commanding Officer, or he may delegate this power to Officers commanding Companies. Beyond this period, application must be made to the Commandant through the proper channel.

SECTION VI.—HONOURS AND SALUTES.

1. Warrant and Non-commissioned Officers and privates in uniform shall give the military salute to His Excellency the Governor and to all Commissioned Officers.

2. No member of the Battalion shall be buried with military honours, except by the express desire of his friends, notified to the Officer commanding.

SECTION VII.—COMMISSIONS AND PROMOTIONS OF OFFICERS.

1. The Council of Defence shall, on the nomination of the Commandant, recommend to the Governor in Council candidates who may be considered suitable for appointment as Officers in the Mounted Rifles. All such candidates as may be approved will be appointed Officers on probation for six months, during which time they must pass such examination as may by General Order be directed, failing which their commissions will not be confirmed. The time of probation may be extended on the recommendation of the Commandant for a period not exceeding six months.

2. All recommendations for appointments, promotions, and resignations of Officers will be made by the Commanding Officer to the Commandant.

3. The appointments, promotions, and resignations of Commissioned Officers shall be inserted in the *Government Gazette*.

4. Any Officer applying may, on the recommendation of the Commandant, be placed on the unattached list of the Mounted Rifles.

5. Officers not under the rank of Captain, after ten years' commissioned service in the Mounted Rifles, may be allowed to retire with permission to retain their rank and wear their uniform.

6. Before promotion to the rank of Captain or Major, candidates must pass an examination in professional subjects. Officers may, however, on the recommendation of the Commandant, be promoted without passing such examination on the condition that they do so on the first available opportunity. The promotion of Officers who fail to pass the examination within a reasonable time will be cancelled.

7. The professional examinations required will comprise the following subjects:—

(a.) Regimental duties.

(b.) Drill.

(c.) Duties in the field.

The scope of each subject will vary according to the rank for which the examination is required. The various subjects, (a) to (c), showing the scope to be required from Officers of each rank, will be detailed in a syllabus to be published in General Orders.

SECTION VIII.—DRESS AND EQUIPMENT.

1. Members of the Battalion must appear in authorized uniform, or in purely civilian dress—the unsoldierlike appearance of Mounted Riflemen dressed partly in uniform and partly in civilian costumes bringing discredit not only on themselves but on the Battalion to which they belong.

And the Honorable John Nimmo, for Her Majesty's Minister of Defence for Victoria, shall give the necessary directions herein accordingly.

ROB. WADSWORTH,
Clerk of the Executive Council.

"THE PUBLIC HEALTH AMENDMENT STATUTE 1883."

SECTION 127.

THE Governor in Council has, in pursuance of *The Public Health Amendment Statute 1883* (No. 782, sec. 127), directed that the provisions of sections 128, 129, 130, and 131 of the said Statute shall apply to that portion of the Shire of Oakleigh described hereunder, that is to say:—

Commencing at the south-west angle of portion 1, parish of Mulgrave; thence east by the parish boundary (North) road to the south-east angle of portion 8; thence north by a Government (Owen's) road to the north-east angle of portion 41; thence west by a Government (Waverly) road to the north-west angle of portion 44; thence south by the parish boundary road (Warragul) to the commencing point (two miles north and south by one mile east and west).

9. *Notice of motion to be given.*—No commissioner shall make any motion in initiating a subject for discussion but in pursuance of notice given, as prescribed in the last preceding clause.

10. *Petitions.*—No motion, except that for receiving the same, shall, unless under most urgent circumstances, and then only by leave being granted by a two-thirds majority of those present at the meeting, be made on any petition, memorial, or other like application until the next ordinary meeting of the Trust after that at which it has been presented.

11. *Motions to be moved in order.*—Except by leave of the Trust, motions shall be moved in the order in which they have been received; and if not so moved shall be struck out.

12. *Motion to be moved by commissioner giving notice.*—No motion shall be proceeded with in the absence of the commissioner who gave notice of the same, unless by some other commissioner producing written authority from him to that effect.

13. *Mover of motion appointing committee to be a member.*—The mover of every motion appointing a committee shall be a member of such committee.

14. *Draft of address or petition to be submitted at previous meeting.*—No motion for any address or petition shall be entertained, unless the mover shall at some previous meeting have submitted a draft of the same.

15. *Order, &c., of debate.*—Any commissioner desirous of making a motion or amendment, or taking part in discussion thereon, shall rise and address the chairman, and shall not be interrupted unless called to order, when he shall sit down until the commissioner calling to order shall have been heard thereon, and the question of order disposed of, when the commissioner in possession of the chair may proceed with the subject.

16. *Nature of motion to be stated.*—Any commissioner desirous of proposing an original motion or amendment must state the nature of the same before he addresses the Trust thereon.

17. *No motion to be withdrawn without leave.*—No motion or amendment shall be withdrawn without the leave of the Trust.

18. *Motion to be seconded.*—No motion or amendment shall be discussed or put to the vote of the Trust unless it be seconded, but a commissioner may, however, require the enforcement of any standing order of the Trust by directing the chairman's attention to the infraction thereof.

19. *Mover of motion.*—A commissioner moving a motion shall be held to have spoken thereon, but a commissioner merely seconding a motion shall not be held to have spoken upon it.

20. *Resolutions, how revoked or altered.*—No resolution at any meeting of the Trust shall be revoked or altered at any subsequent meeting, unless notice of the intention to propose such revocation or alteration be given to each of the commissioners seven days at least before holding the meeting, nor unless such revocation or alteration be determined upon by a majority.

21. *Designation of commissioners.*—The commissioners in meeting of Trust shall designate each other by their official titles, namely, that of chairman or commissioner, as the case may require.

22. *Priority of commissioners.*—If two or more commissioners rise to speak at the same time, the chairman shall decide, by naming the commissioner, who is entitled to priority.

23. *Commissioners to stand while addressing Trust.*—Every commissioner, including the chairman, shall stand while addressing the Trust.

24. *Points of order.*—The chairman, when called upon to decide on points of order or practice, shall state the provision, rule, or practice which he deems applicable to the case, without discussing or commenting on the same, and his decision as to order or practice in each case shall be final.

25. *Commissioners not to digress.*—No commissioner shall digress from the subject-matter of the question under discussion, or comment upon the words used by any other commissioner in a previous debate; and all imputations of improper motives and all personal reflections on commissioners shall be deemed highly disorderly.

26. *Commissioners to apologize for disorderly, &c., expressions.*—Whenever any commissioner shall make use of any expression disorderly or capable of being applied offensively to any other commissioner, the commissioner so offending shall be required by the chairman to withdraw the expression, and to make a satisfactory apology to the Trust.

28. *Commissioners twice offending to be liable to a penalty.*—Any commissioner using disorderly or offensive language, and having been twice called to order, or to withdraw, and to apologize for such conduct, and refusing so to do, shall be liable to a penalty for a breach of this regulation.

29. *Strangers.*—Any person, not being a commissioner, who shall, having been admitted to any meeting of the Trust, be guilty thereof of any improper or disorderly conduct, or who shall not leave when requested by the chairman so to do, may, on his order, be forthwith removed, and shall be liable to a penalty for a breach of this regulation.

30. *Commissioners may demand documents.*—Any commissioner may of right demand the production of any of the documents of the Trust applying to the question under discussion.

31. *Voting.*—The Trust shall vote by show of hands, and the chairman shall, in taking the sense of the Trust, put the question first in the affirmative, and then in the negative; and

the result thereof be declared by him, and shall be entered in the minutes by the secretary.

32. *Divisions.*—Whenever a division shall be demanded by any commissioner the commissioners voting in the affirmative shall first hold up their right hands, and then those voting in the negative shall hold up their right hands, and the result declared by the chairman; and when such division takes place the names of the commissioners voting on the division shall be recorded in the minutes of the said meeting, and any commissioner present not voting, not being disabled by law, shall be liable to a penalty for a breach of this regulation.

33. *One amendment only to be discussed at a time.*—One amendment only shall be discussed at a time, but if lost one other may be moved before the original motion is put to the vote; but upon any amendment being carried, it shall be competent for any commissioner to move one other amendment thereon.

34. *Mover of motion to have right of reply.*—The mover of every original proposition, but not of any amendment, shall have a right of reply, immediately after which the question shall be put from the chair; but no other commissioner shall be allowed to speak more than once on the same question, unless permission be given to explain, or the attention of the chair be called to a point of order.

35. *No discussion on motion for adjournment of the Trust.*—No discussion shall be allowed on any motion for an adjournment of the Trust, but if, on the question being put the motion be negatived, the subject then under consideration or the next on the notice-paper shall be discussed, or any other that may be allowed precedence, before any subsequent motion for adjournment shall be entertained; but if the motion for adjournment be carried, the debates on motions moved and seconded, or any other order of the day, may be resumed at the next adjourned meeting of the Trust at the point at which it was so interrupted.

36. *Protests.*—Any commissioner may protest against any resolution of the Trust, and notice of intention to protest shall, in every case, be given forthwith on the adoption of the resolution protested against; and the protest shall specify the reasons for protesting, and shall be entered three days, at least, before the next ordinary meeting of the Trust by the protesting commissioner in a book to be kept for that purpose in the office of the secretary, and signed by such commissioner, and shall also be entered in the minutes of the meeting at which notice of the intention to protest shall have been given, previously to the confirmation thereof; but such protest may be expunged from the minutes if declared by a majority of the Trust to be not in accordance with truth or in its terms disrespectful to the Trust.

37. *Lapsed questions.*—If a debate on any motion moved and seconded be interrupted by the number of the commissioners present becoming insufficient for the transaction of business, such debate may be resumed at the point where it was so interrupted on motion upon notice.

38. *Lapsed order of the day may be restored.*—If a debate on any order of the day be interrupted by such insufficiency of number as aforesaid happening, such order may be restored to the notice-paper for a future day, on motion upon notice, and then such debate shall be resumed at the point where it was so interrupted.

39. *Committees.*—Minutes of all proceedings of committees shall be entered in the committees' minute-book, and, being signed by the chairman of committee, shall be presented to the Trust.

41. *Petitions.*—No petition shall be presented after the Trust shall have proceeded to the orders of the day. And every commissioner presenting a petition to the Trust shall acquaint himself with its contents, and ascertain that it does not contain language disrespectful to the Trust, and that its contents do not violate any regulation herein contained, and shall write his name at the beginning of the said petition.

42. *No debate shall take place upon petitions.*—No debate shall take place upon any petition or memorial, except as to its being received and taken into consideration as an order of the day, or at any future meeting, or, if necessary, that it be referred to a committee.

43. *Secretary.*—The secretary shall keep all minutes of meetings of the Trust or of any committee of the same; he shall also keep all accounts, books, and documents, conduct all correspondence, and perform all clerical work required to be performed for the Trust; and shall attend all meetings of the Trust or committees when required and at the office for the transaction of business as provided for under this regulation; and shall perform all other acts which shall be deemed by the Trust incumbent upon the secretary to discharge.

44. The treasurer shall have the receipt and disbursement of all moneys, and shall provide a guarantee for such amount for his fidelity and due fulfilment of his duties and for the proper management and disposal of the funds of the Trust as they may direct. All moneys received by him shall, as soon as possible thereafter, be paid into the account of the Trust to the bank wherein the same is kept. That all payments of the Trust shall be made by cheque, signed by three commissioners, and countersigned by the secretary. That he shall take account of all moneys received by the collector, and supervise his accounts as provided for under these regulations.

45. *Collector.*—The collector shall give security for his fidelity and due fulfilment of his duties, and for the proper management and disposal of the funds of the Trust for such amount as they may determine. He shall give no receipts except upon the

printed forms provided for the same, and every receipt shall have a butt filled in by him, containing all particulars of money received, and from whom. He shall pay to the treasurer all moneys received by him at least twice in each week, and he shall at no time hold more moneys of the Trust than twenty pounds (£20) for seventy-two hours without paying the same to the treasurer. He shall, at the close of each month at least, submit his books and butts, with a statement of all amounts collected, to the treasurer, and render to him a full account then or whenever demanded by him of all moneys received by him on account of the said Trust.

46. *Appointment, &c., of officers.*—No appointment to any permanent office at the disposal of the Trust shall take place until seven clear days' public notice shall have been given, by advertisement, in one or more newspapers circulating in the water district, inviting applications from qualified candidates for the same.

47. *Salaries of officers, &c.*—The salary or allowance attached to all offices and places at the disposal of the Trust shall in all cases be fixed before they proceed to appoint any person to fill the same, and before the advertisement inviting applications as aforesaid, and shall be specified in such advertisement.

48. *Expense of preparing security.*—In all cases of security being given for the faithful performance of any duty or contract, the expense of preparing such security shall be borne by the person providing the same.

49. *Common seal.*—The secretary of the Trust shall have the custody of the common seal, and shall be responsible for the same, and impressions only to be made by order of the Trust, verified by the signatures of the chairman and secretary.

50. *Office hours.*—The office of the Trust shall be open every day (except Sundays and bank holidays) between the hours of ten and three, during which hours the secretary shall attend to transact the business of the Trust; and he shall also attend during the hours of every Trust meeting, and at such committee meetings as he may be required. Any other officer of the Trust shall attend such meetings of the Trust as it may direct upon receiving notice, in writing, from the secretary to that effect.

51. *Tenders.*—The security in all cases of contract shall be five per cent. upon the amount of contract. A preliminary deposit of two and a-half per cent. shall accompany each tender for contracts of Two hundred pounds (£200) and upwards, and five per cent. on contracts under Two hundred pounds (£200); such preliminary deposit to be actually forfeited in the event of the tenderer not taking up the contract within three clear days of the acceptance of the tender; the balance of deposit up to ten per cent. to be paid in all cases before the contract is finally executed.

52. *Disqualification of tenderers.*—In all cases of contractors failing to take up their tender, it shall also be in the power of the Trust to disqualify such contractor from again tendering for works under the Trust for such time as they may determine.

53. *Application for extension of time on contracts, &c.*—Applications from contractors for extension of time on contracts, or remission of fines imposed thereon, shall not be entertained or allowed by the Trust unless carried by a majority of the commissioners present at the meeting at which such applications are made.

54. *Plans, &c.*—All the plans and specifications for any public work shall be laid before the commissioners at least six days prior to the same being considered and ordered upon, and be open for inspection by any commissioner during that time, except in cases of emergency.

1. TENDERS FOR GRAZING LANDS.

Tenders must be sent in on proper form, which can be obtained on application to the Lands Department, Melbourne, or any of the Survey Offices in the country.

Tenders must be placed in the Crown Lands Office Tender-box not later than Twelve noon on Tuesday, 28th June 1887.

Note.—The fee for the period from 1st July 1887 to 31st December 1887, and fee of Five shillings for License, must accompany each tender.

TENDERS will be received by the Board of Land and Works up to Noon of Tuesday, 28th June 1887, for the occupation for Grazing purposes only of the following unappropriated portions of land, subject to the Regulations approved by the Governor in Council and also the subjoined special conditions.

Every license granted under section 119 of *The Land Act 1884* shall be subject to the conditions set forth in the schedule hereto, and to such special conditions and payment in advance of such fee as the Minister may determine, and shall be issued by an officer of the Department of Lands and Survey duly authorized in that behalf.

Under sections 3 and 4 of *The Rabbit Suppression Act Amendment Act 1884*, all licensees under the section for which these licenses will issue are liable for the destruction of rabbits within the boundaries of their licenses.

Conditions:

1. The issue of this license shall not prevent the land comprised therein, or any part or parts thereof, being sold, leased, licensed, alienated, or dealt with under any of the provisions of *The Land Act 1884*, except under the 119th section thereof, under which the license is issued, or being resumed by order of the Governor or Administrator of the Government of Victoria, with the advice of the Executive Council, for any of the purposes for which land may be reserved under section 10 of *The Land Act 1884*, or for mining purposes.

2. In case the said land, or any part or parts thereof, shall be sold, leased, licensed, alienated, dealt with, or resumed as aforesaid, the licensee shall not be entitled to any compensation other than the return of such portion of his license fee paid by him as the responsible Minister of the Crown for the time being administering Part XI. of *The Land Act 1884* may think fit. This license is also subject to the rights of the holders of miners' rights or of mining leases now issued or hereafter to be issued to enter upon the allotment hereby licensed, and to search for gold, and to mine therein, and to erect and occupy mining plant and machinery, without making any compensation for surface or other damage.

2A. Subject to these conditions, the licensee shall be entitled to use the land for the purposes for which the license has been granted, until notice has been given in the *Government Gazette* that such land, or any part thereof, has been sold, leased, licensed, alienated, dealt with, or resumed as aforesaid; and, immediately upon such notice being given, all the interest of the licensee in the licensed land described in such notice shall cease and be determined, and any person entitled to occupy the licensed land, or any part thereof, may lawfully make entry upon and hold the same without the permission or sanction of the licensee, or any one claiming under her, him, or them.

3. No land comprised in roads from time to time surveyed and marked out within the boundaries of the land comprised in this license shall be deemed within its operation.

4. This license entitles the holder thereof, during the period for which it is granted, to use the land therein comprised for depasturing purposes only, but does not confer any right to build thereon, or to cultivate, or to fence any portion thereof.

5. If the licensee desire a renewal of this license, notice to that effect must be given to the responsible Minister aforesaid one month prior to the expiration thereof, but nothing herein contained shall be deemed to confer the right to any renewal.

6. The interest in this license may not be transferred without the consent of the Minister aforesaid and the payment of a fee of £1.

7. No claim whatever shall be made or entertained by reason of the license not being renewed or transferred.

8. This license is to be used under and in accordance with the regulations made or to be made under the provisions of the said Act and for the time being in force.

9. This license may be forfeited if the licensee commit a breach or neglect to comply with any of these conditions.

10. The publication of a notice in the *Government Gazette* purporting to declare that the Governor or Administrator, with the advice aforesaid, has forfeited this license shall be conclusive evidence that the license is forfeited.

Special Conditions:

1. The period of occupation will be from 1st July 1887 to 31st December 1887.

2. The license fee must be paid in advance. The fee for the period from 1st July 1887 to 31st December 1887—for which the license will be issued—must accompany the tender, or be paid by the successful tenderer or his agent immediately on the declaration of the acceptance of the tender, otherwise the offer of the next highest tenderer who may be prepared to comply with this condition may be accepted.

3. Tenders to be for so much per lot and block per annum.

4. Separate tenders must be lodged for each block.

5. **Tenders to be endorsed "Tender for Lot 1, Block 257," or "Lot 2, Block 297," or "Lot 3, Block 391," as the case may be.**

6. The highest or any tender not necessarily accepted.

7. Tenderers must give their full name and ordinary postal address.
