The petitioners purport to be at least one-fourth of the persons whose names are for the time being on the municipal roll of the Shire of Swan Hill.

**RULES AND REGULATIONS OF THE WOODEND PUBLIC CEMETERY.**

IN pursuance of the powers conferred by the *Cemeteries Act 1890*, the Trustees of the Woodend Cemetery make the following Rules and Regulations (that is to say):—

- These rules and regulations shall come into force immediately after publication in the *Government Gazette*, and all rules and regulations heretofore made shall be and are hereby rescinded.
- The office of the Trust shall be open daily (Sunday, Christmas Day, and Good Friday excepted) from Ten a.m. to Four p.m.
- All applications shall be made to the trustees through the secretary. All fees and charges shall be paid to him at his office, and particulars given as in Schedule A before the ground or vault is opened, when a burial right will be issued (Schedule B).
- Any order for interment shall be given to the secretary before Twelve a.m. on the day previous, except that for a burial on the Monday it shall be ordered before Twelve a.m. on the Saturday previous, otherwise an extra charge shall be made, and no burial shall be permitted in said cemetery unless a certificate from a coroner, justice of the peace, or registrar of deaths has been delivered to the secretary, gatekeeper, or sexton.
- The principal entrance shall be open daily from Seven a.m. to Six p.m.
- The hours fixed for burials shall be as follows:—On week days, September to April inclusive, from Ten a.m. to Six p.m.; May to August inclusive, from Ten a.m. to half-past Four p.m. Sundays, throughout the year, One to Four p.m.
- No burial shall be allowed to take place between the hours of Seven p.m. and Seven a.m. except by special permission of the trustees.
- The time fixed for burial shall be the time when the funeral is to be at the cemetery, and the same shall be punctually observed.
- No coffin shall be buried within 4 feet of the ordinary level of the ground unless it contains the body of a child under 12 years, when it shall be not less than 3 feet below that level, and a layer of earth at least 1 foot thick shall be left undisturbed above any coffin previously buried in the same grave.
- That any person wanting a brick grave or vault may be permitted to construct the same under directions of the secretary on payment of the required fee.
- No re-interment or removal from another cemetery or another grave will be permitted until there be submitted a certified copy of the original certificate of the coroner, justice of the peace, or registrar of deaths, and the licence for disinterment of the Minister of the Crown authorized in that behalf.
- Any extra labour or expense other than ordinary sinking, such as exhuming and removing a body, opening vault or tomb, removing slabs, stones, trees, &c., from graves shall be at the cost of those to whom permission is given.
- No person shall place any erection, inscription, or epitaph in any part of the cemetery without first submitting a plan or copy thereof, and obtaining the permission of the trustees thereto.
- No child under 10 years of age shall be admitted except in charge of some responsible person.
- No smoking shall be allowed nor any fireworks discharged within the cemetery without the sanction of the trustees.

No Bath, Caen, or other soft stone, or soft brick shall be allowed to be used in any work. Copper cramps only shall be allowed in the erection of tablets or other exposed stone work.

20. All materials required in the completion of any stone or other work shall be fully prepared before being taken into the cemetery, and shall be admitted only at the principal entrance.

21. 22. Any workman not employed by the trustees shall be under the supervision and control of the secretary, who shall see that his work is completed satisfactorily and with despatch, and shall remove him summarily from the cemetery upon any cause of offence. No such workman shall work in the cemetery after Six p.m.

Applications must be made on usual form, which can be obtained at any Land Office in the district, or the Head Office, Melbourne, and forwarded to any Land Officer, accompanied by a certificate of registration to be obtained from any Receiver and Paymaster on payment of a fee of £1.

The land is situated at Piangil, near the Murray River, about midway between Swan Hill and Narrung, and immediately opposite Tooleybuc, a strip 2 miles in width fronting the river being withheld.

Swan Hill Railway Station is 25 miles from the nearest point of the land, and 40 miles from the most distant.

Existing tanks on the blocks are reserved for water supply purposes.

The tenure of the lease is nine years and five months from the 1st July next. Rental is Sixpence per acre per annum, and lessees will be required to cultivate and otherwise improve their land, and also to destroy all vermin thereon.

All applications for the land will be considered by a Local Land Board, presided over by a Police Magistrate, and all applicants deemed likely to prove suitable and *bond fide* settlers will be afforded a chance in the ballot to be taken to determine to whom the allotments are to be granted.

The application of every suitable applicant entitles him to a chance in the ballot for every allotment in the subdivisions, provided such applicant has not at the time already been granted one in same. Applicants are therefore notified that it is unnecessary for them to lodge more than one application.

Not more than one allotment will be granted to any one person.

No person will be considered eligible who has previously selected an area which, if added to any area in these subdivisions, would exceed 640 acres.

 AVAILABLE FOR APPLICATION IN THE PARISH  
 OF PIANGIL, COUNTY OF TATCHERA.**

THE undermentioned mallee allotments, being subdivisions of Mallee Blocks 20A and 20B, are now available for application under section 157, *Land Act 1890*, as amended by the *Land Act 1891*.

Applications, addressed to the President of the Board of Land and Works, lodged at any Land Office on or before Tuesday, the 3rd day of April, 1894, will be deemed to have been simultaneously made.

On these allotments the mallee has been cut. Applicants for same must be prepared to pay down Five shillings (5s.) per acre immediately on land being recommended by Local Land Board.

No application for these allotments can be entertained only under above-mentioned condition.

This land is the nearest to the Murray River, and is reported to be of excellent quality.

Tenders, enclosed in a separate envelope, and having the words "Tender for —" (as the case may be) written thereon, must be deposited in the Tender-box at the Pay Office, Treasury, Melbourne.

## CONDITIONS OF CONTRACT.

1. The Government will not be bound to order from the contractor all the articles enumerated in the schedules, but only those articles, and such quantities of those articles, as it may be found necessary to order. Should the Government, however, require a larger supply of any article than the quantity stated in the schedules, the contractor will nevertheless be bound to supply the same at contract rates.

2. The supplies are to be the same as sample where so stated, and of the particular manufacture indicated in the schedule of tenders. In the case of different makers' goods, the contractor will be required to supply the kind ordered. In other cases the supplies are to be the best quality of their several kinds or manufacture. A preference will, however, be given to goods of Victorian manufacture, provided the quality is equal to the particular manufacture indicated in the schedule.

3. The value of all packages, cases, casks, &c., whether bulk be broken or not, must be included in the prices stated in the contractor's tender; all such packages, &c., to be considered the property of the Government, and no charges or expenses whatsoever beyond the price tendered and set out in the schedule will be allowed to the contractor for any articles or packages, cases, casks, &c. The net weight or quantity only will be paid for. Contractors must provide, without extra charge, whatever labour may be required in the packing of stores.

4. All orders for supplies will emanate from the departments requiring the goods. The goods shall be delivered as may be directed by the officer ordering the supply. At the time of delivering the supplies the contractor shall produce the order for the same to the officer authorized to accept delivery, and such officer shall acknowledge thereon the receipt of the stores accepted, and shall return the order to the contractor.

5. Supplies ordered for delivery in Melbourne and Williamstown districts are to be delivered free of all charges (whether cartage, freight, &c.), and, for the purposes of these contracts, Melbourne district will include a radius of six miles from the General Post Office; and Williamstown district will include the town of Williamstown, Hobson's Bay, and the River Yarra.

6. Arrangements as to time of delivery and inspection of goods will be made by the officers ordering the goods.

7. Orders must receive prompt execution; and, in the event of the goods not being delivered within forty-eight hours after the contractor shall have received the order, or within such other time as the order may specify for delivery, it will be competent for the officers named in Condition 6, or the head of the department to whom the goods are to be supplied, on giving the contractor twenty-four hours' notice, to purchase the supplies, or any like supplies that are suitable for the service, at the contractor's risk, and the extra expense incurred over and above the contract price (if any) will be deducted from the contractor's account or from the security money.

8. The contractor will be required to furnish his account in the prescribed form as soon as possible after delivery of the full quantities of goods ordered, the account being accompanied by the receipted delivery orders on which it is based. The prices quoted in the orders cannot be increased.

9. The acceptance of the supplies shall be subject to the approval of the officer authorized to take delivery of the stores, or such other officer as shall be named in the conditions. The contractor may, however, claim a survey on any goods objected to; but in that case he must, within twenty-four hours after objection is made, give notice thereof in writing to the officer rejecting the goods. If, after the delivery of the supplies has been taken, any deficiency or defect is discovered therein, such stores may be returned to the contractor.

10. When a contractor is required to make delivery of goods at a railway station for transmission by rail, he shall obtain a receipt for the goods in duplicate on the Stores and Transport consignment note, at the same time handing in a triplicate of the form as an authority for the carriers to act as agent for and charge the freight to the Stores and Transport Department. He shall as soon as possible, and not later than twenty-four hours thereafter, deliver at the Tender Board Offices the original, the duplicate to be retained by himself. Should the goods thus forwarded be rejected, the contractor must bear the cost of replacing such goods, for which service the departmental consignment note is not to be used. Any infringement of this condition may subject the contractor to such mulct as the Tender Board may recommend under clause 13 of these conditions.

11. Delivery will not be deemed to have been made until the goods have been approved of. In case of the rejection or return of any supplies, the contractor shall bear the whole cost of replacing the supplies rejected or returned, otherwise purchases will be effected at the contractor's risk, and the extra expense deducted as in Condition 7.

12. The members of boards of survey will be appointed by the Treasurer of the colony for the time being, and the decision of the board is to be considered as final. If the board shall decide that the article is not of proper quality, it must be immediately replaced by the contractor, failing which it, or any like supply that is suitable for the service, will be procured elsewhere, and the survey fees and extra expense (if any) will be charged as in Condition 7.

13. A repetition of irregularity in the quantity or quality of the supplies, or of delay in delivering or replacing them when required, will subject the contractor, upon report from the Tender Board, to such mulct, not exceeding Fifty pounds, as the said Treasurer may direct, and the amount may be deducted as in Condition 7. It will also be in the power of the said Treasurer, upon such repetition, to terminate the contract forthwith and forfeit the whole or any portion of the security money.

14. Contractors are not at liberty to transfer their contracts under cover of power-of-attorney, coupled with an interest or otherwise, and no such transfer will be recognised by the Government.

15. The contracts entered into under this notice are not to be considered as being broken, infringed, or vitiated by the importation of stores for the Government service, or by any contracts or purchases made by the Imperial Commissariat or the Agent.

No. 44.—MARCH 16, 1894.—5.

General for Victoria, or by any contracts or agreements made for any works or supplies by the Departments of Public Works and Defence, or on account of other Governments, or for the Telegraph or Railway Departments, or for supplies to the Aborigines, or for connexions and fittings of Diamond Drills; or by any article being made at and supplied for the use of any Government establishment; or by the consumption of the surplus stock of any Government establishment.

16. In the event of any alteration in the tariff affecting any of the items included in these contracts, the Government, or the contractor, as the case may be, may give two months' notice of the termination of the contract to the opposite party, it being understood that such notice can only be given from the first day of the month, and within the period for which the contract is made.

17. Under no circumstances other than those mentioned in clause 16, will a contractor be permitted to abandon his contract. In the event of the contractor failing to carry on the contract, the contract security money will in that case be absolutely forfeited; and in addition the contractor will be held liable for any loss which the Government may sustain in consequence of such failure.

18. Where specially indicated in the schedules no subletting will be allowed, all work must be carried out in the factory of the contractor, and the hours of employment of any person engaged in the manufacture of the articles tendered for in those schedules are not to exceed forty-eight per week. Any infringement of this condition will subject the contractor upon report from the Tender Board to such mulct not exceeding £50 (Fifty pounds) as the Treasurer may direct, and the amount will be deducted from the contractor's account or from the security money.

G. D. CARTER,  
Treasurer.

Treasury,  
Melbourne, 15th March, 1894.

#### TENDERS FOR GRAZING LANDS.

**Tenders must be sent in on proper form, which can be obtained on application to the Lands Department Melbourne, or any of the Survey Offices in the country.**

Tenders must be placed in the Crown Lands Office Tender-box not later than Twelve noon on Wednesday, 21st March, 1894.

NOTE.—The fee for the period from 1st April, 1894, to 31st December, 1894, and fee of Five shillings for Licence, must accompany each Tender.

TENDERS will be received by the Board of Land and Works up to Noon of Wednesday, 21st March, 1894, for the occupation, for grazing purposes only, of the following unappropriated portions of land, subject to the Regulations approved by the Governor in Council and also the subjoined special conditions.

Every licence granted under section 123 of the *Land Act 1890* shall be subject to the conditions set forth in the schedule hereto and to such special conditions and payment in advance of such fee as the Minister may determine, and shall be issued by an officer of the Department of Lands and Survey duly authorized in that behalf.

Under section 7 of the *Vermin Destruction Act 1890*, all licensees under the section for which these licences will issue are liable for the destruction of rabbits within the boundaries of their licences.

#### Conditions:

1. The issue of this licence shall not prevent the land comprised therein, or any part or parts thereof, being sold, leased, licensed, alienated, or dealt with under any of the provisions of the *Land Act 1890*, except under the 123rd section thereof, under which the licence is issued, or being resumed by order of the Governor or Administrator of the Government of Victoria, with the advice of the Executive Council, for any of the purposes for which land may be reserved under section 10 of the *Land Act 1890*, or for mining purposes.

2. In case the said land, or any part or parts thereof, shall be sold, leased, licensed, alienated, dealt with, or resumed as aforesaid, the licensee shall not be entitled to any compensation other than the return of such portion of his licence-fee paid by him as the responsible Minister of the Crown for the time being administering Division II. of the *Land Act 1890* may think fit. This licence is also subject to the rights of the holders of miners' rights or of mining leases now issued or hereafter to be issued to enter upon the allotment hereby licensed, and to search for gold, and to mine therein, and to erect and occupy mining plant and machinery, without making any compensation for surface or other damage.

3. Subject to these conditions, the licensee shall be entitled to use the land for the purposes for which the licence has been granted, until notice has been given in the *Government Gazette* that such land, or any part thereof, has been sold, leased, licensed, alienated, dealt with, or resumed as aforesaid; and immediately upon such notice being given, all the interest of the licensee in the licensed land described in such notice shall cease and be determined, and any person entitled to occupy the licensed land, or any part thereof, may lawfully make entry upon and hold the same without the permission or sanction of the licensee or any one claiming under her, him, or them.

4. No land comprised in roads from time to time surveyed and marked out within the boundaries of the land comprised in this licence shall be deemed within its operation.

5. This licence entitles the holder thereof, during the period for which it is granted, to use the land therein comprised for depasturing purposes only, but does not confer any right to build thereon, or to cultivate or to fence any portion thereof.

6. If the licensee desire a renewal of this licence, notice to that effect must be given to the responsible Minister aforesaid one month prior to the expiration thereof, but nothing herein contained shall be deemed to confer the right to any renewal.

7. The interest in this licence may not be transferred without the consent of the Minister aforesaid and the payment of a fee of £1.

8. No claim whatever shall be made or entertained by reason of the licence not being renewed or transferred.

9. This licence is to be used under and in accordance with the regulations made or to be made under the provisions of the said Act and for the time being in force.

10. This licence may be forfeited if the licensee commit a breach of or neglect to comply with any of these conditions.

11. The publication of a notice in the *Government Gazette*, purporting to declare that the Governor or Administrator, with the advice aforesaid, has forfeited this licence, shall be conclusive evidence that the licence is forfeited.

12. The ring-barking of the timber upon the land by the licensee is expressly forbidden, nor is he entitled to destroy or cut and take away any such timber; and should he be found destroying, felling, or removing live or dead timber without a licence authorizing him so to do he will be prosecuted according to law.

#### Special Conditions :

1. The period of occupation will be from 1st April, 1894, to 31st December, 1894.

2. The licence-fee must be paid in advance. The fee for the period from 1st April, 1894, to 31st December, 1894—for which the licence will be issued—must accompany the tender, or be paid by the successful tenderer or his agent immediately on the declaration of the acceptance of the tender, otherwise the offer of the next highest tenderer who may be prepared to comply with this condition may be accepted.

3. Tenders to be for so much per lot and block per annum.

4. Separate tenders must be lodged for each block.

5. Tenders to be indorsed—"Tender for Lot 1, Block 147," or "Lot 2, Block 600," or "Lot 3, Block 1071," as the case may be.
