**TREATY OF FRIENDSHIP, COMMERCE, AND NAVIGATION BETWEEN GREAT BRITAIN AND THE UNITED STATES OF MEXICO.**

THE following Despatch from the Right Honorable the Secretary of State for the Colonies to His Excellency the Administrator of the Government, and its Enclosure, are published for general information.

By His Excellency's Command,  
D. GILLIES,

SIR,

I have the honour to transmit to you, for publication in the colony under your Government, a copy of a Treaty of Friendship, Commerce, and Navigation between Her Majesty and the United States of Mexico, signed at Mexico on the 27th of November 1888, the ratifications of which were exchanged at Mexico on the 11th of February last.

I have to call your attention to Article XIV. of the Treaty, from which you will observe that, if it is desired that the colony under your Government should come within the operation of the Treaty, notice to that effect must be given to the Mexican Government within two years from the 11th ultimo, the date of the exchange of the ratifications.

I have therefore to request that you will be good enough to acquaint me as soon as possible of the wishes of your Government in the matter.

I have the honour to be, Sir,  
Your most obedient humble servant,

**TREATY OF FRIENDSHIP, COMMERCE, AND NAVIGATION BETWEEN HER MAJESTY AND THE UNITED STATES OF MEXICO.**

*Signed at Mexico, 27th November 1888.*

[Ratifications exchanged at Mexico, 11th February 1889.]

HER Majesty the Queen of the United Kingdom of Great Britain and Ireland and His Excellency the President of the United States of Mexico, being desirous of maintaining and strengthening friendly relations and of promoting commercial intercourse between the dominions of Her Britannic Majesty and the territories of the Mexican Republic, have resolved to conclude a Treaty of Friendship, Commerce, and Navigation, and have named as their Plenipotentiaries, that is to say:—

Her Majesty the Queen of the United Kingdom of Great Britain and Ireland: Sir Spenser St. John, Knight Commander of St. Michael and St. George, Envoy Extraordinary and Minister Plenipotentiary of Her Britannic Majesty in Mexico; And His Excellency the President of the United States of Mexico, Señor Senador Don Emilio Velasco, ex-Minister Plenipotentiary of Mexico in France, &c., &c., &c.:

Who, after having communicated to each other their respective full powers, found in good and due form, have agreed upon and concluded the following Articles:—

**ARTICLE I.**

There shall be perfect peace and sincere friendship between the United Kingdom of Great Britain and Ireland and the United States of Mexico. The High Contracting Parties shall use their best endeavours that this friendship and good understanding may be constantly and perpetually maintained.

**ARTICLE II.**

The Contracting Parties agree that, in all matters relating to commerce and navigation, any privilege, favour, or immunity whatever which either Contracting Party has actually granted, or may hereafter grant, to the subjects or citizens of any other State shall be extended immediately and unconditionally to the subjects or citizens of the other Contracting Party, it being their intention that the trade and navigation of each country shall be placed, in all respects, by the other on the footing of the most favoured nation.

**ARTICLE III.**

The produce and manufactures of the dominions and possessions of Her Britannic Majesty which are imported into the United States of Mexico, and the produce and manufactures of Mexico which are imported into the dominions and possessions of Her Britannic Majesty, whether intended for consumption, warehousing, re-exportation, or transit, shall be treated in the same manner as, and, in particular, shall be subjected to no higher or other duties, whether general, municipal, or local, than the produce, manufactures, and goods of any third country the most favoured in this respect. No other or higher duties shall be levied in Mexico on the exportation of any goods to the dominions and possessions of Her Britannic Majesty, or in the dominions and possessions of Her Britannic Majesty on the exportation of any goods to Mexico, than may be levied on the exportation of the like goods to any third country the most favoured in this respect.

Neither of the Contracting Parties shall establish a prohibition of importation, exportation, re-exportation, or transit against the other which shall not, under like circumstances, be applicable to any third country the most favoured in this respect.

In like manner, in all that relates to local dues, customs, formalities, brokerage, patterns, or samples introduced by commercial travellers, and all other matters connected with trade, British subjects in Mexico and Mexican citizens in the dominions and possessions of Her Britannic Majesty shall enjoy most-favoured-nation treatment.

In the event of any changes being made in Mexican laws, customs tariff, or regulations, sufficient notice shall be given, in order to enable British subjects to make the necessary arrangements for meeting them.

The Mexican authorities shall, moreover, deal equitably with all cases arising from unintentional ignorance of any of the changes above-mentioned.

**ARTICLE IV.**

British ships and their cargoes shall, in Mexico, and Mexican vessels and their cargoes shall, in the dominions and possessions of Her Britannic Majesty, from whatever place arriving, and whatever may be the place of origin or destination of their cargoes, be treated in every respect as ships and cargoes of the most favoured nation.

The preceding stipulation applies to local treatment, dues, and charges in the ports, basins, docks, roadsteads, harbours, and rivers of the two countries, pilotage, and, generally, to all matters connected with navigation.

Every favour or exemption in these respects, or any other privilege in matters of navigation, which either of the Contracting Parties shall grant to a third Power, shall be extended immediately and unconditionally to the other Party.

All vessels which, according to British law, are to be deemed British vessels, and all vessels which, according to the law of Mexico, are to be deemed Mexican vessels, shall, for the purposes of this Treaty, be respectively deemed British or Mexican vessels.

For the same purpose shall be considered as ports of each of the Contracting Parties those which are, or hereafter may be, declared open by the respective Governments for import or export trade.

The two Contracting Parties agree to consider, as a limit of their territorial waters on their respective coasts, the distance of 3 marine leagues reckoned from the line of low-water mark. Nevertheless, this stipulation shall have no effect excepting in what may relate to the observance and application of the Custom-house Regulations and the measures for preventing smuggling, and cannot be extended to other questions of civil or criminal jurisdiction, or of international maritime law.

**ARTICLE V.**

The subjects or citizens of each of the Contracting Parties shall be permitted to reside, permanently or temporarily, in the dominions or possessions of the other, and to occupy and hire houses and warehouses for purposes of commerce, whether wholesale or retail. They shall also be at full liberty to exercise civil rights, and therefore to acquire, possess, and dispose of every description of property, movable and immovable, as far as the laws of each country will permit. They may acquire and transmit the same to others, whether by purchase, sale, donation, exchange, marriage, testament, succession *ab intestato*, and in any other manner, under the same conditions as natives of the country. Their heirs and legal representatives may succeed to and take possession of it, either in person or by procurators, in the same manner and in the same legal forms as natives of the country.

In none of these respects shall they pay upon the value of such property any other or higher impost, duty, or charge than is payable by natives of the country.

In every case the subjects or citizens of the Contracting Parties shall be permitted to export their property, or the proceeds thereof, if sold, freely and without being subjected on such exportation to pay any duty different from that to which natives of the country are liable under similar circumstances.

The citizens or subjects of each one of the Contracting Parties who may be residing, temporarily or permanently, in the dominions and possessions of the other are subject to the laws of the country where they reside, especially to those which determine the rights and obligations of foreigners, on the same conditions as those of the citizens or subjects of the most favoured nation.

**ARTICLE VI.**

The dwellings, manufactories, warehouses, and shops of the subjects or citizens of each of the Contracting Parties in the dominions and possessions of the other, and all premises appertaining thereto, destined for purposes of residence or commerce, shall be respected.

It shall not be allowable to proceed to make a search of, or a domiciliary visit to, such dwellings and premises, or to examine

or inspect books, papers, or accounts, except under the conditions and with the forms prescribed by the laws for natives of the country.

The subjects or citizens of each of the two Contracting Parties in the dominions and possessions of the other shall have free access to the Courts of Justice for the prosecution and defence of their rights, without other conditions, restrictions, or taxes beyond those imposed on natives of the country, and shall, like them, be at liberty to employ, in all causes, their advocates, attorneys, or agents from among the persons admitted to the exercise of those professions according to the laws of the country.

## ARTICLE VII.

The subjects or citizens of each of the Contracting Parties in the dominions and possessions of the other shall be exempted from all compulsory military service whatever, whether in the army, navy, or national guard, or militia. They shall likewise be exempted from all contributions, whether pecuniary or in kind, imposed as a compensation for personal service, and, finally, from forced loans, and from charges, requisitions, and war contributions, unless imposed on real property, when they shall pay them equally with nationals.

## ARTICLE VIII.

The subjects or citizens of either of the two Contracting Parties residing in the dominions and possessions of the other shall enjoy, in regard to their houses, persons, and properties, the protection of the Government in as full and ample a manner as the subjects or citizens of the most favoured nation.

In like manner the subjects or citizens of each Contracting Party shall enjoy in the dominions and possessions of the other full liberty of conscience, and shall not be molested on account of their religious belief.

## ARTICLE IX.

The subjects or citizens of each of the Contracting Parties shall have, in the dominions and possessions of the other, the same rights as natives, or as subjects or citizens of the most favoured nation, in regard to patents for inventions, trade-marks, and designs, upon fulfilment of the formalities prescribed by law.

## ARTICLE X.

Each of the Contracting Parties may appoint Consuls-General, Consuls, Vice-Consuls, Pro-Consuls, and Consular Agents to reside respectively in towns or ports in the dominions and possessions of the other Power, each one of them reserving the right of excepting those places where it may not appear convenient to admit them whenever this exception is extended to the Consular functionaries of all other nations.

Such Consular officers, however, shall not enter upon their functions until after they shall have been approved and admitted in the usual form by the Government to which they are sent. They shall exercise whatever functions, and enjoy whatever privileges, exemptions, and immunities are, or may hereafter be, granted there to Consular officers of the most favoured nation.

The archives and official papers of Consular functionaries shall be respected as inviolable, without the authorities of the country being able, on any account, to seize them, or take note of their contents.

## ARTICLE XI.

The Consuls-General, Consuls, Vice-Consuls, and Consular Agents of each of the Contracting Parties, residing in the dominions and possessions of the other, shall receive from the local authorities such assistance as can by law be given to them for the recovery of deserters from the vessels of their respective countries.

## ARTICLE XII.

Any ship of war or merchant-vessel of either of the Contracting Parties which may be compelled by stress of weather, or by accident, to take shelter in a port of the other, shall be at liberty to refit therein, to procure all necessary stores, and to continue their voyage without paying any dues other than such as would be payable in a similar case by a national vessel. In case, however, the master of a merchant-vessel should be under the necessity of disposing of a part of his merchandize in order to defray his expenses, he shall be bound to conform to the Regulations and Tariffs of the place to which he may have come.

If any ship of war or merchant-vessel of one of the Contracting Parties should run aground, or be wrecked within the territory of the other, such ship or vessel, and all parts thereof, and all furniture and appurtenances belonging thereto, and all goods and merchandize saved therefrom, including any which may have been cast out of the ship, or the proceeds thereof if sold, as well as all papers found on board such stranded or wrecked ship or vessel, shall be given up to the owners or their agents when claimed by them within the period fixed by the laws of the country; and such owners or agents shall pay only the expenses incurred in the preservation of the property, together with the salvage or other expenses which would have been payable in the like case of a wreck of a national vessel.

The goods and merchandize saved from the wreck shall be exempt from all duties of customs unless cleared for consumption, in which case they shall pay the same rate of duty as if they had been imported in a national vessel.

In the case either of a vessel being driven in by stress of weather, run aground, or wrecked, the respective Consuls-General, Consuls, Vice-Consuls, and Consular Agents shall, if the owner or master or other agent of the owner is not present, or is present and requires it, be authorized to interpose in order to afford the necessary assistance to their fellow-countrymen.

## ARTICLE XIII.

For the better security of commerce between the subjects of Her Britannic Majesty and the citizens of the United States of Mexico, it is agreed that, if at any time any interruption of friendly intercourse or any rupture should unfortunately take

place between the two Contracting Parties, the subjects or citizens of either of the said Contracting Parties who may be residing in the dominions or territories of the other, or who may be established there, in the exercise of any trade or special employment, shall have the privilege of remaining and continuing such trade or employment, without any manner of interruption, in full enjoyment of their liberty and property, so long as they behave peacefully and commit no offence against the laws; and their goods, property, and effects, of whatever description they may be, whether in their own custody, or intrusted to individuals, or to the State, shall not be liable to seizure or sequestration, or to any other charges or demands than those which may be made upon the like goods, property, and effects belonging to native subjects or citizens. Should they, however, prefer to leave the country, they shall be allowed to make arrangements for the safe keeping of their goods, property, and effects, or to dispose of them, and to liquidate their accounts; and a safe conduct shall be given them to embark at the ports which they shall themselves select.

## ARTICLE XIV.

The stipulations of the present Treaty shall be applicable to all the Colonies and foreign possessions of Her Britannic Majesty, so far as the laws permit, excepting to those hereinafter named, that is to say, except to—

Newfoundland.  
New South Wales.  
Victoria.  
South Australia.  
Western Australia.  
Queensland.  
Tasmania.  
New Zealand.  
The Cape.

Provided always that the stipulations of the present Treaty shall be made applicable to any of the above-named Colonies or foreign possessions, on whose behalf notice to that effect shall have been given by Her Britannic Majesty's Representative in Mexico to the Mexican Minister for Foreign Affairs within two years from the date of the exchange of the ratifications of the present Treaty.

## ARTICLE XV.

Any controversies which may arise respecting the interpretation or the execution of the present Treaty, or the consequences of any violation thereof, shall be submitted, when the means of settling them directly by amicable agreement are exhausted, to the decision of Commissions of Arbitration, and the result of such arbitration shall be binding upon both Governments.

The members of such Commissions shall be selected by the two Governments by common consent, failing which, each of the Parties shall nominate an Arbitrator, or an equal number of Arbitrators, and the Arbitrators thus appointed shall select an Umpire.

The procedure of the arbitration shall in each case be determined by the Contracting Parties, failing which the Commission of Arbitration shall be itself entitled to determine it beforehand.

## ARTICLE XVI.

The present Treaty shall continue in force during ten years, counted from the day of the exchange of the ratifications; and in case neither of the two Contracting Parties shall have given notice twelve months before the expiration of the said period of ten years of their intention of terminating the present Treaty, it shall remain in force until the expiration of one year from the day on which either of the Contracting Parties shall have given such notice.

## ARTICLE XVII.

The present Treaty shall be ratified by Her Majesty the Queen of Great Britain and Ireland, and by His Excellency the President of the United States of Mexico, and the ratifications shall be exchanged at Mexico as soon as possible.

In witness whereof, the respective Plenipotentiaries have signed the same, and have affixed thereto the seals of their arms.

[Extract from "The London Gazette" of Tuesday, April 9, 1889.]

At the Court at Windsor, the 6th day of April 1889.

PRESENT:

The Queen's Most Excellent Majesty.

Lord President,  
Duke of Rutland,

Earl of Limerick,  
Viscount Lewisham.

WHEREAS by the Extradition Acts 1870 and 1873 it was amongst other things enacted, that where an arrangement has been made with any foreign State with respect to the surrender to such State of any fugitive criminals, Her Majesty may, by Order in Council, direct that the said Acts shall apply in the case of such foreign State; and that Her Majesty may, by the same or any subsequent Order, limit the operation of the Order, and restrict the same to fugitive criminals who are in or suspected of being in the part of Her Majesty's dominions specified in the Order, and render the operation thereof subject to such conditions, exceptions, and qualifications as may be deemed expedient; and that if, by any law made after the passing of the Act of 1870 by the Legislature of any British possession, provision is made for carrying into effect within such possession the surrender of fugitive criminals who are in or suspected of being in such British possession, Her Majesty may, by the Order in Council applying the said Acts in the case of any foreign State, or by any subsequent Order, suspend the operation within any such British possession of the said Acts, or of any part thereof, so far as it relates to such foreign State, and so long as such Law continues in force there and no longer:

And whereas by an Act of the Parliament of Canada passed in 1886, and entitled "An Act respecting the Extradition of Fugitive Criminals," provision is made for carrying into effect within the Dominion the surrender of fugitive criminals:

And whereas by an Order of Her Majesty the Queen in Council, dated the seventeenth day of November One thousand eight hundred and eighty-eight, it was directed that the operation of the Extradition Acts 1870 and 1873 should be suspended within the Dominion of Canada so long as the provision of the said Act of the Parliament of Canada of 1886 should continue in force and no longer:

And whereas a Treaty was concluded on the seventh day of September One thousand eight hundred and eighty-six, between Her Majesty and the President of the United States of Mexico, for the Mutual Extradition of Fugitive Criminals, which Treaty is in the terms following—

"Her Majesty the Queen of the United Kingdom of Great Britain and Ireland, and his Excellency the President of the United States of Mexico, having judged it expedient, with a view to the better administration of justice and to the prevention of crime within the two countries and their jurisdictions, that persons charged with or convicted of the crimes or offences hereinafter enumerated, and being fugitives from justice, should, under certain circumstances, be reciprocally delivered up, have named as their Plenipotentiaries to conclude a Treaty (that is to say):

"Her Majesty the Queen of the United Kingdom of Great Britain and Ireland, Sir Spenser St. John, Knight Commander of St. Michael and St. George, Envoy Extraordinary and Minister Plenipotentiary of Her Britannic Majesty in Mexico;

"And his Excellency the President of the United States of Mexico, Señor Licenciado Don Emilio Velasco, ex-Minister Plenipotentiary of Mexico in France, &c., &c.;

"Who, after having communicated to each other their respective full powers, found in good and due form, have agreed upon and concluded the following Articles:—

"ARTICLE I.

"The High Contracting Parties engage to deliver up to each other, under the circumstances and conditions stated in the present Treaty, those persons who, being accused or convicted of any of the crimes or offences enumerated in Article II., committed in the territory of the one Party, shall be found within the territory of the other Party.

"ARTICLE II.

"Extradition shall be reciprocally granted for the following crimes or offences:—

"1. Murder (including assassination, parricide, infanticide, poisoning), or attempt or conspiracy to murder.

"2. Manslaughter.

"3. Administering drugs or using instruments with intent to procure the miscarriage of women.

"4. Rape.

"5. Carnal knowledge, or any attempt to have carnal knowledge, of a girl under 16 years of age, if the evidence produced justifies committal for those crimes according to the laws of both the Contracting Parties.

"6. Indecent assault.

"7. Kidnapping and false imprisonment, child-stealing.

"8. Abduction.

"9. Bigamy.

"10. Maliciously wounding or inflicting grievous bodily harm.

"11. Assault occasioning actual bodily harm.

"12. Threats, by letter or otherwise, with intent to extort money or other things of value.

"13. Perjury or subornation of perjury.

"14. Arson.

"15. Burglary or housebreaking, robbery with violence, larceny, or embezzlement.

"16. Fraud by a bailee, banker, agent, factor, trustee, director, member, or public officer of any company, made criminal by any law for the time being in force.

"17. Obtaining money, valuable security, or goods by false pretences; receiving any money, valuable security, or other property, knowing the same to have been stolen or unlawfully obtained.

"18. (a) Counterfeiting or altering money, or bringing into circulation counterfeited or altered money.

"(b) Forgery, or counterfeiting, or altering, or uttering what is forged, counterfeited, or altered.

"(c) Knowingly making, without lawful authority, any instrument, tool, or engine, adapted and intended for the counterfeiting of coin of the realm.

"19. Crimes against Bankruptcy Law.

"20. Any malicious act done with intent to endanger the safety of any person travelling or being upon a railway.

"21. Malicious injury to property, if such offence be indictable.

"22. Crimes committed at sea:—

"(a) Piracy by the law of nations.

"(b) Sinking or destroying a vessel at sea, or attempting or conspiring to do so.

"(c) Revolt, or conspiracy to revolt, by two or more persons on board a ship on the high seas against the authority of the master.

"(d) Assault on board a ship on the high seas with intent to destroy life, or to do grievous bodily harm.

"23. Dealing in slaves in such manner as to constitute a criminal offence against the laws of both States.

"The extradition is also to be granted for participation in any of the aforesaid crimes, provided such participation be punishable by the laws of both Contracting Parties.

"Extradition may also be granted at the discretion of the State applied to in respect of any other crime for which, according to the laws of both Contracting Parties for the time being in force, the grant can be made.

"ARTICLE III.

"Either Government may, in its absolute discretion, refuse to deliver up its own subjects to the other Government.

"ARTICLE IV.

"The extradition shall not take place if the person claimed on the part of Her Majesty's Government, or the person claimed on the part of the Government of Mexico, has already been tried and discharged or punished, or is still under trial in the territory of Mexico or in the United Kingdom respectively, for the crime for which his extradition is demanded.

"If the person claimed on the part of Her Majesty's Government, or on the part of the Government of Mexico, should be under examination for any other crime in the territory of Mexico or in the United Kingdom respectively, his extradition shall be deferred until the conclusion of the trial and the full execution of any punishment awarded to him.

"ARTICLE V.

"The extradition shall not take place if, subsequently to the commission of the crime, or the institution of the penal prosecution or the conviction thereon, exemption from prosecution or punishment has been acquired by lapse of time, according to the laws of the State applied to.

"ARTICLE VI.

"A fugitive criminal shall not be surrendered if the offence in respect of which his surrender is demanded is one of a political character, or if he prove that the requisition for his surrender has, in fact, been made with a view to try or punish him for an offence of a political character.

"ARTICLE VII.

"A person surrendered can in no case be kept in prison or be brought to trial in the State to which the surrender has been made for any other crime, or on account of any other matters, than those for which the extradition shall have taken place, until he has been restored, or has had an opportunity of returning to the State by which he has been surrendered. This stipulation does not apply to crimes committed after the extradition.

"ARTICLE VIII.

"The requisition for extradition shall be made through the Diplomatic Agents of the High Contracting Parties respectively.

"The requisition for the extradition of an accused person must be accompanied by a warrant of arrest issued by the competent authority of the State requiring the extradition, and by such evidence as, according to the laws of the place where the accused is found, would justify his arrest if the crime had been committed there.

"If the requisition relates to a person already convicted, it must be accompanied by the sentence of condemnation passed against the convicted person by the competent Court of the State that makes the requisition for extradition.

"A sentence passed *in contumaciam* is not to be deemed a conviction, but a person so sentenced may be dealt with as an accused person.

"ARTICLE IX.

"If the requisition for extradition be in accordance with the foregoing stipulations, the competent authorities of the State applied to shall proceed to arrest the fugitive.

"ARTICLE X.

"A fugitive criminal may be apprehended, under a warrant issued by any Police Magistrate, Justice of the Peace, or other competent authority in either country, on such information or complaint, and such evidence, or after such proceedings as would, in the opinion of the authority issuing the warrant, justify the issue of a warrant if the crime had been committed or the person convicted in that part of the dominions of the two Contracting Parties in which the Magistrate, Justice of the Peace, or other competent authority exercises jurisdiction: provided, however, that in the United Kingdom the accused shall, in such case, be sent as speedily as possible before a Police Magistrate in London.

In the Republic of Mexico the Government will decide on the extradition by administrative procedure, until a judicial procedure be established by law, when the accused will be delivered as soon as possible to the Judge designated by law. The criminal shall, in accordance with this Article, be discharged, as well in Mexico as in the United Kingdom, if within the term of thirty days a requisition for extradition shall not have been made by the Diplomatic Agent of his country in accordance with the stipulations of this Treaty.

The same rule shall apply to the cases of persons accused or convicted of any of the crimes or offences specified in this Treaty, and committed on the high seas on board any vessel of either country which may come into a port of the other.

#### "ARTICLE XI.

"The extradition shall take place only if the evidence be found sufficient, according to the laws of the State applied to, either to justify the committal of the prisoner for trial, in case the crime had been committed in the territory of the same State, or to prove that the prisoner is the identical person convicted by the Courts of the State which makes the requisition, and that the crime of which he has been convicted is one in respect of which extradition could, at the time of such conviction, have been granted by the State applied to; and no criminal shall be surrendered until after the expiration of fifteen days from the date of his committal to prison to await the warrant for his surrender.

#### "ARTICLE XII.

"In the examinations which they will have to make in accordance with the foregoing stipulations, the authorities of the State applied to for said extradition shall admit as valid evidence the depositions or statements of witnesses taken in the other State, under oath or under solemn affirmation to tell the truth, according as its legislation may provide, or the copies of these depositions or statements, and likewise the warrants issued and sentences pronounced in the State which demands the extradition, the certificates of the fact of the condemnation, or the judicial documents which prove it, provided the same are authenticated as follows:—

"1. A warrant must purport to be signed by a Judge, Magistrate, or Officer of the other State.

"2. Depositions or affirmations, or the copies thereof, must purport to be certified under the hand of a Judge, Magistrate, or Officer of the other State, to be the original depositions or affirmations, or to be true copies thereof, as the case may require.

"3. A certificate of, or a judicial document stating the fact of, a conviction must purport to be certified by a Judge, Magistrate, or Officer of the other State.

"4. In every case such warrant, deposition, affirmation, copy, certificate, or judicial document must be authenticated either by the oath of some witness, or by being sealed with the official seal of the Minister of Justice, or some other Minister of the other State; but any other mode of authentication for the time being permitted by law in the State where the examination is taken may be substituted for the foregoing.

#### "ARTICLE XIII.

"If the individual claimed by one of the two High Contracting Parties, in pursuance of the present Treaty, should be also claimed by one or several other Powers on account of other crimes or offences committed upon their respective territories, his extradition shall be granted to that State whose demand is earliest in date.

#### "ARTICLE XIV.

"If sufficient evidence for the extradition be not produced within two months from the date of the apprehension of the fugitive, or within such further time as the State applied to, or the proper Tribunal thereof shall direct, the fugitive shall be set at liberty.

#### "ARTICLE XV.

"All articles seized which were in the possession of the person to be surrendered at the time of his apprehension shall, if the competent authority of the State applied to for the extradition has ordered the delivery of such articles, be given up when the extradition takes place; and the said delivery shall extend, not merely to the stolen articles, but to everything that may serve as a proof of the crime.

#### "ARTICLE XVI.

"All expenses connected with extradition shall be borne by the demanding State.

#### "ARTICLE XVII.

"The stipulations of the present Treaty shall be applicable to the colonies and foreign possessions of Her Britannic Majesty, so far as the laws for the time being in force in such colonies and foreign possessions respectively will allow.

"The requisition for the surrender of a fugitive criminal who has taken refuge in any of such colonies or foreign possessions shall be made to the Governor or chief authority of such colony or possession by the Chief Consular Officer of the Republic of Mexico in such colony or possession.

"Such requisition may be disposed of, subject always, as nearly as may be, and so far as the law of such colony or foreign possession will allow, to the provisions of this Treaty, by the said Governor or chief authority, who, however, shall be at liberty either to grant the surrender or to refer the matter to his Government.

"Her Britannic Majesty shall, however, be at liberty to make special arrangements in the British colonies and foreign possessions for the surrender of Mexican criminals who may take refuge within such colonies and foreign possessions, on the basis, as nearly as may be, and so far as the law of such colony or foreign possession will allow, of the provisions of the present Treaty.

"Requisitions for the surrender of a fugitive criminal emanating from any colony or foreign possession of Her Britannic Majesty shall be governed by the rules laid down in the preceding articles of the present Treaty.

#### "ARTICLE XVIII.

"The present Treaty shall come into force ten days after its publication, in conformity with the forms prescribed by the laws of the High Contracting Parties. It may be terminated by either of the High Contracting Parties by a notice not exceeding one year and not less than six months.

"The Treaty, after receiving the approval of the Congress of Mexico, shall be ratified, and the ratifications shall be exchanged at Mexico as soon as possible.

"In witness whereof the respective Plenipotentiaries have signed the same, and have affixed thereto the seal of their arms.

"Done in two originals, at the city of Mexico, the seventh day of September, in the year One thousand eight hundred and eighty-six.

"(L.S.) SPENSER ST. JOHN.  
" (L.S.) ENILIO VELASCO.

"And whereas the ratifications of the said Treaty were exchanged at Mexico on the twenty-second day of January One thousand eight hundred and eighty-nine.

"Now, therefore, Her Majesty, by and with the advice of Her Privy Council, and in virtue of the authority committed to Her by the said recited Acts, doth order, and it is hereby ordered, that from and after the nineteenth day of April One thousand eight hundred and eighty-nine, the said Acts shall apply in the case of Mexico, and of the said Treaty with the President of the United States of Mexico.

"Provided always, and it is hereby further ordered, that the operation of the said Acts shall be suspended within the Dominion of Canada so far as relates to the United States of Mexico and to the said Treaty, and so long as the provisions of the Canadian Act aforesaid of 1886 continue in force, and no longer.

"C. L. PEEL."

WIDE BAY BAR.

## Leading Lights and Beacons at South Channel.

NOTICE is hereby given that on and after this date Two Leading Lights will be exhibited for crossing Wide Bay Bar by the South Channel. The front light, which is red, is placed near the beach, midway between the positions of the front square and triangular beacons, as shown on the chart. The back light, which is white, is placed alongside the back square beacon leading through the North Channel, and, when in line with the front light, leads across the Bar on a N. 46° 30' W. bearing, with a depth of water of not less than 11 feet at low-water springs.

Directions.—After passing Double Island Point, and inside the Wolf Rock, steer N.W. for about 2 miles, when the red and white leading lights will be sighted; bring them in line and steer with them in that position until the water deepens to 5 fathoms inside the Bar, when haul up and steer for the red light on Inskip Point, and pass up the channel as usual.

Great care must be taken to haul up and head for the red light, before crossing the line of leading lights on Inskip Point.

The new line for crossing the Bar is marked by day by the triangular beacons, which have been shifted from their former position.

As there is more water in the North than in the South Channel the white leading lights have been temporarily relit for the use of those regular traders of heavier draught which, in fine weather, can still use that passage.

"THE NEGLECTED CHILDREN'S ACT 1887."—REGULATIONS.

*At the Executive Council Chamber, Melbourne, the first day of July 1889.*

PRESENT:

His Excellency the Administrator of the Government.

Mr. Gillies  
Mr. Deakin  
Mr. Wrixon  
Dr. Pearson

Sir James Lorimer  
Mr. Davies  
Mr. Patterson.

WHEREAS by "The Neglected Children's Act 1887" it is amongst other things enacted that the Governor in Council may from time to time, by order to be published in the *Government Gazette*, make, alter, and repeal regulations for the purposes set forth in sec. 89 of the said Act. Now, therefore, the Administrator of the Government in Council doth by this present order make the following regulations:—

REGULATIONS.

1. The regulations of the Governor in Council relating to neglected children in force at the commencement of this Act under any Acts thereby repealed shall be and the same are hereby repealed. Provided that all acts, matters and things done under such repealed regulations shall not be affected by such repeal.

PART I.

ORDERS OF COMMITTAL.

2. Every order committing a child to the care of the Department for Neglected Children, or to a reformatory school, under the provisions of "The Neglected Children's Act 1887," shall be in such of the forms as are contained in the first schedule to these regulations, or to the like effect, as may be applicable to such committal, and such forms shall be substituted respectively for the corresponding forms contained in the schedule to the said Act.

3. Every order committing a child to the care of a private person or institution under the provisions of Part VIII. of "The Neglected Children's Act 1887" shall be in the form contained in the second schedule to these regulations, or to the like effect.

4. Every such order as aforesaid shall have appended thereto, in the form contained in the third schedule to these regulations, so much information concerning the child committed by such order upon the matters therein mentioned as it may be possible to obtain.

PART II.

RECEIVING DEPÔTS.

5. Every receiving depôt shall be placed in the charge of a superintendent or of a matron. Such superintendent or matron, as the case may be, shall be appointed by the Governor in Council, and every such appointment shall be published in the *Government Gazette*.

6. When any child is apprehended by any constable or person authorized by the Governor in Council, without warrant, under circumstances which make such child a neglected child under the provisions of the said Act, in such case, until the charge of such child being a neglected child shall have been heard and disposed of by some two or more justices, as required by the said Act, such constable or person shall, when practicable or expedient, place such child in one of the receiving depôts situate in the Royal Park, near Melbourne. But if it be not practicable nor expedient, having regard to the condition, state of health, or welfare of such child, to place such child in one of such depôts pending the disposal of such charge as aforesaid, it shall be lawful for such constable or person to place such child with some respectable private person or persons, and to make such arrangements or agreements as may be deemed necessary or proper by such constable or person for the care and maintenance of such child by such private person or persons, or for such constable, being married, to place such child in his own dwelling, under the care and supervision of himself and his wife, and to provide for its care and maintenance at a reasonable charge.

7. When any child has been apprehended and placed in a receiving depôt pending the hearing and disposal of the charge of such child being a neglected child as provided by the 6th regulation, and it should become apparent at any time to the superintendent or matron of such depôt that such child is grossly immoral or depraved and that it would be desirable in the opinion of such superintendent or matron to isolate such child from all other children in such depôt, but that the means to make such isolation effectually are insufficient therein, it shall be lawful for such superintendent or matron to cause such child to be placed in the nearest reformatory school occupied by and used for children of the same sex, pending the hearing and disposal of such charge as aforesaid.

8. Every child committed or transferred to the care of the Department for Neglected Children shall, in the absence of any directions to the contrary from the department, be taken to the nearest receiving depôt occupied by and used for children of the same sex, and it shall be the duty of the superintendent or matron in charge of such depôt to receive and detain such child until the manner of his or her disposal shall have been determined by the Secretary.

## PART III.

*Management.*

Regulations  
applicable to

classification.

9. The regulations contained in this part shall apply to receiving depôts, except when the same are expressly excluded.

10. The officer in charge of any industrial or probationary school shall classify the children committed to his care as he may think fit, provided that in any classification due regard be had to the conduct, age, and moral and physical characteristics of such children. Every child committed to the care of such officer shall be classified as aforesaid upon his admission. This regulation shall not apply to receiving depôts.

Routine.

11. The officer in charge of every school shall prepare a time-table for the working of such school, and shall be responsible for its due observance. Four hours in each day of the week, except Saturday and Sunday, shall be set apart for secular instruction of the same kind as is imparted in the State schools, subject to the provisions of "*The Education Act 1872*." This regulation shall not apply to receiving depôts.

Diary.

12. The officer in charge of any school or depôt is required to keep a diary, in which shall be entered a short statement of every unusual event of the day connected with such school, and of the number of children therein.

Absence of  
officers.

13. Except as hereinafter provided, no officer in charge of any school or depôt shall be absent therefrom for more than twenty-four hours at any one time, nor shall grant leave of absence to any officer, attendant, or instructor, for more than that period, provided that on Sundays and public holidays the officer in charge may make such arrangements as he may think fit for the absence on those days of himself, or of any officer, instructor, or attendant, as the requirements of the school under his control may permit. Leave of absence for a longer period than 24 hours must be applied for in the manner indicated by the Public Service Regulations. Leave of absence may be granted to instructors and attendants for a period of 21 days during the year, at such times as may be convenient to the service.

Absence of  
senior officers.

14. The officer in charge and the next in command of any depôt or school shall not be both absent at the same time, except when urgent public duty renders such absence necessary. If at any time the absence of such officers shall be rendered necessary by public duty, the fact and time of such absence, and the reasons therefor, shall be stated in the diary aforesaid.

*Officers' and Servants' Duties, Etc.*

Lawful orders to  
be obeyed.

15. Every officer and servant in any receiving depôt or school shall promptly obey every lawful order given to him or her by his or her superior officer. If at any time any officer or servant shall feel aggrieved in consequence of any such order, then he or she may make complaint by letter, through the officer in charge, to the head of the department, provided that no complaint shall be entertained unless made as aforesaid within one week of the occurrence forming the ground thereof.

Suspension and  
dismissal.

16. It shall be lawful for the officer in charge of any receiving depôt or school to suspend any officer or servant when guilty, in the opinion of such officer in charge, of neglect of duty or of gross misconduct, but such case shall be at once reported to the permanent head of the department in the usual course.

Medical  
attendance.

17. Resident officers, servants, and attendants in any receiving depôt or school shall, in case of sickness, be provided with personal medical attendance and medicines. If any such officer, servant, or attendant should decline the services of the medical officer of the depôt or school, or obtain that of any other medical practitioner during an illness except in consultation with such medical officer, no further claim can be made on that occasion to the services of such medical officer. All questions as to the incapacity through sickness of any officer, servant, or attendant to perform duty shall be decided by the medical officer, and no leave of absence or exemption from duty on account of sickness shall be given to any such officer, servant, or attendant unless the recommendation in writing of such medical officer in that behalf shall have been previously obtained.

Families of  
employees.

18. With the permission of the Minister, the families of persons employed in any school may reside on the premises of such school for such time and subject to such conditions as the Minister may think fit.

*Admission, Licensing, Transfer, and Discharging of Children.*

Children's state-  
ment on  
admission.

19. Upon the admission of any child committed to the care of the department, under the provisions of "*The Neglected Children's Act 1887*," to any receiving depôt or school, the officer in charge of such depôt or school shall forthwith endeavour to elicit from such child full particulars as to his parents and all other relatives, schooling, religious training, occupations, and past career generally, and whether such child has previously been an inmate of any industrial school or reformatory or a ward of the department, and the statement of such child shall be taken down in writing and press-copied in a book to be kept for the purpose, and such statement shall be attached to the order by which such child was committed as aforesaid to the care of the department.

Admission  
return.

20. All orders received by the officers in charge of any receiving depôt or school, by which children have been committed to the care of the department, under "*The Neglected Children's Act 1887*" shall be sent to the secretary's office not later than the day next after the receipt thereof, and a return giving full particulars of all children admitted to or discharged from such depôt or school during the same week, shall be sent to the secretary's office on Monday of the next ensuing

week. The fact of a child having been previously an inmate of any industrial school or reformatory, or committed to the care of the department, shall be specially recorded in such return. Whenever the date of the birthday of any child committed under any such order as aforesaid becomes material for any purpose, and if such date have been omitted from such order, or cannot be inferred therefrom, such birthday shall be assumed to be, except in the case of infants in arms, the first day of July, and such date shall be adopted in all calculations as to age, except when the correct date of such birthday has been obtained.

21. Every child committed to the care of the department, as aforesaid, shall be examined by the medical officer of the receiving depôt or school to which he has been sent, as soon as possible after his admission, and such child shall be again examined by such medical officer immediately prior to his discharge from such depôt or school, and the state of the health of such child as the result of such examinations shall be recorded in a book to be kept for that purpose. Children committed as neglected to be examined by medical officer.

22. Any ward of the department who has been placed at service shall be received temporarily into a receiving depôt or school upon leaving his or her situation, and any child who has ceased to be a ward may be similarly received at the discretion of the officer in charge. Re-admissions.

23. Every ward placed at service shall, upon leaving the depôt or school where he or she has been placed or detained, be made acquainted with the terms upon which he or she is being placed at service, and such ward shall be warned that in the event of his or her being sent back to such school for misconduct, he or she will be liable to be punished and kept to hard work; and such ward should also be made to understand that only one outfit will be provided for him or her, unless from sickness, accidental destruction, or any other special cause the superintendent should think fit to authorize a special issue, and also that any deficiency in his or her kit will, on his or her again leaving for service, be made good from any wages or other moneys of such ward put to his or her credit in the books of the department. Children to know the terms of licensing.

24. Whenever any ward of the department shall return to any depôt or school from service, the officer in charge shall ascertain the clothing or kit that he or she will require on again leaving for service, and the probable cost thereof; and the money to the credit of such ward in the books of the department shall, so far as is necessary, be made available for the purchase of such requisite clothing or kit, unless the officer in charge direct a further issue from store. An account of the money so expended must be shown to such ward. Revision of kit.

25. When any ward of the department shall be boarded out, placed at service, or in the custody of any person, or transferred to any reformatory school, such ward shall, in any of such cases, be rationed for the day of his or her leaving, and shall take with him or her so much of such rations as can be provided ready for consumption, unless, under special circumstances, it is considered unnecessary to do so. Rations on discharge.

26. The officer in charge of every school shall keep a book, to be called the "After Career Book," in which he shall make a record of the letters to and from the wards of the department who have left the school, together with all events of interest which may come to the knowledge of such officer concerning them, in order to provide material upon which to base information as to the results achieved by the system adopted. Children's after-career book.

#### *Religious Instruction, Education, and Industrial Training.*

27. All officers in charge of depôts or schools, and all teachers employed therein, are required specially to direct their attention to the moral and religious instruction of the children in their charge, and at all times carefully to check impropriety of speech or manner in them, and to teach them their duty to God and man, and to perform such duty from right motives, without regard to consequences. No effort should be spared to impress upon them the necessity of being honest and truthful. The strictest propriety of expression and manner is insisted upon and must be observed by all officers and servants in their intercourse with the children and each other. Moral training.

28. Religious instruction shall be given in all depôts and schools under the denominations—Protestant, Roman Catholic, and Jewish—and under no other denomination. Every child in any depôt or school shall be taught the religious creed of that one of the denominations aforesaid to which in the particulars attached to the order committing such child to the care of the department he is stated to belong. In any case where it may be subsequently ascertained that the child belongs to one other of the said religious denominations than that stated in the particulars aforesaid, the school records shall be altered accordingly, and evidence upon which such correction shall have been made shall be reduced to writing and attached to the said order of committal. To prevent any child suffering injustice in the matter of his religious training, the officer in charge shall, when it is alleged that any such child as aforesaid belongs to one other of the said religious denominations than that recorded in the particulars aforesaid, institute an inquiry to ascertain and determine the facts of such case. Every such alteration in the school records of a child's religion as aforesaid shall be reported for the information of the Minister. Religious instruction.

When practicable, the children in any school or depôt who belong to each of the said religious denominations shall be taken on Sundays to their respective places of worship. If it be not practicable so to do, religious instruction shall be given in the depôt or school separately to the children of each of the said denominations.

29. All persons entitled to admission to any depôt or school under the provisions of Part VI. of "The Neglected Children's Act 1887" shall have access to the schools and depôts and the children of their own denomination every Sunday at such hours and on such other days and hours as may be set apart for the purpose of religious instruction in the school time-table, and in the case of receiving depôts as may from time to time be fixed for the purpose. Access to depôts and schools by ministers of religion and others.

## Religious observances.

30. Religious instruction must be imparted to the children in every depôt and school for at least half-an-hour daily. Officers sent in charge of children to a place of worship shall remain with them and not leave them until their return to the depôt or school.

## Books for use of children to be approved.

31. No books shall be used by or for the children in any depôt or school until approved by the officer in charge. All tracts, books, and publications whatsoever which visitors may be desirous of distributing or giving to the children, or any of them, shall be left previously with the said officer.

## Education of female wards.

32. Female wards in receiving depôts and schools who are twelve years of age and upwards shall be taught all the duties of domestic servants and seamstresses, and, as far as practicable, the use of the sewing-machine. No female ward is to be kept exclusively to one occupation.

*Rewards and Punishment.*

## Discipline.

33. The officer in charge of any receiving depôt or school may punish, or cause to be punished, any child guilty of misconduct, and in a school the head teacher may inflict corporal punishment to the extent of six (6) strokes with a cane. All complaints and punishments whatever shall be carefully recorded and entered in the books prescribed by the Secretary for that purpose, and such books shall be laid before the members of the committee when visiting, and shall be produced to the inspector whenever he visits. The discipline of the school shall be maintained, not only by punishment, but by a well considered system of rewards and encouragements.

## Corporal punishment.

34. Corporal punishment shall be administered as seldom as possible, and shall be only resorted to when absolutely necessary for discipline, and not for first offences, unless of a grave nature. Such corporal punishment shall be inflicted not otherwise than with a cane or leather strap, on the breech, back, or hand, and shall not exceed twelve strokes at a time. But should any male ward be guilty of an offence of an exceptionally grave character, he shall be liable to receive a whipping for such offence on the bare breech with a birch rod to the extent of fifteen (15) strokes. No corporal punishment shall be inflicted personally by the officer in charge.

## Punishment by confinement in a cell.

35. In any case of misconduct by any ward of the department placed or detained in any receiving depôt or school, the officer in charge of such depôt or school may, if he should deem it necessary or expedient, order such ward to be confined in a light cell as a punishment, provided that the period of confinement at any one time shall not exceed forty-eight (48) hours, and may during such confinement in his discretion allow such ward no other food than bread and water. Should a continuance of such punishment be deemed necessary, it shall only be resorted to after a period of twenty-four (24) hours, during which period the offender shall have received full rations, and shall also have had at least six (6) hours' work or exercise in the open air.

## Isolation.

36. When any ward of the department in any receiving depôt or school has been guilty of any grave moral or other offence, which, in the opinion of the officer in charge, renders necessary or expedient the isolation and separation of such ward from all other wards in such depôt or school, a light cell may be used for the purpose of such isolation and separation, and full particulars of the offence and the time of such isolation shall be recorded in the punishment books.

## Health of child under punishment.

37. In all cases in which corporal punishment is ordered to be inflicted under these regulations, care must be taken that the health of the child to be so punished will not suffer by its infliction. And no punishment of more than nine (9) strokes shall be ordered without ascertaining from the medical officer that the infliction of such punishment will not be prejudicial to the health of such child.

*Absconding.*

## Absconders.

38. In the event of any ward of the department having absconded, information must be at once given to the local police, and every effort made to secure the return of such ward to the school or receiving depôt whence such ward has absconded, and notification of the return of such absconder must also be promptly forwarded to the police.

*Visiting, Children's Letters, Money, Etc.*

## Visitors to schools and receiving depôts.

39. All persons entitled to visit or to be admitted to the receiving depôts and schools under the provisions of Part VI. of "The Neglected Children's Act 1887" may be admitted on any day, and shall be afforded by the officer in charge or his representative any reasonable information they may desire with reference to the system and management, and also with reference to any teacher, officer, or servant, and their duties and their performance thereof, and to any person placed or detained therein. A book must be kept by the officer in charge in which such visitors shall be afforded an opportunity to enter their names and addresses, with any observations relative to the above matters or any of them which they may desire to make. Copies of such observations shall be forwarded monthly to the secretary for transmission to the head of the department.

## Visits of relatives and friends.

40. The relatives and friends of any ward of the department placed or detained in any depôt or school may visit such ward, with the permission and at the discretion of the officer in charge of any such depôt or school. The names and addresses of all relatives and friends so visiting or seeking to visit as aforesaid shall be recorded in a book kept for that purpose, and in case permission to visit any such ward shall be refused by the said officer to any friend or relative of such ward, such refusal, and the reason therefor, shall also be recorded in the said book.

July 5, 1889.

41. Every ward of the department placed or detained in any receiving dépôt or school may be permitted to write once a month to any of his or her relatives or friends. All such letters and the replies thereto, and all correspondence between such wards and their friends or relatives, shall be perused, and if approved, initialed by the examining officer. Any such letter or correspondence, or any portion thereof, shall be retained or obliterated by the officer in charge if the contents appear in his judgment to be objectionable.

42. In case the parent, as defined in sec. 59 of "*The Neglected Children's Act 1887*," of any ward of the department placed or detained in any receiving dépôt or school be unknown, the officer in charge of such dépôt or school shall with reasonable diligence endeavour to obtain information respecting such parent and his whereabouts and any information likely to lead to the recovery of maintenance from such parent, and such information when obtained shall be communicated in writing; through the officer in charge, to the secretary with as little delay as possible.

#### *Sickness, Accidents, and Deaths.*

43. Where any ward of the department placed or detained in any receiving dépôt or school is at any time apparently in ill-health or suffering from sickness, it shall be the duty of the officer in charge of such dépôt or school to give information thereof to the medical officer in attendance upon such dépôt or school without delay to ensure prompt and proper treatment. When any such ward is so ill as, in the opinion of such medical officer, to render death probable, intimation must be sent at once, by the speediest means available, to the father, mother, or other near relative of such ward, if known, and to the secretary's office. ## "THE PUBLIC HEALTH ACT 1888."

*Regulations made by the Minister for the Prevention of Fires under section sixteen of "The Public Health Act 1888."*

WHEREAS by *The Public Health Act 1888*, it is amongst other provisions enacted that "the Minister" may from time to time make, alter, and rescind Regulations for the prevention of fires in public buildings within the meaning of section one hundred and ten of *The Public Health Amendment Act 1883* (called in the said first-mentioned Act "The Principal Act"), and in all common lodging-houses and licensed premises of a licensed victualler within the meaning of *The Licensing Act 1885*, and in all boarding-houses or similar establishments in which twenty-five or more persons besides the servants and family of the occupier habitually reside, and generally for securing the public safety and convenience in the same: And whereas by section thirty of the said *Public Health Act 1888*, it is enacted that "any person disobeying or neglecting to comply with any regulations made under the authority of the said Act shall be guilty of an offence against the said Act, and that any person guilty of an offence against the said Act not otherwise specifically provided for shall be subject to the same penalties, costs, and expenses, to be recoverable in the same manner as those provided in section one hundred and sixty-eight of the said Principal Act in the case of offences against such Principal Act." Now, therefore, I, the Honorable Alfred Deakin, Her Majesty's Chief Secretary for the Colony of Victoria, being "the Minister" within the meaning and intention of the said recited section sixteen of the said *Public Health Act 1888*, do hereby, in exercise of the powers and authority conferred upon me as such Minister by the said section sixteen of the said Act, make the following Regulations for the prevention of fires, and generally for securing the public safety and convenience in—

- (a) All public buildings within the meaning of section one hundred and ten of *The Public Health Amendment Act 1883*; and in
- (b) All common lodging-houses; and in
- (c) All licensed premises of a licensed victualler within the meaning of *The Licensing Act 1885*; and in
- (d) All boarding-houses and similar establishments in which twenty-five or more persons besides the servants or family of the occupier habitually reside.

And these Regulations shall extend to all such buildings and premises as above enumerated.

These Regulations apply to and must be observed and complied with by all occupiers, tenants, and landlords of the several buildings and premises to which the same respectively extend as aforesaid, and also, so far as they relate to the construction and erection of such buildings and premises, to all contractors; and these Regulations are divided into three parts:

*Part I.*—Regulations as to existing buildings and premises.

*Part II.*—Regulations as to buildings and premises which may be erected or added to after the publication of these Regulations in the *Government Gazette*.

*Part III.*—General Regulations.

#### PART I.—REGULATIONS AS TO EXISTING BUILDINGS AND PREMISES.

1. Inside the building, house, or premises  $1\frac{1}{2}$  inch taps and unions with 2-inch canvas hose shall be provided, and shall be so disposed on each floor, and such hose shall be of such length, that water will reach every part of floor area. Where such building, house, or premises is situate within any city, town, borough, or township having a public water supply, such taps, unions, hose, and all branches and other appliances shall be of such size and so arranged as to fit in with the hose, unions, branches, and other appliances of the Fire Brigade of such city, town, borough, or township.

2. In all buildings, houses, and premises containing one hundred rooms or upwards, if built in more than two stories, and in every building which is so high or which is so-situated that, in the opinion of the Engineering Inspector of the Central Board of Health, the ordinary pressure would be insufficient to throw water over the roof, tanks of a capacity equal to ten gallons for each two hundred square feet of ground area multiplied by the number of floors in the building must be maintained at the highest convenient part of the building, house, or premises, and must be kept full, ready for instant use. Such tanks must be placed on supports of unflammable material, and must have iron pipes descending from them to which the hose can be quickly attached. Where such building, house, or premises is situate within any city, town, borough, or township not having a public water supply, the capacity of the said tanks must be double that which is hereinbefore stated.

3. In all buildings and premises containing more than fifty rooms one night-watchman at least shall be kept, who shall be employed in constantly moving about the building from 11 o'clock p.m. until sunrise, and whose sole occupation shall be to attend to the safety of the building and its inmates. A "Tell-tale" clock, or other efficient check, shall be provided to the satisfaction of the said Engineering Inspector. Where such clock is provided, the said watchman shall duly mark the same at the appointed periods.

4. ## CONTRACTS ACCEPTED—(Series 1889-90.)

Serial No.	Purpose, No. of Tenders, and Particulars of Contract.	Amount.	Name for Approval.	Charged against Vote or Fund.	Authorized according to Regulations on the date stated.
997	MINES— Supply of fittings and connections for diamond drills from 1st July 1889 to 30th June 1890	Rates as per annex	John Hickman ...	Mining Companies ordering the goods, or Contingencies, 1889-90	D. Gillies. 1.7.89.
998	Supply of fittings and connections for diamond drills from 1st July 1889 to 30th June 1890	Ditto ...	Atlas Co. of Engineers		

Melbourne, 5th July 1888.

## ANNEX TO CONTRACTS NOS. 987 AND 988.

## FITTINGS AND CONNECTIONS FOR THE DIAMOND DRILLS.

1. The contractor must provide all necessary tools and labor, and also all material where not otherwise specified in the Schedule, for fully completing all work which may be ordered, and he shall, as soon as finished, deliver such work at the nearest railway station, or at any other place not exceeding a distance of one mile from his workshop, which may be indicated by the officer in charge. Each delivery must be accompanied by an invoice or delivery note in duplicate. Delivery will not be deemed to have been made until the goods shall have been approved of by the officer in charge. The contractor shall, in every case, immediately after despatching any goods to the Department or to any of the drills, send or give notice to the officer in charge of the time of despatch, of the place where such goods have been forwarded, and the number of the order for the same; failing which being done, the contractor will be liable to have his contract cancelled without further notice, at the option of the Secretary for Mines.

2. The contractor will be required to furnish, in duplicate, any accounts he may have against the Mining Department in the prescribed form, accompanied by the orders for the goods, and receipts from the persons for whose use the same have been supplied; each account must include all the goods mentioned in the order.

3. The contract will be for such articles or repairs as may be ordered from the 1st July 1889 to 30th June 1890. All material and workmanship in connection with this contract are to be of the very best description, and to be to the entire satisfaction of any officer who may be authorized by the Minister of Mines or Secretary for Mines to act on behalf of the Department of Mines in connection with this contract, and such officer (herein designated the officer in charge) shall have full power to reject any articles he may deem to be not satisfactory or not in every way suitable.

4. When any order shall have been given to the contractor, he must use every despatch in getting the work done; if he do not, or if the work or material be not to the entire satisfaction of the officer in charge, it shall be optional with such officer in charge to cancel such order and get the work required done wherever he shall think fit, at the contractor's risk and expense; and any extra expense so incurred over the contract price will be deducted from any moneys due to the contractor. The officer in charge shall be the sole judge as to whether the contractor is using all necessary despatch in getting the work done, and as to whether the work or material is of the very best description. On the contractor receiving any portion of drills, machinery, or tool for repairs or otherwise from any of the drills, or from any other source, he must, in every case, send a receipt for the same to the officer in charge.

5. When any work is required that does not appear in the Schedule, offers may be obtained in the usual way without in any way infringing this contract.

6. The screw-threads exceeding one inch in diameter (except bolts and nuts) are most of them flat (not V) threads. As soon as possible after the contract is signed, the Department will lend the gauge-taps and nuts to the contractor for fourteen days, when the contractor must return them to the Department, having first made gauge-taps and dies for his own use. The Department will require the contractor to make standard gauges for all necessary work. These gauges must be properly stamped, and will be the property of the Government. They will be paid for at prices to be agreed on. The contractor must also make duplicate gauges for his own use and at his own expense.

7. When goods shall be ordered of a size not exceeding one-quarter of an inch over the sizes mentioned in the Schedule, the price for such goods shall not be more than that quoted in the Schedule. In cases, however, where the size required shall be more than one-quarter of an inch over the sizes mentioned in the Schedule, the price specified in the Schedule for the next larger size will be paid to the contractor.

8. It will be competent for the Secretary for Mines on behalf of the Government, or the contractor on his own behalf, to terminate the contract, by giving, in writing, a notice of one month.

9. The contractor must deliver to the Department all gauges, patterns, and all old material, at least fortnightly; failing which, it will be in the power of the Secretary for Mines to cancel the contract without further notice.

10. The Minister of Mines does not bind himself to accept any one tender only, or to give the whole of the work to any one firm. In ordering the goods preference will be given to the contractor who does the work best and quickest when urgent.
