1. All previous By-laws and Regulations relating to the subject-matter herein shall be and the same are hereby revoked, but not so as to relieve, discharge, or absolve any person from liability to pay any rate or charge made in accordance with the provisions of the revoked By-laws or Regulations for payment of which rate or charge such person may have become liable prior to or at the date of this By-law coming into operation; or to abrogate or diminish the power of the said Commission to recover and enforce payment of any such rate or charge; or to annul or stay any proceedings taken or business initiated as in conformity with the provisions of the By-laws or Regulations hereby revoked prior to the date of this By-law coming into operation, but the same respectively may be continued and carried to completion.

2. The following rates for the supply of water for domestic purposes otherwise than by measure are hereby made, and shall be levied upon the occupiers or owners of lands and tenements within the South Frankston Urban District within the Dandenong Waterworks District:—

- (1) Of any tenement (other than land on which there is no building) situate in a street in which a pipe for the supply of water has been laid down—a rate of Thirty pence in the pound of the valuation of such tenement. Provided that the rate for the supply of water as aforesaid to such tenement shall not be less than the sum of Fifty shillings for the period hereinafter set out.
- (2) Of lands on which there is no building situate in a street in which a pipe for the supply of water has been laid down—a rate of Thirty pence in the pound of the valuation of such lands. Provided that the rate for the supply of water as aforesaid to such lands shall not be less than the sum of Ten shillings for the period hereinafter set out.
- (3) Of any tenement or land on which there is no building situate otherwise than in a street in which a pipe for the supply of water has been laid down, and which tenement or land is not supplied with water by reticulation from such pipe, and being within a quarter of a mile of any stand-pipe for the supply of water, one-half of the before-mentioned rates, and where such tenement or land is over a quarter of a mile from such stand-pipe and within half-a-mile thereof, one-fourth of the before-mentioned rates.

4. For making and levying such rates the valuation for the time being of such lands and tenements for the municipal rate of the municipality in the municipal district of which such lands and tenements are situate, shall be deemed and taken to be the valuation of such lands and tenements respectively; but if any of such lands and tenements are not included in a valuation in force for the municipality in whose district they are situate, or if there is no such valuation, the net annual value thereof may for all the purposes of such rates be determined by a Police Magistrate.

The Tender Board reserves the right of accepting any tender for a period of 6 months only.

Preference will be given by the Tender Board, provided the quality of the articles offered is satisfactory, and the rates charged are considered reasonable—

(a) to tenders for articles manufactured within the Commonwealth;

(b) to tenders for articles manufactured within any other part of the British Empire.

In all cases the country of origin of the articles offered must be stated.

Tenders must be accompanied by the preliminary deposit, as shown above, in bank notes, or a bank draft in favour of the Secretary to the Tender Board (cheques will in no case be received), which will be returned within ten days to unsuccessful tenderers on their application.

Security will be required, either in Victorian Government Debentures, Savings Bank Deposit Book, or Bank Deposit Receipt in favour of the Secretary to the Tender Board, or cash deposit, as the tenderer may elect.

The security must be completed and contract signed within five days of acceptance of the tender, failing which the contract may be again advertised, or another tender accepted.

The Government will not necessarily accept the lowest or any tender.

In the event of tenderers withdrawing their tenders before notification of acceptance of same, or failing to take up their accepted tenders within the prescribed period after notification of acceptance, the preliminary deposit will be forfeited, and, in addition, they may be disqualified from tendering or holding any future contracts for Government supplies for a period of twelve months, such disqualification to date from the notification of acceptance of tender. It is also stipulated that if a tenderer be a member of a firm and such firm be interested in the contract, then his tender is to be in the name of the firm and not in that of the individual; and that for a breach of this condition the preliminary deposit will be forfeited and the tender declared informal.

Tenders, enclosed in a separate envelope, and having the words "Tender for ——" (as the case may be) written thereon, must be deposited in the Tender-box at the Pay Office, Treasury, Melbourne; or, if sent by post, postage must be prepaid, and the tenders addressed to the Chairman of the Tender Board, Pay Office, Treasury, Melbourne, which office they must reach by first post on the date of closing of tenders.

CONDITIONS OF CONTRACT.

1. The Government will not be bound to order from the contractor all the articles enumerated in the schedules, but only those articles, and such quantities of those articles, as it may be found necessary to order. Should the Government, however, require a larger supply of any article than the quantity stated in the schedule, the contractor will nevertheless be bound to supply the same at contract rates.

2. Under this contract goods may be ordered by any department of the Commonwealth, but it shall be optional on the part of the contractor to supply.

3. The supplies are to be the same as sample where so stated, and of the particular manufacture indicated in the schedule of tenders. In the case of different makers' goods, the contractor will be required to supply the kind ordered. The supplies are to be the best quality of their several kinds or manufacture. In the event of the tender having been accepted for goods manufactured within the Commonwealth or manufactured within any other part of the British Empire (as the case may be), all such goods supplied shall bear evidence that they are of the particular manufacture tendered for, and, in addition, the contractor may at any time during the currency of the contract be called on to furnish a statutory declaration as to the country of origin of the goods supplied.

4. Except where otherwise stated in the schedule, the value of all packages, cases, casks, &c., whether bulk be broken or not, must be included in the prices stated in the contractor's tender; all such packages, &c., to be considered the property of the Government, and no charges or expenses whatsoever beyond the price tendered and set out in the schedule will be allowed to the contractor for any articles or packages, cases, casks, &c. The net weight or quantity only will be paid for. Contractors must provide, without extra charge, whatever labour may be required in the packing of stores.

5. All orders for supplies will emanate from the departments requiring the goods. The goods shall be delivered as may be directed by the officer ordering the supply. At the time of delivering the supplies, the contractor shall produce the order for the same to the officer authorized to accept delivery, and such officer shall acknowledge thereon the receipt of the stores accepted, and shall return the order to the contractor.

6. Supplies ordered for delivery in Melbourne and Williamstown are to be delivered free of all charges (whether cartage, freight, &c.), and, for the purposes of these contracts, Melbourne district will include a radius of 6 miles from the General Post Office, and Williamstown district will include the Town of Williamstown, Hobson's Bay, and the River Yarra.

7. Arrangements as to time of delivery and inspection of goods will be made by the officer ordering the goods.

8. Orders must receive prompt execution; and in the event of the goods not being delivered within forty-eight hours after the contractor shall have received the order, or within such other time as the order may specify for delivery, it will be competent for the officer named in Clause 7, or the head of the department to whom the goods are to be supplied, on giving the contractor twenty-four hours' notice, to purchase the supplies, or any like supplies that are suitable for the service, at the contractor's risk, and the extra expense incurred over and above the contract price (if any) will be deducted from the contractor's account or from the security money.

9. Delivery will not be deemed to have been made until the goods have been approved of. In case of the rejection or return of any supplies, the contractor shall bear the whole cost of

replacing the supplies rejected or returned, otherwise purchases will be effected at the contractor's risk and the extra expense deducted as in Clause 8.

10. The contractor will be required to furnish his account in the prescribed form at the time of the delivery of the goods, and the account shall be accompanied by the receipted delivery orders on which it is based. Where practicable, the use of more than one account form for each Department or sub-Department must be avoided. The prices quoted in the orders cannot be increased.

11. The acceptance of the supplies shall be subject to the approval of the officer authorized to take delivery of the stores, or such other officer as shall be named in the schedules. The contractor may, however, claim a survey on any goods objected to; but in that case he must, within twenty-four hours after objection is made, give notice thereof, in writing, to the officer rejecting the goods. If, after the delivery of the supplies has been taken, any deficiency or defect is discovered therein, such stores may be returned to the contractor.

12. The members of Boards of survey will be appointed by the Treasurer of the State for the time being, and the decision of the Board is to be considered as final. If the Board shall decide that the article is not of proper quality it must be immediately replaced by the contractor, failing which it, or any like supply that is suitable for the service, will be procured elsewhere, and the survey fees and extra expense (if any) will be charged as in Clause 8.

13. A refusal to execute orders, irregularity in the quantity or quality of the supplies, delay in delivering or replacing them when required, or non-compliance with the terms of Clauses 14 and 15 of these conditions respecting the forwarding of consignment notes &c., will subject the contractor, upon report from the Tender Board to such mulct not exceeding Fifty pounds as the Treasurer may direct and the amount may be deducted as in Clause 8. It will also be in the power of the said Treasurer upon such refusal, irregularity, or delay, to terminate the contract forthwith, and declare forfeit the whole or any portion of the security money; and, in addition, the contractor will be disqualified from tendering or holding any future contract or contracts for a period of twelve months from the date of such disqualification.

14. All goods forwarded under these contracts shall, where practicable, be forwarded by rail, and all consignments shall bear the number of the consignment notes under which they are forwarded, and also the name of the contractor or contractors by whom consigned, on a legibly written business label.

15. When the contractor is required to make delivery of goods at a railway station for transmission by rail for any department except the Commonwealth Departments, he shall obtain a receipt for the goods in duplicate on the Stores and Transport consignment note, at the same time handing in a triplicate of the form as an authority for the Railways to act as agent for, and charge the freight to, the Stores and Transport Department or such other Department as shall be named therein. He shall as soon as possible, and not later than twenty-four hours thereafter, deliver at the Tender Board Offices the original, the duplicate to be forwarded to consignee in accordance with Clause 16. (In the case of the Commonwealth Departments, however, the Commonwealth consignment note only which accompanies the order must be used.) Should the goods thus forwarded be rejected, the contractor must bear the cost of replacing such goods, for which service the departmental consignment note is not to be used. Any infringement of this condition will subject the contractor to such mulct as the Tender Board may recommend under Clause 17 of these conditions.

16. Immediately after the consignment of the goods, the officer to whom they are forwarded shall be notified by the contractor on the duplicate consignment note provided for the purpose, that the goods have been sent. On receipt of this document, the officer to whom it has been forwarded shall acknowledge thereon the receipt of the goods without delay to the Stores and Transport Office. In the event of loss through failure on the part of the contractor to comply with this condition he will be held responsible, and the amount of the loss incurred for same will be deducted, as in Clause 8.

17. Should the order on the contractor specially provide that goods of a fragile character, or such as are liable to suffer loss by leakage, shall be consigned at the risk of the Railways Commissioners under special freight conditions, the contractor shall in such instance provide, in writing on the consignment note an intimation to that effect, failing which, in the event of loss, he shall bear the whole cost of replacing the goods, the amount being deducted from the contractor's account or the security money.

18. Contractors are not at liberty to transfer their contracts under cover of power of attorney, coupled with an interest or otherwise; and no such transfer will be recognised by the Government. If it is found during the currency of the contract that the contractor has not conformed to the condition of advertisement—which stipulates that if a tenderer be a member of a firm, and such firm be interested in the contract, then the tender is to be in the name of the firm, and not in that of the individual—then the Honorable the Treasurer may, on the recommendation of the Tender Board, determine the contract, and forfeit the security money.

19. The contracts entered into under these contracts are not to be considered as being broken, infringed, or vitiated by the importation of stores for the Government service, or by any contracts or purchases made by the Imperial Commissariat or Agent-General for Victoria, or by any contracts or agreements made for any works or supplies by the Department of Public Works, or State Rivers and Water Supply, Forests, and Electricity Commission, or on account of the Land Settlement and Purchase Board or for the Federal Government, or for the Railway Department, or for supplies for Technical, High or Higher Elementary Schools, or for the Metropolitan Parks and Gardens, or for supplies to the Aborigines, or for connexions and fittings for Drills and Batteries; or by any article being made at and supplied for the use of any Government establishment, or by the consumption of the surplus stock of any Government establishment.

20. For the purpose of the contracts entered into under these conditions, it is hereby expressly provided that in the event of any alteration in the Tariff affecting any of the items included in these contracts, the Government or the contractor (as the case may be) may give two months' notice to the opposite party, through the Secretary to the Tender Board, of the termination of the contract for the particular item or items so affected, it being understood that such notice can only be given from the first day of the month, and within the period for which the contract is made. The contract for the unaffected items to remain in full force and effect. Any notice to be served under this condition shall be deemed to have been duly served if sent to the contractor in a registered letter at his last-known place of business or abode.

21. Under no circumstances, other than those mentioned in Clause 20, will a contractor be permitted to abandon his contract. In the event of the contractor failing to carry on the contract, the contract security money will in that case be absolutely forfeited; and, in addition, the contractor will be held liable for any loss which the Government may sustain in consequence of such failure.

22. For the purposes of these contracts the word Government shall mean Government of the Commonwealth as regards supplies for the Commonwealth, and Government of the State as regards supplies for the State; and the word Treasurer shall mean Treasurer of the Commonwealth as regards supplies for the Commonwealth, and Treasurer of the State as regards supplies for the State.

23. No subletting will be allowed; all work must be carried out in the factory of the contractor; the terms of employment of any person engaged in the preparation or manufacture of the articles tendered for, and the wages paid to any such person, shall be in accordance with and subject to the terms and conditions specified in the schedules concerned; and a copy of the terms and conditions thus indorsed on the schedules affected shall be kept conspicuously and continually posted, in legible Roman characters, in the factory (and in each part of the factory where several rooms are in use) in which goods are prepared or manufactured under this contract. Any infringement of these terms or conditions, in the opinion of the Treasurer, will subject the contractor, upon report from the Tender Board, to such mulct, not exceeding Fifty pounds (£50), as the Treasurer may direct, and the amount will be deducted from the contractor's account or from the security money; and the Treasurer's decision shall be binding, final, and conclusive as to the fact of infringement, and in all other respects.
