Application for Registration as

To the Secretary of the Council for the Shire of Malvern.

Sir,—I desire to be registered in accordance with the particulars in the schedule hereunder:—

Schedule.

Name in full	...
Trade in respect of which registration is desired	...
Style or firm under which trade is to be carried on	...
Every place, if any, within the jurisdiction of the council at which such trade or any part of it is to be carried on, including a full description of all paddocks, grasslands, grounds, and enclosures occupied or used or intended to be used by the applicant	...
Period of time for which registration is desired	...
Year commencing the day of	190

4. Upon receipt of every such application and fee, the secretary of the said council shall indorse the same with a memorandum of the date on which it is received, and of the payment of the fee, and shall file the same and shall enter the particulars in the schedule to such application in a book to be kept for that purpose, and cause the same to be properly indexed.

5. All paddocks, grounds, lands, and enclosures used as grazing ground for dairy cattle shall, whenever necessary, be inspected by any member or officer of the said council, or by any person authorized in writing by the president or secretary of the said council, and if on inspection such paddocks, grounds, or enclosures, or any one of them, are or is likely in the opinion of the officer or person so inspecting to be prejudicial to health, by affecting the milk or otherwise, the said council may, by an order in writing, signed by the secretary, and served personally or left at the dwelling-house of the registered person, or in the case of an unregistered person, served personally, or left at his dwelling-place or posted upon the land, prohibit the use of the same for the purpose of feeding dairy cattle either absolutely or for any time named in such order. All cattle in dairies shall also be similarly inspected by a veterinary surgeon or other competent person, and any cows found to be diseased or whose milk, whether from poverty, weakness, or any other cause, would be in the opinion of the inspector injurious to health shall be forthwith removed from such dairy, if ordered by such inspector or other officer as aforesaid. And any such order as aforesaid the said council may revoke, but upon every fresh inspection a similar order may from time to time be made.

6. All houses, dairies, cow-sheds, milk stores, milk shops, or other buildings or structures in the occupation of any person following the trade of cowkeeper or dairyman, whether registered or not, shall be kept in such a state in respect of cleanliness as not to be a nuisance or injurious to health, and shall be thoroughly and effectively lighted and ventilated, and the drainage of all such buildings shall be so arranged that no stagnant water or refuse matter of any kind shall remain or lie in any way whatever in or upon or contiguous to any premises of such person following the trade of a cowkeeper or dairyman, whether registered or not.

7. All yards, sheds, or other places used for keeping or holding dairy cows shall be regularly swept and be kept perfectly clean, and shall, within 24 hours of any order to such effect from the Health Officer or Inspector of Nuisances be fumigated, disinfected, or lime-washed, as may be in such order so directed.

8. All vessels used for containing milk for sale by cowkeepers, dairymen, or purveyors of milk shall be thoroughly scalded and scoured daily.

9. If any person or any member of the family of any person registered as aforesaid or not so registered, but employed as a cowkeeper, dairyman, or purveyor of milk, or any visitor or member of the family of any visitor to any such person shall be attacked by typhoid fever or any dangerous infectious disease, the occupier of the house in which such person shall be, or (if he be the person attacked) his wife or other person in charge shall immediately give notice thereof to the council, or Officer of Health, or to the nearest member of the police force, who shall immediately inform the council, and thereupon it shall and may be lawful for the said council or the Officer of Health, by order served as aforesaid, to prohibit absolutely the sale and vending and forwarding of milk for sale from any premises in the use and occupation of any such cowkeeper, dairyman, or purveyor of milk, until danger, in the opinion of such council or Officer of Health, no longer exists. And in any such case it shall not be lawful to allow any person so suffering, or having recently been in contact with any person so suffering, to milk cows, or to handle vessels used for containing milk for sale, or in any way to take part or assist in the conduct of such trade or business. Nor, if the person registered or conducting such business be himself the person suffering, shall he take any part whatever in the conduct of such trade or business, until, in either case, all danger therefrom of the communication of infection to the milk or of its contamination has ceased.

10. If at any time disease exists in the dairy or among the cows or cattle in any cow-shed or dairy or in the herds of any cowkeeper, dairyman, vendor or purveyor of milk, the registered person, owner, occupier, or other person in charge, as the case may be, shall immediately give notice to the council, Officer of Health, or nearest member of the police force, and the milk of a diseased cow shall not be used in any way whatsoever.

11. No cowkeeper, dairyman, or purveyor of milk shall keep or permit, or suffer to be kept, any pigs in the sheds, buildings, or milking yards in which any dairy cows may be kept or sheltered.

12. In the interpretation of this by-law words importing the masculine gender shall be deemed and taken to include females, and the singular the plural, and the plural the singular, and the word "person" shall include a corporation.

13. CONDITIONS OF CONTRACT.

1. The Government will not be bound to order from the contractor all or any of the articles enumerated in the schedule, but only those articles, and such quantities of those articles, as it may be found necessary to order. Should the Government, however, require a larger supply of any article than the quantity stated in the schedule, the contractor will nevertheless be bound to supply the same at contract rates.

2. The supplies are to be the same as sample (where so stated), and of the particular manufacture indicated in the schedule of tenders. In the case of different makers' goods, the contractor will be required to supply the kind ordered. In other cases the supplies are to be the best quality of their several kinds or manufacture. A preference will, however, be given to goods of Victorian manufacture, except Item 27, provided the quality is equal to the particular manufacture indicated in the schedule.

3. All orders for supplies will emanate from the Government Printer. These orders must accompany the goods on delivery, otherwise the goods will not be received. Delivery, as a rule, is to be of the full quantity ordered.

4. Supplies ordered must be delivered free of all charges (whether cartage, freight, &c.). The value of all packages, cases,

June 1, 1900.

1922

casks, &c., whether bulk be broken or not, must be included in the prices stated in the contractor's tender; all such packages, &c., to be considered the property of the Government, and no charges or expenses whatsoever beyond the price tendered and set out in the schedule will be allowed to the contractor for any articles or packages, cases, casks, &c. The net weight or quantity only will be paid for.

5. Arrangements as to time of delivery and inspection of goods will be made by the Government Printer.

6. Orders must receive prompt execution; and, in the event of the goods not being delivered within forty-eight hours after the contractor shall have received the order, or within such other time as the order may specify for delivery, it will be competent for the Government Printer, on giving the contractor twenty-four hours' notice, to purchase the supplies, or any like supplies that are suitable for the service, at the contractor's risk, and the extra expense incurred over and above the contract price (if any) will be deducted from the contractor's account or from the security money.

7. The contractor will be required to furnish his account in the prescribed form simultaneously with delivery of the full quantities of goods ordered, the account being rendered with the order to which it relates. The prices quoted in the orders cannot be increased.

8. The acceptance of the supplies shall be subject to the approval of the Government Printer, whose decision shall be final.

9. Delivery will not be deemed to have been made until the goods have been approved of. All articles rejected must be immediately replaced by the contractor, otherwise purchases will be effected at the contractor's risk, and the extra expense deducted as in Condition 6.

10. A refusal to execute orders, irregularity in the quantity or quality of the supplies, or delay in delivering or replacing them when required, will subject the contractor, upon report from the Tender Board, to such mulct, not exceeding fifty pounds, as the Treasurer may direct, and the amount may be deducted as in Condition 6. It will also be in the power of the said Treasurer, upon such refusal, irregularity, or delay, to terminate the contract forthwith, and forfeit the whole or any portion of the security money.

11. Contractors are not at liberty to transfer their contracts under cover of power-of-attorney, coupled with an interest or otherwise, and no such transfer will be recognised by the Government.

12. The contracts entered into under this notice are not to be considered as being broken, infringed, or vitiated by the importation of stores for the Government Printing Office; or by any article being made at any Government establishment, and supplied for use in the Government Printing Office; or by the consumption of the surplus stock of any Government establishment.

13. In the event of any alteration in the Tariff affecting any of the items included in this contract, the Government or the contractor (as the case may be), may give two months' notice of the termination of the contract to the opposite party, it being understood that such notice can only be given from the first day of the month, and within the period for which the contract is made.

14. Under no circumstances other than those mentioned in clause 13 will a contractor be permitted to abandon his contract. In the event of the contractor failing to carry on the contract, the contract security money will in that case be absolutely forfeited; and in addition the contractor will be held liable for any loss which the Government may sustain in consequence of such failure.
