Tenders, which must be upon the printed form, will be received for either funerals or removals, but if both services be included in one tender it may, if advisable, be accepted for one service only.

For funerals separate prices must be stated for adults, for children under seven years of age, and for still-born children—one sum is to be stated for each, including interment, conveyance, and all charges whatsoever, except ministers' fees. For removals separate prices must be stated for adults and children under seven years of age.

Tenders are advised to attach to their tenders lists of their business branches, specifying telephonic connexions, as accessibility and means of prompt communication will be considered in accepting the tenders.

The trustees of the Melbourne General Cemetery have notified that the following are the charges for burials upon Police orders:—

Such deposit to be forfeited in the event of the successful tenderer failing to complete the security within the prescribed period.

Security will be required, in the sum of £50, either in cash, Victorian Government debentures, Bank deposit receipt, or Savings Bank deposit book in favour of the Secretary to the Tender Board, as the tenderer may elect.

The security must be completed and contract signed within five days of acceptance of the tender, failing which the contract may be again advertised, or another tender accepted.

Tenders, indorsed "Tender for Funerals or Removals" (as the case may be), are to be deposited in the Tender-box at the Pay Office, Treasury, or addressed to the Chairman, Tender Board, Pay Office, Treasury, Melbourne.

The Government will not necessarily accept the lowest or any tender.

CONDITIONS OF CONTRACT.

1. The services are to be performed upon an order signed by a member of the Police Force. Under 31 Victoria No. 310, section 9, cemetery fees are not payable in the cases of paupers buried upon an order signed by a Justice, and in such cases the contractor's account for the burial will be correspondingly reduced.

2. No claim will be allowed under this contract for any burial respecting which the contractor receives or arranges for any payment whatever from the relatives or friends of the deceased.

3. The funerals are to be of the most economical description consistent with propriety. A plain hearse for an adult, and a covered, plain, suitable four-wheeled vehicle for a child under seven years of age, to be provided. The body shall be taken direct to the cemetery, and no more than one body shall be carried in the hearse or vehicle at a time.

4. Coffins for funerals must be sufficiently long, deep, wide, and substantial to bear the corpse and permit it to lie extended at full length, and must be fastened down with screws. The contractor shall provide 2 inches of sawdust for the bottom of the coffin; a small block of wood to keep the head of the deceased in position, and sufficient white calico to cover the body. In the event of a body being decomposed, or whenever it may be considered necessary by the member of the Police Force issuing the order for the burial, a coffin must be supplied sufficiently large to leave at least 2 inches between the body and the sides and top and bottom of the coffin, and this space must be filled up round the body with pine or phenyle sawdust by the contractor at his own expense; and in the event of any neglect in so providing or filling up the coffin the contractor will be dealt with as provided in Condition 12. Coffins to be properly lowered into the graves, and the graves filled up again.

5. The graves to be dug of the proper depth, and in conformity with the Cemetery Regulations.

6. In the event of the contractor failing to attend punctually to any order, the work will be otherwise performed, and the extra expense incurred, if any, will be charged to the contractor. Should any circumstance, however, make it necessary in any particular case that an immediate removal to the Morgue be effected, the hiring of another vehicle for the purpose will not be an infringement of the contract.

7. When burials or removals are required to take place on Sunday, or, in the case of any lunatic asylum, burials on the same day as the inquest, no delay must take place in complying therewith, and any additional fees charged by the cemetery authorities in the case of burials will be repaid to the contractor.

8. The attendance of a minister of the denomination named in the order for the burial must, if practicable, be provided. If for any burial such minister is not available the burial service is to be conducted by the resident chaplain deputed by the denomination, and in cases where no such deputy is appointed by the denomination, or where the religious denomination of the deceased is unknown, the services are to be performed by the resident chaplains alternately, and the contractor must inform the Police of the hour when the funeral service will take place, so that the friends of the deceased may attend at the cemetery if they wish. Such order to be produced at the cemetery when the contractor gives the order for interment. The contractor must pay the minister's fee for reading the burial service should it be claimed, and he will be reimbursed, on producing the minister's receipt, which must specify that the burial service was duly and properly performed at the time of the burial, and that he received the fee for so doing. Should the burial service not be performed at the time of the burial no reimbursement will be allowed. The receipt must also specify the name, age, and denomination of deceased, the name and denomination of the minister who performed the burial service, and the hour when the service was performed.

9. Bodies to be removed to the Morgue shall be placed before removal in shell coffins securely closed, and shall be conveyed in suitable covered four-wheeled vehicles.

10. Every practicable precaution must be taken in order to prevent offensiveness from decomposition, but in no case of removal must any disinfectant be used without the authority of the medical officer performing the *post-mortem* examination.

11. The account is to be rendered monthly to the officer ordering the service for payment at the Treasury, Melbourne. The charge for the minister's fee should be included in the account for the funeral.

12. A refusal to execute orders, impropriety, neglect, or delay in conducting the funerals or removals will subject the contractor, upon report from the Tender Board, to such mulct, not exceeding £50, as the said Treasurer may direct, and the amount may be deducted from the contractor's account or from the security money. It will also be in the power of the said Treasurer, upon such refusal, impropriety, neglect, or delay, to terminate the contract forthwith, and forfeit the whole or any part of the security money.

13. Under no circumstances will a contractor be permitted to abandon his contract. In the event of the contractor failing to carry on the contract, the security money will in that case be absolutely forfeited, and, in addition, the contractor will be held liable for any loss which the Government may sustain in consequence of such failure.

14. Contractors are not at liberty to transfer their contracts under cover of power of attorney, coupled with an interest or otherwise, and no such transfer will be recognised by the Government.

15. If it is determined that the Melbourne General Cemetery shall be closed for burials before the expiry of the term for which this contract is taken, the contract will terminate on notice being given to the contractor by the Secretary to the Tender Board of such determination.

16. No subletting will be allowed; all work must be carried out by the contractor; the hours of employment of any person engaged in the burials or removals tendered for in this schedule are not to exceed forty-eight per week, and every such person shall be paid at the minimum wage of not less than 6s. per day; and a copy of these labour conditions shall be kept conspicuously and continually posted, in legible Roman characters, in the factory or shop (and in each part of the factory or shop where several rooms are in use) in which funerals are prepared under this contract. Any infringement of these conditions, in the opinion of the Treasurer, will subject the contractor, upon report from the Tender Board, to such mulct, not exceeding £50 (fifty pounds), as the Treasurer may direct, and the amount will be deducted from the contractor's account or from the security money, and the Treasurer's decision shall be binding, final, and conclusive as to the fact of infringement, and in all other respects.

Melbourne, 29th May, 1901.

TENDERS FOR GRAZING LANDS.

Tenders must be sent in on proper form, which can be obtained on application to the Lands Department, Melbourne, or any of the Survey Offices in the country.

Tenders must be placed in the Crown Lands Office Tender-box not later than Twelve noon on Thursday, 27th June, 1901.

NOTE.—No tender will be accepted unless the fee for the period from 1st July, 1901, to 30th June, 1902, and fee of Five shillings for licence, are forwarded with the tender.

TENDERS will be received by the Board of Land and Works up to Twelve noon on Thursday, 27th June, 1901, for the occupation, for grazing purposes only, of the following unappropriated portions of land, subject to the Regulations approved by the Governor in Council and also the subjoined special conditions.

Every licence granted under section 123 of the *Land Act 1890* shall be subject to the conditions set forth in the schedule hereto and to such special conditions and payment in advance of such fee as the Minister may determine, and shall be issued by an officer of the Department of Lands and Survey duly authorized in that behalf.

No. 68.—JUN 7, 1901.—5.

Under section 7 of the *Vermin Destruction Act 1890*, all licensees under the section for which these licences will issue are liable for the destruction of rabbits within the boundaries of their licences.

Conditions:

1. The issue of this licence shall not prevent the land comprised therein, or any part or parts thereof, being sold, leased, licensed, alienated, or dealt with under any of the provisions of the *Land Act*, except under the 123rd section of the *Land Act 1890*, or being resumed by order of the Governor or Administrator of the Government of Victoria, with the advice of the Executive Council, for any of the purposes for which land may be reserved under section 10 of the *Land Act 1890*, or for mining purposes.

2. In case the said land, or any part thereof, should be sold, leased, licensed, alienated, dealt with, or resumed as aforesaid, the licensee shall not be entitled to any compensation other than that which the responsible Minister of the Crown for the time being administering the *Land Acts* may think fit.

3. This licence is subject to the rights of the holders of miners' rights or of mining leases now issued or hereafter to be issued to enter upon the allotment hereby licensed, and to search for gold, and to mine thereon, and to erect and occupy mining plant and machinery, without making any compensation to the licensee, his executors, administrators, or assigns, for surface or other damage.

4. Subject to these conditions, the licensee shall be entitled to use the land for the purpose for which this licence has been granted, until such land, or any part thereof, has been sold, leased, licensed, alienated, dealt with, or resumed as aforesaid, and thereupon all the interest of the licensee therein shall cease and be determined.

5. No land comprised in roads from time to time surveyed and marked out within the boundaries of the land comprised in this licence shall be deemed within its operation.

6. This licence shall entitle the holder thereof, during the period for which it is granted, to use the land therein comprised for pasturing purposes only, but shall not confer any right to build thereon, or to cultivate or, without the permission of the Minister, fence any portion thereof.

7. The interest in this licence shall not be transferred without the consent of the Minister, and the payment of a fee of £1.

8. The licensee shall be liable to forfeiture if the licensee commit a breach of or neglect to comply with these conditions.

9. The publication of a notice in the *Government Gazette*, purporting to declare that the Governor or Administrator, with the advice aforesaid, has forfeited this licence, shall be conclusive evidence that the licence is forfeited.

10. The ring-barking of the timber upon the land by the licensee is expressly forbidden, and he shall not be entitled to destroy or cut and take away any such timber.

11. Free access to water shall be kept open at all times for travelling and other stock and for persons desiring to take water for domestic purposes.

12. The licensee shall destroy all thistles on the land, and on the half width of the adjoining roads, and shall be responsible for the destruction of thistles under the *Thistle Act 1890* in like manner as holders of freehold lands.

Special Conditions.

1. The period of occupation will be for twelve months—from 1st July, 1901, to 30th June, 1902.

2. The fee for the period from 1st July, 1901, to 30th June, 1902—for which the licence will be issued, and fee for licence—must accompany the tender, otherwise the offer of the next highest tenderer who complies with this condition may be accepted.

3. Tenders to be for so much per lot and block per annum.

4. Separate tenders must be lodged for each block.

5. Tenders to be indorsed—"Tender for Lot 1, Block 2798," or "Lot 2, Block 3722," or "Lot 3, Block 4125," as the case may be.

6. The highest or any tender not necessarily accepted.

7. Tenderers must give their full name and ordinary postal address.

8. The areas are given as more or less, and all appropriated, alienated, or licensed land (if any) within the boundaries is excluded.
