Every applicant must confine himself to an application for one position, otherwise he will be disqualified.

All applications must contain the correct postal address, and the name of the nearest railway station thereto, and must be posted, duly stamped, and addressed to the Staff Office, Secretary's Branch, Victorian Railways, Melbourne, so as to reach their destination not later than Noon on the 15th day of June, 1899.

Testimonials, birth registrations, or other documents should not be sent with the applications, but must be produced as hereinafter directed.

If the number of candidates be not more than twice the number of persons to be employed, they will all be examined by the examiners at a time and place to be notified to them.

If the number of candidates be more than twice the number of persons to be employed, such number of candidates will be

No. 40.—JUNE 2, 1899.—2.

reduced by a Board of Selectors to such number of eligible candidates as such Board think fit, not exceeding twice the number of persons to be employed.

All candidates will be duly notified when and where to present themselves for selection by the Board of Selectors.

The Board of Selectors will be appointed within seven days before the time so named.

The Board of Selectors will not be informed of nor acquaint themselves with the names of the candidates or any of them.

Every person who either directly or indirectly attempts to influence any member of the Board of Selectors in favour of himself or in favour of or against any other person will for ever be disqualified for employment in the railway service.

Each candidate, immediately before presenting himself to the Board of Selectors, will be furnished by the officer in charge with a card bearing a number, by which number alone he will be known to the Board of Selectors.

The candidates selected by the Board of Selectors must present themselves for examination by the examiners appointed in that behalf at such time and place as may be thereafter notified to them by the officer in charge.

Candidates must be strong, healthy, and active, and must produce to the examiners satisfactory written testimony that they are of respectable character, and must furnish names of any persons or firms, with whom they may have been employed during the previous two years, together with certified extracts from the register of their birth, or, in default, statutory declarations as to their age last birthday, giving the date thereof.

The age of all candidates shall be reckoned to the date first fixed by the Commissioner for opening applications (31st May, 1899), except in the case of the applicants already temporarily employed in the Department, whose age may be reckoned to the date of their first employment as supernumeraries.

Any candidate who was at any time employed in the Railway or Public Service must furnish particulars as to the period of his service and the cause of his leaving. No person who has been previously dismissed from such service shall be eligible for employment under these Regulations.

Before being finally approved they must pass an examination by the medical officer as being free from bodily ailments, defects, colour blindness, or defective sight of any kind. For such examination they are to pay 5s. each into the hands of the officer in charge.

After examination the successful candidates in each grade will be called together, and determine by ballot, in accordance with the Regulations, the order of precedence for appointment in which their names shall be placed.

Any successful candidates in excess of the number required by the Commissioner shall be eligible for appointment in the order so decided for a period of twelve months then next ensuing from the date of such determination without further examination.

All appointments will be made to the lowest grade in each of the various branches of the railway service, and on probation only, for a period of six months. After such probation, and upon production of a certificate of fitness from the head of the branch in which the probationer was employed, and of evidence that his life is insured in Victoria, as prescribed by Regulations, such appointment may be confirmed.

Appointments will be made only on the distinct understanding that an employé's services are liable to be dispensed with at any time without previous notice having been given to him, and without his having any claim whatever against the Victorian Railways Commissioner on account of his services having been so dispensed with.

No application with the exception of those made in response to this notice will be entertained.

By order of the Commissioner,

R. G. KENT,
Secretary.

failing which, it or any like supply suitable for the service will be procured by the officer requiring it, and the expense charged as in clause 7.

11. As the exact quantity of any article of provisions which may be required cannot be stated, the estimate being approximate only, the Government will not be bound by the quantity stated in the schedule, but will be at liberty to order more or less, according to circumstances, and the contractor will be bound to supply the same as ordered.

12. A refusal to execute orders, irregularity in the quantity or quality of the supplies, or delay in delivering or replacing them when required, will subject the contractor, upon report from the Tender Board, to such mulct, not exceeding Fifty pounds, as the Treasurer may direct, and the amount may be deducted as in Condition 7. 15. Under no circumstances other than those mentioned in clause 14 will a contractor be permitted to abandon his contract. In the event of the contractor failing to carry on the contract, the contract security money will in that case be absolutely forfeited; and in addition the contractor will be held liable for any loss which the Government may sustain in consequence of such failure.

16. Where specially indicated in the schedules no subletting will be allowed, and no delivery shall be made on Sundays; all work must be carried out by the contractor, and the hours of employment of any person engaged in the preparation or manufacture of the articles tendered for in these schedules, or engaged in the delivery of or in any other way in connexion with the supply of the articles tendered for in these schedules, are not to exceed forty-eight per week (unless otherwise stated in the schedules), and every such person shall be paid at the minimum wage specified in the schedules concerned, and a copy of the labour condition, as indorsed on the schedules affected, shall be kept conspicuously and continually posted, in legible Roman characters, in the factory or shop (and in each part of the factory or shop, where several rooms are in use) in which goods are prepared or manufactured under these contracts. Any infringement of this condition will subject the contractor, upon report from the Tender Board, to such mulct, not exceeding £50 (Fifty pounds), as the Treasurer may direct, and the amount will be deducted from the contractor's account or from the security money, and the said Treasurer's decision shall be binding, final, and conclusive as to the fact of infringement and in all other respects.

The security must be completed and contract signed within five days of acceptance of the tender, failing which the contract may be again advertised, or another tender accepted.

Tenderers failing to take up their accepted tenders will be disqualified from tendering for Government supplies for a period of twelve months, such disqualification to date from the notification of acceptance of the tender.

The Government will not necessarily accept the lowest or any tender.

Tenders enclosed in an envelope, and having the words "Tender for" (as the case may be), written thereon, must be deposited in the Tender-box at the Pay Office, Treasury, Melbourne, or, if sent by post, they must be prepaid, and addressed to the Chairman of the Tender Board, Pay Office, Treasury, Melbourne.

CONDITIONS OF CONTRACT.

1. All the articles are to be of the best quality of the several kinds, in the best condition, and to be delivered in sound packages, free from all charges for cartage, freight, &c. The goods shall be delivered as may be directed by the officer ordering the supply.
2. Bread.—A sample of the best ordinarily retailed to the public will be considered as a test loaf for first quality.
3. Milk.—The milk must be fresh, pure, and of the best quality, and subject to test when required by the department. Should the supply prove to be not of contract quality, any expense incurred will be charged to the contractor.
4. Fresh meat is to be supplied in such quantities as may be ordered. Mutton will be taken in sides, but all kidney fat must be removed. 5. The meat supplied under these conditions must, if practicable, be slaughtered at abattoirs which are under proper authorized inspection and supervision. Any infringement of this condition will subject the contractor, on report from the Tender Board, to such mulct, not exceeding Fifty pounds, as the Treasurer may direct, and the amount will be deducted from the contractor's account, or from the security money.
6. Potatoes to be dry and free from dirt. Contractors to supply 105 lbs. of potatoes for each cental credited to them, and, in addition, to take back all rejected before being cooked.
7. Vegetables.—Cabbage to be supplied free from outside leaves and stalks; carrots and turnips free from tops.
8. Butter.—Only best factory will be accepted. The contractor must deliver it in boxes suitable for transport, but the boxes are to be returned to the contractor.
9. Supplies required for Swan Island to be delivered at tramway, and those required for vessels of the Victorian Navy to be delivered at the sea end of new pier, Queenscliff.

11. In the event of a difference of opinion between the contractor and the officer receiving the supplies as to the quality, the same to be decided, in cases where the article is not of a perishable nature, by a board of survey composed of persons named by the Naval Commandant, and the decision of the board is to be considered final. In the event of the decision being against the contractor, the survey fees and expenses (if any) will be deducted as in clause 10.
12. If the board shall decide that the article is not of proper quality, it must be immediately replaced by the contractor; failing which, it or any like supply suitable for the service will be procured by the officer requiring it, and the expense charged as in clause 10.
13. If the officer in charge of stores be not satisfied as to the quantity or quality of the stores, or if after taking delivery of any stores he shall discover any deficiency or defect therein, he may return such deficient or defective stores or material to the contractor, and shall report the same to the head of his department and to the Tender Board.
14. As the exact quantity of any article of provisions which may be required cannot be stated, the estimate being approximate only, the Government will not be bound by the quantity stated in the schedule, but will be at liberty to order more or less, according to circumstances, and the contractor will be bound to supply the same as ordered.
15. In cases where the article is of a perishable nature, or when from some other cause injury would be sustained either by the persons to whom the rations are due or to the contractor in waiting for a board to survey, the head of the department or officer authorized to take delivery will have power to reject such article or articles as are obviously of inferior quality, it being understood that he will be responsible to the Government for so doing, and that the contractor must take back the rejected article and supply good in its stead; failing which, it or any like supply suitable for the service will be obtained by the officer requiring it. In case of the rejection or return of any supplies, the contractor shall bear the whole cost of replacing the supplies so rejected or returned.

It will also be in the power of the said Treasurer, upon such refusal, irregularity, or delay, to terminate the contract forthwith and forfeit the whole or any part of the security money.
17. Contractors are not at liberty to transfer their contracts under cover of power of attorney, coupled with an interest or otherwise, and no such transfer will be recognised by the Government.
18. In the event of any alteration in the Tariff affecting any of the items included in these contracts, the Government or the contractor, as the case may be, may give two months' notice of the termination of the contract to the opposite party, it being understood that such notice can only be given from the first day of the month, and within the period for which the contract is made.

19. Under no circumstances other than those mentioned in clause 18 will a contractor be permitted to abandon his contract. In the event of the contractor failing to carry on the contract, the contract security money will in that case be absolutely forfeited; and in addition the contractor will be held liable for any loss which the Government may sustain in consequence of such failure.

20. Where specially indicated in the schedules no subletting will be allowed, and no delivery shall be made on Sundays; all work must be carried out by the contractor, and the hours of employment of any person engaged in the preparation or manufacture of the articles tendered for in these schedules, or engaged in the delivery of or in any other way in connexion with the supply of the articles tendered for in these schedules, are not to exceed forty-eight per week (unless otherwise stated in the schedules), and every such person shall be paid at the minimum wage specified in the schedules concerned, and a copy of the labour condition, as indorsed on the schedules affected, shall be kept conspicuously and continually posted, in legible Roman characters, in the factory, shop, or dairy (and in each part of the factory, shop, or dairy where several rooms are in use) in which goods are prepared or manufactured under these contracts. Any infringement of this condition will subject the contractor, upon report from the Tender Board, to such mulct, not exceeding £50 (Fifty pounds), as the Treasurer may direct, and the amount will be deducted from the contractor's account or from the security money, and the said Treasurer's decision shall be binding, final, and conclusive as to the fact of infringement and in all other respects.
