REGULATIONS FOR GRANTING CERTIFICATES TO MINING ENGINE-DRIVERS.

THE Administrator of the Government, with the advice of the Executive Council, has, by Order made on the 1st day of August, 1898, cancelled the Regulations relating to the granting of Certificates of Competency to Mining Engine-drivers, made in pursuance of the provisions of section 138 of the *Mines Act 1897* (61 Vict. No. 1514), and dated the 13th day of December, 1897, and has made the following Regulations in lieu thereof, viz.:-

REGULATIONS.

PRELIMINARY REQUIREMENTS.

1. Each applicant for a certificate of competency must forward to the Secretary for Mines, Mining Department, Melbourne, notice in writing of his intention to present himself for examination, such notice to be given not less than ten (10) clear days prior to the date of examination.

The notice must be accompanied by cash, post-office order, or postal notes to the amount or value of 10s.

Should the applicant pass the prescribed examination, the deposit shall, in each instance, go towards payment of the fee for certificate; in the event, however, of the failure of the candidate to pass the examination, such amount shall be forfeited to the consolidated revenue.

No certificate shall be issued until full payment of the fee required shall have been made to the Secretary for Mines.

CERTIFICATES OF COMPETENCY.

2. The certificates of competency to be issued by the Board of Examiners shall be of three classes, namely, *first*, *second*, and *third*—

A first-class certificate shall entitle the holder thereof to drive any engine used for mining purposes.

A second-class certificate shall entitle the holder thereof to drive any engine used for mining purposes except a winding engine.

A third-class certificate shall entitle the holder thereof to drive any engine used for mining purposes not being a winding engine, and the cylinder of which does not exceed 12 inches in diameter, or a double-cylinder engine, the cylinders of which have a combined area not exceeding that of a single cylinder of not more than 12 inches in diameter.

3. An applicant for a third-class certificate must produce to the Board satisfactory evidence—

A document signed by the mining manager or engineer of the company or mine-owner, and by the engine-driver by whom the applicant has been taught, bearing on this clause, may be considered satisfactory evidence of his having had the necessary experience at a mine.

Such experience to be for not less than twelve (12) hours per week.

Where only one class of the above engines or any other class of winding gear has been driven, the Board may grant a conditional certificate for that class of engine only.

(c) That he is at the date of examination not under the age of twenty-one (21) years, nor over the age of fifty (50) years. This latter age not to apply to persons who had experience in driving winding engines previous to their attaining the age of fifty years.

(d) That neither his eyesight nor his hearing is defective, and that he is not subject to any mental or other bodily infirmity likely to interfere with the efficient discharge of his duties. Mallee Lands Act 1896.

MALLEE LANDS AVAILABLE FOR SELECTION AS AGRICULTURAL ALLOTMENTS UNDER SECTION 7, EITHER UNDER LICENCE OR PERPETUAL LEASE.

THE Government having resumed The New Zealand Loan and Mercantile Agency Company's Mallee block 65A, in the counties of Karkaroo and Weeah, and known as "Albacutya," applications will now be received for allotments within the proposed subdivision of such area.

Applications, accompanied by the registration fee of £1, must be made on the usual form, addressed to the President of the Board of Land and Works, and lodged at any Crown Lands Office or Receipt and Pay Office in the colony before Friday, the 19th day of August, 1898.

The number of allotments available will be about 65, in areas not exceeding 640 acres.

One application by each applicant is sufficient, and will be considered as being made for any one of the allotments available, and not for any particular area; it must be filled in "Application for portion of Mallee block 65A, Albacutya."

The applications received will be dealt with by a Special Local Land Board, the date and place of sitting will be hereafter notified. All applicants considered likely to prove suitable and *bona fide* settlers will be afforded an equal chance in the ballot which will be taken to determine to whom the various allotments will be granted.

NOTE.—In event of there being an excess of applications for the land available, eligible persons, who have never selected and do not hold land, will have the preference.

Not more than one allotment will be granted to any one person, and no person who already holds 640 acres of mallee lands will be eligible to select, but holders of less than 640 acres will be entitled to apply for the difference between 640 acres and the area held.

Married women are not eligible to select. The Crown reserves to itself the right to withdraw any area which may be required for timber, water supply, or any other purposes, and when subdividing the area will make such reservations as may be deemed necessary for future requirements and the protection of existing tanks or other improvements.

The rent payable under agricultural allotment licence is 1s. per acre per annum, and at the end of six years, if conditions with regard to residence, cultivation, improvements, and all other usual conditions have been complied with, a lease for fourteen years will be granted at the same rental, and a Crown grant will issue when such payments amount to £1 per acre, or, if desired, on the expiry of the licence a Crown grant will be issued on payment of 14s. per acre.

Rent payable under perpetual lease will not exceed 2d. per acre per annum until 1903, after which, at every successive period of ten years, the rent is calculated at 2 per cent. on the unimproved value of the land.

The survey fees must be paid within seven days after an allotment has been granted.

The price payable for the resumption of the land is One shilling and ninepence (1s. 9d.) per acre, as representing the value of the outgoing tenant's interest; this amount must be paid by the applicant either in cash within one month from the date of allotment or by half-yearly instalments, of such sums extending over the whole or any part of the licence, or over so many years of the perpetual lease not exceeding six (6), as the Board of Land and Works may determine, with interest at the rate of 4 per cent. per annum added.

Fencing, water, or other improvements on the allotments granted must be paid for in like manner.

Lessees must either reside on or within 5 miles of their land or else cultivate up to one-half of the area of their allotment before the end of the fourth year.

Any further information required will be supplied at the following Crown Lands Offices:—Melbourne, Bendigo, Warracknabeal, Horsham, and St. Arnaud; also on application to the postmasters at Wycheproof and Swan Hill, and the Crown lands bailiffs at Horsham, Swan Hill, and Charlton, where forms of application for licence or lease can be obtained.

Care should be taken by the applicant that he secures the correct form, and that it is properly filled up.

THOS. F. MORKHAM,
Secretary for Lands.

Department of Lands and Survey.

Tenderers must specify the kind or kinds of firewood they offer to supply.

Telegrams, or tenders not complying with the terms of advertisement, will not be entertained.

The successful tenderer will be required to enter into a bond for £10, with an approved surety for the due performance of the contract, within ten days after the acceptance is notified.

Tenderers failing to take up their accepted tenders, or failing to carry out their contract satisfactorily, will be ineligible to again hold contracts for Government supplies.

Tenders must be enclosed in an envelope, marked "Tender for Firewood at ..." as the case may be, and deposited in the Tender-Box, Pay Office, Treasury, Melbourne; or, if sent by post, they must be addressed to the Chairman of the Tender Board, Treasury, Melbourne.

The Government will not necessarily accept the lowest or any tender.

The decision of the Government will be made known by *Gazette* notice, and by letter to accepted tenderers.

CONDITIONS OF CONTRACT.

1. As the exact quantity of firewood which may be required cannot be stated, the estimate being approximate only, the Government will not be bound by the quantity stated, but will be at liberty to order more or less, according to circumstances, and the contractor will be bound to supply the same at contract rates.

2. All the firewood supplied under these contracts must be split out of large forest timber, and must be perfectly sound, dry, and of the kind or kinds specified in the tender; neither burnt wood, heartwood, small branches, nor outside pieces of bark will be received. The billets must be not less than 4 inches nor more than 6 inches in diameter. The long wood to be not less than 9 inches nor more than 18 inches in diameter. Delivery to be made on the written order of the chief officer of the Department requiring the supply. The ton of firewood consists of 40 cubic feet.

3. The orders for wood will be issued half-yearly (except in cases where the storage is small, when they will be issued quarterly); but the contractor must have 24 hours' notice before purchases are made at his risk.

4. The contractor for wood will be bound to place it in stacks for measurement on such ground as may be pointed out. The stacks are to be 2 feet wide (or 4 feet 6 inches for long wood) by 5 feet high, with space between each stack for measuring; and the billets (or lengths) are all to lie the same way, viz., crossways of the stacks in the form of a cord, and are to be laid as closely and solidly as possible in the stack and to the satisfaction of the officer receiving the supply. In the event of any inconvenience being felt, either through delay in delivery or of stacking the wood, the Department concerned will purchase the same or re-stack that delivered, at the contractor's risk, from whose account any expense incurred thereby will be deducted.
5. The officer receiving the supply shall have full power to reject any wood which he may consider not in accordance with the contract, notice of which will be given to the contractor in writing, stating the reason. The contractor may, however, claim a survey; but in that case he must, within 48 hours after objection is made, give notice thereof in writing to the officer rejecting the wood.
6. The board of survey will be composed of persons appointed by the Honorable the Treasurer, and the decision of the board of survey is to be considered as final.
7. If the board of survey shall decide that the supply is not of proper quality, it must be immediately replaced by the contractor; failing which, it will be procured elsewhere; and the extra expense, if any, will be charged as in clause 4.
8. Accounts for firewood to be rendered to the Department receiving the supply immediately upon completion of the order, which must be attached to the accounts. Payment will be made at the receipt and pay office of the district, or at the Treasury, Melbourne, as the contractor may require.
9. In the event of any irregularity on the part of the contractor being repeated, it will be competent for the Government, in case such irregularity should be established to the satisfaction of the Tender Board, to cancel the contract forthwith.
10. Contractors are not at liberty to transfer their contracts under cover of power of attorney, coupled with an interest or otherwise; and no such transfer will be recognised by the Government.
11. Under no circumstances will a contractor be permitted to abandon his contract.
12. No subletting will be allowed; all work must be carried out by the contractor, and the hours of employment of any person engaged in cutting or supplying the firewood tendered for in this schedule are not to exceed 48 per week, and every such person shall be paid at a minimum wage of not less than 6s. a day; and a copy of these conditions shall be kept conspicuously and continually posted, in legible Roman characters, on the premises of the contractor. Any infringement of these conditions, in the opinion of the Treasurer, will subject the contractor, upon report from the Tender Board, to such mulct, not exceeding Fifty pounds (£50), as the Treasurer may direct, and the amount will be deducted from any accounts which are or may be due to the contractor, and the Treasurer's decision shall be binding, final, and conclusive as to the fact of infringement and in all other respects.

Each of the above-mentioned places may be tendered for, and will be accepted or rejected separately.

Tenderers failing to take up their accepted tenders, or failing to carry out their contract satisfactorily, will be ineligible to again hold contracts for the Government service.

The Government will not necessarily accept the lowest or any tender.

The decision of the Government will be made known by Gazette notice, and by letter to accepted tenderers.

CONDITIONS OF CONTRACT.

1. The contractor to perform the work in a clean and workmanlike manner, and during the proper hours allowable for such work by the lawful authorities and by the Department within whose premises the work is to be carried on; and, in the case of Queenscliff, in accordance with special specifications.

2. The contractor to thoroughly clean out the earth-closets, cesspits, and dust-bins, and to remove the soil and dust from the premises. All such soil and dust to be the property of the contractor.

3. The contractor to leave the seats, floors, yards, &c., perfectly clean at the completion of the work, and to throw a sufficient quantity of chloride of lime or other approved deodorizer into the various pans and cesspits every time they are cleaned out, for deodorizing the same.

4. The contractor shall perform the work with the least possible delay. Should any of the premises be damaged by the contractor or his workmen, the same must be made good at the expense of the contractor.

5. In the event of the contractor neglecting to perform the service when required, the Department concerned may, on giving the contractor 24 hours' notice in writing, proceed to have the service performed, and the extra expense, if any, will be deducted from any moneys due to the contractor.

6. Contractors are not at liberty to transfer their contracts under cover of power of attorney, coupled with an interest or otherwise, and no such transfer will be recognised by the Government.

7. Accounts to be rendered to the Department concerned immediately upon completion of the order, which must be attached to the accounts. Payment will be made at the receipt and pay office of the district, or at the Treasury, Melbourne, as the contractor may require.

8. Under no circumstances will a contractor be permitted to abandon his contract, but should the Local Municipality during the period for which the contract is made decide to perform such sanitary work, the Tender Board may determine such contract by giving one month's notice in writing to the contractor.

9. In the event of any irregularity on the part of the contractor being repeated, it will be competent for the Government, in case such irregularity should be established to the satisfaction of the Tender Board, to cancel the contract forthwith.

10. No subcontracting will be allowed; all work must be carried out by the contractor, and the hours of employment of any person engaged in the work tendered for in this schedule are not to exceed forty-eight per week, and every such person shall be paid at a minimum wage of not less than 6s. per day; and a copy of these conditions shall be kept conspicuously and continually posted, in legible Roman characters, on the premises of the contractor. WIDE BAY BAR.

NOTICE is hereby given that vessels crossing Wide Bay Bar must now keep the square beacons open twice their own width to the northward, and continue with them in that position until Inskip Point lead is crossed and the triangular beacons at that point are opened twice their own width to the westward, then gradually bring them into line as the red buoy is approached. By following these directions a depth of 18 feet at low-water springs will be obtained.

The western corner of the outer bank is now working to the northward, and great care should be exercised whilst entering, especially during bad weather, when the break on the spit can be plainly seen.

The square beacons will be shifted as soon as practicable.

| Births ... | 8,914 | 8,744 | | | |

| Departures unrecorded (estimated) ... | 1,620 | 518 | | | |
| Net loss by emigration | ... | ... | 2,573 | 1,804 | 4,377 |
| Decrease during the quarter ... | ... | ... | 1,331 | 169 | 1,500 |
| Estimated Population on 31st March, 1898 ... | ... | ... | 590,755 | 580,179 | 1,170,934 |
| Estimated Population on 30th June, 1898 ... | ... | ... | 589,424 | 580,010 | 1,169,434 |

NOTE.—The births registered during the second quarter of 1898 (viz., 7,658) were fewer by 356; but the deaths (viz., 4,781) were more numerous by 1,046, or by more than one-fourth, than the corresponding quarter of the previous year. This exceptionally high mortality, due in a large measure to the prevalence of an epidemic of measles, was exceeded in only one quarter in the last two years, viz., the first quarter of 1898, when 5,390 deaths occurred. Owing to this circumstance, and to the low birth rate, the natural increase (viz., 2,877) was smaller than in the second quarter of 1897 by 1,402, and also much smaller than in any previous quarter for several years, except the first quarter of 1898.

The records of the Immigration Agent indicate a net loss of population by emigration of 2,239 persons, consisting of 953 males and 1,286 females—of whom 1,619, viz., 533 males and 1,086 females, were so-called "adults" (i.e., aged 12 or upwards). This loss was larger than in the corresponding quarter of the previous year by 433. Adding to the recorded loss the usual allowance for unrecorded departures (viz., 2,138), the total net loss by emigration during the quarter is increased to 4,377, consisting of 2,573 males and 1,804 females.

Deducting the natural increase from the estimated net emigration there results a net decrease of population during the quarter of 1,500—viz., 1,331 males and 169 females—as shown in the table, as against an increase of 497 in the corresponding quarter of 1897. An actual decrease of population has occurred in seven previous quarters since the census of 1891; but only once previously did the decrease take place in the second quarter of the year.

The records of migration—taking them for what they are worth—show a balance in favour of immigrants of 227 from New South Wales, 165 from South Australia, 893 from Tasmania, 84 from New Zealand and South Seas, and 311 from Foreign Ports; but a balance in favour of emigrants of 631 to Queensland, 1,617 to Western Australia, 1,644 to the United Kingdom, and 27 to South Africa. As compared with the corresponding quarter of the previous year, the net emigration to Western Australia fell off by 1,230, and that to South Africa by 99; but the emigration to the United Kingdom increased by 423.

Mallee Lands Act 1896.

MALLEE LANDS AVAILABLE FOR SELECTION AS AGRICULTURAL ALLOTMENTS UNDER SECTION 7, EITHER UNDER LICENCE OR PERPETUAL LEASE.

THE Government having resumed The New Zealand Loan and Mercantile Agency Company's Mallee block 65A, in the counties of Karkaroc and Weeah, and known as "Albacutya," applications will now be received for allotments within the proposed subdivision of such area.

Applications, accompanied by the registration fee of £1, must be made on the usual form, addressed to the President of the Board of Land and Works, and lodged at any Crown Lands Office or Receipt and Pay Office in the colony before Friday, the 19th day of August, 1898.

The number of allotments available will be about 68, in areas not exceeding 640 acres.

One application by each applicant is sufficient, and will be considered as being made for any one of the allotments available, and not for any particular area; it must be filled in "Application for portion of Mallee block 65A, Albacutya."

The applications received will be dealt with by a Special Local Land Board, the date and place of sitting will be hereafter notified. All applicants considered likely to prove suitable and *bona fide* settlers will be afforded an equal chance in the ballot which will be taken to determine to whom the various allotments will be granted.

NOTE.—In event of there being an excess of applications for the land available, eligible persons, who have never selected and do not hold land, will have the preference.

Not more than one allotment will be granted to any one person, and no person who already holds 640 acres of mallee lands will be eligible to select, but holders of less than 640 acres will be entitled to apply for the difference between 640 acres and the area held.

Married women are not eligible to select. The Crown reserves to itself the right to withdraw any area which may be required for timber, water supply, or any other purposes, and when subdividing the area will make such reservations as may be deemed necessary for future requirements and the protection of existing tanks or other improvements.

The rent payable under agricultural allotment licence is 1s. per acre per annum, and at the end of six years, if conditions with regard to residence, cultivation, improvements, and all other usual conditions have been complied with, a lease for fourteen years will be granted at the same rental, and a Crown grant will issue when such payments amount to £1 per acre, or, if desired, on the expiry of the licence a Crown grant will be issued on payment of 14s. per acre.

Rent payable under perpetual lease will not exceed 2d. per acre per annum until 1903, after which, at every successive period of ten years, the rent is calculated at 2 per cent. on the unimproved value of the land.

The survey fees must be paid within seven days after an allotment has been granted.

The price payable for the resumption of the land is One shilling and ninepence (1s. 9d.) per acre, as representing the value of the outgoing tenant's interest; this amount must be paid by the applicant either in cash within one month from the date of allotment or by half-yearly instalments, of such sums extending over the whole or any part of the licence, or over so many years of the perpetual lease not exceeding six (6), as the Board of Land and Works may determine, with interest at the rate of 4 per cent. per annum added.

Fencing, water, or other improvements on the allotments granted must be paid for in like manner.

Lessees must either reside on or within 5 miles of their land or else cultivate up to one-half of the area of their allotment before the end of the fourth year.

Any further information required will be supplied at the following Crown Lands Offices:—Melbourne, Bendigo, Warracknabeal, Horsham, and St. Arnaud; also on application to the postmasters at Wycheproof and Swan Hill, and the Crown lands bailiffs at Horsham, Swan Hill, and Charlton, where forms of application for licence or lease can be obtained.

Care should be taken by the applicant that he secures the correct form, and that it is properly filled up.

THOS. F. MORKHAM,
Secretary for Lands.

Department of Lands and Survey.
10th August, 1898.

TENDERS FOR GRAZING LANDS.

Tenders must be sent in on proper form, which can be obtained on application to the Lands Department, Melbourne, or any of the Survey Offices in the country.

Tenders must be placed in the Crown Lands Office Tender-box not later than Twelve noon on Saturday, 27th August, 1898.

NOTE.—No tender will be accepted unless the fee for the period from 1st September, 1898, to 30th June, 1899, and fee of Five shillings for licence, are forwarded with the tender.

TENDERS will be received by the Board of Land and Works up to Twelve noon on Saturday, 27th August, 1898, for the occupation, for grazing purposes only, of the following unappropriated portions of land, subject to the Regulations approved by the Governor in Council and also the subjoined special conditions.

Every licence granted under section 123 of the *Land Act 1896* shall be subject to the conditions set forth in the schedule hereto and to such special conditions and payment in advance of such fee as the Minister may determine, and shall be issued by an officer of the Department of Lands and Survey duly authorized in that behalf.

Under section 7 of the *Vermin Destruction Act 1890*, all licences under the section for which these licences will issue are liable for the destruction of rabbits within the boundaries of their licences.

Conditions:

1. The issue of this licence shall not prevent the land comprised therein, or any part or parts thereof, being sold, leased, licensed, alienated, or dealt with under any of the provisions of the *Land Act 1890*, except under the 123rd section thereof, under which the licence is issued, or being resumed by order of the Governor or Administrator of the Government of Victoria, with the advice of the Executive Council, for any of the purposes for which land may be reserved under section 10 of the *Land Act 1890*, or for mining purposes.

2. In case the said land, or any part or parts thereof, shall be sold, leased, licensed, alienated, dealt with, or resumed as aforesaid, the licensee shall not be entitled to any compensation other than the return of such portion of his licence-fee paid by him as the responsible Minister of the Crown for the time being administering Division II. of the *Land Act 1890* may think fit. This licence is also subject to the rights of the holders of miners' rights or of mining leases now issued or hereafter to be issued to enter upon the allotment hereby licensed, and to search for gold, and to mine therein, and to erect and occupy mining plant and machinery, without making any compensation for surface or other damage.

3. Subject to these conditions, the licensee shall be entitled to use the land for the purposes for which the licence has been granted, until notice has been given in the *Government Gazette* that such land, or any part thereof, has been sold, leased, licensed, alienated, dealt with, or resumed as aforesaid; and immediately upon such notice being given, all the interest of the licensee in the licensed land described in such notice shall cease and be determined, and any person entitled to occupy the licensed land, or any part thereof, may lawfully make entry upon and hold the same without the permission or sanction of the licensee or any one claiming under her, him, or them.

4. No land comprised in roads from time to time surveyed and marked out within the boundaries of the land comprised in this licence shall be deemed within its operation.

5. This licence entitles the holder thereof, during the period for which it is granted, to use the land therein comprised for depositing purposes only, but does not confer any right to build thereon, or to cultivate or to fence any portion thereof.

6. If the licensee desire a renewal of this licence, notice to that effect must be given to the responsible Minister aforesaid one month prior to the expiration thereof, but nothing herein contained shall be deemed to confer the right to any renewal.

7. The interest in this licence may not be transferred without the consent of the Minister aforesaid and the payment of a fee of £1.

8. No claim whatever shall be made or entertained by reason of the licence not being renewed or transferred.

9. This licence is to be used under and in accordance with the regulations made or to be made under the provisions of the said Act and for the time being in force.

10. This licence may be forfeited if the licensee commit a breach of or neglect to comply with any of these conditions.

11. The publication of a notice in the *Government Gazette*, purporting to declare that the Governor or Administrator, with the advice aforesaid, has forfeited this licence, shall be conclusive evidence that the licence is forfeited.

12. The ring-barking of the timber upon the land by the licensee is expressly forbidden, nor is he entitled to destroy or cut and take away any such timber; and should he be found destroying, felling, or removing live or dead timber without a licence authorizing him so to do he will be prosecuted according to law.

13. The licensee shall destroy all thistles on the land, and on the half width of adjoining roads, and shall be responsible for the destruction of thistles under the Thistle Act in like manner as holders of freehold lands.

14. Free access to water shall be kept open at all times for travelling and other stock and also for persons desiring to take water for domestic supply.

Special Conditions.

1. The period of occupation will be for ten months—from 1st September, 1898, to 30th June, 1899.

2. The fee for the period from 1st September, 1898, to 30th June, 1899—for which the licence will be issued, and fee for licence—must accompany the tender, otherwise the offer of the next highest tenderer who complies with this condition may be accepted.

3. Tenders to be for so much per lot and block per annum.

4. Separate tenders must be lodged for each block.

5. Tenders to be indorsed—"Tender for Lot 1, Block 874," or "Lot 2, Block 884," or "Lot 3, Block 3161," as the case may be.

6. The highest or any tender not necessarily accepted.

7. Tenderers must give their full name and ordinary postal address.

8. The areas are given as more or less, and all appropriated, alienated, or licensed land (if any) within the boundaries is excluded.

Plans can be seen and information may be obtained in this office.

‡ Blackwood only required.

Printed forms of tender, showing estimates of requirements and conditions of contract, may be obtained from the Secretary, Tender Board, Treasury, Melbourne, or from the officer in charge of police at any of the above-mentioned places, by whom also any information or explanation will be afforded to persons tendering.

The price, which must be expressed in words as well as in figures, and without alterations, erasures, or discrepancies, must be per ton of 40 cubic feet for firewood, including delivery at the offices and all charges. Prices should only be quoted for requirements where estimates are shown above.

Tenders, which should be upon the printed form, will be received for either one or more of the above-mentioned places, and tenders for such places may be accepted or rejected separately; but if all lengths of firewood be included in one tender it may be accepted for one length only, if advisable.

Tenderers must specify the kind or kinds of firewood they offer to supply.

Telegrams, or tenders not complying with the terms of advertisement, will not be entertained.

The successful tenderer will be required to enter into a bond for £10, with an approved surety for the due performance of the contract, within ten days after the acceptance is notified.

Tenderers failing to take up their accepted tenders, or failing to carry out their contract satisfactorily, will be ineligible to again hold contracts for Government supplies.

Tenders must be enclosed in an envelope, marked "Tender for Firewood at _____," as the case may be, and deposited in the Tender-Box, Pay Office, Treasury, Melbourne; or, if sent by post, they must be addressed to the Chairman of the Tender Board, Treasury, Melbourne.

The Government will not necessarily accept the lowest or any tender.

The decision of the Government will be made known by *Gazette* notice, and by letter to accepted tenderers.

CONDITIONS OF CONTRACT.

1. As the exact quantity of firewood which may be required cannot be stated, the estimate being approximate only, the Government will not be bound by the quantity stated, but will be at liberty to order more or less, according to circumstances, and the contractor will be bound to supply the same at contract rates.

2. All the firewood specified under these contracts must be split out of large forest timber, and must be perfectly sound, dry, and of the kind or kinds specified in the tender; neither burnt wood, heartwood, small branches, nor outside pieces of bark will be received. The billets must be not less than 4 inches nor more than 6 inches in diameter. The long wood to be not less than 9 inches nor more than 18 inches in diameter. Delivery to be made on the written order of the chief officer of the Department requiring the supply. The ton of firewood consists of 40 cubic feet.

3. The orders for wood will be issued half-yearly (except in cases where the storage is small, when they will be issued quarterly); but the contractor must have 24 hours' notice before purchases are made at his risk.

4. The contractor for wood will be bound to place it in stacks for measurement on such ground as may be pointed out. The stacks are to be 2 feet wide (or 4 feet 6 inches for long wood) by 5 feet high, with space between each stack for measuring; and the billets (or lengths) are all to lie the same way, viz., crossways of the stacks in the form of a cord, and are to be laid as closely and solidly as possible in the stack and to the satisfaction of the officer receiving the supply. In the event of any inconvenience being felt, either through delay in delivery or of stacking the wood, the Department concerned will purchase the same or re-stack that delivered, at the contractor's risk, from whose account any expense incurred thereby will be deducted.
5. The officer receiving the supply shall have full power to reject any wood which he may consider not in accordance with the contract, notice of which will be given to the contractor in writing, stating the reason. The contractor may, however, claim a survey; but in that case he must, within 48 hours after objection is made, give notice thereof in writing to the officer rejecting the wood.
6. The board of survey will be composed of persons appointed by the Honorable the Treasurer, and the decision of the board of survey is to be considered as final.
7. If the board of survey shall decide that the supply is not of proper quality, it must be immediately replaced by the contractor; failing which, it will be procured elsewhere, and the extra expense, if any, will be charged as in clause 4.
8. Accounts for firewood to be rendered to the Department receiving the supply immediately upon completion of the order, which must be attached to the accounts. Payment will be made at the receipt and pay office of the district, or at the Treasury, Melbourne, as the contractor may require.
9. In the event of any irregularity on the part of the contractor being repeated, it will be competent for the Government, in case such irregularity should be established to the satisfaction of the Tender Board, to cancel the contract forthwith.
10. Contractors are not at liberty to transfer their contracts under cover of power of attorney, coupled with an interest or otherwise; and no such transfer will be recognised by the Government.
11. Under no circumstances will a contractor be permitted to abandon his contract.
12. No subletting will be allowed; all work must be carried out by the contractor, and the hours of employment of any person engaged in cutting or supplying the firewood tendered for in this schedule are not to exceed 48 per week, and every such person shall be paid at a minimum wage of not less than 6s. a day; and a copy of these conditions shall be kept conspicuously and continually posted, in legible Roman characters, on the premises of the contractor. Any infringement of these conditions, in the opinion of the Treasurer, will subject the contractor, upon report from the Tender Board, to such mulct, not exceeding Fifty pounds (£50), as the Treasurer may direct, and the amount will be deducted from any accounts which are or may be due to the contractor, and the Treasurer's decision shall be binding, final, and conclusive as to the fact of infringement and in all other respects.

6. Contractors are not at liberty to transfer their contracts under cover of power of attorney, coupled with an interest or otherwise, and no such transfer will be recognised by the Government.

7. Accounts to be rendered to the Department concerned immediately upon completion of the order, which must be attached to the accounts. Payment will be made at the receipt and pay office of the district, or at the Treasury, Melbourne, as the contractor may require.

8. Under no circumstances will a contractor be permitted to abandon his contract, but should the Local Municipality during the period for which the contract is made decide to perform such sanitary work, the Tender Board may determine such contract by giving one month's notice in writing to the contractor.

9. In the event of any irregularity on the part of the contractor being repeated, it will be competent for the Government, in case such irregularity should be established to the satisfaction of the Tender Board, to cancel the contract forthwith.
