ADDITION TO REGULATIONS.

At the Executive Council Chamber, Melbourne, the twenty-eighth day of November, 1892.

PRESENT:

His Excellency the Governor.

Mr. Shiels	Mr. Graham
Sir Graham Berry	Mr. Turner
Mr. McLean	Mr. Peacock
Mr. Outtrim	Mr. Gavan Duffy.

WHEREAS by the *Land Act 1890* (54 Vict. No. 1106, Part I., sec. 142) power is given to the Governor in Council from time to time to make, alter, and rescind rules, regulations, and orders for the various purposes therein specified: Now therefore His Excellency the Governor, acting by and with the advice of the Executive Council, doth hereby make the following Regulation, that is to say:—

REGULATIONS for the felling and removal of Redgum Timber in and from State Forests, and the payment for the same by measurement.

1. These Regulations shall apply to all areas gazetted as State Forests under the control of the Department of Mines, and to such other areas as may be so gazetted from time to time and from the dates of such gazettals respectively.

2. The amount to be paid for redgum timber obtained from these State Forests shall be in accordance with Schedule I hereto.

3. Licensees of special areas shall have all timber felled for them removed to a site to be fixed upon by the forest officer. This site shall be called a depôt, and at such depôt all timber shall be stacked and the quantity measured by the forest officer, who will make due allowance for bark, faults, shakes, gumwells, hollows, dry-rot, and other imperfections. The timber so stacked

shall be paid for as provided herein, and shall not be removed from the depôt until branded by the forest officer for that purpose. The measurements shall be made by the forest officer in the presence of the licensee or his representative, and the depôt may be upon a licensed mill site, if convenient.

4. Timber felled by persons other than licensees of special areas may be removed to a depôt and treated as in Regulation 3 preceding, or may be measured standing and so branded for removal by the forest officer. In this latter case, the timber must be neither felled nor removed until branded by the forest officer, and the receipt for payment produced to him for inspection. The timber must be measured in the presence of the purchaser or his agent.

5. Each individual employed in felling, removing, or working redgum timber within a State Forest other than the licensee or purchaser must be provided with an official permit. Such permits will be issued by the Department on application to the forest officer in the form of Schedule 2 hereto, and at the instance of the licensee or purchaser, but the Minister may refuse any such permit at his discretion. Any person other than the licensee or purchaser found felling, removing, or operating upon any redgum timber within a State Forest may be prosecuted, and for the purposes of this Regulation all redgum timber felled within a State Forest shall be considered the property of the Crown until paid for and removed from such State Forest.

6. Under no circumstances whatsoever must timber be removed from a State Forest until branded for the purpose as provided in these Regulations.

7. The forest officer will provide the licensee or purchaser with a pay-slip, showing the quantity of timber purchased and the amount to be paid. The sum named must be paid at the receipt and pay office mentioned in the pay-slip within seven days of the purchase, and the timber shall not be removed from the locality where it has been felled, or from the depôt in the case of one having been provided, until the receipt for payment therefor shall have been produced to the forest officer. If, however, it can be shown that special circumstances require it, payment may be made, notwithstanding any other provision in these Regulations, at such time and in such manner as the Minister may direct.

8. Saw-millers may obtain the exclusive right to fell redgum timber, on royalty, on an area not exceeding 1,000 acres, should the Minister see fit to grant a licence therefor, at the rate of 10s. per month for 100 acres or portion thereof, and no person or firm shall be permitted to hold more than 1,000 acres in one or more areas at any one time. These areas shall be known as "special areas," and every holder of such area or areas shall be entitled, within the boundaries of any such area, to a saw-mill site not exceeding 5 acres in extent, for the purpose of operating on redgum timber obtained under these Regulations. The locality of such site must be approved of by the forest officer, and no fee will be charged for the site. All timber remaining upon a "special area" after the expiration of the licence for the same shall revert to the Crown. The Minister may, however, should the circumstances in his opinion warrant such a course, grant a stated time after the expiration of a "special area" licence for the removal of any timber purchased by the licensee under these Regulations.

9. Licences will be granted, at the discretion of the Minister, to saw-millers, of not more than 5 acres in State Forests as saw-mill sites for the purpose of therein operating upon timber obtained under these Regulations. The fee for such site shall be 10s. per month in advance.

10. Surveys of saw-mill sites and "special areas" shall be effected, if considered necessary by the Department, at the expense of the applicant, and under any regulations as to surveys of sites and areas within State Forests.

11. Every jinker or log-carriage employed in the removal of redgum timber from State Forests under these Regulations shall be duly licensed, and the number of the licence and name of the owner legibly and permanently painted thereon. The fee will be the nominal one of 5s. each.

12. In the event of any saw-miller or employé committing a breach of his licence or permit, or of the Forest Regulations, the Minister may cancel his licence or permit, or may direct that no further timber be supplied to him.

13. The quantity of sound timber in any tree shall be calculated by the forest officer, and paid for as at a height of 2 feet from the ground, notwithstanding that the purchaser may fell the tree at any greater height to suit his convenience, or because the forest is flooded.

14. Trees felled and paid for, and not removed to a licensed mill or depôt within a State Forest, or removed without the boundaries of the State Forest within 30 days, unless an extension of time be granted, in writing, by the Minister, shall revert to and again become the property of the Crown.

Printed forms of tender and conditions of contract may be obtained from the Secretary, Tender Board, Treasury, Melbourne, or from the officer in charge at any station, by whom also information or explanation will be afforded to persons tendering.

As much forage as can be stored at any station where the storage is small will, for the convenience of the contractor, be ordered at one time.

The price, which must be expressed in words as well as in figures, and without alterations, erasures, or discrepancies, must be per cental of 100 lbs. (net weight), including delivery at the stations, and all charges except the bags, which will remain the property of the contractor. At stations where the bags can be at once emptied the contractor will be required to remove them when delivery is taken. At other stations, notice will be sent to the contractor when the bags are empty. Bags to be removed at contractor's expense.

Tenders, which should be upon the printed form, will be received for either oats, bran, hay, or straw (the particular kind of hay or straw offered to be stated); but if all be included in one tender it may be accepted for one article only, if advisable. Oaten hay will be preferred. If sheaf hay be tendered for, it must be so stated in the tender.

Telegrams or tenders not complying with the terms of advertisement will not be entertained.

The successful tenderer will be required to enter into a bond for one-third of the estimated amount of the contract within ten days after the acceptance is notified. Two approved sureties are required for contracts amounting to £150 and upwards, and one surety for contracts under £150.

Tenderers failing to take up their accepted tenders, or failing to carry out their contract satisfactorily, will be ineligible to again hold contracts for Government supplies.

Tenders must be enclosed in an envelope, marked "Tender for Forage," and deposited in the Tender-Box, Pay Office Treasury, Melbourne; or, if sent by post, they must be addressed to the Chairman of the Tender Board, Treasury, Melbourne.

The Government will not necessarily accept the lowest or any tender.

The decision of the Government will be made known by Gazette notice, and by letter to accepted tenderers.

CONDITIONS OF CONTRACT.

1. The hay to be good, sound, and sweet, and properly trussed, except when otherwise specified in the contract; the straw to be wheaten or oaten, and both to be in all respects of the best quality; oats; clean white (Victorian grown) and bran to be sound and sweet, and of the best description; chaff to be made from oaten hay of the best quality; the maize to be of the best quality. The hay tenders must specify whether they are for oaten or wheaten hay.

2. The supplies are for police, telegraph, and other horses, and are to be delivered on the order of the officer in charge of the district or station. The quantities stated in the schedule being only approximate, it must be understood that the Government may draw either more or less than those mentioned; and should new telegraph stations be formed, or additional horses required to be stationed at any of the stations, the contractor will be required to supply the additional forage. Should the additional number of horses, however, exceed two, the contractor may, if he desires it, terminate the contract by supplying at once the whole quantity due at the station under the contract according to the foregoing schedule.

3. Notwithstanding anything contained in the preceding condition, the contractors for the supply to the Police Depot may be called upon to supply any Government Departments within a radius of six miles from Melbourne, for which no contracts have been taken, at the same rates.

4. The forage, when delivered, must be accompanied by the particulars of quantity, showing the net weight, to be indorsed on the back of the order, which, when signed by the officer in charge of the station, for the net quantity received, will be returned to the contractor, and by him rendered in support of his account.

5. Each contractor will be required to prepare his own account in the prescribed form, and, on presentation thereof to the officer in charge of the station or district, it will be forwarded for payment at the Treasury, Melbourne, or the Pay Office of the district, as may be indicated by the contractor on the account.

6. Should forage duly ordered under these contracts not be delivered within forty-eight hours of the time specified in the order for delivery, it will be competent for the department (should circumstances require it) to purchase the same at the risk of the contractor, from whose account any expense over and above the contract price is to be deducted.

7. In the event of a difference of opinion between the contractor and the officer receiving the forage as to the quality of the same, it is to be decided by a board of survey, composed of persons named by the head of the department ordering the supply, and the decision of the Board is to be considered final.

8. If the Board shall decide that the forage is not of proper quality, it must be immediately replaced by the contractor, failing which it will be procured elsewhere, and the extra cost, if any, will be charged as in clause 6.

9. When a board of survey cannot be conveniently assembled, or when, from some other cause, injury would accrue either to the public service or to the contractor by waiting for a board of survey, the officer in charge will have the power to reject such supplies as are obviously of inferior quality, it being understood that he will be responsible to the Government for so doing; and the contractor must take back the rejected forage, and supply good in its stead, failing which it will be obtained by the officer requiring it, and the expense will be charged as in clause 6.

10. A repetition of irregularity in the quantity or quality of the forage, or of the delay in delivering or replacing it when required, or refusal to execute orders, will subject the contractor, upon report from the Tender Board, to such mulct, not exceeding £20, as the Treasurer of the colony for the time being may direct. It will also be in the power of the said Treasurer, upon such repetition, to terminate the contract forthwith.

11. Contractors are not at liberty to transfer their contracts under cover of power-of-attorney, coupled with an interest or otherwise; and no such transfer will be recognised by the Government.

12. It will be competent for the Secretary of the Tender Board, on behalf of the Government, or for the contractor on his own behalf, to terminate the contract, by giving, in writing, a notice of three full calendar months to that effect, it being understood that such notice can only be given from the 1st day of a month, and provided that no such notice can be given before the 30th September, 1893, and in the event of a station being discontinued or any change in the supplies required, the contractor will receive the earliest possible intimation.

13. The contracts entered into under this notice are not to be considered as broken, infringed, or vitiated by the purchase by any Department of forage grown at any Government establishment.

Treasury,
Melbourne, 21st November, 1892.

GRAHAM BERRY,
Treasurer.

TENDERS will be received by the Board of Land and Works up to Noon on Thursday, 22nd December, 1892, for the occupation, for grazing purposes only, of the following unappropriated portions of land, subject to the Regulations approved by the Governor in Council and also the subjoined special conditions.

Every licence granted under section 123 of the *Land Act 1890* shall be subject to the conditions set forth in the schedule hereto, and to such special conditions and payment in advance of such fee as the Minister may determine, and shall be issued by an officer of the Department of Lands and Survey duly authorized in that behalf.

Under section 7 of the *Vermin Destruction Act 1890*, all licensees under the section for which these licences will issue are liable for the destruction of rabbits within the boundaries of their licences.

Conditions:

1. The issue of this licence shall not prevent the land comprised therein, or any part or parts thereof, being sold, leased, licensed, alienated, or dealt with under any of the provisions of the *Land Act 1890*, except under the 123rd section thereof, under which the licence is issued, or being resumed by order of the Governor or Administrator of the Government of Victoria, with the advice of the Executive Council, for any of the purposes for which land may be reserved under section 10 of the *Land Act 1890*, or for mining purposes.

2. In case the said land, or any part or parts thereof, shall be sold, leased, licensed, alienated, dealt with, or resumed as aforesaid, the licensee shall not be entitled to any compensation other than the return of such portion of his licence-fee paid by him as the responsible Minister of the Crown for the time being administering Division II. of the *Land Act 1890* may think fit. This licence is also subject to the rights of the holders of miners' rights or of mining leases now issued or hereafter to be issued to enter upon the allotment hereby licensed, and to search for gold, and to mine therein, and to erect and occupy mining plant and machinery, without making any compensation for surface or other damage.

3. Subject to these conditions, the licensee shall be entitled to use the land for the purposes for which the licence has been granted, until notice has been given in the *Government Gazette* that such land, or any part thereof, has been sold, leased, licensed, alienated, dealt with, or resumed as aforesaid; and immediately upon such notice being given, all the interest of the licensee in the licensed land described in such notice shall cease and be determined, and any person entitled to occupy the licensed land, or any part thereof, may lawfully make entry upon and hold the same without the permission or sanction of the licensee or any one claiming under her, him, or them.

4. No land comprised in roads from time to time surveyed and marked out within the boundaries of the land comprised in this licence shall be deemed within its operation.

5. This licence entitles the holder thereof, during the period for which it is granted, to use the land therein comprised for depasturing purposes only, but does not confer any right to build thereon, or to cultivate or to fence any portion thereof.

6. If the licensee desire a renewal of this licence, notice to that effect must be given to the responsible Minister aforesaid one month prior to the expiration thereof, but nothing herein contained shall be deemed to confer the right to any renewal.

7. The interest in this licence may not be transferred without the consent of the Minister aforesaid and the payment of a fee of £1.

8. No claim whatever shall be made or entertained by reason of the licence not being renewed or transferred.

9. This licence is to be used under and in accordance with the regulations made or to be made under the provisions of the said Act and for the time being in force.

10. This licence may be forfeited if the licensee commit a breach of or neglect to comply with any of these conditions.

11. The publication of a notice in the *Government Gazette*, purporting to declare that the Governor or Administrator, with the advice aforesaid, has forfeited this licence, shall be conclusive evidence that the licence is forfeited.

12. The ring-barking of the timber upon the land by the licensee is expressly forbidden, nor is he entitled to destroy or cut and take away any such timber; and should he be found destroying, felling, or removing live or dead timber without a licence authorizing him so to do, he will be prosecuted according to law.

Special Conditions :

1. The period of occupation will be from 1st January, 1893, to 31st December, 1893.

2. The licence-fee must be paid in advance. The fee for the period from 1st January, 1893, to 31st December, 1893—for which the licence will be issued—must accompany the tender, or be paid by the successful tenderer or his agent immediately on the declaration of the acceptance of the tender, otherwise the offer of the next highest tenderer who may be prepared to comply with this condition may be accepted.

6. The highest or any tender not necessarily accepted.

7. Tenderers must give their full name and ordinary postal address.
