24. **Motion to be seconded.**—No motion or amendment shall be discussed or put to the vote of the Trust unless it be seconded; but a member may, however, require the enforcement of any standing order of the Trust by directing the Chairman's attention to the infraction thereof.

25. Mover of motion.—A member moving a motion shall be held to have spoken thereon, but a member merely seconding a motion shall not be held to have spoken upon it.

26. Motions, &c., how decided.—All questions shall be decided in accordance with the terms of section 21, clause 1, of Act No. 1288.

27. Resolutions, how revoked or altered.—No resolution shall be revoked or altered except in accordance with clause 2 of section 21 of the same Act.

40. Protests.—Any member may protest against any resolution of the Trust, and notice of intention to protest shall in every case be given forthwith on the adoption of the resolution protested against; and the protest shall specify the reasons for protesting, and shall be entered three days at least before the next ordinary meeting of the Trust by the protesting member, in a book to be kept for that purpose in the office of the Secretary, and signed by such member, and shall also be entered in the minutes of the meeting at which notice of the intention to protest shall have been given previously to the confirmation thereof; but such protest may be expunged from the minutes if declared by a majority of the Trust to be not in accordance with truth, or in its terms disrespectful to the Trust.

41. Lapsed questions.—If a debate on any motion moved and seconded be interrupted by the number of

members present becoming insufficient for the transaction of business, such debate may be resumed at the point where it was so interrupted.

42. Lapsed order of the day may be restored.—If a debate on any order of the day be interrupted by such insufficiency of number as aforesaid happening, such order may be restored to the notice-paper for a future day on motion upon notice, and then such debate shall be resumed at the point where it was so interrupted.

He shall, at the close of each month at least, submit his books and butts, with a statement of all amounts collected, to the Secretary, and render to him a full account then, or whenever demanded by him, of all moneys received by him on account of the said Trust.

50. Appointment, &c., of officers.—No appointment to any office at the disposal of the Trust shall take place until seven clear days' notice shall have been given, by advertisement in one or more newspapers circulating in the Construction District, inviting applications from qualified candidates for the same. Where the number of candidates are in excess of the number required, the Trust may reduce the same by ballot.

51. Salaries of officers, &c.—The salary or allowance attached to all offices and places at the disposal of the Trust shall in all cases be fixed before they proceed to appoint any person to fill the same, and before the advertisement inviting applications as aforesaid, and shall be specified in such advertisement.

MALLEE LANDS AVAILABLE FOR SELECTION AS AGRICULTURAL ALLOTMENTS.

THE land is situated on the Ouyen-Cow Plains railway line, now in course of construction, and is from 20 to 28 miles south-west from Ouyen.

Applications (with uncanceled Victorian duty stamp of 5s., or postal note for same amount, affixed) must be made on the usual form, and delivered or forwarded by post to any Local Land Office, or to the Secretary for Lands, Melbourne, on or before Wednesday, 14th September, 1910.

Not more than one allotment can be included in any application, but any number of applications may be lodged, with the prescribed fee in each case.

No person who already holds the area of mallee land allowed by classification will be eligible to select, but holders of less than such area will be entitled to apply for the difference between the area held and that which the classification of the land entitles them to select.

Applicants will be hereafter notified as to the date and place of hearing of their applications by Local Land Board.

The land will be granted under agricultural allotment licence, and at the end of 6 years, if the residence, cultivation, improvement, and all other conditions have been complied with, a lease for 34 years will be granted, or, if desired, on expiry of licence, or at any time within the period of 34 years, a Crown grant will be issued on payment of the full amount of the purchase money.

The survey fee must be paid within 28 days of demand, and will range from £9 to £11 per allotment.

The licence will be subject to the following conditions:—

That substantial and permanent improvements shall be made on the land, if in the first class, to the value of 3s. 4d. per acre before the end of the second year from the date of the licence, another 3s. 4d. per acre before the end of each year of the third and fourth years, and the balance of 10s. per acre before the end of the sixth year of the licence. If in the second class, improvements to the value of 2s. 6d. per acre must be made during the like periods, and the balance of 7s. 6d. per acre before the end of the sixth year of the licence. If in the third class, improvements to the value of 5s. per acre must be made on the land before the end of the third year from the date of the licence, and the balance of 5s. per acre before the end of the sixth year of the licence.

The first half-year's rent and licence-fee must be paid prior to issue of licence, and, provided improvements equivalent in value to the amount of rent due for each

year be expended on the land during each of such years, in addition to the value required by the ordinary improvement condition, as set forth above, further payment of rent may be suspended until the end of the third year, and such suspended payments, without interest, will be collected in instalments during the remaining term of the licence.

That the licensee shall go into residence on the land within twelve months after the date of the licence, and shall reside on the land during the continuance of such licence, and shall also clear and cultivate at least one-fourth of his allotment within two years of obtaining a permit to occupy the land.

That the licensee shall not transfer, assign, mortgage, or sublet, or part with the possession, or grant the use of the whole, or any part of the allotment, during the currency of the licence.

That a special condition shall be inserted in the Lease and the Crown Grant, providing that the land referred to therein shall at all times be maintained and used for the purpose of agriculture, grazing, and residence, and that no person will be permitted to subsequently acquire or hold, or have an interest in, more than 1,000 acres, if the land be in the first class, or more than 1,500 acres, if the land be in any other class.

That the licensee shall preserve the timber on an area, or otherwise plant an area, of not less than 3 per cent. of the total area of his holding, preferably along the exposed boundary lines, viz., the western and southern.

No person, unless specially authorized, will be permitted to clear timber from any portion of areas retained for the purposes of roads and wind breaks.

Plans may be obtained at the Inquiry Office, Lands Department, Melbourne, and at Land Offices, Alexandra, Ararat, Bairnsdale, Ballarat, Beechworth, Benalla, Bendigo, Geelong, Hamilton, Horsham, Omeo, St. Arnaud, Stawell, Seymour, Sale, and Warracknabeal, and may be inspected at the principal railway stations throughout the State.

Applicants may obtain from a Local Land Officer, or the Inquiry Office, Lands Department, Melbourne, a certificate authorizing the issue, by the Railway Department, of a ticket at excursion fares to enable them to inspect the land, or to attend the Local Land Board.

Acting Commissioner of Crown Lands and Survey.

1. The prices quoted cover all descriptions of parcels and goods, including furniture, &c.

2. A separate charge is to be made for each consignment, such charge to be for the gross weight thereof, irrespective of the number of packages. Accounts in all cases to be made out by weight only, and to be rendered monthly, supported by the way-bills, properly receipted, subject to any deductions for damage sustained to the goods whilst in the custody of the carrier. For removals of officers' furniture and effects, however, a separate charge must be made per van per hour, including loading and re-loading as required, and a certificate from the officer concerned must accompany the voucher setting forth the number of hours employed before payment can be made. Where it is necessary to employ extra labour, as in the case of bulky consignments, a receipt for the amount paid, duly witnessed, shall accompany the account.

3. Double rates will be paid for consignments of beer and spirits obtained from bond, and also in cases of detention when obtaining shipments from the railways or ship's side, but in no other cases will detention be allowed for.

4. The contractor shall in all cases, against each separate charge in his accounts, quote the number of the consignment or delivery note, which will be found on each consignment or package forwarded by the departments. Should the number not be on the package then the name of the consignor should be quoted in lieu thereof. Any infringement of this condition will render the contractor, on report, liable to such fine as the Tender Board may recommend, and the amount will be deducted from any account due to the contractor or from the security money.

5. The vehicles in which goods, &c., are carried must be in thorough working order, with good waterproof covers. Horses to be sound, fast, and staunch, and subject to the approval of the officer requiring the service.

6. The contractor must have an office connected with telephone, and within the radius of the city proper, and as regards the service for the Government Printing Office under sub-schedule 4, he will be liable to be called upon to provide the vehicle at any hour of the day or night.

7. Thirty minutes will be deemed sufficient notice, and in the event of the contractor failing to supply the vehicles when ordered, and to the satisfaction of the officer requiring the service, such service will be performed at his risk and expense, and the extra expense incurred shall be deducted as in Condition 4.

8. Vehicles as required are to call at the Stores and Transport Offices twice daily, viz. 12 noon and 4 p.m., for goods and parcels, and at such other times as required, otherwise the service will be performed at the contractor's risk and expense, and the amount deducted as in Condition 4.

9. Bills of lading for oversea and Inter-State shipments must be obtained from the shipping company when required, and deposited at the office of the Secretary to the Tender Board in time for the first outgoing mail and prior to the departure of the vessel.

10. Contractors are not at liberty to transfer their contracts under cover of power of attorney, coupled with an interest or otherwise, and no such transfer will be recognised by the Government.

11. Under no circumstances will a contractor be permitted to abandon his contract. In the event of the contractor failing to carry on the contract, the security money will in that case be absolutely forfeited, and, in addition, the contractor may be held liable for any loss which the Government may sustain in consequence of such failure.

12. No subletting will be allowed; all work must be carried out by the contractor; the hours of employment of any person engaged in the cartage tendered for in these schedules are not to exceed forty-eight per week, and every such person shall be paid at the minimum wage of not less than 7s. per day; unless other wages and conditions may be determined by any Special Board under the Factories and Shops Acts which may be appointed for this service during the currency of the Contract, when every such person shall be employed at such wages and subject to such conditions as may thus be determined; and a copy of this labour condition shall be kept conspicuously and continually posted, in legible Roman characters, on the premises of the contractor. Any infringement of this condition, in the opinion of the Treasurer, will subject the contractor, upon report from the Tender Board, to such mulct, not exceeding Fifty pounds (£50), as the Treasurer may direct, and the amount will be deducted from the contractor's account or from the security money; and the Treasurer's decision shall be binding, final, and conclusive as to the fact of infringement and in all other respects.

13. The contractor shall, before any account is passed for payment for services rendered, furnish a statutory declaration that all the workmen under this contract have been employed in accordance with clause 12 of these conditions, and have been paid not less than the minimum rate of wages for such workmen as is provided for under that clause.

Printed forms of tender, showing estimates of requirements and conditions of contract, may be obtained from the Secretary, Tender Board, Treasury, Melbourne, or from the officer in charge of police at any of the above-mentioned places, by whom also any information or explanation will be afforded to persons tendering.

The price, which must be expressed in words as well as in figures, and without alterations, erasures, or discrepancies, must be per ton of 40 cubic feet for firewood, including delivery at the offices and all charges. Prices should only be quoted for requirements where estimates are shown above.

Tenders, which should be upon the printed form, will be received for either one or more of the above-mentioned places, and tenders for such places may be accepted or rejected separately; but if all lengths of firewood be included in one tender it may be accepted for one length only, if advisable.

Where the kind or kinds of wood is not mentioned in the tender form, tenderers must specify the kind or kinds of firewood they offer to supply.

Telegrams, or tenders not complying with the terms of advertisement, will not be entertained. The successful tenderer will be required to enter into a bond for £10, with two approved sureties for the due performance of the contract, within ten days after the acceptance is notified.

Tenderers failing to take up their accepted tenders, or failing to carry out their contract satisfactorily, will be ineligible to again hold contracts for Government supplies.

Tenders must be enclosed in an envelope, marked "Tender for Firewood at _____," as the case may be, and deposited in the Tender-Box, Pay Office, Treasury, Melbourne; or, if sent by post, they must be addressed to the Chairman of the Tender Board, Treasury, Melbourne.

The Government will not necessarily accept the lowest or any tender.

The decision of the Government will be made known by *Gazette* notice, and by letter to accepted tenderers.

CONDITIONS OF CONTRACT.

1. As the exact quantity of firewood which may be required cannot be stated, the estimate being approximate only, the Government will not be bound by the quantity stated, but will be at liberty to order more or less, according to circumstances, and the contractor will be bound to supply the same at contract rates.
2. All the firewood supplied under these contracts must be split out of large timber, and must be perfectly sound, dry, and of the kind or kinds specified in the tender; neither burnt wood, heartwood, small branches, nor outside pieces of bark will be received. The billets must be not less than 4 inches nor more than 6 inches in diameter. The long wood to be not less than 9 inches nor more than 18 inches in diameter. Delivery to be made on the written order of the chief officer of the Department requiring the supply. The ton of firewood consists of 40 cubic feet. If the firewood is obtained from a State forest timber reserve, or ordinary Crown lands, persons cutting or removing same must be provided with a licence or permit from the State Forests Department.
3. Orders will be issued half-yearly (except in cases where the storage is small, when they will be issued quarterly); but the contractor must have 24 hours' notice before purchases are made at his risk.
4. The contractor will be bound to place the firewood in stacks for measurement on such ground as may be pointed out. The stacks are to be 2 feet wide (or 4 feet 6 inches for long wood) by 5 feet high, with space between each stack for measuring; and the billets (or lengths) are all to lie the same way, viz., crossways of the stacks in the form of a cord, and are to be laid as closely and solidly as possible in the stack and to the satisfaction of the officer receiving the supply. In the event of any inconvenience being felt, either through delay in delivery or of stacking the wood, the Department concerned will purchase the same or re-stack that delivered, at the risk of the contractor, from whose account any expense incurred thereby will be deducted.
5. The officer receiving the supply shall have full power to reject any wood which he may consider not in accordance with the contract, notice of which will be given to the contractor in writing, stating the reason. The contractor may, however, claim a survey; but in that case he must, within 48 hours after objection is made, give notice thereof in writing to the officer rejecting the wood.
6. The board of survey will be composed of persons appointed by the Honorable the Treasurer, and the decision of the board of survey is to be considered as final.
7. If the board of survey shall decide that the supply is not of proper quality, it must be immediately replaced by the contractor; failing which, it will be procured elsewhere, and the extra expense, if any, will be charged as in clause 4.
8. Accounts for firewood to be rendered to the Department receiving the supply immediately upon completion of the order, which must be attached to the account. Payment will be made at the receipt and pay office of the district, or at the Treasury, Melbourne, as the contractor may desire.
9. In the event of any irregularity on the part of the contractor being repeated, it will be competent for the Government, in case such irregularity should be established to the satisfaction of the Tender Board, to cancel the contract forthwith.
10. Contractors are not at liberty to transfer their contracts under cover of power of attorney, coupled with an interest or otherwise; and no such transfer will be recognised by the Government.
11. Under no circumstances will a contractor be permitted to abandon his contract.
12. No subletting will be allowed; all work must be carried out by the contractor, and the hours of employment of any person engaged in any business or occupation connected with the preparation of the firewood for sale or connected with the sale or distribution of the firewood tendered for in this schedule shall not exceed 48 per week, and every such person shall be paid at a minimum wage of not less than 7s. a day, unless other wages and conditions may be determined by any special Board under the Factories and Shops Acts which may be appointed for this trade during the currency of this contract, when every such person shall be employed at such wages and subject to such conditions as may be thus determined; and a copy of these conditions shall be kept conspicuously and continually posted, in legible Roman characters, on the premises of the contractor. Any infringement of these conditions, in the opinion of the Treasurer, will subject the contractor, upon report from the Tender Board, to such mulct, not exceeding Fifty pounds (£50), as the Treasurer may direct, and the amount will be deducted from any accounts which are or may be due to the contractor, and the Treasurer's decision shall be binding, final, and conclusive as to the fact of infringement and in all other respects.
13. The Contractor shall, before any account is passed for payment for supplies made, furnish a statutory declaration that all the workmen under this contract have been employed in accordance with clause 12 of these Conditions, and have been paid not less than the minimum rate of wages for such workmen as is provided for under that clause.

The general conditions hereunder will apply in every case where not expressly stated to the contrary, and special conditions will also apply where provided. Full particulars may be obtained from the officer in charge in each case or on application to this Department.—(F.65945.)

GENERAL CONDITIONS.

1. No tender will necessarily be accepted.
2. The deposit mentioned in each case must accompany each tender.
3. Tenders must be AT A PRICE PER TON, IRRESPECTIVE OF THE SPECIES OF WATTLE, and the bark must be weighed at the weighbridge named in each case, or at a weighbridge approved by the officer in charge and at the expense of the licensee. Duplicate weighbridge tickets must be provided, and, if so directed by him, the bark must be weighed in the presence of the officer in charge.
4. Royalty must be paid in two instalments, the first payment covering all bark removed by 2nd December, 1910, and the second payment covering all bark removed by 28th February, 1911, by which latter date all work must cease, and all bark, stripped or otherwise, remaining on the area after that date shall be the property of the Crown.
5. No tree shall be felled or stripped on any beauty spot, picnic ground, or on any portion of any area which the officer in charge points out as not to be operated upon, and no particular tree, specially marked by him to remain standing, shall be felled or stripped, wherever situated.
6. No tree shall be felled so as to fall into any water-course, or so as to obstruct any road or track.
7. No tree of less than 5 inches diameter at a height of 2 feet from the ground shall be stripped when of the black or feather-leaved variety, or less than 2½ inches in diameter at a height of 2 feet from the ground, when of the broad-leaved species, unless otherwise stated herein,

8. The whole work to be done under the supervision of the officer in charge, and in accordance with his instructions.

9. Bark must be properly bundled, securely tied, and stacked in heaps of not less than 10 cwt., in clear places only, and the licensee must take every reasonable precaution against fire. A space of at least 40 feet round each stack must be cleared of grass and rubbish.

10. No bark must be removed without the express permission of the officer in charge.

11. Camps must be pitched and fires lighted only in such places as shall be pointed out by the officer in charge, and the licensee shall, on demand of that officer, instantly dismiss from his employ any person or persons who shall carelessly use, leave, or light any fire, whether by smoking, cooking, or other operations, or who shall otherwise act in contravention of these conditions.

12. No live tree, other than wattle, must be cut or broken, or firewood used, without the express permission of the officer in charge.

13. The violation of any of the above or following conditions will render the licence null and void, and the Honorable the Minister of Forests shall have power to absolutely forfeit the whole or part of the deposit to the Crown, and to confiscate to the Crown all bark stripped to date of voidance. The officer in charge, in his discretion, shall have power to instantly suspend operations pending the decision of the Honorable the Minister of Forests being made known.

TENDERS will be received on or before Saturday, 27th August, 1910, for the right to depasture stock on the following unappropriated portions of land subject to the Regulations approved by the Governor in Council and also the subjoined Special Conditions.

Every licence granted under section 187 of the *Land Act* 1901 shall be subject to the conditions set forth in the schedule hereto and to such special conditions and payment in advance of such fee as the Minister may determine, and shall be issued by an officer of the Department of Lands and Survey duly authorized in that behalf.

Conditions.

1. The issue of this licence shall not prevent the land comprised therein, or any part or parts thereof, being sold, leased, licensed, alienated, or dealt with under any of the provisions of the *Land Acts*, except under the 187th section of the *Land Act* 1901, or being resumed by order of the Governor or Administrator of the Government of Victoria, with the advice of the Executive Council, for any of the purposes for which land may be reserved under section 10 of the *Land Act* 1901, or for mining purposes.

2. In case the said land, or any part thereof, should be sold, leased, licensed, alienated, dealt with, or resumed as aforesaid, the licensee shall not be entitled to any compensation other than that which the responsible Minister of the Crown for the time being administering the *Land Acts* may think fit.

3. This licence is subject to the rights of the holders of miners' rights or of mining leases now issued or hereafter to be issued to enter upon the allotment hereby licensed, and to search for gold, and to mine thereon, and to erect and occupy mining plant and machinery, without making any compensation to the licensee, his executors, administrators, or assigns, for surface or other damage.

4. Subject to these conditions, the licensee shall be entitled to use the land for the purpose for which this licence has been granted, until such land, or any part thereof, has been sold, leased, licensed, alienated, dealt with, or resumed as aforesaid, and thereupon all the interest of the licensee therein shall cease and be determined.

5. No land comprised in roads from time to time surveyed and marked out within the boundaries of the land comprised in this licence shall be deemed within its operation.

6. This licence shall entitle the holder thereof, during the period for which it is granted, to use the land therein comprised for depasturing purposes only, but shall not confer any right to build thereon, or to cultivate or, without the permission of the Minister, fence any portion thereof, or construct a dam or tank.

7. The taking in of stock for agistment or otherwise allowing the use of the land, or part thereof, without authority in writing by the Minister, is forbidden.

8. That in the event of the Minister granting permission to fence the whole or any part of this area, the licensee shall provide gates or slip panels in suitable places for the convenience of the public. No compensation will be allowed for fencing erected on boundaries of allotments alienated or in course of alienation.

9. That where improvements are authorized under section 189 of the *Land Act* 1901 the licensee shall notify, on completion, that such improvements have been made, otherwise the work will not be recognised.

10. The interest in this licence shall not be transferred without the consent of the Minister, and the payment of a fee of Ten shillings.

11. The licensee shall be liable to forfeiture if the licensee commit a breach of or neglect to comply with these conditions.

12. The publication of a notice in the *Government Gazette*, purporting to declare that the Governor or Administrator, with the advice aforesaid, has forfeited this licence, shall be conclusive evidence that the licence is forfeited.

13. The ring barking of the timber upon the land by the licensee is forbidden, and he shall not be entitled to destroy or cut and take away any such timber.

14. Free access to water shall be kept open at all times for travelling and other stock and for persons desiring to take water for domestic purposes.

15. The licensee shall destroy all thistles on the land, and on the half width of the adjoining roads, and shall be responsible for the destruction of thistles under the *Thistle Act* 1890 in like manner as holders of freehold lands.

16. The licensee shall keep the land free from vermin, and, should he fail to do so, the licence shall be liable to forfeiture.

17. This licence is issued subject to the right of saw-millers to graze on this area such horses and bullocks as are actually used in connexion with their licensed operations on this land.

18. In the event of the area being damaged by fire, the licence may be forfeited unless the licensee satisfy the Minister that neither he, directly or indirectly, nor his workmen or servants were in any way responsible therefor.

Special Conditions.

1. The period of occupation will, except where otherwise specified, be for thirteen months from 1st September, 1910, to 30th September, 1911.

2. The fee for the period from 1st September, 1910, to 30th September, 1911—for which the licence will be issued, and fee for licence—must accompany the tender, otherwise the offer of the next highest tenderer who complies with this condition may be accepted.

Section 13, *Land Act* 1904, provides:—

1. Where a licensee under section 187 of the *Land Act* 1901 has, with the consent of the Minister, enclosed with a substantial fence the land which is the subject of his licence, he may impound any cattle, sheep, or other animals found trespassing thereon.

2. Where the licensee holds land under the said section which is unfenced, he may, in any Court of competent jurisdiction, sue the owner of any cattle, sheep, or other animals for damages arising from trespass by such cattle, sheep, or other animals.
