NOTICES TO MARINERS.—NEW ZEALAND.

THE following Notices to Mariners, which have been received from the Marine Department, Wellington, are published for general information.

H. N. P. WOLLASTON,

Secretary for Trade and Customs.

Department of Trade and Customs,
Melbourne, 8th May, 1895.(Extracted from *New Zealand Gazette*, 25th April, 1895.)

[No. 12 of 1895.]

Cook Strait Entrance to Queen Charlotte Sound.

THE following are the particulars of the recent survey made by Mr. Perham of the passage between Jackson's Head and the Beacon:—

The small rock (Muir Rock), which shows 3 feet above high-water mark, lies north of Jackson's Head, distant 40 feet. From Muir Rock draw a straight line to the Beacon, which bears N. 29° E., distant 1,650 feet.

The Hawea Rock is 330 feet distant from Muir Rock, and is nearly on the above-mentioned straight line.

A rock (Perham Rock) has been discovered in the fairway. From Muir Rock to Perham Rock the distance is 730 feet, and from the Beacon to Perham Rock the distance is 920 feet. Perham Rock is 80 feet E.S.E. of the above-mentioned straight line.

The Hinemoa Rock is 460 feet from the Beacon, and is 90 feet E.S.E. of the above-mentioned straight line.

At a distance of 260 feet from the Beacon, and nearly on the above-mentioned straight line, another rock (Conway Rock) has been discovered.

The depth of water on the rocks herein mentioned at low-water spring-tides is as follows:—Hawea Rock, 2 $\frac{1}{2}$ fathoms; Perham Rock, 3 $\frac{1}{2}$ fathoms; Hinemoa Rock, 2 $\frac{1}{2}$ fathoms; and Conway Rock, 1 $\frac{1}{2}$ fathoms. Vessels should not pass between Hinemoa Rock and the Beacon, or between Hawea Rock and the mainland, as there are innumerable rocks in the vicinity with very little water on them.

There is a good passage 800 feet wide between Hinemoa Rock and Hawea Rock in mid-channel suitable for vessels of light draught, but it is recommended that this passage should not be used by vessels drawing over 12 feet of water owing to the strong tidal currents that prevail, and the uncertainty of their direction at the different stages of the tide, which are likely to take a vessel out of her proper course.

The bearings are all correct magnetic. A chart is now being prepared, which, when completed, can be obtained at the principal Custom Houses in the colony.

It is hereby notified that the pendant D will be hoisted on the signal-staff at the mouth of the Waimakariri River when, in the opinion of the Signalman, the bar is not fit for vessels outward bound.

BEECHWORTH MINING DISTRICT.

BY-LAWS.

AT a Meeting of the Mining Board of the Mining District of Beechworth, held at Beechworth in the said district, on the twenty-ninth day of January, in the year of our Lord One thousand eight hundred and ninety-five, it is ordained by the said Board as follows, that is to say:—

By-law No. 1.—Repeal of Existing By-laws.

That all and singular the by-laws hitherto framed and adopted by the Mining Board of Beechworth, and numbered from one to fifty-five (1 to 55), shall be and the same are hereby annulled and repealed so far as the same may be in force in the Mining District of Beechworth or any part thereof; nevertheless, no existing right, interest, privilege, liability, or obligation shall be affected by the repeal of the by-law under which such right, interest, privilege, liability, or obligation is occupied or enjoyed, or shall have been incurred.

By-law No. 2.—Standing Orders of the Beechworth Mining Board.

1. On the assembling of the board after every election, the clerk shall read the returning officer's intimation setting forth the names of the persons who have been elected as members of the board, and the division for which they have been returned.

2. Every member on first taking his seat at the board shall enter his name and address in a book to be kept for that purpose.

3. The board having been constituted, the minutes of the previous meeting shall be read by the clerk. No discussion shall be allowed on such minutes, except as to their accuracy as a correct record of the proceedings of the board.

4. The reading of the correspondence received shall then be taken as the next order of the day.

5. All motions and notices of motion shall be given in writing to the chairman, and shall be read, signed, and dated by the mover.

6. Any motion or amendment not seconded shall not be debated, but shall lapse; and no discussion shall be allowed on a motion for adjournment.

7. Any member having proposed a motion or amendment may withdraw the same; but should it be seconded, it can only be withdrawn by consent of the board.

8. All motions which, if carried, would have the effect of introducing new regulations into this district shall be first affirmed by the board, then considered in committee of the whole, and if necessary amended, and shall again be affirmed by the board before it shall be deemed to be finally adopted. No such motion shall be read a third time, except at the time appointed for the third reading of all which have been agreed to at the same sitting of the board.

9. The mover of any motion or amendment, or any member speaking thereto, or any member asking a question or bringing any subject before the board, shall rise and address the chairman, and shall not be interrupted unless called to order, when he shall resume his seat until the question of order shall have been disposed of by the chairman, whose decision shall be final.

10. All members shall stand when addressing the board.

11. If two or more members rise at the same time to speak, the chairman shall decide who is entitled to priority.

12. One amendment only shall be discussed at one time; but, if lost, one other can be moved before the original motion is put to the vote. In the event, however, of an amendment being carried, the original motion shall be deemed rejected, and the amendment so carried shall take the place of such original motion, and on it one amendment may be moved, but no more.

13. No member shall speak twice to any question or motion before the board, except (with the sanction of the chairman) in explanation or reply, or in committee of the whole; notwithstanding, a member making a substantive motion shall have the right of reply; any member merely seconding a motion shall not be held to have spoken to it.

14. All questions before the board shall be determined by the chairman putting the question to each individual member, who shall vote by replying "Aye" or "No."

15. In every division the votes of both ayes and noes shall be recorded, and every member present shall be required to vote.

16. Any member may require the clerk to take down any particular words used by another member immediately upon their being spoken.

17. The business of the board shall be conducted, on all ordinary occasions, with open doors; but any two members may require the exclusion of strangers, until it shall be decided by the board whether any particular question proposed to be introduced shall be discussed with open doors.

18. Any or each of the following acts, words, or omissions shall constitute and be a breach of order, punishable as a breach of by-law, unless the offending member, upon being called to order, do make a satisfactory apology to the board, viz.:—

Addressing the board in any other than a standing posture, without permission of the chairman.

Interrupting another member while addressing the board, except upon a point of order.

Presenting to the board an application disrespectfully worded.

Refusing to cease speaking when interrupted by a call to order.

Disorderly conduct in the board-room, using offensive language, imputing improper motives, or making personal reflections on a member.

Disobeying the lawful orders of the chairman.

Any member, after taking his seat, who shall wilfully absent himself without permission of the board.

19. It shall be competent, by a vote of two-thirds of the members present, for the board to suspend any standing order herein contained, provided the effect of such suspension shall not be the rescinding of any resolution previously adopted by the board at the same sitting.

By-law No. 3.—Disputed Elections.

1. It shall be competent for any duly qualified elector, or any member of this board, to dispute the validity of the election of any member thereof within three months from the date of such member having been officially declared elected, by forwarding to the chairman a statement, in writing, of the objections made against the validity of such member's election. Upon the presentation of any such statement, it shall be necessary for the parties to deposit with the clerk of the board the sum of Ten pounds (£10), to cover any expenses not hereinafter specially provided for, and in the event of such sum proving excessive, any balance remaining after payment of such expenses shall be returned to the depositors. And no statement as above shall be entertained by this board unless such sum shall have been so deposited.

2. Upon the receipt by the chairman of any such statement, he shall give to the person who shall have forwarded the same and the member whose election is alleged to be invalid, not less than fourteen days' notice of the time when such objections will be investigated by the board.

3. At the time appointed for the hearing of the dispute, the objectors, and also the member objected to, shall produce their miners' rights; and the board shall then proceed to investigate the matter, and shall hear statements in evidence from either party. The hearing of the dispute may be adjourned for any period which may in the opinion of the board be deemed necessary.

4. At the close of the investigation the votes of the members of the board shall be taken in the usual manner. "Aye" or "No," and the majority of either finding shall be the decision of the board, which shall be final and conclusive in the matter of such disputed election.

5. Should the decision of the board be that the member objected to has not been duly elected, the chairman shall forward to the returning officer a copy of the resolution to that effect.

By-law No. 5.—Possession of Claims.

Any person, or any two or more persons in conjunction, may take possession of and occupy any number of parcels of Crown lands for gold mining purposes, in such manner, of such quantities and dimensions, and with such boundaries as is prescribed in these by-laws, each of which parcels shall be deemed to be a claim, or one man's ground; and (except in special cases otherwise allowed under the provisions of these by-laws) shall keep constantly employed, on or in connexion therewith, one

man for each and every parcel he or they occupy; and when a number of parcels adjoin each other and are amalgamated, they shall be deemed to be one amalgamated claim, on or in connexion with which the owner thereof shall (except in special cases as aforesaid) keep constantly employed a number of men equal to the number of parcels comprised therein.

By-law No. 6.—Mode of Taking Possession.

Any person or persons taking possession of a parcel of Crown land for gold mining purposes, or any number of such parcels adjoining each other, and which may be amalgamated, shall do so by erecting or causing to be erected a post at each angle of the boundary line, which shall bound such parcel or parcels; such posts shall be not less than three inches in diameter, be firmly fixed in the ground, and extend not less than three feet above it; and define the angles of such boundary lines by trenches not less than three feet in length by six inches in depth; and show such posts and trenches to any person requesting to see the same; and shall, within four days after taking such possession, register the same with the registrar.

By-law No. 7.—Registrations, how Effected.

1. Any person having taken possession of any claim or other mining tenement in accordance with these by-laws shall, within four days after taking such possession, register the same with the registrar, and shall at the same time produce his miner's right, and shall allow the registrar to indorse the number and date of registration thereon, and shall receive from the registrar a certificate of registration in the form of Schedule A. All registrations of claims shall be made in the form of Schedule B.

2. After a claim or other mining tenement shall have been registered in which there are more shareholders than one, the owners thereof may divide the interest in such claim or other mining tenement into any number of shares that may be agreed upon; the shares to be consecutively numbered 1, 2, 3, &c., with the names of the shareholders opposite their respective shares; and shall make application to the registrar for registration thereof in the form of Schedule C. Each shareholder shall receive from the registrar a certificate in the form of Schedule D. The number of shares in any claim or company may be increased from time to time in like manner.

3. Any person wishing to transfer his interest in any mining tenement, business or residence site, or lien thereon, shall do so in the form of Schedule E, and shall register the same with the registrar. No transfer shall be valid unless registered.

4. Claimholders wishing to have their respective claims amalgamated or united as provided for in these by-laws, shall have such amalgamation or union registered by making application to the registrar in the form of Schedule F; and shall receive from the registrar a certificate of such registration in the form of Schedule G.

5. Holders of shares in incorporated mining companies shall be exempt from the necessity of registering their shares or interests, or transfers of such, with the registrar. Provided the claim and other mining tenements of such companies have been duly registered in accordance with the provisions of these by-laws.

By-law No. 8.—Conditions under which Claims shall be held.

If any claimholder shall not, within seven days from the date of the registration of his claim (except otherwise specially provided under the provisions of these by-laws), employ and continue to keep employed on or in connexion therewith, a number of men equal to the number of parcels comprised therein, then so many of such parcels as are unrepresented shall be forfeited; such forfeited parcels shall form one area and be taken from such end of the claim as the person forfeiting the same may determine.

By-law No. 9.—Maintenance of Posts and Notices.

It shall be the duty of every claimholder to maintain in good order the boundary posts, trenches, and land-marks of his claim and other mining tenements held in connexion therewith, and all notices required to be posted on any part of such claim or other mining tenement by any of these by-laws.

By-law No. 10.—Ordinary Alluvial Claims.

Ordinary alluvial claims, i.e., alluvial claims where the depth of sinking does not exceed forty (40) feet, shall be a parcel of ground not exceeding sixty (60) feet square for one man; not exceeding eighty (80) feet square for two men; not exceeding one hundred (100) feet square for three men; not exceeding one hundred and twenty (120) feet square for four men. Provided always that no claim shall be marked off so that the length thereof shall exceed three times the width thereof.

By-law No. 11.—Bank Sluicing Claims.

Bank sluicing claims, i.e., alluvial claims which do not include the bed of a creek or river, shall be a parcel of ground not exceeding 25 yards in width by 130 yards in length for each man. All such claims when amalgamated shall adjoin each other for a distance of not less than 100 yards.

By-law No. 12.—Creek Claims.

Creek claims, i.e., claims which include the bed of a creek or river, shall be a parcel of ground not exceeding 25 yards in the direction of the course of the stream by 100 yards in width for each man, excepting in the following places, viz.:—In the Mitta Mitta and Goulburn divisions the claims shall not exceed 50 yards in the direction of the course of the stream by a width of 100 yards for each man; in that portion of the Yackandandah division situate between the lower part of Allan's Flat and the junction of the Yackandandah Creek with the Kiewa River, the claim shall not exceed 50 yards in the direction of the

course of the stream by a width not exceeding 400 yards for each man. But in the aforesaid portion of the Yackandandah Creek, where ten or more claims have been amalgamated so as to form one claim, it shall only be necessary during the sinking of the pump-shaft to employ one-half the number of men required to represent such amalgamated claim, without rendering any portion thereof liable to forfeiture.

By-law No. 13.—Quartz Claims.

Quartz claims shall not exceed 40 yards in length on the supposed course of the reef, by a width not exceeding 150 yards across such course, for each man.

The measurements of all quartz claims shall be horizontal.

By-law No. 14.—Ordinary Frontage Claims.

1. Dry frontage claims, i.e., alluvial claims exceeding 40 feet in depth, the drainage of which (if any) does not amount to 1,200 gallons of water per 24 hours.

2. Wet frontage claims, i.e., alluvial claims exceeding 40 feet in depth, the drainage of which is at least 1,200 gallons of water per 24 hours.

3. A frontage claim occupied on a supposed lead shall not exceed 65 feet in length by a width not exceeding half-a-mile. The holder of any such claim may defer the working thereof until the lead is discovered without rendering the claim liable to forfeiture, provided he allows the registrar to mark on his miner's right the progressive number of the claim and date of registration, and shall on the same day post a notice on some conspicuous place on the claim, stating the progressive number of the claim, the name of the person registered therefor, and the date of registration; and shall, within forty-eight hours after the lead is discovered, and the claims laid off by the surveyor, commence and carry on work upon the claim laid off for him in the usual manner of proper and efficient mining.

4. Upon the discovery of the lead, all claims previously occupied shall be deemed to be forfeited, and the holders thereof shall be entitled to occupy in lieu thereof claims as laid off by the surveyor according to their priority of registration, excepting where any claimholder on such undiscovered lead has sunk a shaft at least two-thirds of the depth of the prospecting shaft previous to the discovery of the lead, in which case such claimholder shall be entitled to hold the parcel in which the shaft is situated, together with the number of adjoining parcels equal to the number of men constantly employed in sinking the shaft.

5. The extent of ground which may be taken possession of as a claim on a discovered frontage lead shall be determined by the depth on the lead below the surface of the ground in the nearest shaft being worked on such lead, and in the event of none being worked, from the most reliable data obtainable, and shall be in accordance with the following scale:—

On dry frontage leads where the depth of sinking exceeds—
40 feet and does not exceed 100 feet, 50 feet on the course of the lead by a width of half-a-mile;
100 feet and does not exceed 150 feet, 60 feet on the course of the lead by a width of half-a-mile;
150 feet and does not exceed 200 feet, 70 feet on the course of the lead by a width of half-a-mile;

and so on, 10 feet being added to the length of the claim for every 50 feet additional in depth of sinking, until gold in payable quantities has been found in the claim, after which the width of the claim shall not exceed 200 yards.

6. On wet frontage leads where the depth of sinking exceeds—

40 feet and does not exceed 100 feet, 60 feet on the course of the lead by a width of half-a-mile;
100 feet and does not exceed 150 feet, 70 feet on the course of the lead by a width of half-a-mile;

and so on, 10 feet being added to the length of the claim for every 50 feet additional in depth of sinking, until gold in payable quantities has been found in the claim; thereupon the owners of such claim shall cease to be entitled to occupy a greater width than 400 yards across the course of the lead for a distance of 100 yards above and below the point where gold in payable quantities shall have been found in such claim; and shall within 48 hours from the time of the application of any person, being the holder of a miner's right, requiring them to define the boundary lines of the reduced width of such portion of such claim, do so in the same manner as is prescribed in By-law No. 6, as the mode of taking possession of claims.

7. On dry frontage leads no more than 50 men's ground shall under any circumstances be amalgamated and held as one claim.

8. On wet frontage leads no more than 100 men's ground shall under any circumstances be amalgamated and held as one claim.

By-law No. 15.—Extended Areas which may be occupied by the Projectors of Mining Companies under the Frontage By-law.

1. On wet frontage leads where the sinking exceeds 100 feet in depth:—

One man may take possession of	10 men's ground
Two men	" " 20 "
Three men	" " 30 "
Four men	" " 40 "

and so on up to 100 men's ground, without commencing work for a period of four months, such period being allowed for the formation of a company to work the ground. If at the expiration of the said period a company has been formed and registered under an Act of Parliament (excepting Act 1120), and a deed of partnership executed, the required officers of such company having been appointed and one-half of the proposed capital subscribed for, and the deposit on said subscribed for shares duly paid up, amounting in the aggregate to not

less than two hundred and fifty pounds sterling (£250), the manager, on making a statutory declaration setting forth that the aforesaid requirements have been complied with, shall be entitled on behalf of the company to hold the ground for a further period of six months by keeping constantly employed one man for every ten men's ground comprised in such united or amalgamated claim. Provided that such statutory declaration be published in two consecutive issues of a local newspaper, and also registered with the registrar. On the expiry of the aforesaid period of six months, if the requisite number of men have been constantly employed on such claim, the manager shall, on behalf of the company, be entitled to hold the ground for a further period of twelve months by keeping constantly employed on the claim one man for every five men's ground contained in such claim; always provided that, should the holders of such claim fail to form a company within the first-mentioned period of four months, or if formed, fail otherwise to comply with the provisions of this by-law, on proof that the before-mentioned provisions and conditions have not been complied with within 21 days from the receipt by any of them of a written notice or complaint to that effect from any person or persons who may desire to obtain possession of any portion of such claim, then all such holders' right and title to such claim shall be absolutely forfeited, and the person or persons who served such notice on said holders shall be entitled to obtain possession of any portion of such forfeited claim, subject to the provisions and conditions imposed under these by-laws.

2. It shall be imperative that, within fourteen days after registration, the occupation of such extended areas shall be advertised in a local newspaper, in at least two consecutive issues, and a copy of the mining registrar's certificate posted on a conspicuous place on the claim.

3. No occupation under this by-law shall be valid, unless within 28 days of registration the claim has been surveyed by the mining surveyor and a copy of the plan of survey deposited with the mining registrar, except in such case as is provided for in By-law No. 47.

4. Should any dispute arise as to the provisions of this by-law not having been complied with, the onus of proof shall rest with the holders of such claim.

By-law No. 16.—Worked and Abandoned Ground.

1. All claims in worked and abandoned ground shall not exceed the following areas, viz.:

Bank sluicing claims, 50 yards by 130 yards for one man.
Creek or river claims, 50 yards in the direction of the course of the stream by a width of 100 yards for one man.

Ordinary alluvial claims shall not exceed an area of twice the size of that allowed in new ground for one man.

Quartz claims shall not exceed 80 yards in length on the supposed course of the reef by 150 yards in width across such course for one man. Not more than three (3) men's ground shall be amalgamated and held as one claim under this section.

2. Any person purposing to construct a tail-race and appliances, or to erect machinery for the purpose of mining such ground, may (in addition to the claims which he may be entitled to hold under the provisions of this by-law) temporarily occupy two extra claims of the same class for every £250 up to £2,000 proposed to be invested in the construction of such tail-race or the erection of such machinery. The temporary occupation of all such extra claims must be registered with the registrar, and also the sum proposed to be invested. Where the holder of any extra claim has not, within one month from the date of occupation of such claim, *bona fide* commenced the construction of such tail-race or erection of such machinery, his title to such extra claims shall be deemed to be forfeited.

3. If at the expiration of six months from the date of occupation, two hundred and fifty pounds (£250) have not been expended in the construction of such tail-race or the erection of such machinery, all title to the temporary occupation of such extra claim shall be deemed to be forfeited; or if at the expiration of twelve months from the date of occupation of any such extra claims, five hundred pounds (£500) have not been expended, or if at the expiration of eighteen months seven hundred and fifty pounds (£750) have not been expended, or if at the expiration of two years one thousand pounds (£1,000) have not been expended, or if at the expiration of two years and six months fifteen hundred pounds (£1,500) have not been expended, or if at the expiration of three years from aforesaid date two thousand pounds (£2,000) have not been expended in the construction of such tail-race or erection of such machinery, then all title to temporarily occupy claims in excess of two (2) for every two hundred and fifty pounds (£250) expended on the construction of such tail-race shall be deemed to be forfeited.

4. When mining operations shall have been commenced on any of such claims by the using of such tail-race or machinery, the construction of such tail-race or the erection of such machinery shall be deemed to be completed, and the owner thereof shall be entitled permanently to occupy two (2) extra claims for every two hundred and fifty pounds (£250) up to two thousand pounds (£2,000), invested in the construction of such tail-race or erection of such machinery without employing men to represent such extra claims.

5. Any person who shall have expended two hundred and fifty (£250), five hundred (£500), seven hundred and fifty (£750), one thousand pounds (£1,000), fifteen hundred pounds (£1,500), or two thousand pounds (£2,000), respectively, in constructing a tail-race or in erecting machinery for mining such ground, shall be entitled to hold (in addition to the area allowed for a claim by the by-law under which he occupies) extra claims as provided for by this by-law. Provided that such extra claims adjoin his original claim, and with it form one area or claim.

6. When any dispute shall arise under this by-law, in reference to the title to any extra claim held, the onus of proof of the cost of the tail-race or machinery shall lie with the owner thereof.

By-law No. 17.—Extra Claims.—Mitta Mitta Division.

1. Any person proposing to construct a race for the purpose of conveying water to his claim may, in addition to the ground he is entitled to occupy by virtue of his miner's right, temporarily occupy thereunder until the completion of such race (but subject as in this by-law after mentioned) three extra claims of the same class for every £100 up to £500 proposed to be expended on such race. The temporary occupation of all such extra claims must be registered with the registrar, together with the sum proposed to be invested.

2. When the holder of any such extra claims has not, within one month from the date of occupation of such, *bona fide* commenced the construction of such race, his title to such extra claims shall be forfeited. If at the expiration of three months from the date of occupation, £100 has not been invested in the construction of such race, his title to the temporary occupation of such extra claims shall be forfeited; and if at the expiration of twelve months from the date of occupation, £500 has not been invested in the construction of such race, then he shall only be entitled to permanently occupy three extra claims for every £100 so invested; and the remaining temporarily occupied claims shall be forfeited.

3. When mining operations shall have been commenced on any such claims by the using of such race, the construction of such race shall be deemed to be completed, and the owner thereof shall be entitled to permanently occupy three extra claims for every £100 expended (up to £500) on the construction of such race.

4. When any dispute shall arise under this by-law in reference to the title to any extra claims held, the onus of proof of cost of construction of the race shall rest with the owner thereof.

5. This by-law to apply to the Mitta Mitta division only.

By-law No. 18.—Prospecting Claims.

1. Any one or more persons purposing to prospect or search for gold in alluvium at a distance of not less than one mile from the centre of the nearest occupied alluvial claim shall be entitled to the possession of a parcel of Crown land not exceeding 500 yards square, in the manner described in By-law No. 6, and provisionally occupy the same as an alluvial prospecting claim until the discovery of gold in payable quantities therein, or until it has been forfeited or abandoned.

2. Any one or more persons purposing to prospect or search for an auriferous lode or quartz reef at a distance of not less than 500 yards from the nearest occupied quartz claim, shall be entitled to take possession of a parcel of Crown land not exceeding five hundred yards by two hundred and fifty yards, (500 yards x 250), in the manner prescribed in By-law No. 6, and provisionally occupy the same as a quartz prospecting claim, until the discovery of an auriferous lode or quartz reef therein, or until it has been forfeited or abandoned.

3. Persons provisionally occupying any prospecting claim shall register the same with the registrar, and shall keep posted on some conspicuous place near to the prospecting bore, shaft, drive, trench, or cutting a copy of the certificate of the registration of such prospecting claim.

4. Upon the discovery of gold in payable quantities in any prospecting claim the title to provisional occupation shall be forfeited, and the prospectors shall be entitled to occupy in lieu thereof a claim in accordance with the following scale, viz.:—If the depth of sinking does not exceed 40 feet from the surface to the bed-rock, a claim equal in dimensions to four men's ground under By-laws Nos. 11 and 12. If the depth of sinking exceeds 40 feet from the surface to the bed-rock, a claim equal in dimensions to six men's ground under By-law No. 14. If an auriferous lode or quartz reef, a claim equal in dimensions to four men's ground under By-law No. 13. Provided that within fourteen days from the date of discovery aforesaid they report the same to the registrar of the division in which the prospecting claim is situated.

5. When any persons discover gold in payable quantities in alluvium or in an auriferous lode or quartz reef at the respective distances hereinbefore mentioned from an occupied alluvial or quartz claim, although they do not at the time of such discovery provisionally occupy a prospecting claim, they shall nevertheless be entitled to occupy a claim of the respective dimensions prescribed in the scale, clause 4, of this by-law.

6. Any person who discovers an auriferous lode or quartz reef at a distance of not less than 50 yards from the mean line of the quartz reef in the nearest occupied quartz claim shall be entitled to occupy as a claim 160 yards on the course of the reef so discovered by a width of 150 yards, such distance to be measured on a line at right angles to the said mean line of reef.

By-law No. 19.—Relinquished and Abandoned Claims.

When any claim or mining tenement on which mining operations have not been lawfully suspended, or which is not otherwise exempted and protected from forfeiture, pursuant to the provisions of these by-laws, shall have been left unoccupied by reason of the owner thereof having discontinued mining operations thereon or in connexion therewith for a period of six consecutive weeks, such claim or mining tenement and all lawful title thereto shall be deemed to have been relinquished and abandoned, and any person may take possession thereof for gold mining purposes in accordance with and subject to the provisions and conditions of these by-laws without giving any notice to the previous owner of such claim or mining tenement, or being liable to pay any compensation to him, should any dispute arise between the persons so taking possession of such relinquished and abandoned claim or mining tenement and the previous owner thereof, in consequence of such previous owner claiming to have a lawful prior title thereto, the latter shall in

no way interfere with the mining operations of the person who shall have taken possession thereof, but shall summon him before a warden, who shall ascertain and determine whether the events constituting the relinquishment and abandonment of such claim or mining tenement and all lawful title thereto did occur; and the onus of proving that such events did not occur shall lie with the person claiming to have a prior title to the claim or mining tenement in dispute.

By-law No. 20.—Union or Amalgamation of Claims.

1. Any number of claims which shall adjoin each other in at least half their length or width may be amalgamated or united and occupied as one claim, except where otherwise ordained by any by-law of this board; provided always that the number of men ordained to be employed on or in connexion with the claims if occupied singly shall be employed on or in connexion with the united or amalgamated claim.

2. Where a creek claim is united to one or more claims of any other class, the water privileges of such creek claim shall not extend further than if such creek claim had not been united or amalgamated to any other. All such amalgamations shall be effected by registration.

By-law No. 21.—Races.

1. Any person intending to cut or construct a race for mining purposes shall register the same with the registrar, stating the proposed extremities thereof, and shall mark the proposed course with pegs at least three feet in length, at intervals not exceeding 100 yards. He shall then be deemed to be in possession of such proposed course; but if he shall not within one month from the date of registration begin to form such race, or having begun shall not continue the formation thereof, he shall forfeit his title to any portion of the proposed course of the race which has not been cut or constructed.

2. The owner of any race used for mining purposes shall be entitled to hold, in addition to the site of such race, five feet on each side thereof.

3. The head of any race cut for the purpose of diverting water from any creek or river shall not be shifted to the prejudice of any existing race.

4. The owner of any race shall build and maintain efficient bridges where any road in ordinary use crosses such race.

By-law No. 22.—Races on Occupied Crown Lands.

When the owner of any claim shall require for its efficient working to enter upon, and to cut, construct, and use a race, tail-race, drain, or box-flume, through or upon any claim, business or residence site, or under, over, or across any other race, tail-race, drain or easement held and enjoyed by any other person under the provisions of these by-laws, he shall be entitled to do so and to enjoy the same rights and privileges, and shall incur the same liabilities and obligations in respect of the same, as if it were cut or constructed on unoccupied Crown lands: Provided he cut, construct, frame, and form such race, tail-race, drain, or box-flume, in such manner that it will not prevent mining operations being carried on in the claim, or injure the race, tail-race, drain, business, or residence site, or easement through or upon, or under, over, or across which it may be cut, constructed, and used.

By-law No. 23.—Tail-races.

The holder of any claim using a tail-race in connexion with such claim shall be entitled to occupy an area for the site of such tail-race, not exceeding one mile in length by a width of twenty-seven feet for a distance of twenty yards from the upper end of such tail-race, and a width of twelve feet for the remaining portion thereof: Provided he register the same with the registrar. Nevertheless, no person shall be entitled to occupy any greater length of tail-race than is necessary for his requirements.

By-law No. 24.—Water for Domestic Use.

Any spring, water-hole, or other depository of water may be reserved for domestic purposes on the following conditions, viz.:—Application shall be made to the mining registrar for the registration thereof, in the form of Schedule R, by not less than two holders of miners' rights or business licences; and a copy of the certificate of such registration to be kept posted on a conspicuous place within 12 feet of such water. Nevertheless, any surplus water that may overflow from such reserved spring, water-hole, or other depository of water, or any water that may be in excess of the requirements of those for whose use such water is reserved, may be registered, diverted, and used for mining or other purposes.

By-law No. 25.—Water-rights.

1. Rights to divert water shall be divided into three classes, viz., creek water-rights, bank water-rights, and motive-power water-rights.

2. Creek water-rights shall in all cases be superior to others.

3. Bank water-rights shall be superior to motive-power water-rights, except in the Yackandandah division, in which motive-power water-rights used in connexion with a creek claim shall be superior to bank water-rights.

4. Motive-power water-rights, taken up in connexion with a quartz claim in that portion of the Buckland division known as Wandilung, shall be superior to bank water-rights.

5. Creek and motive-power water-rights, taken up in connexion with a creek claim, shall be deemed to belong to the claim or area with which they were first occupied, and shall not be used in or extended to any other claim.

6. The superiority of water-rights of the same class shall be determined by priority of registration.

7. If a bank water-right be not used for a period of one month at a time when water is available for it, such water-right shall be deemed to be forfeited.

8. The alteration of the course of a race at any time shall not in any way affect any water-right or privilege attached to such race.

9. If the water flowing in any creek or river is insufficient to supply all the water-rights derived from such creek or river, the owner of any water-right shall, on the receipt of a written notice from the owner of any superior water-right (in form of Schedule II), cease to divert or make available to the superior water-right his supply of water, or such portion thereof as shall be necessary to make up the supply of the superior water-right, and shall not resume such diversion until a supply in excess of the quantity allowed to such superior right shall be available.

2. Any person desiring to occupy for a mining purpose any such Crown land as hereinbefore mentioned, shall do so provisionally by fixing posts defining the area he desires to occupy as aforesaid, in the same manner as is prescribed for occupying claims or easements. If such person shall be prevented from fixing such posts by the person using such land as aforesaid, in such case it shall be sufficient if such person shall define the area aforesaid as near to the manner aforesaid as the circumstances will permit, and register the provisional occupation of such land with the registrar within four days of the time of fixing such posts.

3. For the purpose of determining the amount of such compensation, the person or his agent using such land as aforesaid, and the person or his agent desiring to occupy such land for a mining purpose, shall each upon the receipt of a written request from either, requesting him to appoint some person to act in his behalf as a valuator, appoint some person accordingly. If at the expiration of fourteen days from the date of the receipt of such written request either party shall have failed to appoint some person who will act in their behalf as a valuator, and who will determine the amount of compensation as aforesaid, within the seven days next ensuing, then a valuator who may have been appointed by either party shall be deemed to have been appointed by and may act alone on behalf of both parties. When both parties appoint a valuator, and such valuator is unable to agree to the amount of compensation to be paid, it shall be competent for such valuator to appoint a third party whom they shall mutually agree to. The decision of any valuator acting alone for both parties, or the decision of a majority of three valutors appointed as herein ordained, as regards the amount of compensation to be paid to the person or his agent using such land as aforesaid by the person occupying it for a mining purpose, shall in either case be final and conclusive to all intents and purposes whatsoever. When such valuator or valutors shall have ascertained the amount of compensation to be paid as aforesaid, they shall deliver their decision, in writing, in the following form:—

I [or we], the undersigned, having been duly appointed to ascertain and decide upon the amount of compensation to be paid by _____ prior to his occupying for a mining purpose that piece of Crown land lawfully used by _____ situated at _____ marked by posts, and measuring more or less, do hereby, in pursuance of the provisions of By-law _____, decide and award the amount of such compensation to be £ _____ s. _____ d. (_____ pounds shillings and pence)

3. When the holder of any drainage area, by efficient drainage appliances, drains such area, he shall be entitled to drainage rates, as hereinafter provided, from every claim-holder or leaseholder occupying within such area.

4. The principle on which drainage rates shall be charged to each claim-holder or leaseholder within such area shall be by equitably proportioning (according to the areas held by each of the said claim-holders or leaseholders whose workings are on or below the datum water-level) the ascertained monthly expenditure incurred in working and maintaining such drainage appliance, together with interest not exceeding 25 per centum per annum on the amount of capital expended on the purchase, erection, or construction of any such drainage appliance.

6. The holder of a drainage area shall keep his drainage appliance continuously at work, if necessary, and shall at all times maintain such in an efficient state, so as to prevent the water from rising in the works of the claims or leases within said area; but no holder of such drainage area shall be held liable for any damage caused to any claim or lease through the sudden stoppage of his drainage appliance if it can be proved that such stoppage was necessary or caused by an accident to such appliance and that the necessary repairs were made and drainage resumed with the utmost despatch by the said holder.

7. The holder of any such drainage area refusing or neglecting to comply with any of the conditions herein stated shall be deemed to have committed a breach of this by-law, and shall be liable to a penalty not exceeding £10, nor less than £5; and if within 14 days after the imposition of the said penalty he shall not have resumed efficient drainage of such area, he shall be deemed to have forfeited all right and title to such drainage area and rates from the claim-holders or leaseholders occupying within such drainage area.

8. All rates imposed under this by-law shall become due once a month, and shall be payable to the clerk of the Beechworth Mining Board, who shall deposit the same in the Bank of New South Wales, Beechworth, and pay the same by cheques (after deducting expenses of collection) to the holder of the drainage area; such cheques to be signed by two members of the board, one of whom shall be the chairman or acting chairman, and by such clerk, as provided for in the 111th section *Mines Act 1890*.

9. The owner of any claim or lease within any drainage area who is necessitated, in order to effect the efficient drainage of his claim or lease, to erect or construct and maintain a separate drainage appliance to drain such claim or lease shall be held to be exempt from the payment of any drainage rates on account of such claim or lease.

10. The holder of any drainage area shall notify his occupation of the same to the clerk of the Beechworth Mining Board, accompanied by a copy of the plan of survey and a voucher of the monthly expenditure incurred in maintaining such drainage appliance, together with a statement of the locality, the extent of area held, the number of claims or leases contained therein, the area of such claims or leases, the names and addresses of the registered owners from whom he claims drainage rates under this by-law; and the said clerk shall thereupon serve or cause to be served upon the respective owners thereof a notice setting forth the amount of drainage rate, awarded on the principle hereinbefore named, to be paid by them; and the rate so notified shall be the rate levied and claimed on account of the drainage of any such claim or lease, unless the same be varied or set aside on appeal, as provided for in section 110 *Mines Act 1890*.

11. Any holder of a drainage area who desires to relinquish such may do so, provided he obtain the written consent of the manager of each claim or lease within the said area, otherwise he shall give notice of his desire to the manager of each claim or lease within said area at least two months before stopping his drainage appliance; and any holder of a drainage area neglecting to give such notice may be proceeded against for all damage or injury that such claim-holders or leaseholders may have sustained in consequence of such stoppage.

12. In the event of any of the owners of claims or leases situate within any drainage area transferring their interest to any other persons, notice of such transfer, with the name of the transferee, shall be given to the clerk of the mining board, Beechworth.

When any call of money shall have been made by a majority as aforesaid of the members of any company for any of the purposes aforesaid, every member shall forthwith pay unto the person appointed to receive the same his part or proportion thereof; and every call shall become due twenty-four (24) hours after the same shall be made. When any member shall make default in payment of any such call for the space of fourteen (14) days next after such call shall have become due, a meeting of the company shall be called in the same manner as the meetings of the said company have heretofore usually been called, and notice of such meeting, in the form and to the effect hereinafter provided, shall be delivered to the defaulting member, should his address be known, and advertised three (3) clear days in one or more newspapers circulating or published in the division in which the claim is situated before the time of holding such meeting, and such notice shall be signed by the manager or other presiding member of the company. And when said meeting shall be held, if the said defaulting member shall not in the meantime have paid all arrears due by him, and shall not be present, or being present shall not then pay up the amount due, a majority of members then present, having paid up all arrears, may cause proceedings to be taken in a court of competent jurisdiction to have such share or interest declared forfeited.
