WANGARATTA WATERWORKS TRUST.

REGULATION NO. 1.

THE Commissioners of the Wangaratta Waterworks Trust, the Waterworks District of which has been proclaimed an Urban District, do hereby, in pursuance of the powers conferred by the *Water Act 1890*, make the following Regulation:—

Part 1.—Ordinary and Special and Committee Meetings.

1. *Vacancy of Office of Chairman.*—If any vacancy shall occur in the office of chairman by death, resignation, disqualification, or otherwise, the same shall be filled at the next meeting of the Trust after such vacancy has occurred, or at any adjournment thereof, by a majority of votes of those present, and such election shall be the first business on the notice paper for such meeting. Such chairman so elected to fill any such vacancy shall hold office only so long as the chairman in whose place he has been elected would have continued to hold office without re-election. Provided that, in the event of the Trust failing or neglecting to elect a chairman, the Minister of Water Supply may, by writing, under his hand, appoint one of the members of the Trust to be chairman; to hold office so long as any chairman elected by the Trust would have held office.

2. *Special Business.*—Where any business, other than ordinary business, is required or intended to be transacted, done, or adopted at any ordinary meeting of the Trust, notice thereof shall be given to each Commissioner, and no such extraordinary business nor any new rules or regulations shall be transacted or adopted at the ordinary meetings of the Trust unless due notice thereof have been given at a prior meeting of the Trust, or sent to each Commissioner, in writing, at least three clear days before the meeting at which same is to be dealt with.

3. *Revocation of Resolutions.*—No resolution or other act of the Commissioners at any meeting of the Trust shall be revoked or altered at any subsequent meeting unless such meeting be specially convened for the purpose, nor unless such notice of intention to propose such revocation or alteration be given to each Commissioner three clear days at least before holding the meeting, nor unless such revocation or alteration be determined upon by a majority consisting of two-thirds of the Commissioners present at such subsequent meeting if the number of Commissioners present at such subsequent meeting be not greater than the number present when such resolution was come to, or by a majority if the number of Commissioners present at such subsequent meeting be greater than the number present at such former meeting.

4. *Special Meetings.*—Three clear days' notice of any special meeting of the Trust shall be given or sent to each Commissioner; such notice shall state the business to be transacted at such special meeting, and no other business shall be transacted at such special meeting than that stated upon the notice convening the same.

3. Any person receiving water from the Trust, who without the written permission of the Trust shall take and carry away such water from his premises, or allow any person to take or carry away such water, or who shall sell the same to any other person, shall be liable to a penalty not exceeding Five pounds.

4. Any person not having agreed to be supplied by the Trust, and who shall not be rated or liable to be rated for water in respect of property situated within the Urban District, who shall take or carry away water from any tap, trough, private or public service pipe shall be liable to a penalty not exceeding Five pounds.

5. Before any person shall affix any service pipe to any pipe of the Trust, or alter, repair, or in any manner interfere with any pipe, or any service pipe, cock, or fitting connected with the pipes of the Trust, he shall obtain from the Trust a licence in that behalf to execute such work, and any unlicensed person affixing, altering, repairing, or in any manner interfering with any such pipe, service pipe, cock, or fitting as aforesaid shall be liable to a penalty not exceeding Five pounds.

6. Before any such licence shall be granted by the Trust, the person applying for the same shall satisfy the Trust that he is a competent plumber, and shall furnish an approved security to the Trust, in the sum of Thirty pounds (£30) sterling to provide for any damage he may do, cause, or allow to be done to the property of the Trust, and the Trust shall have the power of cancelling such licence at any time.

7. Any person whether licensed as aforesaid or not who shall offend by opening any ground so as to uncover any pipe or pipes, the property of the Trust, without giving two days' notice to the Trust of his intention so to do, or in case of urgency without having first obtained the written permission of the chairman of the Trust, or who shall in any way tamper with or alter any pipe the property of the Trust without the permission, in writing, of the Trust, or in cases of urgency of the chairman of the Trust, being first obtained, or who shall wilfully or carelessly break, injure, or open any lock, keys, valve, pipe, work, or engine the property of the Trust shall be liable for each such offence to a penalty not exceeding Twenty pounds.

8. Any person, whether licensed as aforesaid or not, who shall lay any pipe to communicate with the pipes of the Trust without giving two days' notice of the day and hour when such pipe is intended to be made to communicate with the pipes of the Trust, or who shall make such communication except under the superintendence and according to the directions of some authorized officer of the Trust, or who shall lay any pipe to communicate with the pipes of the Trust of a strength and material not sanctioned by the Trust, shall be liable for each such offence to a penalty not exceeding Five pounds (£5), and in the event of continuing the offence to a further penalty of Two pounds (£2) for each day after notice of the offence from the Trust.

9. No service pipe of a larger bore than half-an-inch in diameter will be permitted unless by special consent of the Trust.

10. If any person shall neglect to repair any service pipe conveying water from the pipes of the Trust into the premises of such person after having received notice from any officer of the Trust that such service pipe requires repairing, the Trust may stop the water from flowing into such premises either by cutting off the service pipe, or as the said Trust may seem fit, until the necessary repairs shall have been effected. The occupier, if any, and, if none, the owner shall in every instance in which any damage shall be caused by reason of such service pipes being leaky or otherwise out of repair or broken be liable to a penalty not exceeding Five pounds (£5), and in the event of continuing the offence to a further penalty of Two pounds (£2) for each day after notice of the offence from the Trust.

11. Any person, whether licensed as aforesaid or not, who shall connect any service pipe or branch service pipe of the Trust with any steam boiler for the purpose of feeding or supplying the same with water without first affixing such approved self-acting valve as may be directed by the Trust shall be liable to a penalty not exceeding Five pounds (£5), and in the event of continuing the offence to a further penalty of Two pounds (£2) for each day after notice of the offence from the Trust.

12. Any person supplied with water by the Trust who shall wilfully or negligently allow the same to run to waste, or who shall use or allow the water to be used in an unauthorized manner, shall be liable for each offence to a penalty not exceeding Five pounds (£5), and in the event of continuing the offence to a further penalty of Two pounds (£2) for each day after notice of the offence from the Trust.

13. All water troughs must be fitted with approved self-acting taps to prevent overflow.

14. All boilers or hot water apparatus must be supplied from cisterns, and in no case shall they be fed directly from the pipes of the Trust.

15. In every bath the inlets must be distinct from and unconnected with the outlet, and the inlet pipes must be visible and accessible and be attached to the bath above the bottom thereof; and every bath shall be provided with a proper well-fitted and perfectly watertight ground outlet plug or cock.

16. No overflow pipe to any private bath will be allowed. Any person permitting or allowing an overflow pipe to be attached to such private bath shall be guilty of an offence, and shall forfeit and pay for such offence a penalty not exceeding Five pounds (£5), and every day such person permits or allows any such offence to continue he shall forfeit and pay a further penalty of One pound (£1) for each day after notice of the offence from the Trust.

17. Any person watering any street or footpath by means of a hose attached to any tap or pipe connected with the pipes of the Trust, except by permission of the Trust, shall be liable to a penalty not exceeding Two pounds (£2) for each offence.

18. Water-closets will not be allowed to be supplied direct from the main, but from a cistern only, so constructed that the water cannot flow continuously, and that not more than two gallons can escape at each flush; water used in flushing urinals shall be consumed only by meter.

19. The fire-plugs shall not be used except for the purpose of extinguishing fires unless any other use of them is allowed in writing by the Trust, and they shall at all such times be under the control of the officers of the Trust.

20. The Trust may order meters to be affixed in any case where they may consider it necessary, and such meter shall be of approved gauge, and shall be provided and affixed at the expense of the consumer, and the water supply shall be charged for at the rates provided for in the Trust regulations. Syphon pumps will not be allowed unless the water is supplied by measure. No meter shall be affixed until the dial on the same is capable of registering 1,000,000 gallons, and until it shall have been approved by a duly authorized officer of the Trust.

21. The keys of all meters in use within the Water Supply District shall be kept in the custody of the Trust or such officer or servant of the Trust as may be appointed for that purpose.

22. The charges for water supplied under special agreement or by meter or measure shall be paid monthly, unless otherwise ordered by the Trust.

23. If any meter should cease registering, or register incorrectly, during the time it is undergoing repairs the Trust shall estimate and charge for water consumed by taking an average quantity during the previous quarter or during the corresponding period of the preceding year.

24. A meter shall not be used unless the same is of a kind and is placed in a situation approved, in each instance in writing, by a duly authorized officer of the Trust.

25. Every meter shall be so placed as to be open to inspection, and as far as practicable in a situation where it cannot be affected by frost, or injured by any other means, and shall be provided with means of access thereto.

26. A meter shall not be used or be continued to be used if it be found on being tested by an officer of the Trust to be inaccurate, and any person who shall continue to use any meter found to be inaccurate or not in proper working order after notice thereof by the Trust, shall be liable to a penalty of One pound (£1) for each day such meter shall be used while out of repair, and in addition the Trust may estimate and charge for the water consumed while such meter is out of repair being still in use, and after notice from the Trust as aforesaid, by taking the average quantity used during the previous quarter, or during the corresponding period of the preceding year.

27. A meter shall not be connected to more than one separate and distinct inlet pipe leading from the service pipe or other pipe of the Trust unless permitted by a memorandum, in writing, under the hand of a duly authorized officer of the Trust.

28. Every person who has been ordered by the Trust to affix a meter shall keep and maintain the same in good working condition to the satisfaction of such officer as may be appointed by the Trust, and in the event of any repairs being required notice, in writing, shall be immediately given by such person to the Trust, and a registration of the quantity of water used shall be taken before such repairs are effected.

29. No person but an officer or servant of the Trust, duly authorized in that behalf, shall be allowed to shut off or turn on water in the main pipes of the Trust when required for the purpose of fixing service pipes thereto. Any person offending against this clause of this regulation will be liable to a penalty not exceeding Two pounds.

30. If any person supplied with water by the Trust does or causes to be done anything in contravention of any of these regulations, or fails to pay his rates or any other moneys payable by him, whether under separate agreement or otherwise, when due, or fails to do anything which under this or any other regulation of the Trust ought to be done, or wilfully or negligently allows water to run to waste, the Trust may without notice cut off the supply of water from the premises of such person either by cutting the pipes by or through which water is supplied or otherwise, and may cease to supply him with water so long as the cause of complaint remains or is not remedied, but no such cutting off of the water shall exempt the offender from payment of the water rate during such suspension of the supply, nor from any fine or penalty provided for by such offence by the *Water Act* 1890, or any amendment thereof or this regulation, nor shall it affect any right of the Trust to recover any rate or other money in accordance with the *Water Act* 1890 or any amendment thereof, or as otherwise provided by law or by this or any other regulation of the Trust.

31. The water supplied in the Waterworks District of the Trust shall be received and consumed under and in accordance with this regulation and not otherwise, through pipes and meters, laid, placed, and being under and in accordance with the said regulations and not otherwise.

32. The Trust may contract with any owner or occupier of premises or of any land or tenements, who is entitled to be supplied with water from its works, who is desirous of being so supplied, for the provision and laying on of a service pipe from the pipes of the Trust to the boundary of such land, premises, or tenement abutting on the street or road of which are the pipes of the Trust.

33. Any person guilty of any offence against these regulations not otherwise specifically provided for shall be liable on conviction thereof to a penalty not exceeding Five pounds (£5), in addition to being liable to make good any damage or loss sustained by the Trust, and in cases of continuing the offence not specially provided a further penalty not exceeding Two pounds (£2) for every day after notice of the offence from the Trust.

- 4. For the supply of amber cane, lucerne, or other fodder crops the charge shall be threepence per inch per acre, three inches to be considered a watering; grass land, twopence per inch per acre, three inches to be considered a watering.

Fallow Land.

- 5. For the months of January, February, March, and April, the charge shall be at the rate of fourpence (4d.) per inch per acre, three inches to be considered a watering; for the supply of gravitation water the minimum charge shall be Five shillings (5s.).

Supply by Pumps.

- 6. When the River Murray is five (5) feet above summer level, the charge shall be at the rate of eightpence per inch per acre; and when the River Murray is below five (5) feet, the charge shall be at the rate of tenpence per inch per acre; in each case three inches to be considered a watering. The minimum charge shall be Ten shillings.
- 7. Water supplied outside the Trust district shall be charged twice the rate of that supplied inside.

Filling Tanks.

- 8. No charge shall be made for filling tanks inside the Trust district, and for filling tanks outside the Trust district, or otherwise conveying water through channels outside the Trust district, the following scale of charges shall be made:—For the first half mile, Ten shillings; for the second half mile, Ten shillings; and for every additional half mile or fractional part of a mile, for such distance as water may be conveyed, Ten shillings.

- 9. Garden rights may be issued for the supply of water to orchards, vineyards, and vegetable gardens; area not to exceed 25 acres each.
- 10. All reasonable efforts shall be made for such supply in the months of January, February, and March. For such garden rights fees shall be paid in full by 31st March. Such rights and fees covering the right of supply in the above months do not deprive those in possession of garden rights of obtaining water on other occasions, but special attention as to supply in the above months of January, February, and March is required. The fees paid for such garden rights shall be at the rate of Ten shillings (10s.) per acre, or fractional part of an acre; no minimum charge to be demanded.

MORTLAKE ESTATE.

THE allotments mentioned in the Schedule hereunder will be available for application till 12th April, 1905. Applications must be made on the prescribed forms and lodged with the Secretary, Closer Settlement Branch, Lands Department, accompanied by the registration fee of 5s., and a deposit equal to the first half-yearly instalment for the most valuable allotment applied for, and the lease fee of £1.

All applications so lodged on or before the above-mentioned date will be deemed to have been simultaneously made.

The applications received will be dealt with on Tuesday, 18th April, 1905, at 10 a.m., in the Court House, Mortlake.

Conditional Purchase Lease.

The leases issued to successful applicants will be dated the first day of June, 1905, and may be for such a term of years, not exceeding 31½, as may be agreed upon between the lessee and the Board.

An applicant may apply for more than one allotment, but will only be required to lodge one deposit, being the amount chargeable on the most valuable allotment applied for.

Only one allotment can be granted to any one person.

No conditional purchase lease of a farm allotment can be granted to any person who is already the holder of land of the value of £1,500 (township land excepted), or who would thereby become the holder of land exceeding such value.

In the case of Agricultural Labourers' Allotments, the maximum value of land which can be held by any one person is limited to £200.

Improvements to the value of at least two instalments of the purchase money must be effected on each farm allotment before the end of the first year from the date of the lease, and 10 per cent. of the purchase money before the end of the third year, and a further 10 per cent. before the end of the sixth year.

In the case of Agricultural Labourers' Allotments, a substantial dwelling house, to the value of at least £30, must be erected within one year from the date of lease, and the land fenced within two years from the said date.

The lessee must reside on the allotment. (Personal residence by a wife, or any child not less than eighteen years of age, of lessee, may be considered personal residence by the lessee, with the approval of the Board.)

The lessee cannot transfer, assign, mortgage, or sublet the whole or any part of his allotment within the first six years of the lease.

The Crown grant may be issued to the lessee at the end of any half-year after the first twelve years have expired, on payment of the balance of purchase money.

Payments in advance may be made at any time at the option of the lessee, and proportionate reduction of interest secured thereby.

The purchase money, with interest at 4½ per cent., must be paid by 63 or a lesser number of half-yearly instalments (including deposit), calculated according to any of the tables under Division 3 of Part I. of the *Savings Banks Act 1890 Amendment Act 1896*. Each instalment will include interest upon the balance of the purchase money remaining unpaid.

Plans and further information may be obtained from the Closer Settlement Branch, Crown Lands Office.
