#### PUBLIC HOLIDAYS.

It is hereby notified that on

TUESDAY, THE 3RD, AND MONDAY, THE 9TH DAYS OF NOVEMBER NEXT,

the Public Offices will be closed—the 3rd November having been proclaimed by His Excellency the Governor, under the power conferred by the *Public Service Act 1890*, to be observed as a Public Holiday, and the 9th November being appointed by the said Act to be observed as such.

A. McLEAN,  
Chief Secretary.

Chief Secretary's Office,  
Melbourne, 19th October, 1891.

#### VICTORIAN GOVERNMENT FOUR PER CENT. STOCK.

THE Receiver and Paymaster to the Treasury, Melbourne, is authorized to dispose of Victorian Government Inscribed Stock, on application, in parcels or amounts of Ten pounds (£10), or some multiple of Ten pounds (£10), and at the nominal value of the said stock, i.e., at par, with accrued interest from the 1st October inst. added.

H. F. EATON,  
Under-Treasurer.

The Treasury,  
Melbourne, 1st October, 1891.

#### GENERAL ELECTION 1892.—ISSUE OF ELECTORS' RIGHTS.

It is hereby notified that the General Rolls of Non-ratepaying Electors for the Legislative Council and Legislative Assembly must be prepared during the week ending the 1st December prox., and that persons who have not already enrolled may do so by obtaining Electors' Rights from the Registrars for their respective Divisions, or their Deputies, before or on that date.

2. The rolls so prepared, as far as relates to the Legislative Assembly, will be used at the general election which will, in the ordinary course, take place about the month of April, 1892.

3. The Electoral Registrars and Deputy Electoral Registrars will keep open their offices for the issue of Rights until Ten o'clock p.m. on two nights in each week during the whole of November (see advertisements in newspapers), and on every night (except Sunday) during the last ten days of the month.

4. Intending applicants for Electors' Rights are cautioned to apply early to the Registrar. The law requires the prescribed questions as to an applicant's qualification to be answered in writing; therefore, if application be postponed until the last day allowed for the purpose, as is too frequently the case, much inconvenience will be occasioned, with the possible result that those who so delay will be deprived of the opportunity for enrolment.

5. Each applicant should provide himself with the stamp (6d.) necessary for payment for the Right.

6. Intending applicants are further cautioned to carefully ascertain whether they are fully qualified under the law; inasmuch as a penalty on conviction is imposed upon persons knowingly and wilfully obtaining Electors' Rights when not qualified.

7. No person whose name is on, or entitled to be on, any Roll of Ratepaying Electors for any Division of a Province may obtain an Elector's Right for such Province, and no person whose name is already on any Roll of Ratepaying Electors for any Division of an Electoral District may obtain an Elector's Right for such District.

2. That the objects of such institution are solely of a philanthropic and humane nature, being amongst other things to provide a home for the physical, mental, and moral improvement and instruction of the deaf and dumb; and to assist in the maintenance of those deaf and dumb whose parents or friends may be unable to pay therefor.

3. That the said institution is supported entirely by the voluntary contributions of not less than 300 persons, each of whom has paid and pays not less than £1 per annum, supplemented by a grant from the Government of the colony annually.

4. That your petitioners are annual voluntary contributors to such institution, and have each paid not less than £1 towards the support of such institution.

5. That your petitioners believe that it would be to the advantage of the said institution to be incorporated under the provisions of the *Hospitals and Charities Act 1890*.

6. Your petitioners desire the name of the institution to continue as at present "The Victorian Deaf and Dumb Institution," and further desire such institution to have perpetual succession and a common seal.

No meter shall be connected with more than one separate and distinct inlet pipe, unless otherwise permitted by order of the Trust.

6. The Trust may order meters to be affixed in any case where they may consider it necessary; such meters to be provided and affixed at the expense of the consumers.

7. Persons failing to have repairs effected to meters, when ordered by the inspector for the Trust so to do, the Trust may shut off the supply of water from the premises, either by cutting the service-pipe or otherwise, until the meter shall have been properly repaired.

8. All service-pipes with the necessary stop-cocks shall be supplied and fixed at the cost of the person or persons requiring the same, under the direction and supervision of such officer or servant as the Trust may appoint.

9. All service-taps to be of high pressure and of strong hard brass, and in all exposed places to have a movable key or handle.

10. Plumbers or others employed to lay on service-pipes and fix meters, or re-fix or re-lay same, must satisfy the proper officer of the Trust that they are competent to perform the same in a workmanlike manner.

11. No meter shall be affixed unless the dial of the same is capable of registering one million (1,000,000) gallons.

12. The Trust may contract with any owner or occupier of premises or of any lands or tenements, who is entitled to be supplied with water from its works, or who is desirous of being so supplied, for the provision and laying on of a service-pipe from the pipes of the Trust to the boundaries of such land, premises, or tenements abutting on the street or road in which the pipes of the Trust are laid.

13. If any person shall neglect to repair any service-pipe conveying water from the pipes of the Trust into the premises of such person after having received notice from an officer of the Trust that such service-pipe requires repairing, the Trust may stop the water from flowing into such premises, either by cutting off the service-pipe, or otherwise as to the Trust may seem fit, until the necessary repairs shall have been effected.

14. No person supplied with water by the Trust shall wilfully or negligently allow the same to run to waste, and any person committing a breach of this regulation shall be liable to a penalty not exceeding Five pounds for every such breach.

15. No person shall connect any service-pipe or branch service-pipe with any steam-boiler for the purpose of feeding or supplying the same with water, without first affixing a self-acting valve for preventing the pressure of steam reversing or affecting the dial of the meter.

16. Overflow pipes to private baths will not be permitted, the inlet pipes to which must be visible and accessible, and attached to the baths above the bottom thereof. The bath must be provided with a proper well-fitted and water-tight ground outlet plug or cock.

17. All water troughs must be fitted with approved self-acting taps to prevent overflow.

18. No hose or pipe is to be applied to any pipes or taps for the purpose of watering the ground or trees, or washing houses or walls, or for any similar purpose, unless the water is charged for by measure.

19. Any person receiving water from the Trust who shall take and carry away such water from his or her premises, or shall allow any person to take or carry away such water, or shall sell the same to any person, shall be liable to a penalty not exceeding Five pounds.

20. Any person not having agreed to be supplied by the Trust who shall take or carry away water from any drinking tap, trough, or private or public service-pipe, shall be liable to a penalty not exceeding Five pounds.

21. No person shall lay any pipe to communicate with the pipes of the Trust without first receiving permission, and giving two days' notice of the day and hour when such pipe is intended to be made to communicate with the pipes of the Trust, nor shall make such communication except under the superintendence and according to the directions of a duly authorized officer of the Trust appointed for the purpose; and any person committing a breach of this regulation shall be liable to a penalty not exceeding Five pounds for each breach.

22. The service-pipes for conveying water from the pipes of the Trust into the premises of consumers shall each have a stop-cock at the main, and shall in no case exceed half-an-inch in diameter "or bore" for the supply of premises except where supplied by measure, and then not to exceed three-quarters of an inch.

23. The water supplied in the district of the Trust shall be received and used under and in accordance with these regulations and the *Water Act 1890* (No. 1156).

24. If any person, whether supplied with water by the Trust or otherwise, shall commit a breach of these regulations, such person shall be liable to a penalty not exceeding Five pounds for each offence; and such person, if supplied with water by the Trust, shall be liable to have the supply cut off from his or her premises, either by cutting the pipes by or through which such water is supplied, or otherwise as the Trust may think fit. And such supply shall cease so long as the cause of complaint remains or is not remedied.

25. In the foregoing regulations, wherever the word "officer" or "servant" appears, the same shall be deemed to be taken and mean an officer or servant of the Trust duly authorized in that behalf.

The foregoing regulations were made by the Chairman and Commissioners of the Nagambie Waterworks Trust, under and by virtue of the powers conferred by the *Water Act 1890* (No. 1156), this 29th day of August, 1891.

#### VICTORIAN RAILWAYS.—SUPPLY OF COAL.

**ALTERNATIVE** and Separate Tenders will be received until Noon of Wednesday, the 25th day of November, 1891, from persons willing to supply Screened Coal, as required by the Victorian Railways Department, for one, two, or three years, from the 1st day of January, 1892.

The estimated annual requirements are as under:—

Melbourne	160,000 tons.
Geelong	60,000 tons.
Wodonga	12,000 tons.

Tenders are at liberty to tender for the separate supply at each place, for Melbourne and Geelong jointly, or for the whole quantity.

Forms of tender, with conditions of contract and further particulars, may be obtained from the Railway Storekeeper, Spencer-street; Coal Clerk, Newcastle; or the Secretary for Railways, Sydney.

Security will be required to the amount of £1,000 for Melbourne, £500 for Geelong, and £200 for Wodonga for the due fulfilment of the contracts, either in Victorian Government debentures, bank deposit-receipt, or cash deposit, as the tenderer may elect. Bank deposit-receipt to be in favour of the Secretary for Railways.

Tenders must be accompanied by bank-notes, or a bank draft in favour of the Secretary for Railways, for ten per cent. of the amount of security required, which will be returned within ten days to unsuccessful tenderers. Such deposit will be forfeited as liquidated damages in the event of the successful tenderer failing to complete the security within the prescribed period.

The security must be completed within ten days of acceptance of tender, failing which the contract may be again advertised or another tender accepted.

Tenderers failing to take up their accepted tenders will be disqualified from tendering for Railway supplies for a period of twelve months.

Tenderers must distinctly specify on their tenders the mining company or companies whose coal they undertake to supply, but it will be at the option of the Department to say which coal shall be accepted. *The Commissioners shall have the option at any time during the existence of the contract to add other mines to the list of those specified from which they may say they will accept coal, and the contractor will be bound to deliver such coal.* Tenderers will also be required to state a price for delivery at Portland should the Department require any coal at that place.

All tenders must be indorsed "Tenders for Coal, Victorian Railways," and deposited in the tender-box, Secretary's office, Spencer-street, Melbourne.

The Victorian Railways Commissioners will not necessarily accept the lowest or any tender.

Tenders must be on the proper printed forms, and no tender by telegraph will be accepted.

## CONDITIONS OF CONTRACT.

1. The sea-borne coal is to be delivered in *whole cargoes*, and must be of the very best quality for locomotive engine purposes, quite free from small, shale, or other impurities, thoroughly screened at the pit mouth through screens with bars not less than three-quarters of an inch apart, and be subject to the approval of the Railway Storekeeper, Melbourne, or such officer as he may appoint.

2. The contractor for Melbourne will be required to deliver, *without lighterage*, at the Australian Wharf, River Yarra, the proposed depot, West Melbourne, or, if so directed, at the Williamstown Pier; the contractor for Geelong, at the Railway Pier, Geelong; and the contractor for Wodonga, at a station on the New South Wales railway to be named by the tenderer. The contractors will be bound to deliver at either of these places every four weeks during the first and last three months of the year an average tonnage of one-tenth, and during the remaining months an average tonnage of one-fifteenth of the whole quantities respectively required; but should the Department require it they will be bound to deliver every four weeks such quantities as may be ordered by the Railway Storekeeper, be they more or less than the estimated quantity.

3. When the vessels arrive with (sea-borne) coal at any of the places above-mentioned the Victorian Railways Department will furnish trucks to convey it from ship's side, but the contractor for the coal must move the trucks to and from the ship's tackles, discharge the coal into the trucks, do all shunting, and find all labour at his own cost.

4. The unloading of the coal will be performed under the direction of an officer of the Department, and the work must be done to his satisfaction.

5. The Victorian Railways Commissioners will give the vessels every facility for discharging their cargoes promptly, but will not hold themselves liable for any demurrage, unless through the default of the Department the vessels are detained over *forty-eight working hours for each thousand tons on board, or a proportionate time for larger or smaller cargoes*; but should the contractor desire to work after ordinary working hours, the Victorian Railways Commissioners will afford him every facility for doing so, when practicable, on condition that contractor pays half the extra cost incurred thereby.

6. The Railway Storekeeper, or such officer as he may appoint, will have full power to reject any coal which, in his opinion, is unsuitable, and the contractor must immediately remove any rejected coal and supply other in its stead, failing which, the Railway Storekeeper or such officer aforesaid, on behalf of the Victorian Railways Commissioners, will have power to purchase suitable coal elsewhere at the risk and expense of the contractor, and all such expenses and charges may be deducted from any moneys owing to the contractor by the Victorian Railways Commissioners.

7. A repetition of irregularity in the quality or quantity of the supplies, of which the Railway Storekeeper shall be the judge, or delay in delivering or replacing them when required, will subject the contractor to such mulct not exceeding One hundred pounds for each case as the Victorian Railways Commissioners may direct, and the contractor shall thereafter only supply coal from such mine or mines as the Railway Storekeeper may direct. It will also be in the power of the Victorian Railways Commissioners to terminate the contract forthwith, in which case the contract security-money will be forfeited as liquidated damages to the Victorian Railways Commissioners.

8. The pit certificate must be exhibited with each shipment of sea-borne coal, but the coal will be weighed on a Victorian Railway weigh-bridge and paid for on the actual weight delivered, and the contractor will be required to prepare his own account monthly on the prescribed form, and forward the same in a complete state to the Railway Storekeeper, who will certify it and have it forwarded to the Treasury, Melbourne, for payment.

9. In case of the occurrence of strikes or lock-out affecting the mine or mines from which the contractor obtains his supply for this contract, the contractor shall supply coal in accordance with the conditions of this contract from such other working mine or mines as the Railway Storekeeper may direct.

10. Contractors are not at liberty to transfer their contracts under cover of power-of-attorney, coupled with interest or otherwise; and no such transfer will be recognised by the Victorian Railways Commissioners.

11. In the event of the contractor failing to carry on the contract the contract security-money will be absolutely forfeited to the Victorian Railways Commissioners as liquidated damages for breach of contract, and the contractor will be disqualified from tendering for a period of twelve months.

12. The contracts entered into under these conditions are not to be considered as being infringed or vitiated by the purchase by the Victorian Railways Commissioners of coal from any mine or mines within the colony of Victoria for the use of the Victorian Railways.

13. It will be competent either for the contractor on his own behalf, or for the Secretary for Railways on behalf of the Victorian Railways Commissioners, to terminate the contract by giving a notice in writing of three full calendar months to the opposite party, it being understood that such notice can be given only from the first day of the month, and within the period for which the contract is made.

By order of the Victorian Railways Commissioners,

P. P. LABERTOUCHE,  
Secretary for Railways.
