REGULATIONS RELATING TO  
PILOTS AND PILOTAGE.

IN pursuance of the powers conferred upon it by the *Marine Act 1890*, the Marine Board of Victoria, with the consent of His Excellency the Governor of Victoria, acting by and with the advice of the Executive Council thereof, doth hereby make the regulations following, that is to say:—

## INTRODUCTORY.

1. *Short Title*.—These regulations may be cited as "The Pilot Regulations 1911."

2. *Commencement and Repeal*.—These regulations shall take effect on and from the date of publication hereof in the *Government Gazette*, from which date the regulations referred to in the First Schedule hereto to the extent expressed in the second column to such Schedule shall be and stand repealed.

3. *Definitions*.—In the construction of these regulations the expression "the Board" shall mean the Marine Board of Victoria; "Secretary" shall mean the Secretary to the Marine Board duly appointed, and shall include any officer for the time being duly authorized to act in that capacity. The expression "Regulations of the Board" shall mean these regulations or any regulations to be from time to time made by the Board in relation to the subject-matter of these regulations.

4. *Definitions of Ports*.—The definitions of the limits and boundaries of the port of Port Phillip, the port of Geelong, and the port of Melbourne respectively, as defined under the authority of the *Marine Act 1890* or any Act amending the same, shall be deemed to be the limits and boundaries of such ports for purposes of these regulations.

5. *Licensed Pilots' Classes*.—Licensed pilots shall be divided into two classes, namely:—

(1) Port Phillip sea pilots, who may, subject to any restrictions set forth on their respective licences, pilot vessels from outside Port Phillip Heads to any part of the ports of Port Phillip, Geelong, or Melbourne, and *vice versa*.

(2) Harbor and river pilots, who shall pilot vessels only within the limits of the port for which they may be duly licensed.

6. *Pilot Vessels, Equipment, &c.*—The sea pilots shall provide all vessels, together with boats, gear, and other equipments, which, in the opinion of the Board, may be necessary for the proper performance of pilotage duties.

7. *Number of Pilots*.—The number of licensed pilots for any port shall be such as the Board may from time to time determine.

## SEA PILOT VESSELS.

8. *Vessels to be Approved*.—All vessels employed in the sea pilotage service shall be duly approved of by the Board, and every such vessel shall be kept in good repair, and properly fitted out and equipped, to the satisfaction of the Board.

9. *Registration*.—Every pilot vessel employed in the sea pilotage service shall be duly registered in accordance with the provisions of the Merchant Shipping Acts.

10. *Ownership of Pilot Vessels and Plant*.—The sea pilots shall hold, in co-ownership, the pilot vessels approved by the Board, and all gear, equipments, and other property connected therewith, and each pilot shall, as nearly as possible, hold an equal interest or share in such vessels, gear, equipments, and other property; and no pilot shall dispose of or mortgage his interest or share therein.

11. *Distinguishing Characteristics*.—Every pilot vessel or boat shall be distinguished by the following characteristics, that is to say:—

(1) Each vessel or boat shall be painted upwards from the water-line a light stone colour.

(2) On the stern of every vessel shall be painted in black letters, not less than 1 inch in breadth and 3 inches in depth, the name of such vessel.

(3) During daylight every pilot vessel when on her station shall keep constantly flying at the mainmast head (as a signal that a pilot's services are offered to vessels) a red and white flag, measuring not less than 6 feet long and 4 feet wide, the upper horizontal half of which shall be white, and the lower half red.

(4) From sunset to sunrise a pilot vessel—

(a) When engaged on her station on pilotage duty and not at anchor, shall, in addition to the lights required for all pilot boats, exhibit at a distance of 8 feet below her white masthead light, a red light, visible all round the horizon, and of such a character as to be visible on a dark night with a clear atmosphere at a distance of at least two miles, and also the coloured side-lights required to be carried by vessels when under way.

(b) When engaged on her station on pilotage duty and at anchor she shall exhibit, in addition to the light required for all pilot boats, the red light above mentioned, but not the coloured side-lights.

(c) When engaged on her station on pilotage duty she shall also exhibit a flash light at short intervals, which shall never exceed fifteen minutes.

(d) When not engaged on her station on pilotage duty she shall exhibit the same lights as other steam vessels.

(5) In a fog (in addition to any other fog signal required by law) the presence of a pilot vessel on her station shall be indicated by two blasts sounded every five (5) minutes, on the steam whistle or siren, the first blast *short*, the second *long*.

## STATIONS OF PILOTS AND PILOT VESSELS.

12. *Stations*.—All pilots and pilot vessels shall be stationed at such place or places as the Board may from time to time determine.

13. *Pilot Stations, Boundaries*.—There shall be two pilot stations, namely, the "Inner Station," which shall mean the anchorage inside Port Phillip Heads, and the "Cruising Station," which shall extend from Port Phillip Heads to a distance seawards of fifteen (15) miles from a point midway between Port Phillip Heads on a line bearing north-east by north and south-west by south, with Zealey Point bearing from the extremity of such line north-west by north and Cape Schanck east three-quarters north.

The southern boundary of the Cruising Station shall extend in an easterly direction from the extremity of the line as aforesaid until Arthur's Seat bears north-east a quarter north, and thence towards the shore. All bearings are magnetic.

14. *Vessel on Cruising Station*.—A steam pilot vessel shall be kept cruising at all times outside Port Phillip Heads within the limits of the Cruising Station as hereinbefore defined.

15. *Pilots on Cruising Station*.—The complement of pilots to be maintained on board the pilot vessel on the Cruising Station shall be six (6) pilots, and every endeavour shall be made by the pilots to keep up the said number of pilots on board such vessel.

16. *Pilot in Charge*.—Each pilot in order of seniority shall take charge of the vessel on the "Cruising Station" for a period of seven (7) days, and at the termination of such period a pilot on relinquishing such charge shall be relieved from the performance of any pilotage duty for a further period of seven (7) days, unless, in exceptional circumstances, he shall be sooner required to resume duty by order of the President of the Marine Board; in the event of a pilot being off duty from any cause when on turn to take charge of the pilot vessel, as herein provided, the pilot next on turn shall take charge; a pilot who has for the time being missed his turn shall in due course after his return to duty take charge of the vessel on the Cruising Station for the prescribed period of seven days.

17. *Responsibilities of Pilot in Charge*.—The pilot in charge for the time being of any pilot vessel on the Cruising Station shall be held responsible for the proper exhibition and maintenance of signals thereon and therefrom, for the safe navigation of such vessel, and for the keeping of a proper look-out for vessels seeking the services of pilots; he shall exercise all possible expedition in placing pilots on board the same, and also in receiving from vessels outward bound pilots to be discharged therefrom; and he shall be held generally responsible for the proper management of the said vessel and for the observance of any regulation pertaining thereto while in his charge.

18. *Pilot Vessel Leaving Station*.—A pilot vessel may leave her station in case of extreme emergency for the purpose of saving life and property, as hereinafter provided, otherwise a pilot vessel shall not be withdrawn from her station except with the approval of the Board, duly applied for and obtained, provided that it shall not be necessary to obtain the sanction of the Board thereto when any vessel is withdrawn from any station in the ordinary course for the purpose of replenishing stores, provisions, water or fuel, or for effecting repairs, but the pilot having charge of any such vessel shall report in writing to the Secretary the time when such vessel is to leave her station and the date on which she will probably return thereto.

19. *Pilot Flag to be Hauled Down*.—On a pilot vessel leaving the Cruising Station, from whatsoever cause arising, to return to the Inner Station, the pilot in charge shall cause the pilot flag to be hauled down and kept so, until the vessel again takes up the Cruising Station.

20. *Relieving Vessel*.—On a pilot steam-ship leaving the Cruising Station, from whatsoever cause arising, she shall be immediately relieved by the pilot steamship on the Inner Station or other approved vessel with complement of pilots on board.

21. *Pilot Vessel Leaving Station to be Reported*.—In the event of any pilot vessel being compelled from any cause whatsoever to leave the Cruising Station before the expiration of the specified time for which such station was taken up under these regulations, the pilot in charge shall cause the circumstances necessitating such action to be entered in the log-book, and, except when proceeding to a vessel in distress, as hereinafter provided, he shall at once cause such action to be telegraphed to the Secretary to the Board, Melbourne; he shall in every case, with the least possible delay, forward to the Board a full report of the occurrence, together with a copy of the entries made in the log-book in connexion therewith.

#### PILOTAGE INWARDS.

22. *Nearest Vessel to be Boarded*.—The services of a pilot shall be offered to the nearest vessel having the signal flying indicating that such services

are required, unless any other vessel is observed to be running into danger, in which case every exertion is to be made to board and assist the latter vessel.

23. *His Majesty's Vessels and Mail Steam-ships*.—His Majesty's vessels and mail steam-ships, regularly employed in such service, shall have precedence in respect of pilotage service over other vessels, unless any of such other vessels shall be in danger and in urgent need of pilotage assistance.

24. *Destination of Ship*.—It shall be the duty of a sea pilot when in pilotage charge of a ship inward bound to ascertain from the master thereof where such ship is to be berthed, and he shall, subject to the orders of the Harbor Master, take the same, her draught of water permitting, to any wharf or pier in Hobson's Bay or Corio Bay as the master or other person in charge shall require, and there moor the vessel in a proper position; if, however, the master is from any cause unable to intimate to the pilot the ship's final destination, and requires that the ship shall be brought up at an anchorage, the pilot shall anchor the ship accordingly in a safe and proper position, and it shall be the duty of a sea pilot to remove any such ship to her final destination in Hobson's Bay or Corio Bay, unless the final destination of the ship be a berth in the River Yarra, when the required pilotage service shall be performed by a harbor pilot.

25. *Outer Anchorage, Hobson's Bay*.—Should circumstances necessitate the anchoring of an inward bound ship in the outer anchorage of Hobson's Bay it shall be the duty of the pilot in charge to remove such ship to the inner anchorage as soon thereafter as possible, or to any wharf or pier in Hobson's Bay, in accordance with the requirements of the regulation immediately preceding.

26. *Pilotage Services to be Recorded*.—Any pilot who has had pilotage charge of any vessel arriving in Hobson's Bay, or who has effected the pilotage removal of any vessel, shall, immediately after any such vessel has been moored, or as soon thereafter as may be possible, proceed to the Pilot Office, Williamstown, and enter in a book, to be kept therein for such purpose, a complete record setting forth the nature of the service rendered, together with such other particulars as are therein provided for, or as may be prescribed by the Board from time to time. And in the case of any pilot having had pilotage charge of any vessel arriving in Corio Bay, he shall, as soon thereafter as possible, cause similar information to be furnished to the officer for the time being in charge of the Pilot Office, Williamstown, for the purpose of same being duly recorded as herein required.

27. *Explosives*.—A pilot taking charge of a vessel shall, as soon as possible after boarding, ascertain whether she has on board any explosives or other dangerous cargo, and shall specially call the attention of the master thereof to the Port and Harbor regulations relating thereto, and shall himself strictly comply therewith, and cause the same to be duly observed as far as may be in his power.

#### PILOTAGE OUTWARDS.

28. *Pilot first on turn*.—On application being made for the services of a pilot to take any ship to sea, the pilot first on turn shall proceed on board such ship at the time specified, and shall perform such duty as may be required of him in respect to the pilotage of the said ship, and shall not leave such ship prior to having completed the pilotage of such ship without the written permission of the master, except in case of severe illness, but should such ship not be ready to proceed to sea when boarded by him, the pilot must obtain a written statement to that effect from the master or officer in charge, and immediately proceed to the

Pilot Office at Williamstown and record in a book kept therein, and designated "Pilots' Report Book, Outwards," the fact that he has relinquished pilotage charge of such ship, and he shall be deemed to be first on turn for duty and shall proceed to and take charge of any other ship the master of which may have made application for the services of a pilot.

29. *Pilots to demand to see Clearances when outward bound.*—Every pilot shall, before taking charge of a vessel outward bound, demand from the Master a perusal of the clearance received from the Collector of Customs, in order to see if the payment of pilotage be duly noted thereon; and should such fail to be the case, immediate intimation shall be given to that effect to the Officer in Charge of the Pilot Office at Williamstown.

30. *Pilots proceeding to Sea.*—Every pilot prior to taking pilotage charge of an outward bound ship or otherwise proceeding to sea shall in all cases record the fact of his being about to take charge or proceed to sea in the "Pilots' Report Book, Outwards," kept for such purpose in the Pilot Office at Williamstown; provided that if it be not possible to so make such record without unduly detaining any ship, of which any pilot may be about to take pilotage charge, then such record shall be made as soon thereafter as possible.

31. *Duty of Sea Pilots when Ships bound Outwards.*—It shall be the duty of a sea pilot to take pilotage charge of any ship bound direct to sea from any wharf or pier in Hobson's Bay; provided that if when leaving any such wharf or pier the master requests the pilot to anchor the ship in the inner anchorage the pilot shall take the ship to an anchorage and there moor her in a safe and proper position, and it shall be the duty of a sea pilot to subsequently pilot such ship to sea.

#### GENERAL REGULATIONS.

32. *Conduct of Pilots.*—Every pilot shall at all times observe strict sobriety and civility in the conduct of his duties, and endeavour by every means in his power to carry out the regulations of the Board.

37. *Pilots not to interfere when Passengers.*—Should a pilot at any time be taking a passage on board a vessel, he shall not in any way interfere with or make comments on the proceedings of the pilot in charge of such vessel, unless his advice or opinion be especially requested by such pilot in charge, or unless circumstances render such interference necessary, and then only at the written request of the master.

38. *Pilots not to Refuse to Act.*—No pilot shall neglect, delay, or refuse to act unless disqualified by illness.

39. *Illness of Pilot.*—In case of illness necessitating a pilot leaving a ship which he has joined for the purpose of taking to sea prior to having completed the pilotage of such ship without the written permission of the master, such pilot shall immediately report such circumstance to the officer in charge of the Pilot Office at Williamstown, and shall also furnish to the Secretary to the Marine Board a certificate from a duly qualified medical practitioner.

40. *Absence from Duty through Illness, &c.*—Any pilot prevented by accident, illness, or any other cause from attending to his duty shall forthwith report the same to the Secretary to the Marine Board, and when absence in consequence of accident or illness exceeds 48 hours he shall forthwith forward a certificate from a duly qualified medical practitioner; when the medical certificate furnished hereunder does not specify a definite period during which the pilot is likely to be incapacitated from duty, such pilot shall, if his absence continue so long, forward to the Secretary to the Marine Board at the expiration of fourteen days from the time when he went off duty and at intervals of not more than fourteen days thereafter further medical certificates in justification of his continued absence.

No application for extension of leave beyond the period of twelve (12) months as aforesaid shall be granted by the Board unless such report shall have been received.

A pilot arriving in Hobson's Bay in charge of a vessel shall not leave the vicinity of Melbourne in the interval between resigning charge of such vessel and leaving to return to the Cruising Station, either in charge of an outward bound vessel or otherwise. During the interval aforesaid such pilot shall hold himself available for duty in the order of his arrival in Hobson's Bay, and the pilot first on turn for duty shall report himself personally at the Pilot Office daily, and be available for duty at any time he may be required therefor; provided that pilots residing at Queenscliff shall be exempt from the operation of this regulation; but on arrival in Hobson's Bay in pilotage charge of a ship any such pilot shall return to Queenscliff with the least possible delay.

70. *Power of Attorney to Treasurer.*—Such treasurer shall be appointed by a majority of the aforesaid pilots, who shall thereupon execute a power of attorney authorizing such treasurer to receive from the Board all moneys which may be due from time to time to them, and acknowledging that the receipt of the said treasurer shall in all cases be a full and complete discharge, release, and satisfaction of all claims which the said pilots may have against the Board in respect of all moneys so paid to the treasurer as aforesaid.

71. *Failure to Appoint Treasurer.*—In the event of the aforesaid pilots refusing, neglecting, or failing to appoint a treasurer when required so to do by the Board, then it shall be competent for the Board to make such provision as they may deem fit for the payment of pilotage to individual pilots.

72. *Pilots' Expenses, Certified Statement of.*—Each harbor and river pilot and the treasurer appointed by the sea pilots aforesaid shall respectively furnish to the Board, on or before the twenty-fifth day of each month, a duly certified detailed statement, in writing, of all expenses incurred by him or by the several pilots, as the case may be, during the preceding month in connexion with the pilot service, pilots' boats, vessels, &c., accompanied by vouchers and certified in such form as the Board may from time to time direct.

If, however, the medical practitioner or expert oculist nominated by the Board and the medical practitioner or expert oculist nominated by the pilot are unable to agree as to the fitness of the pilot to perform his duties, they shall appoint an umpire, and in the event of their not being able to agree upon the selection of an umpire, the Board, on being so notified, shall appoint an umpire whose decision as to the fitness or otherwise of the pilot for the performance of his duties shall be final and conclusive.

## Conditions.

1. 2. In case the said land, or any part thereof, should be sold, leased, licensed, alienated, dealt with, or resumed as aforesaid, the licensee shall not be entitled to any compensation other than that which the responsible Minister of the Crown for the time being administering the *Land Acts* may think fit.

3. This licence is subject to the rights of the holders of miners' rights or of mining leases now issued or hereafter to be issued to enter upon the allotment hereby licensed, and to search for gold, and to mine thereon, and to erect and occupy mining plant and machinery, without making any compensation to the licensee, his executors, administrators, or assigns, for surface or other damage.

4. Subject to these conditions, the licensee shall be entitled to use the land for the purpose for which this licence has been granted, until such land, or any part thereof, has been sold, leased, licensed, alienated, dealt with, or resumed as aforesaid, and thereupon all the interest of the licensee therein shall cease and be determined.

5. No land comprised in roads from time to time surveyed and marked out within the boundaries of the land comprised in this licence shall be deemed within its operation.

6. This licence shall entitle the holder thereof, during the period for which it is granted, to use the land therein comprised for depasturing purposes only, but shall not confer any right to build thereon, or to cultivate or, without the permission of the Minister, fence any portion thereof, or construct a dam or tank.

7. The taking in of stock for agistment or otherwise allowing the use of the land, or part thereof, without authority in writing by the Minister, is forbidden.

17. This licence is issued subject to the right of saw-millers to graze on this area such horses and bullocks as are actually used in connexion with their licensed operations on this land.

18. In the event of the area being damaged by fire, the licence may be forfeited unless the licensee satisfy the Minister that neither he, directly or indirectly, nor his workmen or servants were in any way responsible therefor.

#### CARTAGE.

TENDERS will be received until Eleven o'clock a.m. on Thursday, 27th September, 1911, for delivery in the Metropolitan Area of goods, parcels, and furniture as may be forwarded from or to the various Government Offices, Railways, &c., by the Stores and Transport Department for and on behalf of the Government of Victoria, to the 30th June, 1912, as per Schedules 1, 2, and 3.

A deposit of £5 in bank notes or bank draft, and payable to the order of the Secretary to the Tender Board (cheques will in no case be received), must accompany each tender, which will be returned to unsuccessful tenderers within five days on their application. Such deposit to be forfeited in the event of the successful tenderer failing to complete the security within the prescribed period.

Security of £10 for each sub-schedule will be required, either in Victorian Government Debentures, Savings Bank Deposit Book, or Bank Deposit Receipt in favour of the Secretary to the Tender Board, or cash deposit, as the tenderer may elect.

The security must be completed and contract signed within five days of acceptance of the tender, failing which the contract may be again advertised, or another tender accepted.

Tenders may be accepted or rejected for each sub-schedule separately.

Tenders must express the prices in words as well as in figures, and without alterations or erasures.

Full particulars, forms of tender, conditions of contract, &c., may be obtained at the office of the Secretary to the Tender Board, Treasury, Melbourne.

The lowest or any tender will not necessarily be accepted.

Tenders, enclosed in an envelope, and having the words "Tender for Cartage" written thereon, must be deposited in the Tender-box at the Pay Office, Treasury, Melbourne; or, if sent by post, they must be prepaid, and addressed to the Chairman of the Tender Board, Pay Office, Treasury, Melbourne.

#### CONDITIONS OF CONTRACT.

1. The prices quoted cover all descriptions of parcels and goods, including furniture, &c.

2. A separate charge is to be made for each consignment, such charge to be for the gross weight thereof, irrespective of the number of packages. Accounts in all cases to be made out by weight only, and to be rendered monthly, supported by the way-bills properly receipted, subject to any deductions for damage sustained to the goods whilst in the custody of the carrier. For removals of officers' furniture and effects, however, a separate charge must be made per van per hour, including loading and re-loading as required, and a certificate from the officer concerned must accompany the voucher setting forth the number of hours employed before payment can be made. Where it is necessary to employ extra labour, as in the case of bulky consignments, a receipt for the amount paid, duly witnessed, shall accompany the account.

3. Double rates will be paid for consignments of beer and spirits obtained from bond, and also to cover detention when obtaining shipments from the railways or ship's side, but in no other cases will detention be allowed for.

4. The contractor shall in all cases, against each separate charge in his accounts, quote the number of the consignment or delivery note, which will be found on each consignment or package forwarded by the departments. Should the number not be on the package then the name of the consignor should be quoted in lieu thereof. Any infringement of this condition will render the contractor, on report, liable to such fine as the Tender Board may recommend, and the amount will be deducted from any account due to the contractor or from the security money.

5. The vehicles in which goods, &c., are carried must be in thorough working order, with good waterproof covers. Horses to be sound, fast, and staunch, and subject to the approval of the officer requiring the service.

6. The contractor must have an office connected with telephone, and within the radius of the city proper, and as regards the service for the Government Printing Office under sub-schedule 6, he will be liable to be called upon to provide the vehicle at any hour of the day or night.

7. Thirty minutes will be deemed sufficient notice, and in the event of the contractor failing to supply the vehicles when ordered, and to the satisfaction of the officer requiring the service, such service will be performed at his risk and expense, and the extra expense incurred shall be deducted as in Condition 4.

8. Vehicles as required must call at the Stores and Transport Offices twice daily, viz., 12 noon and 4 p.m., for goods and parcels, and on such other special occasions when notified without extra payment, otherwise the service will be performed at the contractor's risk and expense, and the amount deducted as in Condition 4.

9. Bills of lading for overseas and Inter-State shipments must be obtained from the shipping company when required, and deposited at the office of the Secretary to the Tender Board in time for the first outgoing mail and prior to the departure of the vessel.

10. Contractors are not at liberty to transfer their contracts under cover of power of attorney, coupled with an interest or otherwise, and no such transfer will be recognised by the Government.

11. Under no circumstances will a contractor be permitted to abandon his contract. In the event of the contractor failing to carry on the contract, the security money will in that case be absolutely forfeited, and, in addition, the contractor may be held liable for any loss which the Government may sustain in consequence of such failure.

12. No subletting will be allowed; all work must be carried out by the contractor; and every person engaged in the cartage tendered for in this schedule shall be paid such wages and employed subject to such conditions as are or may be determined by the Carters Board under the Factories and Shops Acts; and a copy of this labour condition shall be kept conspicuously and continually posted, in legible Roman characters, on the premises of the contractor. Any infringement of this condition, in the opinion of the Treasurer, will subject the contractor, upon report from the Tender Board, to such mulct, not exceeding Fifty pounds (£50), as the Treasurer may direct, and the amount will be deducted from the contractor's account or from the security money; and the Treasurer's decision shall be binding, final, and conclusive as to the fact of infringement and in all other respects.

13. The contractor shall, before any account is passed for payment for services rendered, furnish a statutory declaration that all the workmen under this contract have been employed in accordance with clause 12 of these conditions, and have been paid not less than the minimum rate of wages for such workmen as is provided for under that clause.

This contract is not to be considered as being broken, infringed, or vitiated by any Department using its own labour for the cartage of any material set forth in the contract.

8. No subletting will be allowed; all work must be carried out by the contractor, and every person engaged in the cartage tendered for in these Schedules shall be paid such wages and employed subject to such conditions as are or may be determined by the Carters Board under the Factories and Shops Acts; and a copy of this labour condition shall be kept conspicuously and continually posted, in legible Roman characters, on the premises of the contractor.
