Postage stamps	Jam or Golden Syrup
Butter	Milk
Coffee	Oatmeal

10. Second grade prisoners will take their meals in their cells. They will be privileged while conduct remains exemplary to be present at lectures or addresses that may be given in the prison, to change their books thrice weekly, and, under proper supervision, to associate for recreation outside working hours at such times and in such manner as may be sanctioned by the Inspector-General.

11. First grade prisoners may be permitted to dine in association, but they will not, unless in the special division, be permitted to converse at meal time. They shall attend lectures and other meetings that may be held in the prison, and will be given facilities for changing their library books as often as may be required. They will be granted extended privileges in regard to association and recreation in the discretion of the Inspector-General.

12. Promotion in grade made be earned by good conduct, including prompt and cheerful obedience to all rules and regulations, loyalty to the government of the prison, faithful and diligent performance of work, and efforts made to acquire skill and rapidity thereof, also attention to and interest shown in any lectures or classes. Promotions in grade will be made by the Board after consideration of officers' reports.

13. The Board in determining a prisoner's eligibility for the special division will, in addition to consideration of his conduct reports, have regard to the prisoner's habits and disposition, his powers of self-control and potentiality of reform, and the probability of his remaining at liberty without violating the law in the event of his release on probation being approved.

14. Except in such cases as may, in the opinion of the Board, be considered deserving of special reward, good conduct must be shown for at least twelve consecutive months to earn promotion to a higher grade, and for the same period to earn promotion from the lower to the special division of the 1st grade.

15. Prisoners in the special division will, as far as practicable, be kept apart from other prisoners. They will enjoy all the privileges of the 1st grade, and will

be given access to such weekly journals and newspapers as may be sanctioned by the Inspector-General. The Inspector-General may accord them permission to receive and write a letter at any time, and may allow them to receive visits at frequent intervals from friends and relatives likely to take a benevolent interest in them on liberation, and to be of use to them in finding employment or otherwise.

16. The Board may reduce to a lower grade, for such term as it may think fit, any prisoner whose behaviour is, in its opinion, such as to be injurious to the discipline of the Reformatory. A prisoner reduced to the 3rd grade will not be eligible for the 1st grade until he has again passed through the 2nd grade, in accordance with the regulations.

17. The Superintendent may curtail the privileges of a prisoner in regard to indulgences, recreation, attendance at lectures, visits, and letters for inattention or want of interest in work, disobedience, and conduct not amounting to a definite breach of discipline, provided he shall report to the Inspector-General and the Board, giving full particulars of the circumstances in each case.

18. Any prisoner guilty of any serious breach of discipline, or of any conduct which makes it inadvisable that he should associate with other prisoners, may be kept in separate confinement until further dealt with.

19. A prisoner shall not be released on probation unless—

- (1) There is reasonable ground to believe, in the judgment of the Board, that his release is not incompatible with the welfare of society.
- (2) He shall have been in the special division for at least six months, and shall have shown good conduct during six consecutive months in that division.
- (3) Shall have assurance of immediate employment; or
- (4) Shall have standing to his credit money sufficient to maintain him for six weeks after leaving the Reformatory, and
- (5) Shall have reasonable prospects, in the opinion of the Board, of earning an honest livelihood.
Provided that the Board may recommend the suspension of any of these conditions, except condition (1) in regard to any prisoner who is considered deserving of exceptional treatment.

20. Every prisoner shall work at some trade or vocation, or be employed in some labour—

- (a) When a prisoner is employed at a trade at which he is proficient and the products of his work are sold or disposed of, and his conduct is satisfactory, he shall be credited with one-half of the net proceeds remaining after deducting the cost of his maintenance in the prison. Provided always that prisoners in the 2nd grade shall be credited with not more than one-fourth, and prisoners in the 3rd grade with not more than one-eighth of the net proceeds remaining after deducting the cost of their maintenance in the prison.
- (b) The scale of wages and the amounts to be credited to prisoners shall be as follows:—

Male prisoners employed as skilled artisans or tradesmen where the products of their work is not sold, 4s. per diem. Prisoners employed on unskilled labour, 2s. 6d. per diem. A prisoner of the first grade employed as an artisan shall be credited, provided his conduct is good, with an amount not exceeding 1s. per day according to the nature and quality of his work. A prisoner of the first grade employed on unskilled labour shall be credited in like manner with an amount not exceeding 6d. per day where the work has been performed satisfactorily.

Prisoners of the second grade shall be credited in like manner with not more than one-half, and prisoners of the third grade with not more than one-fourth of the above rates.

- (c) Provided that after any prisoner has been in the lower division of the first grade two years, the amount with which he is to be credited as herein provided shall be reduced by one-half, and after remaining in the lower division of the first grade four years such amount shall be reduced by three-fourths.

21. Until a reformatory has been constituted for one calendar year the cost of maintenance of each prisoner therein shall be taken to be the average net cost per head of the prison population as published in the latest annual report of the Inspector-General of Penal Establishments.

22. The remainder of the earnings or wages of a prisoner after deducting the cost of his maintenance and the amount with which he has been credited as herein provided, may be applied in the discretion of the Board towards the maintenance of the prisoner's wife and family (if any), or of any person dependent upon him. Any part of the remainder not so applied shall be paid into the Consolidated Revenue.

23. The Superintendent shall keep a record of the conduct of each prisoner and of the amounts earned, and of the amounts deducted for payment for food or clothing or the purchase of extras, and the amounts (if any) remitted towards the maintenance of any persons dependent upon the prisoner for support or deducted by way of punishment, and any prisoner shall be entitled to know the particulars of his own account.

24. The Superintendent shall furnish to the Inspector-General for the information of the Board a full record of each prisoner admitted to the Reformatory, accompanied by a report from the medical officer, and a monthly conduct report and return stating the punishments inflicted, the number of days at work, the amount of earnings and deductions in the case of each prisoner, and such other particulars as may from time to time be required.

25. Every person released on probation shall during the first six months of such release while he remains in Victoria personally report his address and occupation at least once a month at the office of the member of the Police Force in charge of the police station nearest to the place of his first employment, and subsequently at such place as the Board from time to time may direct; and he shall make such written reports as the Board in each particular case may require.

26. Any person who violates the conditions of his probation and is returned to the Reformatory Prison, and any person who, having once been released on probation, is again convicted and dealt with under the Indeterminate Sentences Act, shall on admission to the Reformatory Prison be placed in the third grade. Except under special circumstances he shall not be eligible for promotion to the second grade until he has maintained a good conduct record for at least eighteen months in this grade, and he shall be required to serve at least two years with a continuous good conduct record in the second grade before being eligible for promotion to the first grade.

27. The Visiting Justice shall have power, in addition to, or in substitution for, any punishment he is empowered to inflict under the *Goals Act* 1890, to punish any prisoner for any breach of discipline by imposing a fine, not exceeding 20s., to be deducted from any sum at any time standing to the credit of such inmate in the account kept in the Reformatory.

28. The hours of rising, the time for meals, the hours of work and of instruction, the times allowed for reading and exercise, the hours for lights out and bed, the hours to be spent at military drill and the arrangements therefor, together with such other internal arrangements as may be necessary, shall be in the discretion of the Inspector-General.

29. The rules and regulations made under the provisions of the *Goals Act* 1890 and all General Orders in regard to prisons shall, as far as practicable, and where not inconsistent with these regulations, apply to every Reformatory.

And the Honorable John Murray, His Majesty's Chief Secretary for the State of Victoria, shall give the necessary directions herein accordingly.

3. Every application shall be in the form or to the effect set forth in Form I. of the First Schedule hereto, and every applicant shall make the declaration therein set forth, or to that effect.
4. Every intending applicant for an allotment lease shall cause to be delivered to the Secretary to the Board, or to some one of the class of officials nominated for that purpose in the *Gazette* notice in which it is announced that allotments are available for transmission to the Secretary, an application particularizing the allotment applied for, or where an allotment is applied for in the alternative particularizing the several allotments, any one of which is applied for in the form, with all questions set out in the form fully answered by the applicant himself to the best of his knowledge and belief.
5. Every applicant shall lodge with his application a deposit, consisting of an amount equal to one instalment of the purchase money of the allotment of the highest value of those applied for, together with the sum of One pound five shillings—£1 to defray the cost of the preparation of the lease, and 5s. the registration fee. The deposit may be made either in cash or by post-office order, or postal notes, or bank draft.

MALLEE LANDS AVAILABLE FOR SELECTION AS AGRICULTURAL ALLOTMENTS.

SCHEDULE OF ALLOTMENTS.

THE land is situated about 9 miles north from Lake Tyrrell, and is from 14 to 24 miles north-west from Chillingollah railway station.

Applications (with uncanceled Victorian duty stamp of 5s., or postal note for same amount, affixed) must be made on the usual form, and delivered or forwarded by post to any Local Land Office, or to the Secretary for Lands, Melbourne, on or before Wednesday, 25th May, 1910.

Not more than one allotment can be included in any application, but any number of applications may be lodged, with the prescribed fee in each case.

Applicants will be hereafter notified as to the date and place of hearing of their applications by Local Land Board.

The land will be granted under agricultural allotment licence, and at the end of 6 years, if the residence, cultivation, improvement, and all other conditions have been complied with, a lease for 34 years will be granted, or, if desired, on expiry of licence, or at any time within the period of 34 years, a Crown grant will be issued on payment of the full amount of the purchase money.

The survey fee must be paid within 28 days of demand, and will be from £9 to £11 per allotment.

The licence will be subject to the following conditions:—

That substantial and permanent improvements shall be made on the land, if in the second class, to the value of 2s. 6d. per acre before the end of the second year from the date of the licence, another 2s. 6d. per acre before the end of each year of the third and fourth years, and the balance of 7s. 6d. per acre before the end of the sixth year of the licence.

If in the third class, substantial and permanent improvements shall be made on the land, to the value of 5s. per acre, before the end of the third year from the date of the licence, and the balance of 5s. per acre before the end of the sixth year of the licence.

The first half-year's rent and licence-fee must be paid prior to issue of licence, and, provided improvements equivalent in value to the amount of rent due for each year be expended on the land during each of such years, in addition to the value required by the ordinary improvement condition, as set forth above, further payment of rent may be suspended until the end of the third year, and such suspended payments, without interest, will be collected in instalments during the remaining term of the licence.

That the licensee shall go into residence on the land within twelve months after the date of the licence, and shall reside on the land during the continuance of such licence, and shall also clear and cultivate at least one-fourth of his allotment within two years of obtaining a permit to occupy the land.

That the licensee shall not transfer, assign, mortgage, or sublet, or part with the possession, or grant the use of the whole, or any part of the allotment, during the currency of the licence.

That a special condition shall be inserted in the lease and the Crown grant, providing that the land referred to therein shall at all times be maintained and used for the purpose of agriculture, grazing, and residence, and that no person will be permitted to subsequently acquire or hold, or have an interest in, more than 1,000 acres, if the land be in the first class, or more than 1,500 acres, if the land be in any other class.

That the licensee shall preserve the timber on an area, or otherwise plant an area, of not less than 3 per cent. of the total area of his holding, preferably along the exposed boundary lines, viz., the western and southern.

No person, unless specially authorized, will be permitted to clear timber from any portion of areas retained for the purposes of roads and wind breaks.

Plans may be obtained at the Inquiry Office, Lands Department, Melbourne, and at Land Offices, Alexandra, Ararat, Bairnsdale, Ballarat, Beechworth, Benalla, Bendigo, Geelong, Hamilton, Horsham, Omeo, St. Arnaud, Stawell, Seymour, Sale, and Warracknabeal, and may be inspected at the principal railway stations throughout the State.

Applicants may obtain from a Local Land Officer, or the Inquiry Office, Lands Department, Melbourne, a certificate authorizing the issue, by the Railway Department, of a ticket at excursion fares, to enable them to inspect the land, or to attend the Local Land Board.

Samples of the whole of the above-mentioned articles can be seen at the offices of the Secretary to the Tender Board.

Printed forms of tender and the conditions of contract may be obtained from the Secretary to the Tender Board, Treasury, Melbourne; for the respective districts from the Receivers and Paymasters at Geelong, Ararat, Ballarat, Beechworth, Bendigo, Castlemaine, and Sale; for Sunbury, from the Medical Superintendent, Hospital for the Insane; for Lara, from the Superintendent of the Inebriates Retreat, and the receiver and paymaster at Geelong; for Greenvale, at the Sanatorium; for Aborigines, at the police stations as follow:—Coranderrk, at Healesville; Lake Condah, at Heywood; and Lake Tyers, at Bairnsdale; for Rutherglen, from the Superintendent, Viticultural College; and for Royal Australian Artillery, from the officer commanding at the forts named, by whom also any information or explanation will be afforded to persons tendering.

Security will be required, either in Victorian Government debentures, Savings Bank Deposit Book, or Bank Deposit Receipt, in favour of the Secretary to the Tender Board, or cash deposit, as the tenderer may elect.

Tenders must be accompanied by a preliminary deposit, as shown above, in bank notes, or a bank draft payable to the order of the Secretary to the Tender Board (cheques will in no case be received), which will be returned within ten days to unsuccessful tenderers on their application. Such deposit to be forfeited in the event of the successful tenderer failing to complete the security within the prescribed period. *It is also stipulated that if a tenderer be a member of a firm and such firm be interested in the contract, then his tender is to be in the name of the firm and not in that of the individual; and that for breach of this condition the preliminary deposit will be forfeited and the tender declared informal.*

The security must be completed and contract signed within five days of acceptance of the tender, failing which the contract may be again advertised, or another tender accepted.

Preference will be given by the Tender Board to tenders for articles manufactured within the Commonwealth, provided the quality of such articles is equal to the particular manufacture indicated in the schedule and the prices are considered reasonable.

The Government will not necessarily accept the lowest or any tender.

Tenders, enclosed in an envelope, and having the words "Tender for at (as the case may be) written thereon, must be deposited in the Tender-box at the Pay Office, Treasury, Melbourne, or, if sent by post, they must be prepaid, and addressed to the Chairman of the Tender Board, Pay Office, Treasury, Melbourne.

CONDITIONS OF CONTRACT.

1. All the articles are to be of the best quality of the several kinds, in the best condition, and in conformity with the Pure Food Act, and to be delivered in sound packages, free from all charges for cartage, freight, &c. The goods shall be delivered as may be directed by the officer ordering the supply.

2. As the exact quantity of any article of provisions which may be required cannot be stated, the estimate being approximate only, the Government will not be bound by the quantity stated in the schedule, but will be at liberty to order more or less, according to circumstances, and the contractor will be bound to supply the same as ordered.

3. Supplies for country stations for which no local contract may have been taken, or for which the contract has been terminated, may be ordered under the Melbourne contract.

4. The Melbourne District will include a radius of six miles from the General Post Office; Williamstown includes supplies for s.s. Lady Loch and Albert and vessels in the Naval Service which may be in Hobson's Bay during the currency of the contract; the Ararat, Beechworth, and Ballarat Districts will include the Hospitals for the Insane, Gaols, Police Gaols, and Lock-ups at these places; and the Geelong

District embraces a radius of two miles from the Post Office; Lara, the Inebriates Retreat; Greenvale, the Sanatorium; and Rutherglen, the Viticultural College. The lock-ups at City Watch-House, Bourke-street West, Brunswick, Carlton, Coburg, Collingwood, Fitzroy, Fitzroy North, Hotham Hill, Little Bourke-street, North Melbourne, Port Melbourne, Prahran, Richmond, St. Kilda, South Melbourne, and South Yarra are included in the contracts for the Melbourne District.

5. Packages suitable for transport of goods supplied must be provided by the contractor free of expense, and the value of these packages, whether in bulk or otherwise, is to be included in the price demanded, except brandy casks, porter cases, hogsheds, butter firkins or boxes, and soap boxes (not including fancy soaps), jam jars, flour, meal, and potato bags, which will remain the property of the contractor, and only the actual net weight or quantity received will be paid for. The empties to be removed from the place of delivery at the contractor's expense.

6. The meat supplied under these conditions must, if practicable, be slaughtered at abattoirs which are under proper authorized inspection and supervision. Any infringement of this condition will subject the contractor, on report from the Tender Board, to such mulct, not exceeding Fifty pounds, as the Treasurer may direct, and the amount will be deducted from the contractor's account, or from the security money.

7. The supplies coming under the head of Rations and Medical Comforts are to be delivered direct to the establishment entitled thereto on the written order of the officer in charge. All other supplies will be ordered by the head of department concerned or any officer authorized by him.

8. At the time of delivering the supplies, the contractor shall produce the order for the same to the officer authorized to accept delivery, and such officer shall acknowledge thereon the receipt of the stores accepted, and shall return the order to the contractor, and the account is to be rendered as soon as possible after the delivery of the supplies, accompanied by the receipted delivery order. For the supplies coming under the head of Rations and Medical Comforts, the account is to be rendered monthly for such quantities only as are issued, the difference between the supply and issue to be kept at the contractor's credit. Supplies not issued at the termination of the contract to be removed by the contractor. The rates or quantities quoted in the orders cannot be exceeded.

9. When a contractor is required to make delivery of goods at a railway station for transmission by rail, he shall obtain a receipt for the goods in duplicate on the Stores and Transport consignment note, at the same time handing in a triplicate of the form as an authority for the carriers to act as agent for, and charge the freight to, the Stores and Transport Department. He shall as soon as possible, and not later than twenty-four hours thereafter, deliver at the Tender Board Offices the original, the duplicate to be retained by himself. Should the goods thus forwarded be rejected, the contractor must bear the cost of replacing such goods, for which service the departmental consignment note is not to be used. Any infringement of this condition may subject the contractor to such mulct as the Tender Board may recommend under clause 18 of these conditions.

10. Should the contractor fail to supply any articles at the time mentioned in the order, they or any like supplies suitable for the service will be otherwise procured, and the expense over and above the contract price will be deducted from his account or from the security money.

11. The acceptance of the supplies shall be subject to the approval of the officer authorized to take delivery of the stores, or such other officer as shall be named in the conditions. If, after the delivery of the supplies has been taken, any deficiency or defect is discovered therein, such stores may be returned to the contractor.

12. If the officer in charge of stores be not satisfied as to the quantity or quality of the stores, or if, after taking delivery of any stores or material, he shall discover any deficiency or defect therein, he may return such deficient or defective stores or material to the contractor, and shall report the same to the head of his department and to the Tender Board.

13. In the event of a difference of opinion between the contractor and the officer receiving the supplies as to the quality, the same to be decided, in cases where the article is not of a perishable nature, by a board of survey composed of persons named by the Treasurer of the State for the time being; and the decision of the board is to be considered final. In the event of the decision being against the contractor, the survey fees and expenses (if any) will be deducted as in clause 10.

14. In cases where the article is of a perishable nature, or when from some other cause injury would be sustained either by the persons to whom the rations are due or to the contractor in waiting for a board to survey, the head of the department or officer authorized to take delivery will have power to reject such article or articles as are obviously of inferior quality, it being understood that he will be responsible to the Government for so doing, and that the contractor must take back the rejected article and supply good in its stead; failing which, it or any like supply suitable for the service, will be obtained by the officer requiring it as in clause 10. In case of the rejection or return of any supplies, the contractor shall bear the whole cost of replacing the supplies so rejected or returned.

15. If the board shall decide that the article is not of proper quality it must be immediately replaced by the contractor; failing which, it or any like supply suitable for the service will be procured by the officer requiring it, and the expense charged as in clause 10.

16. In the case of supplies for Hospitals for the Insane, it will be competent for a board of survey, consisting of the medical superintendent (or, in his absence, of the medical officer) and any two officers named by him, to examine and reject any supplies that may be objected to. It must be distinctly understood, however, that the contractor will have a right of appeal to the Treasurer of the State for the time being; but, pending such appeal, he must take back the rejected articles and at once supply others of approved quality; failing which, the supplies required or any like supplies suitable for the service may be obtained by the officer concerned, and the expense charged to the contractor.

17. In the case of supplies for Hospitals for the Insane, it will also be competent for two or more of the official visitors, in conjunction with the medical superintendent, to reject any supplies that they may consider not in accordance with contract; and in such cases the reference to a board of survey will not be deemed to be necessary on the part of the contractor.

18. A refusal to execute orders, irregularity in the quantity or quality of the supplies, or delay in delivering or replacing them when required, will subject the contractor, upon report from the Tender Board, to such mulct, not exceeding Fifty pounds, as the said Treasurer may direct, and the amount may be deducted as in clause 10. It will also be in the power of the said Treasurer, upon such refusal, irregularity, or delay, to terminate the contract forthwith, and forfeit the whole or any part of the security money.

19. Contractors are not at liberty to transfer their contracts under cover of power of attorney, coupled with an interest or otherwise, and no such transfer will be recognised by the Government. *If it is found during the currency of the contract that the contractor has not conformed to the condition of advertisement—which stipulates that if a tenderer be a member of a firm and such firm be interested in the contract, then the tender is to be in the name of the firm and not in that of the individual—then the Honorable the Treasurer may determine the contract, and forfeit the security money.*

20. It will be competent for the Secretary to the Tender Board to terminate the contract, without notice, should there be reason to know that the contractor takes advantage of his contract to communicate with a prisoner.

21. The contracts entered into under this notice are not to be considered as being broken, infringed, or vitiated by the importation of stores for the Government service, or by any contracts or purchases made by the Imperial Commissariat, or on account of the Commonwealth Government; or by the consumption of the produce or surplus stock of any Government establishment, or by any article being made at and supplied for the use of any Government establishment.

22. In the event of any alteration in the Tariff affecting any of the items included in this contract, the Government or the contractor (as the case may be) may give two months' notice, through the Secretary to the Tender Board, of the termination of the contract for the particular item or items so affected to the opposite party, it being understood that such notice can only be given from the first day of the month, and within the period for which the contract is made. The contract for the unaffected items to remain in full force and effect.

23. Under no circumstances other than those mentioned in clause 22 will a contractor be permitted to abandon his contract. In the event of the contractor failing to carry on the contract, the contract security money will in that case be absolutely forfeited; and, in addition, the contractor will be held liable for any loss which the Government may sustain in consequence of such failure.

24. For the purposes of these contracts the word Government shall mean Government of the Commonwealth as regards supplies for the Commonwealth, and Government of the State as regards supplies for the State; and the word Treasurer shall mean Treasurer of the Commonwealth as regards supplies for the Commonwealth, and Treasurer of the State as regards supplies for the State.

25. Where specially indicated in the schedules no subletting will be allowed, and no delivery shall be made on Sundays; all work must be carried out by the contractor, and the hours of employment of any person engaged in the preparation or manufacture of the articles tendered for in those schedules, or engaged in the delivery of or in any other way in connexion with the supply of the articles tendered for in these schedules, are not to exceed forty-eight per week (unless otherwise stated in the schedules), and every such person shall be paid at not less than the minimum wage fixed by the Factories and Shops Act and shall be employed subject to the condition specified in the schedules concerned; and a copy of the labour condition, as indorsed on the schedules affected, shall be kept conspicuously and continually posted, in legible Roman characters, in the factory, shop, or dairy (and in each part of the factory, shop, or dairy where several rooms are in use) in which goods are prepared or manufactured under these contracts. Any infringement of this condition will subject the contractor, upon report from the Tender Board, to such mulct, not exceeding £50 (Fifty pounds), as the Treasurer may direct, and the amount will be deducted from the contractor's account or from the security money; and the Treasurer's decision shall be binding, final, and conclusive as to the fact of infringement and in all other respects.
