Rent.

The purchase money, with interest at 4½ per cent., must be paid by 63 or a lesser number of half-yearly instalments (including deposit), calculated according to any of the tables under Division 3 of Part I. of the *Savings Banks Act* 1890 Amendment Act 1896. Each instalment will include interest upon the balance of the purchase money remaining unpaid.

On a conditional purchase lease application a deposit equal to the two (2) first instalments of purchase money, together with fees (including survey charge), must be paid within fourteen days after an allotment has been recommended.

Every conditional purchase lease of an allotment will contain the following special conditions:—

Not more than one allotment can be included in any application, but any number of applications may be lodged, with the prescribed fee in each case.

Applicants will be hereafter notified as to the date and place of hearing of their applications by Local Land Board.

The land will be granted under agricultural allotment licence, and at the end of 6 years, if the residence, cultivation, improvement, and all other conditions have been complied with, a lease for 34 years will be granted, or, if desired, on expiry of licence, or at any time within the period of 34 years, a Crown grant will be issued on payment of the full amount of the purchase money.

The survey fee must be paid within 28 days of demand, and will be from £9 to £11 per allotment.

That substantial and permanent improvements shall be made on the land, to the value of 5s. per acre before the end of the third year from the date of the licence, and the balance of 5s. per acre before the end of the sixth year of the licence.

The first half-year's rent and licence-fee must be paid prior to issue of licence, and, provided improvements equivalent in value to the amount of rent due for each year be expended on the land during each of such years, in addition to the value required by the ordinary improvement condition, as set forth above, further payment of rent may be suspended until the end of the third year, and such suspended payments, without interest, will be collected in instalments during the remaining term of the licence.

That the licensee shall go into residence on the land within twelve months after the date of the licence, and shall reside on the land during the continuance of such licence, and shall also clear and cultivate at least one-fourth of his allotment within two years of obtaining a permit to occupy the land.

That the licensee shall not transfer, assign, mortgage, or sublet, or part with the possession, or grant the use of the whole, or any part of the allotment, during the currency of the licence.

That a special condition shall be inserted in the Lease and the Crown Grant, providing that the land referred to therein shall at all times be maintained and used for the purpose of agriculture, grazing, and residence, and that no person will be permitted to subsequently acquire or hold, or have an interest in, more than 1,000 acres, if the land be in the first class, or more than 1,500 acres, if the land be in any other class.

That the licensee shall preserve the timber on an area, or otherwise plant an area, of not less than 3 per cent. of the total area of his holding, preferably along the exposed boundary lines, viz., the western and southern.

No person, unless specially authorized, will be permitted to clear timber from any portion of areas retained for the purposes of roads and wind breaks.

The land will be granted under agricultural allotment licence, and at the end of 6 years, if the residence, cultivation, improvement, and all other conditions have been complied with, a lease for 34 years will be granted, or, if desired, on expiry of licence, or at any time within the period of 34 years, a Crown grant will be issued on payment of the full amount of the purchase money.

The survey fee must be paid within 23 days of demand, and will range from £9 to £11 per allotment.

The licence will be subject to the following conditions:—

That substantial and permanent improvements shall be made on the land, if in the first class, to the value of 3s. 4d. per acre before the end of the second year from the date of the licence, another 3s. 4d. per acre before the end of each year of the third and fourth years, and the balance of 10s. per acre before the end of the sixth year of the licence. If in the second class, improvements to the value of 2s. 6d. per acre must be made during the like periods, and the balance of 7s. 6d. per acre before the end of the sixth year of the licence. If in the third class, improvements to the value of 5s. per acre must be made before the end of the third year from the date of the licence, and the balance of 5s. per acre before the end of the sixth year of the licence.

The first half-year's rent and licence-fee must be paid prior to issue of licence, and, provided improvements equivalent in value to the amount of rent due for each year be expended on the land during each of such years, in addition to the value required by the ordinary improvement condition, as set forth above, further payment of rent may be suspended until the end of the third year, and such suspended payments, without interest, will be collected in instalments during the remaining term of the licence.

That the licensee shall go into residence on the land within twelve months after the date of the licence, and shall reside on the land during the continuance of such licence, and shall also clear and cultivate at least one-fourth of his allotment within two years of obtaining a permit to occupy the land.

That the licensee shall not transfer, assign, mortgage, or sublet, or part with the possession, or grant the use of the whole, or any part of the allotment, during the currency of the licence.

That a special condition shall be inserted in the Lease and the Crown Grant, providing that the land referred to therein shall at all times be maintained and used for the purpose of agriculture, grazing, and residence, and that no person will be permitted to subsequently acquire or hold, or have an interest in, more than 1,000 acres, if the land be in the first class, or more than 1,500 acres, if the land be in any other class.

That the licensee shall preserve the timber on an area, or otherwise plant an area, of not less than 3 per cent. of the total area of his holding, preferably along the exposed boundary lines, viz., the western and southern.

No person, unless specially authorized, will be permitted to clear timber from any portion of areas retained for the purposes of roads and wind breaks.
