No person supplied with water by the Trust shall wilfully or negligently allow the same to run waste, or for the purpose of irrigating gardens, &c., without paying the charges imposed by these regulations; and any person committing a breach of this regulation shall be liable to a penalty not exceeding £5 for each breach.

22. No person shall affix any service-pipe to any pipe of the Trust, or alter or repair, or in any way interfere with any pipe of the Trust, or any service-pipe, cock, or fitting connected with the pipes of the Trust, until he shall have obtained from the Trust a licence to that behalf to execute such works; and any unlicensed person affixing, altering, or repairing, or in any manner interfering with such pipe, service-pipe, cock, or fitting aforesaid, shall be liable to a penalty not exceeding £10.

23. Before any such licence shall be granted by the Trust the person applying for the same shall satisfy the Trust that he is a competent plumber. The Trust shall have the power of cancelling such licence at any time.

24. No person (whether a licensed plumber or not) shall lay any pipe to communicate with the pipes of the Trust without giving two days' notice of the day and hour when such pipe is intended to be made to communicate with the pipes of the Trust, nor shall make such communication except under the superintendence and according to the directions of a duly authorized officer of the Trust appointed for the purpose; and any person committing a breach of this regulation shall be liable to a penalty not exceeding £5 for each such breach.

25. Any person, whether licensed or not, who shall offend by opening any ground so as to uncover any pipe or pipes the property of the Trust, without giving two days' notice to the Trust of his intention to do so, or who shall in any way tamper with or alter any pipe the property of the Trust, without the permission in writing of the Trust being first obtained, or who shall wilfully or carelessly break, open, or injure any lock, cock, valve, pipe, work, weir, channel, reservoir, or engine the property of the Trust, shall be liable for each offence to a penalty not exceeding £20.

26. Before any licensed person shall break up any footpath for the purpose of laying on the water from the main to any house or premises he shall deposit with the Trust the sum of £2, and in case he shall not, immediately after laying on the water as aforesaid, make good and restore the said footpath to the satisfaction of the Trust, then the said sum of £2 shall be absolutely forfeited to the Trust, which shall be at liberty to expend the same in making good or restoring the said footpath or otherwise as the Trust may deem best.

27. No person shall connect any service-pipe or branch service-pipe with any steam boiler for the purpose of feeding or supplying the same with water, without first affixing a self-acting valve for preventing the pressure of steam reversing or affecting the dial of the meter, under a penalty of £5; and in the event of continuing the offence to a penalty of £2 for each day after notice from the Trust.

28. Overflow waste-pipes to private baths will not be permitted.

29. If any person shall neglect to repair any service-pipe conveying water from the pipes of the Trust into the premises of such person, after having received notice from any officer of the Trust that such service-pipe requires repairing, the Trust may stop the water from flowing into such premises, either by cutting off the service-pipe or otherwise as the Trust may seem fit, unless the necessary repair shall have been effected. The service-pipes from the main being the property of the owners or occupiers of the tenements supplied by such service-pipes, the occupier, if any, and, if none, the owner, shall in every instance in which any damage shall be caused by such service-pipe being leaky, or otherwise out of repair or broken, be liable to a penalty not exceeding £5, and in the event of continuing the offence to a further penalty of £2 for each day after notice of the offence from the Trust.

30. Any person watering any street or footpath by means of a hose, except under the direction of the officers of the Trust, shall be liable to a penalty of £2 for each offence.

31. If any person supplied with water by the Trust does, or causes or permits to be done, anything in contravention of these regulations, or fails to pay his rates or any lawful charge imposed by the Trust when due, or fails to do anything, which under any of these regulations ought to be done, or wilfully or negligently allows water to run to waste, the Trust may cut off the supply of water from the premises of such person, either by cutting the pipes by or through which water is supplied or otherwise; and may cease to supply him with water so long as the cause of complaint remains or is not remedied.

32. In construction of these Regulations, the word "person" shall extend to and be deemed to include a corporation, whether aggregate or sole, and the word "Trust" shall mean the Bacchus Marsh Irrigation and Water Supply Trust.

The above-mentioned rate is made for one year, commencing on the 1st January, 1892, and ending on the 31st December, 1892, and shall be paid half-yearly in advance on the 1st January and 1st July, 1892, and such person or persons as the Commissioners of the Bacchus Marsh Irrigation and Water Supply Trust may from time to time approve of for that purpose shall be authorized to demand, receive, collect, and recover the said rate.

The net weight or quantity only will be paid for. The value of all packages, cases, casks, &c., whether bulk be broken or not, must be included in the prices stated in the contractor's tender; all such packages, &c., to be considered the property of the Government, and no charges or expenses whatsoever beyond the price tendered and set out in the schedule will be allowed to the contractor for any articles or packages, cases, casks, &c.

Contractors must provide, without extra charge, whatever labour may be required in the packing of stores.

Tenders having alterations or erasures therein will not be entertained.

Security will be required either in Government debentures, bank deposit-receipt in favour of the Deputy Postmaster-General, or cash deposit, as the tenderer may elect.

Tenders must be accompanied by bank notes, or a bank draft in favour of the Deputy Postmaster-General, for the amount of the deposit required (cheques will in no case be received), which will be returned within ten days to unsuccessful tenderers. Such deposit to be forfeited in the event of the successful tenderer failing to complete the security within the prescribed period.

The security must be completed within ten days of acceptance of the tender, failing which the contract may be again advertised, or another tender accepted.

In the event of the contractor failing to carry out the contract, the contract security money will in that case be absolutely forfeited.

The Government will not necessarily accept the lowest or any tender.

Persons failing to take up their contracts will be disqualified from tendering for Government supplies for a period of twelve months.

Tenders to be endorsed "Tender for ——" (as the case may be), and deposited in the Tender-box, General Post Office; or, if sent by post, to be addressed (prepaid) to the Honorable the Postmaster-General, Melbourne.

CONDITIONS OF CONTRACT.

1. The Postmaster-General will not be bound to issue orders upon the contractors for all the articles enumerated in the schedules, but only for such articles and such quantities of those articles as the Postmaster-General may order from time to time; neither will the Postmaster-General be bound to take from the contractors any larger supply of any of the articles than may be shown upon the orders which have been issued during the year, nor will he be bound to take any of the articles enumerated in the schedules for which orders have not been issued. Should the Postmaster-General require a larger supply of any article than the quantity stated in the schedules, the contractor will be bound to supply the same at the contract rate.

2. The supplies are to be according to sample, and of the particular manufacture indicated in the schedule of tenders. In the case of different makers' goods, the contractor will be required to supply the kind ordered. In other cases the supplies are to be the best quality of their several kinds of manufacture. A preference will, however, be given to goods of Victorian manufacture, provided the quality be equal to the particular manufacture indicated in the schedule.

3. All orders must accompany the goods on delivery, otherwise the goods will not be received. Delivery, as a rule, is to be of the full quantity ordered.

4. Supplies ordered for delivery in Melbourne to be delivered free of all charges (whether cartage, freight, &c.) within a radius of six miles from the General Post Office.

5. Arrangements as to time of delivery and inspection of goods will be made by the Supervisor of Maintenance, General Post Office.

6. Orders must receive prompt execution; and in the event of the goods not being delivered within forty-eight hours after the contractor shall have received the order, or within such other time as the order may specify for delivery, it will be competent for the officer named in condition 5, or the head of the department, on giving the contractor twenty-four hours' notice, to purchase the supplies, or any like supplies that are suitable for the service, at the contractor's risk, and the extra expense incurred over and above the contract price (if any) will be deducted from the contractor's account.

7. The contractor will be required to furnish his account in the prescribed form simultaneously with delivery of the full quantities of goods ordered, the account being rendered with order to which it relates. The prices quoted in the orders cannot be increased.

8. The acceptance of the supplies shall be subject to the approval of the officer named in condition 5. The contractor may, however, claim a survey on any goods objected to; but in that case he must, within twenty-four hours after objection is made, give notice thereof in writing to the officer rejecting the goods.

9. Delivery will not be deemed to have been made until the goods have been approved of. All articles rejected must be immediately replaced by the contractor, otherwise purchases will be effected at the contractor's risk, and the extra expense deducted as in condition 6.

10. The members of boards of survey will be appointed by the Government, and the decision of the board is to be considered as final. If the board shall decide that the article is not of proper quality, it must be immediately replaced by the contractor, failing which it will be procured elsewhere, and the survey fees and extra expense (if any) will be charged as in condition 6.

11. A repetition of irregularity in the quantity or quality of the supplies, or of a delay in delivering or replacing them when required, will subject the contractor, upon report, to such mulct, not exceeding Fifty pounds, as the Postmaster-General may direct, and the amount may be deducted as in condition 6, or from the contractor's security. It will also be in the power of the Postmaster-General, upon such repetition, to terminate the contract forthwith.

12. Contractors are not at liberty to transfer their contracts under cover of power-of-attorney, coupled with an interest or otherwise, and no such transfer will be recognised.

13. Under no circumstances will a contractor be permitted to abandon his contract. In the event of the contractor failing to carry on the contract, the contract security money will in that case be absolutely forfeited; and, in addition, the contractor will be held liable for any loss which the Government may sustain in consequence of such failure.

14. In the event of any alteration in the tariff affecting any of the items included in these contracts, the Postmaster-General will neither claim any decrease upon the contract price nor entertain any application from a contractor for any increase to it.

15. The contracts entered into under this notice are not to be considered as being broken, infringed, or violated by the importation of stores for the Electric Telegraph Service, or by any contracts made by the Imperial Commissariat or the Agent-General for Victoria, or by any contracts or agreements made for any works or supplies by the Department of Public Works or the Tender Board, or on account of other Governments; or by any article being made at and supplied for the use of any Government establishment; or by the consumption of the surplus stock of any Government establishment.

JAMES SMIBERT,
Deputy Postmaster-General.

The prices must be expressed without alterations or erasures, in words as well as in figures, and the total amount of the tender stated.

Printed forms of tender, showing the estimated monthly consumption, and the conditions of contract, may be obtained from the Secretary to the Tender Board, Melbourne; and for the respective districts from the Receivers and Paymasters at Geelong, Ararat, Ballarat, Beechworth, Castlemaine, Maryborough, Sale, Bendigo, and Portland; and the Medical Superintendent, Lunatic Asylum, Sunbury, by whom also information will be afforded to persons tendering.

Bank deposit-receipts to be in favour of the Secretary, Tender Board.

Tenders must be accompanied by a preliminary deposit, as shown above, in bank notes, or a bank draft payable to the order of the Secretary to the Tender Board (cheques will in no case be received), which will be returned within ten days to unsuccessful tenderers on their application. Such deposit to be forfeited in the event of the successful tenderer failing to complete the security within the prescribed period.

The security must be completed and contract signed within ten days of acceptance of the tender, failing which the contract may be again advertised, or another tender accepted.

Tenderers failing to take up their accepted tenders will be disqualified from tendering for Government supplies for a period of twelve months.

The Government will not necessarily accept the lowest or any tender.

Tenders enclosed in an envelope, and having the words "Tender for" at (as the case may be) written thereon, must be deposited in the Tender-box at the Pay Office, Treasury, Melbourne, or if sent by post they must be prepaid, and addressed to the Chairman of the Tender Board, Pay Office, Treasury, Melbourne.

CONDITIONS OF CONTRACT.

1. All the articles are to be of the best quality of the several kinds, in the best condition, and to be delivered in sound packages, free from all charges for cartage, freight, &c. The goods shall be delivered as may be directed by the officer ordering the supply.

2. Supplies for country stations for which no local contract may have been taken, or for which the contract has been terminated, may be ordered under the Melbourne contract.

3. Packages suitable for transport of goods supplied must be provided by the contractor free of expense, and the value of these packages, whether in bulk or otherwise, is to be included in the price demanded, except brandy casks, porter cases, hogsheads, butter firkins, and soap boxes (not including fancy soaps), flour, meal, and potato bags, which will remain the property of the contractor, and only the actual net weight or quantity received will be paid for. The empties to be removed at the contractor's expense.

4. Bread.—A sample of the best ordinarily retailed to the public will be considered as a test loaf for first quality. Third quality (that issued to prisoners of the Crown) to be made of flour, fine sharps, the produce of prime, strong, thin-skinned, good coloured wheat, to be perfectly free from coarse pollard or other offal.

5. Milk.—The milk must be fresh, pure, and of the best quality, and subject to test when required by the department. Should the supply prove to be not of contract quality, any expense incurred will be charged to the contractor.

6. Fresh meat is to be supplied in such proportions as may be required, and, when the quantity admits, to be delivered in fore and hind quarters alternately, also buttocks only when ordered. When shins of beef form a portion of the supply, a fair proportion of the bone, not less than ten inches, must have been cut off. The sticking pieces must be removed from the fore quarters of beef.

7. Potatoes to be dry and free from dirt. Contractors to supply 105 lbs. of potatoes for each cental credited to them, and, in addition, to take back all rejected before being cooked.

8. The supplies coming under the head of Rations and Medical Comforts are to be delivered direct to the establishment entitled thereto on the written order of the officer in charge. All other supplies will be ordered by the head of department concerned or any officer authorized by him.

9. At the time of delivering the supplies, the contractor shall produce the order for the same to the officer authorized to accept delivery, and such officer shall acknowledge thereon the receipt of the stores accepted and shall return the order to the contractor, and the account is to be rendered as soon as possible after the delivery of the supplies accompanied by the receipted delivery order. For the supplies coming under the head of Rations and Medical Comforts, the account is to be rendered monthly for such quantities only as are issued, the difference between the supply and issue to be kept at the contractor's credit. Supplies not issued at the termination of the contract to be removed by the contractor. The rates or quantities quoted in the orders cannot be exceeded.

10. Should the contractor fail to supply any articles at the time mentioned in the order, they or any like supplies suitable for the service will be otherwise procured, and the expense over and above the contract price will be deducted from his account or from the security money.

11. In the event of a difference of opinion between the contractor and the officer receiving the supplies as to the quality, the same to be decided, in cases where the article is not of a perishable nature, by a board of survey composed of persons named by the head of the department, and the decision of the board is to be considered final. In the event of the decision being against the contractor, the survey fees and expenses (if any) will be deducted as in clause 10.

12. If the board shall decide that the article is not of proper quality, it must be immediately replaced by the contractor; failing which, it or any like supply suitable for the service will be procured by the officer requiring it, and the expense charged as in clause 10.

13. In the case of supplies for lunatic asylums, it will also be competent for two or more of the official visitors, in conjunction with the medical superintendent, to reject any supplies that they may consider not in accordance with contract; and in such cases the reference to a board of survey will not be deemed to be necessary on the part of the contractor.

14. In the case of supplies for lunatic asylums, it will be competent for a board of survey, consisting of the medical superintendent (or, in his absence, of the medical officer) and any two officers named by him, to examine and reject any supplies that may be objected to. It must be distinctly understood, however, that the contractor will have a right of appeal to the Treasurer of the colony for the time being; but, pending such appeal, he must take back the rejected articles and at once supply others of approved quality; failing which, the supplies required or any

like supplies suitable for the service may be obtained by the officer concerned, and the expense charged to the contractor. The acceptance of the supplies shall be subject to the approval of the officer authorized to take delivery of the stores, or such other officer as shall be named in the conditions. If, after the delivery of the supplies has been taken, any deficiency or defect is discovered therein, such stores may be returned to the contractor.

15. As the exact quantity of any article of provisions which may be required cannot be stated, the estimate being approximate only, the Government will not be bound by the quantity stated in the schedule, but will be at liberty to order more or less, according to circumstances, and the contractor will be bound to supply the same as ordered.

16. In cases where the article is of a perishable nature, or when from some other cause injury would be sustained either by the persons to whom the rations are due or to the contractor in waiting for a board to survey, the head of the department, or officer authorized to take delivery will have power to reject such article or articles as are obviously of inferior quality, it being understood that he will be responsible to the Government for so doing, and that the contractor must take back the rejected article and supply good in its stead; failing which, it or any like supply suitable for the service will be obtained by the officer requiring it. In case of the rejection or return of any supplies, the contractor shall bear the whole cost of replacing the supplies so rejected or returned.

17. A refusal to execute orders, or a repetition of irregularity in the quantity or quality of the supplies, or of delay in delivering or replacing them when required, will subject the contractor, upon report from the Tender Board, to such mulct, not exceeding £50, as the said Treasurer may direct. It will also be in the power of the said Treasurer, upon such refusal or repetition, to terminate the contract forthwith and forfeit the whole or any part of the security money.

18. When a contractor is required to make delivery of goods at a railway station for transmission by rail, he shall obtain a receipt for the goods in duplicate on the Stores and Transport consignment note, at the same time handing in a triplicate of the form as an authority for the carriers to act as agent for and charge the freight to the Stores and Transport Department. He shall as soon as possible, and not later than twenty-four hours thereafter, deliver at the Tender Board Offices the original, the duplicate to be retained by himself. Should the goods thus forwarded be rejected, the contractor must bear the cost of replacing such goods, for which service the departmental consignment note is not to be used. Any infringement of this condition may subject the contractor to such mulct as the Tender Board may recommend under clause 17 of these conditions.

19. Contractors are not at liberty to transfer their contracts under cover of power-of-attorney, coupled with an interest or otherwise, and no such transfer will be recognised by the Government.

20. It will be competent for the Secretary to the Tender Board to terminate the contract, without notice, should there be reason to know that the contractor takes advantage of his contract to communicate improperly with a prisoner.

21. The contracts entered into under this notice are not to be considered as being broken, infringed, or vitiated by the importation of stores for the Government's service, or by any contracts or purchases made by the Imperial Commissariat or Defence Department, or on account of other Governments, or for supplies to the aborigines; or by the consumption of the produce or surplus stock of any Government establishment; or by any article being made at and supplied for the use of any Government establishment.

22. Under no circumstances will a contractor be permitted to abandon his contract. In the event of the contractor failing to carry on the contract, the contract security money will in that case be absolutely forfeited; and in addition the contractor will be held liable for any loss which the Government may sustain in consequence of such failure.

23. In the event of any alteration in the Tariff affecting any of the items included in these contracts, the Government or the contractor, as may be the case, will make a proportionate allowance by way of deduction from or increase of the price of the item so affected.

TENDERS FOR GRAZING LANDS.

Tenders must be sent in on proper form, which can be obtained on application to the Lands Department, Melbourne, or any of the Survey Offices in the country.

Tenders must be placed in the Crown Lands Office Tender-box not later than Twelve noon on Tuesday, 26th April, 1892.

NOTE.—The fee for the period from 1st May, 1892, to 31st December, 1892, and fee of Five shillings for licence, must accompany each tender.

TENDERS will be received by the Board of Land and Works up to Noon of Tuesday, 26th April, 1892, for the occupation, for grazing purposes only, of the following unappropriated portions of land, subject to the Regulations approved by the Governor in Council and also the subjoined special conditions.

Every licence granted under section 123 of the *Land Act 1890* shall be subject to the conditions set forth in the schedule hereto, and to such special conditions and payment in advance of such fee as the Minister may determine, and shall be issued by an officer of the Department of Lands and Survey duly authorized in that behalf.

Under section 7 of the *Vermin Destruction Act 1890*, all licensees under the section for which these licences will issue are liable for the destruction of rabbits within the boundaries of their licences.

Conditions:

1. The issue of this licence shall not prevent the land comprised therein, or any part or parts thereof, being sold, leased, licensed, alienated, or dealt with under any of the provisions of the *Land Act 1890*, except under the 123rd section thereof, under which the licence is issued, or being resumed by order of the Governor or Administrator of the Government of Victoria, with the advice of the Executive Council, for any of the purposes for which land may be reserved under section 10 of the *Land Act 1890*, or for mining purposes.

2. In case the said land, or any part or parts thereof, shall be sold, leased, licensed, alienated, dealt with, or resumed as aforesaid, the licensee shall not be entitled to any compensation other than the return of such portion of his licence-fee paid by him as the responsible Minister of the Crown for the time being administering Division II. of the *Land Act 1890* may think fit. This licence is also subject to the rights of the holders of miners' rights or of mining leases now issued or hereafter to be issued to enter upon the allotment hereby licensed, and to search for gold, and to mine therein, and to erect and occupy mining plant and machinery, without making any compensation for surface or other damage.

3. Subject to these conditions, the licensee shall be entitled to use the land for the purposes for which the licence has been granted, until notice has been given in the *Government Gazette* that such land, or any part thereof, has been sold, leased, licensed, alienated, dealt with, or resumed as aforesaid; and immediately upon such notice being given, all the interest of the licensee in the licensed land described in such notice shall cease and be determined, and any person entitled to occupy the licensed land, or any part thereof, may lawfully make entry upon and hold the same, without the permission or sanction of the licensee or any one claiming under her, him, or them.

4. No land comprised in roads from time to time surveyed and marked out within the boundaries of the land comprised in this licence shall be deemed within its operation.

5. This licence entitles the holder thereof, during the period for which it is granted, to use the land therein comprised for depasturing purposes only, but does not confer any right to build thereon, or to cultivate, or to fence any portion thereof.

6. If the licensee desire a renewal of this licence, notice to that effect must be given to the responsible Minister aforesaid one month prior to the expiration thereof, but nothing herein contained shall be deemed to confer the right to any renewal.

7. The interest in this licence may not be transferred without the consent of the Minister aforesaid and the payment of a fee of £1.

8. No claim whatever shall be made or entertained by reason of the licence not being renewed or transferred.

9. This licence is to be used under and in accordance with the regulations made or to be made under the provisions of the said Act and for the time being in force.

10. This licence may be forfeited if the licensee commit a breach of or neglect to comply with any of these conditions.

11. The publication of a notice in the *Government Gazette*, purporting to declare that the Governor or Administrator, with the advice aforesaid, has forfeited this licence, shall be conclusive evidence that the licence is forfeited.

12. The ring-barking of the timber upon the land by the licensee is expressly forbidden, nor is he entitled to destroy or cut and take away any such timber; and should he be found destroying, felling, or removing live or dead timber without a licence authorizing him so to do, he will be prosecuted according to law.

Special Conditions:

1. The period of occupation will be from 1st May, 1892, to 31st December, 1892.

2. The licence-fee must be paid in advance. The fee for the period from 1st May, 1892, to 31st December, 1892—for which the licence will be issued—must accompany the tender, or be paid by the successful tenderer or his agent immediately on the declaration of the acceptance of the tender, otherwise the offer of the next highest tenderer who may be prepared to comply with this condition may be accepted.

8. Tenders to be for so much per lot and block per annum.
 4. Separate tenders must be lodged for each block.
 5. Tenders to be indorsed—"Tender for Lot 1, Block 164," or "Lot 2, Block 364," or "Lot 3, Block 436," as the case may be.
 6. The highest or any tender not necessarily accepted.
 7. Tenderers must give their full name and ordinary postal address.
 8. The areas are given as more or less, and all appropriated, alienated, or licensed land (if any) within the boundaries is excluded.

TO THE HONORABLE THE CHIEF SECRETARY.

I HEREBY give you notice that it is my intention, on Tuesday next, the 26th day of April, to issue a Writ for the Election of a Member to serve in the Legislative Council of Victoria for the North-Eastern Province.

Dated this 22nd day of April, 1892.

JAS. MACBAIN,
President.

SHIRE OF MINHAMITE.

PROPOSED RE-SUBDIVISION.

IN pursuance of the provisions of the *Local Government Act 1890* (No. 1112, section 43), the substance and prayer of a petition, in accordance with the 10th section of Act 1243 and the 41st section of Act 1112, which has been presented to His Excellency the Governor in Council, are published, viz. :—

The petitioners purport to be at least one-fourth of the persons whose names are for the time being on the municipal roll of the Shire of Minhamite.

The petitioners state that the representation of the ratepayers under the present division of ridings is most unequal, and that this inequality has been felt for many years.

The names of the proposed subdivisions are as follow :—

EAST RIDING,
CENTRAL RIDING,
WEST RIDING.

Petitioners therefore pray that the necessary steps be taken to re-subdivide the shire as desired.

Notices for the petitioners may be served on Mr. Robert Robertson, of Macarthur.
