IN this Regulation the word "Act" means the *Coal Mines Regulation Act 1915*; the word "Commissioners" means The Victorian Railways Commissioners; and the word "mine" means the State Coal Mine opened and established at Wonthaggi.

2. The amount of the net surplus profits from the mine as ascertained in accordance with the provisions of section 96 of the Act shall in respect of each and every year after the close of the year and when such profits have been ascertained be dealt with in the following manner, viz.:—

- (a) There shall in the first place be paid into the Sinking Fund either the whole of the profits of the year (if the Treasurer considers that such provision is necessary) or such part of the profits of the year as the Treasurer considers necessary or desirable to be so paid in order to provide for the extinguishment of any indebtedness in respect of stock theretofore issued in pursuance of Part II. of the Act then remaining unpaid, or to recoup the Consolidated Revenue any moneys paid thereout and not previously satisfied by crediting the Consolidated Revenue with profits earned from the mine;

- (b) if in any year there remain any balance of net surplus profits after satisfying the requirements of paragraph (a) hereof the same shall be placed to the credit of the Depreciation Fund in respect of capital expended.

3. The Treasurer in deciding what amount in his opinion should in respect of any year be carried to the Sinking Fund in respect of stock issued and outstanding at the end of the next preceding financial year for the purposes of the mine, shall having regard to the money available fix the said amount at such sum as appears to him to be reasonably necessary to provide at the expiration of the estimated life of the mine for the extinguishment of the indebtedness on such stock by yearly instalments which (having regard to the prospective earnings of the mine and to all reasonable possibilities of the net profits therefrom fluctuating or ceasing for any reason) shall as nearly as can be estimated be of an approximately equal amount.

4. The amount to be carried in any year to the Sinking Fund to recoup to the Consolidated Revenue any moneys paid thereout for or on account of the mine and not previously recouped shall so far as the money available after providing for the extinguishment of the indebtedness on the stock will permit be such sum as in the opinion of the Treasurer will be sufficient to liquidate the indebtedness of the mine to the Consolidated Revenue by equal yearly instalments before the expiration of the estimated life of the mine.

5. The whole or any part of the moneys paid into the Sinking Fund for the purpose of recouping the Consolidated Revenue shall be paid to the credit of the Consolidated Revenue

at such time or times as shall be determined by the Treasurer, and the indebtedness of the mine to the Consolidated Revenue shall be reduced to the extent of the payment or payments so made.

6. All transactions on the Sinking Fund and on the Depreciation Fund shall be fully and properly recorded in the books of the Treasurer of Victoria.

7. Money placed to the credit of the Sinking Fund in respect of stock issued may from time to time as opportunity offers and so far as the same will extend be applied by the Treasurer in redeeming stock issued pursuant to Part II. of the Act unless the Treasurer thinks fit (as hereinafter provided) to invest such moneys in Victorian Government Stock at par.

8. All moneys at the credit of the Sinking Fund together with moneys at credit of the Depreciation Fund (not likely to be immediately required) shall be invested in Victorian Government stock at par.

9. The Treasurer shall arrange that all moneys invested in Victorian Government Stock on account of the Sinking Fund or of the Depreciation Fund shall be redeemable at par when required for the purposes of those funds.

10. Interest paid on Victorian Government Stock in which any money at credit of the Sinking Fund or of the Depreciation Fund shall have been invested shall be credited to the fund on account of which the stock herein referred to is held.

11. The Depreciation Fund shall be available for the following purposes and no other:—

- (a) Constructing works as approved by the Commissioners (to an amount not exceeding the amount by which the various works and assets of the mine have previously been depreciated and written down) which would otherwise be chargeable to capital
- (b) Replacing, renewing or making good any kind of plant or machinery wholly or partly worn out or wholly or partly destroyed or which has become obsolete or useless for the work required or for constructing or acquiring works plant or machinery at a cost not exceeding the amount by which the assets of the mine have previously been depreciated and written down.

The common seal of the Victorian Railways Commissioners was affixed hereto this 1st day of June, in the year of our Lord One thousand nine hundred and twenty, in the presence of—

1. These Regulations may be cited as the "Diphtheria Regulations 1920," and shall come into operation on publication in the *Government Gazette*.

2. All regulations heretofore made relating to matters provided for herein are hereby repealed.

3. In these Regulations, unless inconsistent with the context or subject matter—

"Authorized" means authorized by a Council.

"Contact" means, for the purposes of these regulations, any inmate of a house wherein a case of diphtheria has occurred.

"Council" means Council of a Municipality.

"Patient" means person suffering or convalescing from diphtheria.

4. On receipt of notification of a case of diphtheria the Council shall forthwith cause the house wherein the patient dwells to be visited by the Medical Officer of Health, or by an authorized person, and such Officer of Health or authorized person shall—

(a) Ascertain whether the patient is effectually isolated.

(b) Give the occupier such instructions as will enable him to prevent the conveyance of the disease from patient to others.

(c) Take swabs, when necessary, from every contact, and send same to a competent bacteriologist for examination.

(d) Make such inquiries and obtain such particulars as are necessary to enable the source of infection to be traced.

5. Every Council shall cause every patient and every carrier to be effectually isolated, and detained in isolation, and every Council is hereby authorized to use such guards and force as are necessary for these purposes, and no such patient or carrier shall be released from detention until swabs, taken at an interval of not less than 48 hours, are declared negative by a competent bacteriologist.

6. In the case of any carrier still remaining positive after the expiration of one month after isolation, the Medical Officer of Health may release such carrier, subject to such carrier undertaking to faithfully carry out his instructions: provided that if such carrier fails or neglects to carry out such instructions the Medical Officer of Health shall take such action as is necessary to again isolate such carrier.

7. The Council shall cause all contacts under school age, and all those attending school, to be isolated until the Medical Officer of Health is satisfied that they are not a danger to the public health; all other contacts shall be kept under surveillance by the Medical Officer of Health for such period of time as he considers necessary.

8. The occupier of any house wherein a case of diphtheria occurs, and in which any child attending school resides, shall, on becoming aware of the existence of such case, forthwith inform the head teacher, or person in charge of the school, whereat the said child attends, of the occurrence of such case.

9. Every Council shall in respect of every case of diphtheria reported to the Council ascertain whether any inmate of the house wherein the case occurs, attends any school, and, if so, the Council shall inform the head teacher, or person in charge of such school, of the occurrence of such case.

10. The head teacher, or person in charge of every school, on learning that any scholar is absent owing to being infected with diphtheria, or to the existence of diphtheria at the house whereat such scholar resides, shall forthwith inform the Council of the district wherein the pupil resides of the circumstances.

11. Where a case of diphtheria occurs at any dairy or place where milk is kept for sale, the Medical Officer of Health shall, by order, in writing, prohibit the sale of milk for such time as he considers necessary to safeguard the public health.

12. Every dairyman or seller of milk on whose premises a case of diphtheria occurs shall—

- (a) immediately discontinue the sale of milk until authorized by the Medical Officer of Health to resume;
- (b) forthwith inform the Council of the occurrence of such case; and
- (c) on demand by the Medical Officer of Health, or any authorized person, give names and addresses of customers supplied, and also particulars as to sources of supply.

13. Where any Council has reasonable grounds for believing that milk, produced in another municipal district, is a factor in spreading infection, such Council shall inform the Council of the district wherein such milk is produced of the circumstances, and such latter Council shall forthwith cause inquiries to be made, and take such action as is necessary to safeguard the public health.

14. No patient nor any carrier shall enter or remain in any public place, or any public conveyance, or handle food intended for consumption by others.

15. The Council shall cause every house where a case of diphtheria has occurred to be disinfected, in whole or in part, when and as the Medical Officer of Health directs.

16. Every Council, on the recommendation of the Medical Officer of Health, shall supply, free of charge, antitoxic serum in every necessitous case.

17. Every carrier and every contact shall submit to and carry out such instructions as the Medical Officer of Health specifies, and for such period of time as he directs.

18. Every person shall truly answer any question asked by the Medical Officer of Health, or authorized person, in respect of any matter relating to any of the provisions of these regulations.

19. Every Council and its officers are hereby authorized and required to superintend and see to the execution of these regulations, and at its own cost to do and provide all such acts, matters, and things as are necessary for such purposes.

20. Any Council or person who fails to comply with any of the provisions of these regulations, or is guilty of any neglect or disobedience thereof, is liable to a penalty of not more than £20, and in the case of a continuing offence to a further daily penalty of not more than £5.

Pursuant to the provisions of section 310(3), these are hereby declared to be emergency regulations.

And the Honorable Matthew Baird, His Majesty's Minister of Public Health for the State of Victoria, shall give the necessary directions herein accordingly.

2. No person shall take up or occupy or sell or attempt to sell or assist in selling from such stands or from any position on such stands unless licensed to do so as hereinafter provided, but this prohibition shall not prevent any itinerant hawker (holding a permit in that behalf) from vending foodstuffs or flowers from house to house.
