10. The occupier of two or more tenements liable to be rated, one of which is supplied with water by measure, shall be entitled on payment of the rates of such tenements respectively, to use without further charge such a quantity of water by meter as shall not exceed at the current charge for water supplied for domestic purposes by measure the amount of such rates; provided that the tenement or tenements not supplied by measure shall not be connected with the pipes of the Trust.

*Power to Council to Raise or Lower by Successive Steps the Soil of a Street so as to Conform to the Level, as Fixed.*

518. When the level of any street has been formally fixed under any law for the time being in force relating to local government in altering the level of the ground in such street to conform to the level of such street as so fixed the council of the municipality shall not be compelled at any one time to raise or lower the level of the ground to the full extent that may be required in order to conform to such level as fixed but may raise or lower the level of the ground to a less extent than is necessary in order to conform to such level and so on from time to time, and the municipality shall not be compelled to make compensation to any one in consequence of so proceeding, provided that the level of such street as so fixed is not exceeded either upwards or downwards.

*Municipality Altering Level once Fixed to Make Compensation.*

519. If after the fixing of the level of any street under the provisions of any law for the time being in force relating to local government, the council of any municipality alters the level of the ground in such street, save to conform to the level so fixed, the municipality shall make full compensation to all persons interested in any property injuriously affected by such alteration.

*Alteration of Water or Gas Pipes on Notice from Council.*

520. (1) If after the fixing of the level of any street under the provisions of any Act for the time being in force relating to local government the council deems it necessary to raise sink or otherwise alter the level of any street in which any waterpipe or gaspipe or other

waterworks or gasworks are laid the council shall from time to time by notice in writing require the person to whom such pipes or works belong to cause forthwith, or as soon as conveniently may be, such pipes or works to be raised sunk or otherwise altered in position in accordance with the altered level of such street, provided that such alteration be not such as permanently to injure such works.

(2) The expenses attending such raising sinking or altering, and full compensation for every damage done thereby, shall be paid by the council, as well to the person to whom such pipes belong as to all other persons injuriously affected thereby.

*Council May Act on Default.*

521. If the person to whom any such pipes or works belong does not proceed forthwith, or as soon as conveniently may be after the receipt of such notice, to cause the same to be raised sunk or altered in such manner as the council requires, the council may itself cause such pipes or works to be raised sunk or altered as the council thinks fit, provided that such works be not permanently injured thereby.

(3) LAYING OUT STREETS, ROADS, ETC., ON PRIVATE PROPERTY.

*Notice by Person Proposing to Lay Out Street, &c., on or to Subdivide Private Property.*

522. (1) Where in the case of any land to which this subdivision applies any person intends—

- (a) to make or lay out on such land any new street road lane or passage whether the same respectively is to be dedicated to the public as a highway or not; or

such person shall—

    - (i) to fix the level of every new street or road;
    - (ii) to ascertain whether or not such land when it is subdivided in accordance with such plan and is occupied for the purpose for which it is likely to be used when so subdivided and occupied and whether or not every such new street road lane or passage can be sufficiently drained into a public drain or existing street or road or some place at or along which all drainage from such land or any such new street road lane or passage may lawfully be discharged or caused to flow and whether or not the same will comply with the requirements of the Health Act 1915 or the Local Government Act 1915 or any By-law or Regulation under the said Acts;
    - (iii) to ascertain whether every such new street road lane or passage is connected at each end with another street road lane or passage; and

- (iv) to ascertain whether there will be on such land any reserve or allotment abutting on or continuous with or along any portion of the length of any street road lane or passage whatsoever (other than a reserve set apart for the use of purchasers).

*Duty of Council.*

*Consideration by Council.*

(4) The council after receiving the report of their surveyor or engineer shall proceed forthwith to consider the matter of the said notice and plan and the report thereon and (subject to the provisions of this Act) may fix the level of every street or road proposed to be made or laid out on such land and cause the said plan to be sealed with the seal of the municipality.

*Refusal to Seal Plan.*

(5) The council shall not cause the plan to be sealed unless they are satisfied that the said land and every such new street road lane or passage can be sufficiently drained as hereinbefore provided and that all the provisions of the Health Act 1915 or the Local Government Act 1915 or any By-law or Regulation under the said Acts are complied with.

(6) If in the opinion of the council but having regard to the scheme of subdivision—

- (a) any such new street road lane or passage will not be connected at each end with another street road lane or passage; or
- (b) there is any reserve or any allotment on such land abutting on or continuous with or along any portion of the length of any street road lane or passage whatsoever; or
- (c) the intended position direction or termination of any such new street road lane or passage ought to be varied for the purpose of securing easier more direct or more convenient means of communication with any other street road lane or passage; or
- (d) the allotments into which such land is to be subdivided (or any of them) will be subject to inundation by floods and are not marked distinctly on such plan as being subject to inundation; or
- (e) for any sufficient reason to be stated by them in writing it is not in the public interest that the plan should be sealed,

the council may refuse to cause the plan to be sealed.

*Special Provisions as to Land in the Metropolis.*

(7) Where any such land is situate in the metropolis as defined in section three of the Melbourne and Metropolitan Board of Works Act 1915 the following provisions shall also apply:—

- (b) The council shall refer the plan levels and particulars to the Melbourne and Metropolitan Board of Works for report; and shall take into consideration the report of the Board thereon.
- (c) If in the opinion of the council but having regard to the scheme of subdivision—
  - (i) the intended position direction and termination of any such new street road lane or passage ought to be altered or varied for the purpose of more advantageously or economically providing sewers therein or sewerage all or any of the allotments into which such land is to be subdivided; or

- (ii) any of the allotments into which such land is to be subdivided cannot be advantageously and economically sewered; or
- (iii) any of such new streets roads lanes or passages cannot be advantageously or economically provided with sewers, the council may refuse to cause the plan to be sealed.

In the case of any land situate in the drainage area of the Geelong Waterworks and Sewerage Trust or in the sewerage district of any Sewerage Authority (other than the said Board or the said Trust) the provisions of this sub-section with such substitutions and modifications as are necessary shall extend and apply with respect to such land and to the said Trust or Sewerage Authority (as the case may require).

*Fixing Level of Street by Council.*

8. (a) The council when they cause any plan as aforesaid to be sealed shall at the same time or within three months thereafter fix the level of every new street or road as aforesaid.

- (a) the refusal of the council to seal such plan; or
- (b) the neglect of the council to seal the same within three months after it is submitted,

he may within fourteen days from the date of such refusal or the expiry of the said period of three months (as the case may be) give notice to the council of his intention to appeal within one month after the date of the notice to the court of petty sessions held nearest to the land or to such other court of petty sessions as the parties agree upon.

- (2) Such court—
- (a) shall consist of a police magistrate;
- (b) shall hear and determine the matter of the appeal;
- (c) may dismiss the same or make an order confirming the plan with or without alteration in which case a copy of the order of confirmation shall be inscribed thereon and signed by the clerk of such court and shall have the like effect as if the plan had been sealed by the council; and

*Proceeding on Default of Council in Fixing Level.*

(1) When any such plan has been sealed by the council or confirmed by the court on appeal therefrom then if the council does not within three months fix the level of any street or road the person giving the notice may proceed to make or lay out the street or road at any level which will allow of compliance with the other provisions of this Act as if such level had been fixed by the council.

(2) In such case every change of the level which the council afterwards think requisite and the works consequent thereon shall be made by the council and the expense thereof and any damage which any person sustains in consequence of such alterations shall be defrayed by them.

*Laying out Streets before Notice or Sealing of Plans.*

525. (1) Every person who makes or lays out any such new street road lane or passage as aforesaid without giving notice to the council or before the plan is sealed except as in the last preceding section provided shall in addition to any penalty hereinbefore provided be liable also to defray all the expenses consequent upon any change of the level of such street road lane or passage deemed requisite by the council.

(2) Every person who in building any house or other building in such street or road does not keep the level fixed by the council shall be liable to defray all the expenses consequent upon any change of the level of that part of the street or road on which such house or building abuts which the council deem requisite.
