THURSDAY, JULY 8.

[1915.

CONTRACTS ACCEPTED.

(SERIES 1915-16.)

SUPPLY

OF

GENERAL STORES

FOR THE

PUBLIC SERVICE

FOR

COMMONWEALTH AND STATE DEPARTMENTS,

FROM

1ST JULY, 1915, TO 30TH JUNE, 1916.

Articles included in the attached Contracts List which are indicated as being of Commonwealth Manufacture must, where practicable, be supplied, bearing evidence that they have been manufactured in the Commonwealth.

NOTE.—Articles which can be supplied by the Penal Department are not included in these contracts.

J. G. WHITE,
Secretary Tender Board.

CONTRACTS ACCEPTED.—(Series 1915-16.)

CONTRACTS Nos. 1913/18 to 1913/22.

Schedule No. 2.

CANVAS, DUCK, HOSE, ETC.

(British Manufacture.)

Contract from 1st July, 1913, to 30th June, 1916.

1913/18—The Boase Spinning Co. Ltd. Security	£40
1913/19—John Edmondson and Co.	£8
1913/20—Hicks, Atkinson and Sons Pty. Ltd. ...	£5
1913/21—Thos. Evans Pty. Ltd.	£15
1913/22—The India Rubber, Gutta Percha, and Telegraph Works Co. Ltd.	£5

All Items to Samples at Tender Board Offices.

All goods supplied under this schedule must bear evidence that they are of British manufacture, and, in addition, the Contractor may at any time during the currency of the Contract be called on to furnish a statutory declaration as to the country of origin of the goods supplied.

All supplies must be strictly in accordance with samples, free from dressing or any foreign substance, of the weights specified in the Schedule, and must also bear the maker's name and brand specified by the Tenderer.

Sails and tarpaulins will be paid for at per superficial square yard, mean measurement, finished.

	<p>SPECIFICATION FOR CASTINGS.</p> <p>1. All Castings under this Contract shall be supplied subject to the approval of the officer duly authorised by the Department for which the castings are required, to order or accept delivery of same.</p> <p>2. Castings of a special character other than those provided for under this Schedule may be obtained locally without infringing this Contract.</p> <p>3. All castings are to be clean, sharp, free from surface scale, shell, cold shuts, blow holes, honey-comb, cinder, or any other imperfections, and are to be sound in every respect, and thoroughly close in grain. When specially ordered, the castings are to be run with heads or runners of such weight as may be ordered, such heads and runners to be cut off by the Contractor before delivery is made, and the charge for the casting must be at the net weight only, trimmed and clean.</p> <p>4. Whenever specially ordered, the iron castings shall be run from the very best "cold-blast iron" of such particular brand, quality, and mixture as may be described in the order; or of such other substitute mixture as may be approved or directed by the officer of the Department ordering, so as to produce a hard, close, soft, or other description of metal, at the option and to the satisfaction of the officer ordering.</p> <p>5. Whenever castings are required, and, in the opinion of the officer ordering, they can be moulded from the broken originals, the Contractor will be bound to mould from such broken originals without requiring the Government to supply a wooden or other pattern for same, and without being allowed any extra rate.</p> <p>6. All patterns lent by the Government will be delivered to the Contractor at his works, and all such patterns must be returned by and at the expense of the Contractor in good order and condition, and must be delivered together with the castings. In the event of the non-return of any of the patterns, or of their being damaged, the price, which will be fixed by the officer ordering, shall be paid by the Contractor, or may be deducted from any money due to the Contractor or from his security money.</p> <p>7. The Contractor shall, during the currency of this contract, furnish the officer ordering with the address or addresses of the place or places at which the steel castings are being manufactured by the Contractor, and the officer ordering, or any person appointed by him from time to time shall at all times during business hours, have free access to such place or places, and shall be afforded every facility for inspecting the castings while in process of manufacture.</p> <p>8. No subletting will be allowed; all work must be carried out in the factory of the contractor; the hours of employment of any person engaged in the manufacture of the Castings, &c., tendered for in this schedule shall not exceed 48 per week, and every such person shall be paid such wages and shall be employed subject to such conditions as are or may be determined by the Iron and Bras moulders Board under the Factories and Shops Act; and a copy of these conditions shall be kept conspicuously and continually posted in legible Roman characters in the factory (and in each part of the factory where several rooms are in use) in which castings are prepared or manufactured under this contract. Any infringement of these conditions, in the opinion of the Treasurer, will subject the Contractor, upon report from the Tender Board, to such mulct, not exceeding Fifty pounds (£50), as the Treasurer may direct, and the amount will be deducted from the Contractor's account or from the security money, and the Treasurer's decision shall be binding, final, and conclusive as to the fact of infringement, and in all other respects.</p> <p>QUALITY AND TESTING OF STEEL CASTINGS.</p> <p>9. Process of Manufacture. Steel for castings shall be made by the open hearth process, Acid or Basic, or by such other process as may be approved by the Officer duly authorized by the Department to accept delivery of the castings contracted for—</p> <p>10. Annealing.—All steel castings shall be thoroughly annealed in a properly constructed annealing furnace, which must permit of the whole casting being uniformly raised in temperature throughout its whole extent to the necessary intensity required for annealing purposes. The casting shall be allowed to cool down prior to removal from the annealing furnace; and if subsequently heated for any purpose it shall be again similarly annealed if required by the officer duly authorized by the Department to accept delivery.</p>		

ANNEXES TO CONTRACTS—continued.

Item No.	Description of Articles.	Rate.	Contractors.	
<p>CASTINGS—continued.</p> <p>(Manufactured within the Commonwealth.)</p> <p>11. <i>Testing and Inspection.</i>—The following tests and inspections shall be made, preferably at the place of manufacture prior to despatch, but in the event of any casting proving unsatisfactory in the course of preparation, or fitting in its place, such casting shall be rejected, notwithstanding any previous certificate of satisfactory testing.</p> <p>12. <i>Tensile and Bend Test Pieces.</i>—The tensile strength and ductility shall be determined from standard test pieces, which are to be prepared from sample piece cast on the casting. These sample pieces are not to be cut, or partially cut, from the castings until the annealing of such castings has been completed, nor until they have been stamped by the officer duly authorized to accept delivery. The test pieces are to be stamped by the aforesaid Officer after the annealing. All test pieces shall be selected by the aforesaid Officer and tested in his presence, and he shall satisfy himself that the conditions herein described are fulfilled.</p> <p>13. <i>Number of Tests.</i>—At least one tensile test and one cold bend test are to be taken from each casting. In castings of complex designs, at least two tensile and two cold bend tests are to be taken. Where a casting is made from more than one charge of steel, at least four tensile and four cold bend tests are to be taken from pieces cast as far apart as possible on the casting, some test pieces being taken from as near the top and others from as near the bottom of the casting as practicable.</p> <p>14. <i>Dimensions of Tensile Test Pieces.</i>—The tensile test pieces are to be turned so as to have a diameter of .561 inch with a gauge length of 2 inches, or a diameter of .793 inch with a gauge length of 3 inches, or a diameter of .977 inch with a gauge length of 3½ inches.</p> <p>15. <i>Dimensions of Bend Test Pieces.</i>—The bend test pieces are to be machined to a rectangular section 1 inch wide by ½ inch thick, with the edges rounded to a radius of ¼ of an inch. They are to be bent over the thinner section. The bending may be performed either by pressure or blows.</p> <p>16. <i>Tensile Tests.</i>—The tensile breaking strength determined from test pieces of standard dimensions is to be between the limits of 26 and 35 tons per square inch, with an elongation of not less than 20 per cent. measured on the standard test piece.</p> <p>17. <i>Bend Tests.</i>—The bend test pieces must withstand, without fracture, being bent cold through an angle of 120 degrees, the internal radius of the bend being not greater than 1 inch.</p> <p>18. <i>Additional Tests before Rejection.</i>—Should either the tensile or bend test, or both, fail, and should the Officer duly authorized for the purpose consider the fractured test piece or test pieces, or the results obtained therefrom, do not fairly represent the quality of the casting, a duplicate of the test or tests which failed shall be made if requested by the maker. In such cases the quality of the casting shall be judged by the result of the duplicate test or tests, and not by the original test or tests which failed.</p> <p>19. <i>Percussive Tests.</i>—Stern frames cast in one piece to be let fall on hard ground (excavations being made to take boxes and other projections) after being raised through an angle of 45 degrees. Stern frames cast in more than one piece, rudders, steering quadrants, crossheads, tillers, &c., are to be dropped on hard ground from a height of from 7 to 10 feet, according to the design, shape, and weight of the casting.</p> <p>20. <i>Castings of Complex Design.</i>—Castings of complex design which are liable to be deformed if submitted to the drop or percussive test, may have this test dispensed with provided two tensile and two cold bend tests be made upon pieces taken from positions as far apart as possible on each casting; one tensile and one bend test being taken from as near the top, and the others from as near the bottom, of the casting as practicable.</p> <p>21. <i>Hammering Tests.</i>—After being subjected to the percussive test, the casting in each case is to be subsequently slung up and well hammered with a sledge hammer not less in weight than 7 lbs., to satisfy the Officer duly authorized for the purpose that the casting is sound and without flaw. This hammering test is also to be applied to castings of complex design which may not have been submitted to a percussive test.</p> <p>22. <i>Drilling Tests.</i>—In the case of large castings, the Officer duly authorized by the Department is to supplement the foregoing tests by drilling small holes at such parts of the castings as experience shows cavities and contraction cracks are most likely to occur, and at positions which are to be agreed upon between the aforesaid Officer and the manufacturer, in order to determine the soundness or otherwise of the casting. These holes are afterwards to be tapped and properly filled up with screw plugs.</p>			<p>£ s. d.</p>

All supplies must be strictly in accordance with samples, well fitted, well made. The Serge to be of Commonwealth manufacture, and indigo dyed, with best quality trimmings.			
All garments will be inspected on the premises of the Contractor before delivery is taken; any article not fitting, bad in workmanship or material, will be rejected.			
No subletting will be allowed; all work must be carried out in the factory of the Contractor; the hours of employment of any person engaged in the making of the articles tendered for in this schedule shall not exceed 48 per week, and every such person shall be paid such wages and shall be employed subject to such conditions as are or may be determined by the Clothing Board under the Factories and Shops Acts; and a copy of these conditions shall be kept conspicuously and continually posted in legible Roman characters in the factory (and in each part of the factory where several rooms are in use) in which goods are prepared or manufactured under this contract. Any infringement of these conditions, in the opinion of the Treasurer, will subject the contractor, upon report from the Tender Board, to such mulet, not exceeding Fifty pounds (£50), as the Treasurer may direct, and the amount will be deducted from the Contractor's account or from the security money; and the Treasurer's decision shall be binding, final, and conclusive as to the fact of infringement and in all other respects.			
Where the material used in the manufacture of the Clothing tendered for in this schedule is not of Commonwealth production, it must, where practicable, be of British origin, and the Contractor, if called on to do during the currency of the Contract, shall furnish evidence, by statutory declaration or production of invoice, of the country of origin of the material used. In all cases, articles of Commonwealth manufacture and production receive preference over imported goods.			
1	Tunics—Serge, Indigo dyed, single-breasted sac, square corners, double stitched edges, 2 outside pockets with 1½ in welts, pocket facing of same material, inside breast pocket, padding around scye, through shoulders, and to be quilted, raised sleeve heads, horse-hair through breast and down fronts, 4 button holes, hand-worked with silk twist, 4 buttons, bone, imitation Mohair, tab inside under collar for name	} each	1 3 0
2	Trousers—Serge, cross pockets, hip pocket, bottom of trousers not less than 18 inches nor more than 18½ inches in circumference		
3	Coats—Duck "	0 8 0	} Alfred Bowley and Co.

<p>COPPERS, FURNACES, OVENS, AND STOVES.</p>			
<p>(Manufactured within the Commonwealth).</p>			
<p>Contract from 1st July, 1913, to 30th June, 1916.</p>			
<p>1913/32—Harvey, Shaw, and Drake Pty. Ltd. Security £5 1913/33—Bates and Co. " £10 1913/34—Harwell and Son " £5 1913/35—F. Pullinger " £10</p>			
<p>Items marked thus (*) to sample at Tender Board Office.</p>			
<p>All supplies to be of the best description, made of the best material.</p>			
<p>The Copper Boilers are to be of the capacity ordered, to fit the furnaces, weighing not less than 1½ lbs. per gallon.</p>			
<p>The Portable Washing Furnaces must be constructed of Wrought Iron, riveted and strapped at top and bottom edges with 1-in. x 3-16 in. circular bars, cast-iron fire-grate, furnace door, flue pipe, and tap complete.</p>			
<p>Frames for Coppers to be provided with fire-grate, flue pipe, and cap complete.</p>			
<p>The Ovens must be made of Wrought Iron, and strongly put together with ½-inch top and bottom plates; bodies of No. 20 gauge, and each to have approved fall-down door, fall-down bars, trivets, hob-guards, and sheet-iron flues.</p>			
<p>The Stoves (items 11, 12, and 13) must be made of cast-iron and sheet-steel, strongly put together, and in every way strictly in accordance with the Sample, which may be seen at the Tender Board Office. Each stove must be provided with 6 ft. flue, lifter, scraper, and brush, sliding or fall fire-doors, and fall door to oven, and capable of burning wood or coal.</p>			
<p>No subletting will be allowed; all work must be carried out in the factory of the Contractor; the hours of employment of any person engaged in the manufacture of the Coppers, Furnaces, Ovens, and Stoves tendered for in this schedule shall not exceed 48 per week, and every such person shall be paid such wages and shall be employed subject to such conditions as are or may be determined by the Ovenmakers Board under the Factories and Shops Acts; and a copy of these conditions shall be kept conspicuously and continually posted in legible Roman characters in the factory (and in each part of the factory where several rooms are in use) in which goods are prepared or manufactured under this Contract. Any infringement of these conditions, in the opinion of the Treasurer, will subject the Contractor, upon report from the Tender Board, to such mulct, not exceeding Fifty pounds (£50), as the Treasurer may direct, and the amount will be deducted from the Contractor's account or from the security money, and the Treasurer's decision shall be binding, final, and conclusive as to the fact of infringement, and in all other respects.</p>			
<p>Where the material used in the manufacture of the Coppers, Furnaces, Ovens, and Stoves tendered for in this schedule is not of Commonwealth production, it must, where practicable, be of British origin, and the Contractor, if called on to do so during the currency of the Contract, shall furnish evidence, by statutory declaration or production of invoice, as required, of the country of origin of the material used. In all cases, articles of Commonwealth manufacture and production receive a preference over imported goods.</p>

CONTRACTS NOS. 1914/139 TO 1914/143.

Schedule No. 9.

CORDAGE, LINES, ROPE, TWINE, ETC.

Contract from 1st July, 1914, to 30th June, 1917.

- 1914/139—M. Donaghy and Sons Pty. Ltd. Security, £137
- 1914/140—Jas. Miller and Co. Pty. Ltd. £65
- 1914/141—Briscoe and Co. Ltd. £5
- 1914/142—E. Duckett and Sons £5
- 1914/143—J. Baird £5

Under Items 26, 27, and 28, the twine must not only be equal to sample as regards make, finish, and material, but must also bear an average breaking strain of not less than 40 lbs. under Item 26, 120 lbs. under Item 27, and 220 lbs. under Item 28.

All Items marked (*) to Samples at Tender Board offices.

Sub-Schedule A.

(Manufactured within the Commonwealth.)

No sub-letting will be allowed; all work must be carried out in the factory of the contractor; the hours of employment of any person engaged in the manufacture of the Cordage, Lines, Rope, Twine, &c., tendered for in this schedule shall not exceed 48 per week, and every such person shall be paid such wages and shall be employed subject to such conditions as are, or may be, determined by the Cordage Board under the Factories and Shops Acts of the State of Victoria; and a copy of these conditions shall be kept conspicuously and continually posted in legible Roman characters in the factory (and in each part of the factory where several rooms are in use) in which goods are prepared or manufactured under this contract. Any infringement of these conditions, in the opinion of the Treasurer, will subject the contractor, upon report from the Tender Board, to such inculc, not exceeding Fifty pounds (£50), as the Treasurer may direct, and the amount will be deducted from the contractor's account or from the security money, and the Treasurer's decision shall be binding, final, and conclusive as to the fact of infringement and in all other respects.

Items marked asterisk (*) to sample at Tender Board Office. Oils, tinctures, decoctions, infusions, and liquid preparations generally must be delivered in oval glass bottles. Fuming and other acids, spirits of ammonia, and deliquescent salts must be delivered in bottles having ground-glass stoppers when so ordered.

ANNEXES TO CONTRACTS—continued.

Item No.	Description of Articles.	Rate.	Contractors.
		£ s. d.	
DRUGS, MEDICINES, ETC.—continued.			
(Imported, except where items are marked ¹ / _c .)			
In cases where special manufactures are mentioned in the schedule, the contractor will be bound to supply the goods in the original packages, having thereon the maker's label or other trade mark, as a guarantee of the genuineness of the goods so supplied.			
All articles must be of the best quality of the several kinds, and all preparations and compounds are to be those of the new "British Pharmacopœia," unless otherwise specially ordered.

LEATHER.			
(Manufactured within the Commonwealth.)			
SPECIFICATION.			
All Leather must be of the best quality, free from adulterants or excessive dressing of any kind, and must not be unduly blemished by brands, cuts, &c.			
No subletting will be allowed; all work must be carried out in the factory of the contractor; the hours of employment of any person engaged in the manufacture of the articles tendered for in this schedule shall not exceed 48 per week, and every such person shall be paid such wages and shall be employed subject to such conditions as are or may be determined by the Tanners Board under the Factories and Shops Act of Victoria; and a copy of these conditions shall be kept conspicuously and continually posted in legible Roman characters in the factory (and in each part of the factory where several rooms are in use) in which goods are prepared or manufactured under this contract. Any infringement of these conditions, in the opinion of the Treasurer, will subject the contractor, upon report from the Tender Board, to such mulet, not exceeding Fifty pounds (£50), as the Treasurer may direct, and the amount will be deducted from the contractor's account or from the security money, and the Treasurer's decision shall be binding, final, and conclusive as to the fact of infringement and in all other respects.

CONTRACT No. 1915/272.

Schedule No. 20.

OIL—KEROSENE (AMERICAN).

(Contract from 1st July, 1915, to 30th June, 1918.)

1915/272.—Vacuum Oil Co. Pty. Ltd. ... Security £100

The kerosene must be of the best quality, perfectly free from sediment or other deleterious substances and subject to the approval of the officer ordering, and must be supplied in cases at 8 or 8 $\frac{1}{2}$ gallons to the case, each full tin containing 4 or 4 $\frac{1}{2}$ gallons respectively. When single tins are ordered, cases must also be provided. Kerosene for outlying districts may be purchased locally without infringing this contract. The Tender Board reserves to itself the right of accepting tenders for one or more of the brands offered or any portion of each.

	Articles marked asterisk (*) to sample at Tender Board Offices.		
	All oils must be of the best quality, perfectly free from sediment or other deleterious substances, and subject to the approval of the officer ordering. Oils, except where otherwise indicated in the schedule, must be supplied in cases of two 4-gallon tins or in barrels, as ordered, and no extra charge will be allowed for such cases or barrels. Castor oil must be supplied in tins containing 4½ gallons, or four tins containing 17 gallons to the case. Under items designated "other brands than above of approved quality," tenderers must quote one price only, and name the brand of the oil he offers to supply, the Tender Board reserving to itself the right of accepting one or more of the tenders received.		
	If oil is required in 1-gallon tins the sum of 6d. per tin will be allowed extra.		
	If oil is required in drums, such drums will be charged for by the contractor at the rate of 1s. and 2s. per drum for 5 and 10 gallon drums respectively, drums thus becoming the property of the Government.		
	A sample of the Batching Oil intended for supply must be submitted for the approval of the Inspector-General of Penal Establishments before delivery of each consignment is made.

Sub-Schedule A—continued.			
<p>shall be paid a minimum wage of not less than 8s. per day, except for articles where the wages and conditions for the manufacture of which are provided for by Special Boards appointed, or which may be appointed during the currency of the contract under the Factories and Shops Acts, when every such person shall be employed at such wages, and subject to such conditions as are, or may thus be determined; and a copy of these conditions shall be kept conspicuously and continually posted in legible Roman characters in the factory (and in each part of the factory where several rooms are in use) in which goods are prepared or manufactured under this contract. Any infringement of these conditions, in the opinion of the Treasurer, will subject the contractor, upon report from the Tender Board, to such mulct, not exceeding Fifty pounds (£50), as the Treasurer may direct, and the amount will be deducted from the contractor's account or from the security money, and the Treasurer's decision shall be binding, final, and conclusive as to the fact of infringement and in all other respects.</p> <p>The Contractor shall, before any account is passed for payment for services rendered, furnish a statutory declaration that all the workmen under this contract have been employed in accordance with the above clause of these conditions, and have been paid not less than the minimum rate of wages for such workmen as is provided for under that clause.</p> <p>Where the material used by the Contractor in the manufacture of the Piping, &c., tendered for in this schedule is not of Commonwealth production it must, where practicable, be of British origin, and the Contractor, if called on during the currency of the contract to do so, shall furnish evidence by statutory declaration or production of invoice of the country of origin of the material used.</p> <p>In all cases articles of Commonwealth manufacture or production receive preference over imported goods.</p>

ANNEXES TO CONTRACTS—continued.

Item No.	Description of Articles.	Rate.	Contractors.
		£ s. d.	
<p>CONTRACTS NOS. 1915/301 AND 1915/302.</p>			
<p>Schedule No. 25.</p>			
<p>TENTS AND FLYS (CALICO).</p>			
<p>(Manufactured within the Commonwealth from Calico and Duck of British Manufacture.)</p>			
<p>Contract from 1st July, 1915, to 30th June, 1916.</p>			
<p>1915/301.—The Gair Manufacturing Co. Security £25. 1915/302.—Evan Evans „ £5.</p>			
<p>All items to sample at Tender Board Offices.</p>			
<p>SPECIFICATIONS.</p>			
<p>All Tents and Flys, which must be complete with necessary ropes, shall be supplied strictly in accordance with the samples at the Tender Board Office, well made and machine stitched, except the holes, which must be hand worked.</p>			
<p>The Duck Tents and Flys must be made of pure linen or cotton duck (as the case may be) of the same quality and weight as the samples. The Duck Tents must have ridge band and door each end, if required, with flap, and with clasps or tapes, as required; and the Flys must have a ridge band and double thickness at corners, as shown on the samples.</p>			
<p>The workmanship must be of best standard trade quality. All supplies shall be subject to the approval of the officer ordering, and if defective in workmanship or inferior in quality of material will be absolutely rejected.</p>			
<p>The Contractor will be required, in order to meet emergencies, to keep 100 of Item No. 1 and 50 of Item No. 28 in stock, and supply same on demand when required.</p>			
<p>The Contractor may, at any time during the currency of the contract, be called on to furnish a statutory declaration as to the country of origin of the articles supplied and of the material from which they are made.</p>			
<p>The sizes hereunder specified are in all cases less seams. No subletting will be allowed; all work must be carried out in the factory of the Contractor; the hours of employment of any person engaged in the manufacture of the Tents and Flys tendered for in this Schedule shall not exceed 48 per week; and every such person shall be paid such wages and shall be employed subject to such conditions as are or may be determined by the Tentmakers Board under the Factories and Shops Acts of the State of Victoria; and a copy of these conditions shall be kept conspicuously and continually posted, in legible Roman characters, in the factory (and in each part of the factory where several rooms are in use) in which the articles are stitched and made up under this contract. Any infringement of these conditions, in the opinion of the Treasurer, will subject the Contractor, upon report from the Tender Board, to such mulct, not exceeding Fifty pounds (£50), as the Treasurer may direct, and the amount will be deducted from the Contractor's account or from the security money; and the Treasurer's decision shall be binding, final, and conclusive as to the fact of infringement and in all other respects.</p>

CONTRACTS Nos. 1915/303 to 1915/305.

Schedule No. 26.

TIMBER—GENERAL.

(Sawn and Other.)

Contract from 1st July, 1915, to 30th June, 1916.

1915/303—T. Anthony and Co. ... Security £300
 1915/304—John Sharp and Sons Ltd. " £320
 1915/305—James Moore and Sons Ppy. Ltd. ... " £10

All Timber to be free from large knots, shakes, heart sap, or any other imperfection; to be thoroughly sound, seasoned, and close-grained or free, as may be required, and of approved quality.

When timber which is rated at per superficial foot of one inch thick is asked for and supplied of a greater or less thickness than one inch it shall be paid for proportionately.

Actual measurements only will be paid for.

So far as work done in the Commonwealth is concerned, no subletting will be allowed; all work must be carried out by the contractor: the hours of employment of any person engaged therein shall not exceed 48 per week, and every such person shall be paid such wages and shall be employed subject to such conditions as are or may be determined by the Woodworkers Board, or where no such wage is provided at a minimum wage of £2 10s. for skilled workmen and for labourers £2 5s., per week respectively; and a copy of these conditions shall be kept conspicuously and continually posted in legible Roman characters in the factory, mill, or yard (and in each part of the factory or mill where several parts are in use) in which timber is prepared under this contract. Any infringement of these conditions, in the opinion of the Treasurer, will subject the contractor, upon report from the Tender Board, to such mulet, not exceeding Fifty pounds (£50), as the Treasurer may direct, and the amount will be deducted from the contractor's account or from the security money, and the Treasurer's decision shall be binding, final, and conclusiva as to the fact of infringement and in all other respects.

CONTRACTS NOS. 1915/306 TO 1915/310.			
Schedule No. 27.			
TIMBER.—(Commonwealth). (Sawn and Other.)			
Contract from 1st July, 1915, to 30th June, 1916.			
	1915/306—John Sharp and Sons Ltd.	Security £170	
	1915/307—Millar's Timber and Trading Co. Ltd.	£75	
	1915/308—James Moore and Sons Pty. Ltd.	£80	
	1915/309—Charles Rouch	£10	
	1915/310—J. Carman and Sons	£10	
<p>Items marked (*) to sample at Tender Board office. All timber to be free from large knots, shakes, heart sap, gum veins, or any other imperfection; and must be thoroughly sound and of approved quality. When timber which is rated at per superficial foot of one inch thick is asked for and supplied of a greater or less thickness than one inch it shall be paid for proportionately. Actual measurements only will be paid for. This contract is not to be considered broken, infringed, or vitiated by the purchase locally of any of these items for country stations. No subletting will be allowed; all work must be carried out by the contractor; the hours of employment of any person engaged therein shall not exceed 48 per week, and every such person shall be paid such wages and shall be employed subject to such conditions as are or may be determined by the Woodworkers Board, or where no such wage is provided at a minimum wage of not less than £2 10s. for skilled workmen, and for labourers £2 5s. per week respectively; and a copy of these conditions shall be kept conspicuously and continually posted in legible Roman characters, in the factory, mill, or yard (and in each part of the factory, mill, or yard where several parts are in use) in which timber is prepared under this contract. Any infringement of these conditions, in the opinion of the Treasurer, will subject the contractor, upon report from the Tender Board, to such mulct, not exceeding fifty pounds (£50), as the Treasurer may direct, and the amount will be deducted from the contractor's account or from the security money, and the Treasurer's decision shall be binding, final, and conclusive as to the fact of infringement and in all other respects.</p>

CONTRACT No. 1915/311.

Schedule No. 28.

TINWARE, ETC.

(Manufactured within the Commonwealth from material of British production or manufacture).

Contract from 1st July, 1915, to 30th June, 1916.

1915/311.—Harvey, Shaw, and Drake Security, £50.

All Items to Sample (at Tender Board Offices).

All Measurements are insides.

The weights quoted in this Schedule are the weights of the samples shown. Larger or smaller articles must be supplied of weights proportionate.

For the Hospitals for the Insane the tinware goods are to be made of D xxxx best charcoal tin, and the galvanized-iron goods of Queen's Head, Orb, or Redcliffe brand, of No. 20 standard gauge iron, except for item 39, the supplies for which must be made of black iron galvanized. Brass wire is to be used for the brass and tin domestics, tinned wire for the remainder of the tinware, and galvanized wire for the galvanized goods. The joints of the wire in all cases must not be near the seams of the article, even though in this respect the samples may be faulty. All galvanizing and tinning must be done within the Commonwealth.

Cash Boxes to be stamped "G.P.O.," &c., as required.

The contractor will be allowed a reasonable time, and, in the case of orders for the larger institutions, a period of one month from the receipt of each order to complete the delivery.

ANNEXES TO CONTRACTS—*continued.*

Item No.	Description of Articles.	Rate.	Contractors.
		£ s. d.	
	TINWARE, ETC.— <i>continued.</i>		
	(Commonwealth Manufacture— <i>continued.</i>)		
	<p>Where it is provided in the Schedule, as above, that tenders are required for Commonwealth articles made up of material of British manufacture then articles made up in the Commonwealth of British material must be tendered for and supplied unless the tenderer is in a position to supply a suitable substitute of Commonwealth manufacture or production for such British material; he may then tender for articles made of such substitute material under column A, and submit a sample with his tender.</p> <p>In all cases articles of Commonwealth manufacture and production will have preference over imported goods, provided the quality is satisfactory, and the rates reasonable.</p> <p>The Contractor may, at any time during the currency of the Contract, be called on to furnish a statutory declaration as to the country of origin of the article supplied, and the material from which it is made.</p> <p>No subletting will be allowed; all work must be carried out in the factory of the contractor; every person engaged in the manufacture of the tinware tendered for in this Schedule shall be paid such wages and shall be employed subject to such conditions as are or may be determined by the Tinsmiths Board under the Factories and Shops Act of Victoria; and a copy of these conditions shall be kept conspicuously and continually posted in legible Roman characters in the factory (and in each part of the factory where several rooms are in use) in which goods are prepared or manufactured under this contract. Any infringement of these conditions, in the opinion of the Treasurer, will subject the contractor, upon report from the Tender Board, to such mulct, not exceeding Fifty pounds (£50), as the Treasurer may direct, and the amount will be deducted from the contractor's account or from the security money; and the Treasurer's decision shall be binding, final, and conclusive as to the fact of infringement and in all other respects.</p>

CONTRACTS Nos. 1914/264 to 1914/270.

Schedule No. 36.

TOOLS (General).

(Imported, except where items are marked c.)

Contract from 1st July, 1914, to 30th June, 1917.

1914/264—Briscoe and Co. Ltd. ... Security	£90
1914/265—E. Duckett and Sons	£40
1914/266—J. Danks and Son Pty. Ltd.	£10
1914/267—McPherson's Pty. Ltd.	£50
1914/268—S. Cohen, Sons and Co. Pty. Ltd.	£5
1914/269—Paul and Gray	£5
1914/270—J. G. Black	£5

All Articles marked (*) to Sample.

Articles specified to be made by certain manufacturers must bear the name or recognised brand of such manufacturers. When not so specified they must, if so asked for, be supplied bearing the name or recognised brand of any well-known manufacturer required.

In the event of the tender being accepted for goods of Commonwealth or British manufacture, all such goods supplied shall bear evidence that they are of the particular manufacture tendered for, and, in addition, the Contractor may at any time during the currency of the Contract be called on to furnish a statutory declaration as to the country of origin of the goods supplied.

ANNEXES TO CONTRACTS—continued.

Item No	Description of Articles.	Rate.	Contractors.	
<p>CONTRACT No. 1915/312.</p>				
<p>Schedule No. 29.</p>				
<p>TUBES AND COVERS FOR MOTOR CARS AND CYCLES.</p>				
<p>(Manufactured within the Commonwealth.)</p>				
<p>1915/312—Barnet Glass Rubber Co. Ltd. Security £50.</p>				
<p>Contract from 1st July, 1915, to 30th June, 1916.</p>				
<p>The Tubes and Covers shall be of the very best description, subject to the approval of the Secretary for Public Works or such other Officer as may be duly authorized to order.</p>				
<p>No subletting will be allowed; all work must be carried out in the factory of the contractor; the hours of employment of any person engaged in the manufacture of the Indiarubber goods tendered for in this schedule shall not exceed 48 per week, and every such person shall be paid such wages and shall be employed subject to such conditions as are or may be determined by the Rubber Board under the Factories and Shops Acts of Victoria; and a copy of these conditions shall be kept conspicuously and continually posted in legible Roman characters in the factory (and in each part of the factory where several rooms are in use) in which goods are prepared or manufactured under this contract. Any infringement of these conditions, in the opinion of the Treasurer, will subject the contractor, upon report from the Tender Board, to such mulct, not exceeding Fifty pounds (£50), as the Treasurer may direct, and the amount will be deducted from the contractor's account or from the security money, and the Treasurer's decision shall be binding, final, and conclusive as to the fact of infringement and in all other respects.</p>

VARNISHES.				
(Manufactured within the Commonwealth.)				
Tenderers to specify hereunder the maker's name or names offered for supply, and, if accepted, the brand or brands bearing the maker's name so specified must be supplied.				
No subletting will be allowed; all work must be carried out in the factory of the contractor; the hours of employment of any person engaged in the manufacture of the Varnishes tendered for in this Schedule shall not exceed 48 per week, and every such person shall be paid at a minimum wage of not less than 50s. per week; and a copy of these conditions shall be kept conspicuously and continually posted in legible Roman characters in the factory (and in each part of the factory where several rooms are in use) in which goods are prepared or manufactured under this contract. Any infringement of these conditions, in the opinion of the Treasurer, will subject the contractor, upon report from the Tender Board, to such mulet, not exceeding Fifty pounds (£50), as the Treasurer may direct, and the amount will be deducted from the contractor's account or from the security money, and the Treasurer's decision shall be binding, final, and conclusive as to the fact of infringement and in all other respects.				
The Contractor shall, before any account is passed for payment for services rendered, furnish a statutory declaration that all the workmen under this contract have been employed in accordance with the above clause of these conditions, and have been paid not less than the minimum rate of wages for such workmen as is provided for under that clause.

SPECIFICATION FOR VENETIAN BLINDS.

OUTSIDE VENETIAN BLINDS.

Frames.—The frames to be constructed of clear pine, wrought throughout, with 1-in. jambs and soffits dove-tailed at joints, and $\frac{3}{4}$ -in. front and back linings, securely put together. The outside linings to be finished all round with small clear pine moulding mitred at angles, and the frames to be accurately fitted to openings with any cutting to shape required, and to be securely screwed to plugs in reveals. The head linings to be made to form casings of sufficient depth to entirely cover the blinds when drawn up, and the fronts of same to be divided into ornamental panels of approved patterns by means of selected mouldings planted on; the lower edges of outside head linings to be scalloped to approved pattern.

Blinds.—The laths, pulley bearers, and top and bottom laths of clean clear pine wrought throughout, and all laths to be $2\frac{1}{2}$ inches wide and spaced not more than 2 inches apart; pulley bearers to be $1\frac{1}{2}$ inch thick, to be properly mortised to receive pulleys, and to be neatly grooved for cords; top and bottom laths to be $\frac{5}{8}$ inch thick and intermediate laths $\frac{3}{4}$ inch thick, and all edges to be neatly rounded.

Blinds to be hung with all necessary brass pulleys, lignum vitæ or other approved drums, approved linen web ladder tapes, and 4-lb. best patent white cords, and to be provided with Young's patent cord-holders, or, when ordered, 6-in. double brass plate hooks. Blinds to be provided with brass pulleys, so that they may be raised and regulated from inside the rooms. Blinds up to 3 ft. 6 in. in width to have two lines of tapes and cords, and over that width three lines.

Painting.—The whole of the woodwork of blinds and frames to be primed with red lead and raw linseed oil, and to be then painted three coats of the best oil colour, composed of white lead, raw linseed oil, colour, turpentine, and dryers; the painting to be rubbed down with glass paper between the coats, and to be finished in selected tints. The last coat but one to be slightly darker than the tint selected for the finishing coat, and the last coat to be a coat of flatting. The whole to be once varnished with the best English pale copal varnish.

Repairing, &c., old blinds.—Repairing old blinds is to include taking down, washing, painting two coats of oil colour as before described and once varnishing both blinds and frames, providing and fixing approved new linen web ladder tapes and 4-lb. best patent white cords, and securely refixing and putting in working order.

INSIDE VENETIAN BLINDS.

Inside Venetian Blinds to be as above described for Outside Blinds, except that they are to be made of California red pine without frames.

Repairing, &c., old blinds.—Repairing old blinds is to include taking down, washing, painting two coats of oil colour as before described and once varnishing, providing and fixing approved new linen web ladder tapes and 4-lb. best patent cords, and securely refixing and putting in working order. Any old galvanized iron brackets to be made thoroughly secure, and new galvanized iron brackets to be supplied and fixed where required.

MATERIALS FOR ABOVE.

Materials.—The clear pine and red California pine for all blinds are to be sound, dry, and well seasoned; and the whole of the materials are to be of the best of their respective kinds, free from all defects equal to samples to be seen at the Department of Public Works, and to be subject to the approval of the Superintending Officer. Blinds to be made generally to correspond with samples to be seen at the Public Offices.

Fitting and fixing.—Where the building for which the blinds are required is within a radius of 8 miles from the General Post Office the contractor will be required, when ordered to fix the blinds, to take his own dimensions, to properly fix the blinds either under soffits of windows or on approved galvanized-iron brackets, securely screwed, and to make good any damage done to the buildings.

Packing for transit to country.—Where the building for which the blinds are required is beyond a radius of 8 miles from the General Post Office the contractor will be required, when ordered to pack the blinds for transit to the country, to provide proper packing cases and to securely pack the blinds, and to deliver them complete and perfect and ready for fixing at such railway station or other forwarding agency in Melbourne as may be directed.

Generally.—All blinds must be examined and passed by an officer of the Public Works Department before they are paid for.

All blinds to be made and painted on the contractor's premises, which must be within a reasonable distance of the city of Melbourne; and every facility must be afforded the officers of the Public Works Department for examining the work at any time previous to its delivery.

The contract for repairing, &c., only applies to buildings within the radius above mentioned.

The Government reserves the right, when erecting new buildings or when making additions or repairs to buildings outside the radius above mentioned, of including any Venetian Blinds required in the general contract for such building, additions, or repairs.

<p>Contract from 1st July, 1915, to 30th June, 1916. 1915/317—Anderson & Douglas ... Security £15 1915/318—Jabez Gadsden ... " £2</p>			
<p><i>The price quoted covers cost of branding the Wrappers with the Exporters' Brands and Grade Marks, or any other brand, as may be required. All supplies to be delivered by Contractor at the Government Cool Stores within 30 hours after receipt of order.</i></p>			
<p>The Department of Agriculture guarantees to take the quantity specified hereunder. The Contractor will, however, be bound to supply an additional 25 per cent., if required, at schedule rates, and also have the option of supplying any further requirements during the period of the contract at contract rates. In the event, however, of the Contractor refusing to supply the extra requirements over and above the 25 per cent., fresh tenders may be invited. The stockinette used in the manufacture of the wrappers ten- dered for in Sub-Schedule A must be of British origin, and that sup- plied under Sub-Schedule B must be of Commonwealth production. For supplies under Sub-Schedule A, the Contractor, if called on during the currency of the contract to do so, shall furnish evidence, by statutory declaration, or production of invoice as required, of the country of origin of the material supplied, and for supplies under Sub-Schedule B, the material of which the wrappers is made shall have a distinguishing mark woven throughout the fabric, such distin- guishing mark to be approved by the officer authorized to take delivery. In all cases, articles of Commonwealth production will receive preference over imported goods.</p>
