4. In the case of schools outside the districts specified in (3) *supra*, for which there is no pupil teacher in excess or eligible pupil teacher recorded for transfer, and where there are more qualified candidates than one, a competitive examination shall be held from time to time as may be necessary. The Inspector shall place the names of candidates in order of merit, and shall report to the Secretary of the Education Department, for the information of the Committee of Classifiers, the names of at least as many candidates as there are vacancies. The names of such candidates as are meritorious shall be entered on the Employment Register in the same order.

11. The salary for monitors when appointed will be at the rate of £12 per annum for males and £10 per annum for females.

12. The qualifications for appointment as monitors shall be the same as those for appointment as pupil teachers.

14. Monitors shall receive instruction as provided for pupil teachers in Regulation V., section 19, and, subject to Regulation V., sections 16 and 17, may present themselves at the annual examinations in the literary work prescribed for the examinations for the several classes of pupil teachers.

SEWING MISTRESSES.

Land Act 1898.

SWAMP LANDS AVAILABLE FOR APPLICATION UNDER CONDITIONAL PURCHASE LEASE OR PERPETUAL LEASE.

MOE SWAMP.

THE allotments mentioned in the schedule hereunder will be available for application on or before Wednesday, 27th September, 1899.

Applications, accompanied by the registration fee of £1, must be made on usual form, and lodged at the Crown Lands Office, Melbourne.

All applications so lodged on or before the above-mentioned date will be deemed to have been simultaneously made.

The applications received will be dealt with by a Special Local Land Board, the place and date of sitting of which will be hereafter notified.

Not more than one allotment may be included in any application.

Conditional Purchase Lease.

Every conditional purchase lease will be dated the 1st day of January, 1900, and may be for such a term of years, not exceeding 31½, as may be agreed upon between the lessee and the Board.

The purchase money, with interest at 4½ per cent., must be paid by 63 or a lesser number of half-yearly instalments (including deposit), calculated according to any of the tables under Division 3 of Part I. of the *Savings Banks Act 1890 Amendment Act 1896*. Each instalment will include interest upon the balance of the purchase money remaining unpaid.

On a conditional purchase lease application a deposit equal to the two (2) first instalments of purchase money, together with fees (including survey charge), must be paid within fourteen days after an allotment has been recommended.

Perpetual Lease.

On a perpetual lease application the first rent and fees (including survey charge), must be paid within fourteen days after an allotment has been recommended.

Rent.

Every perpetual lease will be dated the 1st day of January, 1900, and until the 29th December, 1909, the rent thereunder will be £4 per cent. per annum on the value of the allotment, and thereafter, till 29th December, 1919, the rent will be £4 per cent. per annum on the value of such allotment, as assessed by a Land Classification Board, and thereafter the value of the allotment will be re-assessed every ten years, and the rent will be calculated according to such re-assessment.

Conditional Purchase Lease and Perpetual Lease.

Every conditional purchase lease and every perpetual lease of an allotment will contain the following special conditions:—

(a) a condition that the lessee or purchaser shall make substantial improvements on the land to the extent of 10s. per acre in each of the first three years from the date of lease or sale; and

(b) a condition on the part of the lessee or purchaser to keep open all canals and drains.

The Board has power to grant, subject to such terms and conditions as it thinks fit, authority to the owner or occupier of any allotment to cut a drain through any adjoining allotment without making compensation to the owner or occupier thereof, such drain to run parallel with and within 10 links (approximately 6½ feet), where practicable, of a boundary line of such allotment.

On payment of deposit or rent, together with fees, a permit to occupy will forthwith issue.

Care should be taken by the applicant that he secures the correct form, and that it is properly filled up.

The births of 1,066 children, viz., 554 boys and 512 girls, were registered in Greater Melbourne during the month of August. The number was, it will be observed, 39 more than in August, 1898, and also slightly exceeded that recorded for the month during 1896 and 1897, but were much fewer than in any other of the previous ten years. The number was, moreover, 241 below the average of the month during the previous ten years, or 267 below it if allowance be made for the increase of population.

The deaths recorded in August numbered 567, viz., 306 of males and 261 of females; the births thus exceeded the deaths by 499, or by 88 per cent., as against only 65 per cent. in August, 1898, and as against 102 per cent. according to the average. The number was, it will be noticed, 55 smaller than in August, 1898, and as against 102 per cent. according to the average of the previous ten years, except 1897, when it was the same as in the month under review; it was also 79 below the average of August during the last ten years, or 92 below it, allowing for the increase of population.

To every 1,000 of the population of the district the proportion of births registered was equivalent to 26.71 and of deaths registered to 14.21 per annum, as compared with averages of the same month in 1898 of 26.37 and 15.97 respectively, and during the last ten years of 33.40 and 16.58 respectively, and averages of the whole year of 32.45 and 17.58.

The highest temperature in the shade recorded at Melbourne Observatory during the month was 71.7° on the 29th, and the lowest was 51.6° on the 1st. The mean temperature of the month (50.1°) was seven-tenths of a degree below the average. The greatest range of the thermometer in any one day (27.2°) took place on the 29th, and the least range (7.1°) on the 7th. The mean daily range was 15.7°. The highest atmospheric pressure recorded was 30.442 inches on the 1st, and the lowest was 29.775 inches on the 8th. The mean atmospheric pressure (30.111 inches) was slightly more than an eighth of an inch above the average.

Rain fell on seven days, the amount being 2.51 inches, which was higher than in the corresponding month during any of the previous ten years, except 1896, and two-thirds of an inch above the average during that period.

The mean humidity of the month was 80. Males contributed 54 per cent. and females 46 per cent. to the mortality of the month. Children under five years of age contributed 20 per cent. to that mortality, as against 27 per cent. in August, 1898; 22 per cent. in August, 1897; 22 per cent. in August, 1896; 23 per cent. in August, 1895; 30 per cent. in August, 1894; and 42 per cent. in August, 1893.

The deaths of infants under twelve months numbered 82, as compared with 114 in August, 1898. The rate of infantile mortality was 77 per 1,000 births registered in the month under review, as compared with 111 in August, 1898; 85 in August, 1897; 88 in August, 1896; 89 in August, 1895; 91 in August, 1894; 103 in August, 1893; 84 in August, 1892; 121 in August, 1891; 150 in August, 1890; and 105 per 1,000 in August, 1889.

N.B.—The figures in parentheses represent the numbers in the corresponding month of the preceding year.

As compared with the corresponding month of the previous year, there was little or no change in the mortality from the first three and last classes of disease, whereas a decrease of 14 deaths occurred under developmental diseases, of 50 under local diseases, and of 8 under violence; but an increase of 13 under constitutional diseases. In the zymotic class, although the total mortality remained unchanged, there were considerable fluctuations in regard to individual causes; thus, on the one hand, deaths from whooping-cough rose from nil to 11, influenza from 9 to 11, and septic diseases from 3 to 7, but, on the other hand, deaths from measles fell from 14 to nil, and typhoid fever from 5 to 1. Under the constitutional class, there was an increase of 6 deaths from gout, rheumatism, &c., of 4 from cancer, and of 3 from phthisis; but under the developmental class, deaths from premature birth fell off by 15; and under the local class, those from diseases of the respiratory system diminished by 58, as against which an increase of 10 occurred under diseases of the nervous system.

The following is a statement of the deaths set down to diphtheria and typhoid fever in each month of the years 1890 to 1898, and the first eight months of 1899, from which may be traced the rise and fall of the mortality at various periods of the year. It will be noticed that the mortality from typhoid fever usually attains its maximum in March, and is at a minimum from July to November. It will also be noticed that the mortality from diphtheria during the last eight months, and from typhoid fever in the last two months, was below the average.

Tenders must be placed in the Crown Lands Office Tender-box not later than Twelve noon on Wednesday, 27th September, 1899.

NOTE.—No tender will be accepted unless the fee for the period from 1st October, 1899, to 30th June, 1900, and fee of Five shillings for licence, are forwarded with the tender.

TENDERS will be received by the Board of Land and Works up to Twelve noon on Wednesday, 27th September, 1899, for the occupation, for grazing purposes only, of the following unappropriated portions of land, subject to the Regulations approved by the Governor in Council and also the subjoined special conditions.

Every licence granted under section 123 of the *Land Act 1890* shall be subject to the conditions set forth in the schedule hereto and to such special conditions and payment in advance of such fee as the Minister may determine, and shall be issued by an officer of the Department of Lands and Survey duly authorized in that behalf.

Under section 7 of the *Vermin Destruction Act 1890*, all licensees under the section for which these licences will issue are liable for the destruction of rabbits within the boundaries of their licences.

Conditions:

1. The issue of this licence shall not prevent the land comprised therein, or any part or parts thereof, being sold, leased, licensed, alienated, or dealt with under any of the provisions of the *Land Acts*, except under the 123rd section of the *Land Act 1890*, or being resumed by order of the Governor or Administrator of the Government of Victoria, with the advice of the Executive Council, for any of the purposes for which land may be reserved under section 10 of the *Land Act 1890*, or for mining purposes.

2. In case the said land, or any part thereof, should be sold, leased, licensed, alienated, dealt with, or resumed as aforesaid, the licensee shall not be entitled to any compensation other than that which the responsible Minister of the Crown for the time being administering the *Land Acts* may think fit.

3. This licence is subject to the rights of the holders of miners' rights or of mining leases now issued or hereafter to be issued to enter upon the allotment hereby licensed, and to search for gold, and to mine thereon, and to erect and occupy mining plant and machinery, without making any compensation to the licensee, his executors, administrators, or assigns, for surface or other damage.

4. Subject to these conditions, the licensee shall be entitled to use the land for the purpose for which this licence has been granted, until such land, or any part thereof, has been sold, leased, licensed, alienated, dealt with, or resumed as aforesaid, and thereupon all the interest of the licensee therein shall cease and be determined.

5. No land comprised in roads from time to time surveyed and marked out within the boundaries of the land comprised in this licence shall be deemed within its operation.

6. This licence shall entitle the holder thereof, during the period for which it is granted, to use the land therein comprised for depasturing purposes only, but shall not confer any right to build thereon, or to cultivate or, without the permission of the Minister, fence any portion thereof.

7. The interest in this licence shall not be transferred without the consent of the Minister; and the payment of a fee of £1.

8. The licensee shall be liable to forfeiture if the licensee commit a breach of or neglect to comply with these conditions.

9. The publication of a notice in the *Government Gazette*, purporting to declare that the Governor or Administrator, with the advice aforesaid, has forfeited this licence, shall be conclusive evidence that the licence is forfeited.

10. The ring-barking of the timber upon the land by the licensee is expressly forbidden, and he shall not be entitled to destroy or cut and take away any such timber.

11. Free access to water shall be kept open at all times for travelling and other stock and for persons desiring to take water for domestic purposes.

12. The licensee shall destroy all thistles on the land, and on the half width of the adjoining roads, and shall be responsible for the destruction of thistles under the *Thistle Act 1890* in like manner as holders of freehold lands.

Special Conditions.

1. The period of occupation will be for nine months—from 1st October, 1899, to 30th June, 1900.

2. The fee for the period from 1st October, 1899, to 30th June, 1900—for which the licence will be issued, and fee for licence—must accompany the tender, otherwise the offer of the next highest tenderer who complies with this condition may be accepted.

3. Tenders to be for so much per lot and block per annum.

4. Separate tenders must be lodged for each block.

5. Tenders to be indorsed—"Tender for Lot 1, Block 3256," or "Lot 2, Block 3300," or "Lot 3, Block 3432," as the case may be.

6. The highest or any tender not necessarily accepted.
