APPOINTMENT AND PROMOTION IN THE GENERAL DIVISION.
(Act No. 1133, Section 59 (v.), (vi.), and (vii.), and Act No. 1873, Section 12).

Registration and Examination of Applicants.

1. Every applicant (except for the position of Messenger and Laboratory Attendant) must at the date of his application be between the ages of twenty-one and forty-one years, and must forward to the office of the Inspector-General of the Insane an application in his own handwriting, stating his full name and address, the date and place of birth, and the particular appointment or class of appointment which he desires to obtain. He must also send in a certificate of good moral character and industry, as well as a certificate of suitability for employment from either the Inspector-General of the Insane or the Medical Superintendent of one of the Hospitals.

Nurses should be 5 feet 3 inches in height, and Attendants 5 feet 8 inches, with correspondingly good physical development, and in their form of application they should state what their previous occupation or work has been.

Applicants for the positions of Messenger and Laboratory Attendant must be between the ages of sixteen and twenty: Messengers will not be retained after they have reached the age of twenty-one years.

2. Every applicant to be recorded for appointment to any office requiring the exercise of skill usually acquired in some mechanical trade or other occupation must satisfy the Inspector-General, by the production of certificates or otherwise, that he possesses the handicraft and experience necessary for the work of the office.

3. On the production of these certificates applicants may have their names entered in the "Register of Applicants for Employment," and will be nominated as vacancies occur. Prior to nomination, however, it will be necessary for applicants to furnish a certificate of good physical health.

4. New appointments, all things being equal, will be made from among those persons whose names are entered in the "Register of Applicants for Employment" according to priority of registration for vacant offices, combined with fitness in each case for the particular office to be filled, and the Educational Test Examination having been passed; but the Inspector-General may nominate any applicant who has special qualifications without regard to his position on the Register.

5. If any person decline to accept an appointment which is offered to him, his name will thereupon be removed from the Register. The name of a candidate may also be removed from the Register if he fail to reply within seven days to any communication from the Inspector-General respecting his nomination to the Lunacy Department addressed to him at his last place of residence known to the Inspector-General.

6. No name of any person shall remain on the Register as that of a person qualified for appointment after he shall have attained the age of forty-one years.

Educational Examination.

7. Any person appointed under these Regulations will be on probation for twelve months, and the Attendants and Nurses will be required prior to their probationary appointment to pass an examination which will prove the sufficiency of their education.

The subjects of examination shall be those specified hereunder:—

- (a) Handwriting: to be tested by copying out at least 200 words from a passage of simple English.
- (b) Spelling: to be tested by writing from dictation an extract from a newspaper—not less than 100 words.
- (c) Arithmetic: first four rules, simple and money.

Applicants who have passed any examination for candidates for appointment in the Public Service of Victoria, or any like examination, will be exempted from this examination. Persons appointed to positions in the General Division other than those of Attendants and Nurses will not be required to pass the Educational Examination, *i.e.*, Hospital Trained Nurses, Artisans, and Servants.

First Departmental Examination.

8. Attendants and Nurses appointed under these Regulations must qualify themselves for retention on the staff of the Lunacy Department and for subsequent increments to their salaries by attending the necessary courses of lectures in Elementary Anatomy and Physiology, First Aid to the Injured, and General and Mental Nursing.

Failure of an Attendant or Nurse to pass the Departmental Examinations within the times specified will be considered to be evidence of incapacity to discharge the duties of his or her office; and the retention of Attendants and Nurses on the staff will be conditional on their passing these examinations. No Attendant or Nurse will be retained on the staff of the Lunacy Department unless he or she has passed the First Departmental Examination.

9. The First Departmental Examination cannot be undertaken before the Attendant or Nurse has been in the service of the Lunacy Department for a period of one year, and must be passed before the expiration of the second year of service, dating from the time of appointment on probation. In the event of a failure to pass at the first attempt, on the recommendation of the Medical Superintendent the Inspector-General may approve of a second opportunity to pass the examination being given.

Second Departmental Examination.

10. The Second Departmental Examination—in general and mental nursing—cannot be undertaken until after the end of the third year of service in the Lunacy Department, but the Attendants and Nurses must present themselves for this Examination before the end of the fourth year of service, dating from the time of appointment on probation. On the passing of this Examination a certificate will be given to the successful examinee setting forth that he or she is considered as a trained mental Attendant or Nurse of the Lunacy Department. In the event of a failure to pass this second examination at the first attempt, on the recommendation of the Medical Superintendent the Inspector-General may approve of other opportunities to pass the examination being given. In the event of a second failure to pass, however, the services of the unsuccessful candidate may be dispensed with.

11. The first increment will only be recommended to the Attendant or Nurse conditional on the First Departmental Examination having been passed, and if he or she is approved of by the Medical Superintendent and the Inspector-General, and on the production of a certificate of good conduct and diligence from the Medical Superintendent of the Hospital for the Insane where he or she is employed. The third increment will not be recommended until the Second Departmental Examination has been passed.

12. In determining the claims of officers to promotion, consideration will be given in respect of merit to the following qualifications:—

- (a) Ability and knowledge required to fulfil the duties of the superior office, and the possession of the necessary tact and judgment.
- (b) Industrious habits and careful performance of work.
- (c) Good conduct, regular attendance, and prompt and cheerful service on urgent occasions.
- (d) Mental vigour and sound bodily health.
- (e) Performance of valuable services of a special nature.

In determining the claims to promotion of an Attendant or Nurse in a Hospital for the Insane, consideration in respect of merit will be given to evidence of nursing qualifications as shown by having passed the examinations held by the Department.

13. No Attendant or Nurse will be eligible for promotion to the Second Grade until the Second Departmental Examination is passed.

14. For promotion to the First Grade selection will be made from among those Attendants and Nurses who have passed into the Second Grade, and who have, by reason of their special fitness for the work, as well as by their good conduct and industry, proved themselves capable of taking charge of a large and important ward.

15. Except in a case in which the Inspector-General shall certify that some particular office in the Lunacy Department should be filled by a Hospital Trained Nurse, the person to fill the position of Hospital Attendant, whether male or female, may be selected from among the First Grade Attendants and Nurses who have demonstrated their capacity for the special work required of them.

16. It will be necessary for the Chief Nurses and the Hospital Nurses to pass the Second Departmental Examination in mental nursing before their appointments are confirmed.

Board of Examiners.

17. All Departmental Examinations will be conducted by a Board of Examiners which will consist of the Inspector-General and two Medical Superintendents or Deputy Superintendents appointed by him.

18. The subjects for the First and Second Departmental Examinations shall be those set forth in the syllabus of lectures adopted from time to time and issued to each Hospital for the Insane, the text-book being as prescribed from time to time.

19. The employees at the Idiot Asylum and the Reception House so far as is practicable will be subject to the same rules as the employees in the Hospitals for the Insane.

20. In accordance with the exigencies of the Department, and in order to facilitate the better training of Attendants and Nurses, the Inspector-General may transfer an Attendant or Nurse from one Hospital to another, or from the female side to the male side of the same Hospital where the nursing of male patients is undertaken by female Nurses.

21. All probationers and persons appointed on the staff of the Lunacy Department will be required to sign the agreement hereunder at the time of entry on duty.

Tender Forms can be obtained on application to the Lands Department, Melbourne, or any of the Survey Offices in the country.

Tenders should be placed in the Crown Lands Office Tender-box not later than Three o'clock p.m. on Thursday, 20th December, 1906.

NOTE.—No tender will be accepted unless the fee for the period from 1st January, 1907, to 30th June, 1907, and fee of Five shillings for licence, are forwarded.

TENDERS will be received up to Three o'clock p.m. on Thursday, 20th December, 1906, for the occupation, for grazing purposes only, of the following unappropriated portions of land subject to the Regulations approved by the Governor in Council and also the subjoined special conditions.

Every licence granted under section 187 of the *Land Act* 1901 shall be subject to the conditions set forth in the schedule hereto and to such special conditions and payment in advance of such fee as the Minister may determine, and shall be issued by an officer of the Department of Lands and Survey duly authorized in that behalf.

Conditions.

1. The issue of this licence shall not prevent the land comprised therein, or any part or parts thereof, being sold, leased, licensed, alienated, or dealt with under any of the provisions of the *Land Acts*, except under the 187th section

of the *Land Act* 1901, or being resumed by order of the Governor or Administrator of the Government of Victoria, with the advice of the Executive Council, for any of the purposes for which land may be reserved under section 10 of the *Land Act* 1901, or for mining purposes.

2. In case the said land, or any part thereof, should be sold, leased, licensed, alienated, dealt with, or resumed as aforesaid, the licensee shall not be entitled to any compensation other than that which the responsible Minister of the Crown for the time being administering the *Land Acts* may think fit.

3. This licence is subject to the rights of the holders of miners' rights or of mining leases now issued or hereafter to be issued to enter upon the allotment hereby licensed, and to search for gold, and to mine thereon, and to erect and occupy mining plant and machinery, without making any compensation to the licensee, his executors, administrators, or assigns, for surface or other damage.

4. Subject to these conditions, the licensee shall be entitled to use the land for the purpose for which this licence has been granted, until such land, or any part thereof, has been sold, leased, licensed, alienated, dealt with, or resumed as aforesaid, and thereupon all the interest of the licensee therein shall cease and be determined.

5. No land comprised in roads from time to time surveyed and marked out within the boundaries of the land comprised in this licence shall be deemed within its operation.

6. This licence shall entitle the holder thereof, during the period for which it is granted, to use the land therein comprised for depasturing purposes only, but shall not confer any right to build thereon, or to cultivate or, without the permission of the Minister, fence any portion thereof, or construct a dam or tank.

6A. That in the event of the Minister granting permission to fence the whole or any part of this area, the licensee shall provide gates or slip panels in suitable places for the convenience of the public. No compensation will be allowed for fencing erected on boundaries of allotments alienated or in course of alienation.

That where improvements are authorized under section 189 of the *Land Act* 1901 the licensee shall notify, on completion, that such improvements have been made, otherwise the work will not be recognised.

7. The interest in this licence shall not be transferred without the consent of the Minister, and the payment of a fee of Ten shillings.

8. The licensee shall be liable to forfeiture if the licensee commit a breach of or neglect to comply with these conditions.

9. The publication of a notice in the *Government Gazette*, purporting to declare that the Governor or Administrator, with the advice aforesaid, has forfeited this licence, shall be conclusive evidence that the licence is forfeited.

10. The ring-barking of the timber upon the land by the licensee is expressly forbidden, and he shall not be entitled to destroy or cut and take away any such timber.

11. Free access to water shall be kept open at all times for travelling and other stock and for persons desiring to take water for domestic purposes.

12. The licensee shall destroy all thistles on the land, and on the half width of the adjoining roads, and shall be responsible for the destruction of thistles under the *Thistle Act* 1890 in like manner as holders of freehold lands.

13. The licensee shall keep the land free from vermin, and, should he fail to do so, the licence shall be liable to forfeiture.

14. This licence is issued subject to the right of saw-millers to graze on this area such horses and bullocks as are actually used in connexion with their licensed operations on this land.

Special Conditions.

1. The period of occupation will be for six months—from 1st January, 1907, to 30th June, 1907.

2. The fee for the period from 1st January, 1907, to 30th June, 1907—for which the licence will be issued, and fee for licence—must accompany the tender, otherwise the offer of the next highest tenderer who complies with this condition may be accepted.

3. Tenders to be for so much per lot and block per annum.

4. Separate tenders must be lodged for each block.

5. Tenders to be indorsed—"Tender for Lot 1, Block 628," or "Lot 2, Block 8673," or "Lot 3, Block 8734," as the case may be, and addressed to Secretary for Lands, Melbourne.

6. The highest or any tender not necessarily accepted.

7. Tenderers must give their full name and ordinary postal address.

8. The areas are given as more or less, and all appropriated, alienated, or licensed land (if any) within the boundaries is excluded.

Plans can be seen and information may be obtained in this office.

Section 13, *Land Act* 1904, provides:—

1. Where a licensee under section 187 of the *Land Act* 1901, has, with the consent of the Minister, enclosed with a substantial fence the land which is the subject of his licence, he may impound any cattle, sheep, or other animals found trespassing thereon.

2. Where the licensee holds land under the said section which is unfenced, he may in any Court of competent jurisdiction sue the owner of any cattle, sheep, or other animals for damages arising from trespass by such cattle, sheep, or other animals.

* Six months in the year only.

Tenders for supply of forage to more than five separate stations in any one district must be accompanied by a preliminary deposit of 10s. for each and every station over and above five, except in the case of the Melbourne District, the preliminary deposit for which shall be £25 with each tender, irrespective of the number of stations tendered for, in bank notes, or a bank draft payable to the order of the Secretary to the Tender Board (cheques will in no case be received), which will be returned within ten days to unsuccessful tenderers on their application. Such deposit to be forfeited in the event of the successful tenderer failing to complete the necessary bond within a reasonable time after the acceptance is notified.

Tenderers failing to take up their accepted tenders, or failing to carry out their contract satisfactorily, will be ineligible to hold contracts for Government supplies for a period of two years.

The price must include delivery at the stations, and all charges except the bags, which will remain the property of the contractor. At stations where the bags can be at once emptied the contractor will be required to remove them when delivery is taken. At other stations, notice will be sent to the contractor when the bags are empty. Bags to be removed at contractor's expense.

For police stations, excepting the depot and institutions other than police, the successful tenderer will be required to enter into a bond for the sum of £5 per horse per station, and for the depot and other institutions a bond based on one-quarter of the total amount of the tender accepted, such bonds to be entered into within a reasonable time after the acceptance is notified. Two approved sureties are required for contracts where the sum stated in the bond is £50 and upwards, and one surety where the sum stated is under £50.

CONDITIONS OF CONTRACT.

1. The hay to be good, sound, and sweet, and properly trussed except when otherwise specified in the contract; the straw to be wheaten or oaten, and both to be in all respects of the best quality; oats, white or Algerian (Victorian grown), of the best description, full kernel, clean, and free from wild oats or other objectionable seeds; bran to be sound and sweet, and of the best description; chaff to be made from oaten hay of the best quality. As much forage as can be stored at any station where the storage is small will, for the convenience of the contractor, be ordered at one time.

2. The quantities stated in the schedule are only approximate, and the Government may draw either more or less than those mentioned. Should new telegraph stations be formed or additional horses be required at any station, the contractor will be required to supply the extra forage. Should the additional number of horses, however, exceed two, the contractor may, if he desires it, terminate the contract by supplying at once the whole quantity due at the station.

3. Notwithstanding anything contained in the preceding condition, the contractors for the supply to the Police Depot may be called upon to supply any Government Departments within a radius of six miles from Melbourne, for which no contracts have been taken, and also forage for any extra horses that may be at any time stabled at the depot for police purposes, at the same rates. The contract for the supply of forage to the Military Barracks may be terminated by three months' notice being given by the Secretary to the Tender Board to the contractor of such determination.

4. Should forage duly ordered under these contracts not be delivered within forty-eight hours of the time specified in the order for delivery, it will be competent for the department to purchase the same at the risk of the contractor, from whose account any expense over and above the contract price is to be deducted.

5. In the event of a difference of opinion between the contractor and the officer receiving the forage as to the quality of the same, it is to be decided by a board of survey, composed of persons named by the head of the department ordering the supply, and the decision of the Board is to be considered final.

6. If the Board shall decide that the forage is not of proper quality, it must be immediately replaced, failing which it will be procured elsewhere, and the extra cost, if any, will be charged as in clause 4.

7. When a board of survey cannot be conveniently assembled, or when, from some other cause, injury would accrue to either party by waiting for a board of survey, the officer in charge will have the power to reject such supplies as are obviously of inferior quality, but he will be responsible to the Government for so doing; and the contractor must take back the rejected forage, and supply good in its stead, failing which it will be obtained by the officer requiring it, and the expense will be charged as in clause 4.

8. A refusal to execute orders, irregularity in the quantity or quality of the forage, or delay in delivering or replacing it when required, will subject the contractor, upon report from the Tender Board, to such mulct, not exceeding £20, as the Treasurer of the State for the time being may direct. It will also be in the power of the said Treasurer, upon such refusal, irregularity, or delay, to terminate the contract forthwith.

9. Contractors are not at liberty to transfer their contracts under cover of power of attorney, coupled with an interest or otherwise; and no such transfer will be recognised by the Government.

10. Under no circumstances will a contractor be permitted to abandon his contract, and in the event of his failing to carry on his contract he will be held liable for any loss which the Government may sustain in consequence of such failure. In the event of a station being discontinued or any change in the supplies required, the contractor will receive the earliest possible intimation.

11. The contracts entered into under this notice are not to be considered as broken, infringed, or vitiated by the purchase by any Department of forage grown at any Government establishment.
