Applicants for the position of Head Master of an Agricultural High School should state what experience (if any) they have had in the work of an Agricultural High School, and what certificates (if any) in Agriculture they hold.

*Conditional Purchase Lease.*

Leases may be for such a term of years, not exceeding 31½, as may be agreed upon between the lessee and the Board.

*Rent.*

The purchase money, with interest at 4½ per cent., must be paid by 63 or a lesser number of half-yearly instalments (including deposit), calculated according to any of the tables under Division 3 of Part I of the *Savings Banks Act 1890 Amendment Act 1896*. Each instalment will include interest upon the balance of the purchase money remaining unpaid.

On a conditional purchase lease application a deposit equal to the two (2) first instalments of purchase money, together with fees (including survey charge), must be paid within fourteen days after an allotment has been recommended.

Every conditional purchase lease of an allotment will contain the following special conditions:—

- (a) a condition that the lessee or purchaser shall make substantial improvements on the land to the extent of 10s. per acre in each of the first three years from the date of lease or sale; and
- (b) a condition on the part of the lessee or purchaser to keep open all canals and drains.

The Board has power to grant, subject to such terms and conditions as it thinks fit, authority to the owner or occupier of any allotment to cut a drain through any adjoining allotment without making compensation to the owner or occupier thereof, such drain to run parallel with and within 10 links (approximately 6½ feet), where practicable, of a boundary line of such allotment.

On payment of deposit or rent, together with fees, a permit to occupy will forthwith issue.

Residence is not necessary.

Samples of the whole of the above-mentioned articles, where indicated in the schedule as to sample, can be seen at the offices of the Secretary to the Tender Board.

Printed forms of tender and the conditions of contract may, in all cases, be obtained from the Secretary to the Tender Board, Treasury, Melbourne; and for the respective districts from the Receivers and Paymasters at Geelong, Ararat, Ballarat, Beechworth, Bendigo, Castlemaine, and Sale; for Sunbury, from the Medical Superintendent, Hospital for the Insane; for Lara, from the Superintendent of the Inebriates Retreat, and the Receiver and Paymaster at Geelong; for Greenvale, from the Superintendent at the Sanatorium; for Aborigines, from the police at stations as follow:—Coranderrk, at Healesville; Lake Condah, at Heywood and Portland; and Lake Tyers, at Bairnsdale and Cunninghamham; for Rutherglen, from the Superintendent, Viticultural College; for Wyuna, from the manager, at the Irrigation Farm, and from the police at Kyabram; for Wahgunyah, from the manager, at the Vine Nursery; and for the Forest School, from the senior master, by whom also any information or explanation will be afforded to persons tendering.

Security will be required, either in Victorian Government debentures, Savings Bank Deposit Book, or Bank Deposit Receipt, in favour of the Secretary to the Tender Board, or cash deposit, as the tenderer may elect.

Tenders must be accompanied by a preliminary deposit, as shown above, in bank notes, or a bank draft payable to the order of the Secretary to the Tender Board (cheques will in no case be received), which will be returned within ten days to unsuccessful tenderers on their application. Such deposit to be forfeited in the event of the tenderer withdrawing the tender before notification of acceptance, or, in the event of being successful, failing to complete by lodging the security and contract form, duly signed, within the prescribed period. It is also stipulated that if a tenderer be a member of a firm and such firm be interested in the contract, then his tender is to be in the name of the firm and not in that of the individual; and that for breach of this condition the preliminary deposit will be forfeited and the tender declared informal.

The security must be completed and contract signed within ten days of acceptance of the tender, failing which the contract may be again advertised, or another tender accepted.

Tenderers withdrawing their tenders before notification of acceptance or failing to take up their accepted tenders within the prescribed period, when notified of acceptance, may be disqualified from tendering or holding any future contracts for Government supplies for a period of twelve months, such disqualification to date from the notification of acceptance of tender.

Preference will be given by the Tender Board to tenders for articles manufactured within the Commonwealth, provided the quality of such articles is equal to the particular manufacture indicated in the schedule and the prices are considered reasonable. Preference will also be given to articles of British manufacture as against those of foreign manufacture.

The Government will not necessarily accept the lowest or any tender.

Tenders, enclosed in an envelope, and having the words "Tender for" at (as the case may be) written thereon, must be deposited in the Tender-box at the Pay Office, Treasury, Melbourne, or, if sent by post, postage must be prepaid, and the tenders addressed to the Chairman of the Tender Board, Treasury, Melbourne, which offices they must reach by first post on the date of closing of tenders.

CONDITIONS OF CONTRACT.

1. All the articles are to be of the best quality of the several kinds, in the best condition, and in conformity with the Pure Food Act, and to be delivered in sound packages, free from all charges for cartage, freight, &c. The goods shall be delivered as may be directed by the officer ordering the supply.

2. As the exact quantity of any article of provisions which may be required cannot be stated, the estimate being approximate only, the Government will not be bound by the quantity stated in the schedule, but will be at liberty to order more or less, according to circumstances, and the contractor will be bound to supply the same as ordered.

3. Supplies for country stations for which no local contract may have been taken, or for which the contract has been terminated, may be ordered under the Melbourne contract.

4. The Melbourne District will include places within a radius of six miles from the General Post Office, with the exception of places for which separate contracts are provided; Williamstown includes supplies for s.s. *Lady Loch* and *Albert*; the Ararat, Bechworth, and Ballarat Districts will include the Hospitals for the Insane, Gaols, Police Gaols, and Look-ups at these places; and the Geelong District embraces a radius of two miles from the Post Office; Lara, the Inebriates Retreat; Greenvale, the Sanatorium; Rutherglen, the Viticultural College; Wyuna, the Irrigation Farm; Wangayyah, the Vine Nursery; and Creswick, the Forest School. The look-ups at City Watch-House, Bourke-street West, Brunswick, Carlton, Coburg, Collingwood, Fitzroy, Fitzroy North, Hotham Hill, Little Bourke-street, North Melbourne, Port Melbourne, Prahran, Richmond, St. Kilda, South Melbourne, and South Yarra are included in the contracts for the Melbourne District. Delivery at the places, institutions, &c., named in the schedules.

5. Packages suitable for transport of goods supplied must be provided by the contractor free of expense, and the value of these packages, whether in bulk or otherwise, is to be included in the price demanded, except brandy casks, porter casks, hogheads, butter firkins or boxes, and soap boxes (not including fancy soaps), jam jars, flour, meal, and potato bags, which will remain the property of the contractor, and only the actual net weight or quantity received will be paid for. The empties to be removed from the place of delivery at the contractor's expense.

6. The meat supplied under these conditions must, if practicable, be slaughtered at abattoirs which are under proper authorized inspection and supervision. Any infringement of this condition will subject the contractor, on report from the Tender Board, to such mulct, not exceeding Fifty pounds, as the Treasurer may direct, and the amount will be deducted from the contractor's account, or from the security money.

7. The supplies coming under the head of Rations and Medical Comforts are to be delivered direct to the establishment entitled thereto on the written order of the officer in charge. All other supplies will be ordered by the head of department concerned or any officer authorized by him.

8. At the time of delivering the supplies, the contractor shall produce the order for the same to the officer authorized to accept delivery, and such officer shall acknowledge thereon the receipt of the stores accepted, and shall return the order to the contractor, and the account is to be rendered as soon as possible after the delivery of the supplies, accompanied by the receipted delivery order. For the supplies coming under the head of Rations and Medical Comforts, the account is to be rendered monthly for such quantities only as are issued, the difference between the supply and issue, to be kept at the contractor's credit. Supplies not issued at the termination of the contract to be removed by the contractor. The rates or quantities quoted in the orders cannot be exceeded.

9. When a contractor is required to make delivery of goods at a railway station for transmission by rail, he shall obtain a receipt for the goods in duplicate on the Stores and Transport consignment note, at the same time handing in a triplicate of the form as an authority for the carriers to act as agent for, and charge the freight to, the Stores and Transport Department. He shall as soon as possible, and not later than twenty-four hours thereafter, deliver at the Tender Board Offices the original, the duplicate to be retained by himself. Should the goods thus forwarded be rejected, the contractor must bear the cost of replacing such goods, for which service the departmental consignment note is not to be used. Any infringement of this condition may subject the contractor to such mulct as the Tender Board may recommend under clause 18 of these conditions.

10. Should the contractor fail to supply any articles at the time mentioned in the order, they or any like supplies suitable for the service will be otherwise procured, and the expense over and above the contract price will be deducted from his account or from the security money.

11. The acceptance of the supplies shall be subject to the approval of the officer authorized to take delivery of the stores, or such other officer as shall be named in the conditions. If, after the delivery of the supplies has been taken, any deficiency or defect is discovered therein, such stores may be returned to the contractor.

12. If the officer in charge of stores be not satisfied as to the quantity or quality of the stores, or if, after taking delivery of any stores or material, he shall discover any deficiency or defect therein, he may return such deficient or defective stores or material to the contractor, and shall report the same to the head of his department and to the Tender Board.

13. In the event of a difference of opinion between the contractor and the officer receiving the supplies as to the quality, the same to be decided, in cases where the article is not of a perishable nature, by a board of survey composed of persons named by the Treasurer of the State for the time being; and the decision of the board is to be considered final. In the event of the decision being against the contractor, the survey fees and expenses (if any) will be deducted as in clause 10.

14. In cases where the article is of a perishable nature, or when from some other cause injury would be sustained either by the persons to whom the rations or stores are due or to the contractor in waiting for a board of survey, the head of the department or officer authorized to take delivery will have power to reject such article or articles as are obviously of inferior quality, it being understood that he will be responsible to the Government for so doing, and that the contractor must take back the rejected article and supply good in its stead; failing which, it or any like supply suitable for the service, will be obtained by the officer requiring

it as in clause 10. In case of the rejection or return of any supplies, the contractor shall bear the whole cost of replacing the supplies so rejected or returned.

15. If the board shall decide that the article is not of proper quality it must be immediately replaced by the contractor; failing which, it or any like supply suitable for the service will be procured by the officer requiring it, and the expense charged as in clause 10.

16. In the case of supplies for Hospitals for the Insane, it will be competent for a board of survey, consisting of the medical superintendent (or, in his absence, of the medical officer) and any two officers named by him, to examine and reject any supplies that may be objected to. It must be distinctly understood, however, that the contractor will have a right of appeal to the Treasurer of the State for the time being; but, pending such appeal, he must take back the rejected articles and at once supply others of approved quality; failing which, the supplies required or any like supplies suitable for the service may be obtained by the officer concerned, and the expense charged to the contractor.

17. In the case of supplies for Hospitals for the Insane, it will also be competent for two or more of the official visitors, in conjunction with the medical superintendent, to reject any supplies that they may consider not in accordance with contract; and in such cases the reference to a board of survey will not be deemed to be necessary on the part of the contractor.

18. A refusal to execute orders, irregularity in the quantity or quality of the supplies, or delay in delivering or replacing them when required, will subject the contractor, upon report from the Tender Board, to such mulct, not exceeding Fifty pounds, as the said Treasurer may direct, and the amount may be deducted as in clause 10. It will also be in the power of the said Treasurer, upon such refusal, irregularity, or delay, to terminate the contract forthwith, and forfeit the whole or any part of the security money.

19. Contractors are not at liberty to transfer their contracts under cover of power of attorney, coupled with an interest or otherwise, and no such transfer will be recognised by the Government. If it is found during the currency of the contract that the contractor has not conformed to the condition of advertisement which stipulates that if a tenderer be a member of a firm and such firm be interested in the contract, then the tender is to be in the name of the firm and not in that of the individual—then the Honourable the Treasurer may determine the contract, and forfeit the security money.

20. It will be competent for the Secretary to the Tender Board to terminate the contract, without notice, should there be reason to know that the contractor takes advantage of his contract to communicate with a prisoner.

21. The contracts entered into under this notice are not to be considered as being broken, infringed, or vitiated by the importation of stores for the Government service, or by any contracts or purchases made by the Imperial Commissariat, or on account of the Commonwealth Government; or by the consumption of the produce or surplus stock of any Government establishment, or by any article being made at and supplied for the use of any Government establishment.

22. In the event of any alteration in the Tariff affecting any of the items included in this contract, the Government or the contractor (as the case may be) may give two months' notice, through the Secretary to the Tender Board, of the termination of the contract for the particular item or items so affected to the opposite party, it being understood that such notice can only be given from the first day of the month, and within the period for which the contract is made. The contract for the unaffected items to remain in full force and effect.

23. Under no circumstances other than those mentioned in clause 22 will a contractor be permitted to abandon his contract. In the event of the contractor failing to carry on the contract, the contract security money will in that case be absolutely forfeited; and, in addition, the contractor will be held liable for any loss which the Government may sustain in consequence of such failure.

24. For the purposes of these contracts the word Government shall mean Government of the Commonwealth as regards supplies for the Commonwealth, and Government of the State as regards supplies for the State; and the word Treasurer shall mean Treasurer of the Commonwealth as regards supplies for the Commonwealth, and Treasurer of the State as regards supplies for the State.

25. Where specially indicated in the schedules no subletting will be allowed, and no delivery shall be made on Sundays; all work must be carried out by the contractor, and the hours of employment of any person engaged in the preparation or manufacture of the articles tendered for in those schedules, or engaged in the delivery of or in any other way in connexion with the supply of the articles tendered for in these schedules, are not to exceed forty-eight per week (unless otherwise stated in the schedules), and every such person shall be paid at not less than the minimum wage fixed by the Factories and Shops Act and shall be employed subject to the condition specified in the schedules concerned; and a copy of the labour condition, as indorsed on the schedules affected, shall be kept conspicuously and continually posted, in legible Roman characters, in the factory, shop, or dairy (and in each part of the factory, shop, or dairy where several rooms are in use) in which goods are prepared or manufactured under these contracts. Any infringement of this condition will subject the contractor, upon report from the Tender Board, to such mulct, not exceeding £50 (Fifty pounds), as the Treasurer may direct, and the amount will be deducted from the contractor's account or from the security money; and the Treasurer's decision shall be binding, final, and conclusive as to the fact of infringement and in all other respects.

J. MURRAY,  
Acting Treasurer.

The Treasury,  
Melbourne, 16th May, 1913.

NOTE.—No tender will be accepted unless the fee for the period as shown in the head-lines, and fee of Five shillings for licence, are forwarded.

TENDERS will be received on or before Thursday, 29th May, 1913, for the right to depasture stock on the following unappropriated portions of land subject to the Regulations approved by the Governor in Council and also the subjoined Special Conditions.

Every licence granted under section 187 of the *Land Act 1901* shall be subject to the conditions set forth in the schedule hereto and to such special conditions and payment in advance of such fee as the Minister may determine, and shall be issued by an officer of the Department of Lands and Survey duly authorized in that behalf.

## Conditions.

1. The issue of this licence shall not prevent the land comprised therein, or any part or parts thereof, being sold, leased, licensed, alienated, or dealt with under any of the provisions of the *Land Acts*, except under the 187th section of the *Land Act 1901*, or being resumed by order of the Governor or Administrator of the Government of Victoria, with the advice of the Executive Council, for any of the purposes for which land may be reserved under section 10 of the *Land Act 1901*, or for mining purposes.

2. In case the said land, or any part thereof, should be sold, leased, licensed, alienated, dealt with, or resumed as aforesaid, the licensee shall not be entitled to any compensation other than that which the responsible Minister of the Crown for the time being administering the *Land Acts* may think fit.

3. This licence is subject to the rights of the holders of miners' rights or of mining leases now issued or hereafter to be issued to enter upon the allotment hereby licensed, and to search for gold, and to mine thereon, and to erect and occupy mining plant and machinery, without making any compensation to the licensee, his executors, administrators, or assigns, for surface or other damage.

4. Subject to these conditions, the licensee shall be entitled to use the land for the purpose for which this licence has been granted, until such land, or any part thereof, has been sold, leased, licensed, alienated, dealt with, or resumed as aforesaid, and thereupon all the interest of the licensee therein shall cease and be determined.

5. No land comprised in roads from time to time surveyed and marked out within the boundaries of the land comprised in this licence shall be deemed within its operation.

6. This licence shall entitle the holder thereof, during the period for which it is granted, to use the land therein comprised for depasturing purposes only, but shall not confer any right to build thereon, or to cultivate or, without the permission of the Minister, fence any portion thereof, or construct a dam or tank.

7. The taking in of stock for agistment or otherwise allowing the use of the land, or part thereof, without authority in writing by the Minister, is forbidden.

8. That in the event of the Minister granting permission to fence the whole or any part of this area, the licensee shall provide gates or slip panels in suitable places for the convenience of the public. No compensation will be allowed for fencing erected on boundaries of allotments alienated or in course of alienation.

9. That where improvements are authorized under section 189 of the *Land Act 1901* the licensee shall notify, on completion, that such improvements have been made, otherwise the work will not be recognised.

10. The interest in this licence shall not be transferred without the consent of the Minister, and the payment of a fee of Ten shillings.

11. The licensee shall be liable to forfeiture if the licensee commit a breach of or neglect to comply with these conditions.

12. The publication of a notice in the *Government Gazette*, purporting to declare that the Governor or Administrator, with the advice aforesaid, has forfeited this licence, shall be conclusive evidence that the licence is forfeited.

13. The ring-barking of the timber upon the land by the licensee is forbidden, and he shall not be entitled to destroy or cut and take away any such timber.

14. Free access to water shall be kept open at all times for travelling and other stock and for persons desiring to take water for domestic purposes.

15. The licensee shall destroy all thistles on the land, and on the half width of the adjoining roads, and shall be responsible for the destruction of thistles under the *Thistle Act 1890* in like manner as holders of freehold lands.

16. The licensee shall keep the land free from vermin, and, should he fail to do so, the licence shall be liable to forfeiture.

17. This licence is issued subject to the right of saw millers to graze on this area such horses and bullocks as are actually used in connexion with their licensed operations on this land.

18. In the event of the area being damaged by fire, the licence may be forfeited unless the licensee satisfy the Minister that neither he, directly or indirectly, nor his workmen or servants were in any way responsible therefor.

## Special Conditions.

1. The period of occupation will, except where otherwise specified, be for sixteen months from 1st June, 1913, to 30th September, 1914.

2. The fee for the period as shown in the head-lines— for which the licence will be issued, and fee for licence— must accompany the tender, otherwise the offer of the next highest tenderer who complies with this condition may be accepted.

3. Separate tenders must be lodged for each block.

4. Tenders to be addressed to the Secretary for Lands (Tender-box), Melbourne.

5. The highest or any tender not necessarily accepted.

6. Tenderers must give their full name and ordinary postal address.

7. The areas are given as more or less, and all appropriated, alienated, or licensed lands (if any) within the boundaries are excluded.

8. The outgoing tenant has the option to remove any existing fencing within one month, or to require the incoming tenant to pay for it in accordance with the provisions of section 190, *Land Act 1901*.

Plans can be seen and information may be obtained in this office.

Section 13, *Land Act 1904*, provides:—

1. Where a licensee under section 187 of the *Land Act 1901* has, with the consent of the Minister, enclosed with a substantial fence the land which is the subject of his licence, he may impound any cattle, sheep, or other animals found trespassing thereon.

2. Where the licensee holds land under the said section which is unfenced, he may, in any Court of competent jurisdiction, sue the owner of any cattle, sheep, or other animals for damages arising from trespass by such cattle, sheep, or other animals.

**BY-LAW No. 17.**

*Regulation of Traction Engine Traffic.*

A By-law of the Shire of Buln Buln, made under sub-section 29 of section 197 of the *Local Government Act 1903*, for prohibiting or regulating the use on any public highway of traction engines or other vehicles having projections on their wheels, and under section 594 of the said Act for regulating the conditions on which traction engines may proceed over any public highway.

**I**N pursuance of the powers conferred by the *Local Government Act 1903*, the President, Councillors, and Ratepayers of the Shire of Buln Buln order as follows:—

1. No person shall use, or cause or procure any other person to use, on any public highway any traction engine or other vehicle having on its wheels any bars, spikes, grips, or other projections.

This prohibition, however, shall not apply to—

(a) Any traction engine used only for hauling agricultural machinery or hauling a vehicle containing such machinery only, if the projections on the driving wheels of such machine consist only of bars at least two and three-quarter inches in width and not more than one and one-sixteenth of an inch in thickness, and the space intervening between such bars does not exceed five inches; or

(b) Any traction engine, the driving wheels of which are cylindrical and smooth-soled, and having no projections thereon other than diagonal bars of not less than three inches in width nor more than three-quarters of an inch in thickness, and extending the full width of the tire, and the space intervening between such cross-bars not exceeding three inches, provided in such last-mentioned case—

(I) That the owner of such engine has previously obtained from the Council, or an officer of the Council duly authorized in that behalf, a permit, in writing, specifying the public highways on which it may be used, and that the engine is being used on one of the highways so specified.

(II) That the owner has agreed, in writing, to pay to the Council the cost of making good any damage done to any roadway, bridge, or culvert by such engine, or any vehicle drawn by it.

(III) That such engine is not being used (unless with the written consent of the Council or an officer of the Council duly authorized in that behalf), to haul more than two vehicles, exclusive of any vehicle solely used for carrying water for such engine.

(IV) That the loading of any vehicle drawn by such engine does not exceed nine tons in weight, including the weight of such vehicle.

(V) That the weight carried by any vehicle drawn by such engine (including the weight of such vehicle) does not exceed three hundredweight for each half-inch of bearing surface of the tire or felloe of each wheel of such vehicle.

2. Every owner of a traction engine shall cause to be painted in legible letters not less than one inch long on a plate attached to the engine, or on a conspicuous place on the engine, the exact and true weight thereof, and the maximum weight of water and fuel necessary for its propulsion.

3. So long as the fires of a traction engine are alight, or the traction engine contains in itself sufficient power to use it, one person shall remain in attendance whilst it is on any public highway, although it is stationary.

4. No person shall take any traction engine across or along any bridge, culvert, or embankment so as to meet or pass thereon any other traction engine, or any person with a horse or vehicle drawn by a horse.

5. No person shall halt (unless through unforeseen circumstances or unless actually engaged in loading or unloading) in any part of a road where the traffic is narrowed by fences, excavations, embankments, dangerous depression, or such like, but shall draw off at least twenty feet from the middle of the formation in the case of a made road or the middle of the surveyed road if unmade.

6. No person shall permit any traction engine or any vehicle attached to or drawn thereby to stop on any bridge or culvert for the purpose of drawing water or for any other purpose whatever.

7. No person shall drive any traction engine between sunset and sunrise, unless by written permission of the Council or an officer of the Council duly authorized in that behalf, defining the route to be travelled and the extended hours during which such travelling is permissible, such permission to be withdrawable at any time upon written notice to that effect being served on the owner or driver of the engine, or being forwarded to him by registered letter. No person who has received such written permission shall drive any traction engine between sunset and sunrise unless there shall be exhibited on such engine proper and sufficient carriage or other approved lights, one at each side on the front and one on the rear; or, when a vehicle or vehicles are being drawn by such engine, then in the rear of the last vehicle.

8. No person shall use or cause or procure to be used on any public highway any traction engine unless there is carried on such engine, or some vehicle drawn by the same, at least four wooden planks, at least twelve inches in width, four inches in thickness, and at least twelve feet in length, and when crossing any bridge or culvert the driver or person in charge of such engine shall lay down such planks; and no engine shall be permitted to cross over any bridge or culvert except on such planks.

9. The driver of a traction engine shall shut off steam immediately the driving wheels of the engine commence to skid, and he shall not start the engine again until he has taken all the necessary and proper means to prevent damage being done to the highway by the skidding of the wheels.

10. Any person shall for any wilful act or default contrary to this By-law be liable to the following penalty:—

- (a) For the first offence, a fine not exceeding Three pounds.
- (b) For the second offence, a fine not exceeding Five pounds.

## BY-LAW No. 42.—REGULATION OF TRACTION-ENGINE TRAFFIC.

A By-law of the Shire of Shepparton, made under subsection (29) of section 107 of the *Local Government Act 1903*, for prohibiting or regulating the use on any public highway of traction engines or other vehicles having projections on their wheels, and under section 594 of the said Act, for regulating the conditions on which traction engines may proceed over any public highway, and numbered 42.

IN pursuance of the powers conferred by the *Local Government Act 1903*, the President, Councillors, and Ratepayers of the Shire of Shepparton order as follows:—

*Bars, Spikes, Grips, or other Projections on Wheels.*

1. No person shall use, or cause or procure any other person to use, on any public highway any traction engine or other vehicle having on its wheels any bars, spikes, grips, or other projections.

This prohibition, however, shall not apply to—

(a) Any traction engine used only for hauling agricultural machinery or hauling a vehicle containing such machinery only, if the projections on the driving wheels of such engine consist only of bars at least two and three-quarter inches in width and not more than one and one-sixteenth of an inch in thickness, and the space intervening between such bars does not exceed five inches; or

(b) Any traction engine, the driving wheels of which are cylindrical and smooth-soled, and having no projections thereon other than diagonal bars of not less than three inches in width nor more than three-quarters of an inch in thickness, and extending the full width of the tire, and the space intervening between such cross-bars not exceeding three inches, provided in such last-mentioned case—

(1) That the owner of such engine has previously obtained from the Council, or an officer of the Council duly authorized in that behalf, a permit, in writing, specifying the public highways on which it may be used, and that the engine is being used on one of the highways so specified.

(2) That the owner has agreed, in writing, to pay to the Council the cost of making good any damage done to any roadway, bridge, or culvert by such engine, or any vehicle drawn by it.

(3) That such engine is not being used (unless with the written consent of the Council, or an officer of the Council duly authorized in that behalf), to haul more than two vehicles, exclusive of any vehicle solely used for carrying water for such engine.

(4) That the loading of any vehicle drawn by such engine does not exceed nine tons in weight, including the weight of such vehicle.

(5) That the weight carried by any vehicle drawn by such engine (including the weight of such vehicle) does not exceed four and one-half hundredweight for each half-inch of bearing surface of the tire or felloe of each wheel of such vehicle.

*Weight of Engine, &c., to be Painted thereon.*

2. Every owner of a traction engine shall cause to be painted in legible letters not less than one inch long on a plate attached to the engine, or on a conspicuous place on the engine, the exact and true weight thereof, and the maximum weight of water and fuel necessary for its propulsion.

*Person to be in Attendance whilst Engine contains in Itself sufficient Motive Power to Move it.*

3. So long as the fires of a traction engine are alight, or the traction engine contains in itself sufficient motive power to move it, one person shall remain in attendance whilst it is on any public highway, although it is stationary.

*Taking Engine across or along Bridges, Embankment, &c.*

4. No person shall take any traction engine across or along any bridge, culvert, or embankment so as to meet or pass thereon any other traction engine, or any person with a horse or vehicle drawn by a horse.

*Engines Not to Halt on certain Parts of Highway.*

5. No person shall halt an engine (unless through unforeseen circumstances or unless actually engaged in loading or unloading) in any part of a road where the traffic is narrowed by fences, excavations, embankments, dangerous depressions, or such like, but shall draw off at least twenty feet from the middle of the formation in the case of a made road or the middle of the surveyed road if unmade.

*Engines Not to Halt on Bridges or Culverts.*

6. No person shall permit any traction engine or any vehicle attached to or drawn thereby to stop on any bridge or culvert for the purpose of drawing water or for any other purpose whatever.

*Driving Engine between Sunset and Sunrise.*

7. No person shall drive on any highway any traction engine between sunset and sunrise unless by written permission of the Council or an officer of the Council duly authorized in that behalf, defining the route to be travelled and the extended hours during which such travelling is permissible, such permission to be withdrawable at any time upon written notice to that effect being served on the

owner or driver of the engine, or being forwarded to him by registered letter. No person who has received such written permission shall drive any traction engine between sunset and sunrise unless there shall be exhibited on such engine such proper and sufficient carriage or other approved lights, one at each side on the front and one on the rear; or, when a vehicle or vehicles are being drawn by such engine, then in the rear of the last vehicle.

*Wooden Planks to be Carried on Engine, &c.*

8. No person shall use or cause or procure to be used on any public highway any traction engine unless there is carried on such engine, or some vehicle drawn by the same, at least four wooden planks, each twelve inches in width, four inches in thickness, and at least twelve feet in length, and when crossing any bridge or culvert the driver or the person in charge of such engine shall lay down such planks; and no engine shall be permitted to cross over any bridge or culvert except on such planks.

This prohibition, however, shall not apply to traction engines while engaged in hauling agricultural machinery only, including therein chaffcutters, threshing machines, and saw benches, but shall apply *inter alia* to traction engines while engaged in hauling any vehicles containing agricultural or horticultural produce.

*Skidding of Wheels of Engine.*

9. The driver of a traction engine shall shut off steam immediately the driving wheels of the engine commence to skid, and he shall not start the engine again until he has taken all necessary and proper means to prevent damage being done to the highway by the skidding of wheels.

*Penalties.*

10. Any person shall for any wilful act or default contrary to this By-law be liable to the following penalty:—

(a) For the first offence, a fine not exceeding Three pounds.

(b) For the second offence, a fine not exceeding Five pounds.
