* As only a part of the potato crop, viz., 6,750 acres had been dug when the statistics were collected, an estimate has been made of the remainder of the yield, based on average yield deduced from actual information received. In response to cards, from the principal growers in each county. The average of the 6,750 acres dug prior to the general collection of the statistics was 3.12 tons per acre. And that of 16,425 acres, returned by principal growers after such collection, was 2.48 tons per acre, giving a general average for the whole season of 3.43 tons per acre. Hence the estimate of the total produce is based on the average yield of 23.184 acre—oz., nearly one-half of the whole area.

† Including 3,396 tons of Sugar-bee.

ROSS CREEK, TOWNSVILLE.

NOTICE is hereby given that the old channel, marked by a floating pontoon carrying a green light by night, has been closed to navigation, and the pontoon and light removed until further notice.

Vessels navigating Ross Creek may use the cutting along the northern bank, the centre of which is marked by two V shaped beacons carrying two green lights by night, and has a minimum depth of 4 feet 6 inches at L.W.O.S.

Owing to the material lately blasted not having been removed yet, mariners should exercise the utmost caution when using this cutting.

JOHN MACKAY,
Postmaster.

Marine Department,
Brisbane, 5th July, 1904.

No. 10 of 1904.

NORMAN RIVER BAR.

Dredged Cutting now Open for Navigation—Old Channel Closed.

NOTICE is hereby given that a new dredged channel through the outer banks of the Norman River bar has been completed, and is now marked for navigation by a line of lights and leading beacons bearing south 62° east and by three (3) black buoys, one (1) red, and two (2) black beacons.

The new channel lies 2 miles north-east of the old bar; the lights, buoys, and beacons of the latter are removed.

The anchorage buoy (r.d.) now lies in 16 feet at L.W.S. in line of the new lead, and the fairway buoy in 12 feet, 200 feet east of the lead.

Vessels entering will, after making the anchorage buoy, pass close to the westward of the fairway buoy, bringing the new bar lead in line ahead and passing three (3) black buoys and two (2) black beacons on the port hand and one (1) red beacon on the starboard hand. The bar lead is to be kept until the elbow leading beacons are in line, whence rounding another black buoy proceeded as hitherto.

The depth in the cutting available for navigation is 10 feet at L.W.S.

NOTICE TO MARINERS.—SOUTH AUSTRALIA.

THE following Notice to Mariners, which has been received from Marine Board, Port Adelaide, is published for general information.

C. W. MACLEAN,
Port Officer.

Department of Ports and Harbors,
Melbourne, 22nd July, 1904.

[No. 11 of 1904.]

GULF OF ST. VINCENT.—ENTRANCE TO PORT ADELAIDE RIVER.

REFERRING to Notices to Mariners Nos. 3, 4, and 5 of 1903, and 1, 5, and 10 of 1904, respectively, the following alterations, which have been found necessary, should be noted by masters of vessels and others:—

The lights on the beacons which originally formed No. 1 lead have been discontinued. In lieu thereof, three beacons, showing green lights, have been placed on the north bank—the first one from sea on the S.W. corner of the bank, the second near the present reflecting beacon, and the third near the square-headed black beacon.

Two light beacons (both red) have been placed on the north bank, and these, when in line, will lead through the cutting to abreast of No. 2 light beacon, and will hereafter be termed No. 1 lead.

An improved white light has been placed on the remaining portion of the structure of the old light-house at a height of forty-five (45) feet, showing all round the horizon for a distance of ten (10) miles.

The positions of all the above lights as well as of those supplied by the Light's Passage harbor contractors, are shown on a revised chart recently issued, copies of which may be obtained at this office free of cost.

Sailing Directions.—To enter the river, pass the occulting buoy light at a distance of 50 feet, and steer between the white light on a pile abreast of the old light-house and the first green light which is placed on S.W. corner of the north bank, on a N.E. by E. course, passing the second and third green lights at a similar distance, until the new lead on the north bank (now termed No. 1 lead) comes in line. Keep them in line until abreast of No. 2, then steer for No. 3 as before.

This affects Admiralty Charts Nos. 1750 and 2359 A and B.

During the progress of the work at the Light's Passage harbor works masters of vessels exempt from pilotage may, if they so desire, avail themselves of the services of a pilot to assist them in passing such works, either in or out, at one-half the usual rates.

If the usual exemption flag is not hoisted, it will be taken as a signal that a pilot is required. At night, if a pilot is required, the usual signal for a pilot should be shown.

N.B.—Owing to the nature of the work in progress, this notice may require to be amended from time to time, and therefore should be treated as tentative only.

ARTHUR SKARCY,
President of the Marine Board.

Marine Board Offices,
Port Adelaide, 16th May, 1904.

TENDERS FOR GRAZING LANDS.—WILSON'S PROMONTORY.

TENDERS will be received by the Board of Land and Works up to Twelve noon on Thursday, 1st September, 1904 for the occupation, for grazing purposes only, of the following unappropriated portions of land, subject to the Regulations approved by the Governor in Council and also the subjoined special conditions.

Every licence granted under section 187 of the *Land Act* 1901 shall be subject to the conditions set forth in the schedule hereto and to such special conditions and payment in advance of such fee as the Minister may determine, and shall be issued by an officer of the Department of Lands and Survey duly authorized in that behalf.

Conditions.

1. The issue of this licence shall not prevent the land comprised therein, or any part or parts thereof, being sold, leased, licensed, alienated, or dealt with under any of the provisions of the *Land Acts*, except under the 187th section of the *Land Act* 1901, or being resumed by order of the Governor or Administrator of the Government of Victoria, with the advice of the Executive Council, for any of the purposes for which land may be reserved under section 10 of the *Land Act* 1901 or for mining purposes.

2. In case the said land, or any part thereof, should be sold, leased, licensed, alienated, dealt with, or resumed as aforesaid, the licensee shall not be entitled to any compensation other than that which the responsible Minister of the Crown for the time being administering the *Land Acts* may think fit.

3. This licence is subject to the rights of the holders of mining rights or of mining leases now issued or hereafter to be issued to enter upon the allotment hereby licensed, and to search for gold, and to mine thereon, and to erect and occupy mining plant and machinery, without making any compensation to the licensee, his executors, administrators, or assigns, for surface or other damage.

4. Subject to these conditions, the licensee shall be entitled to use the land for the purpose for which this licence has been granted, until such land, or any part thereof, has been sold, leased, licensed, alienated, dealt with, or resumed as aforesaid, and thereupon all the interest of the licensee therein shall cease and be determined.

5. No land comprised in roads from time to time surveyed and marked out within the boundaries of the land comprised in this licence shall be deemed within its operation.

6. This licence shall entitle the holder thereof, during the period for which it is granted, to use the land therein comprised for depasturing purposes only, but shall not confer any right to build thereon, or to cultivate, or, without the permission of the Minister, fence any portion thereof, or construct a dam or tank.

6A. That in the event of the Minister granting permission to fence the whole or any part of this area, the licensee shall provide gates or slip panels in suitable places for the convenience of the public. No compensation will be allowed for fencing erected on boundaries of allotments alienated or in course of alienation.

That where improvements are authorized under section 189 of the *Land Act* 1901 the licensee shall notify, on completion, that such improvements have been made, otherwise the work will not be recognised.

7. The interest in this licence shall not be transferred without the consent of the Minister, and the payment of a fee of Ten shillings.

8. The licensee shall be liable to forfeiture if the licensee commit a breach of or neglect to comply with these conditions.

9. The publication of a notice in the *Government Gazette*, purporting to declare that the Governor or Administrator, with the advice aforesaid, has forfeited this licence, shall be conclusive evidence that the licence is forfeited.

10. The ring-barking of the timber upon the land by the licensee is expressly forbidden, and he shall not be entitled to destroy or cut and take away any such timber.

11. Free access to water shall be kept open at all times for travelling and other stock and for persons desiring to take water for domestic purposes.

12. The licensee shall destroy all thistles on the land, and on the half width of the adjoining roads, and shall be responsible for the destruction of thistles under the *Thistle Act* 1890 in like manner as holders of freshhold land.

13. The licensee shall keep the land free from vermin, and, should he fail to do so, the licence shall be liable to forfeiture.

14. This licence is issued subject to the right of saw-millers to graze on this area such horses and bullocks as are actually used in connexion with their licensed operations on this land.

Special Conditions.

1. The period of occupation will be for eight months—from 1st November, 1904, to 30th June, 1905, and renewable for six years thereafter.

2. The fee for the period from 1st November, 1904, to 30th June, 1905—for which the licence will be issued, and fee for licence—must accompany the tender, otherwise the offer of the next highest tenderer who complies with this condition may be accepted.

3. Tenders to be for so much per lot and block per annum.

4. Separate tenders must be lodged for each block.

5. Tenders to be indorsed—"Tender for Lot 1, Block 8864," or "Lot 2, Block 8865," or "Lot 3, Block 8866" as the case may be.

6. The highest or any tender not necessarily accepted.

7. Tenderers must give their full name and ordinary postal address.

8. The areas are given as more or less, and all appropriated, alienated, or licensed land (if any) within the boundaries is excluded.
