UPPER YARRA YARRA. NOTICE TO BOATMEN, ETC.

[No. 6.]

BOATMEN and others are hereby notified that permission has been granted to the Melbourne Amateur Regatta Association, in connexion with their Annual Regatta, to row races on the Henley course, on the Upper Yarra, on the 22nd October, 1910, and that motor and other boats permitted to be on the river during the day must observe the following Regulations, viz.:—

Boat races must not be obstructed nor public safety or order endangered.

Between the commencement and the finish of the racing programme, motor boats must remain moored (unless permission of the Port Officer or his deputy is obtained to move from moorings), except during such special intervals between the racing as may be set apart on the programme for their navigation. Before such boats leave their moorings at these intervals, the occupants must make sure that the race before the interval is finished. Boat owners other than those allotted moorings on the Henley Reserve are requested to provide their own mooring pegs. All boat owners are requested to provide their own mooring lines.

All non-competing boats must clear off the course when the alarm bells ring.

All boats when moored or cleared off the course must lie between the start and Brander's Ferry, close to the south bank of the river; and below Brander's Ferry, close to the north bank, but clear of the racing course.

No boats (except racing boats) are allowed to land or take up passengers at the boat stagings (south bank), or from the bank along the Henley Reserve, except at the landing stage.

Any boat overcrowded or incompetently managed may be ordered to disembark its passengers.

No boat deemed by the Port Officer or his deputy to be too large, or deemed to be offensive, dangerous, or unsuitable, shall remain on the river along the course or adjacent waters.

The direction of the officers stationed at the openings in the course, or in charge of the course, must be strictly attended to.

All boats, except racing boats, must move up stream along the right-hand (south) bank, and must move down stream along the opposite (north) bank.

Boats may cross from one side of the river to the other at the openings in the booms marking the course provided for the purpose.

No boat is permitted to show any advertisement or any objectionable device.

Every motor launch must have a supply of dry sand wherewith to soak up any inflammable oil spilt.

No fireworks or firearms are allowed to be discharged from any boat, except such as have permission of the Port Officer or his deputy.

All motor boats shall hold a permit from the Port Officer to enter or remain on that part of the River Yarra between Prince's-bridge and the Punt-road bridge, between the hours of Twelve noon and midnight on Henley Day.

No permit shall be given to any motor boat which it is intended shall ply for hire or carry passengers for profit or gain by day.

No permit shall be given for boats burning coal, coke, or firewood.

Permit shall not be transferable by holder or in respect of motor boats.

Acceptance of permit shall be a guarantee that its holder and the boat it is issued for will observe the Regulations, whether general or special.

All boats must give way for racing boats going up stream to the start of the course.

After sunset, motor boats are directed to go slow, and to move in the centre of the river, and in the course set apart for racing in the day-time.

On Henley Day the length of oars used by any boat, other than racing boats, between Punt-road bridge and Prince's-bridge, shall not exceed 12 feet.

Motor boats are requested to get to their moorings, if possible, before the first race starts at a quarter-past One p.m., or to wait until the first interval in the programme; but the officers controlling the course may allow motor boats to proceed to their moorings if interference with racing will not be caused.

The penalty provided by section 3 of the Act, for contravening any Regulation, is—for the first offence, not exceeding Ten pounds; and for a second offence, not less than Two pounds or exceeding Twenty pounds.

Caution.—Fireworks.

Persons in charge of motor boats are specially warned that great danger will be incurred by their having any inflammable spirit exposed while in the vicinity of the display of fireworks; therefore, all petrol tanks should be filled before coming into the Henley course at night-time.

By order,

C. W. MACLEAN,
Port Officer.

CARRIAGE ON BOARD SHIP OF BI-SULPHIDE OF CARBON, OTHERWISE KNOWN AS CARBON OF BI-SULPHURET OR DISULPHIDE OF CARBON, ETC.

THE following extract from a memorandum (1907) issued by the Board of Trade, relative to the carriage of dangerous goods in ships, is published for the information of all whom it may concern.

By order of the Marine Board of Victoria,

J. GEO. MCKIE,
Secretary.

Melbourne, 12th October, 1910.

BI-SULPHIDE OF CARBON.

BI-SULPHIDE of Carbon, or Carbon Bi-sulphuret, is "Dangerous Goods" within the meaning of section 446 of the *Merchant Shipping Act 1894*,* and should therefore be marked as required by that section.

It is a colourless, heavy, mobile, volatile liquid, which evaporates very quickly. It produces a pressure in any closed vessel containing it. It easily passes through the smallest opening, and it is very difficult to keep the drums tight in which it is stored.

It is not liable to spontaneous combustion, but both the liquid and its vapour take fire at very low temperatures, the liquid at rather a lower temperature than the vapour. The vapour has a tendency to travel, and if it finds its way to any surface sufficiently warm to ignite it, the flame will flash back and ignite the liquid. This is known

to have occurred when the liquid was at a distance of 20 feet from the warm surface. The mere striking together of two pieces of iron within the inflammable atmosphere may cause ignition.

It has a very powerful and penetrating odour, which in small quantities resembles that of foul vegetable matter.

Bi-sulphide of carbon should be carried in strongly made and perfectly tight drums of not more than ten gallons capacity each. The drums should be satisfactorily tested by hydraulic pressure to at least 40 lbs. per square inch before being used, and a space of at least 10 per cent. should be left in each to allow for expansion of the liquid. Drums of the kind employed by the Government of India for the shipment of ether are recommended for this purpose.

The drums should be packed in strong wooden cases (which should be perforated), with not more than two drums in each case, each drum being in a separate compartment of the case.

It should be carried as deck cargo only, the utmost care being taken to protect it from the rays of the sun, or lights, or sparks; sail cloth (not black tarpaulin) is suggested as a covering. It should be stowed apart from all other goods, whether dangerous or not, and kept at a distance from all steam pipes, funnels, or other heated objects, and from all hatchways or other openings in the deck; also from all living quarters of the vessel, and smoking in its vicinity should be strictly prohibited.

The cases containing the drums should be examined at frequent intervals (at least twice in 24 hours), during daylight, to ascertain if there is any escape, and if any leakage is detected, even by the presence of the odour above described in the vicinity of the packages, they should be immediately thrown overboard, and it is important that the person making these examinations should know that leakages sufficiently large to be very dangerous may exist without its being possible to see anything in the nature of moisture on the outside of the drums to indicate their presence.—(M.21242-99.)

SHIRE OF BIRCHIP.
PROPOSED RE-SUBDIVISION.

IN pursuance of the provisions of the *Local Government Act 1903* (No. 1893, section 46), the substance and prayer of a petition, in accordance with the 36th and 41th sections of the said Act, which has been presented to His Excellency the Governor in Council, are published, viz.:

The petitioners purport to be at least one-fourth of the persons whose names are for the time being on the municipal roll of the Shire of Birchip.

The petitioners state that on the formation of the Shire of Birchip and Birchip Waterworks Trust it was found that a large portion of territory included in the new Shire, and afterwards called the South Riding, was under the control of the Wimmera Waterworks Trust, and in order to prevent confusion arising from having the South Riding in both Wimmera and Birchip Trusts, the Council decided to call the Wimmera Trust portion the South Riding, and to include a certain portion of the Parish of Narraport in the Central Riding.

The petitioners further state that as all the territory of the Shire is now under the control of the State Rivers and Water Supply Commission they desire that the eastern portion of the Parish of Narraport be annexed to the South Riding of the Shire, to which it geographically belongs.

The petitioners therefore pray that His Excellency in Council may be pleased to re-subdivide the Shire as desired.

Notices for the petitioners may be served on Mr. J. M. Kensley, Shire Secretary, Shire Hall, Birchip.

FARM ALLOTMENTS AVAILABLE FOR APPLICATION UNDER CONDITIONAL PURCHASE LEASE AT GEELONG.

THE several allotments included in the Schedule hereunder are declared available as Farm Allotments, until 27th October, 1910. Applications must be made on the prescribed forms and lodged with the Secretary, Closer Settlement Branch, Lands Department, accompanied by the deposit, as shown in Schedule hereunder, for the most valuable allotment applied for. The deposit includes registration fee of 5s. and lease fee of £1.

Conditional Purchase Lease.

The leases issued to successful applicants may be for such a term of years, not exceeding 31½, as may be agreed upon between the lessee and the Board.

An applicant may apply for more than one allotment, but will only be required to lodge one deposit, being the amount chargeable on the most valuable allotment applied for.

Only one allotment can be granted to any one person.

No conditional purchase lease of a farm allotment can be granted to any person who is already the holder of land of the value of £2,500 (township land excepted), or who would thereby become the holder of land exceeding such value.

Improvements to the value of at least two instalments of the purchase money must be effected on each farm allotment before the end of the first year from the date of the lease, and 10 per cent. of the purchase money before the end of the third year, and a further 10 per cent. before the end of the sixth year.

The lessee must reside on the allotment. (Personal residence by a wife, or any child not less than eighteen years of age of lessee, may be considered personal residence by the lessee, with the approval of the Board.)

The lessee cannot transfer, assign, mortgage, or sublet the whole or any part of his allotment within the first six years of the lease.

The Crown grant may be issued to the lessee at the end of any half-year after the first twelve years have expired, on payment of the balance of purchase money.

The amount of deposit (less £1 5s.) will be deducted from the capital value and the half-yearly instalments calculated on the balance of purchase money.

Payments in advance may be made at any time at the option of the lessee, and proportionate reduction of interest secured thereby.

The balance of purchase money, with interest at 4½ per cent., must be paid by 63 or a lesser number of half-yearly instalments, calculated according to any of the tables under Division 3 of Part I. of the *Savings Banks Act 1890 Amendment Act 1896*, the first of such instalments being payable six months after the date of the lease. Each instalment will include interest upon the balance of the purchase money remaining unpaid.

Plans and further information may be obtained from the Closer Settlement Branch, Crown Lands Office.

Every licence granted under section 187 of the *Land Act 1901* shall be subject to the conditions set forth in the schedule hereto and to such special conditions and payment in advance of such fee as the Minister may determine, and shall be issued by an officer of the Department of Lands and Survey duly authorized in that behalf.

Conditions.

1. The issue of this licence shall not prevent the land comprised therein, or any part or parts thereof, being sold, leased, licensed, alienated, or dealt with under any of the provisions of the *Land Acts*, except under the 187th section of the *Land Act 1901*, or being resumed by order of the Governor or Administrator of the Government of Victoria, with the advice of the Executive Council, for any of the purposes for which land may be reserved under section 10 of the *Land Act 1901*, or for mining purposes.

2. In case the said land, or any part thereof, should be sold, leased, licensed, alienated, dealt with, or resumed as aforesaid, the licensee shall not be entitled to any compensation other than that which the responsible Minister of the Crown for the time being administering the *Land Acts* may think fit.

3. This licence is subject to the rights of the holders of miners' rights or of mining leases now issued or hereafter to be issued to enter upon the allotment hereby licensed, and to search for gold, and to mine thereon, and to erect and occupy mining plant and machinery, without making any compensation to the licensee, his executors, administrators, or assigns, for surface or other damage.

4. Subject to these conditions, the licensee shall be entitled to use the land for the purpose for which this licence has been granted, until such land, or any part thereof, has been sold, leased, licensed, alienated, dealt with, or resumed as aforesaid, and thereupon all the interest of the licensee therein shall cease and be determined.

5. No land comprised in roads from time to time surveyed and marked out within the boundaries of the land comprised in this licence shall be deemed within its operation.

6. This licence shall entitle the holder thereof, during the period for which it is granted, to use the land therein comprised for depasturing purposes only, but shall not confer any right to build thereon, or to cultivate or, without the permission of the Minister, fence any portion thereof, or construct a dam or tank.

7. The taking in of stock for agistment or otherwise allowing the use of the land, or part thereof, without authority in writing by the Minister, is forbidden.

8. That in the event of the Minister granting permission to fence the whole or any part of this area, the licensee shall provide gates or slip panels in suitable places for the convenience of the public. No compensation will be allowed for fencing erected on boundaries of allotments alienated or in course of alienation.

9. That where improvements are authorized under section 189 of the *Land Act 1901* the licensee shall notify, on completion, that such improvements have been made, otherwise the work will not be recognised.

10. The interest in this licence shall not be transferred without the consent of the Minister, and the payment of a fee of Ten shillings.

11. The licensee shall be liable to forfeiture if the licensee commit a breach of or neglect to comply with these conditions.

12. The publication of a notice in the *Government Gazette*, purporting to declare that the Governor or Administrator, with the advice aforesaid, has forfeited this licence, shall be conclusive evidence that the licence is forfeited.

13. The ring barking of the timber upon the land by the licensee is forbidden, and he shall not be entitled to destroy or cut and take away any such timber.

14. Free access to water shall be kept open at all times for travelling and other stock and for persons desiring to take water for domestic purposes.

15. The licensee shall destroy all thistles on the land, and on the half width of the adjoining roads, and shall be responsible for the destruction of thistles under the *Thistle Act 1890* in like manner as holders of freehold lands.

16. The licensee shall keep the land free from vermin, and, should he fail to do so, the licence shall be liable to forfeiture.

17. This licence is issued subject to the right of saw-millers to graze on this area such horses and bullocks as are actually used in connexion with their licensed operations on this land.

18. In the event of the area being damaged by fire, the licence may be forfeited unless the licensee satisfy the Minister that neither he, directly or indirectly, nor his workmen or servants were in any way responsible therefor.

Special Conditions.
