## NOTICE TO MARINERS.—VICTORIA (No. 78).

DREDGING IN SOUTH CHANNEL.—PORT PHILLIP.

REFERRING to Notice to Mariners No. 74, dated 23rd July, 1903, mariners and others are hereby warned that under certain conditions of tide the dredger *John Nimmo* and the anchor punt swing at their moorings by night athwart the South Channel, and thus offer considerable obstruction therein in the vicinity of the line of leading lights off Portsea, therefore extreme care must be taken in navigating vessels past the dredger.

Obstructions connected with the dredging operations may be cleared by passing to southward of the red lighted gas buoy off Portsea, and otherwise following the course prescribed for vessels drawing over 24 feet (*vide* Notice to Mariners No. 71, dated 20th July, 1903), instead of passing close to the dredger.

C. W. MACLEAN,  
Port Officer.

Melbourne, 2nd August, 1903.

\* Arrivals in excess.

The railway traffic, which was taken into account for the first time in the previous quarter, has again been included. The migration returns have also been amended since the beginning of the year, and do not now include persons who merely call at the ports of the State on their way to other places. Had these methods been pursued since the date of the Census (31st March, 1901), the population on the 31st December, 1902, would have been 4,920 more than that estimated, viz., 3,022 males and 1,898 females.

However, it was decided that the estimate for that date should be allowed to stand, and that the allowance for unrecorded departures, estimated under the new system to be equivalent to 13 per cent. for males and 9½ per cent. for females, be held in abeyance until this deficiency was made good. Such an allowance for the quarter under review would amount to 1,403 for males and 650 for females, or a total of 2,053. In the previous quarter the unrecorded departures similarly held back numbered 2,391, making a total for the six months of 4,444, so that the surplus has now almost been absorbed.

The recorded loss of population during the quarter was 521, which would have been increased to 2,574 if the unrecorded departures had been taken into consideration.

Tenders must be placed in the Crown Lands Office Tender-box not later than Twelve noon on Saturday, 29th August, 1903.

**NOTE.**—No tender will be accepted unless the fee for the period from 1st September, 1903, to 30th June, 1904, and fee of Five shillings for licence, are forwarded with the tender.

**T**ENDERS will be received by the Board of Land and Works up to Twelve noon on Saturday, 29th August, 1903, for the occupation, for grazing purposes only, of the following unappropriated portions of land, subject to the Regulations approved by the Governor in Council and also the subjoined special conditions.

Every licence granted under section 187 of the *Land Act 1901* shall be subject to the conditions set forth in the schedule hereto and to such special conditions and payment in advance of such fee as the Minister may determine, and shall be issued by an officer of the Department of Lands and Survey duly authorized in that behalf.

#### Conditions.

1. The issue of this licence shall not prevent the land comprised therein, or any part or parts thereof, being sold, leased, licensed, alienated, or dealt with under any of the provisions of the *Land Acts*, except under the 187th section of the *Land Act 1901*, or being resumed by order of the Governor or Administrator of the Government of Victoria, with the advice of the Executive Council, for any of the purposes for which land may be reserved under section 10 of the *Land Act 1901*, or for mining purposes.

2. In case the said land, or any part thereof, should be sold, leased, licensed, alienated, dealt with, or resumed as aforesaid, the licensee shall not be entitled to any compensation other than that which the responsible Minister of the Crown for the time being administering the *Land Acts* may think fit.

3. This licence is subject to the rights of the holders of miners' rights or of mining leases now issued or hereafter to be issued to enter upon the allotment hereby licensed, and to search for gold, and to mine thereon, and to erect and occupy mining plant and machinery, without making any compensation to the licensee, his executors, administrators, or assigns, for surface or other damage.

4. Subject to these conditions, the licensee shall be entitled to use the land for the purpose for which this licence has been granted, until such land, or any part thereof, has been sold, leased, licensed, alienated, dealt with, or resumed as aforesaid, and thereupon all the interest of the licensee therein shall cease and be determined.

5. No land comprised in roads from time to time surveyed and marked out within the boundaries of the land comprised in this licence shall be deemed within its operation.

6. This licence shall entitle the holder thereof, during the period for which it is granted, to use the land therein comprised for depasturing purposes only, but shall not confer any right to build thereon, or to cultivate or, without the permission of the Minister, fence any portion thereof, or construct a dam or tank.

6A. That in the event of the Minister granting permission to fence the whole or any part of this area, the licensee shall provide gates or slip panels in suitable places for the convenience of the public. No compensation will be allowed for fencing erected on boundaries of allotments alienated or in course of alienation.

That where improvements are authorized under section 189 of the *Land Act 1901* the licensee shall notify, on completion, that such improvements have been made, otherwise the work will not be recognised.

7. The interest in this licence shall not be transferred without the consent of the Minister, and the payment of a fee of Ten shillings.

8. The licensee shall be liable to forfeiture if the licensee commit a breach of or neglect to comply with these conditions.

9. The publication of a notice in the *Government Gazette*, purporting to declare that the Governor or Administrator, with the advice aforesaid, has forfeited this licence, shall be conclusive evidence that the licence is forfeited.

10. The ring-barking of the timber upon the land by the licensee is expressly forbidden, and he shall not be entitled to destroy or cut and take away any such timber.

11. Free access to water shall be kept open at all times for travelling and other stock and for persons desiring to take water for domestic purposes.

12. The licensee shall destroy all thistles on the land, and on the half width of the adjoining roads, and shall be responsible for the destruction of thistles under the *Thistle Act 1890* in like manner as holders of freehold lands.

13. The licensee shall keep the land free from vermin, and should he fail to do so, the licence shall be liable to forfeiture.

14. This licence is issued subject to the rights of saw-millers to graze on this area such horses and bullocks as are actually used in connexion with their licensed operations on this land.

#### Special Conditions.

1. The period of occupation will be for ten months—from 1st September, 1903, to 30th June, 1904.
  2. The fee for the period from 1st September, 1903, to 30th June, 1904—for which the licence will be issued, and fee for licence—must accompany the tender, otherwise the offer of the next highest tenderer who complies with this condition may be accepted.
  3. Tenders to be for so much per lot and block per annum.
  4. Separate tenders must be lodged for each block.
