I have to call your attention to Article VI. of the Treaty, from which you will observe that, if it is desired that the Colony under your Government should come within the operation of the Treaty, notice to that effect must be given to the Servian Minister for Foreign Affairs within two years from 28th of June [10th of July], 1893, the date of the signature of the Treaty.

I have therefore to request that you will be good enough to acquaint me as soon as possible of the wishes of your Government in the matter.

No. 22.—FEBRUARY 9, 1894.—1.

TREATY OF COMMERCE BETWEEN GREAT BRITAIN AND SERVIA.

Signed at Belgrade, 28th June [10th July], 1893.

Ratifications exchanged at Belgrade, October 4 [16], 1893.

HER Majesty the Queen of the United Kingdom of Great Britain and Ireland, Empress of India, and His Majesty the King of Servia, being equally animated with the desire of consolidating their ties of friendship and of developing the commercial relations between the two States, have, with this object, determined to conclude a Treaty, and have named as their Plenipotentiaries, that is to say:—

Her Majesty the Queen of the United Kingdom of Great Britain and Ireland, Empress of India, Edmund Douglas Veitch Fane, Esq., Her Envoy Extraordinary and Minister Plenipotentiary to His Majesty the King of Servia;

And His Majesty the King of Servia, His Excellency M. André Nikolitch, His Minister for Foreign Affairs;

Who, after having communicated to each other their full powers, found in good and due form, have agreed upon the following Articles:—

ARTICLE I.

There shall be full and entire freedom of commerce and navigation between the countries of the High Contracting Parties.

The subjects, vessels, and goods, produce of the soil and industry of each of the High Contracting Parties shall enjoy in the dominions of the other all rights, privileges, immunities, or advantages whatever which are actually enjoyed, or may hereafter be enjoyed, in the said dominions by the subjects, vessels, and goods, produce of the soil and industry of the most favoured nation.

ARTICLE II.

All articles produce of the soil or industry of Great Britain and Ireland which shall be imported into Servia, and all articles produce of the soil or industry of Servia which shall be imported into Great Britain and Ireland, whether destined for consumption, warehousing, re-exportation, or transit, shall be subjected as long as this Treaty holds good to the same treatment as, and, especially, shall be liable to no higher or other duties than, the produce or goods of the most favoured nation.

No higher or other duties shall be levied in Great Britain and Ireland on the exportation of goods to Servia, or in Servia on the exportation of goods to Great Britain and Ireland, than may be levied on the exportation of the like goods to the country the most favoured in this respect.

Each of the High Contracting Parties therefore undertakes that the other shall enjoy immediately and unconditionally every favour, privilege, or reduction of duties which has been already granted, or may be granted hereafter, in the above-named respects to a third Power.

Goods of all kinds coming from or proceeding to the territory of one of the High Contracting Parties shall be exempted in the territory of the other from all transit dues. Most-favoured-nation treatment is mutually guaranteed to each of the High Contracting Parties in all that concerns transit.

It is understood that the provisions of the present Article do not apply to such special facilities and privileges as have been or may hereafter be conceded by Servia to the neighbouring States with respect to the local traffic between their contiguous frontier districts.

ARTICLE III.

It is agreed that as regards cost of transport and all other facilities, Servian goods transported over British railways, and British goods transported over Servian railways, shall be treated in exactly the same manner as the goods of the nation the most favoured in this respect.

ARTICLE IV.

The subjects of each of the two High Contracting Parties shall be exempted in the territory of the other from all military service and from all extraordinary requisitions which may be established on account of exceptional circumstances.

The liabilities, however, arising out of the possession of landed property, and for military loans and requisitions to which all the subjects of the State may be called upon to contribute as proprietors or tenants of real property, shall be excepted.

ARTICLE V.

The subjects of the two High Contracting Parties shall in the dominions of the other enjoy the same protection and be subject to the same conditions as native subjects, or subjects of the most favoured nation, in regard to the right of property in trade marks, names of firms, and other distinctive marks showing the origin or quality of goods, as well as in patterns and designs for manufacture.

ARTICLE VI.

The present Treaty shall be applicable, as far as the laws permit, to all the Colonies and Foreign Possessions of Her Britannic Majesty, excepting to those hereinafter named, that is to say, except to—

India.
The Dominion of Canada.
Newfoundland.
New South Wales.
Victoria.
South Australia.
Western Australia.
Queensland.
Tasmania.
New Zealand.
The Cape of Good Hope.
Natal.

Provided always that the present Treaty shall be made applicable to any of the above-named Colonies or Foreign Possessions on whose behalf notice to that effect shall have been given by Her Britannic Majesty's Representative at Belgrade to the Minister for Foreign Affairs of His Majesty the King of Serbia within two years from the date of the signature of the present Treaty.

ARTICLE VII.

The present Treaty shall be ratified, and the ratifications shall be exchanged at Belgrade as soon as the formalities prescribed by the Constitutional Laws of the Contracting States have been observed.

It shall remain in force from the date of the exchange of the ratifications until the 31st [19th] December, 1903. In case neither of the two High Contracting Parties should have notified twelve months before the end of the said period the intention of putting an end to it, it shall remain binding until the expiration of one year from the day on which either of the High Contracting Parties shall have denounced it.

In witness whereof the respective Plenipotentiaries have signed the present Treaty, and have thereto affixed their seals.

Done in duplicate at Belgrade the tenth day of July [the twenty-eighth day of June], One thousand eight hundred and ninety-three.

To order as follows, the Ordinances of 30th May, 1879 (Compendium of Laws No. 176), and of 25th September, 1880 (Compendium of Laws No. 210), and all and every other regulations or regulation contrary to these presents being hereby repealed:—

1.

Cattle coming from places without the territory of Netherlands-India shall only be allowed to be imported into Netherlands-India in such places as shall be specified by the chief provincial authority for each province.

Horned cattle, buffaloes, sheep, goats, and pigs are hereinafter included in the term "cattle."

2.

No cattle is to be landed before having been inspected by a Government veterinary surgeon, or in his absence by a competent person commissioned by the chief provincial or local authority.

3.

If, on being inspected, rinderpest (cattle plague) or anthrax is found to prevail among the cattle on board, no animals belonging to that cargo shall be allowed to be imported or landed.

If, on the other hand, the prevalence of any other infectious disease should be detected, or any of the animals found to be suffering from any infectious disease, the prohibition only applies to the animals diseased or suspected.

The other animals belonging to the cargo, as also animals belonging to a transport which has not been found to be affected with any infectious disease, are, after landing, to be detained in quarantine for a period not exceeding twelve days.

4.

Vessels having animals on board which, by virtue of the preceding section, it is not allowed to land or to import, shall, at the first order of the authority in direct command of the port or roadstead, at once have to leave such port or roadstead, after permission shall have been obtained to land the healthy animals in conformity to the last paragraph of the above-named section.

They are only to be re-admitted to the roadstead or into port after the animals diseased or suspected shall have been destroyed and their carcasses sunk into the sea, and the ship and cargo thoroughly disinfected, according to the existing regulations, in the presence of the persons commissioned to that effect by the chief provincial or local authority.

5.

Articles connected with cattle, such as hair, wool, bones, hides, skins, horns, and others, having belonged to the diseased or suspected animals named in sub-section 3, are not allowed to be landed or imported before having been disinfected in the manner prescribed by the preceding section.

6.

On the order named in the first paragraph of section 4 not being immediately complied with by the master, after notification, all communication with the vessel is instantly prohibited.

It shall be the duty of the local authorities to have such prohibition forthwith notified to the master of the vessel in question, as also to the masters of the other vessels in port, and to all and every persons or person proceeding to the port or roadstead.

7.

If animals suffering from rinderpest (cattle plague) or anthrax should be found among the cattle detained in quarantine, named in the last paragraph of section 3, during the period prescribed for quarantine, the animals diseased or suspected are forthwith to be destroyed and burnt or buried according to the existing regulations, whereas all articles which have been in contact with the said animals, or have belonged to them, are either to be burnt or to be disinfected in the manner prescribed by section 4.

The remaining animals considered healthy are every time to be subjected to a new quarantine not exceeding twelve days.

This is also to take place in case any other infectious disease should be detected among the cattle quarantined.

8.

The importer of the cattle detained in quarantine, by virtue of the last paragraph of section 3 and the second and third paragraphs of section 7, is to provide for food and safety thereof, and in his default, at his expense, by the chief provincial or local authority.

All the expenses connected with building stables, destroying, burning, burying, and disinfecting, named in the first paragraph of section 7, and other expenses of the same nature, are also entirely to be borne by the importer.

9.

Proper security that the quarantine measures prescribed, in regard to the cattle to be landed, shall be duly executed is to be given by the importer to the complete satisfaction of the chief provincial or local authority.

10.

Landing, pursuant to the last paragraph of section 3, shall only be allowed on a certificate, in writing, to be issued cost free by the inspector, being produced, stating that the inspection has taken place, and that the animals may be imported after having been detained in quarantine, according to the last paragraph of the above-named section, in connexion with the provisions of the second and third paragraphs of section 7.

This certificate is not to be issued to the importer by the inspector if no evidence has been given to the latter of the security named in the preceding article having been given.

11.

The execution of the quarantine measures is to be controlled by the inspector. No animals are to leave the quarantine station without his certificate, in writing, that the quarantine has been completed without interruption.

12.

The master of any vessel not immediately complying with the order named in the first paragraph of section 4 shall be liable to a penalty of at least f. 100 (one hundred guilders) and not exceeding f. 500 (five hundred guilders).

Any person importing cattle into other places than those specified in sub-section 1, as also contravention of the prohibition named in section 5, in the first paragraph of section 10, and in the second paragraph of section 11, shall become liable to a penalty of at least f. 10 (ten guilders) and not exceeding f. 100 (one hundred guilders), the cattle and the articles landed in contravention of these provisions to be forfeited. Whereas any person or persons acting in contravention of section 6, according to his nationality, shall be liable to imprisonment or forced labour at the public works, food being supplied to him but no wages paid, for a term of at least six days and not exceeding one month.

13.

The present Ordinance shall have full effect in every province on the day at which that part of the compendium of laws into which it has been inserted shall be there received.

And in order that no ignorance be alleged thereof these presents shall be inserted into the compendium of laws of Netherlands-India, and as far as necessary posted up in the Malay and Chinese languages.

And it is hereby ordered that all higher and lower courts, functionaries, officials, and authorities, every one of them in so far as he may be concerned, shall look to these presents being strictly maintained, without exception or discrimination of whomsoever.

WARRNAMBOOL WATERWORKS TRUST.

REGULATION No. 2.

THE Warrnambool Waterworks Trust, the waterworks district of which has been proclaimed an Urban District, do hereby, pursuant to and in exercise of the powers conferred by the *Water Act 1890*, make the following Regulations:—

1. *Service-pipes*.—The Trust may grant permission to persons requiring water for "domestic" and for "other than domestic purposes" to affix two service-pipes—one for domestic supply without meter, for which the ordinary assessed rate shall be paid; and one for other than domestic purposes, with meter, for which supply the ordinary charges by measure shall be paid, but subject to such regulations as may be approved by the Trust to prevent the use or re-use of water from the domestic service for any purpose not domestic.

2. *Meters to be tested and approved*.—No meter shall be affixed until it shall have been examined, tested, and approved by a duly authorized officer of the Trust, and each meter must be capable of registering at least 1,000,000 gallons, and each $\frac{1}{2}$ -inch, $\frac{3}{4}$ -inch, and 1-inch meter must be capable of registering 10, 15, and 20 gallons per hour respectively, and each meter must be fixed with approved lead connexion above ground in a conveniently accessible position properly protected and fixed to the satisfaction of the Trust's officers.

3. *Where meter ceases registering, average may be charged*.—If any meter in use ceases registering, or be reported by the inspector as out of repair or registering inaccurately, the Trust will estimate and charge for the water consumed during the period such meter was not in working order, and until it is repaired and re-fixed, either by taking an average of the quantity used during

the previous quarter or during the corresponding period of the previous year, or the Trust may insert a check-meter on the service-pipe and charge upon estimate from the registering thereof.

4. *Hire of meters and rate of rent thereof*.—Meter rent to be exclusive of rate.—Hire to give notice of removal.—The Trust will, if it so think fit but not otherwise, let for hire water meters, the rent of which shall be at the rate per annum of—

For $\frac{1}{2}$ -inch	Six shillings
For $\frac{3}{4}$ -inch	Seven shillings
For 1-inch	Ten shillings
For 1 $\frac{1}{2}$ -inch	Twelve shillings

which rent shall be exclusive of and in addition to the amount or rate chargeable for the recorded consumption of water, and shall be due, and must be paid quarterly in advance, on the first day of the months of January, April, July, and October in every year, the first payment to date and be made as from the commencement of the then current quarter, and the occupier of the premises shall, at his own cost, cause such meter to be fixed and kept in proper repair, and when required on behalf of the Trust so to do, shall cause such meter to be removed to the office of the Trust to be tested, and when it shall have been so tested, shall cause it, or such other meter as may be furnished to him in lieu of it, to be replaced at his own cost, and shall be in like manner responsible for the same. Any person so hiring a meter from the Trust who shall leave the premises on which such meter shall be fixed without having previously given, in writing, at least six days' notice to the Trust of his intention to leave the premises shall be liable to a penalty not exceeding Five pounds.

5. *Services to be separate except by permission*.—Excepting with the permission of the Trust not more than one house or tenement shall be supplied from a single water service. The Trust may in special cases consent to two or more tenements being supplied from one water service, but in such cases the sub-services shall be so arranged that the supply to each house shall be independent of the supply to the remaining houses, and be controlled by a stop-cock on such sub-service; and any person offending against the provisions of this section shall be liable to a penalty not exceeding Two pounds.

6. *Extensions subject to consent of the Trust*.—No extensions of private services will be allowed except by consent of the Trust.

7. *Service-pipes to be repaired by owner or occupier*.—Penalty for refusal or neglect to repair service-pipe.—The service-pipes from 3 feet on street from building line being the property of the owners or occupiers of the tenements supplied by such service-pipes, the occupier (if any) and if none the owner shall, upon receiving notice that his service-pipe requires repairing, immediately proceed to repair the same, and he shall be responsible for any loss of water or other damage which shall be caused by reason of such service-pipe being leaky or otherwise out of repair or broken, and in default be liable to a penalty not exceeding Five pounds, and in the event of continuing the offence to a further penalty of Two pounds for each day after receipt of such notice; and the Trust may stop the water from flowing into such premises, either by cutting off the service-pipe or otherwise as to the Trust may seem fit, until the necessary repairs shall have been effected.

8. *Waste of water*.—Any person supplied with water by the Trust who shall wilfully or negligently allow the same to run to waste shall be liable for each offence to a penalty not exceeding Five pounds, and in the event of continuing the offence to a further penalty of Two pounds for each day after notice of the offence from the Trust.

9. *Water not to be used or supplied without written authority*.—Any person receiving water from the Trust who, without the written permission of the Trust, shall take or carry away such water from his premises, or allow any person to take or carry away such water, or shall sell the same to any other person, shall be liable to a penalty not exceeding Five pounds.

10. *Non-ratepayers may obtain water at the stand-pipes at certain hours*.—Non-ratepayers may obtain water at the stand-pipes at the scale of charges and at the hours fixed from time to time. Payments to be made by coupons only, which may be obtained at the office of the Trust.

11. *Unlawful taking of water without permission*.—Any person, not having agreed to be supplied by the Trust, who shall take or carry away water from the premises of any other person so supplied, or from any drinking tap, trough, or private or public service-pipe, shall be liable to a penalty not exceeding Five pounds.

Tenders must be sent in on proper form, which can be obtained on application to the Lands Department, Melbourne, or any of the Survey Offices in the country.

Tenders must be placed in the Crown Lands Office Tender-box not later than Twelve noon on Friday, 23rd February, 1894.

NOTE.—The fee for the period from 1st March, 1894, to 31st December, 1894, and fee of Five shillings for Licence, must accompany each Tender.

TENDERS will be received by the Board of Land and Works up to Noon of Friday, 23rd February, 1894, for the occupation, for grazing purposes only, of the following unappropriated portions of land, subject to the Regulations approved by the Governor in Council and also the subjoined special conditions.

Every licence granted under section 123 of the *Land Act 1890* shall be subject to the conditions set forth in the schedule hereto and to such special conditions and payment in advance of such fee as the Minister may determine, and shall be issued by an officer of the Department of Lands and Survey duly authorized in that behalf.

Under section 7 of the *Vermin Destruction Act 1890*, all licensees under the section for which these licences will issue are liable for the destruction of rabbits within the boundaries of their licences.

Conditions:

1. The issue of this licence shall not prevent the land comprised therein, or any part or parts thereof, being sold, leased, licensed, alienated, or dealt with under any of the provisions of the *Land Act 1890*, except under the 123rd section thereof, under which the licence is issued, or being resumed by order of the Governor or Administrator of the Government of Victoria, with the advice of the Executive Council, for any of the purposes for which land may be reserved under section 10 of the *Land Act 1890*, or for mining purposes.

2. In case the said land, or any part or parts thereof, shall be sold, leased, licensed, alienated, dealt with, or resumed as aforesaid, the licensee shall not be entitled to any compensation other than the return of such portion of his licence-fee paid by him as the responsible Minister of the Crown for the time being administering Division II. of the *Land Act 1890* may think fit. This licence is also subject to the rights of the holders of miners' rights or of mining leases now issued or hereafter to be issued to enter upon the allotment hereby licensed, and to search for gold, and to mine therein, and to erect and occupy mining plant and machinery, without making any compensation for surface or other damage.

3. Subject to these conditions, the licensee shall be entitled to use the land for the purposes for which the licence has been granted, until notice has been given in the *Government Gazette* that such land, or any part thereof, has been sold, leased, licensed, alienated, dealt with, or resumed as aforesaid; and immediately upon such notice being given, all the interest of the licensee in

the licensed land described in such notice shall cease and be determined, and any person entitled to occupy the licensed land, or any part thereof, may lawfully make entry upon and hold the same without the permission or sanction of the licensee or any one claiming under her, him, or them.

4. No land comprised in roads from time to time surveyed and marked out within the boundaries of the land comprised in this licence shall be deemed within its operation.

5. This licence entitles the holder thereof, during the period for which it is granted, to use the land therein comprised for depasturing purposes only, but does not confer any right to build thereon, or to cultivate or to fence any portion thereof.

6. If the licensee desire a renewal of this licence, notice to that effect must be given to the responsible Minister aforesaid one month prior to the expiration thereof, but nothing herein contained shall be deemed to confer the right to any renewal.

7. The interest in this licence may not be transferred without the consent of the Minister aforesaid and the payment of a fee of £1.

8. No claim whatever shall be made or entertained by reason of the licence not being renewed or transferred.

9. This licence is to be used under and in accordance with the regulations made or to be made under the provisions of the said Act and for the time being in force.

10. This licence may be forfeited if the licensee commit a breach of or neglect to comply with any of these conditions.

11. The publication of a notice in the *Government Gazette*, purporting to declare that the Governor or Administrator, with the advice aforesaid, has forfeited this licence, shall be conclusive evidence that the licence is forfeited.

12. The ring-barking of the timber upon the land by the licensee is expressly forbidden, nor is he entitled to destroy or cut and take away any such timber; and should he be found destroying, felling, or removing live or dead timber without a licence authorizing him so to do he will be prosecuted according to law.

Special Conditions:

1. The period of occupation will be from 1st March, 1894, to 31st December, 1894.

2. The licence-fee must be paid in advance. The fee for the period from 1st March, 1894, to 31st December, 1894—for which the licence will be issued—must accompany the tender, or be paid by the successful tenderer or his agent immediately on the declaration of the acceptance of the tender, otherwise the offer of the next highest tenderer who may be prepared to comply with this condition may be accepted.

3. Tenders to be for so much per lot and block per annum.

4. Separate tenders must be lodged for each block.

5. Tenders to be indorsed—"Tender for Lot 1, Block 578," or "Lot 2, Block 714," or "Lot 3, Block 993," as the case may be.

6. The highest or any tender not necessarily accepted.

7. Tenderers must give their full name and ordinary postal address.

8. The areas are given as more or less, and all appropriated, alienated, or licensed land (if any) within the boundaries is excluded.

Plans can be seen and information may be obtained in this office.
