GENERAL PROVISIONS.—DEFINITIONS.

Noxious or Offensive Matter.—In the construction of this By-law “noxious or offensive matter” means any matter manufactured product, residue, garbage, refuse, in whatever state, whether solid, liquid, or gaseous, from which any effluvia, offensive fumes, vapour, gas, dust, or other impurity may be or is liable to be emitted.

Premises.—“Premises” means lands, buildings, out-buildings, yard, or enclosure used or intended to be used for the reception, treatment, disposal, production, manufacture, or storage of any articles or material used or intended to be used in one or more of the noxious or offensive trades or businesses hereinbefore mentioned.

Owner.—“Owner” means the owner or owners for the time being of the premises aforesaid.

Occupier.—“Occupier” includes any person or persons in actual occupation of or entitled to occupy and use the premises aforesaid.

1. **Covers for Receptacles.**—The owner or occupier of the premises shall cause every boiler, digester, drier, mixer, vat, pan, tank, trough, tub, vessel, vehicle, and other receptacle therein containing noxious or offensive matter to be provided with a cover so constructed and placed that when such receptacle is in use the escape of noxious or offensive effluvia, vapour, gas, dust, liquid, or fumes into the external atmosphere will be prevented as far as practicable.

2. **Construction of Buildings—General.**—He shall, on the premises, cause every room, chamber, or place that is used for the purpose of receiving, storing, boiling, drying, reducing, crushing, disintegrating, pulverizing, grinding, or otherwise treating noxious or offensive matter, to be constructed in such a manner and furnished with such appliances that when such room, chamber, or place and such appliances are in such use, escape of noxious or offensive effluvia, vapour, gas, dust, liquid, or fumes into the external atmosphere will be prevented as far as practicable.

3. **Reception, Treatment, and Storage of Noxious or Offensive Matter.**—He shall, on the premises, cause all noxious or offensive matter that is taken to such premises, or that results from trade processes at such premises, to be received, treated, and stored, while on the premises, in a room, chamber, or place constructed in such a manner and furnished with such appliances that when such room, chamber, or place, or such appliances are in use, escape of noxious or offensive effluvia, vapour, gas, dust, liquid, or fumes into the external atmosphere will be effectually prevented, provided always that noxious or offensive waste matters other than drainage and resulting from the trade processes conducted by him and no longer required by him for conducting these processes shall—

(a) at least daily be placed in a receptacle or receptacles formed of non-absorbent and durable material, and furnished with a cover of such material and capable of being fitted quickly, fixedly, and in air-tight manner to such receptacle, and

(b) at least once weekly be either removed from the premises in receptacles of the description already mentioned in 3 (a) or be burnt or otherwise rendered inoffensive and innocuous by means of an appliance by which escape of offensive or noxious fumes, gas, dust, vapour, or liquid into the external atmosphere will be prevented as far as practicable.

4. **Transport of Noxious or Offensive Matter on Premises.**—He shall, when removing noxious or offensive matter from one part of his premises to another part thereof, remove the same in a receptacle of the description mentioned hereinbefore in 3 (a) or by means of

some other appliance by which the escape of offensive or obnoxious effluvia, vapour, gas, dust, liquid, or fumes into the external atmosphere will be prevented as far as practicable.

5. **Use of Receptacles, Appliances, and Apparatus—Treatment of Noxious and Offensive Vapours, &c., by Fire or Condensation or by both.**—He shall cause every part of his premises and every boiler, digester, drier, mixer, vat, pan, tank, trough, tub, vessel, receptacle, appliance, and apparatus used on such premises to be so used that escape of noxious or offensive effluvia, vapour, gas, dust, liquid, or fumes into the external atmosphere will be prevented as far as practicable, and he shall in every case cause all noxious or offensive vapours, gas, dust, or fumes therefrom to pass through a fire or into a suitable condensing apparatus, or through such apparatus, and then through a fire, in such a manner as to deprive such vapours as far as practicable of all noxious and offensive properties.

6. **Import or Export of Noxious or Offensive Matter to or from Premises.**—He shall cause all noxious or offensive matter that is taken to the premises or that results from the trade processes at such premises to be brought to or removed from such premises only in a receptacle which or in a vehicle the receptacle of which is of the description mentioned hereinbefore in 3 (a).

7. **Certain Details of Construction.**—He shall, on the premises, cause every floor and to a height of six feet from the floor, each wall, post, column, pier, or other upright support of every chamber, room, or place containing noxious or offensive matter, to be constructed of durable non-absorbent material closely joined and as far as practicable finished internally with smooth surfaces and with angles and corners rounded off and out sufficiently to prevent the lodgment of filth, provided that in the case of fat-rendering establishments, the walls to their full height and extent of every such chamber, room, or place, shall also be constructed of the aforesaid material.

In the case of proposed new premises, the site thereof must be raised above the levels of adjoining roadways and pathways.

8. **Disposal of Drainage of Premises.**—He shall, on the premises, cause every chamber, room, or place containing any noxious or offensive matter, to be effectually drained by means of a closed drain, trapped and ventilated, and covered at every inlet with a fixed grating formed of wrought-iron bars not less than $\frac{3}{8}$ inch in diameter, and placed not more than $\frac{3}{8}$ inch apart, such drain discharging—

(a) into a public sewer, the sewage from which is dealt with so as to be innocuous and inoffensive, or, in case such a sewer is not available,

(b) into a suitably covered and ventilated receptacle situated on the premises, and so formed, constructed, and placed as to admit of its being readily and effectually removed, or

(c) to some apparatus approved by the Council, and by which the drainage matters shall in an innocuous and inoffensive manner be rendered innocuous and inoffensive as far as practicable.

Grease traps shall be provided wherever required by the Council.

9. **Internal Drainage of Premises.**—He shall, on the premises, cause all drainage from every chamber, room, or place containing any noxious or offensive matter to flow as provided for in accordance with the provisions of the last preceding clause (8), and in the event of the receptacle mentioned in sub-clause (b) of that clause being used, he shall at least twice weekly in the months of October, November, December, January, February, and March, and once weekly in the remaining months, effectually remove the contents by means of a receptacle which, or, if a vehicle, the receptacle of which can be fixedly closed so as to be air-tight, as described in 3 (a), and shall dispose of them in an innocuous and inoffensive manner, and shall, on the occasion of such removal, effectually cleanse the drainage receptacle; and in the event of this drainage being made to flow to an apparatus of the description mentioned in 8 (c), he shall cause such apparatus to be used in such a way as shall not give rise to offensiveness or injury to health.

10. **Receptacles, Appliances, and Apparatus in State of Good Repair.**—He shall, on the premises, cause every boiler, digester, drier, mixer, vat, pan, tank, trough, tub, vessel, and other receptacle, apparatus, and appliance with which, and every drain, floor, wall, and ceiling or roof lining, or roof of every room, chamber, and place in which any process of his business is carried on that may give rise to any noxious or offensive effluvia, vapour, gas, dust, liquid, or fumes, to be at all times maintained in a state of good repair.

11. **Cleansing of Premises.**—He shall, on the premises, cause the floor, internal surface of each wall, and the lower surface of the ceiling or roof lining or roof of every

FARM ALLOTMENTS IN THE SWAN HILL ESTATE, PARISH OF TYNTYNDER, AVAILABLE FOR APPLICATION UNDER CONDITIONAL PURCHASE LEASE.

THE allotments mentioned in the Schedule hereunder are available for application. Applications, accompanied by the amount of deposit, must be lodged with the Secretary, Lands Purchase Board, Public Offices, Melbourne. Plans and fuller particulars on application.

Conditional Purchase Lease.

The leases issued to successful applicants may be for such a term of years, not exceeding 31½, as may be agreed upon between the lessee and the Board.

An applicant may apply for more than one allotment, but will only be required to lodge one deposit, being the amount chargeable on the most valuable allotment applied for.

No conditional purchase lease of a Farm Allotment can be granted to any person who is already the holder of land of the value of £2,500 (township land excepted), or who would thereby become the holder of land exceeding such value.

Improvements to the value of at least two instalments of the purchase money must be effected on each farm allotment before the end of the first year from the date of the lease, 10 per cent. of the purchase money before the end of the third year, and a further 10 per cent. before the end of the sixth year.

The lessee must reside on the allotment. Personal residence by the lessee's wife, or any of his children over eighteen years of age, may, with the approval of the Board, be considered personal residence by the lessee. In special cases the Board has power to allow persons other than those above mentioned to reside for a limited period in lieu of lessee.

The lessee cannot transfer, assign, mortgage, or sublet the whole or any part of his allotment within the first six years of the lease.

The amount of deposit (less £1 5s.) will be deducted from the capital value, and the half-yearly instalments calculated on the balance of purchase money.

Payments in advance may be made at any time at the option of the lessee, and proportionate reduction of interest secured thereby.

The balance of purchase money, with interest at 4½ per cent., must be paid by 63 or a lesser number of half-yearly instalments, calculated according to any of the tables under Division 3 of Part I. of the *Savings Banks Act 1890 Amendment Act 1896*, the first of such instalments being payable six months after the date of the lease. Each instalment will include interest upon the balance of the purchase money remaining unpaid.

The Crown grant may be issued to the lessee at the end of any half-year after the first twelve years have expired, on payment of the balance of the purchase money, and will be subject to a condition that the owner for the time being of the land, or a member of his family over eighteen years of age, or any person approved by the Governor in Council, shall reside thereon for at least eight months in every year, and that a breach of this condition may lead to the forfeiture of the land to the Crown.

Plans and further information may be obtained from the Closer Settlement Branch, Crown Lands Office.

The general conditions hereunder will apply in every case where not expressly stated to the contrary, and special conditions will also apply where provided. Full particulars may be obtained from the officer in charge in each case or on application to this Department.

GENERAL CONDITIONS.

1. No tender will necessarily be accepted.
2. The deposit mentioned in each case must accompany each tender.
3. Tenders must be at A PRICE PER TON, IRRESPECTIVE OF THE SPECIES OF WATTLE, and the bark must be weighed at the weighbridge named in each case, or at a weighbridge approved by the officer in charge and at the expense of the licensee. Duplicate weighbridge tickets must be provided, and, if so directed by him, the bark must be weighed in the presence of the officer in charge.
4. Royalty must be paid in two instalments, the first payment covering all bark removed by 2nd December, 1913, and the second payment covering all bark removed by 28th February, 1914, by which latter date all work must cease, and all bark, stripped or otherwise, remaining on the area after that date shall be the property of the Crown.
5. No tree shall be felled or stripped on any beauty spot, picnic ground, or on any portion of any area which the officer in charge points out as not to be operated upon, and no particular tree, specially marked by him to remain standing, shall be felled or stripped, wherever situated.
6. No tree shall be felled so as to fall into any water-course, or so as to obstruct any road or track.

12. No live tree, other than wattle, must be cut or broken, or firewood used, without the express permission of the officer in charge.
13. The violation of any of the above or following conditions will render the licence null and void, and the Honorable the Minister of Forests shall have power to absolutely forfeit the whole or part of the deposit to the Crown, and to confiscate to the Crown all bark stripped to date of voidance. In the matter of the Irrigation Trusts Acts and in the matter of an application by the FIRST MILDURA IRRIGATION TRUST for an Order for the sale of lands under the provisions of the said Acts.

Before His Honour Mr. Justice Hood, Tuesday, the sixteenth day of September, 1913.

UPON motion this day made unto this Court, by Mr. Hayball, of Counsel for the above-named, the First Mildura Irrigation Trust, upon reading the affidavit of Herbert Ransome, sworn on the twenty-second day of August, One thousand nine hundred and thirteen, and filed herein this day, with the exhibits therein referred to, this Court, being satisfied by the said affidavit that the rates and interest mentioned in the said affidavit of Herbert Ransome, the amounts of which, and the lands in respect of which the same are payable, are set forth in the schedule hereto, remain unpaid, and that the said rates include rates which were, on the thirtieth day of November, One thousand nine hundred and twelve, more than six months in arrear, and that notices of application for sale, referring to the said lands, in the form required by the *Mildura Irrigation Trusts Act 1903* (No. 1842), have been duly given as therein provided, this Court doth order that, unless the amount of the said rates due in respect of each of the said lands respectively, together with interest thereon, at the rate of Eight pounds per centum per annum, up to the date of payment, and the sum of One pound one shilling in respect of each of the said lands, for costs, be paid to the said Trust on or before the twenty-second day of October, One thousand nine hundred and thirteen, there be a sale by the said Trust on a day to be fixed by the said Trust, by public auction, of such of the said lots upon which the said rates and interest remain unpaid, whether wholly or in part, on the said twenty-second day of October, One thousand nine hundred and thirteen, separately, and in the manner and subject to the directions hereinafter appearing, that is to say:—The said Trust shall have power to fix reserve prices in respect of each or any of the lands last hereinbefore referred to, and shall give to the auctioneer a list or lists, in writing, of such reserve prices before the said lands are respectively sold, and shall have power

to bid for, and to purchase, any of the said lands at such sale: And the said lands, or any of them, may, in the discretion of the said Trust, be sold upon the terms following, that is to say:—If the purchase money for any of the said lands shall not exceed Fifty pounds such purchase money shall be paid in cash, and if the purchase money for any of the said lands shall exceed Fifty pounds, then as to the Fifty pounds part thereof it shall be payable in cash, and of the balance one-fourth at the least shall be payable in cash, and the remainder shall be payable within six months from the date of the said sale, interest at the rate of Four pounds per centum per annum being payable on such remainder meanwhile: And the said sale shall be conducted by a local auctioneer to be selected by the said Trust, and his remuneration shall be that to be agreed upon between him and the said Trust, but not exceeding the usual remuneration for his services: And the costs, charges, and expenses of the said Trust of and incidental to the said sale, including therein the costs, charges, and expenses of the publication of the aforesaid notices, and of the notice by publication in the *Government Gazette* of this Order, together with the said Trust's costs, charges, and expenses of and incidental to this application shall be apportioned among such of the said lands as shall have been sold at the said sale, in proportion to the purchase money which the same shall have been respectively sold, and the portion or share of all such costs, charges, and expenses attributable to each such piece of land, as aforesaid, shall be paid out of the proceeds of such sale as to each such piece of land respectively: And it is further ordered that this Order shall be published in the *Government Gazette*, on or before the eighth day of October, One thousand nine hundred and thirteen, and shall be passed and entered forthwith.

Subscribers do not receive the Acts of Parliament with the Gazette.

ADVERTISEMENTS are charged at the rate of SEVENPENCE per line throughout.

The Title (*£5* Reward, Dissolution of Partnership, &c.) forms one or more lines, as a heading.

On an average, ten words make a line, but for the description of a brand consisting of more than one letter, &c., placed perpendicularly, thus, B, each additional letter under the first is charged as a line.

Every signature must likewise be counted as a line.

The final words of a paragraph, though only a portion of a line, must be counted as one line.

Signatures (in particular) and Proper names must be written very plainly in the text; ONE SIDE ONLY of each slip of paper should be WRITTEN UPON.

ALL DOCUMENTS illegibly written will be returned unpublished, and, where brands occur unprovided for by the ordinary letters of the alphabet, a worded explanatory description must be furnished.

The GOVERNMENT GAZETTE is published on WEDNESDAY EVENING in each week, and Notices for insertion must be received by the Government Printer on or before TWO o'clock of the day preceding the day of publication.
