[No. 5 of 1919.]

## NEW LIGHTS.—WESTERN PORT.

## Round Island Light.—Western Port.

ON and after 15th July, 1919, a double flashing light will be exhibited from a wooden structure on Round Island, at the south-west extremity of Phillip Island, Western Port.

The light shows white between the bearings of N. 62 deg. 45 min. E. and S. 24 deg. 45 min. W., showing red over the dangers of the Seal Rocks to the south and McHaffies Reef to the north.

The light will be of the following character:—Two short flashes in quick succession, followed by an eclipse of seven (7) seconds.

## Tortoise Head Light.—Western Port.

On and after 15th July, 1919, a flashing white light will be exhibited from Tortoise Head, Western Port.

The light will be visible between the bearings of N. 51 deg. 24 min. E. and N. 55 deg. 24 min. E.

The light will be of the following character:—A short flash, followed by an eclipse of five (5) seconds.

Vessels using the light to enter the western entrance of Western Port should be careful to keep within the full beam of the light to avoid the dangers of the shoal water of the middle bank to the north and McHaffies Reef to the south.

## Developmental Roads Act 1918 (No. 2944).

## DECLARATION OF DEVELOPMENTAL ROADS UNDER THE DEVELOPMENTAL ROADS ACT IN THE SHIRES OF ALBERTON, SOUTH GIPPSLAND, AND TRARALGON.

## RESOLUTION CONFIRMED.

At the Executive Council Chamber, Melbourne, the eighteenth day of July, 1919.

## PRESENT:

His Excellency the Governor of Victoria.

Mr. Lawson

Mr. Mackinnon.

WHEREAS by the Resolution set out below and dated the second day of July One thousand nine hundred and nineteen the Country Roads Board incorporated under the *Country Roads Act 1915* (No. 2635) being of opinion that the roads set out or described in the Schedule to the same are of sufficient importance and will serve to develop areas of land (whether alienated from the Crown or not) by providing access to railway stations or to main roads leading to railway stations and acting under the powers in that behalf conferred upon it by the *Developmental Roads Act 1918* (No. 2944) declared such roads to be developmental roads within the meaning and for the purposes of the *Developmental Roads Act 1918*. And whereas the said Act amongst other things provides that the Governor in Council may by Order published in the *Government Gazette* confirm such Resolution whereupon any road or part thereof mentioned in such Resolution shall be a developmental road. And whereas it is deemed desirable to confirm the Resolution so made and passed by the said Country Roads Board. Now therefore His Excellency the Governor of the State of Victoria by and with the advice of the Executive Council thereof doth hereby confirm such Resolution and declare upon the publication of this Order in the *Government Gazette* the roads mentioned in the Schedule to such Resolution of the Country Roads Board developmental roads within the meaning and for the purposes of the *Developmental Roads Act 1918*.

And the Honorable Arthur Robinson, His Majesty's Commissioner of Public Works for the State of Victoria, shall give the necessary directions herein accordingly.

F. W. MABBOTT,  
Clerk of the Executive Council.

## RESOLUTION OF THE COUNTRY ROADS BOARD ABOVE REFERRED TO.

The Country Roads Board incorporated by the *Country Roads Act 1915* (Act No. 2635) at a meeting now holden being of opinion that the roads set out or described in the Schedule hereunder written are of sufficient importance and will serve to develop areas of land by providing access to railway stations or to main roads leading to railway stations acting under the powers in that behalf conferred upon it by the *Developmental Roads Act 1918* (Act No. 2944) doth by this Resolution hereby declare such roads to be developmental roads within the meaning and for the purposes of the said *Developmental Roads Act 1918*.

*The Constitution Act Amendment Act 1915* (No. 2632):  
DIVISION 14 OF PART V. WITH REGARD TO COMPULSORY PREFERENTIAL VOTING MADE APPLICABLE TO MUNICIPAL ELECTIONS OF COUNCILLORS OF THE CITY OF PRAHRAN UNDER THE PROVISIONS OF SECTION 148 OF THE LOCAL GOVERNMENT ACT 1915 (No. 2686) AS AMENDED BY THE LOCAL GOVERNMENT ACT 1918 (No. 2981).

*At the Executive Council Chamber, Melbourne, the eighteenth day of July, 1919.*

PRESENT:

His Excellency the Governor of Victoria.

Mr. Lawson

Mr. Mackinnon.

HIS Excellency the Governor of the State of Victoria, with the advice of the Executive Council thereof, and pursuant to the petition of the Council of the municipality of the city of Prahran, doth by this Order, under the provisions of section 148 of the *Local Government Act 1915* (No. 2686) as amended by section 3 of the *Local Government Act 1918* (No. 2981), direct that the provisions of Division 14 of Part V. of *The Constitution Act Amendment Act 1915*, applicable and severally hereinafter set out, shall apply to the election of councillors for the said municipality, with the alterations of such provisions as are shown below, the same being alterations deemed necessary for the purpose of carrying into effect such provisions as so applied.

***The Constitution Act Amendment Act 1915.***

**COMPULSORY PREFERENTIAL VOTING.**

**(Part V.—Division 14.)**

***How Votes to be Marked by Voter.***

292. (1) When at any election for the municipality a person receives a ballot-paper instead of striking out the name of any candidate for whom he does not intend to vote he shall mark his vote on the ballot-paper by placing the figure 1 opposite the name of the candidate for whom he votes as his first preference and shall give contingent votes for all the remaining candidates by placing figures 2, 3, 4 (and so on as the case requires) opposite their names so as to indicate by such numerical sequence the order of his preference.

(2) The candidate opposite whose name the figure 1 is so placed shall be deemed to be the candidate to whom the elector gives his vote for the purpose of the election.

***Marking of Ballot-paper where only Two Candidates.***

293. Notwithstanding anything contained in this Division, at any election where there are only two candidates—

(a) the requirements of this Division as to the marking of ballot-papers by electors shall be deemed to be sufficiently complied with in the case of any ballot-paper marked so as to indicate the elector's first preference only; and

(b) in the case of a postal ballot-paper the elector's first preference shall be deemed to be sufficiently indicated if the surname of only one candidate is written thereon.

***Invalid Ballot-papers.***

294. (1) A ballot-paper shall under this Division be rejected at the close of the poll if it does not indicate the elector's first preference for one candidate and in the case of any election where there are more than two candidates his contingent votes for all the remaining candidates.

***Ballot-papers Not Invalid.***

(2) Except as otherwise expressly provided a ballot-paper shall not be rejected for any reason other than the reasons enumerated in this section but shall be given effect to according to the elector's intention so far as his intention is clear.

***Returning Officer to ascertain Results of Polling.***

295. The returning officer (for the ward) shall in manner hereinafter provided ascertain the total number of votes given for each candidate.

***Procedure where only Two Candidates.***

296. At elections where there are only two candidates section one hundred and forty-four of the *Local Government Act 1915* shall have full force and effect.

***Procedure where more than Two Candidates.***

297. At elections where there are more than two candidates the procedure by the returning officer and deputy returning officers for each ward to ascertain the number of votes for each candidate shall be as follows:—

(1) Immediately upon the close of the poll the returning officer and every deputy returning officer at the polling place at which each presides shall in the presence and subject to the inspection of such of the scrutineers as choose to be present and the poll clerk (if any) and of no other persons—

- open the ballot-box at the polling booth at which he presides; and
- arrange the ballot-papers by placing in separate parcels all those on which a first preference is indicated for the same candidate and the full contingent votes are also given for all the remaining candidates omitting ballot-papers which require to be rejected; and

- (c) count all such first preference votes given for each candidate respectively; and
- (d) make and keep a record of the number of votes counted from each ballot-box; and
- (e) abstain himself from inspecting the writing upon the back of the ballot-papers and take care that the same is not seen by any person.
- (2) Each deputy returning officer shall—
- (a) certify a list of the number of such first preference votes given for each candidate at the polling place at which he presides and transmit such certified list to the returning officer together with the ballot-papers and copy of voters' roll as required by section 144 of the *Local Government Act 1915*.
- (3) The returning officer shall—
- (a) make out in respect of the polling booth at which he presides a list of first preference votes given for each candidate; and
- (b) seal up in separate parcels in respect of the said polling booth the ballot-papers and voters' rolls in like manner as is required in the case of deputy returning officers.
- (4) The returning officer shall as soon as practicable—
- (a) ascertain from the certified lists received from deputy returning officers the number of first preference votes given for each candidate; and
- (b) add the first preference votes so given for each candidate to the votes counted by himself in favour of each such candidate so as to ascertain for the whole ward the number of first preference votes polled by each candidate respectively.
- (5) The candidate who has received the greatest number of first preference votes shall if such number constitutes an absolute majority of votes (including the casting vote of the returning officer if necessary) be declared by the returning officer duly elected.

#### Counting of Votes by Returning Officer.

- (6) If no candidate has an absolute majority of votes the returning officer shall upon receipt of the several sealed parcels from the deputy returning officers declare the candidate who has obtained the fewest first preference votes to be a defeated candidate, and with the assistance of such officers as he deems necessary shall (notwithstanding anything contained in the Act) in the presence and subject to the inspection of such of the scrutineers as choose to be present and the poll clerk (if any) but of no other persons then—
- (a) open all the sealed parcels containing used ballot-papers as well as the sealed parcel of used ballot-papers made up by himself; and
- (b) arrange such ballot-papers by placing in separate parcels all those on which a first preference is indicated for the same candidate and the full contingent votes are also given for all the remaining candidates omitting ballot-papers which require to be rejected; and the ballot-papers counted to such defeated candidate shall be distributed among the non-defeated candidates next in order of the voters' preference.
- (7) After such distribution the number of votes given to each non-defeated candidate shall again be ascertained.
- (8) If no candidate then has an absolute majority of votes the process of declaring the candidate who has the fewest votes to be defeated and distributing his ballot-papers amongst the non-defeated candidates next in order of the voters' preference shall be repeated and the votes recounted after every such redistribution until one candidate has obtained an absolute majority of votes, and such candidate shall then be declared duly elected.

#### Casting Vote for Exclusion during Progress of Count.

- (9) If on any count two or more candidates have an equal number of votes and one of them has to be declared defeated the returning officer shall decide which is to be declared defeated.

#### Adjournment of Count of Votes to be Announced.

- (10) If on the polling day the count of the votes by the returning officer cannot be completed he shall adjourn such count and inform the scrutineers and the officers appointed to assist him at such count as regards the time and place when and where such count will be continued and conducted by him.
- (11) The count of the votes may from time to time be adjourned as the returning officer may deem necessary until it has been duly completed; and each adjournment shall be announced by the returning officer to the scrutineers and the officers assisting him.

#### Before Adjournment Ballot-papers, &c., to be Sealed in Ballot-boxes.

- (12) Before every adjournment of the count of the votes—
- (a) all ballot-papers and other documents connected with such count shall be placed in one or more ballot-boxes; and
- (b) the returning officer shall then in the presence of such scrutineers and officers as are present seal such ballot-box or boxes; and before re-commencing the count the seal on such ballot-box or boxes shall be exhibited unbroken to such of the scrutineers and officers as are present.

- (13) In declaring a candidate duly elected under this section the provisions of sub-section (5) of section 144 of the *Local Government Act 1915* shall have full force and effect.

#### Separate Parcels to be Enclosed in Packets according to Class and Sealed, &c.

298. At the conclusion of the count of votes the returning officer shall comply with the provisions of section 145 of the *Local Government Act 1915*.

#### Deposit Moneys.

299. The moneys paid to the returning officer by or on behalf of the candidates shall be dealt with in manner provided by section 154 of the *Local Government Act 1915* as altered as if in the said section for the word "votes" wherever occurring there were substituted the words "first preference votes."

#### Voting by Post.

300. When an elector votes by post, then (in lieu of writing on his ballot-paper the surname of the candidate for whom he votes) such elector shall in the presence of the person authorized to witness his signature, but so that the witness cannot see the vote—

- (a) first write on the ballot-paper the surname of the candidate for whom he votes in the first instance and mark the figure 1 against such surname; and
- (b) also write the surnames of all the remaining candidates underneath such name and record contingent votes for such remaining candidates numbering them 2, 3, 4, and so on in the order of his preference.

- (2) Any instructions to electors required by the Act relating to voting by post to be printed on postal ballot-papers shall for the purposes only of this section be altered so far as is necessary to make them correspond with the provisions of this section, and shall as so altered be printed on the ballot-papers accordingly.

#### REGULATIONS PRESCRIBING THE FORM OF BALLOT-PAPER AND THE FORMS FOR RECORDING THE DISTRIBUTION OF PREFERENTIAL VOTES.

For the purpose of giving effect to the application to the election of councillors for the city of Prahran of the provisions of *The Constitution Act Amendment Act 1915* relating to compulsory preferential voting at elections the Governor in Council doth make the regulations following prescribing the form of ballot-paper and the forms for recording the distribution of preferential votes.

## ANNEX TO CONTRACTS NOS. 1919/357 TO 1919/359.

## SCHEDULE No. 4.

## TIMBER FOR MANUAL TRAINING CLASSES, EDUCATION DEPARTMENT.

(Of Commonwealth production, except where otherwise mentioned.)

1919/357.—*Jas. Moore and Sons Pty. Ltd.* Security, £50.1919/358.—*J. Sharp and Sons Ltd.* Security, £110.1919/359.—*T. Anthony and Co.* Security, £90.

## Specifications.

All timber to be selected and of first quality. It must be free from shakes, waney edges, sapwood, and absolutely free from knots of any kind or any other defects; thoroughly sound, well seasoned, and close-grained or free, as may be ordered.

All timber to be machine-planed on both sides and on all edges. The sizes quoted in the Schedules hereunder are after dressing.

All timber to be in lengths not less than 6 feet.

All timber must strictly conform to the specification.

Actual measurements only will be paid for.

Delivery of all timber to be subject to the approval of the Inspector of Manual Training or his Deputy, and to be delivered as directed.

An invoice of the timber consigned under each order must be sent by post to the Teacher in charge of the Sloyd Center or Class, as the case may be, giving the date of such consignment, and the Railway Station to which it has been forwarded.

No sub-letting will be allowed; all work must be carried out by the contractor; the hours of employment of any person engaged therein shall not exceed 48 per week, and every such person shall be paid in accordance with the Determination of the Woodworkers Board under the Shops and Factories Acts of Victoria; and a copy of these conditions shall be kept conspicuously and continually posted in legible Roman characters in the factory, mill, or yard (and in each part of the factory or mill where several parts are in use) in which timber is cut, sawn, or prepared under this Contract. Any infringement of these conditions, in the opinion of the Treasurer, will subject the Contractor, upon report from the Tender Board, to such mulct, not exceeding Fifty pounds (£50), as the Treasurer may direct, and the amount will be deducted from the Contractor's account or from the security money; and the Treasurer's decision shall be binding, final, and conclusive as to the fact of infringement and in all other respects.

## ANNEX TO CONTRACT NO. 1919/369.

## Schedule No. 10.

## AGRICULTURAL SEEDS FOR EDUCATION DEPARTMENT.

1919/369.—F. H. Brunning Py. Ld. Security, £20.

## SPECIFICATION.

1. The Contractor shall supply a sample packet of each kind of seed to the Education Department, and the seeds supplied to schools shall be of the same kind, quality, and description as the samples.
2. Parcels to schools more than 5 miles from the nearest railway station must be forwarded by post, the postage being prepaid by the Contractor, and charged to the Education Department when final account is submitted. Supplies ordered for delivery in Melbourne are to be delivered free of all charges at schools within a radius of 6 miles from the General Post Office. All other parcels should be sent by rail, the Stores and Transport Consignment Note to be used, as provided in Clause 11 of the Conditions of Contract.
3. The price tendered must include cost of packing and delivering at railway station or post office in Melbourne. Printed forms required by the Contractor will be supplied by the Education Department.
4. Each parcel of seeds must be despatched within fourteen days from the day on which the order was received by the Contractor, providing this does not necessitate the sending of more than 100 parcels in any one week. In the event of failure to supply within fourteen days, Clause 7 of the Conditions of Contract will be strictly enforced.
5. Preference will be given to seed grown in the Commonwealth, provided the quality of such seed is satisfactory and the rates are considered reasonable.
6. An invoice, together with a form of receipt, must be forwarded to the Head Teacher by post at the time of consigning the seeds under each order.

#### LEASING RAILWAY LANDS.

Applications are invited for letting on building leases for business purposes land at or near stations. Terms up to 21 years. For particulars apply to Estate Officer, Spencer-street, Melbourne, or to local stationmasters or roadmasters.

No tender will necessarily be accepted.

GEO. H. SUTTON, Secretary.

#### TENDERS FOR GRAZING LANDS.

Tender Forms can be obtained on application to the Lands Department, Melbourne, or any of the Land Offices in the country.

Tenders should be placed in the Crown Lands Office Tender-box on or before Noon on Monday, 28th July, 1919.

NOTE.—No tender will be accepted unless the fee for the period as shown in the head-lines, and fee of Five shillings for licence, are forwarded.

**TENDERS** will be received on or before Noon on Monday, 28th July, 1919, for the right to depasture stock on the following unappropriated portions of land subject to the Regulations approved by the Governor in Council and also the subjoined Special Conditions.

Every licence granted under section 121 of the *Land Act 1915* shall be subject to the conditions set forth in the Schedule hereto and to such special conditions and payment in advance of such fee as the Minister may determine, and shall be issued by an officer of the Department of Lands and Survey duly authorized in that behalf.

#### CONDITIONS.

1. The issue of this licence shall not prevent the land comprised therein, or any part or parts thereof, being sold, leased, licensed, alienated, or dealt with under any of the provisions of the *Land Acts*, except under the 121st section of the *Land Act 1915*, or being resumed by order of the Governor or Administrator of the Government of Victoria, with the advice of the Executive Council, for any of the purposes for which land may be reserved under section 10 of the *Land Act 1915*, or for mining purposes.

2. In case the said land, or any part thereof, should be sold, leased, licensed, alienated, dealt with, or resumed as aforesaid, the licensee shall not be entitled to any compensation other than that which the responsible Minister of the Crown for the time being administering the *Land Acts* may think fit.

3. This licence is subject to the rights of the holders of miners' rights or of mining leases now issued or hereafter to be issued to enter upon the allotment hereby licensed, and to search for gold, and to mine thereon, and to erect and occupy mining plant and machinery, without making any compensation to the licensee, his executors, administrators, or assigns, for surface or other damage.

4. Subject to these conditions the licensee shall be entitled to use the land for the purpose for which this licence has been granted until such land, or any part thereof, has been sold, leased, licensed, alienated, dealt with, or resumed as aforesaid, and thereupon all the interest of the licensee therein shall cease and be determined.

5. No land comprised in roads from time to time surveyed and marked out within the boundaries of the land comprised in this licence shall be deemed within its operation.

6. This licence shall entitle the holder thereof, during the period for which it is granted, to use the land therein comprised for depasturing purposes only, but shall not confer any right to build thereon, or to cultivate or, without the permission of the Minister, fence any portion thereof, or construct a dam or tank.

7. The taking in of stock for agistment or otherwise allowing the use of the land, or part thereof, without the authority in writing by the Minister, is forbidden.

8. That in the event of the Minister granting permission to fence the whole or any part of this area, the licensee shall provide gates or slip-panels in suitable places for the convenience of the public. No compensation will be allowed for fencing erected on boundaries of allotments alienated or in course of alienation.

9. That where improvements are authorized under section 123 of the Land Act 1915 the licensee shall notify, on completion, that such improvements have been made, otherwise the work will not be recognised.

10. The interest in this licence shall not be transferred without the consent of the Minister, and the payment of a fee of Ten shillings.

11. The licensee shall be liable to forfeiture if the licensee commit a breach of or neglect to comply with these conditions.

12. The publication of a notice in the *Government Gazette*, purporting to declare that the Governor or Administrator, with the advice aforesaid, has forfeited this licence, shall be conclusive evidence that the licence is forfeited.

13. The ring-barking of the timber upon the land by the licensee is forbidden, and he shall not be entitled to destroy or cut and take away any such timber.

14. Free access to water shall be kept open at all times for travelling and other stock and for persons desiring to take water for domestic purposes.

15. The licensee shall destroy all thistles on the land, and on the half width of the adjoining roads, and shall be responsible for the destruction of thistles under the *Thistle Act 1890* in like manner as holders of freehold lands.

16. The licensee shall keep the land free from vermin, and, should he fail to do so, the licence shall be liable to forfeiture.

17. This licence is issued subject to the right of saw-millers to graze on this area such horses and bullocks as are actually used in connection with their licensed operations on this land.

18. In the event of the area being damaged by fire, the licence may be forfeited unless the licensee satisfy the Minister that neither he, directly or indirectly, nor his workmen or servants, were in any way responsible therefor.

#### SPECIAL CONDITIONS.

1. The period of occupation will, except where otherwise specified, be for fourteen months from 1st August, 1919, to 30th September, 1920.

2. The fee for the period as shown in the head-lines—for which the licence will be issued, and fee for licence—must accompany the tender, otherwise the offer of the next highest tenderer who complies with this condition may be accepted.

3. Separate tenders must be lodged for each block.

4. *Tenders to be addressed to the Secretary for Lands (Tender-box), Melbourne.*

5. The highest or any tender not necessarily accepted.

6. Tenderers must give their full name and ordinary postal address.

7. The areas are given as more or less, and all appropriated, alienated, or licensed lands (if any) within the boundaries are excluded.

8. The outgoing tenant has the option to remove any existing fencing within one month or to require the incoming tenant to pay for it in accordance with the provisions of section 124, *Land Act 1915*.

Plans can be seen and information may be obtained in this office.

Section 121, *Land Act 1915*, provides:—

1. Where a licensee under section 121 of the *Land Act 1915* has, with the consent of the Minister, enclosed with a substantial fence the land which is the subject of his licence, he may impound any cattle, sheep, or other animals found trespassing thereon.

2. Where the licensee holds land under the said section which is unfenced, he may, in any Court of competent jurisdiction, sue the owner of any cattle, sheep, or other animals for damages arising from trespass by such cattle, sheep, or other animals.

## BOROUGH OF NEWTOWN AND CHILWELL.

## BY-LAW No. 9

A By-law of the Borough of Newtown and Chilwell made under section 198 of the *Local Government Act 1915*, and numbered 9, for—

- (a) Regulating and restraining the erection and construction of buildings, erections, or hoardings;
- (b) Requiring the pulling down and removal of buildings, erections, or hoardings;
- (c) Authorizing the Council to pull down and remove buildings, erections, or hoardings erected or constructed contrary to this By-law, or not pulled down or removed as required by or under this By-law, and to sell the materials and apply the proceeds in reimbursing the expenses of pulling down and removing such buildings, erections, or hoardings, and in paying into the municipal fund any fees or penalties due by the owner thereof;
- (d) Appointing fees which may be charged and received by the Council for any act done, or to be done, by any of the officers under such By-law, and for any permit or licence to be issued by the Council.

IN pursuance of the powers conferred by the *Local Government Act 1915* the Mayor, Councillors, and Burgesses of the Borough of Newtown and Chilwell, with the approval of the Governor in Council, order as follows:—

This By-law shall have force and effect throughout the whole of the municipality, and shall come into operation on its confirmation by the Governor in Council and immediately after its publication in the *Victoria Government Gazette*.

## PART I.

## Definitions.

1. In this By-law, unless inconsistent with the context or subject-matter—

“Approved” means approved by the surveyor.

“Area” applied to a building means the superficies of a horizontal section thereof, made at the point of its greatest surface inclusive of the external walls and of such portions of the party walls as belong to the building.

“Boundary” means the line or lines separating portions of land in different occupations.

“Basement story” means any story of a building which is under the ground story.

“Builder” means the master builder or other person employed to execute any work, or if there is no master builder or other person so employed, then the owners of the building or other person for whom or by whose orders such work is to be done.

“Building” means structure capable of affording protection or shelter, either roofed or intended or adapted to be roofed, and whether enclosed by walls or not; but does not include any greenhouse, aviary, fence, or other similar building or erection.

“Cement concrete” means an approved mixture of high-grade Portland cement, clean sharp sand, and aggregates consisting of fragments or particles of hard stone or gravel thoroughly clean and entirely free from combustible matter and from volcanic scoriae, furnace slag, coke breeze, or any material containing any trace of sulphur.

“Council” shall mean the Council of the Borough of Newtown and Chilwell.

“Cross wall” means any internal wall (partitions excepted) not being less than two-thirds the thickness of the external or party walls, and in no case less than 9 inches in thickness, built in connexion with any external or party wall and bonding them together.

“Foundation” applied to a wall having footings means the solid ground or artificially-formed support on which the footings of the wall rest.

“Ground story” means the story of the building to which there is an entrance from the outside on or near the level of the ground, and where there are two such stories then the higher of the two; provided that no story of which the upper surface of the floor is more than 6 feet below the level of the adjoining pavement shall be deemed to be the ground story.

“Height” in relation to any building means measurement taken from the level of the footpath (if any) immediately in front of the centre of the face of the building, or, when there is no such footway, from the level of the ground before excavation to the level of the ceiling or tie of the topmost story.

“Level of the ground” means the mean level of the ground as determined by the surveyor.

“External wall” means an outer wall or vertical enclosure of any building not being a party wall.

“New building” includes—

- (a) Any building erected or commenced to be erected after the date of this By-law coming into force; and

- (b) Any building which for more than half its cubical content has been taken down or destroyed by fire, tempest, or otherwise, and is re-erected, or commenced to be re-erected, wholly or partially on the same site; and

- (c) Any space between wall and buildings which is roofed, or commenced to be roofed, after the date of this By-law coming into force; and

- (d) Any building or erection removed or transported wholly or in sections into the municipal district, or from one part of the municipal district to another part of the same, after the date of this By-law coming into force.

“Party wall” means a wall built to be used as a separation of two or more buildings, or a wall forming part of a building built upon the dividing line between adjoining premises for their common use.

“Prescribed” means prescribed by this By-law.

## PART II.

*Notice of Intention to Build and Lodgment of Plans.*

1. No builder shall commence, any building, erection, or structure, or any addition or alteration to any building, erection, or structure without first delivering at the office of the surveyor a written notice of such intention before so commencing, and producing to the surveyor properly prepared plans and a specification of such building, erection, structure, addition, or alteration, including a block plan of the land showing the location of the proposed building, provision for drainage, together with a tracing or copy of the floor plans of such building, erection, structure, addition, or alteration, and also details of dimensions, sizes, and qualities of all materials and enumerating any old materials proposed to be used in the construction of same.

2. The original plans and specifications when approved shall be returned to the owner or his agent, but the tracing or copy of the plans and details of materials shall be retained by the surveyor.

3. Provision shall be made for the connexion of such building, erection, or structure with the sewers of the Geelong Waterworks and Sewerage Trust, provided that such building or structure is situated in a “sewered area.”

4. No builder shall commence any building, erection, structure, or any addition or alteration to any building, erection, or structure without having first obtained from the surveyor a written permit for the commencement of same and for the carrying out of the necessary work appertaining to such building, erection, or structure, or without first having paid to the treasurer such sum as shall be demanded by him on account of fees in respect thereof.

5. The surveyor, at all reasonable times during the progress and during the fourteen days next after completion of any building, structure, erection, or work effected by any of the provisions of this By-law may enter and inspect such building, structure, or work.

6. Subject to clause 7 (b)—Every dwelling-house or any addition thereto shall be at a minimum distance of 15 feet from the building line of the street the building is to front, such front to be determined by the Council, and 5 feet from the land of any adjoining owner or (subject to clause 7 hereof), where the land is the property of the same owner 5 feet from the dividing fence line of the adjoining tenement, but this section of this By-law shall not prevent the erection (with the written consent of the Council) of a shop or a shop and dwelling-house combined abutting on the building line of any street.

7. (a) The site or curtilage of every dwelling-house shall have a superficial area of at least 5,000 feet and a frontage of not less than 50 lineal feet to a street or road, and the dwelling-house and outbuildings erected thereon shall cover not more than one-half of the superficial area of such site.

(b) Every dwelling-house and outbuildings to be built upon any site or curtilage included in any subdivision of land made with the approval of the Council prior to the coming into operation of this By-law and not possessing the minimum superficial area or frontage provided for in sub-clause (a) of this clause shall cover not more than one-half of the superficial area of such site or curtilage, and shall be at a minimum distance of 10 feet from the boundary line of the street the building is to front and 3 feet from the side boundaries of the allotment on which it is to be built.

8. Two buildings or dwelling-houses may be erected on one block of land belonging to the same owner, provided they be separated from each other by a wall of brick or stone at least 8½ inches in thickness and carried up to at least 15 inches above the roof covering or gutter adjoining the same, and projecting at least 1 inch beyond the face of the wood-work or spouting.

9. Every building, erection, or structure transported or removed either in whole or in part into the municipal district or from one part of the municipal district to another part shall when completed comply with all the provisions of this By-law in regard to the erection of new buildings, and such buildings, either whole or in section, shall not be brought into the municipal district until the same have been inspected and approved by the surveyor.

10. No building or erection that has been condemned as dilapidated, insanitary, or unfit for human habitation shall be removed or re-erected within the borough.

11. No building or erection which is intended to be used as a dwelling-house in which any case of infectious or contagious disease has occurred during the preceding three months shall be removed into or re-erected within the borough unless the same has been thoroughly fumigated and disinfected to the satisfaction of some duly qualified medical practitioner or of the health inspector of any municipal Council.

12. In the construction of all wooden buildings except sheds vermin plates shall be used.

13. Stables not more than two stalls and workshops and sheds of not more than 2½ squares may be erected abutting on right-of-ways, provided the external walls thereof are covered with good sound weatherboards or good galvanized iron. But if the external walls of such stables, workshops or sheds are covered with palings, they shall be built at least 4 feet distant from any right-of-way. In all other respects such stables and workshops shall be subject to the limitations and provisions contained in this Regulation as to wooden buildings generally—

- (a) Any such stable shall be 10 feet distant from the frontage of any road or street; and
- (b) Any stable shall be 10 feet distant from the frontage of any other road or street.
- (c) Any such stable shall be 20 feet distant from any building used as a dwelling-house on the same allotment or on any allotment adjoining.
- (d) Manure pits shall be provided where required by the Council, and shall comply with conditions (a), (b), and (c).

14. No closet or urinal shall be erected or remain in front of any dwelling or building facing a public highway or at less distance than 10 feet from any street or from the door or window of any dwelling, or at a less distance than 2 feet from the boundary of land not in the same occupation unless the wall on the boundary be built of brick or stone, but such closets or urinals may be built abutting on any lane of less width than 20 feet. Notwithstanding anything contained in this clause, in any area declared to be a sewerage area within the meaning of the Geelong Waterworks and Sewerage Trust Act, a closet or urinal may be erected or moved without reference to the surveyor, and the position and construction of such closet or urinal shall be subject to the determination of the Geelong Waterworks and Sewerage Trust.

15. Except with the consent of the surveyor no alteration shall be made in any building in such manner that when so altered it will by reason of such alteration not be in conformity with the provisions of this By-law relating to new buildings.

16. Every addition to or alteration of a building and any other work made or done for any purpose in, to or upon a building (except that of necessary repairs not affecting the construction of any external cross or party wall) shall so far as regards such additions or alteration or other work be subject to the provisions of this By-law relating to new buildings.

17. Every person who builds or erects a new building shall so construct every room in the lowest story having a boarded floor that there shall be for the purpose of ventilation between the underside of every floor bearer on which such floor is laid and the upper surface of the asphalt or concrete with which the ground surface or site of the building is covered, a clear space of 2 inches at the least in every part and not less than 4 inches when the site is not concreted or asphalted, and shall cause such space to be thoroughly ventilated by means of suitable and sufficient air-bricks or by some other effectual method so arranged as to cause thorough current of air to pass beneath the flooring.

18. In every building used or intended to be used as a dwelling-house the minimum size of any living room shall be 100 square feet in plan and no such room shall be less than 8 feet in width. No building intended to be used as a dwelling-house will be registered or permitted to be built unless it contains at least two rooms each containing 100 square feet and unless the design and construction of same be approved by the Council, always provided that the Council shall not arbitrarily withhold its approval of such design and construction where same in their opinion conforms with the average type of modern-built dwelling in the immediate vicinity of such tenement.

19. Every habitable room except rooms wholly or partly in the roof shall be at least 10 feet in height from the floor to the ceiling, except where the floor space of the room is 200 square feet or more, when the height shall be not less than 9 feet. Or in cases where the roof is an inclined one the average height from the floor to ceiling shall be not less than 9 feet. Every habitable room wholly or partly in the roof shall be at least 8 feet in height throughout not less than one-half the area of the floor.

20. Every habitable room shall have one or more windows opening directly into the external air with a total superficies clear of the sash frames free from any obstruction to light equal to at least one-tenth of the floor area of the room and so constructed that a portion equal to at least one-twentieth of such floor area can be opened, but in no case shall a window be less than 5 ft. 2 in. x 2 ft. 10 in. But a room having no external wall or a room constructed wholly or partly in the roof may be lighted through the roof by a dormer window with a total superficies clear of such frames free from any obstruction to light equal to at least one-twelfth of the floor area of the room, and so constructed that a portion of such

window equal to at least one-thirtieth of such floor area can be opened. There shall be provided in each dwelling-room approved outlet ventilators of at least 12 square inches for each 1,000 cubic feet of air space. The outlet ventilation shall be by means of shafts through the roof, or outlets in the walls near the ceiling line, and protected on the outside to prevent back draughts.

### PART III.

#### Materials.

1. Bricks used in any building shall be good, hard, and well burnt. When old bricks are used in any wall they shall be thoroughly cleaned before being so used, and shall be whole and good, hard, well-burnt bricks.

2. Sand used for mortar in any building shall be clean and sharp, free from loam, dirt, and salt or organic matter.

3. Lime mortar shall be composed of freshly-burnt lime and sand in the portions of at least one part by measure of lime and not more than three parts by measure of sand. All lime intended to be used for mortar shall be thoroughly burnt, of good quality, and be properly slacked before being mixed with the sand.

4. Cement mortar shall be composed of good Portland cement or other cement of equal quality approved of by the surveyor, mixed with clean sharp sand in the proportions of at least one part by measure of cement and not more than four parts by measure of sand.

5. Concrete for foundations shall be composed of clean broken stone or other hard material approved by the surveyor, broken to a gauge not exceeding 2 inches, and sand well mixed on a wooden floor with freshly-burnt lime, hydraulic lime, or cement in the proportions of one part, by measure, of lime or cement to not more than six parts of the other materials.

6. All timbers and wood beams used in any building shall be of good sound material, free from rot, large and loose knots, shakes, or any other imperfections whereby the strength may be impaired, and shall be of such sizes, dimensions, and spacings as set forth in Schedule A to this By-law.

### PART IV

#### Excavations, Foundations, and Footings.

1. All excavations for footings of buildings, other than wood, shall be taken down to a solid bottom, to be approved by the surveyor, but not less than an average of 18 inches in depth below the natural surface of the ground, except in the case of special construction of footing approved by the surveyor, and no footing or foundation shall, except with the written consent of the surveyor, be of less width than 8 inches wider than the wall standing thereon. Should the excavation for foundation finish on a clay bottom, the excavation trenches shall be covered with a layer of 3 inches of approved sand before the concrete is put in. No footing or foundation shall be commenced to be placed in position until at least twenty-four hours' notice shall have been given to the surveyor that the trenches are ready for inspection.

2. The surface of the ground between all walls of buildings shall be levelled up higher than the finished surface outside, and evenly graded to prevent any accumulation of water or drainage beneath the floors, and such surface shall, if required by the surveyor, be covered with properly mixed tar composition pavement laid to a uniform thickness of not less than 2 inches in every part, rolled, rammed, and finished so as to be impervious to water and foul exhalations. In all bad or wet ground subsoil drainage shall be provided and laid in such manner as the surveyor shall, in writing, direct and require.

3. Every pier and story post, as well as every external wall and every party wall, shall have footings.

4. Every building must have a footing which, by itself or with a foundation, is at least 21 inches in height.

5. In the case of wooden buildings where wooden stumps are used for the foundations, such stumps shall consist of redgum or jarrah, and be not less than 4 inches by 4 inches, spaced not more than 4 feet apart, sunk not less than 18 inches below the natural surface of the ground, and shall rest on sole plates of a size and upon a bottom approved by the surveyor.

6. The underpinning of walls and chimneys shall be built with brick or stone bedded in cement to the full thickness and length of the wall or work, or to an additional thickness if the increased height of the wall so requires, and shall rest on the solid ground or solid sub-structure as a foundation, and the whole shall be executed to the satisfaction of the surveyor.

### PART V.

#### Thickness of External and Party Walls for all Brick, Stone, or Concrete Buildings.

1. No cellar wall shall be less than 9 inches in thickness; but where a cellar wall is, in the opinion of the surveyor, too great in length for such thickness, it shall be increased up to 18 inches or be strengthened by piers.

2. In the domestic class of buildings no story shall be of greater height from floor to ceiling or from floor to roof than 14 feet; but the height of a story if built in cement or with projecting piers may be 16 feet. No two stories of 9-inch wall, even if one has piers, shall exceed 30 feet in height, and no

three stories of 13½-inch wall, including one with piers, shall exceed 48 feet in height; and no three stories, whatever the thickness, shall exceed 54 feet in height.

#### PART VI.

##### Construction of Buildings.

Unless where otherwise sanctioned in this By-law all buildings and structures shall comply with the following conditions:—

##### Walls.

1. Every external party and cross wall constructed of brick, stone, concrete or reinforced concrete, or other similar material approved of by the surveyor shall be properly bonded and solidly put together with mortar, and no external wall shall have windows or openings within 3 feet of the boundary of land not in the same occupation.

2. In the case of walls that are built as hollow walls the same quantity of stone, brick, or concrete shall be used in their construction as is provided in this By-law for solid walls as if they were built solid, as in this By-law provided; and no hollow walls shall be built unless the parts of the same are connected by proper ties either of brick, stone, or iron, placed not more than 3 feet apart in every fourth course. No hollow wall shall be greater in superficial extent than two squares in any one story unless strengthened by a cross wall, fireplace, or projecting pier in each such area, and to the satisfaction of the surveyor.

3. Hollow concrete blocks may be used for the construction of walls of buildings of one story, provided that such walls are not required by these Regulations to exceed 9 inches in thickness.

4. Where the external wall of any building is erected on the boundary of the land on which the same stands or where the overhanging eaves or gutter of such building would be within 2 feet of such boundary, then the external wall of such building shall be carried up to form a parapet 15 inches at least in height above the roof or above the highest part of any flat or gutter, as the case may be.

5. Every party wall shall be carried up for a height of 15 inches above the roof measured at right angles to the slope thereof, or 15 inches above the highest part of any flat or gutter as the case may be, and of a thickness (in buildings of the warehouse class) equal to the thickness of such wall in the topmost story, and in any other building of a thickness of 8½ inches at the least. Except that in the case of domestic buildings, where not more than two buildings are erected under one roof, it shall be sufficient if the party wall is carried up to the underside of the roof covering and of a thickness of 8½ inches at the least.

6. Every party wall shall be carried up of the thickness aforesaid above any turret, dormer, lantern, light or other erection of combustible materials fixed upon the roof or flat of any building within 4 feet from such party wall, and shall extend at the least 15 inches higher and wider on each side than such erection, and every party wall shall be carried up above any part of any roof opposite thereto and within 4 feet therefrom.

7. Every wall and fireplace constructed of brick, stone, or other similar materials except reinforced concrete construction shall have a damp-proof course of asphalt or other impervious material laid throughout its entire length and thickness in a position to be approved by the surveyor, but such damp course may be turned vertically upwards within the thickness of the wall to a higher level on the outside.

Where owing to a change of level it is not practicable to lay the same on a level plane throughout the walls of a building, the same may be laid on two or more level planes.

Where a damp-proof course is laid on more than one level plane the ends of the damp-proof courses on each level shall overlap the ends of the damp-proof course on the next level, and each of such layers shall be connected by vertical connexions of the same material.

#### PART VII.

1. When it is made known to the Council that any building or structure is in a ruinous or dangerous state the Council may require a survey of such building or structure to be made by the surveyor, who shall have power to enter any premises for the purpose of making such survey, and if the surveyor reports that such building or structure is in a ruinous or dangerous state the Council may cause the same to be shored up or otherwise secured to the satisfaction of the surveyor, and shall cause a notice in writing to be served on the owner of such building or structure requiring such owner forthwith to take down secure or repair such building or structure as the case, in the opinion of the borough surveyor, may require.

2. If such owner does not begin to take down repair or secure such building or structure within seven days after service of such notice and complete such taking down repairs or securing as speedily as the nature of the case will admit the Council may with all convenient speed cause all or so much of the building or structure as is in a ruinous or dangerous condition to be taken down repaired or otherwise secured in such manner as may be requisite, and may recover from the owner in any Court of competent jurisdiction the cost incurred in so doing.

3. No person shall erect or cause to be erected any portico or verandah over the footpath of any street without first obtaining the consent of the Council, and such portico or verandah shall be of the shape figure dimensions and material approved by the Council, but the lowest part of the frieze or rail of such portico or verandah shall in no case be of less height than 9 feet above the level of the outer edge of the footway.

4. No person shall erect, build or construct or alter or add to or cause to be erected built or constructed or altered or added to any hoarding, signboard or erection for advertising purposes without first obtaining the consent of the Council or surveyor and unless such hoarding signboard or erection is erected built or constructed altered or added to in accordance with a plan and specifications prepared by such person and previously approved of by the surveyor. The surveyor shall have power to determine the distance from the building line at which any hoarding shall be built, but such distance shall not be greater than the height of such hoarding.

5. Where subsequent to the coming into force of this By-law any building or erection has been partly or wholly erected built or constructed contrary to and in violation of the provisions of this By-law—

- (a) The Council may give to the owner or builder or leave upon the site of such building or erection fourteen days' notice in writing (which may be signed by the municipal clerk on behalf of the Council) to bring such building or erection into conformity with the said provisions or requiring the pulling down or removal of such building or erection; and
- (b) if default is made in complying with such notice and notwithstanding the imposition or recovery of any penalty it shall be lawful for the Council through its surveyor to enter upon such building or erection and on the site thereof with a sufficient number of workmen and to demolish and pull down the said building or erection or any part or parts thereof and to do any other act that may be necessary for the purposes and to remove the materials thereof to some convenient place, and if the Council in their discretion think fit the Council may sell the same in such manner as the Council thinks fit; and
- (c) in addition to any penalties imposed by this By-law all costs and expenses incurred by the Council in consequence of a breach of this By-law, or in the execution of work directed by the same to be executed by any person, and not executed by him, shall be paid by the person committing such breach or failing to execute such work, and may be recovered in any Court of competent jurisdiction; or may be deducted by the Council from any moneys received by it under the provisions of the two next preceding sub-clauses; and
- (d) the Council shall pay over any surplus arising from such sale on application being made by the person entitled thereto.

6. **Brick Area.**—No shop, residence, tenement, stable, shed, privy or other structure shall be erected in wood or other inflammable material nor in corrugated or plain iron within the area herein specified which shall be known as the Brick Area and which is bounded as follows:—Commencing on the south side of Austin-street at its intersection with Latrobe-terrace; thence west along Austin-street for a distance of 99 feet; thence south by a line parallel with Latrobe-terrace to the north side of Marshall-street; thence east 99 feet to Latrobe-terrace; thence north along Latrobe-terrace to the starting point. The walls of all buildings erected within the above described brick area shall be of brick, stone, reinforced concrete or other approved fire-resisting material or composition, and shall not be less than 8½ inches in thickness. Where such walls are intended to carry a second story wall above, such lower wall shall be not less than 13½ inches in thickness.

7. Fees payable for permits under this By-law shall be:—

- (a) For ordinary dwelling-houses, 2s. 6d. for each living room.
- (b) For closets and outhouses of a less superficial area than 150 square feet, provided that such structures are additions to existing premises, no fee shall be payable.
- (c) For buildings in the nature of shops, sheds, or warehouses, 2s. 6d. for each square or part thereof; square shall mean the space of 100 square feet of floor room.
- (d) In any case the minimum fee shall not be less than Five shillings (5s.).
- (e) For inspection of buildings for removal whether approved or not in addition to travelling expenses, £2; and for the issue of a permit to remove any building and re-erect the same in the borough, £1.

8. Any person who is guilty of any wilful or negligent act or default contrary to any of the provisions of this By-law shall be liable to a penalty not exceeding Twenty pounds for each offence, and in the case of a continuing offence to a further penalty of Two pounds for each day such offence is continued after written notice of the offence from the Council.

In accordance with the provisions of the *Companies (Consolidation) Act* 1908, we report that we have examined the accounts of the Electric Supply Company of Victoria Ltd. for the year ended 31st March, 1918.

These accounts have been compiled from the books of the company kept in Liverpool, and the balance-sheet certified by the auditor of the company in Australia.

We have obtained all the information and explanations we have required, and in our opinion the above balance-sheet is properly drawn up so as to exhibit a true and correct view of the state of the company's affairs according to the best of our information, and the explanations given to us, and as shown by the books of the company and the said Australian balance-sheet.

The provision to date for depreciation is represented by the amount at the credit of Debenture Stock Redemption Account.

**THE "VICTORIA GOVERNMENT GAZETTE."**

SUBSCRIPTIONS.—The Subscription, including Postage, is £1 10s. 4d. per annum, or 7s. 7d. per quarter, payable in advance.

Subscriptions are required to commence and terminate with a month.

A lesser period than three months cannot be subscribed for.

Subscribers do not receive the Acts of Parliament with the Gazette.

ADVERTISEMENTS are charged at the rate of EIGHTPENCE per line throughout.

The title (£5 Reward, Dissolution of Partnership, &c.) forms one or more lines, as a heading.

On an average, eleven words make a line, but for the description of a brand consisting of more than one letter, &c., placed perpendicularly, thus B, each additional letter under B

the first is charged as a line.

Every signature must likewise be counted as a line.

The final words of a paragraph, though only a portion of a line, must be counted as one line

Signatures (in particular) and proper names must be written very plainly in the text; ONE SIDE ONLY of each slip of paper should be WRITTEN UPON.

ALL DOCUMENTS illegibly written will be returned unpublished, and, where brands occur unprovided for by the ordinary letters of the alphabet, a worded explanatory description must be furnished.

THE GOVERNMENT GAZETTE is published on WEDNESDAY EVENING in each week, and Notices for insertion will be received by the Government Printer on or before TWO p.m. at ordinary rates, and late advertisements between TWO p.m. and FIVE p.m. at double rates, on the day preceding the day of publication.

Single Copies of the GOVERNMENT GAZETTE are Sixpence, posted, Sevenpence, each.

No GAZETTES prior to January, 1908, in stock.

\* \* \* ALL PAYMENTS ARE REQUIRED IN ADVANCE. Remittances should be made by postal note, money order, or draft in favour of the Government Printer. Advertisements unaccompanied by a remittance sufficient to cover the cost of insertion will be returned unpublished.

All communications should be addressed to "The Government Printer, Melbourne."
