WAR BETWEEN RUSSIA AND JAPAN.

THE subjoined Despatch, with its enclosure, which has been received by His Excellency the Governor from the Right Honorable the Secretary of State for the Colonies, is published for general information.

By His Excellency's Command,

TH. BENT,
Premier.

Premier's Office,
Melbourne, 24th May, 1904.

CIRCULAR.

Downing-street,
8th April, 1904.

SIR,

I have the honour to transmit to you, for publication in the Colony under your Government, copies of a Notice issued by the Home Office to shipbuilders in this country calling attention to their duties and liabilities both as regards vessels ordered by a belligerent prior to the outbreak of the war between Russia and Japan, and also as regards the making of overtures for the purchase of vessels by persons who do not disclose the intended ultimate destination of such vessels.

I have the honour to be,

Sir,

Your most obedient humble servant,

ALFRED LYTTTELTON.

The Officer Administering
the Government of Victoria.

Foreign Enlistment Act 1870.

NOTICE TO SHIPBUILDERS AND OTHERS.

With reference to the war now in progress between Russia and Japan, the attention of shipbuilders and others is called to the provisions of the *Foreign Enlistment Act 1870* (33 and 34 Vict. cap. 90), sections 8, 9, and 23, which indicate their duties and liabilities in the matter of building and equipping ships which are intended to, or may, be used in the military or naval service of the belligerents.

Section 8 provides that any person within His Majesty's Dominions who without Royal licence builds, commissions, equips, or despatches any ship with intent or knowledge or having reasonable cause to believe that the same will be employed in the military or naval service of the belligerents, shall be liable to FINE and IMPRISONMENT and the FORFEITURE of the ship and equipment.

Any person building or equipping such a ship in pursuance of a contract made before the commencement of the war, shall not be liable to these penalties if—

(i) Forthwith upon a proclamation of neutrality being issued by His Majesty he gives notice to the

Secretary of State that he is so building, causing to be built, or equipping such ship, and furnishes such particulars of the contract and of any matters relating to, or done, or to be done under the contract as may be required by the Secretary of State;

(ii) He gives such security, and takes and permits to be taken such other measures, if any, as the Secretary of State may prescribe for insuring that such ship shall not be despatched, delivered, or removed without the licence of His Majesty until the termination of such war as aforesaid.

In any case in which overtures are made for the purchase or equipment of such ships by persons who do not satisfactorily disclose the ultimate destination of the ships, it would be the duty of all persons having knowledge of the fact to give notice to the Home Secretary in order that he might take the steps which he is empowered by the 23rd section of the said Act to take so as to insure that such vessels should not be employed in contravention of the said Act.

GOAT ISLAND.

Two fixed white lights 165 feet apart have been placed in position at Goat Island—a high light on a pole on the eastern end of the jetty, 32 feet above high-water, ordinary Spring tides; and a low light on a pile beacon, off the eastern end of the Island, 12 feet above high-water, ordinary Spring tides. Both lights are visible over an arc of 225°, and when in line bearing N. 89° W. and S. 89° E. magnetic.

The lights mark the centre line of fairway between Kirribilli Point and Goat Island.

Day Marks.—A square, painted black, on the pole on the jetty, and a diamond, painted white, on the pile off the eastern end of the Island.

At present the illuminant is oil, which will be changed to electricity as soon as the necessary cable is laid.

MILLER'S POINT.

A white electric light is now in position on the north-west corner of the White Star Wharf, Miller's Point, showing red between a line N. 47° E. magnetic from the light and a line from the light to Dawes Point.

These lights in conjunction are intended to show incoming vessels their proper side of the fairway, and also the approximate point to commence the turn into Darling Harbor, thus avoiding a too close proximity to Miller's Point.
