 Mr. Mackinnon

WHEREAS by an Order in Council made the thirty-first day of March 1915 on the failure or omission of the Nyora and Woolamai Railway Construction Trust to make a Land Purchase Rate for the Woolamai and Powlett Coal-field Railway Land Purchase Rate District in respect of the year ending the 8th day of May 1912 (being the second year from the opening of the Woolamai to Powlett Coal-field Railway) the Board of Land and Works was empowered under the authority in that behalf conferred by section 13 of the *Woolamai to Powlett Coal-field Railway Construction Act 1909* to make any valuations necessary for the purpose and to fix levy and recover Land Purchase Rates for such year for the purpose of making the payment to the Treasurer of Victoria as provided under section 16 sub-section (1)

of the said Act. And whereas the Board has caused the necessary valuations to be made and proposes that the Land Purchase Rate in respect of the several properties within such District be based accordingly as the land comprising the same comes within the description of a division of one or other of the classes into which the rateable land in the district has been placed on a classification of such land into four classes with three divisions in each class as follows (that is to say) :—

Land in Class C.—Division 2—At sixpence per acre.

Land in Class D.—Division 1—At fivepence per acre.

Land in Class D.—Division 2—At twopence per acre.

Land in Class D.—Division 3—At one penny in the pound on the municipal net annual valuation.

And whereas under the provisions of section 16 subsection (3) of the hereinbefore recited Act it is provided that the said Land Purchase Rate shall with the approval of the Governor in Council be fixed for each year at such amounts as will be sufficient to insure the recovery of the full amount required for the particular year for the payment to the Treasurer of a sum not less than £500 and the payment of cost of valuations and collection of rates. And whereas the Board has submitted the proposal aforesaid for the approval of the Governor in Council. And whereas the provision appears to be reasonable and proper. Now therefore the Governor of the State of Victoria by and with the advice of the Executive Council thereof under the hereinbefore recited power hereby approves of the scheme of classification of the land in the premises referred to and of the Board of Land and Works in the name of the Nyora and Woolamai Railway Construction Trust making and fixing such rate according to the scale hereinbefore referred to (that is to say) :—

ALLOTMENTS IN THE STANHOPE ESTATE (LAUDERDALE LAND) AVAILABLE FOR APPLICATION UNDER CONDITIONAL PURCHASE LEASE.

THE several allotments included in the Schedule hereunder are declared available as Farm Allotments until Saturday, 23rd October, 1915. Applications must be made on the prescribed forms, and lodged with the Secretary, Closer Settlement Branch, Lands Department, accompanied by the deposit, as shown in Schedule hereunder, for the most valuable allotment applied for. The deposit includes registration fee of 5s. and lease fee of £1.

A Local Land Board to deal with the applications will be held at the Court House, Kyabram, on Wednesday, 27th October, 1915, at 10 a.m.

Terms, Conditions, &c.

Applications must be made on the prescribed forms and lodged with the Secretary, Lands Purchase Board, Public Offices, Melbourne, accompanied by a deposit equal to that for the most valuable allotment applied for, as shown in accompanying Schedule.

The leases issued to successful applicants will be for such a term of years not exceeding 31½ as may be agreed upon between the lessee and the State Rivers and Water Supply Commission.

An applicant may apply for more than one allotment, but will only be required to lodge one deposit, being the amount chargeable on the most valuable allotment applied for.

Applicants must be at least 18 years of age.

No conditional purchase lease of a farm allotment can be granted to any person who is already the holder of land of the value of £2,500 (township land excepted), or who would thereby become the holder of land exceeding such value. This does not apply to Homestead Allotments.

No person shall be capable of applying for or holding an Agricultural Labourer's Allotment if at the date of his application he is directly or indirectly, either by himself or jointly with any other person or persons, the owner of any other land in Victoria, his interest in which with the allotment applied for would exceed in value £350.

Improvements must be effected as follows:—For a Farm Allotment, to the value of at least two instalments of the purchase money before the end of the first year from the date of the lease, and 10 per cent. of the purchase money before the end of the third year, and a further 10 per cent. before the end of the sixth year. For an Agricultural Labourer's Allotment, a substantial dwelling house of the value of at least £30 within one year from the date of the lease, and the enclosure of the allotment with a substantial fence, within the meaning of the Fences Act, within two years from such date.

Lessees may remove any timber from their holdings after having obtained written authority from the Commission's Officer in Charge, but only on condition that the stumps be grubbed, debris cleared up, and the ground left fit for the plough.

The lessee must reside on the allotment. Personal residence by the lessee's wife or any of his children over 18 years of age may, with the approval of the Commission, be considered personal residence by the lessee. In special cases the Commission has power to allow persons other than those above mentioned to reside for a limited period in lieu of lessee.

The lessee of a Farm Allotment cannot transfer, assign, mortgage, or sublet the whole or any part of his allotment within the first six years of the lease. The lessee of an Agricultural Labourer's Allotment may do so at any time with the written consent of the Commission.

Leases will be subject to a condition providing for resumption of land required for necessary drains or channels through any allotment.

The lessee has the option of paying the whole or any portion of the balance of purchase money at the end of any half-year, and securing a reduction of the instalment accordingly.

The deposit, after deducting the sum of £1 5s. for fees, will be credited as part payment of the capital value of the allotment, and the balance of the purchase money, with interest at 4½ per cent., must be paid by 63 or a less number of half-yearly instalments, calculated according to any of the tables under Division 3 of Part I. of the *Savings Banks Act 1890 Amendment Act 1896*. Each instalment will include interest upon the balance of the purchase money remaining unpaid.

Closer Settlement Acts

STANHOPE ESTATE (McDONALD'S LAND).

IRRIGABLE AREA.

ALLOTMENTS IN THE STANHOPE ESTATE AVAILABLE FOR APPLICATION UNDER CONDITIONAL PURCHASE LEASE.

THE several allotments included in the Schedule hereunder are declared available as Farm Allotments and Agricultural Labourers' Allotments until Saturday, 23rd October, 1915. Applications must be made on the prescribed forms, and lodged with the Secretary, Closer Settlement Branch, Lands Department, accompanied by the deposit, as shown in Schedule hereunder, for the most valuable allotment applied for. The deposit includes registration fee of 5s. and lease fee of £1.

A Local Land Board to deal with the applications will be held at the Court House, Kyabram, on Wednesday, 27th October, 1915, at 10 a.m.

Terms, Conditions, &c.

The leases issued to successful applicants will be for such a term of years not exceeding 31½ as may be agreed upon between the lessee and the State Rivers and Water Supply Commission.

An applicant may apply for more than one allotment, but will only be required to lodge one deposit, being the amount chargeable on the most valuable allotment applied for.

Applicants must be at least 18 years of age.

No conditional purchase lease of a farm allotment can be granted to any person who is already the holder of land of the value of £2,500 (township land excepted), or who would thereby become the holder of land exceeding such value. This does not apply to Homestead Allotments.

No person shall be capable of applying for or holding an Agricultural Labourer's Allotment if at the date of his application he is directly or indirectly, either by himself or jointly with any other person or persons, the owner of any other land in Victoria, his interest in which with the allotment applied for would exceed in value £350.

Improvements must be effected as follows:—For a Farm Allotment, to the value of at least two instalments of the purchase money before the end of the first year from the date of the lease, and 10 per cent. of the purchase money before the end of the third year, and a further 10 per cent. before the end of the sixth year. For an Agricultural Labourer's Allotment, a substantial dwelling house of the value of at least £30 within one year from the date of the lease, and the enclosure of the allotment with a substantial fence, within the meaning of the Fences Act, within two years from such date.

Lessees may remove any timber from their holdings after having obtained written authority from the Commission's Officer in Charge, but only on condition that the stumps be grubbed, debris cleared up, and the ground left fit for the plough.

The lessee must reside on the allotment. Personal residence by the lessee's wife or any of his children over 18 years of age may, with the approval of the Commission, be considered personal residence by the lessee. In special cases the Commission has power to allow persons other than those above mentioned to reside for a limited period in lieu of lessee.

The lessee of a Farm Allotment cannot transfer, assign, mortgage, or sublet the whole or any part of his allotment within the first six years of the lease. The lessee of an Agricultural Labourer's Allotment may do so at any time with the written consent of the Commission.

Leases will be subject to a condition providing for resumption of land required for necessary drains or channels through any allotment.

The lessee has the option of paying the whole or any portion of the balance of purchase money at the end of any half-year, and securing a reduction of the instalment accordingly.

The deposit, after deducting the sum of £1 5s. for fees, will be credited as part payment of the capital value of the allotment, and the balance of the purchase money, with interest at 4½ per cent., must be paid by 63 or a less number of half-yearly instalments, calculated according to any of the tables under Division 3 of Part I. of the Savings Banks Act 1890 Amendment Act 1896. Each instalment will include interest upon the balance of the purchase money remaining unpaid.

The Crown Grant may be issued to the lessee at the end of any half-year after the first twelve years have expired, on payment of the balance of the purchase money, and will be subject to a condition that the owner for the time being of the land or a member of his family over 18 years of age, or any person approved by the Governor in Council, shall reside thereon for at least eight months in every year, and that a breach of this condition may lead to the forfeiture of the land to the Crown.

Plans and further information may be obtained from the Inquiry Branch, Crown Lands Office, Melbourne.

NOTE.—No tender will be accepted unless the fee for the period as shown in the head-lines, and fee of Five shillings for licence, are forwarded.

TENDERS will be received on or before Tuesday, 26th October, 1915, for the right to depasture stock on the following unappropriated portions of land subject to the Regulations approved by the Governor in Council and also the subjoined Special Conditions.

Every licence granted under section 187 of the Land Act 1901 shall be subject to the conditions set forth in the schedule hereto and to such special conditions and

payment in advance of such fee as the Minister may determine, and shall be issued by an officer of the Department of Lands and Survey duly authorized in that behalf.

Conditions.

1. The issue of this licence shall not prevent the land comprised therein, or any part or parts thereof, being sold, leased, licensed, alienated, or dealt with under any of the provisions of the Land Acts, except under the 187th section of the Land Act 1901, or being resumed by order of the Governor or Administrator of the Government of Victoria, with the advice of the Executive Council, for any of the purposes for which land may be reserved under section 10 of the Land Act 1901, or for mining purposes.

2. In case the said land, or any part thereof, should be sold, leased, licensed, alienated, dealt with, or resumed as aforesaid, the licensee shall not be entitled to any compensation other than that which the responsible Minister of the Crown for the time being administering the Lands Acts may think fit.

3. This licence is subject to the rights of the holders of miners' rights or of mining leases now issued or hereafter to be issued to enter upon the allotment hereby licensed, and to search for gold, and to mine thereon, and to erect and occupy mining plant and machinery, without making any compensation to the licensee, his executors, administrators, or assigns, for surface or other damage.

4. Subject to these conditions, the licensee shall be entitled to use the land for the purpose for which this licence has been granted, until such land, or any part thereof, has been sold, leased, licensed, alienated, dealt with, or resumed as aforesaid, and thereupon all the interest of the licensee therein shall cease and be determined.

5. No land comprised in roads from time to time surveyed and marked out within the boundaries of the land comprised in this licence shall be deemed within its operation.

6. This licence shall entitle the holder thereof, during the period for which it is granted, to use the land therein comprised for depasturing purposes only, but shall not confer any right to build thereon, or to cultivate or, without the permission of the Minister, fence any portion thereof, or construct a dam or tank.

7. The taking in of stock for agistment or otherwise allowing the use of the land, or part thereof, without authority in writing by the Minister, is forbidden.

8. That in the event of the Minister granting permission to fence the whole or any part of this area, the licensee shall provide gates or slip panels in suitable places for the convenience of the public. No compensation will be allowed for fencing erected on boundaries of allotments alienated or in course of alienation.

9. That where improvements are authorized under section 189 of the Land Act 1901 the licensee shall notify, on completion, that such improvements have been made, otherwise the work will not be recognised.

10. The interest in this licence shall not be transferred without the consent of the Minister, and the payment of a fee of Ten shillings.

11. The licensee shall be liable to forfeiture if the licensee commit a breach of or neglect to comply with these conditions.

12. The publication of a notice in the *Government Gazette*, purporting to declare that the Governor or Administrator, with the advice aforesaid, has forfeited this licence, shall be conclusive evidence that the licence is forfeited.

13. The ring-barking of the timber upon the land by the licensee is forbidden, and he shall not be entitled to destroy or cut and take away any such timber.

14. Free access to water shall be kept open at all times for travelling and other stock and for persons desiring to take water for domestic purposes.

15. The licensee shall destroy all thistles on the land, and on the half width of the adjoining roads, and shall be responsible for the destruction of thistles under the *Thistle Act 1890* in like manner as holders of freehold lands.

16. The licensee shall keep the land free from vermin, and, should he fail to do so, the licence shall be liable to forfeiture.

17. This licence is issued subject to the right of saw-millers to graze on this area such horses and bullocks as are actually used in connexion with their licensed operations on this land.

18. In the event of the area being damaged by fire, the licence may be forfeited unless the licensee satisfy the Minister that neither he, directly or indirectly, nor his workmen or servants, were in any way responsible therefor.

Special Conditions.

1. The period of occupation will, except where otherwise specified, be for eleven months from 1st October, 1915, to 30th September, 1916.

2. The fee for the period as shown in the head lines— for which the licence will be issued, and fee for licence— must accompany the tender, otherwise the offer of the next highest tenderer who complies with this condition may be accepted.

3. Separate tenders must be lodged for each block.

4. *Tenders to be addressed to the Secretary for Lands (Tender-box), Melbourne.*

5. The highest or any tender not necessarily accepted.

6. Tenderers must give their full name and ordinary postal address.

7. The areas are given as more or less, and all appropriated, alienated, or licensed lands (if any) within the boundaries are excluded.

8. The outgoing tenant has the option to remove any existing fencing within one month or to require the incoming tenant to pay for it in accordance with the provisions of section 190, *Land Act 1901*.

Plans can be seen and information may be obtained in this office.

Section 13, *Land Act 1904*, provides:—

1. Where a licensee under section 187 of the *Land Act 1901* has, with the consent of the Minister, enclosed with a substantial fence the land which is the subject of his licence, he may impound any cattle, sheep, or other animals found trespassing thereon.

2. Where the licensee holds land under the said section which is unfenced, he may, in any Court of competent jurisdiction, sue the owner of any cattle, sheep, or other animals for damages arising from trespass by such cattle, sheep, or other animals.

TENDERS FOR GRAZING LANDS.

Tender Forms can be obtained on application to the Lands Department, Melbourne, or any of the Land Offices in the country.

Tenders should be placed in the Crown Lands Office Tender-box on or before Saturday, 30th October, 1915.

NOTE.—No tender will be accepted unless the fee for the period as shown in the head-lines, and fee of Five shillings for licence, are forwarded.

TENDERS will be received on or before Saturday, 30th October, 1915, for the right to depasture stock on the following unappropriated portions of land subject to the Regulations approved by the Governor in Council and also the subjoined Special Conditions.

Every licence granted under section 187 of the Land Act 1901 shall be subject to the conditions set forth in the Schedule hereto and to such special conditions and payment in advance of such fee as the Minister may determine, and shall be issued by an officer of the Department of Lands and Survey duly authorized in that behalf.

Conditions.

1. The issue of this licence shall not prevent the land comprised therein, or any part or parts thereof, being

sold, leased, licensed, alienated, or dealt with under any of the provisions of the Land Acts, except under the 187th section of the *Land Act 1901*, or being resumed by order of the Governor or Administrator of the Government of Victoria, with the advice of the Executive Council, for any of the purposes for which land may be reserved under section 10 of the *Land Act 1901*, or for mining purposes.

2. In case the said land, or any part thereof, should be sold, leased, licensed, alienated, dealt with, or resumed as aforesaid, the licensee shall not be entitled to any compensation other than that which the responsible Minister of the Crown for the time being administering the Land Acts may think fit.

3. This licence is subject to the rights of the holders of miners' rights or of mining leases now issued or hereafter to be issued to enter upon the allotment hereby licensed, and to search for gold, and to mine thereon, and to erect and occupy mining plant and machinery, without making any compensation to the licensee, his executors, administrators, or assigns, for surface or other damage.

4. Subject to these conditions, the licensee shall be entitled to use the land for the purpose for which this licence has been granted, until such land or any part thereof, has been sold, leased, licensed, alienated, dealt with, or resumed as aforesaid, and thereupon all the interest of the licensee therein shall cease and be determined.

5. No land comprised in roads from time to time surveyed and marked out within the boundaries of the land comprised in this licence shall be deemed within its operation.

6. This licence shall entitle the holder thereof, during the period for which it is granted, to use the land therein comprised for depasturing purposes only, but shall not confer any right to build thereon, or to cultivate or, without the permission of the Minister, fence any portion thereof, or construct a dam or tank.

7. The taking in of stock for agistment or otherwise allowing the use of the land, or part thereof, without authority in writing by the Minister, is forbidden.

8. That in the event of the Minister granting permission to fence the whole or any part of this area, the licensee shall provide gates or slip panels in suitable places for the convenience of the public. No compensation will be allowed for fencing erected on boundaries of allotments alienated or in course of alienation.

9. That where improvements are authorized under section 189 of the *Land Act 1901* the licensee shall notify, on completion, that such improvements have been made, otherwise the work will not be recognised.

10. The interest in this licence shall not be transferred without the consent of the Minister, and the payment of a fee of Ten shillings.

11. The licensee shall be liable to forfeiture if the licensee commit a breach of or neglect to comply with these conditions.

12. The publication of a notice in the *Government Gazette*, purporting to declare that the Governor or Administrator, with the advice aforesaid, has forfeited this licence, shall be conclusive evidence that the licence is forfeited.

13. The ring-barking of the timber upon the land by the licensee is forbidden, and he shall not be entitled to destroy or cut and take away any such timber.

14. Free access to water shall be kept open at all times for travelling and other stock and for persons desiring to take water for domestic purposes.

15. The licensee shall destroy all thistles on the land, and on the half width of the adjoining roads, and shall be responsible for the destruction of thistles under the *Thistle Act 1890* in like manner as holders of freehold lands.

16. The licensee shall keep the land free from vermin, and, should he fail to do so, the licence shall be liable to forfeiture.

17. This licence is issued subject to the right of saw-millers to craze on this area such horses and bullocks as are actually used in connexion with their licensed operations on this land.

18. In the event of the area being damaged by fire, the licence may be forfeited unless the licensee satisfy the Minister that neither he, directly or indirectly, nor his workmen or servants were in any way responsible therefor.

Special Conditions.

1. The period of occupation will, except where otherwise specified, be for twelve months from 1st November, 1915, to 31st October, 1916.

2. The fee for the period as shown in the head-lines—for which the licence will be issued, and fee for licence—must accompany the tender, otherwise the offer of the next highest tenderer who complies with this condition may be accepted.

3. Separate tenders must be lodged for each block.

4. Tenders to be addressed to the Secretary for Lands (Tender-box), Melbourne.

5. The highest or any tender not necessarily accepted.
6. Tenderers must give their full name and ordinary postal address.

7. The areas are given as more or less, and all appropriated, alienated, or licensed lands (if any) within the boundaries are excluded.

8. The outgoing tenant has the option to remove any existing fencing within one month or to require the incoming tenant to pay for it in accordance with the provisions of section 190, *Land Act 1901*.

Plans can be seen and information may be obtained in this office.

Section 13, *Land Act 1904*, provides:—

1. Where a licensee under section 187 of the *Land Act 1901* has, with the consent of the Minister, enclosed with a substantial fence the land which is the subject of his licence, he may impound any cattle, sheep, or other animals found trespassing thereon.

2. Where the licensee holds land under the said section which is unfenced, he may, in any court of competent jurisdiction, sue the owner of any cattle, sheep, or other animals for damages arising from trespass by such cattle, sheep, or other animals.

Fee for a consolidated Crown Grant which embraces more than two lots shall be increased by the sum of Ten shillings and sixpence (10s. 6d.) for each lot in excess of two.

Chapter IV.—Survey.

1. The methods to be employed in effecting surveys shall be those set forth in the Regulations of the Surveyors Board for the Guidance of Surveyors employed under the *Land Act 1915*.

2. In all surveys of subdivisions of township lands permanent reference marks shall be put in at the intersections of all streets or roads, and 10 links from one side thereof, such marks to consist of iron pins 18 inches in length by 1 inch square at top, or iron piping of similar length, and are to be driven under the surface of the ground, the position of such pins to be shown on plan and on field notes.

3. Every allotment shall, where it is practicable, contain at least two right angles, and be quadrilateral, and shall not have a shorter depth than double its frontage except where prevented by a boundary or natural feature, nor shall any allotment be allowed to cross a road or water-course that should reasonably form a boundary. If a narrow strip of land not less than 50 links in width be left between any allotment and a water frontage, the shortest side of the allotment shall front such strip of land, and where such strip is required for a roadway it shall be not less than $1\frac{1}{2}$ chains in width. If an allotment abuts on a main road, the shortest side shall face such road. The boundary lines of allotments within a defined parish shall conform to the locally established meridian of that parish, or as nearly thereto as circumstances will permit. Any departure from these instructions will necessitate a special report to be sent in with the plan.

4. Every allotment shall, where it is practicable, be surveyed as provided for in preceding clause; and no allotment shall be surveyed in a position or in a form which would, in the event of its being held separately, cut off access to water from any Crown land, or interfere with the profitable occupation of the same.

5. When a creek is the boundary of an allotment, the traverse of the creek shall form part of the geometrical figure used in calculating the area, and the areas of the portions lying between the traverse lines and the creek shall be computed from the offsets and insets, the average length of which shall not exceed 1 chain, or be taken out by the planimeter from a careful plot on an enlarged scale. Allotments fronting creek or river reserves shall have their frontages defined by metes and bounds, and marked in the ordinary manner unless otherwise directed. When a stream which carries with it a permanent reserve is found to have altered its course, the old bed shall be shown on plan and field notes, and a report furnished.

6. The subject of the selection of roads being one of vital importance, the attention of surveyors is specially directed to the following instructions in reference thereto :— Every surveyor acting under the Department shall as

occasion arises communicate with the municipal council or councils who may be interested in any road survey, and request the co-operation of their engineer in selecting the best routes for leading lines of road through the unappropriated portions of the district. In the event of any municipal council neglecting or refusing to comply with his request, the surveyor shall proceed to select the best lines according to his own judgment; but the failure of the municipal authorities to co-operate shall not relieve him from the responsibility of making proper provision for all necessary roads; and in no case shall he survey a detached selection so as to block an existing track, or in a position likely to interfere with the public convenience, or block access to back country, until he has satisfied himself as to the road requirements of the locality in these respects, and made proper provision therefor. In cases where a difference of opinion may arise between himself and the municipal engineers, or where the surveyor has doubts in his own mind as to the proper course to pursue, he shall refer to the District Surveyor, and be guided by his directions. He shall also from time to time report to the District Surveyor any road which he may consider it desirable to survey, and if the District Surveyor deem it necessary, in the public interest, to traverse any track, leading feature, or permanently survey any line of road in advance of settlement, he shall consult the Surveyor-General or Assistant Surveyor-General.

7. In addition to the necessary main roads, carefully selected accommodation roads leading thereto or to permanent streams shall be provided for as required or at intervals of from a mile to a mile and a half.

8. Every allotment shall have a road frontage, and wherever a road is shown on a plan it shall be laid off on the ground.

9. Surveyors shall be held responsible for any inconvenience that may arise either to the public or individuals through the improper blocking of existing tracks, the omission of necessary roads, or the selection of impracticable roads where practicable ones are possible.

10. In all cases where his measurements differ from those of any previous surveys, the surveyor shall furnish a special report with reference thereto.

11. Field books shall be the property of the Department, and shall be given up whenever demanded.

PLANS.

12. The surveyor shall supply a plan of the allotment, showing all features correctly and the course within its boundaries of any stream, race, road, track, and the position of any water-hole, dam, hut, fence, garden, old gold workings, and any other information that may help to distinguish the allotment. He shall also state on the plan whether the bearings of the boundary lines have reference to the true or the magnetic meridian, and how determined; or, if taken from an adjacent survey, the datum line adopted shall be shown on the face of the plan. The scale of the plan, where the area of the allotment is 100 acres or less, shall be 8 chains to 1 inch; where the area is over 100 acres, 20 chains to 1 inch, unless a larger scale be required to show distinctly the matters hereinbefore directed to be shown. All plans shall be dated, below signature, as of the day when the plan was completed, and be certified as follows:—"I certify that this survey has been effected and marked on the ground in accordance with regulations, and that this plan is correct."

All plans on being completed shall be transmitted to the Department through the Land Officer for the district.

The types of plans issued with the Survey Regulations of 1908 shall be strictly adhered to.

ADJUSTMENT OF BOUNDARIES.

13. Whenever it may be necessary to adjust the boundaries of any surveyed land, the Surveyor-General shall on such adjustment certify as to the correct boundaries and area of the land or any portion or portions thereof, and for every such certificate there shall be charged such fee as the Minister may direct.

SURVEY FEES.

14. The survey fee payable on account of any portion of Crown land which has been recommended or is to be granted to any applicant shall be in accordance with the following Schedule of Fees and Scale applicable to the class of country in which such portion is situated, and the Surveyor-General shall determine the scale which shall apply to each district or locality of the State, and every such applicant shall pay the fee prescribed by these Regulations, even though the land has been previously surveyed and may or may not require further survey.

15. Schedule of Fees for Survey, and valuation of improvements, if any.

16. Whenever it shall appear to the Surveyor-General or the Assistant Surveyor-General that the survey of any allotment is exceptionally difficult or expensive from its isolated position or any other cause, such extra charge as he may deem fit may be imposed for the survey.

17. When a surveyor is instructed to submit a design for the subdivision of township lands, he shall make such preliminary survey as may be absolutely necessary to enable him to prepare the design providing for all drainage requirements and proper access. In the event of the work not being carried out, the surveyor shall be paid at the rates mentioned in clause 15 (k).

18. No survey shall be held to be a survey under the direction of the Board of Land and Works within the meaning of the 169th section of the *Land Act* 1915 until the Surveyor-General or the Assistant Surveyor-General shall be satisfied of its accuracy, and the applicant shall be responsible for the payment of any further sum that may be required for the survey of the allotment, or for any modification of the plan thereof, where such modification is not caused by the neglect of the authorized surveyor.

19. The Land Officer shall issue to the successful applicant an order for the payment to the Receiver of Revenue of the amount chargeable to such applicant for survey, and on payment being reported the District Surveyor will issue an order for the necessary survey. Should the said charge not be paid within one month from the date of such notification the application shall be deemed to be abandoned.

20. All moneys payable on the orders of the Land Officers towards the expense of surveys, shall be deposited by the applicant for the land at the Treasury, and credited to an account called the "Trust Fund Survey Fees Account."

Such instalments shall be added to and form part of the licence-fees, rent, or instalments of any land under licence or lease, and shall be recoverable accordingly. The deposit shall be lodged in "Trust Fund Survey Fees Account." The balance of the amount due to the surveyor shall be drawn from a Special Vote for that purpose.

24. Every surveyor, before being authorized to effect surveys for the permanent alienation or appropriation of any land under any Land Act, shall deposit with the Board of Land and Works the sum of £50 as a guarantee for the faithful discharge of his duties; and in the event of his failing to perform the duties to the satisfaction of the Surveyor-General, or of his neglecting or refusing to rectify any defects or errors in his surveys when called upon to do so, the Board may, on the Surveyor-General certifying that the surveyor has failed to perform his duties to his satisfaction, forfeit such deposit, and order the whole or any part thereof to be applied to the rectification of such defects or errors or in satisfaction of any claim made against the Department by reason of such conduct on the part of the surveyor. In the event of a surveyor having performed his duties satisfactorily such deposit shall be returned to him on his services being dispensed with, or on his resigning, after giving reasonable notice of his wishing to be relieved.

25. The Surveyor-General shall define the limits of the division within which any authorized surveyor may be employed, and the latter will generally be intrusted with the survey operations required therein, but no exclusive claim to all the work in such division shall be thereby conferred. Any other surveyor may be employed therein should circumstances render such a course expedient.

26. Every authorized surveyor may from time to time and at any time be required, by the District Surveyor or other inspecting officer, to run, in his presence, with his own men and instruments, check lines over any surveys performed by him; and in the event of any errors or defects being discovered in such surveys he shall rectify the same at his own expense and pay cost of inspection.

27. Periodical examinations of the instruments used by authorized surveyors shall be made by the District Surveyors or such other officers as the Surveyor-General or the Assistant Surveyor-General may direct, and any instrument condemned on such examination shall not be again used in the work of the Department.

28. Every authorized surveyor shall keep a record of the dates of all orders for surveys received by him, and such orders shall be executed with care and judgment according to the relative priority of their dates; and all orders shall be executed with as little delay as possible.

29. If from some unavoidable cause a survey is delayed over two months, a special report from the surveyor shall accompany the plan explaining the cause of delay; and the Land Officer shall furnish to the District Surveyor monthly reports of orders issued and surveys effected.

30. Every authorized surveyor shall, when so directed, at his own expense, attend Local Land Boards before which applications are heard in respect to lands he may have surveyed.

31. Surveys shall be executed in person by the surveyor receiving the order, or by a licensed surveyor acting directly under his supervision. In the latter case the plan shall bear the signatures of both. Sub-contracting of every kind is strictly prohibited.

32. If from any cause an authorized surveyor shall find himself unable to carry out his instructions he shall immediately inform the District Surveyor or officer from whom he received his instructions.

33. Every authorized surveyor shall be required to furnish any information the Department of Lands and Survey may consider necessary relating to lands surveyed by him, as a part of his duties, without extra fee.

34. Any authorized or licensed surveyor who shall wilfully or from carelessness ignore the Survey Regulations, or neglect to comply with any orders or instructions he may from time to time receive from the Surveyor-General, the Assistant Surveyor-General, or District Surveyor relative to his duties, shall be liable to be at once dispensed with; and, in addition to the penalty provided under clause 26 hereof, may be disqualified for future employment, and reported to the Surveyors Board.

35. No Crown Grant for any allotment shall be issued by the Department of Lands and Survey unless the Surveyor-General or the Assistant Surveyor-General be satisfied that the boundaries thereof have been correctly defined on the ground.

9. If the Minister be of opinion that the grounds of appeal are reasonable, he may order the appeal to be set down for hearing by himself, or by persons whom he may appoint to hear the same and report thereon in writing to him, and due notice shall be given to all persons interested in such appeal.

10. In order to afford time for the collection and examination of papers relating to the subject of appeal, and for the transmission of notices as hereinbefore provided, no appeal, unless otherwise expressly directed by the Minister, shall be set down for hearing before the expiration of twenty-one days from the date of sitting of the Local Land Board.

RESUMPTION OF LAND FOR MINING PURPOSES AT THE INSTANCE OF A SUBJECT.

1. Any person desirous of moving His Majesty, his heirs and successors, to resume for mining purposes any of the land comprised in any lease of a grazing area, shall do so by addressing the Minister in the form or to the effect contained in Schedule 65 hereto.
2. Such resumption may be enforced under the 11th sub-section of section 40 of the *Land Act* 1915.
3. Such applicant shall forward to the Minister, with his application, the sum of Ten pounds, which shall be dealt with as hereinafter directed. He shall also forward a plan showing what portion of the leased lands he desires to have resumed and a statement in the form of a statutory declaration of the reasons why he desires such resumption.
4. Such statement shall be in duplicate.
5. On the receipt of such application, plan, and duplicate statement the Minister may, if in his opinion a *prima facie* case for resumption is made out, require the lessee, as also his registered mortgagee or mortgagees (if any), to show cause before him, on a day to be fixed by him, why, on payment to him of the full value of all the matters and things enumerated in sub-section 11 of section 40, *Land Act* 1915, His Majesty, his heirs, and successors should not resume possession of and re-enter upon the lands applied for, or such part as the Minister may approve.
6. Such cause shall be shown by the lessee or his registered mortgagee or mortgagees (if any) by his or their forwarding to the Minister in the form of a statutory declaration his or their reasons why such resumption should not take place, or why a smaller area than that desired by the applicant should be resumed.
7. Before making such statement the lessee may require to be furnished with the duplicate statement before mentioned for his guidance in framing his counter statement.
8. Should such lessee or mortgagee or either of them decline or neglect to forward to the Minister such counter statement the Minister may act, should he think proper so to do, on the statement made by the applicant, and any other evidence that the Minister may require; but before so acting he shall satisfy himself that the intended application has been brought to the notice of the lessee or mortgagee or their agents or representative.
9. On receipt of such counter statement or statements of the lessee or mortgagee the Minister may, if he be of opinion that such counter statement or statements is a sufficient answer to such application, inform all parties of such his opinion and determination, and may, should he so think fit, out of the money deposited with him by the applicant, award all reasonable costs to the lessee or mortgagee, or both, and pay the balance (if any) to the applicant.
10. Should the Minister be of opinion that the counter statement or statements is or are an insufficient answer to such application he may inform all parties of such his opinion and determination, and shall at the same time fix definitely the area and boundaries of the land to be resumed, and (unless all parties agree within one week after having been notified thereof as to the amount of compensation, or unless within fourteen days thereafter the lessee or mortgagee shall in writing desire the amount to be ascertained by arbitration as hereinafter mentioned) may refer the question of such amount to a warden.

11. Such warden shall fix a day for the determination of such question, and on such day, or any later day to which such determination may be adjourned, shall in the presence of all parties, or in the absence of either of them on proof satisfactory to him that such party has been duly notified of the time and place where such inquiry will be held, fix the amount of the valuation to be paid to the lessee.

12. The warden shall report to the Minister the amount of the compensation as fixed by him, as also the amount of costs (if any) which the applicant ought to pay to the lessee.

13. Such costs shall be paid out of the sum deposited by the applicant, and the balance (if any) shall, on the resumption of the land applied for by the applicant, be paid to him.

14. Should the lessee or mortgagee within the time hereinbefore limited desire that the amount of compensation be ascertained by arbitration and not by a warden he may do so, provided that he signifies his desire to the Minister and appoints his arbitrator and communicates such desire and appointment to the applicant within one week after the Minister has informed him that his counter statement is insufficient, and thereupon the applicant shall within one week after such communication has reached him appoint his arbitrator and inform the Minister of such appointment, and these two arbitrators shall appoint a third.

15. If the land in question is mortgaged the lessee and mortgagee shall only appoint one arbitrator between them, and if they cannot agree upon such arbitrator the Minister shall elect between the person nominated by the lessee and first mortgagee respectively, and the person elected by him shall be the joint arbitrator of the lessee and the mortgagee or mortgagees.

16. The arbitrators or a majority of them shall, within one month after their appointment, or such later day as shall from time to time be allowed by the Minister, report to him the amount of compensation as fixed by them, as also the amount of costs (if any) which the applicant ought to pay to the lessee.

17. Such costs shall be paid in the same manner and out of the same fund as is provided with respect to a reference to a warden.

18. On the amount of compensation being ascertained it shall be paid to the lessee or mortgagee, or as may be agreed upon between them, but if they cannot agree upon the disposal of such amount, or if when tendered to the lessee or mortgagee it shall be refused to be accepted, it shall be paid into the Supreme Court to abide the direction of the court as to its distribution.

19. On such amount of compensation being paid or tendered to the lessee or mortgagee such lessee shall forthwith surrender to His Majesty, his heirs, and successors his lease, and he shall be entitled to receive free of cost a fresh lease for the unexpired term thereof, at a rent reduced in proportion to the area of land resumed.

The managers of a common shall have power to appoint a herdsman to take charge of the cattle depastured on such common, and to be responsible for the efficient carrying out of the regulations for the management thereof. The herdsman shall conform to any special instructions issued to him by the managers of the common relative to the registration, custody, and delivery to owners of the cattle depastured thereon, and to the prevention of trespass on the common of cattle other than travelling cattle for which no commonage fees have been paid. Such herdsman shall be remunerated for his services out of the fund derived from the commonage fees, and he shall provide security for the honest and faithful discharge of his duties in such amount as the managers of the common may deem adequate.

11. The money derived from the fees received for the agistment of cattle on a common may, after paying for the services of the herdsman, be expended by the managers of such common in the publication of the regulations for its management, the purchase of account books, stationery, branding irons and tar, and in the eradication of thistles, Bathurst burr, wild briar, and gorse, and in the destruction of vermin on the common. The surplus over such expenditure may be applied with the concurrence of the Board, under its seal, to the formation of dams for storage of water on the common, the improvement of natural water-holes, the construction and repair of stockyards, the improvement of approaches to the common, and to any other purpose which the Board may consider desirable.

12. The managers of every common shall keep books in the forms prescribed in Schedule 66 hereto, in which books shall be recorded the description and brands of the cattle depastured on the common, the money received as commonage fees, the payments made from the fund derived therefrom, the dates of such payments, and the authority for making them; and the managers shall give, in the form prescribed in said Schedule, printed receipts consecutively numbered, the butts of which receipts shall be retained for inspection.

13. The managers of every common shall, within one month after the termination of each year, publish in a newspaper circulating in the district wherein the common is situated a certified account of their receipts and expenditure for the year, in the form prescribed in Schedule 67 hereto, and forward copy thereof to the Board.

14. No animal affected with any contagious disease shall be allowed to depasture on any common.

15. The managers of every common may sue for and recover any fees overdue for depasturing stock on such common or for any penalty for breach of any regulation for management of such common.

16. The managers of any common may submit to the Board draft regulations for the management of the common, provided that they be not inconsistent with the provisions of the foregoing general regulations for the management of commons, and such draft regulations, after revision by the Board and approval by the Governor in Council, shall be published in the *Government Gazette*, and by such managers in the newspapers circulating in the district wherein the common is situated.

17. Every person offending against any regulation for the management of a common shall, on conviction before any justice, forfeit and pay a penalty not exceeding Twenty pounds for each offence.

18. The Board may at any time direct a special audit of the accounts of the managers of any common to be made by such person or persons as it thinks fit.
