THE Commissioners of the Wycheproof Waterworks Trust, in pursuance of the powers conferred by the *Water Act 1890*, do make the following Regulations:-

No. 1.

Regulation for determining rates to be paid for supply of water for domestic and other use, for preventing waste of water, and for other purposes in connexion with water supply for the Urban District situated within the Wycheproof Waterworks Trust District, and which Urban District was proclaimed and defined on the 29th April, 1898.

1. A supply of water for domestic purposes shall not include a supply of water to any livery or carriers' stables or troughs, or a supply for steam boilers, or for any manufacturing purpose, or

No hose or pipe is to be applied to any pipes or taps for the purpose of watering the ground or trees or plants, or washing the house-walls, or carriages, or for any similar purpose, unless the water is charged for by meter. Siphon pumps will not be allowed unless the water is supplied by measure.

2. The charges for water supplied by measure for other than domestic use, except in cases of special agreement with the Trust, shall be at the rate of Two shillings per 1,000 gallons. The minimum quantity of water to be charged for to all owners or occupiers of gardens and lawns, or other lands where water is supplied by the Trust for the purpose of irrigation or for ornamental purposes, shall be as follows:-

- (a) One-sixteenth of an acre and less, per annum, 8,000 gallons.

3. The minimum quantity of water to be charged for in each case (except in the cases of special agreement with the Trust) where water is supplied by measure for domestic and other than domestic use shall be the quantity for which the charge at Two shillings per 1,000 gallons would be equal to the amount of the assessed water rate if water was supplied otherwise than by measure. For all water used in excess of such minimum quantity, a charge of Two shillings per 1,000 gallons shall be made.

4. The minimum charge for water supplied by meter for manufacturing or other purposes otherwise than provided in clauses 2 and 3 hereof, shall be 15,000 gallons per half-year.

5. The charges for water supplied under special agreement, or by meter or measure, shall be paid monthly or as may be agreed upon.

6. Any person receiving water from the Trust who shall take and carry away such water from his premises, or who shall allow any person to take or carry away such water, or shall sell the same to any other person, shall be liable to a penalty not exceeding Five pounds.

7. Any person not having agreed to be supplied by the Trust, and who shall not be rated or liable to be rated for water in respect of property situated within the Urban District, who shall take or carry away water from any private or public service-pipe, shall be liable to a penalty not exceeding Five pounds.

8. The Commissioners may, if they see fit, allow persons not residing within the Urban District to have water from any public service-pipe in the Urban District at the rate of One shilling and sixpence for each tank of 400 gallons or for any less quantity.

9. The Trust may direct that a meter or meters be affixed in any case where they may consider it necessary; such meter or meters to be provided and fixed at the expense of the consumer, and the water supplied to be charged for by measurement at the aforesaid rate. No meter shall be affixed unless the dial on the same is capable of registering 1,000,000 gallons.

10. No person shall lay any pipe to communicate with the pipes of the Trust without giving two days' notice of the day and hour when such pipe is intended to be made to communicate with the pipes of the Trust, nor shall make any such communication except under the superintendence and according to the directions of the duly authorized officer of the Trust appointed for the purpose, and no such pipe shall exceed in any case that known as a 3-in. pipe; and any person committing a breach of this regulation shall be liable to a penalty not exceeding Five pounds for every such breach.

11. The Trust may contract with any owner or occupier of any lands or tenements who is entitled to be supplied with water from its works, or who is desirous of being supplied, for the provision and laying of a service-pipe from the pipes of the Trust to the boundary of such land or tenement abutting upon the street or road in which are pipes of the Trust.

12. No person supplied with water by the Trust shall wilfully or negligently allow the same to run to waste, and any person committing a breach of this Regulation shall be liable to a penalty not exceeding Five pounds for such breach.

13. No person shall connect any service-pipe or branch service-pipe with any steam boiler for the purpose of feeding or supplying the same with water without first affixing a self-acting valve for preventing the pressure of the steam reversing or affecting the dial of the meter, under a penalty of Five pounds, and in the event of continuing the offence, to a penalty of Two pounds for each day after notice from the Trust.

14. Overflow pipes to private baths will not be permitted.

15. No person shall affix any service-pipe to any pipe of the Trust, or alter or repair or in any manner interfere with any pipe of the Trust, or any service-pipe, cock, or fitting connected with the pipes of the Trust until he shall have obtained from the Trust a licence in that behalf to execute such works; and any unlicensed person affixing, altering, or repairing, or in any manner interfering with any such pipe, service-pipe, cock, or fitting aforesaid shall be liable to a penalty not exceeding Ten pounds.

16. Before any such licence shall be granted by the Trust, the person applying for the same shall satisfy the Trust that he is a competent plumber. The Trust shall have the power of cancelling such licence at any time.

17. Any person whether licensed or not who shall offend by opening any ground so as to uncover any pipe or pipes the property of the Trust without giving two days' notice to the Trust of his intention so to do, or who shall in any way tamper with or alter any pipe the property of the Trust, without the permission of the Trust, in writing, being first obtained, or who shall wilfully or carelessly break, injure, or open any lock, cock, valve, pipe, work, or engine the property of the Trust, shall be liable for each such offence to a penalty not exceeding Twenty pounds.

18. If any person shall neglect to repair any service-pipe conveying water from the pipes of the Trust into the premises of such person, after having received notice from any officer of the Trust that such service-pipe requires repairing, the Trust may stop the water from flowing into such premises, either by cutting off the service-pipe or otherwise as to the Trust may seem fit until the necessary repairs shall have been effected. The service-pipes from the main, being the property of the owners or occupiers of the tenements supplied by such service-pipes, the occupier, if any, and, if none, the owner shall in every instance in which any damage shall be caused by reason of such service-pipe being leaky or otherwise out of repair or broken be liable to a penalty not exceeding Five pounds, and, in the event of continuing the offence, to a further penalty of Two pounds for each day after notice of the offence from the Trust.

19. Before any licensed person shall break up any footpath for the purpose of laying on water from the main to any house or premises he shall deposit with the Trust the sum of Two pounds, and in case he shall not immediately after laying on the water as aforesaid make good and restore the said footpath to the satisfaction of the Trust, then the said sum of Two pounds shall be absolutely forfeited to the Trust, which shall be at liberty to expend the same in making good and restoring the said footpath or otherwise as to the Trust may seem best.

20. Any person watering any street or footpath by means of a hose, except under the direction of the officers of the Trust, shall be liable to a penalty of Two pounds for each offence.

21. If any person supplied with water by the Trust does, or causes or permits to be done, anything in contravention of the Regulations, or fail to pay his rates or any lawful charge imposed by the Trust when due, or fails to do anything which under any of these Regulations ought to be done, or wilfully or negligently allows water to run to waste, the Trust may cut off the supply of water from the premises of such person, either by cutting the pipes by or through which water is supplied or otherwise, and may cease to supply him with water so long as the cause of complaint remains or is not remedied.

22. The water supplied within the Urban District of the Trust shall be received and consumed under and in accordance with these Regulations, and not otherwise, through pipes and meter laid, placed, and being in accordance with the said Regulations, and not otherwise.

23. In the construction of these Regulations, the word "Trust" shall mean the Wycheproof Waterworks Trust.

CONDITIONS OF CONTRACT.

1. The supplies are to be equal in every respect to the contract sample or specification, and are to be delivered as directed by the Government Printer, either at the Government Printing Office or at a store situate in the city of Melbourne, but delivery will not be deemed to have been made until the goods have been approved of.

2. The quantity mentioned in the schedule will be required from the contractor, who will be bound, however, to supply any further quantities, at the scheduled price, that may be ordered by the Government Printer during the currency of the contract. Four (4) months' notice of the ADDITIONAL REQUIREMENTS will be given to the contractor by the Government Printer.

3. In the event of the supplies not being delivered by the time specified in the schedule or order as the case may be, it will be competent for the Government Printer to purchase the same, or such articles as may be suitable for the service, at the risk of the contractor, from whose account any expense that may be incurred over and above the contract price will be deducted.

4. The supplies on delivery will be surveyed by a board appointed by the Government for that purpose, and the decision of the board is to be considered as final. Payment will be made on the board's certificate that the goods are of contract quality and in good order and condition.

5. If the board of survey shall decide that the goods are not of contract quality, the contractor must in that case remove the goods objected to and supply others in their stead, failing which the supplies may be purchased as in condition 3.

6. All rejected goods must be removed by the contractor within forty-eight hours after notice has been given to him by the Government Printer of such rejection, and if not so removed the Government Printer is hereby empowered to send same to any store in Melbourne, there to be stored at the contractor's risk and expense.

7. A refusal to execute orders, irregularity in the quantity or quality of the supplies, or delay in delivering or replacing them when required, will subject the contractor, upon report from the Tender Board, to such mulct, not exceeding Fifty pounds, as the Treasurer may direct, and the amount may be deducted as in condition 3. It will also be in the power of the said Treasurer, upon such refusal, irregularity, or delay, to terminate the contract forthwith, and forfeit the whole or any portion of the security money.

8. Contractors are not at liberty to transfer their contracts under cover of power of attorney, coupled with an interest or otherwise, and no such transfer will be recognised by the Government.

9. In the event of the contractor failing to carry out the contract, the contract security money will be absolutely forfeited, and the contractor disqualified from tendering for a period of twelve months.

10. The packages, cases, &c., will become the property of the Government without extra charge.

11. In the event of any alteration in the Tariff affecting the item included in this contract, the Government or the contractor, as may be the case, will make a proportionate allowance by way of deduction from or increase of the price of the item, provided that the duty on such item has actually been paid.
